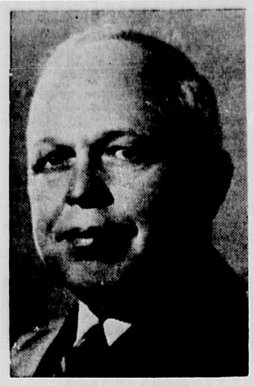
## SCHOOL CHILDREN MAKE GIFTS FOR SICK VETERANS

Many of the Winchester school children will make Easter a happier day for the patients at the Bedford Veterans' Hospital this year.

Through their Junior Red Cross work, many festive tray baskets and other thoughtful handmade articles will be sent to those shut-ins, who so appreciate the handiwork of those "hard-working Easter bunnies" in all the participating schools.



WILL B. DAVIS

## CHRISTIAN SCIENCE LECTURE

Questions, often asked about Christian Science — what it is, what it does, and how — will be answered in a lecture by Will B. Davis of Chicago, Illinois, in Winchester, Tuesday evening, to be given by First Church of Christ, Scientist.

Open without charge to the public, the lecture will be given in Winchester Town Hall, at 8:00 p. m. Tuesday, April 7. The title of the lecture is "Christian Science: Some Questions Answered".

Now on an extended tour as a member of The Christian Science Board of Lectureship, Mr. Davis is widely known as a lecturer, public practitioner of Christian Science, and authorized teacher. A student of Christian Science since 1916, he resigned from his work as an advertising executive for a national magazine in 1931 to devote his full time to the public practice of Christian Science healing in Chicago. He has been a lecturer since 1943.

## WINCHESTER SCHOLARSHIP FOUNDATION

The first $100.00 of scholarship money raised by the Winchester Mothers' Association was awarded in 1933 to Richard Barksdale. He had been accepted at Bowdoin and with this aid was able to enter. Finding time to play football while earning election to Phi Beta Kappa, he graduated with honors in English and went on to take his Master's degree at Syracuse University. After teaching at Southern University at Baton Rouge, La., he entered the army and won a commission. Under the G.I. educational program, he went to Harvard for further study and received the Ph.D. degree. He is now Professor of English at North Carolina College in Durham.

Wider support for the scholarship program, which came with the establishment of the Winchester Scholarship Foundation, made possible special aid in addition to the regular awards. Norma Farrar began to have difficulty with her eyesight while still in high school, but was awarded one of the Foundation scholarships and entered the University of New Hampshire. During her freshman year she became blind and the Foundation provided extra funds for a reader during her last three years. She was a leader in undergraduate activities and went on to Columbia University to take her Master's degree in Student Guidance. Now back at New Hampshire as a staff member, she is Project Chairman of the University Development Association.

An example of cooperation with other scholarship aid programs was a grant to Louise Caston Quay of Winchester. Basing their choice on information furnished by the Foundation, the Middlesex East District Medical Society Women's Auxiliary awarded her their nursing scholarship. With this aid she was able to enter the training school of the Massachusetts Memorial Hospital and will graduate in September, 1953. In her second year of training she married Dr. Nicholas Giosa, a graduate of Boston University Medical School, who is now serving his internship in a hospital in Hartford, Conn.

## FOLEY FUND

The Foley Fund has been created by a group of Winchester and Woburn citizens to assist a stricken family who are in distress.

It is the hope of the committee that all who have heard of the great tragedy which befell the Foleys, until recently residents of this town, will help carry their cross and lighten their burden in the trying days ahead.

The committee urges every one to give a dollar to the Foley Fund, or as much as their means will permit. Donations may be sent to the Woburn Chamber of Commerce, P. O. Box 191, Woburn, Mass.

## MORSE — DOLLOFF

There is Winchester interest in the marriage which took place at the Hancock Congregational Church in Lexington on Saturday afternoon, March 28, when Miss Betty Louise Dolloff, daughter of Mrs. George Lewellyn Dolloff of Lexington, formerly of Winchester, and the late Mr. Dolloff, became the bride of Dana Stuart Morse, son of Mr. and Mrs. Clayton M. Morse, also of Lexington. The Rev. Roy M. Pearson read the 4 o'clock service in a setting of candelabra, white gladiolas, snapdragons and carnations. Mrs. Bert V. Bornagesser, church organist, played the bridal music, and Mrs. Richard Douglass of Medford, cousin of the bride, sang "Because" and "The Lord's Prayer".

Given in marriage by her brother, Charles W. Dolloff of Quincy, the bride wore a gown having a bodice of imported ivory Chantilly lace buttoned down the front, a small satin-bowed stand-up collar extending into a train and long pointed sleeves. Her skirt of double nylon tulle over candlelight ivory satin was gathered at the waist and she wore a fingertip nylon veil caught to a matching tiara of seed pearls and satin. Her cascade bouquet was of stephanotis centered with an orchid.

Miss Naamah K. Harris of Cleveland, Ohio, formerly of Winchester, was maid of honor, and the bridesmaids were Mrs. George L. Dolloff of Winchester, sister-in-law of the bride; Miss Shirley M. Jones of Somerville and Miss Jeanne Bernier and Mrs. Milton T. Hanna, both of Lexington.

The honor maid wore a dress of lilac nylon net over taffeta with a sweetheart neckline and pearl-studded bodice. With it she wore a matching net stole and mitts and a tiara of yellow feathered iris, matching the iris of her cascade bouquet.

The bridesmaids wore dresses fashioned like that of the honor maid in daffodil yellow. Their cascade bouquets and matching tiaras were of deep purple iris.

Philip M. Morse of Lexington was his brother's best man, and ushering were George L. Dolloff of Winchester, twin brother of the bride; Roy M. Ferguson of Arlington and Bruce Garfield and Richard C. Bolven, both of Lexington.

A reception was held after the ceremony in the church parish hall. Assisting in receiving were the mothers of the bride and bridegroom and the brother of the bride who gave her in marriage. In charge of the guest-book were Mrs. Edward B. Woodbury and Mrs. R. Earl Robertson, both of Stoneham and sisters of the bride.

Mrs. Dolloff, mother of the bride, was gowned in deep lilac coronation lace over lilac taffeta and wore pink accessories and pink camellias. The bridegroom's mother, Mrs. Morse, wore dusty rose nylon net over duty rose taffeta with matching accessories and a corsage of rubrum lilies.

After a wedding journey to Williamsburg, Va., Mr. and Mrs. Morse will make their home in Lexington.

The bride is a graduate of Winchester High School and is presently employed in the Winchester law office of Miss Mary Linnane. Mr. Morse graduated from Lexington High School and from Massachusetts Institute of Technology in the class of 1952. He is now studying for his Master's Degree at MIT while serving there as research engineer for Transonic Aircraft Control Project in the Engineering Department.

The Rev. Howard Lewis officiated at the 4 o'clock ceremony, which took place in a setting of white calla lilies and was followed by a reception at the home of the bridegroom's parents.

The bride wore a traditional gown of Skinner satin, and a bridal veil, the gown having a sweetheart neckline and long pointed sleeves. Her bouquet of bride's roses was centered with an orchid.

Miss Evelyn Connors of Woburn was bridesmaid. She carried red roses and wore a dress of yellow net over satin with matching hat and mitts.

Mrs. Chester, mother of the bride, wore a light blue gown with white accessories and an orchid corsage. The bridegroom's mother, Mrs. Roscillo, also wore orchids with her navy gown and white accessories.

Unexpended funds were found to do this work. The study for further weed removal will be conducted by the Metropolitan District Commission in cooperation with the Department of Public Health under the Resolve for a study filed by Representative Henry E. Keenan of Arlington in conjunction with the study now being conducted on Spy Pond, Arlington.

## HOSPITAL OPEN HOUSE

"Open House at Winchester Hospital on Sunday, April 12, from 1 to 6 p. m. offers the people of Winchester and neighboring towns an opportunity to see their hospital from top to bottom," hospital administrator Harlan L. Paine remarked today.

He said that plans are being carefully made to escort visitors in groups through all divisions of the institution, with each group accompanied by a guide. The tour for each group will occupy an estimated 40 to 50 minutes.

Mr. Paine emphasized that the invitation to come to the Open House is extended to all people in the area served by the hospital, which includes Reading, Wilmington, Wakefield, Stoneham and other towns of the vicinity.

"Speaking for the hospital's entire personnel," Mr. Paine said, "it will be our very good pleasure to welcome our visitors. We want them not only to see how the hospital is run but to meet as many as possible of the people who run it.

"Once again we are grateful to the many people from outside the hospital who are coming to our assistance to make a success of an important special event."

## MISS ST. CLAIR ENGAGED

Mrs. James F. St. Clair of Boston, formerly of Bacon street, announces the engagement of her daughter, Miss Susan Joan St. Clair, to Lt. Ramsay MacDonald Moore, USMCR, son of Mr. and Mrs. Ray Moore of Maplewood, N. J.

Lt. Moore prepared at Hebron Academy and is a graduate of Bowdoin. He is now stationed at Fort Knox, Kentucky.

The marriage will take place early in June at the Church of the Advent on Brimmer street in Boston, after which the young people will live in California.

## TOWN MEETING

FIFTH ADJOURNED SESSION COMPLETED EIGHT ARTICLES

One hundred sixty-three of the 228 precinct members completed only eight of the 23 articles remaining in the warrant before adjourning Monday evening at 11:25 after wrangling for some time over whether the next meeting would be on Thursday or be held over until the following Monday.

Mr. Johnson who made the longed-for motion to adjourn chose Monday, but Mr. Greer immediately moved to amend the motion so that the meeting would adjourn to Thursday.

Mr. Cullen pointed out that the Thursday date was Holy Thursday and as such would cause town meeting attendance to conflict with Church. Mr. Hewis suggested a recess until the night following the meeting, Tuesday, but the Town Counsel stated the meeting could not recess but must adjourn.

Mr. Greer reiterated his remarks of the previous meeting that unless town meeting is to take precedence over private obligations the meetings might well drag on indefinitely. He reminded the meeting of the time given to town affairs by members of town boards and asked the precinct members not to add to the difficulties of town office by stringing out town meetings beyond a reasonable time.

Mr. Cullen enumerated some of the Church functions of Holy Thursday which Catholics like to attend, stated it was not fair to those interested in articles yet to come up who might miss a chance to be heard upon them because of church attendance and urged the meeting to adjourn until Monday, stating however he would be present whenever the meeting was held.

### Visitors

Three trustees and the librarian from the Leominster Public Library visited the Winchester Public Library one afternoon last week. Leominster is planning a large addition to the library so representatives of their Library Board and Building Committee are looking at other modern libraries for ideas.

Although the Winchester Library was built some twenty years ago, it still ranks high among library buildings.

The chairman of the Library Building Committee and the librarian from Westport, Conn., spent some time in the Winchester Public Library one evening recently. They, too, were interested in going over the library building and discussing their library building needs with Miss Corinne Mead, Winchester's librarian. They were the guests of Mrs. Clarence S. Luitwieler, Jr.

### Film Programs

The film programs at the library were concluded with last week's movies. The feature of this season's programs was the imaginary trip around the world via films. The "'Round the World" Series started from New York and went by air to the West Coast. From San Francisco, the imaginary route was to Hawaii, Japan, the Philippines, Australia, and India. The imaginary tour then went throug the Red Sea, the Suez Canal into the Mediterranean with stop-overs in Italy, France and Holland. A March of Time film on Ireland was the last one shown before arrival back in New York.

The "'Round the World" series of films was concluded with the showing of a film on International House in New York. This was particularly appropriate because in this film students from many countries of the world were seen together in International House in New York. This film seemed to tie together the scenes and peoples of our imaginary trip. The library is very grateful to Mr. Edward B. Smith of Myrtle Terrace for lending the film on International House. Mrs. Arthur W. Pratt, a "Family Night at the Library" enthusiast, suggested the idea of the "'Round the World" film trip to Miss Corinne Mead, the librarian, who plans the film programs.

### Story Hour

The first in the spring series of Story Hours will be held this week, Saturday morning at 10:15. The candlelighting ceremony will take place promptly at 10:15, and will be followed by stories told by Miss Elizabeth Russell, Children's Librarian. The stories this week will be: "A Surprise for Mrs. Bunny," "Snowbound at Easter" and "Apple of Contentment."

Miss Russell, Children's Librarian, will hold Story Hour each week, Saturday morning. Tickets are not necessary for admission. It is suggested that these programs of stories will appeal to third, fourth, and fifth-grade youngsters.

## ROTARY AUCTION!

Overhaul the attic, gals, and have your hubbies look over the cellar. The Rotary is planning its big annual Auction Sale and it needs lots and lots of things of all kinds to sell.

Don't make much odds what you want to get rid of. The Rotarians will take it and very probably sell it. Pull out the stuff you don't want (they'll take anything you do value if you want to contribute it) and put in a phone call to any of the Rotarians listed below. They'll see that your elephants, white or otherwise, are promptly called for.

## GIRL SCOUT NEWS

To Hazel Cary, our former Commissioner, and to her family, go affectionate thoughts and sympathy for their loss, from the Winchester Girl Scout Council, the Directors, the Leaders, and the many girls who knew her so pleasantly. George Cary was truly a member of our organization, being scrupulously careful to pay his dues to the Girl Scouts annually, while he served for several years on the Cabin Maintenance Committee. We regret sincerely the passing of this fine man and our good friend.

Tickets for the Father-Daughter Banquet may be obtained at the Scout Office on Monday, April 6th and Tuesday, April 7th, during the hours: 10 - 11 a. m. and 1 - 2 p. m.

The Program Committee will meet at the Office at 1:30 p. m. on Monday, April 6th.

The second session of the Overnight Training Course will be held at the Cabin on Tuesday, April 7th, at 10 a. m.

A Board of Directors Meeting will be held at the Cabin at 10 a. m. on Wednesday, April 8th.

Also on Wednesday, April 8th, at 3 p. m. all the girls who are going on the trip to Washington, and their mothers, will meet at the Cabin to discuss the final details of the trip.

The following article tells a bit about the co-operation of a local industry and business with the Girl Scouts, who are classified as a social service organization. This sort of thing speaks very well for the cordiality of public relations between such groups, and is a thing of which to be proud:

Through the kindness of Charles Barbo, on March 24, 1953, forty-one Girl Scouts and Leaders enjoyed a lecture, moving picture and guided tour through Barbo's beautiful store.

This was part of the Junior High troop's decorating badge. After the tour, Barbo's served refreshments and a gift for everyone, plus a door prize won by Mrs. H. Russell.

The girls and adults attending this lecture were:

## MEDICAL SOCIETY AUXILIARY

The Women's Auxiliary to the Middlesex East Medical Society held it's meeting last Thursday at the Bear Hill Golf Club. Luncheon was served at one o'clock.

Following the luncheon Mrs. Louis Alfano of Melrose introduced the guest speaker, Mrs. Jane Baharian, who spoke on "Hats — Twelve Months of the Year". She displayed and discussed hats and demonstrated various ways to trim them using members of the auxiliary as models.

A business meeting was conducted by Mrs. Joseph Ward, the president, and reports were given by the secretary, treasurer, and several committee chairmen.

At this time the auxiliary wishes to announce the availability of a nursing scholarship, to be awarded in June, 1953. Any student may obtain an application form from her principal which must be returned by April 20 to the scholarship chairman, Mrs. Edward G. Thorp, 79 Lincoln street, Melrose.

The next meeting will be held on May 14.

## HISTORICAL SOCIETY

### ANNUAL MEETING APRIL 6

The annual meeting and election of officers of the Winchester Historical Society will be held Wednesday, April 8, at 7:45 p. m. in the Art Gallery of the Winchester Public Library, with Miss Clara R. Russell, president, presiding. The report of the nominating committee will be submitted by Mrs. T. T. Greenwood, chairman.

Miriam A. Barclay (Mrs. Robert M.) of Reading will be the speaker that evening, on a most interesting and little-known topic, "Life in Colonial New England, As Seen Through the Eyes of Alice Morse Earle." The year 1951 marked the centenary of Alice Morse Earle's birth in Worcester—an avid collector of antiques, and a keen historian and student of Americana. Mrs. Earle studied life in Colonial America, setting her antiques against their actual background. From her intensive study seventeen books resulted, books so popular they ran into several editions, and some were re-published in England. Although Mrs. Earle wrote a good half-century ago, her books on life in early New England are without rival still, and are widely used as an authority by present-day writers and collectors. The Winchester Library owns twelve of Mrs. Earle's books and they will be on exhibit at the meeting.

Mrs. Barclay, before her marriage, taught American history in Brookline High School. At present she is active in the Reading Antiquarian Society, serving as secretary and as chairman of the House Committee whose responsibility is the 1694 Parker Tavern in Reading. She will illustrate her talk with many articles mentioned in the Earle books.

## SMITH DIRECTOR

Nils Anderson, E. Spencer Miller and R. H. B. Smith were elected directors of Dragon Cement Company, Inc., at the annual meeting of the stockholders held March 26 in Thomaston, Maine.

Mr. Anderson is chairman of the board of Debevoise-Anderson Company (Inc.) of New York City; Mr. Miller is president of the Maine Central Railroad Company; and Mr. Smith, former widely known resident of Winchester, is vice-president in charge of sales of Dragon Cement Company, Inc.

## DARTMOUTH DANCE

On April 10th, the Dartmouth Women's Club of Greater Boston will sponsor a dinner dance at the University Club, Stewart street, Boston. Cocktail hour 7. p. m, dinner at 8 p. m., dancing until 1 a. m. The proceeds will go to the Scholarship Fund, Dartmouth.

JAMES W. ROUSE

## FEDERALIST DINNER

The combined Chapters of United World Federalists in Concord, Lexington, Lincoln and Winchester are planning a very interesting dinner meeting for guests and members, to be held in Cary Memorial Hall, Lexington at 6:45 p. m. Monday, April 13. The speakers will be Mr. William G. Saltonstall, Headmaster of Phillips Exeter Academy, Mr. James W. Rouse, President of Moss-Rouse Company, Mortgage Bankers of Baltimore, Maryland and Mr. H. Donald Wlson, Executive Director of UWF in New England. They will be introduced by Mr. William Roger Greeley of Lexington.

Mr. Rouse, who is to be the principal speaker, has been an inspiring leader since 1948 when he became interested in the aims of UWF, having come to the conclusion that the only way to avoid world war is to have world law. Through his vigorous leadership a very strong Branch of UWF was built up in Maryland and Mr. Rouse is a recognized leader in the movement.

WILLIAM G. SALTONSTALL

Mr. Saltonstall has been Headmaster of Exeter Academy since 1946. He has long felt very strongly that ideas are the life blood of our country and that our ideals are part of our way of life.

It is significant that these busy men regard World Federalism as so important that they choose to take time to bring out the need of a strengthened United Nations, with narrowly limited but enlarged powers to prevent war. Possibly that each has a naval service record, as does the third speaker, Mr. Wilson, may be part of the explanation. Whatever else we accomplish means almost nothing unless something can be done to secure and maintain peace.

Sgt. E. M. Veitch, USMC, and Mrs. Veitch (Virginia Farrar) with their daughter, Nancy Ellen, are at present located at Morehead, N. C., where Sgt. Veitch is chief of Military Police for that area. He recently returned to this country after extensive service in Korea.

## BOY SCOUT NOTES

### SCOUTS PLAN CALIFORNIA TRIP

A lucky group of nine Boy Scouts from the Fellsland Council area are planning to attend the National Boy Scout Jamboree in California this summer. Leaving by special train early in July and returning the last of August, the boys will see many never-to-be-forgotten sights and take several special side trips during their journey across the country. And they will spend twelve adventure-filled days at the famed Irvine Ranch in Santa Anna, California, where they and 50,000 Scouts from all over the country and the world will live in a giant "tent city" covering an area equal to the distance between here and Framingham.

The boys and their parents met recently at Scout headquarters in Winchester to make preliminary plans for their Jamboree trip. Charles Forbes of Medford, Council Commissioner and one of the leaders of the last Jamboree at Valley Forge in 1950, gave the boys helpful instructions and advice, assisted by William Wickwire and James Muncaster of Winchester, Clarence Thompson of Medford and Scout Executive E. W. Nelson of Stoneham, members of the 1953 Jamboree Committee.

**Pack 3**

Winchester Cub Pack 3 held its annual exhibit night last Monday at the First Congregational Church. For a half hour prior to the pack meeting at 7:30, parents and friends of the cubs viewed the exhibits of hand work done at den meetings during the year.

Judges F. Meredith Cooper, James Denton, and Dr. Robert Millican agreed that selecting the winners was a difficult task, since all entries were of such excellent quality. Den One was awarded first prize, which was presented to Den Mothers Mrs. Richard C. Ashenden and Mrs. Cliff Sundberg; Den Seven won second prize for Den Mothers Mrs. James Joslin and Mrs. Walter Roberts; and third prize was adjudged a tie between Den Eight, Mrs. Bradford Bentley and Mrs. James Baldwin, and Den Two, Den Mother Mrs. John Williams.

Awards for individual exhibits by the Cubs were given to the following:

Wolf: Roger Newton, first prize for a model boat; Geoffrey Heath, second prize, also for a boat; Bobby Newton, third prize for an old fashioned sugar scoop.

Bear: Bobby Sundberg, first prize for a model of the S.S. United States; Bobby Godwin, second prize for a shoe scraper; Tommy Joslin, third prize for a model boat.

Lion: Dick LeGates, first prize for an outstanding fly collection; Phil Davenport, second prize for a hot plate; Justin Callahan, third prize for a radio set.

Following these presentations Mr. Bradford Bentley, committee member, gave achievement awards to these cub scouts:

Bobcat: John Geiger, Joseph Roketenets

Wolf: Roger McNeill, Robert Stewart, Garrett Graves, Gordon Trevitt, David Wallace, Kenneth Forte, Geoffrey Heath, George Hermann.

Bear: Daniel Roketenets, Brian Walsh.

Lion: Tommy Hinton, Robert Devaney, and Philip Davenport.

Justin Callahan won his lion and webelos badges; Dick LeGates, lion badge and one gold and two silver arrow points; Buddy Sundberg, two bear silver arrows; Roger Newton, one gold and two silver wolf arrow points; James Reid, two arrow points; Bobby Newton, one gold and three silver arrow points; and Stephen Hood, webelos badge.

**Scouts Sell Place Mats**

The Boy Scouts of Troop 7 are conducting a special drive to raise funds in the hope of sending one of their members to the National Boy Scout Jamboree in California this summer. The boys are offering a colorful package of twenty dinner place mats depicting full-color paintings of famous Lexington-Concord historical scenes. The paintings were created by Arthur R. Herrick of Arlington, well-known painter, and the place-mat set includes four different scenes.

## CHEER LEADERS DINED

Winchester High School Cheerleaders met last Saturday evening at the home of their captain, Roberta Coon, 12 Brooks street, to enjoy a sumptuous roast beef dinner given the group of ten girls by Miss Coon's parents, Park Commissioner and Mrs. James H. Coon.

After the dinner the girls presented Roberta, who is concluding her captain's duties this year a handsome traveling clock. There was no fire this time, and a pleasant social hour was enjoyed by the cheerleaders until the arrival of their "dates" for the evening.

## CAMP NOKOMIS CHATTER

We surely had fun at our camp reunion on Saturday at the Hotel Bellevue, Boston. It was so nice to see our friends from out of town as well as from Winchester. Just like old times, too, to hear Sistie give one of her readings, Linda Nanry sing and Bev Sanborn sing "The Easter Parade", while our dressed up contestants modelled their Easter outfits. Ruthie Washburn sure has the ideas!

We're all looking forward to this summer — to being together again with more cookouts, more overnights, sailing, horseback riding and even aquaplaning.

Be sure to see Filene's "Camp Nokomis" window with all our camp pictures. It will be in on Thursday, April 9. Don't miss it!

## MARYCLIFF GUILD

The regular monthly meeting of the Marycliff Guild will be held at the Academy on Tuesday, April 7th at 8:00 p. m.

Mrs. William P. Moynahan will preside.

Miss Theresa Heim and Mr. Paul Lane will entertain with songs accompanied by Margaret Hurley at the piano.

Refreshments will follow and Chairman of the affair will be Mrs. William Sullivan.

Guests are cordially invited.

## BOYS BOXING

On Saturday, April 4, at 10:30 in the morning Mr. Frank Alexander will hold a boys' boxing exhibition at Cousens Gymnasium, Tufts College.

These children, from six to fourteen years of age, come mostly from Winchester. Many others are sons of Tufts faculty members.

This event closes the children's boxing season and the parents and their friends are cordially invited to attend.

Those who have felt all along that raising the railroad tracks through the Center will damage Winchester beyond reparation were deeply disappointed when they read Public Works Commissioner John Volpe's decision to further the overhead scheme. There was for them, however, one small crumb of satisfaction in Mr. Volpe's expressed hope that money will also be available to build the road through the Skillings estate to route a part of the through traffic out of the Center. Opponents of the overhead have always contended that raising the tracks will not solve Winchester's traffic problem and Mr. Volpe agrees, even though he also feels that erecting the Great Wall of Winchester will be a good thing for the town! Apparently overheads are not popular in Boston with the city reported considering the expenditure of $30,000,000 to tear down the Forest Hills elevated and put the tracks under ground!

## APPRECIATION!

Editor of the Star:

Your Police Department extended a courtesy to me some weeks ago which shall not be forgotten.

The officer was No. 10. He is not a number to me, however, he is a gentleman to the manner born.

If you could find room to publish this, please do so and say thanks to him for his help and assure him that I will personally say thanks as soon as possible.

With sincerity and appreciation, I am

Sincerely,
John F. Cashell

Mr. and Mrs. Frederico DeMinico of 55 Water street, Winchester, announce the engagement of their daughter, Miss Josephine Flora, to Frank Rallo, son of Mr. and Mrs. Paul Rallo of East Boston.

No wedding date is planned.

## MRS. CHARLOTTE L. LARNED

Mrs. Charlotte L. Larned, widow of Edward S. Larned, of 149 Highland avenue, died Wednesday afternoon, April 1, in her 94th year, after several weeks of failing health.

Mrs. Larned was born in Westchester County, New York, the daughter of James Clarke, and Melissa (Washburne) Hull. A few years after her marriage in 1890 she came with her husband and two daughters to New England, where she made her home, first in Framingham and after 1920 in Winchester.

In Framingham, where a third daughter was born, Mrs. Larned was a devoted worker in the parish of St. Andrew's Episcopal Church and an active member of the Framingham Women's Club. She was also a pioneer in establishing the Parent - Teachers Association in that community.

During the early years of her residence in Winchester, Mrs. Larned was closely associated with the literary group of the Fortnightly and with the Parish of the Epiphany through the Jordon Group.

Surviving Mrs. Larned are three daughters, Miss Dorothy Larned, Dean of Women at State Teachers College in Framingham; Mrs. John Hamilton Clarke of this town, and Mrs. G. Fred Ashworth of Squantum; three grandchildren, Mrs. Kenneth A. Harvey, 28 Fletcher street, Miss Virginia Ashworth, a senior at Sargent College, and Peter Larned Clarke, a senior at Middlebury College; and one great-grandson, John Duncan Harvey.

Arrangements for the funeral are incomplete. Services will be conducted at Bigelow Chapel in Mt. Auburn Cemetery, Cambridge, by Rev. John Harris, rector of St. Andrew's Episcopal Church, Framingham at a time to be announced.

## OUR APOLOGIES, BILL!

In reporting a testimonial dinner recently given Mr. William J. Speers, Jr., in recognition of his outstanding service to the Winchester schools, the Star made what seemed to "Bill" a grave error. He spoke to us about it at Town Meeting last week.

It seems "Bill" wasn't chairman of the Finance Committee, as we said he was. As a matter of cold fact he never even served on that committee! Nor did he serve twice as chairman of the School Committee during his six years membership.

As for the Finance Committee angle of our inaccuracies, we can only say that we probably figured, without checking, that one with "Bill's" outstanding grasp of town affairs should have served on the Finance Committee, and we are sure if he had, he would have been chairman, and a darned good one!

In the realm of School Committee we do remember Mr. Speers as an outstanding chairman, and again probably figured he was so outstanding he must have had at least two terms as head man in six years. We still think he should have had, and will "dast" anyone who heard his recent exposition of the School Additions Committee's plans for additional facilities for the junior and senior high schools to say we are wrong!

All the same, our apologies, "Bill", your service has been in itself sufficiently outstanding without our inventing additional honors. It's like you to want to keep the record straight!

## MR. SEELEY TO LECTURE IN MEDFORD

Liberation from disease, fear, sin and all discord through spiritual understanding of the teachings of Christ Jesus will be the topic of a lecture to be given in Medford April 6, by Paul Stark Seeley, of Portland, Oregon.

On a nation wide lecture tour, Mr. Seeley is a member of the Christian Science Board of Lectureship. He will speak under the auspices of First Church of Christ, Scientist, in Hobbs Junior High School, Auburn street, off High street, Medford at eight o'clock.

Subject of his lecture will be "Christian Science: The Truth That Frees". The public is invited to attend without charge.

Mr. Seeley has been prominent in the Christian Science movement for many years. He has travelled throughout the English-speaking world, Europe, South America, and Australia, speaking on Christian Science.

He is a graduate of Princeton and Harvard University Law School, and spent some years with an engineering company in the Northwest before resigning to devote his full time to Christian Science.

He will be introduced by Mrs. Alice Bennett, First Reader of the Medford Church.

## ADMIRAL BARBARO HERE

Rear Admiral Joseph R. Barbaro (Ret.), native of Winchester and son of James V. Barbaro, is back in town for a week or two, visiting with friends and relatives. He and Mrs. Barbaro are staying with his brother, George J. Barbaro of 7 Euclid avenue.

He has just returned from a three-year tour of duty as U.S. Naval Attache at Caracas, Venezuela, and was placed on the retired list March 31st this year after 35 years active service with the navy.

He saw service in both world wars. During World War II he commanded the Navy Transport USS Thomas Jefferson, unloading the first spearhead of mixed infantry and artillery troops on "D" Day for the invasion of Northern France. He also took part in the invasions of Southern France and Okinawa, for which he was awarded the Legion of Merit and other citations.

Admiral Barbaro graduated with the Winchester High School Class of 1917, receiving his appointment to Annapolis the same year. He graduated from the U.S. Naval Academy with the Class of 1921.

## GEORGE W. CARY

George W. Cary, formerly of Wildwood street, and later of Greenfield, N. H., passed away at the Peterboro Hospital very suddenly on March 26th.

Mr. Cary was born in Racine, Wisconsin and attended St. Catherine's Academy and the University of Wisconsin before entering the Army during the first World War. He served with the 32nd Div., Battery C, known then and now as the Red Arrow Division, and was in France for nineteen months.

He was employed by the Dumore Company for thirty years and since his retirement has conducted his own electric motor repair service in Greenfield and Cambridge.

Mr. Cary was married in 1925 and his wife, Hazel E. survives him, as well as four daughters: Mrs. F. X. Quinlan of Greenfield, N. H., Janet of Toyko, Japan; Shirley, a senior at Westbrook Junior College and Deborah of Greenfield: also a grandson, Timothy Cary Quinlan; two sisters, Mrs. R. A. Thomas of Racine, and Mrs. C. A. Gillette of Washington, D. C.; and two brothers, Charles R. Cary of Racine and Frederick B. Cary of Altameda, California.

Mr. Cary attended St. Patrick's Church in Bennington, N. H., and was a member of the Holy Name Society there. He was also a member of the American Society of Tool Engineers, the Mayflower Society and the Sons of Union Veterans.

A Solemn High Mass of Requiem was sung on March 28th at 10 o'clock at Bennington with the Rev. Fr. Thomas E. Mason officiating. Interment was at Pine Vale Cemetery in Greenfield.

The family request is that, instead of flowers, memorial contributions may be sent to the Mt. Crotchet Rehabilitation Center, Greenfield, N. H., or the Winchester Council of Girl Scouts.

## MRS. DOROTHY L. ASH

Mrs. Dorothy Little Ash, wife of Horace W. Ash of 14 Fairview terrace, died Tuesday morning, March 31, at the Winchester Hospital, following an operation.

Mrs. Ash was the daughter of S. Frost, and Dora (Haskell) Little. She was born April 19, 1880, in Minneapolis, Minn., but as a small girl went with her family to Cambridge, where she was educated in the Cambridge schools. She was graduated from the New England Conservatory of Music, specializing in pianoforte, and before her marriage she was well known as a concert pianist and a teacher of piano in Cambridge.

She and Mr. Ash were married June 30, 1903, and came to Winchester three years later, buying the house on Fairview terrace in which they lived all of their 47 years of married life in the town.

Mrs. Ash was a member of the First Congregational Church, of the Fortnightly, Women's Republican Club and a member and past president of the Florence Crittenton Circle.

Besides her husband she leaves a daughter, Mrs. Richard K. Caldwell of Winchester; two sons, Norman H., of Chevy Chase, Md., and Dr. Donald W. Ash of Oakland, Cal.; and five grandchildren, Nancy R. Ash of Chevy Chase, Rosemary and Judith Ash of Oakland, Cal.; and John Butler and Mary-Linda Caldwell, both of Winchester.

The funeral will be held this Friday afternoon at 2 o'clock at Ripley Chapel of the First Congregational Church, with the minister, Dr. Dwight L. Cart and the pastor emeritus, Dr. Howard J. Chidley, officiating. Interment will be in Wildwood Cemetery.

## MRS. MARY A. DISSEL

Mrs. Mary A. Dissel, widow of Theodore A. Dissel and a resident of Winchester for 34 years, died suddenly Thursday morning, April 2, at her home, 3 Madison avenue west. She was stricken with a heart attack which came as she seemed to be recovering nicely from the effects of a broken arm sustained in a fall in February.

Mrs. Dissel was the daughter of Thomas L. and Anna Louise (Mack) Mulhern. She was born in Somerville, November 29, 1874, and spent her young married life in West Medford and Medford, coming to Winchester in 1918. She lived first on Fairview terrace before moving to her present address in 1943, and was actively identified with Winchester Chapter, Guild of the Infant Saviour, and with the Literary Group of the Fortnightly Women's Club.

Mrs. Dissel's husband died in Winchester in 1936. She leaves a son, Theodore A. Dissel of Middletown, Conn.; two daughters, Mrs. Dorothy Mahoney of West Roxbury and Miss Brenda M. Dissel of Winchester; three grandchildren; three sisters, Miss Frances E. Mulhern of Winchester, Mrs. Clarence Smink of Towson, Md., and Mrs. John Albert of Baltimore, Md.; also a brother, Eugene Mulhern of Park Ridge, Ill.

Funeral arrangements had not been completed when the Star went to press.

## MRS. CLARA E. BLUNT

Mrs. Clara E. Blunt of 59 Cross street, widow of John D. Blunt, died Saturday, March 28, at the Winchester Hospital, after a short illness. She had not been in good health for some time.

Mrs. Blunt was the daughter of Albert and Dicy Henderson. She was born in Vanceboro, N. C., October 5, 1883, and came to Winchester after her marriage in 1908. She and her husband, who died in December of 1944, first lived at 692 Main street, and before her health became impaired Mrs. Blunt had a bakery on Main street above the center near the railroad crossing. She had lived at her Cross street address since 1928.

Mrs. Blunt leaves a daughter, Miss Rose Mary Blunt of this town.

The funeral was held Wednesday afternoon at the New Hope Baptist Church with the pastor, the Rev. Virgess Hill, officiating. Burial was in Wildwood Cemetery.

## TOWN MEETING

(Continued from Page 1)

Mr. Rotundi felt the town had gone on record as choosing to meet Mondays and Thursdays and should stick to its decision. Mr. Bonnell asked the meeting if holding the meeting on Thursday would be an affront to anyone's religion, stating that if so, he would favor adjourning to Monday. Mr. Cullen expressed his thanks and appreciation of Mr. Bonnell's attitude, after which Rep. Chadwick suggested that the meeting adjourn to Monday and then meet every night until the warrant is completed.

Mr. Greer was quite sure the hall was tied up for Tuesday and the meeting finally adjourned until Monday, after spending nearly a half-hour in discussion of what usually is a routine matter.

Extended debate proved regular procedure throughout the meeting. Except for articles indefinitely postponed, after each of which there was a sign of relief, the delegates and town officers talked and argued, with amendments being offered to amendments until quite often it was a moot question just what the harassed delegates were considering.

The article calling for the relocation of the backstop and improving Leonard Field was indefinitely postponed to open the meeting, after which the meeting voted to create a committee of five members, one each from the School Committee, Selectmen, and Library Trustees, with two to be appointed by the Moderator, to consider the advisability of having an engineering survey made of the physical condition of town buildings with particular regard for public safety.

The Park Department's proposal to close the driveway running from Washington street to the parking place at Leonard Pool, and enter the parking place over a road to be constructed on town-owned land extending to the parking space from Tufts road, caused plenty of debate.

Mr. Ives explained the Park Board's feeling that motor vehicles should not drive across a play area and that after careful study the Commissioners felt the extension of Tufts road is the best possible solution of the problem, both practically and economically.

Mr. Hewis opposed the Park plan, mentioning two alternatives, both of which Mr. Ives rejected as either impractical or impossible.

Mr. Raphael, representing Tufts road residents objected to the proposed plan, feeling that there would be vastly more danger in opening Tufts road to two-way beach traffic than exists under the present scheme.

He told the meeting there are 60 children under six on Tufts and Nathaniel roads, with five more coming, and that because of the condition of back-yards on the streets the children have to play in their driveways and on the paved road, there being no sidewalks on the street.

Describing Tufts road as a roller coaster with a very steep grade he urged the meeting not to obviate one danger by creating another. The residents of both Nathaniel and Tufts roads bought their homes with the idea that these road-ways were dead-end streets and would continue so to be.

The Finance Committee favored the Park Board's plan and so did the Selectmen, Mr. Greer feeling that parents must teach their children to keep off streets and stating that the residents of the streets in question did not have sidewalks because primarily they did not want them when they had the chance to get them.

Mr. Wakefield felt the solution of the problem was to do away with the beach parking area, to which mostly half-dressed kids speed in "hot-rods," and let those who want to use the pool walk there or park their cars on Washington and Cross streets. To this Mr. Greer objected, stating the additional parking on Washington street would add to an already dangerous traffic hazard there.

Mr. Saraco felt it wasn't fair for the people living in other sections of the town to tell the residents of the Leonard Field district what they should do with "their" field.

Mr. Hewis then asked the meeting to postpone action on the article until the residents of the district could meet with the Park Commissioners and work out a plan for eliminating the Leonard Field driveway satisfactory to both sides of the controversy. The meeting, after about an hour's debate, voted to do so.

The subject matter of the article calling for the appointment of a committee to consider the advisability of constructing a municipal skating rink with artificial ice was referred to the Park Commissioners for further study.

Mr. Wakefield championed the ice rink proposal, describing skating as a real family sport, not a spectator sport like football, baseball and tennis, and quoting costs of erection and administration, as well as possible income to be derived from a public skating rink.

Action on the question of disposing of the High street water tower lot was indefinitely postponed; so too was action on the following article dealing in the same way with the High street watertower park lot.

That brought the meeting to the Park Commissioners' proposal to take land adjacent to the west side playground off Wildwood street extension to enlarge the playground area there.

Mr. Ives and Mr. Bonnell, the latter representing the Planning Board, spoke in favor of taking the necessary land, Mr. Ives explaining the Park Commissioners feeling that the West Side playground has never been adequate for the district it serves and should be enlarged while land is available. Mr. Bonnell explained that it is wise planning to make the field adequate since the number of children who will use the field is increasing rapidly and as the field stands even now it is way below standard.

The principal opposition voiced to the plan as presented was by Mr. Whittaker representing the Armstrong interests at the Winchester Conservatories Mr. McCarthy, representing his daughters and Mr. Mahoney, representing his wife.

Mr. McCarthy went up onto the stage and taking the pointer went over the slide being shown by the Park Board to describe the land, telling something of the mistakes that had been made in selecting the site of the present West Side playground and its development and objecting to spoiling land which his family uses for income as well as making valueless the only decent land remaining for development in the district.

Mr. McCarthy strongly objected to the Park and Planning Boards deciding to take the land in question without giving the owners adequate time to prepare objections they might have to the taking. This same objection was voiced by Mr. Mahoney, who described the land owned by his wife and worked as a farm by his sons as the old Edward Russell farm, farm land for more than a century and still used by the owners as a means of livelihood.

If the playground went through, Mr. Mahoney felt the land would be valueless and specifically his boys would be denied access to their back field. What those proposing to take the land described as worthless he told the meeting was used for the very necessary storage of boxes and equipment.

One of the features of the land plan shown on the screen was the proposed layout of two roads, a proposed extension of New Meadows road and another road at the other side of the playground area. This second road, it was pointed out, would run directly through the boiler room of the Conservatories and Mr. Whittaker was not too happy over this prospect.

Mr. Bonnell explained that these roads are merely something which may or may not develop in the future and opposed Mr. Saraco's proposal to postpone action on the land taking, stating the question was whether the town needs the land or not and whether it wants to take it, not whether the taking will hurt some one, for land taken for municipal purposes generally does hurt the owner.

Mr. Barnard felt the land should be taken to make the playground adequate despite the hardship to the farmer owners. Mrs. Woodside urged the meeting to vote no, stating all the playground would be good for, was to teach mountain climbing to those using it.

Mr. Hewis asked deferment of the article until the proponents of the land taking could get together with the owners of the land and arrive at a settlement agreeable to both.

Mr. Greer reminded the meeting that no town board has any authority to negotiate with land owners and questioned the value of approaching persons known not to favor a proposal to take their land. He said a majority of the Selectmen were against the taking.

The Finance Committee were against postponing action, but did point out that the $1,100 asked for the land in the motion to buy or take would not be anywhere near enough. The Committee put the cost at about $8,000 with $20,000 being necessary to prepare the land for playground use.

Mr. Parsons suggested that instead of postponing action indefinitely the meeting lay the subject matter of the article on the table until such time as the proponents and opponents can have met and arrived at some sort of agreement. This was finally voted.

No sooner did the meeting finish with one playground than they had another up for consideration, this one at the intersection of Johnson road and Ridge street. The Park Board championed a motion to take or buy 9.3 acres at this location for a playground and Mr. Bonnell pointed out that the acquisition of the land would be good long range planning in providing against a certain future need for a playground in that area.

The sum of $1,275 was asked to acquire the land in the motion, which was favored by the Finance Committee and Selectmen.

Mr. Ives, in describing the site, stated that about six of the nine acres would be suitable for playground purposes, though he admitted the field had quite a slope and at present is quite swampy at one end.

Mr. Wakefield pointed out that locating a playground at the intersection of two streets is not desirable, but there was no real opposition expressed to taking the land, which Mr. Bonnell pointed out might be available for a school if it were not used for a playground and if it became desirable because of population growth in that district to build a second school in the west side hill district.

The meeting easily got the necessary two-thirds vote for the taking, a voice vote showing the delegates unanimously in favor.

Then came the long and interesting debate over adjournment, described more fully above. There have been few just like it in recent town meeting history in Winchester at least.

## VISITED TENNESSEE

"Jocko" Serieka was a guest last week-end of Tennessee University, one of three Southern Universities who are seeking to enroll the Winchester football star, the others being Clemson and Mississippi State. He was flown down by American Airlines on Friday with stops at New York, Washington and Knoxville.

On Saturday Serieka watched the Tennessee varsity football team in action as the Vols concluded a 14 day spring practice session. According to "Jocko" they play a pretty rugged brand of football in the South.

He also stated that with the size of the Tennessee linemen and their stiff blocking, he felt as though it should not be too hard a job running behind them. He was also very much pleased with the southern hospitality.

## EN KA SPRING MEETING

The March meeting of the En Ka Society was held on Tuesday the thirty-first at the delightful new home of Mrs. Franklin Flanders on Bacon street. In spite of the rainy weather about eighty-five members were present. The atmosphere inside was so gay and spring-like that the gloom without was forgotten.

A delicious luncheon was served by the meetings committee at which Mrs. Harold Meyer and Mrs. Richard Harlow poured. The business meeting followed conducted by Mrs. Richard Harlow, president of the society.

After the usual reports the meeting was turned over to the Street Fair committees. Mrs. Lyndon Burnham is chairman of this year's Street Fair but was unable to be present on account of illness. In a clever and amusing letter read by Mrs. Harlow, Mrs. Burnham asked her secretary of the fair to take charge of the meeting for her. Each chairman of a booth at the Street Fair gave a report on the progress of her committee. Much enthusiasm was shown in the work of preparing for this popular annual event.

The En Ka Ltd. will steam into town on Friday, May 22nd and will remain in the station at the Town Hall grounds until midnight May 23rd. Get your reservations for the dining car early. Many entertainments are to be provided for all tourists. Be sure and climb aboard for a wonderful time.

## ADJOURNED TOWN MEETING

### RANGELY PARKING KILLED SCHOOL SITE PURCHASED

Last Thursday evening's fourth adjourned town meeting considered and acted upon a variety of matters moving all the way from zoning and long range planning, pig manure and the proper procedure for reimbursing private individuals injured in public buildings, to population trends in the west side hill district, St. Patrick's Day and the desirability of Irish extraction.

One hundred sixty-four of 228 precinct members were present and not more than four or five, including the members of the Planning Board in the hall, favored the Planning Board's proposal to take land in and adjacent to the residential district of Rangely for a public parking lot at the rear of the stores on Church street, extending roughly from the Waterfield Building along the railroad tracks into land owned by Mrs. Augusta Marchant and Henry E. Moffette.

Mr. Bonnell explained the Planning Board's position of proposing the taking in the face of two hearings, one informal and the other duly called, at which the opinion expressed had been overwhelmingly against the proposal.

He said despite the fact that the vote had been 58 to 0 against the plan the Planning Board felt, in view of the more and more critical parking conditions around the center, and with the necessity for acquiring any possible land for parking sufficiently near the business district, it was the duty of the Board to bring the matter to the attention of the town meeting for an expressed opinion.

Mr. Bonnell made a very temperate presentation of the matter, recalling the objections of property owners in the Rangely district as expressed in the hearings and several times stating that the Planning Board was not trying to sell the town anything. The members of the Board felt the question was fundamentally whether the town wants to support long range planning and actually do something about the parking that is bothering so many merchants and shoppers of the Town.

Mr. Bonnell said the proposed parking lot would provide space for 110 additional cars, 49 on land in the business district and 61 on land in the residential district. The cost would be $30,000, and the speaker explained that the land could only be taken through due process of law which provides that if the town should vote to override the provisions of the Zoning by-law and take land in a private residence district for municipal use, it would be necessary to go to the Board of Appeal for permission to make the taking and that no actual change in the zoning provisions could be made except through vote of the town.

One of the provisions most objected to by residents of the Rangely area was a street extending from the parking lot to Church street, most of which was to lie in the residential zone. Mr. Bonnell explained that the street would provide two way access to the lot and that in the Planning Board's opinion would not add to what the Selectmen are strongly feeling is a serious traffic situation existing on Church street near Common street.

Mr. Bixler was the first speaker heard in opposition to the proposed parking lot. Identifying himself as a resident of Rangely, he said the people of that district were fighting for their homes in the matter of the parking lot. He felt that people who buy homes in zoned residential districts have the right to the protection of the Zoning laws which stand high among the reasons they come to Winchester to live.

He strongly believed no public official, or official board, had any right, either legal or moral, to transgress the zoning laws and trespass on private property; and he asked residents of other parts of the town, secure in the protection of zoning, how they would like to have a public parking lot located in their front yards.

He warned residents elsewhere in Winchester that if zoning lines can be crossed in Rangely, they can be crossed in other sections, and that Winchester has the right to decide whether it is to be a residential town or a glorified shopping district. He further warned that property, which, because of encroachment of the business district, becomes unfit for private use soon becomes business property, and in that way business gradually forces its way in to what was intended to be a residential neighborhood; adding the further warning to his attentive audience that what would happen in Rangely if the Planning Board's proposal was accepted could happen to all of them.

The applause that greeted the Bixler remarks was a strong indication of the meeting's final action, but much more remained to be said.

Mr. Sargent, speaking not as a resident, but as a neighbor of Rangely, opposed the plan, stating that the procedure had been wrong.

If the Planning Board wished to take private land for the use of a parking lot, he said they should have notified the owners well in advance of the proposed action, held duly called hearings and arrived at a considered decision well in advance of any town meeting that was to consider the proposal.

Mr. Sargent felt the Planning Board proposal was really rezoning 22,000 feet of private land in Rangely and placing it in the business district. Once this is done, he felt the next step could well be the decision that since this land in a private residence zone was actually being used for business purposes, the zoning line should be changed to enlarge the business district by this business-used area.

Mr. Swift stated the Finance Committee opposed the parking lot plan, both with regard to expense and because its members felt that money should not be spent for parking-land along the railroad until the raising of the tracks had become an accomplished fact and the town knows the status of adjacent land.

Others heard in opposition were Mr. Kerr, representing the Marchant interests, Mr. Croughwell, Mr. Cullen and Mr. Moffette.

Mr. Greer told the meeting of the Selectmen's preoccupation with parking and asked the precinct members to give the Planning Board's proposal careful consideration before rejecting its plan. He assured the meeting that his Board and the Planning Board had explored the parking possibilities in the center exhaustively and the Planning Board was trying to do a job for the benefit of the town.

Mr. Sexton asked Mr. Greer directly how the Selectmen felt about the proposed plan, Mr. Greer replying that they were divided in their opinion. Mr. Sexton persisted, asking how the division came. Mr. Tansey stated that he personally was opposed to the proposed plan and Mr. Greer corroborated Mr. Sexton's opinion that at the official hearing the Board had been opposed to the plan, 3 - 2. He added that the Board was unanimously opposed to the motion under Article 22 as it stood.

The meeting was growing restive and Mr. Wadsworth asked for a rising vote, a two-thirds vote being necessary. The resulting vote was so overwhelmingly in opposition to the proposed parking lot that no counted vote was taken.

At the request of Mrs. Cause the meeting considered out of order Article 60 inserted to see if the town would prevent the "use or dumping of pig manure in Winchester."

Mrs. Cause stated she spoke for a large number of residents of the Cross street area who object strenuously to the odors emanating from large piles of pig manure on a farm or farms there, many piles remaining for long times uncovered and attracting rats and other vermin. She stated that residents of the affected area were ashamed to have company because of the offensive smell.

Mr. Redding of the Board of Health though not strongly objecting to the proposed prohibiting action, stated that the Board of Health had the authority to handle the situation under the present by-law, but had no objection to having the matter in the jurisdiction of the police if the meeting so desired. He said representatives of the Board had visited the area affected and admitted there had been an odor there, but at that time the cause of the smell was found to be a pile of decayed cabbage leaves.

Mrs. Cause took a dim view of the Board of Health's activity in combatting the nuisance, stating appeals to the Board and to the Selectmen had availed nothing. Mr. Butler wanted to know why the Board of Health had done nothing when they had authority, but Mr. Redding seemed not too committal on that point.

Mr. Rotundi championed pig manure as fertilizer, said he used it extensively himself, got it for nothing and felt he would have a hard time raising "his brood" without its assistance to their family farming venture. He asked the town counsel if the town meeting could legally prevent farmers from using pig manure, Mr. Clark replying that it could if its action were approved by the Attorney General.

The meeting passed the manure restricting amendment to the article covering the keeping of swine in Winchester, 103 to 39, a two-thirds vote being necessary.

Mr. Hewis moved that when the meeting adjourned it be until the following Tuesday instead of the usual Monday. Mr. Carroll explained that the Dad's Club had arranged a function at the Lincoln School for Monday and many town meeting members would be affected.

Mr. Swift of the Finance Committee and Mr. Greer of the Selectmen opposed the postponement, stating that in fairness to those who do so much work in preparation for town meeting it is only fair that the meetings take precedence over private functions. Mr. Greer regretted that he had to oppose the Dads' proposal, especially in view of the meeting's acceeding to a similar request from the Smith College Club the previous week, and stated he would offer a sense of the meeting vote later in the meeting that some definite action be taken on regular town meeting dates.

Mr. Carroll, with some heat, felt Mr. Greer was a bit late with his motion, but the meeting supported those opposed to the postponement of the Monday session on a voice vote.

Mr. Greer was successful in getting a sense of the meeting vote that in the future town meetings be held on Mondays and Thursdays. Mr. Cullen felt there should be no hard-and-fast rule, since during the Lenten season Catholics have certain religious duties which make them welcome a "day off", such as St. Patrick's Day, when they could "let down", and if St. Patrick's day fell on a Monday or Thursday they might well be "letting down" and unable to get to town meeting because of previous engagements.

Under Article 33 the School Committee sought the appointment of a committee to make a study of structural conditions and heating plants in the buildings of the town with a view to testing their safety and learning what repairs might be necessary. Mr. Hewis offered an amendment to the motion presented. So did Mr. Wakefield and the meeting got bogged down in discussion of engineering studies, until upon motions by Mr. Parsons and Mr. Farnsworth, the subject matter was postponed until the next meeting.

The meeting provided for a committee of five, one from the School Committee and four to be appointed by the Moderator to procure plans and estimates for an addition to the Parkhurst School. The Finance Committee, in giving its blessing, asked that the Committee consider all previous plans for the school before using the $1,500 given them for new plans.

Mr. Wakefield reported for the George Washington School addition committee, which was continued and permitted to transfer the unexpended balance in their Committee Fund to the Building Fund. Mr. Wakefield explained that there were certain minor items in connection with the addition remaining to be cleaned up and wanted the committee continued until they are attended to satisfactorily.

Some little debate occured under the Planning Board's proposal to take 10.2 acres of land in the west side hill district substantially at Ridge street and Lockeland road as the site for a new school when needed there.

The sum of $1,750 was asked for the land, with the provision that the town either buy the land or take it by eminent domain for a schoolhouse and playground site, or for "any other public or municipal purpose".

The argument developed when it was admitted that the land would cost much more than $1,750 and that those proposing the taking did not know how much more. Mr. Bonnell explained that the $1,750 was the assessed valuation of the property plus 25 percent, the usual formula for land taking. Mrs. Whitman wanted to know in the event the town "took the land" would it "have" to pay whatever price was set upon it by a court. Mr. Clarke replied that it would.

Mrs. Whitman wanted to know if any attempt had been made to find out how much the owners would want for the land, Mr. Bonnell replying they had not. Mr. Wakefield felt the owners should be approached first.

In describing the land, Mr. Bonnell said that a gas main went through it, but that both the Planning Board and School Committee had been satisfied by assurances from gas company engineers and by their own research that the main involved no danger in connection with the use of the land.

The Finance Committee favored the purchase, but warned that it would cost considerably more than the $1,750 provided. Mr. Greer said the Selectmen were divided on the purchase, some of them being seriously concerned with the gas main angle.

In reply to a question by Mr. Schaefer, Mrs. Woodward said there had been other suitable sites for the school but that they are now built upon and bespoke the School Committee's concern lest the site in question be subdivided for development and cost much more when the town does take it than it can be bought for now.

With things getting more and more involved, and Mr. Hewis objecting to writing a blank check for the purchase, Mr. Farnsworth urged the meeting to leave the purchase to the Selectmen and trust them not to pay more than a reasonable figure for the land. He believed that the Board would report back to the town before paying any price for the property away out of line, and the meeting supported him 134 to 11, a two-thirds vote being necessary. The Selectmen were divided three to two against the purchase.

The meeting found that it could not legally vote to reimburse L. P. Yale $48 for injuries sustained by his daughter when she broke through a floor ventilator at the Wadleigh School. Upon the motion of Mr. Hewis the meeting voted to have Rep. Chadwick introduce the necessary bill in the State Legislature to enable the town to settle the obligation. There was a complete difference between the Town Counsel's opinion of the negligence involved and Mrs. Yale's reported opinion of the Attorney General's office.

The Park Board's proposal to fence a portion of Horn Pond Brook near Sylvester avenue as a safety measure was opposed by both the Finance Committee and Selectmen as ineffectual. Upon the motion of Mrs. Cause it was voted to refer the subject matter of the article to a committee of three for further study and recommendation. The meeting then adjourned at 11:48 p. m.

**"AS A ROARING LION"**

An enthusiastic audience paid deserved tribute to the ability of the actors and stage crews of the Boston Catholic Theatre for their well presented Lenten drama, "As a Roaring Lion" at the Town Hall last Saturday evening March 28.

Winchester Council, 210, Knights of Columbus, sponsored the show which was most appropriate to the Lenten season, dealing as it did with the influence of Lucifer on men and events from the slaughter of the innocents by Herod to Pilot's refusal to save Christ from crucifixion.

The leading roles of Lucifer (the devil) and his assistant, Lillith, who aids and abets the "dark angel" despite her personal abhorrance of him, were well played by Larry Silversen and Mary Foley, a Woburn girl. The two were effectively en rapport throughout the show, Miss Foley's fine acting being recognized at the final curtain when she was presented with flowers by the General Chairman of the Knights of Columbus Committee, Sam Vangel.

Generally well acted by the experienced cast, the show moved at a good pace with no fault to be found with business, staging, lighting, costumes or makeup. Outstanding among the actors were James Mullin, Richard Villard, William O'Connell, Robert Hazelton, Joseph Collins and George Birt. Action took place in the infernal region, a priest's office, Herod's palace, a council chamber, the Garden of Gethsemene and Pilate's chamber.

In addition to playing Father Brian, Richard L. Villard staged the show and served as co-director with the author, Dr. James G. Mullin. Mary Frances Kenney was stage manager, lighting was by Paul Coughlin, John Wool, and George T. McAleen and Matt Connolly, Jr., designed the sets. Marie Boutilier was in charge of costumes and Dorothea Murray was script girl. Aiding in preparing the play text were Rev. Norman Marcotte, S. M., Ph. D.; Rev. Thomas Tobun, C. SS. R.; Rev. Nicholas Mullin, S. M., and Rev. James E. Dunford, spiritual director of the Boston Catholic Theatre.

## HILLS CANCER CHAIRMAN

Gerald Y. Hills of 91 Lawson road, has been named chairman for Winchester in the 1953 Cancer Crusade of the Massachusetts Division of the American Cancer Society which this year seeks $661,980 in this state, it was announced today.

Mr. Hills, who is retired, was formerly treasurer of C. H. Sprague and Sons Co., in Boston. He is a member of the Algonquin Club, the Beacon Society, treasurer of the Winchester Country Club and a former warden of the Church of the Epiphany.

The community chairman will organize a group of local people interested in helping stop cancer's death toll to seek subscriptions to the cancer fund.

All over Massachusetts, during the month of April, an army of volunteers will carry forward the project which combines fund-raising with an educational campaign aimed at increasing the public's knowledge of cancer so that more lives may be saved.

Funds raised in the cancer campaign also help carry on an intensive program of basic research into cancer's causes with a hope to discovering a cure, providing both individual fellowships to scientists and grants to major research institutions. In Massachusetts, much of the most important work of cancer research is being carried on in the state's great universities and medical centers.

Statistics show that cancer is the second ranking cause of death in the United States. It is estimated that about 215,000 Americans — between 8,500 and 9,000 in Massachusets alone — will die this year by cancer. However, officials of the American Cancer Society point out that the program of education has shown definite results in helping to get people to consult their physicians in time for cure. Because cancer often can be cured if it is caught in time, the public constantly is being urged to memorize the Seven Danger Signals widely publicized by the American Cancer Society, warning individuals to consult competent medical attention without delay. They are:

(1) Any sore that does not heal, especially about the mouth, tongue or lips; (2) any painless lump or thickening especially in the breast, lips, tongue, neck, armpit or groin; (3) irregular bleeding or discharge; (4) progressive change in the color of a mole, wart or birthmark; (5) persistent and unexplained indigestion; (6) persistent hoarseness, unexplained cough, or difficulty in swallowing; and (7) any change in normal bowel habits.

Such symptoms, the Society emphasizes, do not necessarily mean cancer, but it is better to be on the safe side and no one but a doctor can really determine their seriousness.

## WINCHESTER GARDEN CLUB

The March meeting of the Winchester Garden Club was held on Thursday, March 26, at the charming home of Mrs. Waldo V. Mrs. Norman M. ## EPIPHANY LENTEN TEA

For weeks before the annual Lenten Tea at the Church of the Epiphany on Friday, March 27th, there had been rumors that the big hall in the parish house would be transformed into a scene from Africa, but none could quite believe it!

What a thrill of surprise and delight people had as they first walked up the stairs and saw two lifesized African boys gazing at them, beside them a huge alligator and a black panther! And as people went on into the hall itself there were gasps of astonishment, for here were hundreds of butterflies, one on each window pane, while below them, all around the room, were plants, evidently seen only in Africa and made by the kindergarten here—bare Winchester branches covered with paper flowers of all colors—a regular African forest of very rare blooms! On each bush perched a parrot in all his colorful plumage, and above each window leered, or else gazed with calm eyes, all the animals one sees in travel books on Africa: lions and tigers, elephants, giraffes, and crocodiles.

Mrs. Richard Carr and her artistic and clever committee created this unusual atmosphere which inspired many to spend money on baked goods, tea, candy, plants, story telling, punch, and movies to help the children of the parish send a large sum to aid the work of the church in Africa. The ingenious artists were Mrs. Donald Horley, Mrs. Walter Parkin, Mrs. Philip Cade, Mrs. Robert Joyce, Mrs. Frederick Moore, Mrs. Bengt Stromquist, with Mr. Donald Stone as chief stepladder climber.

As always Mr. Lester Whittaker of the Winchester Conservatories was behind the scenes with his wonderful help. Others who made the afternoon a great success were Mrs. Theodore Hultgren, chairman, Mrs. William Bayley, Mrs. Robert Nyere, Mrs. Edwin Hall, Mrs. Charles Sweetser, Mrs. Charles Blanchard, Mrs. Paul Lamarche, Mrs. Robert Joyce, Mrs. Herbert Wadsworth.

None of the work done in the curren Adult or Children's Painting Classes which have been conducted during the fall and winter by the Art Association will be entered in this show. There will be a special exhibition of the class work later in the season.

On duty in the Public Library to receive the canvases submitted for the show were Mrs. Albert Robinson, Mrs. Hollis Nickerson, Mrs. Milton Brown, Miss Alice Main, Mrs. Paul Howard, Mrs. Frederick Withington.

Mrs. Gretchen West is in charge of hostesses and refreshments for the social hour which will follow the meeting. The exhibition of paintings will be on view throughout the month of April.

## WYMAN BOARD MEETING

Members of the Board of the Wyman Mothers' Association gathered at the home of the president, Mrs. Robert Ingraham, Jr., on Thursday morning, March 26, to discuss remaining plans and projects for the current year. Complete reports of the informal dance held at Wyman Auditorium on March 14 were made by the chairman, Mrs. Howard Ulfelder. Such financial success as was reported, coupled with such enthusiastic response shared by all those attending, definitely suggested further dances of this sort in coming years.

Future plans discussed by the Board included a spring luncheon for Wyman teachers on May 6 at the home of Mrs. Daniel J. McLaughlin, Jr., and the annual meeting on May 20, at which time Volta R. Hall, M.D., currently engaged in the private practice of psychiatry, will speak on problems relative to the elementary school child.

## HIGH SCHOOL NOTES

**Vaudeville Show**

Rehearsals for Winchester High School's 21st Annual Vaudeville Show, to be presented on April 17 and 18, are well under way. Nearly every afternoon eager groups of students will be found preparing their acts — in the auditorium, the gym, or even the rear of the cafeteria.

In recognition of the historic date of this year's show, at least one of the scenes will pay humorous tribute to Paul Revere and the brave lads who gave the British a hot time 178 years ago. Along with the Minutemen and the "lobsterbacks", however, there will be the traditional fast-stepping gals, the gazelle-like boys, and the bouncing tumblers, without which a vaudeville show wouldn't be The Show of Shows for high school students and their loyal followers.

Assisting director Henry Fitts in planning and coaching the various acts are Eleanor Anifantis, Marguerite Derro, Helen Carroll, Henry Knowlton, Thomas Morse, and Dan O'Donnell.

**College Entrance Board**

This week Principal Wade L. Grindle has been attending the annual conference of the College Entrance Examination Board held in New York City. Last year Mr. Grindle was elected to serve as representative - at - large for the term 1952 - 55.

**Debate Finals**

The final debate in the round robin series conducted by the advanced Speech classes was held recently. More than 100 students accepted the invitation to attend the meeting. Speaking on the subject, "Resolved that the United States should withdraw from the United Nations," were Sylvia Barnaby and Tina Tonon for the affirmative and Sheila Gallivan and Marcia Lynch for the negative. John Swazey was the chairman. The affirmative team was declared the winner by a score of 74 to 72, and Sylvia Barnaby was voted the best individual debater.

## A LECTURE ON CHRISTIAN SCIENCE

Under the auspices of First Church of Christ, Scientist, in Winchester a Christian Science lecture was held on Tuesday evening, April 7 in the Town Hall.

The lecturer, Will B. Davis, C. S. B. of Chicago, Ill., was introduced by Mrs. Roberta Robnett.

The lecturer spoke substantially as follows:

I shall endeavor to explain some of the teachings of Christian Science fully enough to interest the beginners, but I am sure all of us will benefit by the discussion of these fundamental points.

Some of the questions which are asked by those who have not studied the subject are along these lines:

Is it possible to be healed through Christian Science and continue to depend on material remedies at the same time?

Is prayer the basis of healing in Christian Science, and if so, how do you pray?

How about business problems — are we justified in expecting that Christian Science will help us conduct our business affairs successfully and harmoniously?

What does Christian Science teach about God?

Why do Christian Scientists refer so often to Mrs. Eddy and announce that she is the author of Science and Health?

Why does Christian Science teach that man is spiritual and perfect when it seems very evident that man is material and imperfect?

Will Christian Science help in solving difficult personal relationship problems at home, in business, in church, in school, or for the nations.

In this short lecture it may not be practical to take up all of these questions and others which may come to many of you, but I hope the discussion will be complete enough to awaken a desire to turn to the Bible and to Science and Health for further elucidation and explanation. And may I say right here that as you continue to study this invaluable textbook, you will be forcibly impressed with its completeness. There is an adequate answer in this book to any question that may be asked about the teachings of Christian Science.

**Understanding God — First Step**

It will be well to consider first the Christian Science concept of God, because it is from the basis of an understanding of God that all other questions must be answered.

We all agree, I am sure, that God is everywhere. To be available to all, God could not be corporeal or physical, and so it is logical to accept the Bible definition of God as Spirit. To fill all space, to be everywhere, God would have to be Spirit and could not be material or have a bodily form.

In the first chapter of Genesis we are told that His creation is wholly good; therefore, God, the creator, must be wholly good. God is supreme intelligence or Mind.

God being eternal Mind or consciousness, without beginning or ending, is therefor Life, manifested in continuous right activity. When John, the beloved disciple, defined God as Love, he gave us a term for God which declares the unlimited nature of God's goodness. In Christian Science we learn that divine Love is the infinite creator, and because Love is Life, God, there never could be an end to the good divine Love constantly imparts.

From a basis of an ever-growing understanding of God's ever-present omnipotence and infinite love, we learn to heal through Christian Science. We learn to heal as we realize that the spiritual man of God's creating must, as such, be as perfect as his creator.

A project for developing this system is sponsored by the Engineer Research and Development Laboratories, Fort Belvoir, Virginia, Corps of Engineers, U. S. Army. The experimental work is being performed in the laboratories of the A. B. Dick Co., Chicago, Illinois."*

*(Penrose Annual, 1953)*

William G. Mullen, mentioned above, makes his home at 71 Salisbury street, and has lived in Winchester for 10 years, previously living at 25 Foxcroft road. He is now heading the Mullen Printing Corp., of Woburn, but has long been identified with printing and lithographic work. He was one of three men who founded the Lithomat Corp. in this area and when Lithomat was taken over by A. B. Dick Co., of Chicago, he became associated with that firm, being still retained by the company as a consultant.

Mr. Mullen's "Air Doctor Dampening System", a new dampening system for offset printing practically "revolutionizes" the dampening process for photolithography., says an article in the New England Printer and Lithographer for March, 1953.

The patent describes a system wherein the wetting of the plate is accomplished by a roller revolving in a fountain solution tray and out of contact with the plate. In this manner a controlled excess amount of the fountain solution is applied to the plate. An "air doctor" is positioned above the wetting roller and before the inking system.

Sufficient air pressure is used to reduce the amount of moisture to an absolute minimum inasmuch as the image areas, essentially of a greasy nature, are virtually dry and consequently retain high ink receptivity.

Results have been extremely impressive. There is no emulsification; there are no grey prints.

Mr. Mullen and his two sons, William G. Jr., and Thomas, have set up their new plant at 199 Main street in Woburn, They have installed presses equipped with the new dampening system, for which the firm has shop rights, and expect to start production soon.

Mr. Mullen commenced work on his new dampening system in Cambridge, concluding the development in the Laboratories of the A. B. Dick Co., in Chicago.

His son, William, who was employed in the mechanical research laboratory at A. B. Dick where he helped with his father's experiments, is now handling the press work at the new plant in Woburn. Thomas, formerly employed in the art department of the Nashua, Corp., Nashua, N. H., is handling the art and layout work. A third son, Robert, is with the Army in Japan where he is in map making and running offset presses.

Mr. Mullen's only daughter, Mrs. Mary A. Sabbow, formerly of Washington, D. C., was killed May 17, 1952, when her automobile collided with a truck in Alexandria, Va.

In commenting upon The Air Doctor Dampening System the "Penrose Annual" says editorially, "We have seen prints made by the grain process .... which suggest a new outlook on 'screenless' broken-tone reproduction."

## LEAVES FOR NORTH AFRICA

This coming week, after preaching one more service on Sunday, the pastor of the Crawford Memorial Methodist Church, Rev. John Snook, Jr., will fly to several of the Air Force Bases in North Africa, to conduct a Preaching Mission for the boys in the service who are located there. The invitation comes from Chaplain (Major General) Charles L. Carpenter, Chief of Air Force Chaplains.

The trip will cover an approximate forty-two day period and will include Air Bases in Nouasseur, Rabat-Sale and Sidi-Slimane and any other directed assignments which may come. The pastor is also planning to visit the Holy Land for a few days in between his assignments.

The official Board of the church granted, without hesitation, the leave of absence expressing its willingness to share the ministry of the church to men in the service of their country.

A most unusual preaching schedule has been planned by the Pastoral Relations Committee and the pastor and several outstanding preachers will supply the pulpit including Chaplain Jesse Coburn, who has traveled around the world on several occasions; Dr. Joseph M. M. Gray, former chancellor of American University, noted author and lecturer and one of Methodism's outstanding preachers and leaders; Dr. Donald Rowlingson, professor of Biblical Literature of Boston University School of Theology; Major Frank Morrison, whose experiences in witnessing the execution of Tojo, wartime premier of Japan and being one of the few who saw the first V-1 rocket to strike England, will weave into a fitting message on world problems.

Also supplying the pulpit will be Rev. Otis Maxfield, Minister of the Methodist Church in Wilmington and member of the Pastoral Counseling Clinic at Boston University School of Theology and Don McMannis, Youth minister of the local church and popular leader of our young people's work.

Rev. Snook has suggested that if any parents have boys at the bases mentioned, he would be pleased to send greetings from home either through letters or by word of mouth. Just call WI 6-0139 or deliver the letter to 30 Dix street by April 14th.

Mrs. Nora A. Ambrose, widow of Michael Charles Ambrose and for many years a widely known resident of Winchester, died Saturday, April 4, at the home of her daughter, Mrs. John T. DeLay, 26 Vine street, after a long illness. She never fully recovered from the shock of her younger daughter Marion's death in the Cocoanut Grove fire ten years ago, and her health became permanently impaired as the result of a broken hip she sustained during a visit to St. Anne's Shrine in Canada in August, 1950.

Mrs. Ambrose was the daughter of Jeremiah, and Abbie (Sullivan) Lucey. She was born in County Cork, Ireland, Oct. 10, 1877, but came to this country with her parents as a small child and grew up in Woburn, attending the Woburn schools.

She and Mr. Ambrose, for many years associated with the old Winchester Laundry, were married May 20, 1900, and came to make their home in Winchester, living first at the corner of Cutting street and the Parkway, and later, since 1912, on Vine street. Mr. Ambrose died in 1938.

As a young woman Mrs. Ambrose was active in the old Mothers Association headed by Mrs. Harrison (Grandma) Parker. Diggs, Boston accountant and former resident of this town. She was a past member of the board of directors of the Proparvulus Club of Boston.

DR. HARRIE YEATES NUTTER

## DR. HARRIE YEATES NUTTER

Dr. Harrie Yeates Nutter of 145 Mt. Vernon street, former town treasurer and for many years a practicing dentist in Winchester, died Tuesday morning, April 7, after a long period of failing health. A veteran of the Spanish-American War as well as a former town official, flags on the Common and public buildings were displayed at half-staff in his honor.

Dr. Nutter was the son of Joseph Sims, and Emily (Carter) Nutter. He was born August 9, 1870, in Peabody, but grew up in Salem and was graduated from Salem High School. As a young man he was in the insurance business in Hartford, Conn., and while there he was a member of the Old Governor's Foot Guard and secretary of the Connecticut Naval Reserve.

During the Spanish-American War he enlisted in the navy and served on the U.S.S. Minnesota, being mustered out as a quartermaster. Regularly as long as his health permitted he attended reunions of the Minnesota crew. He was past commander of Camp 66, United Spanish War Veterans, of Arlington.

Before entering dental school Mr. Nutter was associated with Stone and Webster as a local treasurer, traveling extensively in connection with the company's construction work.

He came to Winchester in 1907, making his home in Rangely. He was married and the father of a daughter when he entered Harvard Dental School, from which he was graduated in the class of 1912.

Following his graduation he established himself in practice in an office in the Brown and Stanton Block over what is now Hevey's Pharmacy. He practiced in Winchester for twenty years and lectured at the Harvard Dental School during much of that time, finally retiring from practice because of the increasing pressure of his duties as town treasurer.

He was appointed town treasurer to fill a vacancy August 4, 1924, and continued to hold the office through successive elections until failing health forced his retirement August 1, 1941. He was also ex-officio a member of the town's Insurance Committee from 1927 until his retirement.

Dr. Nutter was for many years actively identified with the Church of the Epiphany, serving the church as vestryman and as scoutmaster of its Boy Scout troop. He was a member of William Parkman Lodge of Masons, serving the lodge as marshal for 30 years.

He was twice married, his first wife, Grace Douglas Nutter, having died May 13, 1916. Snow of Winchester, and Mrs. Lyford Allan Wood of Northboro; three grandchildren, Douglas Allan Wood, Peter Cameron Wood and Judith Cameron Snow; also a sister, Miss Betsey F. ## TOWN MEETING DISSOLVED

SIXTH SESSION KILLED WEST SIDE BUSINESS DISTRICT

Amid loud cheers and stamping of feet, mingled with good-natured shouts of "no, no," those remaining of the 162 precinct members who started Monday evening's fifth adjourned session of the limited town meeting finally dissolved, weary and wondering, at 12:26 Tuesday morning. Toward the end of the session the ranks of the members were dwindling close to the number necessary for a quorum.

Monday's meeting followed closely the pattern of the five which preceded it. Controversy was rife, wrangling was prolonged and personalities, toward which a tendency could be noticed in previous sessions, became more pronounced as the patience of those at the meeting waned. Actually the only articles on which there was any agreement were those which were indefinitely postponed.

First to be considered Monday was the proposal to add to the West Side playground, action on this proposal having been postponed until town authorities and interested landowners could meet and agree upon a plan acceptable to the owners and the town.

Mr. Ives of the Park Department explained that the Park Board, Planning Board and Selectmen had met with the McCarthy, Mahoney and Armstrong interests last weekend and the Park Commissioners had agreed to lessen the size of the land-taking from 5.3 acres to 4.4 acres, satisfying the Mahoney and McCarthy interests and still giving the town adequate space for an approved playground, as well as providing sufficient space for the Armstrong interests to work around their boiler room.

## READY FOR COMPANY

Ready for company and hoping—with good odds by the law of averages—for a day of spring sunshine, Winchester Hospital will hold its long-heralded Open House next Sunday afternoon, from 1 to 6 p. m.

Hospital personnel and volunteer aides, all with obvious pride in the larger, more homelike and better-equipped hospital they have to show, look forward to welcoming many hundreds of visitors from Winchester and surrounding towns.

The reception committee for this outstanding event in the hospital's history comprises the board of directors headed by President Edward H. Kenerson, Staff President Dr. Richard W. Sheehy, Administrator Harlan L. Paine, Jr., and Superintendent of Nurses Laura B. Rogers, R. N.

Volunteer aides for the day will be the escorts for groups of visitors on tours through the hospital, include members of the En Ka Society, Friends of Winchester Hospital, gray ladies and nurses' aides of the Red Cross, Winchester Hospital Alumnae and the Winton Club. Assisting also in all the extra things to be done on a large visiting day will be many other volunteers from inside and outside the hospital, including the Boy Scouts and the Girl Scouts.

Administrator Paine announced today that through the cooperation of the Winchester Fire and Police Departments, the Reading Fire Department and the Stoneham Police Department, an added feature for the day will be the showing of ambulances and fire trucks with demonstrations of their rescue equipment.

These demonstrations will be given in the receiving area on Valley road, on the following schedule: 1 to 3 p. m., Winchester police ambulance and Reading Fire Truck; 3 to 6 p. m., Stoneham police ambulance and Winchester fire truck.

The tour for each group of visitors will begin in the newly enlarged and decorated lobby and will end at the receiving area platform for the ambulance and fire truck demonstrations. In between will be a visit to all sections of the hospital, with explanatory remarks by the escorts and by members of the hospital staff stationed at points of principal interest.

"We think that all who come to see Winchester Hospital next Sunday afternoon will find much of unusual interest and that they will share with us who are responsible for its day-to-day work, the pride we have in its fine facilities for community services," Mr. Paine commented.

## THOMAS J. HARKINS

Thomas J. Harkins of Eaton street died suddenly Saturday evening, April 4. Death was due to a cerebral hemorrhage.

Born in Woburn, he had spent his entire life in this area.

Surviving are his wife, Mrs. Maud (McCullough) Harkins, formerly of Somerville; three sons, Atty. Thomas I. of New Jersey; Francis W. of Dorchester; Robert L. of Illinois; and one daughter, Miss Margaret Harkins of the Lincoln School teaching staff, and five grandchildren.

High Mass of Requiem was celebrated at St. Joseph's church, Somerville, April 7th, and interment was in Holy Cross Cemetery, Malden.

## ADULT EDUCATION

Mrs. Clare L. Walsh, Supervisor of Adult Homemaking Education for the Massachusetts Department of Education, will be the speaker at the Annual Meeting of the Parent-Faculty Association, at 8 p. m. on Wednesday evening, April 15th in the Winchester High School Auditorium.

Growing interest in her subject is evidenced by the fact that in 1938 when Mrs. Walsh joined the State Department, there were only five courses offered to thirty localities in which 10,000 women and 150 teachers participated, whereas in 1952 there were twenty subjects offered to ninety-six localities in which 30,000 men and women and 630 teachers have chosen one or more of the subjects which include handicraft and various phases of homemaking, metal craft and pottery.

Many Winchester residents have expressed an interest in Adult Education classes. Here is an opportunity to learn from an expert how such courses may be planned for in our own community.

The public is cordially invited to this meeting, and the Parent Faculty Assn. hopes that all townspeople interested in Adult Education will come.

Edith Nourse Rogers, member of Congress and chairman of the Veterans Affairs Committee of the National House of Representatives.

He was twice elected Commander of Winchester Post No. 97 and served as Junior and Senior Vice Commander of the County before becoming Commander in 1952. He will be a candidate for Department Vice Commander at the convention to be held in Lowell in July.

## TROOP No. 9 NEWS

The new Troop No. 9 sponsored by the George Washington School Dads' Club has had a very active winter season. A skiing week-end as guests of the Appalachian Mt. Club at their lodge on Mt. Cardigan, N. H., under the leadership of Mr. and Mrs. Francis Parsons of Euclid avenue was a featured trip in the month of January. Patrol hikes and "overnights" have been enjoyed during February and March, together with a trip to the M.I.T. swimming meet with Tufts, and participation in the Winchester District Scout Rally, in which Troop No. 9 won 2nd prize.

The Troop was sorry to see its first scoutmaster, Lt. Col. Ralph Richards, retire in early March due to army commitments. Col. Richards played a large part in getting Troop No. 9 started and his splendid leadership was responsible for getting the Troop quickly established as a real live unit with excellent adult committee support.

The new scoutmaster is Lawrence England of Highland avenue, who has picked up where Col. Richards left off and is successfully running a fast-growing unit in which boy leadership and advancement work is being featured.

New scouts during the past month include Bobby Fallows, David Leaf, Bill Leighton, and John Horvath, all graduated from Cub Pack No. 9 of the George Washington School.

An inter-troop rally of competitive events with Troop No. 7 is planned for Tuesday, April 28th, at the George Washington School to which parents are invited. The opening ceremonies will begin at 7:00 p. m. sharp.

Stephen Marshall, star scout explorer, of 9 Brookside avenue, has been appointed senior patrol leader and is assisting the scoutmaster in running the troop meetings. The patrol leaders and their assistants are as follows:

Fox Patrol — James Wakefield; assistant, "Doug" Thomson

Panther Patrol—John Mawn; assistant, Richard Crockford

Flaming Arrow Patrol — Bill Morton; assistant, "Sandy" Campbell

Another "overnight" for the troop is scheduled for Camp Fellsland on this week-end of April 11th.

On Wednesday, April 15th, the troop will enjoy a swim in the Somerville YMCA pool from 7 to 7:30 p. m. The group will leave promptly at 6:30 p. m. with five committeemen from the George Washington School.

Troop No. 9 with its 26 registered scouts is working hard in preparation for the Fellsland Council Scoutorama to be held in Stoneham Town Hall on May 16th. The 3 patrols are meeting regularly with three committeemen assigned to each so that advancement work may receive the proper attention.

## FRIENDS OF THE WINCHESTER HOSPITAL

In 1912 the Visiting Nurse Association started the Winchester Hospital, a cottage hospital with 12 beds, and fostered it as it grew to 50 beds in 1917, and to 72 beds plus 20 bassinets in 1928.

In 1933 this group separated from the Hospital and became the Winchester District Nursing Association. Thus there was no organized group open to all women whose primary interest was the Hospital. From 1933 to 1946 there was discussion of forming such an organization.

In 1946 a formal report was made to the Hospital Board of Directors. In 1948 permission was given the Public Relations Committee and the House Committee of the Board to proceed.

Early in 1946 these committees and the other women of the Board formed a Volunteer Service Group, including representatives from organizations already aiding the Hospital. This Group, realizing the new wing would enlarge the Hospital to 107 beds plus 36 bassinets, investigated the functions of many hospital auxiliaries.

The hours of discussion and the fears concerning the readiness of the public to participate became past history when on May 12, 1950, National Hospital Day, an open meeting brought a splendid response.

Thus began the Friends of the Winchester Hospital.

## SUFFOLK DOWNS OPENS APRIL 20

Suffolk Downs will stage the highest calibre racing in its 19 year history this coming season when the modern East Boston oval opens its gates a week from Monday (April 20) for a brilliant 60 day meeting.

Requests for more than 6000 stalls in the 1050 stall area at the Downs, enabled Suffolk officials to be selective and allot space to owners and trainers with handicap stars, allowance campaigners, turf racers and better type of claimers.

A new road has been cut through from the main highway directly into the parking area to facilitate entrance and exit. A new entrance gate has been erected handy to the bus shuttle service from M.T.A. Suffolk Downs station for the added convenience of the racing patrons. There are even new uniforms for the attendants to give the Downs a brand new look for '53.

Certificates of Merit will be awarded to 115 girls who sold over 35 boxes. These certificates, with the girl's name and number of boxes sold, signed by Scout President Mrs. McCreery and by Mrs. Walsh, Cookie Chairman, will be rolled up like diplomas and tied with brown ribbon. They will be awarded at troop meetings.

Lincoln Troop 35, with Mrs. R. Kazazian as Leader and Cookie Pusher, won the shield-shaped plaque for the troop selling the largest number of cookies, 780 boxes! This trophy, inscribed with the Troop No. 35 and "Brownie Cookie Champs - Spring 1953" will be awarded at a joint meeting of the Brownie troops at the Lincoln School.

The Winchester Girl Scouts thank Mrs. Frederick Walsh, Cookie Chairman, and all the Cookie Pushers. Everyone did a bang-up job, the budget was balanced, and all our kind Winchester friend's have to do now is eat their way through 10,000 boxes of cookies.

Thirty-one Senior Scouts and their leaders will leave for Washington on Saturday morning, April 18th at nine o'clock. They will go by bus for a week of sight seeing. The leaders in charge will be: Mrs. Vivian White, Mrs. William Darou, Miss Joy Webber, Mrs. Kenneth Cullen, Mrs. John Looney, and Mrs. Frank Weafer.

Many fathers and daughters are looking forward to the bi-annual Father-Daughter Banquet to be held on April 14th at the Town Hall. Dinner will be served at 6:30. It sounds like a gala affair.

Theodore Covert, son of Mr. and Mrs. Cecil Covert of 376 Highland avenue, is among the seniors at University of Massachusetts on the honor list for scholastic excellence during the first semester of this year. "Ted," former three-sport manager and track star at Winchester High, is in group one of the senior list, meaning he has maintained an average of from 90 to 100 per cent in his studies.

## VAUDEVILLE COMMITTEES HARD AT WORK

Paul Revere will ride again, on the stage of the high school auditorium, on the evenings of April 17 and 18. Helping to insure the success of his venture into the 21st Annual Vaudeville Show will be nearly 200 students and teachers. This super-colossal potpourri of songs, dances, and amusing skits is reaching dress rehearsal stage, and already young vaudevillians are dreaming of stardom before the footlights.

Unsung, but not undeserving of praise are the members of the many committees whose efforts will help to make the show a financial and artistic success. Promoting the ticket sale is the committee composed of John Swazey, Tina Tonon, Andrew Robertson, Sheila Scanlon, Dennis Doucette, Shiela Gallivan, and Richard Schaefer, with Miss Louise Cone as adviser.

Many attractive posters as well as the cuts for the program have been prepared by members of the art classes under the direction of Miss Pauline Goodrich. Program cover is by Jennifer Meigs. Marie Dellovo and Marie Ferri are co-chairmen of the advertising committee, and they are being assisted by Madeline Derro, Anna Santo, Grace McPeake, Marcy Kirwan, and Martha Hall.

Those who remember the glorious colors and designs of last year's costumes will be glad to hear that Gloria Mucera is again chairman of this committee. Helping her are Myrna Monson, Becky Smith, Cynthia Whiting, Anne Marks, and Sue Clark. Music for the show is being provided by an all-Winchester High orchestra composed of Al Simone, Steve Dunn, Dick Giacalone, Jim Myers, and Dan Mantini.

The boys and gals who will keep the show moving, see to the lights, and handle the properties are led by stage manager John Everett and advised by Mr. Thomas Morse. Other members of the stage crew include: Nick Fitzgerald, Clarke Hottel, Philip Ives, Jackson Wilcox, Edward Mansfield, Connie Gowdy, Wally Hart, Dann Lewis, Gardner Smith, and Sue Woodruff. The make-up committee is under the competent leadership of Joan McNeill.

Assisting the planning committee in preparing some of the dances are Mrs. Anne Greene, director of dance at Simmons College, and Winchester High School alumnae Phyllis O'Neil and Jean Neiley. Piano accompanists for the various numbers will be played by Mrs. Norton Demsey, Judy Fowler, Don MacFeeley, Marilyn DeSilva, and Judy Walker.

One of the most enthusiastic groups of youngsters preparing for the show is the junior high pupils who will offer three acts at the matinee on Friday afternoon. Last year, it may be remembered, one of the junior high groups appeared unheralded at an evening performance and was very well received.

## COLONIAL LIFE THEME OF WYMAN ASSEMBLY

Life on a southern plantation was the theme of an original play, "Colonel Witherspoon's Plantation Place: Georgia," which was presented by the pupils of Mrs. Helena Hatchell's fifth grade on April 2. Though the play was inspired by the work of the class in a social studies unit on the plantation colonies of the Old South, the preparation of the program also involved skills learned in language arts, music, and art.

Adding color and realism to the play were the attractive costumes and make-up worn by the cast. The excellent mural on the stage, various stage properties, and the panels around the hall were all painted by members of the class.

Pupils appearing in the play included the following: Justin Callahan, Deborah Wadsworth, Virginia Lawton, Diane Cole, Linda Sommers, Carl Gustin, Geoffrey Johnson, David Bentley, Paul White, Betsy Schaefer, Anne Billman, Marcy Lathrop, Martha Bond, Steve Hood, Peter Luitwieler, Jean Lamphier, Christine Trump, Judy Powers, and David Willis.

Several musical selections played by children in the class attracted much favorable comment. Among those displaying considerable skill for their age were Vicki Russell, Nancy Chambers, Susan Wallace, Steve Hood, and Peter Luitwieler.

Equally pleasing to the audience was the delightful minuet, danced by the following youngsters: Susan Wallace, Betsy Schaefer, Jean Lamphier, Deborah Wadsworth, Carol Parker, Madalyn Mouradian, Vicki Russell, Betsy Alt, Peter Luitwieler, Paul White, Nancy Chambers, and Bonnie MacLellan.

## ATTENDED ART CONFERENCES

Miss Edna M. Hatch, art instructor at the junior high school, recently attended a four-day art conference at the Museum of Modern Art, in New York. Highlighting the conference was the panel discussion on "Art and the Slow-Learning Child," led by Dr. C. D. Gaitskell, leading art educator from Canada.

On March 8, Miss Hatch, as chairman of the Boston Committee of Art Educators, presided at two meetings held at the Massachusetts School of Art. One of the principal speakers was Mr. Ralph Pearson, nationally-known art teacher and writer.

**Cranbrook Club Coupe in Plymouth's 1953 Line**

Dash and distinction are combined in the flowing lines of the Cranbrook Club Coupe, one of nine outstanding body styles in the new 1953 line of fine Plymouth cars. The new styling is combined with increased power and improved performance to make it more than ever the big car value in the low-priced field. Power has been increased to 100 horsepower with 7.1 to 1 compression ratio for finer response and efficiency. New suspension gives virtually gyroscopic stability under varying road conditions. Engine and rear axle relocation, coupled with easier riding, angle-mounted rear springs, provide the utmost in comfort. Plymouth engineers have designed more headroom, legroom and hip and shoulder space into the 1953 models.

## ROTARY NOTES

Yesterday's regular luncheon meeting in Masonic Apartments saw the first showing anywhere of those stupendous pictures of that great extravaganza of 1952, the Rotary-Little League All Stars baseball game.

Rotarian Harry Bigelow took the pictures, and is probably the only movie photographer extant who played in a game that he shot. Rotarians were enthusiastic over the pictures, showing Hi Moody's pitching form, the superb backstopping of Dick Hakanson, Phil Gallagher's fielding and base-stealing, Forbes Norris scoring the game's first run, the first basing of that old Bates, Wade Grindle, and that mighty homer of Paul LaJoie.

The local club has recently welcomed two new members, Howard C. Cook and "Larry" Chase. Howard is with Arlington Gas Light Co., and "Larry" with the Hines Lumber Company in the Locatelli Building.

## TOWN MEETING

(Continued from Page 1)

Mr. Ives stated that the Armstrong interests were not entirely satisfied, asking that the easterly border of the playground area be pushed 100 feet to the west, resulting in the loss of an acre of space the Park Commissioners felt is essential.

The meeting voted unanimously to purchase the 4.4 acres, appropriating the $1,100 asked at the previous meeting, a sum the Finance Committee warned is not nearly enough.

The meeting voted to accept the residuary bequest of Margaret Cate Wood for the library, to be used by the trustees for children's books and contemporary art books. Mrs. Wood, a former Winchester young woman, had been for many years absent from town at the time of her death, Prof. Borden pointing out that her remembering Winchester in her will was a distinct credit to the community.

Mr. Barker spoke in favor of establishing a committee to study the advisability of fluoridating the town's water supply, asking that a committee of five citizens be appointed for the purpose and given $50 for any expenses involved.

Mr. Dwinell, while not actually opposing the establishment of a committee, reminded the meeting the Water Board is and has been studying fluoridation and will continue to study it. On the negative side he mentioned the Board's reluctance to tamper with the admittedly fine quality of Winchester's water, and the probable unusually high cost of fluoridation in this town, due to the fact that Winchester gets its water from several supplies and it is the cost of the fluoridation equipment that is the principal item of expense.

Dr. Mueller opposed the establishment of "another committee," feeling that the matter of fluoridation should be left with the Water Board for study, and the meeting supported the amendment to this effect which he offered.

Mr. Hewis failed to convince the meeting of the desirability of creating a stabilization fund of $70,000 as a future buffer against the certain depletion of the Excess and Deficiency Fund by future capital outlay. He argued that a stabilization fund would be sound financing for the town and should be added to each year out of revenue, asking that $10,000 be appropriated from revenue this year with $60,000 being transferred to the proposed stabilization fund from E & D. The Finance Committee opposed the move and Mr. Hewis was the only one in favor when the vote was taken.

Article 49, seeking permission for a committee of three actively favoring an alternate solution to the overhead grade crossing to expend a part of the unexpended balance of the appropriation voted in 1944, for study, technical advice and plans, to prepare an alternate plan and present it to the town at the earliest possible date, was laid on the table. Before this was done Mrs. Woodside was satisfied by Mr. Greer that the Selectmen will call a meeting at which final plans for the overhead with costs and cost of land takings will be submitted for approval by the voters.

Mr. Greer said the Selectmen hope that the final plans will be completed in the late spring, that much of the planning is now completed at an expense of some $100,000 and that it is hoped that bids can be asked by early summer. At present engineering experts are not agreed on the best solution for the difficult problem of running the overhead across the treacherous mud and quicksand underlying much of the center roadbed and that adjacent to Black Ball Pond.

This brought the meeting to the Planning Board's proposal to change the zoning laws to permit limited business areas in residence districts to provide convenient shopping centers under rigid control of the Planning Board. Mr. Bonnell explained the desirability of the proposed change, which had the backing of both the Finance Committee and Selectmen and the meeting voted the change with virtually no opposition.

The Planning Board ran into more opposition in their proposal to tighten the restrictions on removal of earth products from premises by requiring permission of the Board of Appeal to remove more than the amount contained in the cellar hole of the structure on the premises in question.

Considerable debate occurred over the amount of each material that can be removed under the new wording, and Mr. Speers offered an amendment stating that only such earth products shall be removed as exist in the cellar hole in the amounts in which they exist there.

Mr. Hewis and Mrs. Woodside felt that adequate restrictions should be made to take care of stripping of land by contractors. Mr. Parsons, while favoring the new restriction, felt Mr. Speers amendment might jeopardize it in the Attorney General's eyes and result in the town losing the new restriction asked by the Planning Board.

Mr. Bonnell feared the amendment, the Finance Committee opposed it. Mr. Clarke and Mr. Parker assured the meeting it would be possible to include the wording of the amendment without jeopardizing the original proposal, even though this particular wording had not been advertised in advance of the meeting.

The meeting refused to pass the amendment, 82 to 65, with the Selectmen and Finance Committee tipping the scales against it.

Mr. Cullen was the only one heard in direct opposition to the Planning Board's proposal to do in the business district what the meeting had voted to do in residence districts with regard to removing earth products from their premises. In a lengthy, and in part, shouted denunciation, he accused the meeting of strangling individual enterprise. He defended what he personally had done with property he has bought to improve it and "make a dollar," as anyone in the hall would want to do, he said, and stated that he is virtually engaged in reclaiming swamp area at land he now owns on Swanton street. He assured the meeting he was not objecting to the proposed restriction on earth removal for himself because the restriction did not apply to him.

Mr. Hewis and Mrs. Munroe strongly favored the proposed restrictions. Mr. Saraco defended Mr. Cullen and opposed the restrictions. Mr. Rotundi favored them, and Mr. Swift gave the Finance Committee's blessing. The meeting voted the restrictions for the business areas 150 to 1.

At this point a ten-minute recess was proposed, but the meeting would have none of it without a vote, the proponents winning 84-59.

The embattled precinct members had only regretfully returned to their places when they were embroiled in a new "hassle," this time over the Planning Board's proposal to locate a "limited business district" in the Single Residence District A at the intersection of Lockeland road and Ridge street. The previous action of the meeting amending the Zoning Laws to permit the inclusion of restricted business in residence zones made the argument possible.

Mr. Bonnell explained the Planning Board's position, stating that the Board felt it is good long-range planning to secure land for a limited shopping area in the West Side hill district while land is available there.

Predicting a future population of 4900 within one mile from the site selected for the business district, he stated that undoubtedly many who would locate in the neighborhood of the proposed stores would want the convenience of accessible shopping.

Continuing, Mr. Bonnell stated that such limited shopping areas are proving very popular in other communities and are being quite generally provided. The Board's consulting expert, Mr. Benjamin, had strongly recommended the acquisition of land now for the shopping area which he believed should be included in a district so sure to develop in the near future.

Mr. Bonnell pointed out that in choosing the site for the shopping area the Board had been considerably influenced by the fact that a future school and West Side firehouse, when erected, would stand directly across the street, making the desirability of the site chosen of questionable value for the construction of homes. He added the information that at a hearing held by the Planning Board there had been opposition expressed to the business area by residents of the neighborhood, and said the Board would not consider the inclusion of a shopping center in the district if it were going to remain as it is now, or even substantially so.

Mr. Greer bespoke the Selectmen's approval of the Planning Board's plan, reminding the meeting of the difficulty people are having now in finding a place to park while shopping in our present Center and asking the delegates what they think is going to happen when some 2500 to 4900 additional people come downtown to make their purchases. He urged the meeting to look ahead 20 years and take the land now we will sorely need in the future.

The Finance Committee was recorded as not favoring the Planning Board's proposal, Mr. Swift expaining that the Committee had originally favored the plan, but had reversed itself upon hearing of the strong opposition to the shopping center on the part of residents of the district.

Mr. John Carruthers read a letter in opposition to the shopping center signed by 17 residents of the district. He added the opinion that these people as substantial taxpayers have every right to consideration and that when the town created a deluxe residential "A" district with 15,000 foot lots, it made a moral contract to protect those who chose to pay the premium price to buy homes in that district.

Continuing, Mr. Carruthers pointed out that the people of the neighborhood affected feel that the town is letting them down in locating business in their supposed highly restricted neighborhood. Many there are young people, he said, and while they perhaps should want a shopping center near their homes, as the Planning Board feels, the fact is that they do not!

Mr. Cullen was heard in opposition to the plan and Mr. Irving pointed out that locating a business area, which is sure to attract traffic, across the street from a school would create an unnecessary hazard for the school children.

Mr. Schiffmacher stated that the proposed shopping area is not being located in a new area, there having been 11 new houses built there during the past year with five cellars for additional dwellings already put in. He felt the proposed action of the Planning Board is hard on people who have bought homes feeling they are protected from business in their neighborhood.

Mrs. Woodside felt the town should not pride itself on civil liberty when it attempts to force unwelcome ideas on people who do not want them, and urged the meeting to vote down the business district and let the people of the neighborhood enjoy their homes in peace.

Mr. Hinckley, a newcomer to Winchester, explained he had bought his home in the Grade A west side hill district because he felt he was protected by the Zoning Laws which he hoped would continue to protect him.

Mr. Bonnell explained that the Planning Board is not forcing anything on anyone. Its members feel that the proposed business district is good planning, and asked the meeting to accept its plan or reject it on its merits and not because of the 17 persons who object to the plan for personal reasons. Others who come to locate in the district may very well want the shopping area badly.

Mr. Locke asked Mr. Bonnell why he supposed that newcomers to the neighborhood will feel differently from those now living there, and Mr. Butler pointed out that those wanting a handy shopping area naturally would not locate there.

Mr. Hewis suggested the undeveloped area of Johnson road as a site for a shopping area, stating that since there are no houses there, no one need locate there if he objects to such a center.

Mr. Carruthers asked that action on the center be postponed, but this was opposed by Mr. Bonnell and Mr. Greer, and the proposal was rejected. The meeting then voted on the original proposal, a two-thirds vote being necessary. The standing vote proved so overwhelmingly against the business district that it was not even counted, applause from the balconies and rear of the hall indicating many from the district affected were present.

There was still plenty of powder left in the magazine, the tired delegates continuing to debate the issue of accepting the provisions of General Laws, Chapter 41, Section 81A, setting up a Planning Board of five members to act as a committee of sub-division control, with powers to prevent unsatisfactory street layouts and require conformance with local zoning regulations.

Mr. Cunningham of the committee provided to study such control a year ago reported at great length on the various ramifications of the statute, stating that a majority of his committee strongly favored acceptance of the new law, despite the fact that the Legislature is presently concerned with certain features of it found objectionable by conveyancers and real estate interests.

The Finance Committee and Selectmen urged acceptance of the act as protection against repetition of layouts such as Laurel Hill Lane and Wendell street. Mr. Joslin spoke at some length against acceptance, warning the meeting that the new law is no panacea, and can result in householders paying double fees for transferring property.

The meeting voted to accept the new law and provided that the present Planning Board shall act as a committee on subdivision until the next annual town meeting when a new Planning Board of five members having the newly provided broad powers will be elected by ballot.

At this point both Mr. Joslin and Mr. Hewis tried vainly to adjourn, the latter reproaching the meeting for continuing and because of the lateness of the hour making it impossible to get considered opinions and careful votes on matters of importance.

The meeting refused to change the zoning map to place a piece of town-owned land at the rear of Tufts and Nathaniel roads in the general residence, instead of the business district. Mr. Nutile spoke for the residents of the district favoring the change, stating that they had been told by town officials when they purchased their homes that they had nothing to fear from the land in question. He felt that something stronger than the promise of town fathers is necessary and asked the meeting to make the proposed change.

Both the Finance Committee and Planning Board objected to the change, for which Mr. Hewis argued at some length. After the Moderator invoked the "five-minute rule" the meeting refused to extend the speaker's time and voted against changing the Zoning map as requested.

During the debate Mr. Greer, in answer to the argument that business districts are detrimental, stated that there is such a thing as having too much residential property, since the cost for services and educating children is so great that all property in town assessed for less than $10,000 is actually costing the taxpayers money.

The meeting refused to change a portion of the building line on Dartmouth street as asked by residents of the district, the Planning Board being in opposition. The tired meeting got a laugh when Mr. Farnsworth of the Planners obviously came to at just the right moment to vote all by himself against the Selectmen's layout of the street.

Action on the proposal to erect traffic lights at Main street and the Parkway was indefinitely postponed and without debate the meeting appropriated $200 to purchase .9 acres of land at the intersection of Ridge street and Lockeland road as the site for a future fire station. The Finance Committe "pointed out" that the $200 asked under the motion will not be nearly enough.

Mr. and Mrs. Robert Wood Reynolds left yesterday for New York where they take a plane Saturday for Miami, Fla. They plan to visit several places in Florida during their two weeks stay.

## CORRECTION

(IT WASN'T "LES" WHITTAKER)

During the stress of trying to follow the debate in connection with the proposed addition to the west side playground last week Monday the Star got its speakers rather badly mixed up.

That pleasant chap who went up on the stage in the dark to represent the Armstrong interests and question Mr. Ives of the Park Board and Mr. Bonnell of the Plannig Board was not Mr. Whittaker of the Winchester Conservatories, but Mr. Carrick Kennedy.

Futhermore, to confound us further, the "Armstrong interests" in what is loosely known as the Winchester Conservatories is entirely apart from the Winchester Conservatories as such.

The Winchester Conservatories is the large greenhouse and salesroom fronting right on Cambridge street. You drop in there or phone there to buy plants, cut flowers, corsages or evergreens at Christmas time. Mr. Whittaker is definitely identified with this business. Fact is, he's top man there! We've known that for some time.

The Armstrong interests operate greenhouses roughly at the rear of the Winchester Conservatories greenhouse. They do not grow flowers to retail, and it was through their boiler-room that a proposed road along the side of the proposed playground was to go before different arrangements were made last week-end.

We are sorry we mixed up Mr. Kennedy and Mr. Whittaker. We never saw "Les" to know him except the evening of the Little League All Stars-Rotary game last summer. We'll admit Mr. Kennedy doesn't look like him, at least as we remember him on that occasion!

We shoudda known, but we were told Mr. Kennedy was Mr. Whittaker, and in the dark, and at about that time, we were pretty near ready to believe anything, or nothing. Our apologies to all concerned! We'll try to keep the Armstrong interests and the Conservatories a whole lot straighter in the future!

## HOME FROM ESSEX AGGIE

John McKinley of Elmwood avenue spent ten days in Winchester recently, after completing his first half year of studies at Essex County Agricultural School in Hathorne. The full year consists of class work from September or October until April, and summer project work from April to October. (Early in April transfer is made from class activities at the school, to project work outside. The summer project work continues until class work reopens in the fall.) John will work this summer on the Coleman Lee Farm in South Groveland.

Class work for new students at Essex County Agricultural School begins the day after Labor Day. During the month of September a special program is arranged which offers a maximum amount of experience in doing fall work on the school farm, including fruit picking, silo filling, vegetable harvest, plowing and many other jobs. The program of class instruction calls for one-half the time to be devoted to the agricultural or vocational courses, and the other half to related and academic studies. A special feature of the instructional programs is the emphasis which is laid on farm shop work. Each pupil has one week of shop work each term. Courses are offered in the following fields of agriculture: dairy farming, poultry husbandry, fruit growing, floriculture and ornamental gardening and vegetable gardening.

Reading room, 5 Winchester Terrace (off Thompson Street). Open daily except Sundays and holidays from 11 a. m. to 4 p. m.

Man's God-given dominion over all discord, sin, disease, and death, which can be demonstrated through spiritually scientific prayer, will be emphasized at Christian Science services this Sunday. Subject of the Lesson-Sermon is "Are Sin, Disease, and Death Real?"

Among the selections to be read from the Bible will be the account in Matthew of the sick woman who, coming in the throng, touched the hem of Jesus' garment and was healed.

The following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be included:

## CHOIR FESTIVAL

The annual Festival of Junior Choirs will be held at the First Congregational Church on Sunday afternoon, April 12, commencing at 4 o'clock. Twelve choirs totalling about 300 children will participate.

A rehearsal will be held at 2:15 to go over the processional and to arrange the seating of the choirs, after which the choristers will be served light refreshments in the parish house and have the opportunity to relax before the service.

J. Albert Wilson, veteran organist and choirmaster of the First Congregational Church, who has a wide reputation for his excellent training of youthful voices, is in charge of the festival and will play both the organ prelude and postlude.

## UNITED NATIONS CONTEST

Two Winchester High School pupils recently joined with over 4000 other students from every state in the United States, Hawaii, Alaska, and Puerto Rico in writing for the 27th Annual United Nations National Student Contest.

Representing Winchester were Deborah French and Barbara Ann Clark, who visited a conference at the United Nations with their teacher, Mrs. Ella Stacy earlier this year. The essays written by the contestants are sent to the Committee on Awards for examination and judging; results are usually reported before the end of May. For many years Winchester has enjoyed an enviable reputation for its winners either in the state or national competition.

The examination for promotion to sergeant in the Winchester Police Department will be held in Room 14 at the high school on Saturday, April 25, from 9:30 a. m. to 3 p. m.

## WINCHESTER SCHOLARSHIP FOUNDATION

(Continued from Page 1)

"The Scholarship Committee of the Foundation screens applications very carefully, teachers are interviewed and oftentimes parents of the applicants are contacted for additional information. The Scholarship Committee considers very carefully the following qualities:—scholarship, citizenship and financial need. The scholarship requirement is an average of eighty percent or better. Citizenship is measured by the service to the school. Much weight is given to financial need. Naturally, the Committee has to ask for detailed information about family finances, but it should be emphasized that such information is treated by the Committee as absolutely confidential.

"Due to the hard work of the organizations contributing to the Foundation, it has been possible to meet the needs of all qualified applicants so far, but as the graduating classes increase in size, as they are sure to do with larger numbers already filling elementary schools, the need for additional funds for scholarship purposes will be inevitable.

"The Foundation encourages all organizations to channel their funds through the Foundation rather than to work independently. However, when this is not possible, the Foundation is glad to assist other organizations in the selection of their scholarship awards, as is done, for example, in the case of the Jere Downes Awards and the Beggs and Cobb Scholarship.

"It is a source of pride and satisfaction that our Winchester Scholarship Foundation has been the inspiration and model for similar foundations in other communities. And even at this moment still another neighboring community is studying our organization as a model for its own set-up.

"The Foundation has been a truly wonderful thing for Winchester High School, and the investment which it has made in the youth of our town will pay rich dividends in the future. In closing this statement I would like to pay tribute to the high qualities of the men and women who have given so generously of their time and energy. The Trustees, the General Chairmen, the Scholarship Committee members, the Gift Committee and other workers have included some of the leading citizens of our town. They and the organizations which have generously supported the Foundation should sense a feeling of great satisfaction in the excellent work which has been done in such a short time."

Wade L. Grindle

Leading citizens of Winchester have indeed been ready and willing to work for the establishment and further development of the Scholarship Foundation. The Instrument of Trust which legally created the Foundation in December, 1945, was signed by James Nowell, Robert M. Stone and Joseph W. Worthen. The present Trustees are keenly aware of opportunities and responsibilities for the future. Commenting on Mr. Grindle's statement, they advise as follows:

"Mr. Grindle has clearly emphasized the challenge that lies ahead to expand our Scholarship Foundation activities, so that we may be able to provide scholarships to a greater number of worthy boys and girls.

"After seven years of operation, we know have a fund which amounts to $14,656. In the light of Mr. Grindle's statement, it does seem as though this is the time to get started on the raising of a fund more adequate for future needs. It would be our hope that the total amount raised would be large enough to allow for reasonable diversification of investment and thus provide for greater safety.

"In making such an appeal for funds, it should be clearly indicated that the Winchester Scholarship Foundation appears on the list of the Commissioner of Internal Revenue of organizations to which contributions are deductible under the Internal Revenue Code and, therefore, contributions to the Foundation by individuals or by corporations are deductible for federal income tax purposes and are exempt from gift tax.

"This is a worthy cause and a thrilling challenge to undertake.

James Nowell
Erskine N. White
William J. Speers, Jr."

## GATHERING OF THE CLANS

Quite a group of Winchester people are either presently, or soon to be vacationing in Bermuda.

Others either now in Bermuda, or soon to be there are Selectman and Mrs. Don Greer, Mr. and Mrs. William J. Speers, Jr., and Mr. and Mrs. Harry P. Hood, Jr. Mr. and Mrs. John Willis and Mr. and Mrs. Everett Stone are reported leaving April 24, and the Charles Y. ## JOINT MEETING

The Jr. Mrs. Guild and the Business and Professional Women's Guild of the First Congregational Church will have a supper meeting on Tuesday, April 14th, at 6:45 p. m., in Chidley Hall. Supper will be served by Mrs. James M. Gustin and her committee, which includes Mrs. Wendell K. Harvey, Mrs. Byron W. Jackson, Mrs. George B. Heath and Mrs. Richard H. Halverson. Jr. Mrs. members should call Mrs. Gustin, WI 6-0119-J for food assignments before Monday.

Following separate annual meetings, Mr. Robert Lyndon Phipps, artist and glass-blower, will speak about "The History and Romance of Glass." A graduate of the Boston Museum of Fine Arts School, Mr. Phipps studied under the late Alexander Jacovleff, and has since spent several years in commercial art work, illustrating, designing and etching glass decorative pieces.

Combined with Mr. Phipps' lecture will be an actual demonstration of glass blowing and sculpturing. From thin tubes and sticks of glass will appear artistic figures of glass: gay birds with vari-colored plumage; full-rigged ships; figurines and many other interesting objects, suitable for what-nots or cabinets and gladdening to the heart of the collector. Many of these items will be available for sale.

This evening's entertainment will hold an artistic and fascinating appeal for everyone, and all women of First Church are cordially invited to hear Mr. Phipps at eight o'clock in Chidley Hall.

## SANG BASS SOLO ROLE

George Fortune, well known in Winchester as bass soloist of the Unitarian Church Choir, was one of the two Boston University students selected to sing solo roles in last evening's performance of Brahms' "Requiem" at Symphony Hall under the direction of Dr. James R. Houghton, head of the university's music department.

Mr. Fortune has wanted to make music a career as long as he can remember, and he hopes some day to do concert and operatic work.

He started his public solo performance at the age of eight when he sang the role of the herald in Mendelssohn's "Elijah" with the Grace Church Group in Lawrence. Last summer he was a singing bellhop at the Boothbay Harbor Inn in Boothbay Harbor, Maine, but the duties weren't combined. He was a bellhop during the day and after the dinner hour gave a musical program of semi-classical, light musical comedy and folk song selections for the guests.

Mr. Fortune is a student at the university's college of liberal arts, majoring in psychology and philosophy, which he believes helps him to understand both his audiences and the music texts better.

His music studies are in addition to his regular college course and include private voice study with Wardsworth Provandi, Boston voice instructor, and piano with Leon Tumarkin at the university's college of music. He has also sung at the Gardner Museum.

## ALLIANCE MEETING

The annual meeting of the Women's Alliance of the Unitarian Church will be held on Tuesday April 14th.

Luncheon will be served at one o'clock by Mrs. Chandler Symmes and her committee.

Following this a business meeting will be conducted by Mrs. George B. Redding, president.

Mrs. Walter I. P. Badger will lead the devotional. service.

The speaker of the afternoon is the Rev. John Nicol Mark, A. M. Minister of the First Congregational Parish (Unitarian) in Arlington for the last twenty-six years.

Mr. Mark, a native of Scotland, is a graduate of Tufts and Harvard and was a Navy Chaplain in World War I. He is also a past District Governor of Rotary.

He is well known as a witty, entertaining and popular speaker.

His subject is the encouraging one "What is Right with the World."

Baby sitting service will be available from 12:45 on.

## PARTICIPATING IN B. U. MUSICAL EVENTS

Two Winchester students in the Boston University College of music, Dorothy Brandt, '55, of 5 Thornton road, and Frederic C. Davis, a graduate student, of 7 Ravine road, are participating in the choral and instrumental programs which opened April 9 and continues until May 18 in celebration of the college's 25th anniversary.

Miss Brandt sang last evening in the University's 300-voice chorus, the members of which presented Brahms Requiem and British coronation music in Symphony Hall under the direction of Dr. James R. Houghton.

Mr. Davis will play the harpsichord on May 7 when the Collegium Musicum under the direction of Prof. Karl Geirnger will present a Bach Family Festival.

It is also of interest that Allen C. Lannom, director of the Mystic Glee Club, will direct the Choral Art Society in a program of unusual choral music.

## SAILING FOR EUROPE

## "EASY GARDENING FOR BUSY HOUSEWIVES"

The above title is an eye-arresting, interest-catching one for the spring season. It has been chosen by Mrs. Clifford P. Parcher for her talk on practical gardening to the Winchester Home and Garden Club. There will be illustrative slides to describe her points.

We have not had the pleasure of meeting Mrs. Parcher as yet, but her articles in the Boston Herald, also in Horticulture, Better Homes and Gardens, House Beautiful, and Vogue have all been rewarding. She was former news editor of The Newsletter, Garden Federation publication.

Mrs. Parcher's nineteen years of gardening have stood her in good stead for her adult education classes in Sharon, where she makes her home.

Among other helpful information she promises to talk a bit about propagation by air layering, a relatively simple but not so frequently practiced method, at least by the average amateur.

The talk will be given April 15 at 2 p. m. in the art room of the Winchester Public Library. Plan to attend and bring a prospective member as your guest.

## METCALF UNION IN READING

Members of Metcalf Union, the high school fellowship at the Unitarian Church, will go to Reading Sunday afternoon to attend the final meeting of the year of the South Middlesex Federation, American Unitarian Youth.

A short, but important meeting of Metcalf Union will be held at the Winchester Church at 3:30 to discuss attendance at Star Island this Summer. The group will leave at 3:45 to go to Reading. The meeting will be held at the Reading Unitarian Church, 239 Woburn street.

The annual election of the South Middlesex Federation will be held at the Sunday meeting. Some amazing films put out by the United States Navy will be shown. Supper will be served. There will also be a worship service and a recreation period.

Metcalf Union members are invited to go to the Belmont Unitarian Church on Saturday to help repair toys for the toy lending libraries of the Unitarian Service Committee. Toys which the Winchester group collected will be taken to Belmont tomorrow.

## ASSIGNED TO OCS

Army Pvt. Robert J. McHugh, son of Mrs. Margaret G. McHugh, 51 Clark street, has been assigned to the Engineer Officer Candidate School at Fort Belvoir, Va.

Upon completion of the officer training course, McHugh will be commissioned a second lieutenant in the U. S. Army.

Prior to entering the army in October 1952, Private McHugh graduated from Winchester High School, and was employed as a marine diver by H. J. Dunn in Malden, Mass.

## WINCHESTER MAN BENEFICIARY

Mr. Francis E. Smith of Wolcott road, former Library trustee, is among the beneficiaries under the will of John F. Moors of Brookline, investment banker and philanthropist, filed last week Thursday in the Probate Court in Dedham.

Mr. Smith, William Ferguson and Leon D. Clark, partners of Mr. Moors in the firm of Moors and Cabot, were each left $15,000. The sum of $50,000 was left to be used at their discretion for the benefit of the firm, and $10,000 was left to Mr. Moors' secretary. Ten other business associates were each left $2500.

Mr. Moors' estate was set at more than $1,000,000. Public bequests totalling $650,000., included Harvard and Radcliffe, the Boston Family Welfare Society and the Boston Symphony Orchestra. Among personal bequests totalling $31,000., was $25,000 to his nurse at the time the will was drawn, $10,000 to one former nurse, $2,500, each, to three former nurses; $5,000 to his chauffeur and $1,000. to his choreman.

## MANY TO ATTEND FEDERALIST DINNER

Much interest is being shown in the Federalist dinner which will take place in Cary Memorial Hall, Lexington, Monday evening April 13. A considerable number from Winchester will be at the dinner in addition to those from other towns in this area. It is an unusual opportunity to hear from the Headmaster of a prominent preparatory school, Mr. William Saltonstall of Exeter, and from a very active and civic minded businessman and mortgage banker, Mr. James W. Rouse of Baltimore.

Those from Winchester serving on the joint Dinner Committee are Miss Alice A. Main, Mrs. Wallis Moulding and Mr. and Mrs. Robert B. Williams.

In addition to the space for those at the dinner, Cary Memorial Hall in Lexington has seats for others who come afterward to hear the speakers. Guests or members who are not able to attend the dinner are encouraged to be sure to come afterward.

## RED CROSS FUND STILL SHORT

The local chapter of the American Red Cross reports that the 1953 fund campaign is still about $1500 short of its goal of $22,500. As of Friday, April 3, $21,046 had been contributed by the citizens of Winchester.

When we consider the many invaluable services of the Red Cross, it seems difficult to believe that Winchester would stand by and see some of these services curtailed because of a lack of $1500. Winchester's quota was not large this year. We can surely reach it if those who have not yet given and those who can give even a little more would send in their contributions. The local office in the town hall will be glad to receive your contribution.

## BAY STATE HISTORICAL LEAGUE

The Bay State Historical League is celebrating its 50th Anniversary on April 18 as the guest of the Quincy Historical Society at the Parish House of the First Church (the famous Church of the Two Presidents). It is a great privilege and opportunity to visit this historic city.

The day commences at 10 a. m. at the Parish House where registrations will be made, and maps and identification tags will be furnished which will admit the wearer to four historic Quincy houses without the usual charge.

The meeting will begin promptly at 2 p. m. and will be interesting. At the close a Birthday Tea will be served.

There will be several parking areas available, and the Quincy Society is working hard to make this a memorable occasion. All members of the Winchester Historical Society are welcome, but the League Committee asks that reservations be made through the officers of the Winchester Society in order that they may know how many to expect.

## MISSION UNION GUILD

On Tuesday, April 14th, the MissionUnion Guild of the First Congregational Church will hold their annual luncheon in Framingham at the Congregational Conference Center at one o'clock. This occasion will be an unusual opportunity to see the Center and to know first hand that part of every pledge to the church goes toward the upkeep of this beautiful spot. Mrs. B. Edward Zinn and Mrs. R. C. Ashendon, Jr., are in charge of reservations and are arranging transportation.

Mrs. Robert D. Lowry, in the absence of the director, Mrs. James Allen, will preside at the business meeting and Mrs. Robert Ashendon, Jr. will lead the devotions.

The special guests for the afternoon will be Dr. and Mrs. Dwight L. Cart. They also will be the speakers of the afternoon and their subject will be "We Look at Ourselves".

## WINCHESTER HOMEFRONTERS

Last night the Winchester Homefronters thoroughly enjoyed a bridge-whist at the V.F.W. Hall, which was so kindly donated to them. The affair was planned and headed by Mrs. William H. Crowley, Mrs. Elmwood Fuller, and Mrs. Elsie Nielson.

We are happy to have received the two following letters this week:

Monday, March 30, 1953

Dear Homefronters,

My folks have recently informed me that I should have received your Christmas package quite some time ago. I can only conclude that my moving about the country in recent months has kept me one step ahead of the mailman.

Nevertheless I should like to add my words of appreciation to the many which you ladies have already received from bringing so much of the friendship and generosity which is Winchester across the miles of those of us who are away.

With best wishes for your continued good work,

Dave Sargent
P. O. Box 847

Dear Homefronters:

I hope you will pardon my being so tardy in thanking you for the wonderful Christmas box.

My wife and I are getting established here in Louisiana, where I am assigned to the 806th Headquarters Squadron at the Lake Charles Air Force Base. We are enjoying living here very much, but Winchester will look awfully good to us when we have a chance to get back.

Thank you again for your thoughtfulness. These remembrances are certainly appreciated.

Yours very truly,
Raymond B. Tourtellot

also, some change of addresses with birthday dates.

We were pleased to welcome home Ward Goodnow, who has been home on furlough before going overseas.

Greetings also to Eddie Hammond, who is home on furlough from Arizona!

## WYMAN SCHOOL NEWS

**Assembly**

On March 27, the children of Mrs. Janet Greeno's first grade presented a trip to Mother Goose Land, in song and rhyme and pantomime, to their schoolmates in the kindergarten and first three grades. A Mother Goose cottage was on the stage, and, when the doors to the cottage opened, the Mother Goose children appeared. As the curtain opened, the children gathered beneath a big tree to listen to Big Sister read from Mother Goose. During the skit the children recited rhyming poems in choric speech and played singing games; and to conclude the program there were several numbers by the rhythm band.

**Class Newspaper**

Mrs. Helena Hatchell's fifth grade youngsters surprised the school by placing their class newspaper, "The Chatterbox" on display for all to read. The project was part of a unit of Language Arts work.

**Junior Red Cross**

Wyman School children have been busy carrying on Junior Red Cross projects in which they remember the sick and shut in. Easter cards, favors for trays, and menu covers are among some of the useful things they have made.

At the last Junior Red Cross meeting the care of property was discussed in an effort to make each pupil feel a sense of responsibility and pride in helping to keep Winchester beautiful. Posters are being made in the classroom, and slogans are being composed to remind us that each of us has a job to do.

The annual meeting of the Dartmouth Women's Club will take place April 15th at the Hotel Vendome, Boston. The regular business meeting at 11:00 a. m. will be conducted by the President, Mrs. Wesley McSorley; and the annual meeting at 11:30 a. m., at which the new officers will be elected, will be followed by a reception for the new officers.

The annual luncheon at 1:00 p. m. will feature a guest speaker from Dartmouth College, who will accept the scholarship check given each year by the Club.

## ELEMENTARY PRINCIPALS ATTEND STATE CONFERENCE

The 23rd Annual State Conference of the Massachusetts Elementary School Principals Association was held last week at the University of Massachusetts, in Amherst. As president of the Association, Miss Leonor Rich, principal of the Noonan and George Washington Schools, played an important role in arranging the program, and she presided at the general meeting. Other Winchester principals attending were Miss Mabel C. Lowry, Miss Martha V. Cunningham, and Mr. Joseph C. Forte.

Continuing the work of the group last year, the subject of the conference was Guidance Concepts and Their Implementation. In the development of this theme a series of meetings was held to study such topics as: the role of the principal in an elementary school guidance program, the role of the school in the development of a community mental health program, curriculum as a vehicle in the guidance of the child, and management of tensions in our own times. Among the able speakers assembled for the conference were Dr. Warren T. Vaughan, director of the division of mental health, Massachusetts department of mental health, and Professor Daniel A. Prescott, director of the institute for child study at the University of Maryland.

## MARYCLIFF ACADEMY

Spring is here and so is the annual dessert bridge and fashion show to be held at Marycliff Academy in Winchester on Wednesday evening, April 15th, at 8:00 p. m.

The fashions will be furnished by Alvin's, Inc., of Lexington, and models will be four members of the Guild and four students of the high school. Mrs. John Fitzgerald of Arlington is chairman of the event, assisted by a large committee, the members of whom include Mrs. J. McDonald of Winchester, tickets; Mrs. J. Mayne and Mrs. J. Miller of Winchester, donations; Mrs. L. Pasquale of Somerville and Mrs. Breslin of West Medford, refreshments; Mrs. D. Lenfestey of Cambridge, hostess; Mrs. D. Ruma and Mrs. J. Burgatti of Winchester, flowers; Mrs. W. Sullivan and Mrs. J. Higgins of Arlington, cakes; Mrs. J. Caputo of Medford, sponsors.

This will be one of the highlight social events of the season at the Academy and a good time should be in store for all those attending.

## LEAGUE OF WOMEN VOTERS

The annual program meeting of the League of Women Voters was held on Wednesday April first at the home of Mrs. Sanford Moses. Mrs. William Davies presided and reported on the Regional Conference in Providence. Then she turned the meeting over to Mrs. Richard Wyman for discussion of the program. The program is built from the bottom up. In the fall, recommended items are sent to the National office from each league. A tentative program is made out and returned to the local leagues. This is discussed and voted on, and returned to National headquarters. The biennial convention votes finally on the items. Each league must then study these subjects. The State program is decided the same way. In addition, each league adds its own local problems or interests. There is an effort made to spend a third of the time on each level of study.

Wednesday's meeting lasted from 10:30 a. m. to 3 p. m. with an intermission for box lunches, and coffee and dessert served by the hospitality committee. The chairmen of committees, Mrs. Thomas Powell for International Relations, Mrs. William Spaulding for Economic Policies, Mrs. Thomas Hill for Social Welfare, Mrs. Howard Aiken for Education, Mrs. George Gowdy for Town Affairs, Mrs. James Willing for Voters Service, gave reports on what their committees had done in the way of open meetings, small unit meetings, workshops, publicity, and efforts to bring information to the community. It was voted to accept the program submitted and to approve a varied program, not too long to be studied carefully.

BOSTON and MAINE RAILROAD

RETIRING WINCHESTER OFFICER HONORED

Comdr. Benjamin F. Edwards (center) honored as he retired February 28 as Inspecting Officer of the Naval Postgraduate School at Monterey, California.

## COMDR. EDWARDS RETIRED

From seaman apprentice to commander in 30 years represents the naval career of Benjamin F. Edwards, Jr., a former Winchester boy, who retired February 28. Retiring as Captain, the naval officer was honored at ceremonies before the assembled enlisted personnel of the Naval Postgraduate School in Monterey, Calif., and later that evening at a dinner given by the officers.

Capt. Edwards (ret.), whose father, the late "Ben" Edwards, was a well-known Winchester plumber, enlisted in 1923 as a seaman apprentice and was appointed as a Warrant Carpenter in 1931. Since that time he has been progressively promoted in rank.

During World War II, he served aboard the battleship USS South Dakota and the light cruiser USS Biloxi. He participated in 11 major engagements from the Marshall Islands through to the surrender of Japan.

He has been awarded the Silver Star, Bronze Star, and the Navy Unit Citation and also wears the Good Conduct, American Defense (with star), American Theatre, Asiatic Pacific (11 stars), European-African, Victory, and the Philippine Liberation (2 stars) ribbons and medals.

Capt. Edwards and his wife, the former Miss Florence Hutt of Montross, Va., and their son, Benjamin, 6, will tour the country, visiting their home towns, Winchester and Montross, before making their home in the Santa Barbara-Monterey area.

Navy Capt. Benjamin F. Edwards (ret.) and his wife unravel an "endless chain" of small gifts presented by the officers of the Naval Postgraduate School in Monterey, Calif., in honor of his retirement. The chain represents the unending affection and esteem of the navy which will follow him wherever he goes.

## WINCHESTER SKATERS IN ICE CHIPS

The Skating Club of Boston will present its forty-first annual ice production, Ice Chips of 1953, at Boston Garden Thursday, Friday and Saturday evenings, and Sunday afternoon, April 9, 10, 11 and 12. This year's show again lives up to its title of "the show of champions," with the 1953 world champion Tenley Albright, of Newton, and Hayes Jenkins, of Colorado, heading a cast of 200 skaters, ranging in age from six to sixty.

Other amateur champions taking part in Ice Chips are Frances Dafoe and Norris Bowden, North American pair champions; Carol Ann Peters and Danny Ryan, North American dance champions; Carol Heiss, runner-up to Miss Albright; Dudley Richards; and sectional, local and club champions. Sprinkled through the cast, in a supporting role, are to be found several outstanding professional skating numbers including The Abneys, and Romayne and Brent, a skilled British adagio team. Also of prominence is a comic non-skating number, Willie, West and McGinty, the hilarious house buidlers.

Winchester residents taking part in The Skating Club's annual production are Mr. and Mrs. James N. Jones, Miss Gay Vanner, and Peter Jones.

Mrs. Lewis L. Wadsworth, Jr., and her daughter Mary are in Clearwater, Florida visiting Mrs. Wadsworth's parents, Mr. and Mrs. Augustus B. Tripp, who have been spending the winter in the South.

## WINCHESTER RED FEATHER APPROPRIATIONS NAMED

Announcement of the appropriations to Winchester Red Feather services from funds raised by last fall's Metropolitan Boston Red Feather Campaign was made here today by Walcott B. Thompson, president of the Winchester Community Chest, which is affiliated with United Community Services of Metropolitan Boston.

Winchester Hospital will receive $7,500; Girl Scout Council, $4,500; Home for Aged People, $4,409; District Nursing Association, $4,032; Immaculate Conception Conference of St. Vincent de Paul Society, $1,058; and Camp Lane, Fellsland Council of Boy Scouts, $175.

In addition, the 738 Boy Scouts in Winchester benefit from the $14,800 appropriated by Red Feather to support troops in the Fellsland Council of Boy Scouts.

The sum turned over to all metropolitan Red Feather services from the 1953 United Red Feather Campaign will be the same as last year, according to United Community Services. Although the recent campaign fell short of the amount raised a year ago, the board of directors, by making adjustments in the United Defense Fund item and by applying part of the limited reserves of United Community Services, has been able to keep the over-all sum for distribution to the 300 Red Feather services at last year's level.

However, slight increases were made this year to Red Feather neighborhood houses to help them work with the mounting delinquency problem. This made necessary budget adjustments elsewhere, said Robert M. Prouty, United Community Services' budget committee chairman.

Individual agency allotments are worked out by some 150 men and women volunteers who met last year in more than 100 hearings to examine budgets and confer with agency representatives.

The volunteer budget committees have listened to, weighed and discussed the relative merits of hundreds of programs for the benefit of people of the community. Faced with the hard fact that money will stretch only so far, they have had, reluctantly, to discard dozens of worthy recommendations for improving service.

Winchester Red Feather services allotments were decided by the local Community Chest Budget Committe in cooperation with the Central Budgeting Committee of United Community Services.

Serving on the local Community Chest Budgeting Committee are: Clinton W. Bennett, chmn., Ben R. Schneider, Jr., R. H. Robnett, E. J. McDevitt, Jr., Alfred J. Higgins, Richard J. Johnson, Wayne E. Davis, Neil H. Borden, W. J. Croughwell, Sherman B. Russell, secretary, and Olcott L. Hooper.

Not all the service given to the people of Winchester through Red Feather is represented by the allotment to local services, Mr. Thompson emphasized. He pointed out that while 2,427 people in this town use these local services, an additional 1,706 use these Red Feather agencies which serve the whole metropolitan area.

One million dollars has been allocated to the 25 metropolitan Boston Red Feather hospitals from Red Feather Campaign funds. Last year 1,627 people in Winchester were served by these hospitals.

Metropolitan Red Feather services frequently used by Winchester people include: Boston Legal Aid Society, Boston YMCA and YWCA and Family Society of Greater Boston. All receive funds from the Red Feather Campaign.

## EASTER SEAL CAMPAIGN LAGS

With contributions across the State totalling only $185,105, or 56 percent of its $325,000 goal, officials this week decided to extend the Easter Seal Campaign, originally scheduled to end on April 5, until "every possible contribution has been received."

"Campaign leaders in almost every community are deeply concerned with the way receipts are lagging," Alton K. Marsters, chairman, said. "Thousands of citizens who customarily give to the campaign have not as yet mailed in their contributions."

"Experience of previous drives shows that late gifts from individuals who postpone contributing runs into several thousands of dollars, but unless everyone makes a point of mailing in his gift now, the campaign will fail," he declared.

Marsters emphasized that the Bay State Society for the Crippled and Handicapped which is supported by Easter Seal funds must enlarge and expand its services if it is to meet present demands for the rehabilitation of disabled children and adults.

"This means that every last dollar contributed to the campaign is earmarked for use in a most deserving cause and helps to give a greater number of people an opportunity to get the expert assistance they need to become more useful citizens," he stated.

## FEDERATION WORK SHOP

New England's only daily coast-to-coast commentator, Cedric Foster, made his Mutual Network broadcast Wednesday noon, April 1, direct from the spring meeting of the State Federation of Women's Republican Organizations of Massachusetts at the Oval Room, Sheraton Plaza Hotel, Boston.

Mr. Foster, who warned America of the dangers of encroachments by Russia even while the latter was our World War II ally, spoke on the subject "Our Fight Against Aggressive Communism," following his 1:00 p. m. broadcast.

A luncheon was held at the early hour of 11:45 in order to make it possible for Federation women to "sit in" on the broadcast. Mrs. Ester W. Wheeler of Malden, Federation President, and Mrs. Muriel S. Barnes of Winchester, Workshop Director, were in charge of arrangements.

Cedric Foster is known from Maine to Texas for his able and astute interpretations of the news at home and abroad. A globe-trotting journalist who has traveled over 750,000 miles, he spent three months in the battle zones of the Pacific as an accredited correspondent in World War II. He was aboard an aircraft carrier as it rode to action off Japan and was with three infantry divisions in the Philippines.

During the Greek Vitsi and Grammos campaigns, Foster flew with General James Van Fleet to the front lines in the closing phases of guerrilla warfare.

## LIKED WINCHESTER HOSPITAL

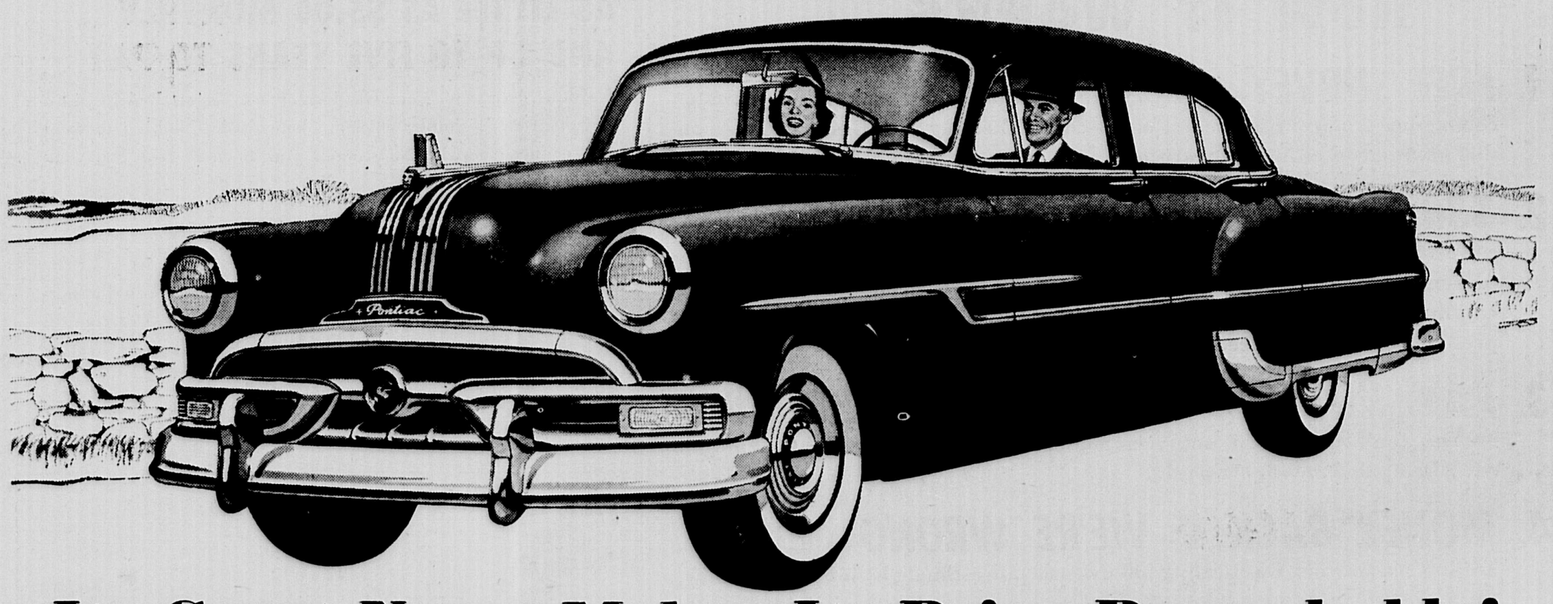
DOLLAR FOR DOLLAR YOU CAN'T BEAT A
Pontiac
A GENERAL MOTORS MASTERPIECE



Its Great Name Makes Its Price Remarkable!

Consider the respect in which the name Pontiac is held—then consider that this great car is priced only a few dollars above the lowest—and you can come to only one conclusion: that here, indeed, is the biggest value your automobile dollar can buy.

The reason is very simple: Pontiac is the *one car deliberately engineered to give you features of the costliest cars at a price right next to the lowest.* This has been true for years—but never more evident than in the wonderful new 1953 Pontiac.

You see proof of this in its distinctive Dual-Streak styling, in its luxurious color-keyed interiors, and in its longer wheelbase and road-hugging weight. You see it even more when you get behind the wheel and realize that under the hood there's more power than you'll ever likely need. And as the years and the miles roll by, you get the most positive evidence of all in its amazingly low maintenance cost.

Why not take your first step toward enjoying the pride and pleasure of Pontiac ownership by investigating Pontiac's modest cost? You'll quickly see that so low a price on so great a car represents a truly remarkable value. Come in at your first opportunity. You'll be very glad you did.

## WINCHESTER HOSPITAL BOOK SERVICE

Twelve years ago, October, 1941, Miss Corinne Mead, Chief Librarian of the Winchester Public Library, with the cooperation of the Winchester Hospital, started a free lending-library service for patients and staff at the Winchester Hospital. En Ka Society helped make this possible by giving a Coulson Book Truck, to be used for bedside book service. Miss Mead personally carried on this weekly service with a collection of books loaned to the hospital by the Public Library. In 1944, En Ka Society initiated its yearly gift of money to aid in the purchase of books loaned to the Hospital Library collection. Up to June, 1952, En Ka Society had given the Hospital Library a total of $1,000.00. This has enabled an increase in the collection until it now includes a great variety of books, both fiction and non-fiction. In addition the collection is supplemented by books on loan from the Public Library. This service remains under the direction of Miss Mead.

For many years, Miss Mead and the Hospital Librarian, a member of the professional staff at the Public Library, competed with wheelchairs and oxygen tents because of lack of space. Moreover, as the library service increased, more space was needed to house the book collection and book truck. With the building of the new wing at the Hospital, the dilemma was solved.

The Hospital Library is now found in the third-floor East Solarium. Here are found new built-in bookcases, the gift of En Ka, and the book truck. Although the cases are locked, except when the librarian is on duty, a varied selection of books is kept on the book truck, available to patients to read there, or to take to their rooms.

Large wooden hampers are provided on each floor for the return of books. Either a patient or nurse may return books by placing them in the hamper. This insures the safe return of each book to the Hospital Book Collection.

Tuesdays and Fridays are library days at the Hospital. The Hospital Librarian is there every Tuesday from 2:00 until 4:30 p. m. At that time she takes the book truck to each bedside and is available in the Solarium to select books for ambulatory patients. Friday is En Ka Volunteer Day. Under the able direction of Mrs. Vincent Clarke, En Ka volunteer Library Aides take the book truck to the patients every Friday afternoon 2:00 to 3:30 p. m. Volunteers now are:

Mrs. Frederick M. Ives, Jr., Mrs. Robert E. Roundy, Mrs. Charles W. Butler, Mrs. Vaughan Harmon, Mrs. Paul Forester, Jr., Mrs. Edwin Zimmerman, Mrs. Herbert T. Wadsworth.

During the 12 years of Hospital Book Service, the most rewarding feature has been the gratitude of patients, for whom many lonesome and dreary hours have been brightened by books to read and a friendly "hello" from the Librarian. To the Librarian, the words, "I am so glad you are here. I've been waiting for you," make each Hospital Day a complete success.

Sunday, April 12, from 1:00 to 6:00 p. m. is Open House at the Winchester Hospital. At that time, the Hospital Librarian, Miss Pearl Gammans and a representative from En Ka, Mrs. Ives, will be in the third-floor Solarium to talk with visitors who may wish to ask about the Winchester Hospital Library and its services.

## THE FORTNIGHTLY

The Fortnightly Literature Committee and guests met in the Library last Monday afternoon and enjoyed two speakers.

First, Mrs. J. Edward Downes read an excelleht paper on Dante, his life and times. In opening, the audience was given a vivid description of the beautiful Arno river in Italy including the surrounding countryside and Dante's home, now a historical landmark on the shore. Then a picture of the political strife which Dante was born into during the 14th century and went on to tell the circumstances which gave him his deep understanding of the human need for a belief in a hereafter. Like so many great men, his works were not fully appreciated until after his death.

Second, Mrs. Frank S. Evans presented a comprehensive review of the "Divine Comedy" written by Dante giving his interpretation of the life of souls in the hereafter and described by allegory, metaphor and imagery which made it easier to understand in those times. Mrs. Evans read several quotations from Longfellow as introductions to certain phases of the book which is actually an account of Medieval Christianity.

Lt. Gov. Sumner Whittier discusses Republican affairs with Mrs. Cynthia Reynolds, president, and Mrs. Barbara Clark as he arrived at the Epiphany Parish House Wednesday to be guest speaker at the luncheon meeting of the Women's Republican Club. Mrs. Clark is the club vice president.

## WOMEN'S REPUBLICAN CLUB

Lt. Gov. Sumner Whittier and Mrs. Whittier headed a group of distinguished Republicans who were present at the annual meeting and luncheon of the Winchester Women's Republican Club. It was held Wed., April 8 at the Church of the Epiphany, a reception preceding the luncheon. Mrs. Robert Wood Reynolds, President of the Club, headed the receiving line and introduced the following guests: Lt. Gov. and Mrs. Whittier; Mrs. Alonzo Woodside, founder and Honorary President of the Club; Mrs. Howard J. Chidley, State Committeewoman from the 6th Middlesex District; Senator and Mrs. Robert P. Campbell; Mrs. Raymond W. Wheeler, National Committeewoman from Massachusetts; Representative Harrison P. Chadwick; Mr. William Wilde, President of the Winchester Young Republican Club; Mrs. Ralph Bonnell, wife of the National Committeeman from Massachusetts; Mrs. Don Greer, wife of the Chairman of the Winchester Selectmen; Mrs. Marcus Sorensen, president of the Arlington Women's Republican Club; and Rev. Robert Storer, pastor of the Unitarian Church.

Lt. Gov. Whittier gave the address of the afternoon. Speaking of the first days of the Republican administration in the commonwealth, he said: "We had before us the legacy of the Dever waste. In checking bills with the Governor's Council, everywhere we touched, there was rottenness. Nonetheless, the attack on the problems has been positive and dynamic, in fact, this is the most dynamic administration I can remember in my 13 years in the Legislature."

On Jan. 8 (Inauguration Day), he continued, Governor Herter drew up a positive blueprint for reformation in the government, a complete reorganization of the structure of the state. 14 days later he presented the budget and accomplished the unbelievable: cutting this budget by 14 million dollars. In 1953, the following goals will be reached, Lt. Gov. Whittier promised: no new taxes, yet increases to state employees, bonuses for Korean veterans, balancing the Boston Port Authority, restoring merit rating to business, and the repeal of the 1% increase on earned and business income. "We Republicans have taken over in Massachusetts, and the government is positive and swiftly moving, the administration filled with action."

"Gov. Herter", said Lt. Gov. Whittier, "is moving quickly and moving well in the challenge of the present. But no leader, however great, can solve the problems alone. It takes every citizen to help, all groups to cooperate. Each of us must be alert and keep the vigil if we are to maintain good government on Beacon Hill. Each American must live up to the full measure of his responsibility.

"As President Eisenhower did, we too must turn to God. I believe in the people of this state, Americans all, equal to any challenge the future may bring."

At the business meeting following Lt. Gov. Whittier's speech, the Nominating Committee consisting of Mrs. Forest L. Pitman, Chairman, Mrs. Colver P. Dyer, Mrs. Lawrence Dallin, Mrs. Michael Hintlian, and Mrs. Clarence A. Roberts, submitted the slate for 1953-54 which was unanimously elected.

## MANCIB LANDED DISABLED PLANE

Capt. Robert Mancib, 37 year-old Air Force pilot and son of Mr. and Mrs. Alvin S. Mancib of 46 Yale street, on Sunday, April 5, won high praise from Brig. Gen. Harold R. Maddux, Pacific Air Force Commander, for the brilliant crash landing he made at Hickam Field in Honolulu when the right landing gear of his B-29 became disabled.

Capt. Mancib was approaching Hickam field from Travis Air Force Base in California when he found the right landing gear would not descend. He radioed the field for clearance and then began circling while crewmen worked feverishly to loosen the huge wheel.

After four hours of unsuccessful effort, with the plane's fuel nearly gone, Captain Mancib radioed that he was coming in for a crash landing and headed the big plane down the 13,000 ft. runway until he made delicate contact with the front and left wheels.

Keeping the plane "bicycling" until some of the momentum was gone he then let it down into a "pancake" on the right wing, landing himself and his 11 crewmen in safety.

General Maddux offered high praise to Captain Mancib and the crew for the manner in which the whole maneuver was carried out. An Air Force spokesman said "Everything the crew did was right."

Capt. Mancib graduated from Winchester High School and studied at Massachusetts Institute of Technology before he took up flying as a civilian pursuit.

In 1942 he joined the Army Air Force and received additional training in Texas. He was then assigned to the 5th Ferry Group, flying regularly the arduous "Fireball" from Miami to Karachi, India. After this he was stationed at Bedford Air Force Base, Mass.

He has flown four-motored airships almost exclusively in the service, and completed training with advanced B-29's before leaving on the first leg of a Korea hop last Saturday.

## MOTOR STOLEN

A representative of the Ralph Civitaresi Co., of 139 Providence street, Hyde Park, contractors working off Sylvester avenue notified the Police Monday afternoon that an A. B. C. half-horsepower motor had been stolen from a concrete mixer on the job together with 10 sections of 4x8 plywood, taken from the tool shed there. He also reported damage done to company machinery at the rear of the Browning Laboratories and on Blind Bridge street over the past week-end.

## HOSPITAL BOX SOUNDED

Tuesday morning's alarm from Box 322 at 5:16 resulted from a phone call to Police Headquarters reporting the top floor of the hospital filled with smoke. Box 322, the hospital's own box was put on at the Station.

The men found upon arrival that the trouble was caused by an overheated motor in a machine room over the fourth floor. The hospital air conditioner had effectively distributed the smoke from the motor throughout the top floor of the hospital, naturally causing considerable concern.

## HOSPITAL OPEN HOUSE

Open House last Sunday afternoon at Winchester Hospital has gone into the records as another special event of outstanding success in the history of the hospital.

Nearly a thousand visitors from Winchester and the nearby towns the hospital serves came to see its "new look" resulting from the wing addition and extensive interior alterations in a building program completed early this year.

Welcomed by a reception committee of hospital officials and directors, the visitors toured all the buildings escorted by members of the Winton Club, En Ka Society, Friends of Winchester Hospital, gray ladies and nurses' aides of the Red Cross and Winchester Hospital Alumnae.

Girl Scouts under the direction of Mrs. Roswell Harding and Mrs. Maxwell McCreery and Boy Scouts under the direction of Herbert Mullen, Jr., lent their assistance in performing especially assigned tasks.

Paying his respects to all who helped, hospital administrator Harlan L. Paine, Jr., said, "The success of our special visiting day resulted from careful advance planning by the various committees and the exceptionally fine teamwork of volunteer workers and hospital personnel. Again, it was a most satisfying experience in community cooperation. They did a magnificent job and we owe them all our deepest thanks."

The reception committee that greeted visitors in the hospital lobby included President of the Board of Directors Edward H. Kenerson and Mrs. Kenerson, Mr. and Mrs. Gilbert H. Hood, Staff President Dr. Richard W. Sheehy, Administrator Paine, Superintendent of Nurses Laura B. Rogers, R.N., and members of the Board of Directors.

The story of Winchester Hospital was told to guests by the escorts and by members of the medical and nursing staffs stationed at locations of principal interest; also in a leaflet especially prepared for the day.

Supervisory nurses assisting in the day's program included Miss Esther J. Lynch, assistant superintendent of nurses; Miss Mildred Bagley, obstetrical supervisor; Miss Theresa Murrin, head nurse, obstetrical department; Miss Anne Curran, floor supervisor; Miss Verne McGilvreay, pediatric supervisor; and Mrs. Susan Ring, Assistant night supervisor. They and the following other nurses gave explanatory talks in the operating room, the nursery, delivery suite and fracture room: Mrs. Mary Laurenti, Mrs. Mary Mullee, Mrs. Charlotte Reid and Miss Charlotte Farrow. Explanations were given in the X-ray department by Miss Muriel Morris and Miss Mary Ann DeBurro.

The open house committee consisted of Thomas M. Hennessey (chairman), Mrs. Ben R. Schneider (chairman of the public relations committee), Wolcott B. Thompson, Gilman Wallace, Donald M. Wright, Mrs. Charles E. Greene and Edward V. French, assisted by Miss Ruby Willis, secretary of the board of directors. Mrs. Henry K. Spencer and Mrs. Richard Carens were the committee in charge of flowers.

## MRS. ANNE DUSTIN UNDERWOOD

Mrs. Anne Dustin Underwood, wife of the late Herbert Shapleigh Underwood, former widely known Boston newspaper editor, died Saturday evening, April 11, at her home, 9 Central street, after an illness of five years.

Mrs. Underwood was the daughter of Horace Dennison, and Betsey Anne (Dustin) Bradbury. She was born November 3, 1868, on Fourth street in East Cambridge, but came to Winchester at the age of eight years, and except for one brief period, lived the remainder of her life in the house on Central street in which she died, a span of 76 years.

Mrs. Underwood's formal education was received at Miss Manny's School in Winchester, at Winchester High School, Cambridge School for Girls and Radcliffe College. Before her marriage she lived and studied for a year in Paris, and it was not until after her marriage that she went to Radcliffe.

Her ancestors on her father's side lived during the 17th Century in Wicken-Bonant, Essex, England, and while she and her mother were in Europe in 1899 they visited the ancestral homestead. Finding that Mrs. Underwood was engaged to be married, the woman residing in the house, one of only two houses in the village, the remainder being thatched cottages, suggested that the marriage ceremony be held in the old family home.

When Mrs. Underwood expressed pleasure over the plan, the occupants of the house moved out, turning over the place to Mr. and Mrs. Underwood, who were married there November 3, 1899, spending their honeymoon in the old dwelling that had so many years ago housed the bride's forefathers.

Returning to the United States, Mr. and Mrs. Underwood went into the house built for them by the late Robert Coit at the corner of Main and Chestnut streets. After only a year there they returned to the home on Central street, where Mr. Underwood died March 16, 1948.

During her active years Mrs. Underwood interested herself in the social, civic and religious life of the town. She was a particularly active worker for the Parish of the Epiphany, her service extending back to the days when the struggling young parish met for worship Sunday afternoons in the old former Methodist Church building still standing at the corner of Mt. Vernon street and Converse Place. She was among the earliest workers for the Winchester Hospital and Visiting Nurse Association, going personally to serve persons in many homes about town during the days when the latter organization was getting started.

She was for many years a member of the Winchester Country Club, of which her husband had been among the founders, and she was also active in the social life that centered years ago in the old Calumet Club. She was a member and ardent worker for the Needlework Guild, was a member of the Women's Rebublican Club and of the Women's City Club of Boston.

Mrs. Underwood leaves a daughter, Mrs. E. Underwood-Edgar, with whom she made her home; a son, Sanford Underwood of Wellsburg, West Va., and two grandsons, Herbert George Underwood and David Underwood-Edgar.

Private funeral services were conducted Tuesday afternoon at the late residence by the Rev. William S. Packer. Buriel was in Mt. Auburn Cemetery, Cambridge.

## PIANO RECITAL

A group of pupils of Lillian Alexander played a program of twenty-five numbers at her home on Fletcher street on Thursday evening.

The selections included cowboy songs, familiar southern melodies, light music in the modern trend, and many noted selections from Schubert, Schumann, Mendelssohn, Brahms and Chopin.

The young people played with remarkable ease and an understanding of color and style. Parents and friends expressed much pleasure in the evening of music. Those who participated were Hamilton Agnew, Barbara Jellison, Janet Gallagher, Frances Chaput, Marguerite Maggliozzi, Mary Jellison, Alfred Maggliozzi, Norma Crockett, Alison Hersey, Judy Cairncross, Althea Hersey.

## HARRY C. SANBORN

Mr. Sanborn had returned home Wednesday evening from Northfield, where he and Mrs. Sanborn had spent the winter. He spent the evening with his family and seemed in his usual health when he arose yesterday morning, being stricken while writing at his desk.

Arrangements for the funeral had not been completed as the Star went to press.

"MACK"

## "MACK'S" 85th BIRTHDAY

Edward P. McKenzie of Symmes road, for nearly 35 years Winchester correspondent for the Woburn Daily Times and one of the best and most widely known residents of Winchester, will observe his 85th birthday next Wednesday, April 22. It isn't so often nowadays people reach the age of 85, and very few are daily in the harness, especially doing newspaper work, when they arrive at that advanced milestone.

"Mack's" legs may not be quite as limber as they were in the old days when he tracked down elusive dimes and quarters as assistant manager of the old Winchester Town Team, but his mind and conversational ability have lost none of the keenness they boasted when their owner shamed the dead-heads along the sidelines of old Manchester Field into digging down to help the team.

"Mack" is something of a town institution. He was born in the Old Black Horse Tavern and as a lifelong resident, he is an authority on old Winchester, particularly with regard to real estate development of the town. He knows everybody and everybody knows him, both in and out of town. Your Star reporter can not recall a single occasion when he has accompanied "Mack" at sporting events outside Winchester when at least one well-known sports character did not come down to the local bench for a chat with the "old timer." Most of the ex-collegiate and semi-pro baseball players hereabouts either played for "Mack" or against him in the old days.

Politically, "Mack" has seen a lot of them come and go. He has never pulled his punches in the local political field, nor feared to state his views on the State and National level. He served for some years as a member of the Republican Town Committee.

A daily visitor to the office, "Mack" is a general favorite at the Star, every member of which from the Editor and Publisher down the line joins in wishing him many happy returns of his natal day.

"The top av th' mornin' to him," bless his heart, and "may the best luck he's had be the worst luck that's comin'!"

## FRANCIS M. ROACHE

Francis M. Roache of 14 Crane's Court, Woburn, a native of Winchester and well known employee of the Winchester Brick Co., died Friday, April 10, in the Winchester Hospital, after an illness of only two days. His illness came on suddenly and his unexpected passing came as a severe shock to his family and many friends.

Mr. Roache was the son of Martin Roache, and the late Mary (McHale) Roache. He was born April 24, 1912, in Winchester and grew up in this town, attending St. Mary's Parochial School and graduating from Winchester High School in the class of 1929. For the past 18 years he had been in the employ of the Winchester Brick Co., being often seen passing through town at the wheel of one of the company's big trucks.

On September 19, 1941, Mr. Roache married Emeline Patterson of Medford, who survives him, with a daughter, Carol Ann: his father, living in Winchester; four sisters, Sister Bertille, S. S. J., of Boston; Mrs. Mary McGoff of Winchester, secretary at Police Headquarters; Miss Helen and Miss Catherine Roache, both of Winchester; and a brother, Thomas H. Roache of Dorchester.

The funeral was held Monday morning from the P. J. Cox & Sons Funeral Home in Woburn, with solemn requiem high mass celebrated at St. Mary's Church. Rev. Fr. John J. Grant was celebrant, Rev. Fr. Charles A. Anadore, deacon; and Rev. Fr. Walter Casey of St. Raphael's Church, West Medford, sub-deacon.

Bearers were Joseph Alpedo, Lawrence Ahern, Robert Dauphinais, George Pereira, Antonio Macinanti and William Gay, representing the Winchester Brick Co. The company's plant was closed during the funeral which was attended by the entire personnel.

## WILLIAM A. NOWELL

William A. Nowell of 52 Middlesex street, retired service foreman of the Water & Sewer Department and a life-long resident of Winchester, died early Monday morning at the Winchester Hospital. He had been hospitalized only three days, but had not been well for some time, ill health having forced his retirement in June of 1951.

Mr. Nowell was the son of Frank, and Margaret (Connors) Nowell. He was born in Winchester March 28, 1892, attended the Winchester schools and as a youth first worked as a plumber's helper for the Winchester master plumber, George T. Davidson. He then worked for the Winchester Tree Department before joining the Water & Sewer Department in 1913.

At that time Mr. Nowell drove the Water Department's first truck, being the first truck driver in the history of the department. The late William T. Dotten was superintendent of the Water & Sewer Department in those days, and Mr. Nowell was the last of the employees of that era. He served under three superintendents, the late Harry W. Dotten succeeding his father in the position, to be followed during the latter days of Mr. Nowell's service by the present incumbent, James D. Halwartz.

Mr. Nowell was from his first days with the Water & Sewer Department the service mechanic, installing all services and attending to service repairs. He was also for 30 years a night emergency man, being on call every other night. He became service foreman of the department in 1947, continuing in that position until his retirement.

On August 26, 1913, Mr. Nowell married Julia Peters, at that time a resident of Winchester, but originally from Prince Edward Island, Canada. She survives him with a daughter, Mrs. Alfred Barnard of Winchester; four grandchildren, two sisters, Mrs. John Bennett and Mrs. Ella Fisher, both of Winchester; and two brothers, George R., local furniture mover; and James Leroy Nowell, a member of the Winchester Fire Department.

Mr. Olerio was knocked down and pinned under the car. Mrs. Vincent Erhard notified Police Headquarters of the accident and Officers Alfred Poole, Robert Elliott and Andrew Crawford were dispatched to the scene at once by Lt. Joseph Derro, Officers Henry Dempsey and Irving Reardon following with the department's ambulance.

Lt. Derro also notfied Fire Headquarters of the accident and a piece of apparatus with a crew under Captain Frank Amico was sent out to assist if possible.

Firemen, Police and bystanders literally lifted the car from the injured man, two firemen removing him from his precarious position. Dr. Charles Rooney was at the scene of the accident and ordered him removed in the ambulance to the hospital. He sustained a bad gash on the left side of his head along the jaw and possibly other injuries not immediately determined.

Mr. Olerio was unconscious when he was placed in the ambulance, but came to upon arriving at the hospital. He was held at the hospital for further examination and X-rays.

ROBERT F. "SAM" MURPHY

## MURPHY FETED AT DINNER

### LEGION COUNTY COMDR. HONORED IN HOME TOWN

Five hundred Legionnaires and their guests gathered at the town hall last Saturday evening to pay tribute to their County Commander, Robert F. "Sam" Murphy, former commander of Winchester Post, 97, and an old Winchester boy. Legion posts from all over the county were represented in the gathering, the members of which feted the popular County Commander and his equally popular wife, the former Barbara McNiff of this town. Long time and regular attendants of local Legion functions characterized last Saturday's dinner as one of the best held hereabouts for many a year.

It is a distinct tribute of Comdr. Murphy's popularity that no effort had to be made to sell tickets to his banquet. There were no tickets available several days previous to Saturday and none could be purchased at the door. Only 100 were available for members of Winchester Post, it being the committee's feeling that the affair was countywide rather than a town party.

P. T. Foley, prominently identified with Winchester Post since its inception, was general chairman of the committee in charge of arrangements and to him goes a large measure of the credit for the success of the party.

Acting as master of ceremonies, Chairman Foley introduced the Legion County Chaplain, Rev. Daniel F. X. O'Connor, S. J., who made the invocation. The list of speakers was headed by Congresswoman Edith Nourse Rogers who flew to Boston from Washington to attend the dinner. As he introduced her Mr. Foley pinned an orchid corsage on the shoulder of the popular member of the congress whose interest in and efforts for Veterans' welfare are well known.

Mrs. Rogers, after commending the guest of honor, paid tribute to the Legion for keeping this country a free country and lauded the Legionnaires for their efforts in behalf of their comrades of all wars. She spoke of the Korean war and the problems it is posing and of her own responsibility for the welfare of service men and women as chairman of the Congressional Committee on Veterans Affairs. She asked for the help of all Legionnaires and others interested in her fight for the welfare of service people.

## FIREMEN HELD BALL

The annual concert and ball of the Winchester Fireman's Relief Association took place Wednesday evening in the town hall, which was decorated for the occasion with palms and flowers donated by "Les" Whittaker of the Winchester Conservatories.

The attendance, though good, was far from capacity, with the firefighters blaming Arthur Godfrey's beach show in Miami for the absence of all TV fans. Not often in the past have seats gone begging at the Fireman's Ball.

Gene Jones of TV "talent scout" fame opened the entertainment program with his orchestra, their popular overture being followed by the "National Anthem."

Bill McDonald, an irrepressible young man, acted as MC for the following show, and also contributed a monologue act himself, his imitation of a Saturday afternoon at the movies with a youthful audience viewing Gene Autry was very popular with the audience.

Bobbie Daye and Babs, a diminutive dance team, got the show away to a fast start with their rapid-fire routines. They were followed by the radio and TV vocalist, Dick Brown, who got a royal welcome, especially from the younger portion of the audience who recalled him several times.

Eddie and Janet James proved a good novelty musical act, with Eddie playing his big marimbaphone and Janet contributing songs and guitar music.

The Shanghai Twins, two tiny Orientals, boy and girl, did some really outstanding balancing, culminating in the boy balancing himself horizontally above a table with a single hand clasping a wooden bottle resting upside down on the table-top.

Bringing the show to a spectacular conclusion Marcelli and Janis put on a fine slack-wire act, wherein Marcelli juggled balls and hoops, balanced on a big wheel and rode a single-wheel bike on the wire above the stage.

After the show the hall was cleared for dancing until midnight, with Gene Jones playing.

Henry P. O'Melia, Charles Moran and John Nash were the committee in charge of arrangements for the ball, with Chief James E. Callahan serving as chief marshal.

Officers of the Relief Association include

President—Michael Connolly
Vice Pres.—Paul Haggerty
Secretary — Capt. Edward D. Fitzgerald
Treasurer—John J. Flaherty
Directors—Erskine Kelley, Francis Welch, Joseph Shea, John Nash.

## MISS RUSSELL HISTORICAL SOCIETY HEAD

Miss Clara R. Russell was re-elected president of the Winchester Historical Society at the annual meeting last Wednesday evening, April 8, in the art gallery of the public library.

Mr. Frank E. Crawford was elected first vice-president; Mr. Charles Gallagher, second vice-president; Mrs. George E. Connor, secretary; Miss Laura Tolman, treasurer; Miss Jean MacLellan, curator. The following directors were named: Miss Louise Bancroft, Mrs. Arthur A. Belville, Miss Persis Richardson, Mr. James Nowell, Mr. Leon Sargent, Mr. Roland Simonds, Mr. Vincent Ambrose, Mr. Marshall Symmes, Mrs. John B. Wills. The report of the nominating committee was submitted by Mrs. T. T. Greenwood, chairman. Annual reports from the treasurer, secretary and curator were read, with the auditors' report from Mrs. Belville. The sum of five dollars was voted to the Winchester Scholarship Foundation.

Miss Alice Robinson, of one of Winchester's oldest families, was asked to tell the Society about the celebrated Prince family—the father, Frederick Octavius Prince and the four sons who enlivened the life of Winchester and its environs—and in telling this story in rhyme, Miss Robinson did a superb job, and a most entertaining and enlightening one.

Miss Louise Bancroft reported on the Bay State League meeting coming on Saturday, and Miss Russell explained to the members that Bill No. 176, which all historical societies have supported, was approved by the legislature, making September 17 "Constitution Day" officially.

Mrs. Robert M. Barclay of Reading was the speaker of the evening, presenting a stimulating picture of Alice Morse Earle, writer of books on life and times in early New England. Although these books, seventeen in all, were written half a century ago, the material in them is still fresh and authentic, and still used by collectors, authors and students of Americana. The year 1951 was the 100th anniversary of the birth of Mrs. Earle in Worcester.

In her talk, Mrs. Barclay traced the lively story of Mrs. Earle from her girlhood, her school days at Dr. Gannett's in Boston, her marriage to Henry Earle, the New York broker, and the birth of her four children. In her forties, Mrs. Earle, who had always loved old things, was prompted to put her findings in book form, for others to use and enjoy—for she was a good story teller, as well as a student. Her first writing was an article for Youth's Companion on "The Sabbath in Puritan New England," which was expanded to book form. Unusual for the times was the fact that her books were liberally illustrated—and the illustrations today are just as helpful as they were in 1900.

Mrs. Barclay brought an excellent exhibit of items mentioned in the Earle books — foot warmer, birch broom, calash, clothing, sampler, ink well, quill and other items, and Miss Mead of the library had arranged an exhibit of the Earle books.

## JUNIOR HIGH FELLOWSHIP

## DISTRICT NURSING ASSOCIATION

The April meeting of the board of the W.D.N.A. was held in town hall Friday, April 10th, with twenty members present. The secretary's and treasurer's reports were read and accepted. The June meeting of the Association will be held on June 12th at the lovely home of Mrs. John Chipman, 19 Lorena road. Mrs. Wiklund, the executive director of the W.D.N.A., will attend the biennial meeting of the National League for Nursing to be held the week of June 21st in Cleveland, Ohio. The nurses made 403 calls in March.

Mrs. James Willing and Mrs. Frederick Keyes reviewed for the board the book "The Community and Public Health Nursing" by Edith Wensley. This is a very readable and interesting book and it is recommended to anyone associated with Public Health Nursing.

There is an increasing demand for Public Health nurses by official and voluntary organizations and it is recommended that there be at least one Public Health nurse for every 5000 population. She not only aids in the care and rehabilitation of the ill, but teaches the family how to give the patient proper care and helps the patient to help himself. Public Health education helps to put the fundamental facts of disease and illness before the public, who will then be better able to give willing support to control measures. As an example, there are few people nowadays who are unaware of the methods used to control the once common typhoid fever.

Participation by the people of the community is essential and it is an important function of the board to stimulate public interest and understanding. The knowledge of the scope and usefulness of the Public Health Nurse will help to dovetail the activities with other agencies. There is an increasing tendency to use lay people to do jobs which do not require special training and so to free the professionally trained people to do professional jobs. As an example of this last, the Nursing Committee of the Winchester Association is undertaking to assist the nurses by devoting one morning a week to cleaning and packaging the week's supply of syringes, which will then be sterilized by autoclaving. This is a chore which previously took about 45 minutes of a nurse's time each morning.

Mrs. Wensley believes that the nominating committee of Public Health Associations should make a special effort to bring into the organization people from all sections of the community and should not restrict themselves to those who are active in other fields but should seek to develop its own leaders.

The entire book points up the reasons for voluntary service on the board and how each of us has the responsibility to keep abreast of the discoveries and trends in Public Health, and with the Public Health nurse to help us to interpret them we can channel this information to all sections of the community.

## MYSTIC SCHOOL ASSEMBLY

The American Indian was the subject of an assembly recently presented at the Mystic School by the pupils of Miss Lillian Salice's third grade. For several weeks the youngsters had studied a unit on the American Indians, and, in this interesting program, they shared with their friends and parents some of the results of their study. All of the children in the class participated in the assembly.

Following the song, "We Are the Indians," which opened the program, Thea Kirk briefly described the major classifications of Indian tribes. May Lou O'Donnell added some interesting facts about each of these important tribes, and then the boys sang "The Peace Pipe Song."

Jacquelyn Kohl, Leslie Sanger, and Martha Peterson demonstrated the use of three handlooms to the audience. "Indian Harvest" and "Grinding Corn" were sung by the girls of the class. Another song which found favor with those listening was "My Bark Canoe," a song with motion, sung by John Ballard, Richard Bond, Donald Gross, and Kenneth Varian.

Several excellent Indian pictures painted by pupils themselves were described. Among those showing their pictures were: Kathleen Lopez, Tommy Nahigian, Alice Dyson, Russell Taylor, Robert Peterson, Dick Canty, and Richard Bond.

To complete the program, a lively Indian hunting dance was performed by the boys of the class. The announcer for the program was Kenneth Varian. Piano selections were played by Janet Dellovo, a sixth grade pupil.

Most Freshmen, Sophomores, and Juniors this week completed their Choice-of-Subject cards for the next school year. At several meetings held recently, the importance of a careful selection of one's courses was stressed. All changes in one's course of study should be made this Spring and not in September.

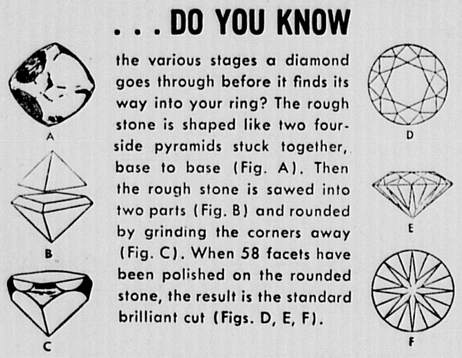
DIAMOND DETAILS

. . . DO YOU KNOW



the various stages a diamond goes through before it finds its way into your ring? The rough stone is shaped like two four-side pyramids stuck together, base to base (Fig. A). Then the rough stone is sawed into two parts (Fig. B) and rounded by grinding the corners away (Fig. C). When 58 facets have been polished on the rounded stone, the result is the standard brilliant cut (Figs. D, E, F).

## GIRLS HAD UNDEFEATED SEASON

The Winchester High School Girls' Varsity Basketball Team had an undefeated season, winning all of the 6 scheduled games and a night game with Conway, N. H.

Captain "Sonny" Smith made a new all-time high-scoring record with 171 points. "Cie" Moses and Ann Hooper were the next high scorers with 42 and 41 points, respectively.

The Sachemettes' outstanding teamwork throughout the season enabled the forwards to score 271 points while the guards kept the opposition down well below this total.

## KIWANIS FISHING DERBY

Plans for the Fishing Derby for Kids to be sponsored by the Winchester Kiwanis Club are shaping up better all the time.

We have had one setback which changes the date of the Derby. The new date is Saturday June 6. Take notice and remember this new date.

Everything else is the same and the two week delay will give the committee time to line up a few more prizes to hand out. Some of the prizes on hand now are knock-outs, Kids.

The winners will be really getting some handsome items. You remember that we promised duplicate or equal prizes for boys and girls. This is as it should be and we have high hopes of being able to award a lot of them.

It is definite now that we can start the registration next Wednesday, April 22. Go to the Sport Shop on Church street and ask Mr. Koch for a registration blank.

This must be taken home and signed by your parents and returned to Mr. Koch. We hope to have a large number of entrants so get going boys and girls, get up and register for the biggest event of the season.

## AND FINALLY SNOW!

Winchester has been experiencing about three weeks of dull, gloomy and rainy weather, with heavy rain on both Palm and Easter Sundays and, it seemed at least, most of the remaining time! Umbrellas, raincoats and rubbers have been standard equipment with the sun such an infrequent visitor that even brief snatches of its face resulted in eye-dazzle and loud huzzahs of delight.

All day Monday it threatened, actually drizzling a bit a good deal of the time, and toward the end of the afternoon, settling down for another real rainstorm.

The rain increased in intensity and the glass continued to drop until what had been rain turned to heavy snow about nine o'clock.

The precipitation was so wet that it clung to everything, loading down wires and tree limbs and resulting in many limbs breaking under the heavy weight. A wire also let go along Highland avenue, resulting in several stray blows on the fire alarm system and the disabling of the circuit controlled by the fallen wire.

The ground was white with snow by ten-thirty, and the snow continued off and on all night, the storm being accompanied toward morning by an exceptionally high wind and temperatures cold enough to be plenty unpleasant.

It sounded strange during the night and early morning to hear snow-plows going through the streets on April 14. Driving was very tricky with wet streets and visibility poor because of the heavy rain and snow. A bad accident involving a car and pedestrian took place at the corner of Washington and Eaton streets at 7:45, with the police reporting visibility exceptionally bad because of the downpour.

The snow diminished during Tuesday morning and had stopped by 12:30 with the predictions for clearing and colder by night. Oh, yes! the Red Sox-Washington Senators baseball game scheduled for Fenway Park in Boston was called off. And so, too, was the Winchester-Wakefield opener at Wakefield!

## TEACHERS' BOWLING BANQUET

More than fifty teachers and their wives or husbands attended the annual banquet of the Winchester Teachers Bowling League, which was held on the evening of April 6 at the Beacon restaurant in Woburn. Following the delicious dinner, master of ceremonies Forbes H. Norris presided over the speech-making and awarding of prizes.

Dr. Norris paid humorous tribute to the activities of the teachers bowling league for its contribution in helping the staff to get better acquainted and in providing a healthy release for the jaded tempers and jangled nerves which afflict even teachers now and then. In presenting the prizes to the team champions and high scorers, he jocosely suggested the possibility of making such future awards on the basis of uniqueness of bowling style and form rather than upon proficiency.

Among those receiving awards were the members of the winning team: Joseph Aversa, Barbara Eason, Mary McLean, and Barbara Sipp. High men and women scorers were Joseph Aversa and Eileen Hartwell, and runners-up were Charles Bennett and Marie Dugan. Much credit for a successful season and a delightful banquet goes to secretary Constance Savard and to treasurer Nerissa Purington.

## BASKETBALL POSTS FOR CHURCH

This past week witnessed the pastor and youth minister of the Crawford Memorial Methodist Church working on a basketball court with several of the young people of the church. It will be used as a part of the recreational program of the young people. Rev. John Snook, Jr., wishes to thank the Grifliths family for the equipment, Alfred Elliott for the sand mixture and cement, Norman Osborne and Mirak Chevrolet Co. for their skillful labor and the young people for their interest and support.

Those present on the job helping were David Pingree, David Bergquist, Howard Wilson, George Roghaar, Jr., Bobby Needham, Rev. and Mrs. Don McMannis, Paul White, Jacqueline Snook and Rev. John Snook, Jr.

We're wondering if the pastor won't get as much fun out of the court as the youngsters.

Regular town meeting attendants through the years have been able to notice in recent years a tendency to indulge in personalities away beyond anything encountered in the "good old days." Town officials have been accused of scheming and speakers have been heckled at the microphone in a way that has reflected scant credit to the meetings and the town. Town business should be decided strictly on its merits, not accepted or rejected according to who proposes or opposes it. Frankly, the town fathers did not seem too well prepared for this year's meeting, and there is no doubt that a great deal of objection to some of the proposals was ill advised and made by persons obviously not acquainted with all the facts. Especially there seemed to be a bad misunderstanding of the Excess and Deficiency Fund. This particular town meeting is finally over, but we have probably two special town meetings before us. The Star, at least, hopes that every one will come in to these meetings better prepared than they were at the six sessions just passed. And let us try to decide questions fairly. Personalities have no place in our town meeting debate. We do not have to agree! Indeed, it is to be hoped that we will not, for progress is often bred of honest disagreement. Objectionist tactics are something else, and the use of personalities is to be deplored. Let us get our town meetings back on the high level they have enjoyed in the past.

## NO IF, PLEASE!

Editor of the Star:

The enclosed clipping from the Manchester Union Leader may be of interest to Winchester patrons of the Boston & Maine R.R.:

"The Boston & Maine announces that thanks to its new Budd Highlander cars, the distance between Manchester and Boston will be shortened. That is, it will seem so. The mileage of course remains the same, but the self-propelled car will make the trip in 60 minutes after the last of April, when the timetables come out.

"The ride not only will be fast. It will also be pleasant. It will be cinderless and joltless. Seats are comfortable; the color design (danged if we'll say 'decor') relaxing.

"This newspaper believes in patting a man on his back—when the situation deserves. That hasn't been a very frequent occasion in the case of the B & M.

The running time between Boston and Manchester, N. H., as quoted in the above news item is pretty fast, but will not be enjoyed for the next two years, during the construction of the 22-foot wall through Winchester to be built soon, according to the latest report of the Commissioner of Public Works.

Without doubt there will be a "Slow Order" on all trains, with a speed limit of not more than ten miles per hour, perhaps less, over the two or more miles of this section under construction. This will slow down this fast schedule.

No doubt, if the truth were known, the management of the B. & M. R.R. wish that this up-lifting project had never been considered and could in some way be killed, even though the State Public Works say it is to be completed, even with the proposal to include a by-pass—with an "if". The citizens had better see to it that "if" is made positive.

## LETTER OF PRAISE

Editor of the Star:

This is a letter of praise and thanks to the Winchester Hospital, its management, its staff, its board, and all the individuals who contribute both money and services to make it the institution it is today.

Last Sunday afternoon and the Open House will long be remembered as perhaps the apex of many years of work in adding the new wing and modernizing the old. These improvements are a wonderful story and the Open House couldn't have told this story any better.

Each visitor was taken with seven or eight others on a lectured tour, from the operating rooms to the wards, from one place to another, too numerous to list, but all reassuring to the eye. Each place of interest had a member of the staff present who told of the particular function and willingly answered questions.

I think it is safe to say that nearly everyone who attended the open house left feeling very proud of this community hospital, yet realizing that this institution (although possessed of the very latest equipment) still needs everyone's assistance in the continuous struggle to keep its yearly deficit controllable.

## STUDENTS HEAR LT. GOVERNOR WHITTIER

The Winchester High School students who attended the spring convention of the Eastern Division of Massachusetts Student Councils at Gloucester on April 11, were privileged to hear an inspiring address by Lt. Governor Sumner G. Whittier. Mr. Whittier, who was the original sponsor of the annual student-government day exercises at the State House, gave his listeners an excellent lesson in practical politics as he described the struggle which preceded passage of the bill.

When student government day finally became a reality, all of the doubts as to its value and practicality disappeared. The young people came to the State House, they saw, and they conquered. "I was never more proud," Mr. Whittier recalled.

In his concluding remarks, Mr. Whittier said, "I believe completely in this nation. If each of you lives up in full measure to the responsibility of citizenship, re-examining and re-learning the lessons of American democracy, America will be equal to any challenge."

At other meetings earlier in the day, the students met in ten discussion groups to consider topics related to school life and student government.

David Pratt, WHS junior was unsuccessful in his bid for the vice-presidency of the Eastern Division, but his classmates were enthusiastic in their praise of his speech before the convention. Other members of the group attending the convention were student council president Phil Ives, treasurer Philip Salmon, secretary Judy Nanry, Marcia Lynch, Marilyn Dyer, Sheila Scanlon, Waldo Hart, and faculty adviser F. Meredith Cooper.

## GEOGRAPHIC ODDITIES AND BRIEFS

At Kerowagi in New Guinea's central highlands, native attendants cut the airfield's grass runway with their long knives and keep it as smooth as a billiard table.

"Night" baseball played under the midnight sun is a regular summer sports event in Fairbanks, Alaska, says the National Geographic Society.

New Zealand has 223 peaks over 7,500 feet high, says the National Geographic Society. The highest is 12,345-foot Mount Cook.

For hundreds of years it was believed that European swallows spent their winters buried in river mud. Actually, they fly to Africa in small groups, says the National Geographic Society.

In Hawaii only the climate and scenery are native. The Hawaiians themselves are immigrants. The decks of their double canoes brought the first domestic animals and much plant life. The sugar cane and pineapple grown now were transplanted from other tropical lands.

George Washington was a pillar of his home town, Alexandria, Virginia, across the Potomac River from Washington. He grew up among Alexandria's first settlers; as a youth of 17 he helped survey its streets, the National Geographic Society recalls. It was his voting place and market, and here he maintained a town house. He represented Alexandria in Virginia's House of Burgesses, and was an honorary member of one of its fire companies. He owned a pew in its established church, and was a stockholder and patron of its first local bank.

Dear Everybody:

Valencia was in gay mood when we arrived late in the day. One of the big local festivals takes place one week hence and when we arrived across the bridge and came through the archway of the Terre de las Sellanos the people were on the street in great throngs. On one square just booths were set up and at the other side of the square young ladies by the score were selling chances on things displayed in the booths.

Valencia does not have the appearance of an old city. In the good section the shops are good, the buildings have a modern look, running to eight stories in height. At night there are plenty of neon signs. But it has many plazas and wide avenues. There's a long wide parkway all along the dry river bed.

But Valencia is old. It goes way back. Conquered by the Moors it became of prime importance. It was reconquered by the Spaniards about 1000 A. D. but soon lost again to the Moors. Not until James the Conqueror retook it in the 13th Century was it again a Christian City.

Spain itself is very old as an inhabited country. Its people go back 20,000 years. The Phoenicians came here as early as 1100 B. C. Later came the Romans who gave much to Spain.

Rome gave to Spain its language and its religion. It brought Roman law here and kept order until about the fifth century when invaders came from north of the Pyrenees. Many of the Roman Emperors were natives of Spain during this period. And some of Rome's finest generals were Spanish. The two Scipios were Spaniards and we saw the monument marking their burial place beside the roadside near Tarragona. But the Roman power waned and they were followed by the Visigoths who were from the north but not Barbarian by any means. Their reign lasted about 300 years until in a fight amongst some of the ruling class one asked help of the Moors. The latter sent their crack troops and in six years instead of just helping they conquered all of Spain for the Caliph of Damascus. Not until 1426 did King James the First reconquer Spain for the Spaniards. (I am not trying to tell you all about Spanish history but just to give you an idea of the age of Spain and some of the various races that have left their marks here.)

But back to Valencia. Some of its old gates are still standing and for size they are most impressive. Only bows and arrows, spears and swords to guard against made high walls good protection from raiders.

The Cathedral is impressive. Both aisles of the main body have many chapels and in one of them is one of Christendoms most cherished relics. It is the Holy Grail, the Chalice which Christ used at the Last Supper which history records took place at the home of a wealthy man by the name of Chusa. There is a long history of this chalice which many believe traces it back to Christ.

One of the buildings little publicized is the Deputation Generalided, the old seat of government for the Province. There is here a chapel, a large hall where are portraits of all the Spanish Kings and the Hall of Assembly. All the furnishings are original, the ceilings are beautifully carved and gilded and the walls covered with ancient tapestries and fabrics. In one large hall are urns and jars which have been excavated nearby. These go back many centuries before Christ to pre-historic times. They are beautifully shaped and the designs on them which are etched in show a degree of workmanship and beauty that we do not surpass today. No one coming to Valencia should miss seeing this building.

At the Museo De Bellas Artes (Fine Arts) are paintings by many of the finest old masters. To someone who really knows art and painting, these would be of interest but there is one large Salon devoted to the works of a modern Spanish artist named De Graen which to me were of surpassing beauty.

This evening after dinner we went out to see the holiday making. The square nearly was crowded with young and old. From tree to tree were long strings of fire crackers which were set off at intervals. The roads were roped off for a procession of men and women in costume. It was to begin at 11:30 p. m. Meanwhile, young men and women were parading around the square. We waited until 11:30 and there being no sign of the Carnival Parade, we quit and came to bed.

In all the country from Barcelona down, we have seen thousands and thousands of almond trees in lovely pink bloom, olive trees and hazelnut trees and under many of these groves grapes for wine are grown. They are not in leaf now but pruned back to the old stumps which are not more than 18 inches high here.

And that brings me to the matter of pruning. There are no woods or forests as we know them so far. Instead firewood comes from the pruning of trees along the highway and in the orange groves. And they really do cut the wood back in many cases to the solid trunks. If we pruned trees so severely, they would surely die. But no twig is wasted. Going home from their work, you will see workmen from the orange groves with large bundles of trimmings on their backs or on their bicycles.

Yours,
Correspondent

## GEOGRAPHIC ODDITIES AND BRIEFS

A measured inch of rain totals 27,000 gallons of water per acre of ground. When an inch of rain falls on the District of Columbia, it brings roughly 1,200,000,000 gallons.

A tiny fish often shares the shell abode of the Caribbean conch, notes the National Geographic Society. The little fellow never strays far, and hurries inside when his host beats a retreat into the shell.

Great Lakes cities like Chicago and Duluth have a comparatively simple problem of water supply. They extend pipes two to eight miles offshore to bring lake water from beyond the range of city-caused pollution, say the National Geographic Society.

Portuguese dorymen taking cod off the Grand Banks or in Greenland waters work some 20 hours a day. A minimum of four hours sleep every 24 hours is the legal requirement.

There are probably more species of insects on earth than of all other animals combined. About 800,000 species have been catalogued in museums, says the National Geographic Society. The number includes some 250,000 beetles.

Paris policemen, observes the National Geographic Society, are not "gendarmes," as is popularly believed, but " agents de police." The rural constabulary is the "gendarmerie."

History is often written by weather, the National Geographic Society observes. The Spanish Armada was destroyed by a storm. And had it not rained on the night of June 17, 1815, the Battle of Waterloo might have had a different outcome.

A little-known quality of licorice is the ability of liquid in which it has been processed to foam. Much of the foaming material in fire extinguishers is made from licorice by-products.

## MULBERRY TREES MAY GROW IN MEXICO

The old children's song "Here We Go 'Round the Mulberry Bush" may soon be sung in Spanish if plans for development of this ancient and valuable tree are carried out in Mexico.

Widespread Mexican cultivation of the mulberry is advocated by an Armenian immigrant to that country, Dr. Vartan K. Osigian, who has developed a hybrid tree particularly suited to Mexican soils and climates, says the National Geographic Society.

Dr. Osigian forsees use of the mulberry not only for the purpose of feeding silkworms, but as a shade and fruit tree, a source of cattle fodder and paper, and as an anchor for worn out and eroding soil.

**Versatile Plant**

The proposed Mexican uses do not approach all the potentialities of this versatile plant, which grows in one form or another in most temperate-zone countries and in some tropical areas, and ranges in size from a bush to a large tree.

The best-known and most ancient employment of the mulberry is in the manufacture of silk. Silkworms have consumed mulberry leaves in China, India and Europe for many centuries.

While the leaves are gourmet fare for silkworms, the berries are highly considered as fruit by many peoples. They also are well regarded as food by hogs and birds. The wood has been used in small quantities for furniture and cabinet work, as it has a pleasant orange-yellow to brown color and takes a high polish easily.

**Makes Tennis Rackets**

One variety of mulberry from India is used for paneling, wood carving and turning. This same Indian wood bends easily and stands up well under strain, making it desirable in the manufacture of tennis rackets.

Leaves of the white mulberry, a native of China, are considered best as silkworm fodder, while the black mulberry, originally from southwest Asia, is chiefly cultivated for its fruit. Principal North American variety is the red mulberry, found in the eastern United States.

At least two varieties grow naturally in Mexico, but they seldom reach tree size and in themselves lack the qualities obtained in the hybrids developed by Dr. Osigian. The native Mexican wood was once used by the Indians of Texas to make bows.

In all varieties the fruit drops when it is ripe, a fact well known to any motorist who has parked his car under a mulberry tree.

Tibetans anticipated Darwin by long ago claiming descent from a monkey. This legendary forebear, say Tibetan chronicles, was actually an incarnation of the Compassionate Spirit. He fed his six offspring on sacred grain, with the result that gradually their tails became shorter and they turned into men — the first Tibetans.

## VAUDEVILLE SHOW

The magic hour is here! For scores of Winchester High School boys and girls vaudeville show time represents the high point of the extra-curricular school year, rivaling in interest many of the athletic events. At three performances, this afternoon, tonight and tomorrow evening, the cast of the 21st Annual Vaudeville will present a sparkling variety show that has been in rehearsal for the past six weeks.

Glimpses of the show, seen at the prevue assembly on Wednesday, indicate that here is another in the long line of hits that began back in 1933. Not without interest is the fact that the new director, Mr. Henry K. Fitts, took part in that first show.

Missing from the show tonight will be the acrobatic dancing of George Johnson, whose performance was a standout hit last year. However, his sisters Noreen and Marguerite have prepared an act almost as dazzling and fully as eye catching.

The male chorus line, with several of the stalwart hoofers from the 1952 show, will once again rattle the floorboards of the stage and strain the laughing muscles of the audience. On the feminine side there are more than the usual number of pretty girls in a variety of novel dance selections.

The ever popular Octette will find its singing laurels challenged by the Keynotes, twelve of the high school's finest male voices. The costuming, which won such plaudits last year, is even more splendid in the latest production.

In the words of the cigarette salesman, there's more, much more, that should be said, but you had better come and see it for yourself. A children's matinee will be offered this afternoon at 3:30, and tonight and tomorrow evening the curtain will rise promptly at 8:00 p. m.

## WINCHESTER LITTLE LEAGUE

At a recent meeting the directors regretfully learned that Al Plummer, manager of the Yanks during the 1952 season, would not be able to continue in that capacity for 1953. Fortunately, however, he will be ably replaced by Phil O'Rourke. Phil will be assisted by his brother Ted, who will coach the Yanks this season. Both of these man are very capable and have had considerable successful experience with youngsters. The board is very happy to welcome them to the Little League organization.

Due to recent illness, Lew Warsky was forced to give up the chairmanship of the Equipment Committee which he had handled so well during the first and probably the most difficult year of League operation. A tribute to the efficient management of Little League equipment under Lew's direction is the fact that it was not necessary to replace a single uniform this year. Every one of the sixty uniforms has been cleaned and is completely ready for the 1953 teams as soon as they are selected. Ted Bartlett, Bob Gray and Charles Koch will carry on with the equipment management for this season.

Little League Tag Day will be held May 2nd. It is hoped that the people of Winchester will continue to support this program generously so that Winchester Little League will have as good, if not better, equipment and advantages than the leagues in the surrounding towns.

The following committee to look into the possibility of establishing a farm team organization to supplement the major teams of 1954 has been appointed: George Neville, chairman, Al Barnard, Henry Clark, Buzz McNeil and Carl Morse.

Tryouts are scheduled as follows at Leonard Field:

**April 18th**
9:30 a.m.—8-9-10-year-olds
2:00 p.m.—11-12-year-olds
**April 19th**
2:00 p.m.—8-9-10-year-olds
**April 20th**
9:30 a.m.—11-12-year-olds
2:00 p.m.—8-9-10-year-olds

Adults willing to assist during the tryouts will be most welcome. Application forms have been distributed in the schools. Anyone who did not receive a form and desires one may obtain it by contacting Mr. Koch at the Winchester Sports Shop.

The next Board meeting will be at 7:00 p.m., April 20, at Ted Bartlett's, 20 Hillside avenue.

## NEWSY PARAGRAPHS

Yesterday forenoon while a big dump truck owned by the Walker Reed Corp. of Boston was traveling south on Main street near Bonnell Motors, the lugs on the right rear dual wheel snapped and the big wheel rolled free crashing into a Ford sedan owned by Bonnell and parked in front of their showroom, damaging the left rear fender, bumper and trunk door.

Mrs. Thomas Walsh of Rangely was operated on Monday at the Winchester Hospital. She is reported as resting comfortably.

Mrs. Richard Small of Grove street is a patient at the Symmes Hospital in Arlington.

Mrs. A. Allen Kimball of Cabot street is able to be out and around after a recent operation.

## MURPHY FETED AT DINNER

(Continued from Page 1)

Stephen Murray of Needham Post 14 represented Comdr. Murphy's employers, Davies, Rose Company, Ltd., presenting the guest of honor with a mahogany gavel, the gift of the firm, and with a substantial check, the gift of "Sams" fellow workers.

Charles W. Meek, Jr., comdr. of Winchester Post, presented Comdr. Murphy with the Post's gift, a handsome gold wrist watch, adding his own and the congratulations of the Post to the popular Post past-commander for his accomplishments in Legion circles.

Coleman C. Curran, state adjutant of the Legion, announced that he would not be a candidate to succeed himself, but that he would continue to fight in the ranks for veterans' welfare. He urged the younger Legionnaires to take the places of the older veterans. Redoubling their efforts lest the good work done in the past in behalf of the veterans be wasted.

Mrs. Mary Dean of the Middlesex County Council brought the greetings of 5000 members of the Legion County Auxiliary to Comdr. Murphy and his wife, presenting at the conclusion of her remarks the Council's gift to the commander. Mrs. Lola Peterson, president of the Winchester Legion Auxiliary, presented Mrs. Murphy with a bouquet.

J. Herbert White, State Commander of the Legion, brought the greetings of the Department of Massachusetts to the banquet and expressed his personal congratulations to Comdr. Murphy, whom he lauded as dependable in every assignment and a true Legionnaire, possessed of a singleness of purpose that overcomes obstacles and gets things done.

Governor's Councillor David B. Williams, former representative and ex-commander of Mansfield Post, after some entertaining remarks of a humorous nature, struck a more serious note and after praising Comdr. Murphy's work for the Legion, presented him with a check from the Middlesex County Council.

Visibly moved by the ovation he received when he arose to speak, Comdr. Murphy expressed his thanks to those present in a sincere manner that left no doubt of his appreciation. He liked to feel he said that the entire tribute was not a personal thing, but an appreciation of the office he had been proud to hold.

In happy vein re referred to his wife as "ex-officio commander of all commitments, co-chairmen of all committees and lady in waiting."

Comdr. Murphy also paid personal tribute to "Pat" Foley for his ready and helpful advice, to big Neil McCarthy who "sold" him the Legion and sponsored his membership, to the Legion Auxiliary for their loyal support, to Congresswoman Rogers for so graciously coming on to attend the banquet and for her constant and vigilant attention to the problems of the veterans; and finally to State Adjutant Coleman Curran and Service Officer Jim Buckley for their militant service in behalf of the Legion.

Others seated at the head table were Rev. Charles A. Anadore of St. Mary's Church, chaplain of Winchester Post; Mrs. Joseph T. McKee, senior vice commander of the Auxiliary to Post 97; Harold F. Collins, senior vice commander of Middlesex County Council; Francis J. Hart, junior vice commander of Middlesex County Council and Frederick W. Gray, past commander of George A. Campbell Post of Woburn, Comdr. Murphy's sergeant-at-arms, who as ticket chairman for the banquet contributed in large measure to its success.

All the State vice commanders present were introduced and took bows, together with a number of prominent Legionnaires who were present. Dancing was enjoyed after the speaking program with Winchester's own "Joe" McKee as soloist with the orchestra.

## MILK CHART FOR JANUARY-FEBRUARY-MARCH, 1953

**Published by the Winchester Board of Health**

The bacteria count of this chart gives the number of bacteria found in one C. C. taken from the center of the sample after it had been well shaken. It should be remembered that another c. c. taken from the same sample might give a somewhat different count, but the difference would rarely, if ever, exceed 10 per cent.

## PARKHURST ASSEMBLY

Scenes from the life of Jonathan Chapman, better known as Johnny Appleseed, were given as an assembly program by the pupils of the sixth grade at the Lewis Parkhurst school before an audience of parents, teachers, and fellow pupils on April 1.

The first scene showed young Johnny Appleseed listening to an angel as she urged him to follow the procession of sturdy pioneers westward from New England to Indiana and Ohio. Soon he reached a pioneer home where he stayed awhile, entertaining the family with songs and stories and planting his precious apple seeds. In the third scene, Johnny Appleseed, older still, carried cheer to lonely, discouraged settlers, planting his seeds, distributing presents, and sharing his Bible. The final scene took place in an open clearing where settlers and friends had gathered to welcome their old friend and benefactor.

Members of the cast included Carl Masi, Sandra Mueller, Peggy Archibald, Nancy Lewis, Bill McNeil, Susan Black, Philip Borneman, Dickie Bates, Kathy Wood, Tally Kelley, Joseph Albiani, and Bill Sibley. For the final scene the class had painted an excellent mural depicting the pioneer, with its cabins, distant mountains, covered wagons, and blooming apple orchard. This formed a lovely background for the settlers grouped on the stage as they presented the choral reading, "An Apple Orchard in the Spring."

Another feature of the program was the square dance, "Red River Valley." The dancers were: Sandra Mueller, Carol McLean, Nancy Levins, Charlotte Siders, Marcia Stecchi, Peggy Archibald, Tally Kelley, Kathy Wood, Michael Gray, Paul Comins, Bill McNeil, John Miller, Philip Borneman, Richard Roberts, Bill Burrows, and Bill Wilson. Russell Cross was the master of ceremonies.

As a fitting conclusion to the program, Bill Burrows recited Stephen Benet's moving tribute to Johnny Appleseed, who "has no statue, has no tomb; but has his apple trees still in bloom."

Narrators for the play were Kay Stoffregen and Caroline Kirk; the individual scenes were announced by Walter Stecchi, Marcia Stecchi, and Carol McLean. Bill Wilson led the class and the audience in the Salute to the Flag. Music Supervisor Natalie Fitch was the accompanist at the piano.

## COUPLES CLUB

The Couples Club of the First Baptist Church met last Saturday evening for their monthly meeting. An old-fashioned Square Dance was the order of the night and Micky Meurling did an admirable job of transforming a group of perfectly healthy people into total and complete physical wrecks.

It seems that this Square dancing looks like child's play to the wall flower, but once entering "competition" the game gets rough. The committee revived us with Cokes and ice cream, but after each intermission Micky had a more torturing dance cooked up for us.

Gunner Brink played a large part in the success of the evening. Gunner is a square dancer from way back and he was a big help to Micky in teaching us the dances. Gunner is a Flyer by profession and on the dance floor is a regular Gazelle, flying over the floor with the greatest of ease.

After refreshments we could look back on the evening in retrospect and much to our surprise were all agreed that it had been fun. The committee to be congratulated on a fine program consisted of Berta and Ralph Swanson, chairmen; Ginny and Paul Butterworth; and Dorothy and Roger Buchanan.

Our next meeting will take place on May 15th and will be a progressive supper. There will be television available for those who want to watch the Championship fight; so don't let that keep you away. We will see you then.

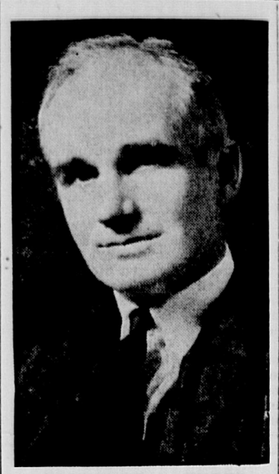
## NOW IN GERMANY

Lt. Eben Caldwell, USA, son of Mr. and Mrs. Kenneth F. Caldwell of Boston, formerly of this town, is now on duty in the mountains of Germany with the 426th Field Artillery Battalion.

Previously at Camp Brucker in Alabama, Lt. Caldwell made the trip across over the northerly route, by way of Nova Scotia and Iceland, Ireland and Scotland, thence down the North Sea to Bremerhaven. The ship encountered a terrific storm in the North Sea, resulting in a most exciting experience for all aboard.



REV. ROBERT A. STORER

## UNITARIANS TO PRESENT "OUR TOWN"

"There is no doubt that any season could count itself proud to bring forth 'Our Town'", said Robert Benchley of Thornton Wilder's unusual drama which the Unitarian Players have chosen for their Spring production May 15 and 16.

"Our Town" transforms the everyday story of Grover's Corners, New Hampshire, at the turn of the century, into a spellbinding experience of human life itself. Without benefit of conventional scenery and properties, the brief scenes are narrated by the "Stage Manager", who will be played by the director of the play, Robert A. Storer. Adele Jonah, a newcomer to the Unitarian Players, and Thornton Stearns, the juvenile lead of "Return Engagement", play the young couple whose entire lives we follow in retrospect from early schooldays.

## CLASS OF 1928 REUNION

Plans are underway for the twenty-fifth reunion of the Winchester High School Class of 1928, to be held at the High School on June 13th. William Callahan is the Reunion Chairman, Joy Adriance Woolley the Secretary; Dorothy Horn Cullen, Kezar Nichols, Gunhild Nelson Parker, Henry Knowlton and Benjamin Chitel complete the Committee that is working to make this a most enjoyable evening. It is hoped that a large percentage of the Class with husbands and wives will attend this gala occasion. Anyone having been a member of this Class at any time during High School is cordially invited to attend.

The Committee is busy checking names and addresses and trying to locate lost or strayed members, in hopes that no one is overlooked.

Assistance in locating the following would be much appreciated: Marguerite Alice Baker, Luther Conant, Jr., Edith Priscilla Dinneen, Natalie May Hammond, Grace Jeannette Preston, Marie E. Merrill, Frances Rhodes, Charles Tenney. If you know of their whereabouts, kindly contact a member of the Reunion Committee.

## WINCHESTER HOMEFRONTERS

Mrs. William C. Cusack, our executive chairman, joins Mrs. William H. Crowley, Mrs. Elmwood Fuller, and Mrs. Elsie Neilson in extending thanks to all who helped in any way to make our Bridge-Whist held in V.F.W. Hall Thursday evening, April 9th, such a grand success.

Members and guests from Winchester, Woburn, and Stoneham enjoyed an evening of relaxation where an atmosphere of friendliness prevailed, and many worthwhile prizes were given. Again, we thank you one and all!

## ART CLASSES SUCCESSFUL

The project of the Art Classes for Adults and Children under the sponsorship of the Winchester Art Association held in the Art Gallery of the Winchester Public Library each Thursday since mid-October has indeed proven a definite success from the point of view of the Library Trustees, Miss Corinne Mead and her Staff at the Library and from class members in general, both adults and children.

The fact that Art Classes are available in Winchester housed in the Public Library Gallery, at a near minimum cost to the public wishing to join, all helps to stimulate an active interest in painting and in each current monthly exhibition of the Art Association.

The project was launched under a fine teacher, King Coffin of the Museum School for the Adults; and three volunteer teachers each for a month for the children; Emily Marks, Claudia Edgell, and Carlene Samoiloff. Mrs. Hodges acted as registrar the first term and Harriet Smith, the second term.

A total intake of some $1,400 for the two terms and an outlay of approximately $1,100 was entailed, the project clearing approximately $200, plus $100 in membership dues to the Winchester Art Association.

These classes have proven the desire for and success of such an activity within the capacity of the Winchester Art Association. Many members of the Association would like to recommend the expansion of this program under a new educational project's director and a secretary-treasurer who will act as registrar. It is also vital to have a good paid teacher for the children's classes and a program of art and movies for the junior members of the Art Association. For the last five weeks of the children's classes professional teachers, Miss Elizabeth Huntington of Wellesley and Mrs. Lorraine Stuart of Winchester were engaged.

Miss Corinne Mead spoke at the Annual Meeting of the delight she and her Staff and also the Library Trustees felt in having the Art Classes held in the Gallery. Over the two terms there have been approximately 49 children registered and some 42 adults.

## THANKS TO RED CROSS VOLUNTEERS

The Executive Committee of the Winchester Chapter of the American Red Cross takes this opportunity to thank publicly the many hundreds of citizens of Winchester who volunteered their services during the 1953 Red Cross Fund Campaign. It is not possible to name them all here, but their tireless efforts in behalf of the Red Cross were sincerely appreciated.

Seven hundred and ten men and women, of whom five hundred and forty four were solicitors, gave hours of their time to assure the success of the campaign. Of course, their work would be in vain without the generosity of the many contributors.

Weeks before the solicitors began ringing doorbells, many days of work were put in by a large group of volunteers. These women and men typed slips and envelopes and assembled the solicitors' kits. Mrs. Clifton W. Linnell and Mrs. Dunbar Shanklin were in charge of this group. In addition to these two, the committee would like to thank the following people:

Mrs. Thayer F. Hersey, Mrs. James H. Beale, Mrs. Frank H. Hawkins, Miss Helen Neidringhaus, Mrs. Harvard Mann, Mrs. Sears Walker, Mrs. Samuel Ginsberg, Mrs. George H. Gowdy, Mrs. Robert MacArthur, Mrs. Roger M. Burgoyne, Mrs. Howard H. Bartlett, Mrs. Harry Goodwin, Mrs. Elmer C. Zirkel, Mrs. Paul W. Atwood, Mrs. Herbert Mullen, Mrs. Ruth E. Hilton, Charles Farrar, T. Parker Clarke, Roland E. Simonds, Miss Ruth Leydon, Mrs. Bradford M. Bentley, Mrs. Robert E. Dutting, Mrs. Philip Boone, Mrs. Philip P. Wadsworth, Mrs. Henry K. Fitts, Sr., Mrs. Carle Zimmerman, Mrs. Kenneth W. Moffatt, Miss Helen M. Monroe, Mrs. Clifford H. Williams.

To many workers from clerical help to the contributors, your local Chapter of the American Red Cross says thanks for a job well done.

It's not too late to give to the Easter Seal Campaign, say Carter F. Tetreault, 5, of Worcester, 1953 Easter Seal Boy for Massachusetts, and Win Stevens of Boston. Because contributions to the Easter Seal Campaign have been lagging, drive will continue.

## JACKSON DEAN TO SPEAK

The Study Group members may now relax, sit back and enjoy the talk, "Education and Middle Age", which Dr. Katherine R. Jeffers will give Monday evening, April 27.

This marks the closing of the series of meetings held since January in which over 80 local men and women have participated. The Group will meet at the Church of the Epiphany for dessert and coffee at 7:30.

Each chairman will have a chance to tell the highlights of his program, then a few items of business, and then the opportunity to hear Dr. Jeffers who has traveled and studied in Europe, England and Canada. She came to Jackson College as Dean in 1952 and is also a Professor of Biology.

Miss Jeffers is well qualified by training and experience to fill the position she now holds. She received her Bachelor of Arts degree from the University of Missouri in 1927 and a year later her Master of Arts degree from the same school. In 1932 she was awarded her Ph. D by Bryn Mawr College.

Her interests beyond the campus includes participation in Red Cross Work (Vice-Chairman at Williamsburg, Va. 1951-52), Girl Scout Council, and the program of American Association of University Women of which she was chairman in Durham, N. C.

## FEDERALIST DINNER

All available tables were used as an enthusiastic response resulted in maximum attendance at the United World Federalists' dinner on Monday, April 13, at Cary Memorial Hall in Lexington. The dinner was arranged by the Winchester, Lexington and Concord-Lincoln Chapters of UWF. Approximately 225 persons attended the dinner in addition to those who came in afterward to hear the speakers.

William Roger Greeley of Lexington introduced William G. Saltonstall, Headmaster of Exeter Academy and then James W. Rouse, President of the Moss-Rouse Company of Baltimore, Maryland, followed by H. Donald Wilson of Worcester, New England Executive Director of UWF.

The need of bringing added strength to the United Nations, to enable that organization to cope effectively with threats to world peace, was clearly brought out. Mr. Saltonstall spoke from the standpoint of the educational field. Mr. Rouse, a mortgage banker, stressed the need of disarmament just as soon as a stronger United Nations makes such disarmament a safe step to take.

A competitive armaments race can lead eventually to almost no alternative but war. The necessity of doing all we can to prevent this is more important than nearly anything else facing us.

Those interested in knowing more about what can be and is being done to promote a better understanding and strengthening of the United Nations organization, are encouraged to speak with one of the Winchester members of the United World Federalists or with the following Winchester Chapter Officers:

Mrs. Wallis Moulding, WInchester 6-3789.

Mrs. Mildred T. Lawton, WInchester 6-0869.

Mrs. George A. Snelling, WInchester 6-2663.

## MISS DINNEEN PROMOTED

MAURICE DINEEN'S DAUGHTER ESSO STANDARD OFFICER

Miss Frances T. Dinneen, 156 High street, Medford, has just been appointed Administrative Assistant, effective April 1st, of the Esso Standard Oil Company Everett Refinery. This is the first time a woman has held such a position locally and one of the few in the entire operations of Esso Standard Oil Company.

In addition to her previous secretarial duties for the Manager, Miss Dinneen becomes Secretary on the Salary Committee, supervises a stenographic pool, and is Secretary of the Technical Classification Committee.

Miss Dinneen's early years were spent in Winchester where she attended the public schools following which she completed a secretarial course at Boston University, College of Practical Arts and Letters. Her father, Maurice Dinneen, was for nearly 30 years in public office in Winchester, holding positions as Building Commissioner and Health Commissioner.

At least one old saw, that two girls cannot live together in harmony, has been disproved since Miss Dinneen and Miss Dorothy Wheeler, a New England Sales Division employee, have shared an apartment together in Medford for the past twelve years. Their home is unusual, having been converted from the former carriage house of one of the older mansions in the city. It is next to the Christian Science and Grace Episcopal churches and situated in a quaint setting affording a small garden with the privacy of an enclosing wall and rose-covered fence.

Miss Dinneen celebrated her 25th year of association with the company (formerly Colonial Beacon Oil Company) on February 20, 1953. Back in 1928 her first assignment was as stenographer in the Sales Division's Accounting Department. Her ability was soon recognized, however, and within a year she was transferred to the Refinery and assigned as stenographer to the Manager at Everett Refinery. Always interested in employee activities, Miss Dinneen has served on the Board of Governors of the Esso Association, Boston-Everett and is a member of The Quarter Century Club. Miss Dinneen has several hobbies, but perhaps her most active ones are gardening and oil painting. Many of her pictures have appeared in local exhibitions and she is a member of the Winchester Art Association.

## MRS. BOLSTER RECREATION SPONSOR

The National Recreation Association announces the appointment of Mrs. Richard D. Bolster, 26 Jefferson road, as Winchester sponsor.

Mrs. Bolster states that the United States has made great advancement in the past years in developing sound recreational programs. Such programs assist our children, youth and adults in the constructive use of leisure time that results in better citizenship.

This advance, Mrs. Bolster declared, has not come by chance, but rather through concerted action on the part of interested citizens working with the National Recreation Association, a private, nonprofit, nonpolitical service agency supported by voluntary contributions.

Since 1906, when the National Recreation Association was formed in response to an appeal that went out from President Theodore Roosevelt, this Association has dealt exclusively in the community recreation field, aiding communities throughout the United States in solving problems relating to playgrounds, community centers, adequate programs and good leadership. The Association has many services available, all upon request through its field work, including city-wide surveys of recreation needs, free consultation service, leadership training programs, recreation area designs, personnel service, and many others, Mrs. Bolster said.

Contributions to support the work of the Association may be sent to Mrs. Bolster or to the National Recreational Association, 315 Fourth Avenue, New York, 10, N.Y.

## WEEK-END FIRES

Thursday afternoon at 5:49 the Central Station was notified of a fire at the home of Mr. Benjamin Wild, 62 Emerson road. Box 561 was put on at the Station.

The men found upon arrival the fire was confined to the staircase where some bundles of paper were ablaze. The actual damage was slight. The firefighters believe careless use of matches by some children in the house caused the trouble.

Sunday morning at 1:42 Fire Headquarters was notified by phone of a fire at the home of Mr. Francis Colclough, 4 Madison avenue west.

A short circuit in an electric outlet in one of the bedrooms of the house caused the trouble in this instance and quite a little damage resulted, part of the room being burned with the bed, mattress and bedclothes.

Monday morning's alarm from Box 273 was for a defective gas unit heater and blower system at the home of Mr. Roland Estey, Jr., 4 North Gateway. The house was full of smoke, smoke ejectors being used to clear the dwelling. The actual fire damage was slight.

## GIRL SCOUT NEWS

The following Senior Scouts will be off to Washington on Saturday: Patty Newhall, Margaret Bane, Maureen Looney, Sue Woodruff, Anita Mullen, Joan Barnard, Gail Cullen, Phyllis Rizzo, Frances Noel, Sandra Curtis, Mary Jane Lutes, Betty Haggerty, Judy Dignam, Cynthia Alfors, Judy Cairncross, Andy Chapin, Lydia Wyman, Peggy Weafer, Margy McCreery, Dodie Clark, Nancy Switzer, Susan Pond, Madeline Derro, Nancy Gail Bradley, Marie Ferri, Jean March and Beverly Snell.

The leaders in charge of the trip include: Mrs. Vivian White, Miss Joy Webber, Mrs. William Darou, Mrs. Kenneth Cullen, Mrs. John Looney, and Mrs. Frank Weafer. A wonderful time will be had by all!

Ten Senior Scouts served as Nurse's Aides on last Sunday at the open house at the Winchester Hospital. They were Gail Cullen, Ann Munro, Frances Noel, Carol Massaro, Diane Curtis, Mary Jane Lutes, Margy McCreery, Terel Newell, Nancy Coyne, and Jane Hilgedick.

Each Girl Scout Troop that spends the night at the Cabin must be accompanied by at least one leader who has completed the overnight training course. On April 10th a group of leaders finished their training with an overnight spent at the cabin. The weather was a little dubious, but everyone had a marvelous time. Those present were Mesdames Betty Page, Agnes Burton, Olive Dawson, Esther Campagna, Joan McKinley, Dorothy Fisher, Jesse Pratt, Dot Glowacki and Lou Finn. In addition to these, there are in Winchester about 26 leaders so qualified.

Leaders! Do you realize that there are available to you about 40 badge consultants? Spring is the ideal season to do badge work, such as "Birds", "Trees", and "Outdoor Cook". For help in this field call Mrs. Lawrence Dallin, WI 6-0334.

A joint meeting of the three Lincoln School Brownie troops was held last Friday afternoon to award the cookie prizes. Scout President Mrs. McCreery and Cookie Chairman Mrs. Walsh were guests. Scout Vice President Mrs. Roswell Harding presided and made the awards. A Filene Gift Bond for selling the largest number of cookies in the school was presented to Joyce Pollard. Sally Clark, who was second high seller, received the Plaque presented to Troop 35, with Mrs. R. Kazazian as Leader and Cookie Pusher, for selling the largest number of cookies in this sale. Rosemary Lindsey, third highest seller received a basket of assorted cookies for a troop party for the winning troop. Sixteen Brownies from the three troops received diplomas, tied with brown ribbon, which were certificates of merit for selling over 35 boxes.

## TO SEND 12 TO STAR ISLAND

Twelve members of Metcalf Union, the high school fellowship at the Unitarian Church, are planning to attend the New England Summer Conference of American Unitarian Youth, which will be held June 20-27 at Star Island, Isles of Shoals.

That such a large number can go is due largely to the generous assistance of the Women's Alliance of the church, which has donated $200 to help cover expenses of the convention trip.

The young people run their own conference to a large extent, with several ministers, skilled in youth work, as advisors. There are workshops, discussion groups, worship services and drama groups as well as swimming, dancing, sports, campfire meetings and stunt night.

Those who already have said they want to go to Star Island are: Tyler Black, David Eldridge, William Eriksen, Darrell Harvey, Barbara Hottel, Clark Hottel, Ted Johnston, Victor Jonas, Edward Mansfield, Charlotte Nutter and Witham. One delegate position is still open.

Ted Johnston of Metcalf Union was elected treasurer for next year of the South Middlesex Federation, A. U. Y., at the annual meeting held in Reading last Sunday.

## WINCHESTER MORNINGS

The Winchester Wellesley Club has completed plans for the sixth annual series of Winchester Mornings to be presented next October and November. Under the chairmanship of Mrs. Peter Laban, the Committee has arranged the following programs.

The first speaker, on October 8th, will be Mr. John Allan May of the Christian Science Monitor. He is currently Assistant to the Overseas News Editor. His subject will be "The Current International Scene". Mr. May, a native of England, joined the Monitor in 1933. When war came, he enlisted in the Royal Navy and rose to command torpedo boats. Twice sunk in action he returned each time to sea. Rejoining the Monitor after the war, he covered the rise of the British Labor Party and the return to power of Winston Churchill. In addition to his duties as Foreign Correspondent, he also writes a delightful column for the Monitor entitled "Come What May." His background of personal experience in many great world events, and his individual style of humor, combine to provide something unusual in lecturing.

The second program, on October 29th, will be given by Mr. Theodore Woods, Jr., who will present American Folk Songs and Ballads. Mr. Woods, who first became interested in ballads when he was studying for his Master's Degree in English Literature at the Harvard Graduate School is now an Associate Professor in the Department of English and History at M. I. T. He will comment briefly on the ballads, sing and accompany himself on the guitar. Mr. Woods has appeared before various hospital, church and club groups throughout New England. In view of the mounting enthusiasm for ballad music which has developed in recent years, Mr. Woods program seems most timely.

The final speaker, to be presented on November 12th, will be Mr. John Ely Burchard, formerly of Winchester, now Dean of Humanities and Social Studies at M. I. T. His subject will be "Liberal Education for Specialists." Mr. Burchard, who received his Master's Degree in architectural engineering and civil engineering, headed a Division of the National Defense Research Committee during the war. He was also connected with the Office of Scientific Research and Development, and led missions to the Caribbean, the Pacific Ocean area, and Germany. Author of numerous books and papers, on housing, architecture and general education, he is widely known as a versatile and entertaining speaker.

Mrs. Richard O. Jordan is in charge of the ticket sale which will begin immediately. Proceeds from the Mornings will benefit the Wellesley College Development Fund, and the Winchester Scholarship Foundation.

## NATIONAL COIN WEEK

National Coin Week will be celebrated throughout the Country from Friday, April 17, through Thursday, April 23. During this time, the American coin collectors known to the initiate as Numismatists, will endeavor to place their fascinating hobby before the public. This is under the sponsorship of the American Numismatic Association, a country-wide organization of over 10,000 coin collectors and affiliated societies of many other thousands.

In eastern Massachusetts, the Boston Numismatic Society, the third oldest coin society in the Country, of which Mrs. Shepard Pond of Salisbury street is president, celebrates at the same time her 93rd anniversary, choosing as the central theme for exhibit the World's most famous coin the "Demareteion." This silver coin was struck in 478 B. C. to commemorate the victory of the Sicilian Greeks over the Carthaginians at Himera. There are but nine of these coins known in existence the most famous of which is in the collection of the Boston Museum of Fine Arts. This featured coin itself will be one of the many classic historical coins on display at the Museum during National Coin Week, and photographs of it will be a part of the other exhibits displayed throughout Boston and her suburbs.

Among these will be an exhibit at Jordan Marsh Company illustrating the development of money and coinage in pre-revolutionary New England. At the Boston Public Library, an extensive display of numismatic literature with accompanying coins will be on view in the second floor gallery. The Boston Numismatic Society has also arranged to have coin exhibits at the Fogg Art Museum in Cambridge, the Federal Savings Bank in Boston, and in the libraries and banks at Winchester, the Newtons, Wellesley, Wellesley Hills, Watertown, Waltham, Needham, Braintree, Medford, Cambridge, Somerville, and in Dover, N. H., and other eastern Massachusetts communities.

Interesting talks on coins will be broadcast during National Coin Week over Stations WLAW, WEEI and WBZ, and TV Station WBZ. See your radio and TV schedule for time.

The Boston Numismatic Society meets the first Tuesday of each month at the Sheraton-Plaza at 7:30 p. m. All visitors are welcome at these meetings where coins are displayed and discussed and enthusiastic collectors gather to spread their knowledge in the various fields of this international subject.

## JUNIOR HIGH FELLOWSHIP

The Junior High Fellowship at the Unitarian Church will meet Sunday afternoon at 5:30 at the church for an interesting program.

Among matters up for discussion at the business meeting will be completion of final plans for a school vacation party and dance, to be held at Metcalf Hall on Friday evening, April 24.

The time of the meetings, which are held the first and third Sundays of the month, has been changed from 5 to 5:30 for the Spring Season.

## ATOMIC LABORATORY IN TOWN

A new Atomic Energy Commission laboratory in Winchester off Holton street is in full operation. The primary objective of the laboratory, operated by the American Cyanamid Company under contract to the Raw Materials Division of the AEC, is the development and improvement of processes for the recovery of uranium from its ores.

The new laboratory is well equipped for studying all phases of mineral dressing, and one of its functions will be to undertake the vitally important task of developing methods for effective and economical recovery of uranium from low-grade ores and other low-grade uranium bearing materials.

The laboratory was started at the Watertown Massachusetts Arsenal in 1945 under the direction of Dr. A. M. Gaudin, Professor of Mineral Engineering of the Massachusetts Institute of Technology. At that time the contract with the Atomic Energy Commission was with MIT, which built up the staff from a few people to a total of about 60. During this period the laboratory made a number of extremely valuable contributions to process development for uranium recovery.

As the demand for uranium increased, the scope of operations of this laboratory became broader and eventually resembled the development function of regular commercial metallurgical testing facilities. MIT decided it should no longer carry on the operation of the laboratory, since it involved work more of a commercial nature than that normally handled by an acedemic institution. Consequently, in 1950, the American Cyanamid Company was awarded the contract to operate the facility. The operations continued at Watertown until the end of December, 1952.

For many years the American Cyanamid Company has operated a large mineral dressing laboratory at the Stamford Research Laboratories where ore samples from all over the world are analyzed and processes for extracting metals and minerals from these ores are developed. The Company's wide experience in the mineral dressing field was one of the principal reasons it was selected to operate this laboratory.

Because of this contract and Atomic Energy operations, American Cyanamid formed, in 1950, the Atomic Energy Division reporting directly to Vice-President of Research and Development. The Winchester Operation is under the supervision of the Director of the Mineral Dressing Division of the Stamford Research Laboratories and close coordination is maintained between the two units.

The facilities at Winchester are capable of conducting tests utilizing all the accepted methods for the concentration and chemical treatment of ores. New techniques and equipment specially designed for the problems of extracting uranium are a feature of this installation.

Ore samples from uranium fields throughout the world are sent to the laboratory in Winchester by the Atomic Energy Commission. Sometimes very small quantities are involved, again, several carloads may arrive.

Basically, the operations of the laboratory parallel those of a commercial metallurgical processing mill. The experience gained is passed along to producing units, which put the processes into effect at installations located on or near the sites of uranium bearing ores. The Winchester laboratory, in other words, starts with the ore and carries it through to the end product, which is a uranium concentrate of acceptable grade and composition. In addition, field parties of laboratory engineers are frequently sent to plants in America and in other countries so that they may give technical advice concerning processes which have been developed.

An example of this work was the recent erection of a small producing unit and analytical laboratory at Grand Junction, Colorado, which is staffed with Winchester personnel. The whole operation is the result of a process started when MIT was operating the unit at Watertown. The Laboratory facilities were not large enough to prove that the process would work on a production scale. If the Grand Junction experience is satisfactory, the recovery of uranium from certain types of ores will be improved and costs cut considerably.

The staff of the Winchester Laboratories currently numbers about 80 people, of whom about half possess technical degrees. Almost all of them have been with the unit for several years and have received special training in mineral dressing at Cyanamid's Stamford Research Laboratories. It is anticipated that this number will probably increase to more than 100.

## BOY ON BIKE HIT POLE

Paul Thomann, 8, of 28 Grayson road, was painfully injured last week Thursday afternoon when he lost control of the bike he was riding down Bonad road, and the machine ran headlong into a pole at the curve in the road across the street from the home of Fire Chief James E. Callahan.

Patricia Callahan, the Chief's daughter, saw the accident and notified Fire Headquarters, her father responding in the Chief's car with Firefighter Bob Wyman.

Assisted by Herbert Fairfield of 10 Bonad road Chief Callahan and Firefighter Wyman took Paul to the Winchester Hospital where he was treated by Dr. Charles Rooney. He sustained a bad concussion and other injuries, including split lips that required some stitches to close. He was held at the hospital after treatment, and was still there the first of the week. The bike was apparently not damaged.

## ENJOYED JAPAN LEAVE

Sergeant First Class Verne J. Slack, son of Mrs. Harold J. Slack of 32 Lebanon street, recently spent five days in Japan on a rest and recuperation leave from the 2nd Infantry Division in Korea.

The vacation was part of the Army's policy of giving periodic rests to soldiers in the combat zone. Luxurious "R and R" hotels are located throughout Japan to accommodate the veterans.

Slack, an aidman in the 9th Regiment's Medical Company, has been with the division since last August.

A graduate of Winchester High School, he was a student at Springfield College before entering the Army in February 1951.

## LOCAL TALENT EXHIBITION AT LIBRARY

The Annual Exhibition of members of the Winchester Art Association opened officially on Tuesday, April 7, at the Annual Meeting at the Public Library. It is a very interesting Exhibition, and while a few well-known favorites are noticeaby missing this year, such as Mrs. Lobingier's work and Forrest Orr's, it is a most creditable show.

The speaker was Mr. Frederick Walke, Director of the De Cordova Museum, whose lively, enthusiastic criticism was most interesting and helpful to all. Trying not to hurt any loving artist's feeling by undue criticism of their exhibits, he at the same time endeavored to encourage the effort and criticize the result.

The portrait of a well-known and much cherished figure in town, in his red hat and checkered shirt, while a very good likeness, came in for an interesting criticism by Mr. Walke.

The regular reports of officers of the Association were read with Mrs. Herbert West, vice president, presiding due to the recent illness of Dr. Lamson, president. The new Board of Directors was announced as follows by Mrs. Adin Bailey, Chairman of the Nominating Committee assisted by Mrs. Ruth Kingman and Mrs. Ethel Siedoff: President, William Mason; Vice President, Mrs. Herbert West; Secretary, Mrs. E. Phillips Walker; Treasurer, Mr. Kenneth Hall; Exhibition Chairman, Mrs. Samuel Kirkwood; Membership Chairman, Mr. Frederick Abbe; Publicity, Mrs. Charles Abbott; Hospitality, Mrs. Lewis Wadsworth; Nominating, Mrs. Theodore Atkinson; Members at Large, Mr. Reginald Bradlee, Mr. Francis E. Smith, Mr. Thomas Deviney; Library Trustee Mrs. Langley Keyes.

An attractive refreshment table with spring flowers was arranged by Mrs. Herbert West who was hostess assisted by her sister, Mrs. E. H. Robinson, Mrs. Charles Abbott, Mrs. Ejnar Bratt, Mrs. Milton Brown and Mrs. Herbert Maynard.

Following are the exhibitors in the local talent membership show: Elizabeth A. Tucker, Frances B. Fish, Dr. H. E. Maynard, Vera Benson, Margaret Bailey, Isabel Monk, Jessie Brown, Dorothy Day Howard, Mrs. Robert M. Stone, Marion Van Vloten, Ernest Dudley Chase, Ethel Siedhof, Thomas Diviney, Jessie Brown, Herbert Day Lamson, Grace Aseltine, Mrs. Stephen M. Edgell, Eleanor S. Kleinschmidt, Ralph L. Jacobs, Mrs. James Heaton, Adelaide Bratt, Del McKenzie, Emily Marks, Jane Atkinson, Mary J. King, Ardys E. Cairncross, Martha Boland, Helen L. Walker, John Ottiano, William Mason, Dana Dotten, Dr. S. H. Wilkins, Donald Warren, James N. Jones, Alice Nottage and Mrs. Kenneth Hall.

## STUDENTS HEAR IRON CURTAIN REFUGEES

A group of United States History students, accompanied by their teacher, Mrs. Ella Stacy, heard first-hand reports of conditions behind the Iron Curtain, when they attended the meeting of the Council for World Affairs, held last Friday evening at 3 Joy street, Boston. Presiding at the meeting was Mr. Samuel M. Graves, principal of Wellesley High School and former faculty member at Winchester High School. Mr. Graves expressed the Council's pleasure at the presence of the Winchester pupils.

The speakers stressed the fact that the average person living in Russia or one of the Iron Curtain countries knows very little about the non-communist world. One of the refugees, at present a student at M. I. T., described his escape by donning a German uniform during World War II.

Among the students attending the meeting were Barbara Ann Clark, Betsey Freeman, Deborah French, Nancy Ross, Catherine Goss, Claron Swonger, Neil Muncaster, and Steve Yale.

Some time during last Saturday night boys dumped garbage from a can on Hemingway street, strewing it around the rear door of the house and hanging the can on the flagpole at the Noonan School. The Police were notified.

## WINCHESTER LEGION AUXILIARY

At our last monthly meeting we were very fortunate to have Mrs. Ralph Nason as our guest speaker.

Mrs. Nason explained activities and the various needs for the patients at the Metropolitan State Hospital. The state provides an Occupational Therapist, but does not furnish all the materials needed for this work.

The members of the Auxiliary were very generous with their donations of clothing, toys, games, jewelry and cosmetics. Members may still donate any and all used clothing, toys, etc. Leave your bundles at the Legion Home.

Barbara Murphy has planned unusual entertainment for the Past Presidents' Tea, and the initiation of new members to be held at the Legion Home in May. Please watch for the date to be announced.

## LITTLE LEAGUE TAG DAY

May 2nd is the most important day of the Winchester Little League season because it has been designated as Tag Day when it is hoped that a large portion of the entire seasons operating expenses will be raised. This is the one opportunity when all the residents of Winchester can help the boys out when they call at your house for contributions. Most of the solicitors will be boys of Little League age. Each small group of boys will be accompanied by an adult, who will supervise the collection. A group of girls have volunteered to canvas in Winchester center. The boys are giving up a morning of baseball to help make the season financially possible, so be on the lookout for them Saturday morning, May 2nd, and be as generous as possible. The boys will appreciate it and the town will benefit from the training in sportsmanship and fair play that this group of Winchester boys will receive.

All the money received will be used directly for the boys for the purchase of safety equipment, insurance, uniforms, bats, balls, catching equipment, etc.

In addition to the May 2nd house to house calling there will be Little League solicitors at the Railroad Station, Friday morning, May 1st, so those who might be away on Saturday will have an opportunity to support Winchester Little League boys whose ages range from eight to twelve years.

Last weekend 235 boys showed up for the tryouts which is evidence of the interest and enthusiasm in this program.

It is hoped that part of the funds raised this year will be devoted to farm teams for 1954 providing some arrangements for a field can be made by the committee studying this problem.

## PLAYING LEAD ON BROADWAY

Sue Hight has done it again! Winchester's gift to show business and the daughter of Mr. and Mrs. Robert E. Hight of Ledyard road is now playing the lead in the Broadway smash hit, "Guys and Dolls," having climbed sensationally from a place in the chorus to leading roles in New York shows in three short years.

Sue, who used to appear in high school and Winton Club shows, then on radio and TV, got her Broadway start as a chorine in "Gentlemen Prefer Blondes." She worked hard and studied effectively, putting in long hours coaching in both singing and dancing.

A bit part in the popular musical show, "South Pacific," was a distinct step up the ladder for Sue, and from this she went to a supporting role in "Two's Company."

She had to show real class to land the lead in "Guys and Dolls," though the management of the show did insist that she come to the studio and try out for the role. Close to a thousand were auditioned for the part eventually awarded to Sue.

Few, if any, from Winchester have achieved the success of this unassuming youngster in the most competitive business of them all, show business!

## A PLUG FOR "MACK"

Edward P. "Mack" McKenzie of Symmes road, Winchester correspondent for the Woburn Daily Times, got a plug from Carl Moore on his early morning radio program over Station WEEI

Carl prefaced his remarks about "Mack" by announcing that a copy of the Star had seen sent him telling of "Mack's" anniversary Wednesday, April 22. He said during his congratulatory remarks that few attain "Mack's" ripe old age and an even smaller number continue their popularity unabated through such a span of years.

"Mack" had a busy time of it Wednesday, opening up a bushel or so of birthday cards and acknowledging other greetings as well as going to the Medford home of his daughter, Mrs. William Durant, where a family birthday party was held.

As a matter of fact, he was so busy opening a stack of cards on his daily visit to the Star office that he had no time either to sing us a snatch of an Irish song, or recite his usual birthday poem. You know, the one that goes,

"I built the Rocky Mountains
And placed them where they are;
'Twas me who made Niagara Falls,
I first discovered beer;
And that was long, long before
Columbus landed here!"

Dr. Kirkwood's appointment was to be submitted to the Executive Council Thursday.

Governor Herter is reported to have wanted Dr. Gaylord Anderson, a former Boston man now health commissioner in Minnesota. In declinging the appointment Dr. Anderson suggested Dr. Kirkwood.

Dr. Kirkwood, a 46 year-old native of Seattle, Washington, graduated from Harvard Medical School and served his internship at the Massachusetts General Hospital. He is a specialist in obstetrics and gynecology with offices in Brookline. He is married to the former Grace "Sunny" Hight, daughter of Mr. and Mrs. H. Wadsworth Hight of Swan road.

## DeMOLAY ANNIVERSARY

Many Winchester residents, former members of Middlesex Chapter, Order of DeMolay, are taking an active part in the 30th anniversary observance of the chapter to be held this week end.

A banquet and special meeting on Friday, April 24, participation in the annual state ball on the 25th, and attendance at church service on the 26th are the scheduled events.

The banquet, at Masonic Apartments, Reading, will bring together past and present members for a reunion and members of the local Masonic bodies have been invited to attend. The meeting to follow will include an initiatory degree worked by a corps of past master councilors on a class of 34 candidates.

The former presiding officers taking part in the initiation include Robert H. Woodford of Worcester, master councilor; Robert A. Curtis of Reading, senior councilor; Ronald N. Taylor of Niantic, Conn., junior councilor; Harold W. Cogger, Jr., of Reading, senior deacon; Charles A. Dyson, Jr., of Stoneham, junior deacon; Herbert E. Richman of Newmarket, N. H., senior steward; Donald E. Shay of Sharon, junior steward; the Rev. Arthur W. Bowler of Peabody, chaplain; Theodore D'Orlando of Reading, marshal; Kenneth C. Latham of Reading, orator.

## ARTHUR G. MATHER

Arthur G. Mather, 81, of 57 Ashland street, Medford, who died suddenly Friday, April 17, was well known to older residents of the town, especially those members of the Winchester Boat Club who were active when canoeing rated high among aquatic sports.

Mr. Mather was a member and past commodore of the Medford Boat Club. He was generally considered the greatest single-blade racing canoeist developed on Mystic Lake, holding the local championship for many years and winning trophies far and wide, including the American Canoe Association title. In later years Mr. Mather took up wrestling and became prominent in that sport, his great physique and the strength he developed through years of padding standing him in good stead. He was a member of both the American Canoe Association and the New England Amateur Athletic Union.

For 50 years Mr. Mather was day-side foreman of the Boston-Herald Traveler photo-engraving department. Representatives of both papers as well as members of Medford City Departments, Medford and Winchester Boat Clubs and prominent sports figures crowded Grace Episcopal Church in Medford Monday when funeral services were conducted by the Rev. Angus Dun. Burial was in Oak Grove Cemetery, Medford.

## MRS. FANNY MELISSA JOSLIN

After an extended illness, Mrs. Fanny Melissa Joslin passed away on Wednesday, April 22, in her eighty-sixth year. Mrs. Joslin was the widow of Ralph E. Joslin who predeceased her by more than eleven years.

Mrs. Joslin was the daughter of George W. Davis and Melissa (Metcalf) Davis and was born in Rindge, New Hampshire, on July 16, 1867. In her early youth she moved to Hudson, Massachusetts, where she married the late Ralph E. Joslin.

In 1900, Mr. and Mrs. Joslin came to Winchester and made their home first at 12 Wildwood street and later at 14 Wildwood street. In her more active days, Mrs. Joslin was interested in community and church affairs, as well as the Girl Scout movement in Winchester.

Mrs. Joslin leaves her daughter, Mrs. Elmer H. Thorpe of Maplewood, New Jersey; and two sons, Ralph D. Joslin and James M. Joslin, both of Winchester. There are also eight grandchildren and four great-grandchildren.

Memorial services are to be held at the Meyer Chapel of the Unitarian Church this afternoon and interment services will be at the Forestvale Cemetery in Hudson, Massachusetts.

HARRY C. SANBORN

Funeral services for Harry C. Sanborn, aged 79, prominent Baptist layman and a former president of both the Massachusetts Baptist Convention and the Boston Baptist Social Union, were held Monday afternoon at the First Baptist Church. The pastor, Rev. Walter Lee Bailey; Dr. Isaac Higginbotham and Dr. Andrew Richards officiated. Instrumental music was played by members of the Boston Symphony Orchestra. Burial was in Wildwood Cemetery.

Mr. Sanborn died suddenly Thursday, April 16, at his home, 8 Black Horse terrace, the morning after he and Mrs. Sanborn had returned from Northfield where they spent the winter.

Though born in Boston, he spent nearly all of his life in Winchester, attending the public schools and being graduated from Winchester High School in the Class of 1892.

In addition to being active in church work, he had long been prominent in Winchester civic and business affairs. In town affairs he had served as selectman from 1914 to 1916, and as a member of the school building committee.

He was an incorporator and trustee of the Winchester Savings Bank, which institution he had served as president from 1921 to 1935, and as clerk from 1909 to 1916.

Mr. Sanborn was a member of the building committee of the Winchester Hospital at the time of its expansion, and had served the Winchester Home for Aged People as clerk and treasurer.

For more than 50 years he was connected with Wellington, Sears & Company, selling agents for cotton mills. He had also served as office manager and treasurer for three subsidiary mills.

At his death he was a vice-president of both the Evangelistic Association of New England and the Massachusetts Baptist Convention, and chairman of the finance committee of the latter organization. He was a director and former clerk of the New England Grenfell Association, and had been a deacon of the First Baptist Church of Winchester for 35 years.

Mr. Sanborn and his wife were married in Winchester June 12, 1901, by the late Dr. John W. Suter. They quietly observed their 50th wedding anniversary two years ago at their summer home in Sandwich, N. H.

Mrs. Sanborn survives, with two sons, Robert E., of Winchester, and Dr. Frederick Sanborn of Pocasset; also five grandchildren.

## BOY SCOUT NOTES

TROOP 7—POST 7

The Scouts of Troop 7 and the Explorers of Post 7 jointly entertained some ninety parents and friends at the Parents' Night celebration in the Social Hall of the First Baptist Church last Friday.

Highlight of the evening was the presentation, by Rev. Walter Lee Bailey, of the Eagle Scout award to Explorer Allan Osborne. Allan became a Scout in 1949 as a member of Troop 7, transferring to Post 7 last year. Allan's mother pinned the Eagle badge on his uniform during an impressive candlelight ceremony with an honor guard of Post 7 Explorers standing by.

Other features of the affair included a supper served under the direction of Scouters David Thoms, "Doc" Millican, Walter Josephson and Harold Ekstrom; presentation of a new Post 7 flag by First Baptist Director of Scouting, Lewis Foster, on behalf of the Men's Brotherhood; presentation of Scouting awards to the Scouts of Troop 7; and a skit entitled "Worst Aid" by members of the Flying Eagle Patrol including Scouts John Foster, Albert Ducharme, Chris King, Paul Lamarche and David Rich.

Also on the evening's program was a most interesting illustrated talk by Captain O. A. Peterson of Winchester, who told the audience about some of his adventures as skipper of the "East Wind," the Coast Gurad ice-breaker which last year traveled closer to the North Pole than any other ship ever did under its own power.

During the evening, which marked Post 7's first year and Troop 7's twenty-first anniversary, almost every Troop 7 Scout received at least one award. Roger Eriksen and Ronald MacArthur won their Tenderfoot badges. Allen McLatchey and David Rich won Second Class rank. Kenneth Erb, Albert Ducharme, Christopher King and Richard Low received First Class Scout badges. Warren Fowler won the rank of Star Scout.

In addition, the following boys won Scout Merit Badges: Harold Ekstrom, Lincoln Morison, John Foster, Chris King, Warren Fowler, Richard Low, and Edward Morse.

## WYMAN SCHOOL ASSEMBLIES

**Science Fair**

The pupils of Mrs. Myrtle Dodge's Grade III were hosts to more than 500 persons, including all the pupils in the school as well as many parents, at their Science Fair on April 17. An outgrowth of their class work in social studies and natural science, the Fair included a variety of interesting exhibits, demonstrations, and talks.

Every child in the class participated, writing his own part and arranging his own display. Attracting much attention were the exhibits of live pets — parakeets, rabbits, hamsters, and fish. Other noteworthy displays were those of shells and stuffed birds. Demonstrations in the fields of astronomy, electricity, air pressure, and simple machines interested the older children particulalrly.

**Food and Clothing**

Third grade pupils, under the direction of their teacher Mrs. Gertrude McPeake, have been studying a social studies unit on "How We Are Fed and Clothed." To illustrate what they learned, the youngsters last week presented an assembly in three scenes. In the first scene, "The Big Red Barn," the audience learned about the many different workers who must cooperate before a few sheaves of wheat become a loaf of bread. In the Chinese scene, a Chinese emperor and empress discussed the work of the silk farm. Though their voices were those of members of the class, the emperor and empress were actually large Chinese dolls. A mulberry tree, prepared by the class, added to the realism of the scene. The last scene took place on a cotton farm in the South. The story of cotton, from the planting of the seed to the making of the cloth, was told by the pupils. At the end of this scene the class entertained the guests by dancing the Sicilian Circle and the Virginia Reel.

## HOW ABOUT IT!

April 24, 1953

Editor of the Star:

Through your columns may I say, "Thanks Winchester music lovers."

Why? Because last year we appealed for support of the annual Winchester High School Spring Concert. Your attendance in such numbers, and your enthusiastic response were partly responsible for the fine concert you heard.

Will you give these young musicians a chance to repeat their success on May 1st at 8 p. m. in the Winchester High School Auditorium?

I wonder if you realize you are doing far more than promote an outstanding school concert! You are under writing a far-sighted musical program for our high school students. This training means much today, but it means even more for the future of our children and of our community.

In conferences with Mr. Fred Felmet, music director, and Miss Eleanor Anifantis, assistant music supervisor, we learn that our music department is directed by two skilled musicians who are at the same time realists and idealists. They are realists because they say, "Yes, only a small porportion of these students will make a career of music. We give these gifted few a chance to sing in such selected groups as the Glee Club and the Octette. They are the ones who are chosen to take part in the All State Orchestra. Here the philosophy is 'Only the best goes'."

They are idealists because they also affirm, "There is latent musical ability in every student." Great numbers bear out this belief. Some 200 students sing in the choruses. Another 30 play in the Orchestra and 70 in the band. This bears out another of their beliefs "Appreciation comes through participation." But here are the realists again. They realize these students enjoy the sociability of working and playing with other high school school students. So we have some thirty students playing in the Arlington Spring Concert. A high point in the year is the part W.H.S. musical groups take in the Northeastern Massachusetts Musical festival. Ninety percent of the time these groups have won the judges' approval.

When our directors say, "We are training these students with our sights on the future." We can agree with their vision. Already these groups are adding color and musical enjoyment throughout the community — the band at athletic contests and Memorial Day exercises. The Octette in programs at Rotary, Fortnightly, Bedford Veterans' Hospital and the Home for Aged People.

Is it then stretching one's imagination to see these students as adults who will sing and play for their own and their families' enjoyment, who will take part in string quartettes, in their respective church choirs, and in such musical societies as the Mystic Glee Club, and Staff and Key?

Yes, you are furthering all this when you show your interest by attending the W.H.S. spring concert.

Marion L. Willing
Publicity Chairman
Friends of the W.H.S. Band-Orchestra and Glee Clubs

Last Friday night nine panes of glass were broken in the Noonan School. The police were notified.

## BOY STRUCK BY CAR

Paul Tierney, 5, of 29 Nathaniel road was painfully injured Saturday forenoon shortly before 11:30 when he was struck and knocked down by an automobile on Mt. Vernon street in front of the Central Hardware Company.

According to the police Paul and another boy ran from the northerly curb at the side of the road as a car approached, being driven west on Mt. Vernon street by George Merrow of 317 Lakeside street South, Seattle, Washington.

One of the boys succeeded in stopping in time, but Paul was unable to avoid the right fender of the machine and was knocked down.

The boy, son of Mr. and Mrs. Francis Tierney of 29 Nathaniel road, was picked up by Patrolmen Clarence Dunbury and John Elliott and Firefighter Walter Skerry. He was taken to the hospital in the police ambulance and treated by Dr. Charles Rooney for a cut over the left eye and a bump on the forehead.

## VACATIONING IN WASHINGTON

Miss Beverly Anne Snell, daughter of Mr. and Mrs. Herbert N. Snell of 69 Woodside road and Miss Mary Jane Lutes, daughter of Mr. and Mrs. John Lutes of 211 Washington street, left last Saturday morning with their scout troop to spend their week's vacation in New York and Washington.

## NEWSY PARAGRAPHS

The Fire Department has installed a new fire alarm box, No. 314, at the intersection of Tufts and Nathaniel roads. This was formerly a transmitter box.

Early Sunday afternoon a couple of ducks left their habitat at the Mill Pond and started out to see the world. Numerous calls were received at police headquarters by persons who saw the ducks waddling along the Parkway at Washington street headed toward the Fells. Park Superintendent Stanley Mullen and Patrolman Tom Parsons, with infinite patience coaxed the ducks safely back to their home base behind the town hall.

Last Saturday afternoon, some one with an automobile knocked down one of the safety posts on Ginn Field and drove the car around the newly seeded playing surface of the field. The machine was seen and the police notified, but the officers unfortunately did not get to the field in time to nab the driver.

## SIXTH YEAR IN WINCHESTER BEGINS ACTIVELY

The little shop hidden away off the main shopping center of town is by no means a light under a bushel. The handwork of Macefield appears on exhibition in a variety of places. During March "Modern Jewelry and Silver by Macefield" was featured in the Art Gallery show cases at the Winchester Library. Three unusual pieces by William Mason and Leonard Field as individual artists may be seen through April at De Cordova Museum in Lincoln in the Massachusetts Crafts Show. (Everyone should see this exhibition of Massachusetts talent.) On April 25th there will be a private showing by Macefield in Boston with other members of the class of 1943 of the Massachusetts School of Art in the 10th annual reunion.

Macefield is mentioned in print and pictures in a fabulous new book called "Jewelry Making as an Art Expression" which may be seen at the shop, and our Public Library will have a copy soon.

In the near future there will be the Annual Alumni Exhibition of the Museum School at the Museum of Fine Arts. And if time can be found, there will be an entry submitted to Designer Craftsmen U. S. A. 1953 — a national traveling exhibition to June 1955.

If you have not visited this fascinating shop during the past five years, join their list of visitors, from all over the country, who are keenly interested in fine craftsmanship and unique design, 10 Winchester place.

## D. A. R.

The April meeting of the Committee of Safety Chapter, Daughters of the American Revolution, will be held on April 27 at the home of Mrs. Malcolm Bennett.

Guest soloist will be Cushla DeLange.

## WINCHESTER ART ASSOCIATION CLASS EXHIBIT

At the close of the regular members' Exhibition which comes down on Monday, April 27, the work done by the Adult Morning and Evening Classes of the Winchester Art Association held in the Public Library Gallery will be on view for two days from 10 A. M. to 9 P. M. Tuesday and Wednesday, April 28 and 29. Members having pictures in the current Exhibition are requested to call for their pictures in the Library Gallery, Monday afternoon, April 27th, or Tuesday, April 28th.

This class exhibit is to get a prospective of the work and problems covered in class, and not considered as an exhibition of finished work. Some members were beginners, others advanced, and most all feel that some progress was made. Mr. King Coffin, the excellent teacher, is most enthusiastic over the work and the attitude of the group.

On Friday and Saturday, May 1 and 2, an exhibit of the children's work for the parents and others interested in the progress and results of the children's classes, will be on view in the Gallery from 10 A. M. to 9 P. M. This must not in any way be considered an exhibition, but merely a "birdseye view" of the problems given and the children's approach, and it must not be confused with the regular Tuesday, May 5, opening of the Exhibition of the Junior High and the High School Art Work done under Miss Hatch and Miss Goodrich, which will be shown for the month of May.

**Art Movie Program**

On Friday evening, May 1, at 7 o'clock, a Movie Program will be opened to the Art Association Junior Members of the classes. It will last about an hour and is by way of thanks from the Art Association to the children for their enthusiastic cooperation throughout the year. All children who attended either the first or second term are welcome, some 49 children in all.

## BAY STATE HISTORICAL LEAGUE

About a dozen from the Winchester Historical Society attended the Bay State Historical League 50th Anniversary as guests of the Quincy Historical Society and had a wonderful day due to the careful planning of the Society and the Committee headed by Mrs. Paul Hanna of Boston.

On registering at the Parish House of the First Church, each one was given a large identification tag, a pictorial map of Quincy, and a descriptive leaflet.

In the Church with its carved, round ceiling, and San Domingo Mahogany pulpit, Quincy Historian Edwards told the story of the Church (founded in 1639) of the present building erected in 1828 of Quincy granite donated by President John Adams. Mr. Edwards conducted groups to the crypts where both John and John Quincy Adams and their wives were buried.

In Franklin street (first settled as Braintree) was the birthplace of John Adams (built in 1663), and next to it the house where John and Abigail Adams began their married life, where he had his law office, and where John Quincy Adams was born. Both were furnished with Adams and the same period furniture, and also contained collections of china, etc.

On Penn's Hill nearby is the Abigail Adams Cairn, marking the spot where she and her son John Quincy Adams watched the Battle of Bunker Hill and where they could see the smoke of burning Charlestown.

The beautiful Adams Mansion, bought in 1788 by John Adams and enlarged by him forhis home, remained in the Adams family until 1927, when it became the property of the U. S. Government.

Another handsome estate was the Quincy Homestead or the "Dorothy Q" house, home of Abigail Adams' grandmother. It has a secret chamber back of the chimney, which is entered by Furnace Brook on the grounds.

There were many other interesting houses, as well as the Site of the first railroad in America, Site of the Furnace of the Ironworks, a unit of the Saugus Ironworks.

The meeting was held at 2 p. m. with Chairman Charles Tapley of Danvers presiding, who gave the background of the founding of the League. He expressed thanks to the Committee, the Quincy Historical Society, and to the First Parish Church for making this such a successful meeting. He introduced the speakers: President Saville of Quincy Historical, Mayor David McIntosh, and Lieut. Governor Sumner Whittier, who said the country must live up to its heritage through belief and faith in prayer.

The Anniversary Hymn, composed for the occasion by Mrs. Arthur Coolidge of Reading, was sung by the League.

After the Roll Call Mr. Tapley introduced the League President and well-known historian, Mr. Stacy Southworth, who spoke on "The Challenge of the Next 50 Years". He said the children must be taught to cherish the heritage of freedom through history in schools, patriotic societies, and other civic enterprises. He finished by quoting words by John Quincy Adams:

"Let Freedom, Friendship, Faith
thy soul engage
And serve like them thy country
and thy age."

After the benediction by Rev. Laurence Barber, all adjourned to the Parish House where a social hour followed. Cakes and coffee were served as well as pieces of the large, decorated birthday cake cut by Mrs. Hanna.

## NOONAN SCHOOL DADS' NIGHT

The large audience of parents which crowded the Noonan School auditorium on the evening of April 16 enjoyed a splendid pageant on the growth of America. Every child participated in the program which was planned and worked out by a committee of sixth grade pupils which met with Principal Leonor Rich to assign the duties for each class.

Opening the program were selections by the Noonan School band under the direction of Mr. Fred Felmet. In the first scene, youngsters from the kindergarten, the two first grades and Grade III portrayed children of the present. Second grade youngsters made puppets for the puppet show that accompanied this scene.

For Scene II, third graders depicted Indian life in an original song and dance. Fourth grade pupils presented a series of tableaux on the landing of the Pilgrims, the treaty with the Indians, and the first Thanksgiving.

Following these tableaux, Grade V showed three scenes from life in Jamestown and then presented an original adaptation of the life of Rip VanWinkle. A camfire on the pioneers' trail westward, an incident at Valley Forge, another western scene, and, finally, a portrayal of our boys in Korea were all offered by sixth graders.

In the grand finale, entitled "Freedoom U. S. A.," Stephen Dewar, who represented the Spirit of the Future, spoke about the great possibilities that lie ahead if every American lives up to the responsibilities of his citizenship. Jean Hebert was the Spirit of America, Kenneth McCaffrey portrayed the Spirit of the Present, and Raymond Barry was the Spirit of the Past.

Instrumental solos were played by Paul DelRossi, Arthur Collins, and Richard Saurman. In the preparation of the songs and dances for the program Miss Natalie Fitch, assistant music supervisor was most helpful.

Mr. and Mrs. Wilbert E. Underwood of Ravenscroft road, have returned from an extended trip to South America.

## MYSTIC GLEE CLUB TO PRESENT SPRING CONCERT

The thirteenth annual Spring Concert of the Mystic Glee Club will be presented at the Winchester High School Auditorium on Friday evening, May 8.

The program is well balanced, but with the accent on the lighter type of music, and features several musical comedy favorites. The first performance of the club under the direction of Allen Lannom in December 1952 was deemed the finest in its history by many people in the audience. Mr. Lannom and the club members are determined that this concert be of the same caliber and have scheduled intensive rehearsals designed to bring the selections up to the desired performance level.

Information regarding season tickets for both this concert and the winter concert in December 1953 may be obtained by telephoning WInchester 6-1258.

## THE FORTNIGHTLY

The Fortnightly Preservation of Antiques Committee took advantage of an outstanding Antiques Conference held at the Milton Women's Club on Thursday, April 16 at 10 a. m.

Mrs. Howard W. Draper of Milton, State Chairman, announced the Massachusetts winners of the Antiques Collection Contest, and is sending these papers to Washington to compete with those from other states.

The local historian, Col. Edward Pierce Hamilton, showed maps as early as 1634, and pictures of Milton Village built near the Falls, below which the Neponset River was navigable to the ocean, making that the popular way from Milton to Boston.

Most of the buildings were mills of various kinds — grist, fulling, gun-powder, chocolate, nails, snuff, drugs, India rubber, wooden veneer, tanning and leather works. In 1765 a British soldier started grinding chocolate, and from that the nationally known Walter Baker Company was to become the chief business in Lower Mills.

A delicious luncheon was served at the Club House to over 100 guests from all parts of the state.

Then the Conference went in small groups to two houses not usually open to the public.

The Suffolk Resolves House was formerly a store built near the Falls. Here in 1765 about 60 patriots met and drew up Resolutions of Independence, much of which was incorporated into the Declaration of Independence. When this building was to be torn down a few years ago Dr. and Mrs. Ayers bought and moved it onto their estate, where it was restored, and is now beautifully furnished as a house in the Revultionary times. A copy of the Resolves hang on the wall, with other mementos.

The Governor Beicher House was set in spacious grounds and was a portentous mansion with fireplaces in every room, with an especially large one in the dining-room. The large hall had a door at each end, one with four locks (two locked by the same huge key). It was most attractively furnished with many antiques.

## A Very Proud Car—At A Very Modest Price!

According to Webster, one of the important meanings of the word *proud* is this: "Worthy of admiration; deserving praise."

Obviously, that definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration—and gets plenty of it everywhere. Pontiac's big-car roominess, its luxurious Body by Fisher, its smooth, easy-going ride—certainly these, too, are deserving of the praise they get.

And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer.

As a matter of fact, the only modest thing about a Pontiac is its price—for this wonderful car which gives you the engineering quality and the best features of the costliest cars is *priced just above the very lowest!*

And when you're figuring price, be sure to remember Pontiac's remarkable re-sale value—the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

## PARENT-FACULTY ASSOCIATION

The Annual Meeting of the Parent - Faculty Association was held on Wednesday evening, April 15th, in the auditorium of the Winchester High School.

Mrs. Warren Shoemaker, President of the Association, opened the meeting by extending a cordial welcome to those present and graciously expressing appreciation to her Board for their support.

As the gifts which were purchased at the end of the last school year have not been previously announced, Mrs. Shoemaker took this opportunity to say that a film on Parlimentary Procedure, a Webster - Chicago three - speed record player and two-burner hot plate (complete with tea kettle and saucepan) were presented to the School by the P. F. A. This year, the Board voted $125.00 to be spent in a similar manner.

Ways and Means Chairmen, Mr. and Mrs. H. Kimball Archibald, announced a total profit of $502.86 from the February Card Party and sale of coke at basketball games. Mrs. Archibald extended her sincere thanks to the Room Mothers who were under the direction of Mrs. Clifton McNeill, and to the fathers who manned the coke machines at the games.

One more project for this year's Board comes as a result of a precedent which appears to have been firmly established last year when a group of parents of the graduating class, as organized by Mrs. Shoemaker, thoughtfully undertook to serve the teachers annual luncheon on the last day of school.

It was most pleasant to hear the selections rendered by the High School Mixed Glee Club under the direction of Miss Eleanor Anifantis and ably accompanied by John Willis.

The following slate for 1953-1954 was accepted and read:

President, Mr. Maxwell McCreery.

Vice - President, Mrs. Herbert Ross.

Secretary, Mrs. Foster Cleaves.

Treasurer, Mrs. Edward G. Stacy.

Ways and Means Co-Chairmen, Mr. and Mrs. Clifton McNeill.

Program Co-Chairmen, Mr. Edward Bartlett, Mrs. Ralph T. Jope.

Membership Co-Chairmen, Mr. William Swett, Mrs. Austin Nanry.

Social Chairman, Mrs. Wilton Brown.

Publicity, Mr. John D. Stevens.

Room Mothers Chairman, Mrs. Frederick J. Walsh.

Nominating Chairman, Mrs. Alfred J. Higgins.

The speaker for the evening was Mrs. Clare Walsh, Supervisor of Adult Homemaking Education for the Massachusetts State Department of Education. Mrs. Walsh, who travels this state organizing groups who have designated their interest in the wide variety of subjects offered by the State-aided program, spoke interestingly of the value of the courses as a morale builder in the family unit. She humorously related one instance wherein a gentleman who had piscatorial leanings on "opening day", cancelled his plans to enroll in a course with his wife.

Because public funds are used in this project there are certain requirements to be followed such as obtaining the vote of the town, advisory committee, appropriate meeting place having proper lighting and equipment, qualifications for teachers, cost to the locality and conditions of state reimbursement. Mrs. Walsh further stated all organization information is imparted to the Superintendent of Schools in each town.

The exhibits on hand displayed the ability and originality of classes in hooked rugs, braided rugs (with square corners), jewelry and pottery - making, tray - painting. Additional courses are offered in weaving, wood carving, slipcover and drapery making, millinery, clothing, cane seating and furniture refinishing and decoration. Popularity of the program is evidenced by the fact that it is successfully functioning in ninety-six Massachusetts localities (eight of which are towns nearby Winchester) with an enrollment of 30,000 men and women.

The enthusiasm expressed during the question period might indicate that Winchester would be willing to seriously consider such a program.

## GIRL SCOUT NEWS

The Girl Scouts of Winchester were pleased and proud to entertain their fathers at the bi-annual Father-Daughter Banquet. There were 263 persons present at the banquet, and everyone seemed gay and happy. Miss Natalie Fitch, Assistant Supervisor of Music in Winchester, was the song leader with Mrs. John Ghirardini at the piano. Mrs. Kenneth Cullen, the Juliette Low Representative, outlined the purpose of the fund, and the money was collected from each troop. Mr. Charlie Koch told "What the Girl Scouts do for Winchester."

Mrs. Barbara Clark did a very efficient job in being the overall chairman of this event. The tickets were in charge of Mrs. William Laird. Mrs. William Beal took care of the seating, and the decorations were so attractively handled by Mrs. Edmund Wright and her committee plus the much appreciated help of Mr. Whittaker of the Winchester Conservatories.

Puts a Good Mark on a Man!

Regardless of where he drives, no man is wholly a stranger to the people about him —if he sits at the wheel of a 1953 Cadillac.

His name may be unknown—and also his occupation—and, likewise, the whereabouts of his home.

But he is not without standing. For his Cadillac marks him as a man of character and substance.

Let him arrive at the door of a distinguished hotel or a famous restaurant—or let him seek the ear of anyone for direction or information . . . and he has the courtesy that goes with respect. People *assume* that the man who owns a Cadillac has earned it through personal achievement.

And let it be said for Cadillac owners that, almost invariably, they respond in kind.

Indeed, the honor which Cadillac does to its owners is the fruit of the honor they have so long bestowed upon Cadillac. When so many wonderful people favor a particular make of car over such a long period of time—the car must inevitably become a mark of distinction.

All of this, of course, comes to its owner as an *extra* joy and satisfaction.

It comes in addition to the magnificent performance of Cadillac's 210 h.p. engine and improved Hydra-Matic Drive . . . the wonderful comfort of Cadillac's new Air Conditioner* . . . the car's soft, easy, relaxing ride . . . its marvelous balance and handling ease . . . its long life and dependability . . . and its truly amazing economy of upkeep and operation.

Put them all together and they spell the grandest satisfaction in all motordom—

—satisfaction so great that, once a person moves up to Cadillac, the odds are overwhelming that he will stay with Cadillac.

Have you seen and driven the 1953 version of the "Car of Cars"?

If not—we should be happy to see you at any time. Why not come in today?

## SPRING RELAXATION

Taking advantage of the spring recess from school, several of the Mystic School Staff are planning to be out of town. Mr. Forte, in capacity as a Major in the Army Reserve, will be making an inspection tour of military units in Connecticut for the Massachusetts Military District, Mrs. Forte will accompany her husband and they will stop off in New York City to visit friends, see the sights, and have fun.

Mrs. Laughner and her husband plan on driving to Washington, D. C., Roanoke, Va., Sky Line Drive, and back through Pennsylvania where they will visit relatives before returning home. Miss Jurgenson and Miss Littlefield are also going to Washington, D. C., stopping in Connecticut on the way. Mrs. Seed is going to visit an aunt in Washington. Mrs. McLean hopes to drive to Maine and Mrs. McDonald plans to visit in Gloucester.

Mrs. Dover and her husband are driving to Frederick, Maryland to visit their daughter, Edith, and her family. The other members of the staff have no definite plans except to follow their "Three Rs", that of "Relaxing, Rocking, and Resting". So picture Miss Millican, Miss Sipp, Miss Dogherty, Mrs. Hartwell, Miss Salice, Miss Tyler (except for some golf) and Miss Wood just plain resting.

## DRAMA FESTIVAL ATTRACTS MANY STUDENTS

Nearly fifty Winchester High School students traveled to Marblehead High School to attend the 22nd annual Massachusetts High School Drama Festival on April 11. This year, 19 high schools throughout the state presented one act plays in the competition.

Winchester pupils presented "The Roman Kid," with the following cast: Samuel Rocray, Connie Snelling, Terry Tallman, Janet Archibald, John Swazey, and James Andrew Robertson. In the rating of the three judges, WHS players were scored "very good, good plus, and good." Two comments by the judges which pleased members of the cast were: "Engaging show and interesting job done," and "The blocking and whole conception, excellent." This annual festival has now become a fixture in WHS dramatic activities, and both participants and spectators look forward to this event each year.

Mrs. Harold Given, 217 Forest street, a director of the State Federation of Women's Clubs and past-president of the Fortnightly Club of Winchester has been named chairman of the Winchester-Woburn area for the Mental Health Fund of Massachusetts.

## 21st ANNUAL VAUDEVILLE A STELLAR PERFORMANCE

There was something for everyone in the 21st Annual Vaudeville Show, which played to capacity audiences in the high school auditorium last Friday and Saturday evenings. Humorous skits, gay songs, dancing that was by turns lovely, lively, and ludicrous, and artistic costuming — all had been artfully mixed together by Director Henry K. Fitts and his assistants to create an evening of capital entertainment.

Opening the show and helping to provide its historical flavor was the skit, "Highlights of History," in which a colonial schoolmaster (Brad Johnson) gave an amorous Paul Revere (Dick Woodward) a speech lesson. A pixilated horse (Cecil Pride and Tom Severino) and a sleepy minuteman (Gardner Smith) added to the humor.

The historical theme continued with a lively tap chorus of British redcoats. Among the high-stepping lobsterbacks were Darla Hall, Andrea Litchfield, Gretchen Long, Judy Moller, Jane Robertson, Marilyn Rogers, Marcia Symmes, and John Sweetser.

"Three Gay Blades" introduced Ted Elliott, Dick Fernandez, and Bob Flaherty as a trio of Gay Nineties crooners clad in the loudest checks ever seen in Winchester.

For their first appearance in this show, Noreen and Marguerite Johnson lived up to their reputation as daring and proficient acrobatic dancers. Lovely girls, tastefully gowned, added graceful stepping to create "The Bandwagon." Included in the group were Sally Cunningham, Mary Lou Armstrong, Nancy Ayer, Carol Damon, Judy Higgins, Peg McNally, Prudy Morton, Patty Page, Gail Stratton, and Sandra Wittet.

Proving that it was "All in the Family," Connie, Judy, and Marilyn Snelling also demonstrated that they could harmonize, as they sang "Bidin' My Time."

Last year's popular brother and sister act was back again in "A Measly Trick," written by Ray Hayward. When the leading lady came down with the measles, Steve Yale, as the love-sick actor, faced the awful fate of having to make love to his kid sister, Stephanie.

Overflowing with contagious good cheer were Ginnie Wadsworth and Marnee Walsh, as the jaunty tramps in "Reckon I'm in Love." The high school's newest singing combination, the Keynotes, combined good voices with novel costumes for their song. As listed in the program they were Chris Adams, Dan Blanchard, Jim Carroll, Charles De Silva, Bob Flaherty, Don Folkers, Ken Hiscoe, Brad Johnson, Roy Lawson, Bill Ross, Seth Weston, and Fred Wheaton.

A novel opening introduced Liz Curtis and Marcia Symmes in a fast-stepping number called "Dark-town Taps." Only solo dance in the show was the colorful "Senorita" with Janet Keene in the spotlight.

Appropriate to the season was the last act before intermission. Stunning blue and yellow ballet skirts, as well as skillful footwork, made "Spring Fever" one of the best Poniette groups in recent years. Among the lovely gals were Sheila Carleton, Sandra Chapman, Nancy Ivers, Bunny Kaknes, Marguerite Johnson, Dell Mitchell, Judy Nanry, Sally Phelan, Betty Rowlingson, Ann Santo and Gail Stratton.

Intermission over, Darla Hall displayed fine technique in two accordion solos. Though the bouncing bunnies were missing from this year's show, their places were well filled by a playful group of Satan's fiends. Hades, here we come! The comely tumblers included Matty Branneman, Bert Coon, Patty Dade, Sue Donnell, Alison Hersey, Barbara Hottel, Nancy Ivers, Noreen Johnson, Marguerite Johnson, Janet Keene, Joan Moore, Judy Nason, Florence Newton, Sonny Smith, Jackie Snook, and Judy Swan.

"Walking My Baby Back Home" presented a saxophone quartet, composed of Stan Mullen, Bob Willing, Don Palladino, Ted Johnston, plus Gretchen Luitweiler, who startled the audience with some hot licks on the drums.

Beautifully gowned and well poised, the girls of the Octette were in excellent voice for "I'm Always Chasing Rainbows." For their second number, they returned accompanied by handsome escorts to sing "Three O'Clock in the Morning." Octette members were Jan Archibald, Liz Curtis, Carol Damon, Barbara Hickey, Ellen McFarlane, Louise Orgettas, Nancy Ross, and Connie Snelling.

"Siamese Fantasy" was one of the surprise hits of the evening. Led by Gail Watson, Lila DeTeso, Gena Flaherty, Joan Harrold, Bunny Kaknes, Mary Lou Molinaro, and Carol McCarthy presented their exotic dance. Adding much to their appearance were unusual white satin costumes.

Fresh from their triumph at the Folies Bergeres, the phoney ponies won new plaudits for their hip-swinging antics. The gorgeous whistle-bait included Howie Amundsen, John Atkinson, Jim Carroll, Bob Flaherty, Dick Violante, Kit Carleton, Fran Murphy, Dave Pratt, Jocko Serieka, and Fred Wheaton.

Tommy Severino and his trumpet found favor with the audience, as did Dave Sandburg, Judy Moller, Marilyn Rogers, and Tyler Black in "Cocktails for Two," a tricky pantomime based on the Spike Jones record. To this observer, Brad Johnson and Judy Nanry seemed extra smooth in a light-hearted rendition of "No Two People."

Like its many predecessors, the '53 Pony Chorus was lovely, poised, and well-drilled. In the chorus were Bert Coon, Marilyn Dyer, Betsey Freeman, Gretchen Long, Cie Moses, Kinky Nichols, Sonny Smith, Connie Snelling, Ann Whiton and Stephanie Yale.

Looking very smart in top hats and abbreviated tails were Jane Adams, Liz Curtis, Dierdre Donovan, Gena Flaherty, Dell Mitchell, and Joan Pearce, Margery Sanger, and Ginnie Wadsworth.

For all but the sleepy kid brothers and sisters in the audience, the finale came too soon. Brad Johnson, as the amiable schoolmaster, returned to lead the gang (nearly 200 of them, in a bright song of hail and farewell.

Music for the show was provided by an excellent student band composed of Al Simone, Steve Dunn, Dick Giacalone, Jim Myers, and Dan Mantini. Piano accompaniments which added much to the acts were played by Mrs. Norton Demsey, Judy Fowler, Don MacFeeley, Marilyn De Silva, and Judy Walker. The engaging program cover was the work of Diane Cooper.

Candy girls were as follows: Lorraine Pearson, Mary Ann Morgan, Vivian Bullard, Ruth Flaherty, Marcia Cunningham, Roselyn Gagliormella, Ann Peter, Mary Purchello, Anne Marks, and Judy Winship. In the corps of ushers were Robert Kleber, Robert Derro, Don Lewis, Russell MacLeod, Curtis Ryan, David MacKenzie, Larry Worthen, Bill Johnston, Dick Drohan, James Cusack, Harold McKinley, Peter McLaughlin, Richard Mawn, Charles DeFilippo and John Bushell.

Faculty members who assisted Director Fitts in working with the cast and handling the many details incidental to the production of the show included Eleanor Anifantis, Helen Carroll, Thomas Morse, Ray Hayward, Henry Knowlton, Louise Cone, Pauline Goodrich and Frank Weafer. Other helpers were Marguerite Derro, Phyllis O'Neil, Jean Neiley, Mrs. Anne Greene and Dan O'Donnell.

Thanks go to the Mouradian Rug Co., and to the Winchester Conservatories for the use of the rugs and palms in the show. Credits for members of other committees have been given in previous issues of the Star.

Y. O. All-Boy Championship Band of Medford on Sunday evening, April 26, at Chevalier Auditorium in Medford High School, at 8:00 p. m.

## THREE DIMENSION MOVIE

One of the most important screen events in years, a milestone that may prove as historic as the advent of sound and color to films, took place yesterday at the Capitol Theatre, Winter Hill, Somerville, with the dramatic premiere here of Arch Oboler's "Bwana Devil," the first Natural Vision 3-dimensional feature-length motion picture in color.

The revolutionary new color presentation, starring Robert Stack, Barbara Britton and Nigel Bruce, is the initial productiin ever made anywhere in 3-D.

The unique picture tells the true-life dramatic story of the building of the first railroad across British East Africa at the turn of the century, and the pair of man-eating lions whose ferocity disrupted the entire undertaking and caused consternation in the British Parliament.

"Bwana Devil" is now showing at the Capitol Theatre, Winter Hill, Somerville, through Tuesday, April 28th.

## AUXILIARY POLICE NOTES

Members of the Auxiliary Police who attended last week's meeting, were entertained and instructed at the same time, with a movie, and lecture by Inspector Little of the Registry of Motor Vehicles, assisted by Mr. Al Johnson.

The movie was amusing as well as serious, because it depicted types of traffic violators which are more or less standard in their offences, and while they were presented in something of a light vein, each of these is potentially dangerous to other drivers on the road.

"Mr. Grabber", "Nervous Nelly", "SuperMouse", "Two-Beer Bennie", the hot-rod showoff, and the flutter-head who pays attention to everything but the road, were all shown, with demonstrations of their principal driving faults; as well as "Mr. Average", who violates a multitude of small road and courtesy laws, and who represents all of us who drive a car.

The judge-narrator of the film gave each offender an inside sticker for his car, reading "Courtesy is Contagious", and then went on to prove pictorially that it really is, in the manner of chain reaction.

Following the movie, Inspector Little spoke on phases of the Motor Vehicle Laws, and some of the many problems faced by the Registry Offices. Then he answered all sorts of questions, which ranged from rules governing passing on the right, to special license regulations for persons with disabilities; from road markings in this and other states, to the variances in registration plates.

Massachusetts, he pointed out, has the most legible plates, in color, script, and size. This state is also a leader in safety record, especially pedestrian safety.

Mr. Little also brought out the fact that, although everyone was shocked and horrified by the mass killing by one man, which occurred last week, few would notice in the same paper, the number of lives taken in the same period of time, by automobile accidents.

All told, it was an interesting and informative evening, thanks to Inspector Little and Mr. Johnson. Those members who weren't there really missed out this time.

## WINCHESTER BOAT CLUB

The floats have been launched, the season has opened officially, and the Boat Club is in business. Already many of the mooring have been spoken for and assigned on the new fleet board which has been hung opposite the bulletin board. George Jones and Erskine Kelly, Jr., designed and made this attractive reference piece. Now one can tell at a glance the position of any boat in the cove—be it snipe, motor, or foreign craft.

A valuable addition to the Club this year is that famous pink job, "New Look," formerly owned by the victorious Wilkins Brothers of Quincy Yacht Club. Bob Haskell has bought it and is trying it out already on the water of the Mystic.

Bill Bennett has done himself proud with "Panther," which he constructed this winter. It's a sleek new motorboat which skims the lake at a fast clip.

Teenagers! Let's have bigger and better dances this year. Mrs. Broder again is in charge, and she's ready for all your suggestions and ideas. There's a sign-up sheet on the bulletin board for all those interested in forming a dance committee.

Saturday, May 2, will be the first big day at the Club. The occasion is the snipe No. 1 tune-up race in the afternoon, and in the evening fun for all the family. A sleight-of hand expert will mystify you, and he'll even read your minds! The party's limited in number, so buy your tickets from Steward Broder pronto. Refreshments and dancing will follow the magic show.

## SCHOLARSHIP DANCE

The Christopher Columbus Society is holding a dance tomorrow night at Columbus Hall on Raymond place benefitting the Winchester Scholarship Foundation.

There will be dancing from 8 o'clock until midnight with good music and several novelty features. A $25 Savings Bond will be given away as a door prize, and a good time is assured everyone who attends.

## METHODIST SPEAKER

This coming Sunday at the Crawford Memorial Methodist Church, Dr. Joseph M. M. Gray will bring the message.

Dr. Gray is a graduate of Drew Theological Seminary. He received the following degrees: Doctor of Divinity from Baker University, Baldwin, Kansas; Litt. D., Syracuse University; Doctor of Sacred Theology, Dickinson College, Penn.; Doctor of Humanities, Ohio Wesleyan University.

Doctor Gray served as Chancellor of American University, Washington, D. C., from 1934 to 1940. He also has served in several of the largest churches in Methodism and was elected to the General Conference and United Conference.

Doctor Gray is the author of a number of books, majoring in history, literature and religion. He is a thirty-third degree Mason.

## TOWN SOFTBALL LEAGUE

The first organizational meeting of the Town Softball League will be held on Tuesday evening, April 28, at the Legion Home at 8:00 p. m. Director Ted Bartlett urges that all teams interested in entering a team in this year's League be represented at this meeting.

Any organization or group of men interested in sponsoring a team are welcome at this meeting. This after-dinner recreation program under the supervision of the Park Department has proved very popular over the years, both for the participants and for the spectators. The Veterans of Foreign Wars are the defending champions and other teams in the League last year included the Sons of Italy, the White Shirts, the Winchester Brick Co., the Merenda Floor Co., and the Fitzgerald Contracting Co.

## CHILD TAKEN FROM HORN POND BROOK

Robert Drown, 3 year old son of Mr. and Mrs. Edward Drown of 91 Middlesex street had a narrow escape from drowning last Thursday afternoon when he fell into the swiftly-running Horn Pond Brook, swollen by heavy spring rains, while playing near his home.

William Thomas of 95 Middlesex street saw the youngster being swept down the brook and went to his assistance, getting him out of the water safely and administering first aid, assisted by the child's mother. Though the brook is not deep, it is dangerous for little children in the spring, and was the subject of discussion at the past town meeting.

The little boy was taken to his home and treated with the Fire Department's resuscitator by firefighters under the direction of Chief Callahan and Captain Amico. The boy was wrapped in blankets and the fire department's heating pad applied.

After treatment at his home little Robert was taken by Officer John Elliott and Fire Fighter Henry Heitz to the Winchester Hospital where he was attended by Dr. Charles Rooney. He was held at the hospital because of the danger of pneumonia.

## ROTARY CONFERENCE

Various members of the Winchester Rotary Club took prominent parts in the Spring Conference of the 288th District of Rotary International, which includes 32 Rotary Clubs in Eastern Massachusetts between Boston and Amesbury, including the Rotary Club of Winchester.

Dr. Forbes H. Norris, Winchester Superintendent of Schools, who is Governor of District 288, presided at most of the Rotary Instructional sessions, as well as at the noon luncheon and evening dinner on Wednesday, April 29th, assisted by W. Allan Wilde, president of Winchester Club, who was the General Conference Chairman of this spring conference. Mr. Vincent C. Ambrose, treasurer of Winchester Trust Company, who was Conference Treasurer, and Mr. Wade L. Grindle, principal of the Winchester High School, who took charge of the Rotary Information Programs.

At the luncheon the Winchester High School band played a medley of numbers arranged particularly as a musical salute to Dr. Norris consisting of "On the Banks of the Wabash Far Away" in recognition of the fact that Dr. Norris was born and brought up in Indiana; "Carry Me Back to Old Virginia" in recognition of the years he spent as principal and superintendent of schools in Richmond, Va.; "Harvardiana" in recognition of his post-graduate degree from Harvard University, concluding with the Winchester High School football marching song.

Pierce Co. He made his talk "Food is Fun" very interesting and entertaining. Many Rotarians may enjoy more elaborate and more tastily prepared food as a result of Mr. Browning's demonstrated lecture.

## SET FIRE TO TARPAULIN

WORKMEN IN HOLE THREATENED BY BLAZE

Several workmen were threatened by a burning tarpaulin stretched across an excavation in which they were at work on Blind Bridge street last Friday night at 10:35.

The men, employees of the Civitaresi Construction Company, engaged in laying a sewer main on Blind Bridge street, were working in an excavation, over which a tarpaulin had been stretched for protection.

It is believed that youngsters may have kicked or knocked a warning flare-bomb against the tarpaulin, setting it ablize.

The workmen succeeded in getting out of the hole safely and an alarm from Box 41 brought the Fire Department to the scene. The fire while it lasted however was a hot one.

## WINCHESTER LITTLE LEAGUE

Only two more weekends of tryouts and practice remain before the Little League double header opener on May 17th. In spite of the rainy weather over 235 boys between the ages of 8 and 12 have been trying out for team positions under the watchful eyes of the four team managers. The boys trying out this year show marked improvement over last year's hopefuls indicating that young Winchester has become baseball minded and done a lot of practicing with an eye on a Little League team position.

The teams this year are being sponsored by the same organizations as last year, i. e. Yanks by Winchester Rotary Club, Dodgers by Winchester Kiwanis Club, Red Sox by Moody Motors and Braves by Bonnell Motors.

The league is fortunate this year to have a regulation Little League diamond assigned to them at Ginn Field by the Park Department. The Park Department has done a very commendable job in providing a good playing surface which was graded and seeded last fall in preparation for this season. Bleachers, backstop and outfield fence are also being provided by the Park Department. The outfield fence should add materially to the enjoyment of both watching and playing the games. It will be a real thrill to watch a young slugger drop one over the fence for an automatic home run. Cut-out base paths will also be an improvement over last year's diamond.

May 2nd, Tag Day, is the one big opportunity the entire town will have to support these boys with their dollars so that sufficient bats, balls, safety equipment, insurance, uniforms, etc., can be purchased to carry on this worthwhile program.

It is the hope of the Finance Committee that Winchester will be generous on May 2nd for the benefit of the youngsters in this program.

## SPRING CONCERT AT HIGH SCHOOL

The annual spring concert by the combined musical groups of the junior and senior high schools will be presented at the high school auditorium tonight at 8 p. m. An interesting program of classical and popular music has been prepared under the direction of music director Fred Felmet, assisted by Eleanor Anifantis, Natalie Fitch, and Theodore Janner. In addition to numbers by the band, orchestra, and glee clubs, there will be a piano solo, a string trio, and a clarinet duet.

Though many of them were active participants in the vaudeville show, the young musicians have managed to find the time to rehearse for this the biggest musical event of the school year; and they hope to equal or even surpass the fine performance of last year.

Busy as the pupils and their instructors have been during the past few weeks, Director Felmet has noted that the concert could hardly be presented without the enthusiastic support of the Friends of the Winchester Band and Orchestra. Mrs. P. B. Leverette, general chairman of the Spring Concert Committee, Mrs. J. B. Willing, Mrs. R. L. Emerson, and their many assistants have worked untiringly to assure the financial success of the program. They hope that there will be a full house when the orchestra plays its first selection tonight.

## DELOREY LOST NO-HITTER

Norman Delorey, who last year hurled several games for Winchester High as a freshman, opened this new season Tuesday afternoon with a no-hit performance in a Middlesex League game with Lexington at Lexington.

A no-hitter is always news and when the pitcher who turns in such a performance fails to win, the news looms even greater.

That is just what happened to Delorey, who dropped his game to the Minute-boys, 2-1. Passes to two batters in the first and ninth innings resulted in Lexington runs, in the first Hale stealing second and going all the way in when Catcher Jocko Serieka threw the ball into center field.

Serieka's poor throw was due to his losing his footing on the soft field, and Jimmy Griffin also slipped and fell in trying to retrieve the ball in center field.

Ivusic walked and was sacrificed to second by Marques in the ninth, scoring, when Delorey, himself threw past third trying to get the runner on a rap to the mound by Douglas.

Winchester scored its run in the ninth on DiSilva's hit, a walk to Atkinson and Frank Procopio's single to center. The locals hit Read for eight safeties, but the Lexington boy fanned 11 and passed only one. Seldom in high school ball do eight hits result in only one run, and even more seldom in any sort of ball do pitchers have the extremely tough luck to lose no-hitters.

## WAKEFIELD EDGED INDIANS

Winchester travelled to Wakefield on Wednesday, April 22, and lost a close Middlesex League baseball game, 5-4, with "Skitchy" Carroll on the mound.

"Skitchy" kept Wakefield hitless and scoreless until the sixth inning when Wakefield got one safety, one more in the seventh and three damaging ones in the ninth

Wakefield scored two in the eighth and three in the last inning. The locals scored first with one in the fourth, two in the fifth, and one in the seventh.

## BEDFORD TEA

The Winchester Chapter of the American Red Cross entertained the Veterans and their families and friends at a tea on Sunday, April 26 at the Bedford Hospital. Mrs. R. E. Mauger, Canteen Chairman reported that 275 were served.

These Sunday teas are held several times during the year and give the patients an opportunity to act as hosts to their visitors. These are very happy occasions and nothing is spared to make it a beautiful tea. Coffee and cookies are served from the lovely candlelit table and spring floral arrangements add to the beauty.

Those volunteers who assisted Mrs. Mauger were: Mrs. Carl E. Barstow, Mrs. Malcolm Cook, Mrs. Harry Goodwin, Miss Margaret Copland, Miss Alice Gaffney, Cynthia Watson, and Jeanne Wilde.

## COMPLETED TRAINING

Naval Cadet Holbrook Bugbee, USNR, son of Mr. and Mrs. Harold Bugbee of 2 Dartmouth street, recently completed duty at the U. S. Naval Auxiliary Air Station, Cabaniss Field, Corpus Christi, Texas, in advanced flight training.

Bugbee, a graduate of Deerfield Academy, attended Hamilton College, Clinton, N. Y., prior to entering the Navy in 1951. He received his primary and basic flight training at Pensacola, Florida, before reporting to Cabaniss Field.

Cabaniss Field is one of the navy's two advanced flight training bases for student carrier pilots. There they are taught to fly carrier-type aircraft such as the Ad Skyraider (currently used by pilots of the Seventh Fleet in the Korean conflict) and the F6F Hellcat, navy fighter planes. Carrier-based aviation has been credited with 75 per cent of all close air support for ground troops in the Korean Theater.

## JUNIOR HIGH FELLOWSHIP

At a stepping up program and election of officers held last week, Miss Jean Dawson was elected President of the Junior High Fellowship of First Baptist Church. Other officers elected were, Carolyn Parks, girls' Vice-President; Kenneth MacArthur, boys' Vice-President; Beverly Govoni, Secretary and Robin Carlson, Treasurer.

## CORRECTION

The excellent program cover for the 21st Annual Vaudeville Show presented recently at the high school was the work of Jennifer Meigs and not that of Diane Cooper. Diane has drawn the cover design of the program for this year's Junior-Senior Prom.

Mr. and Mrs. John Willis of Rangely have returned from a trip to Bermuda.

## DELOREY LOSES ANOTHER

"Norm" Delorey continued his brilliant pitching in a losing game Tuesday afternoon when Stoneham scored three runs on a single hit to beat Winchester in a League contest transferred from Stoneham to Manchester Field because of Stoneham's wet field.

Patterson got Stoneham's hit off Delorey in the fourth and "Norm" fanned 13 while passing six. Three errors gave Stoneham three unearned runs and the game in the 7th.

Winchester had the bases loaded with no one out in the 5th and the top of the batting list up, but Griffin fanned, Flaherty popped up and Serieka's best was a fly to deep center.

Delorey has now pitched 18 innings without a victory, allowing only one hit and walking nine while fanning 23. If Ripley wants one for his "Believe it or not" cartoon series "Norm's" his man.

The elementary school baseball program, conducted by the school department under the direction of Coach Knowlton, began this week. Practice sessions for fifth and sixth grade boys will be held twice weekly, and regular league games will be played on Friday afternoons. Washington School — Mr. Ronald Messer
Noonan School — Mr. Edward Burns
Parkhurst School — Mr. George Gracie
Wyman School — Mr. Charles Bennett
Lincoln School — Mr. George H. Curtis
Mystic School — Mr. Joseph Kane

The schedule of games and the fields at which they will be played follows. The numbers 1, 2, 3, and 4 after each game indicate the fields where the teams will play, Leonard Field being No. 1, Ginn Field No. 2, West Side Field No. 3, and Loring Avenue Field No. 4.

## TOWN SOFTBALL LEAGUE

Six teams were represented at an organizational meeting of the Town Softball League last Tuesday night. This is the same number of teams that operated last summer. The returning teams were headed by the defending champions, the Veterans of Foreign Wars, and included the Sons of Italy, the White Shirts, and the Merenda Flooring Co. New Teams represented were C. E. Monson and Sons, and a group of this year's high school athletes managed by John Atkinson.

There is a strong possibility that two other teams may be added to the above group. One would be a team representing the Winchester Brick Co. that participated in the League a year ago. A second would represent the Army anti-aircraft battery stationed in the Fells and they would be a colorful addition to the League. The final organizational meeting will be held on Tuesday evening, May 12, at the Legion Home, and any group wishing to enter a team in this year's competition will be welcomed.

Miss Elizabeth Carlisle, daughter of Mr. and Mrs. Ralph E. Carlisle of Reservoir street, has been elected editor-in-chief of the Student Yearbook at Lesley College in Cambridge.

Tomorrow the Little League is holding its annual Tag Day in Winchester. It is much to be hoped that every one will support the project generously, not only because the Little League is providing a mighty good outlet for youthful exuberance that just as easily could be diverted into less healthful channels but because its tag day marks the only appeal for funds the League is planning to make this season. A year ago when Little League started in Winchester it was necessary to ask organizations and local merchants to underwrite the activity, but it is not the League's plan to be continually asking financial support from those who are constantly being approached to contribute to this or that. A successful Tag Day tomorrow will obviate any necessity for further appeals for funds. It is what the League officials particularly hope for.

Well, we see the headmasters, as well as the coaches, have decided that two-platoon football is the thing to feed the troops, so we can all prepare for another season of confusion as we watch small armies of schoolboys run on and off the field each time the ball changes hands. Of course the game, as the two-platoon devotees point out, belongs to the boys and the boys want unrestricted substitution. Unfortunately the boys, or the coaches, or even the headmasters, do not pay the freight on schoolboy football and it seems to the Star at least that the paying customers haven't exactly increased with the numbers of boys that get into and out of the lineup each Saturday.

## ROTARY THANK YOU

Winchester Rotary Club wishes to exend its sincere thanks to every one who helped, either by donations or in any other way, to make its second annual auction at the town hall last Saturday so very successful.

The auction lasted all day into the early evening and the Rotary hopes that every one who attended had a good time and got some of the real bargains that were available. Quite a few people must have thought the Club had some good stuff to sell for a lot of items were bid in and a nice profit was realized.

This profit goes to the Youth Fund of the Rotary Club and will be used to assist projects which the club feels are of benefit to the town's youngsters.

Also benefitting the fund is the tidy little amount realized by Charlie Murphy in connection with the private sale of what he called a "Chevvie". This was strictly a Rotary transaction and any one interested can easily get more intimate details from any of the Rotarians involved.

"Al" Elliott
Chairman, Rotary Auction Committee

## STAR CITED

Editor of the Star:

It was with great pleasure that the writer accompanied the Army and Air Force personnel, shown above, to the Winchester Star to present Mr. T. Price Wilson with a well earned and unique citation.

Week in and week out, since early 1948, the Star has been serving the young men and women of this Town, as well as their parents, by carrying essential military information supplied by the writer. The result has been a well-informed Star-reading public and for this Mr. Wilson received a citation, not before given any paper, which reads as follows: —

Headquarters 1202D Area Service Unit
Military Personnel Procurement Service
First Army
39 Whitehall street,
New York 4, New York
April 20, 1953

Editor
Winchester Star
Winchester, Mass.
Dear Sir:

I wish to take this opportunity to express my personal appreciation, as well as that of the U. S. Army and U. S. Air Force Recruiting Service, for the outstanding cooperation and assistance you and your staff have so generously given to personnel of the Medford Army and Air Force Recruiting Station.

Your sponsorship and personal assistance has been a great factor in the success of our efforts in the Medford and Winchester areas. In reviewing the record of the activities of the Medford Recruiting Station, one cannot fail to note the regularity with which the name of the Winchester Star has appeared as one of those responsible for the success of various recruiting projects. I also note that you have consistantly endorsed the program of the Army and Air Force Recruiting service at every opportunity.

As you well know, we in the recruiting service have an important and difficult mission to perform. The fact that we are able to succeed in our mission is due greatly to the assistance and endorsement of such patriotic public leaders as yourself.

The personnel of the Boston Recruiting and Induction Main Station and the Medford Recruiting Station join with me in expressing our sincere appreciation of your efforts in our behalf, and in wishing you great success in your future endeavors.

Sincerely yours,
Joseph Bush
Colonel USAF

The Winchester Star reaches the most unexpected places as we hear from our service men practically all over the world saying that they have read this or that in the Star. It is a big piece of home to these men. The writer has also heard from strangers from other states who have read a buddie's Star, and lonely young men from large cities will say "It must be nice to live in a small town where people know each other."

Congratulations to Mr. Wilson and may the personal thanks of the Military Manpower Committee be added to those of the Armed Forces.

Cordially yours,
G. Toye, Chairman
Military Manpower Committee

## REPLY TO LT. GOV. WHITTIER

Editor of the Star:

I read with interest your report, in the April 12th issue, of Lieutenant Governor Whittier's speech before the Winchester Women's Republican Club. As a result, I have been compelled to reply categorically but honestly.

The eager Lieutenant Governor lists the following as the 1953 goals of his party and my replies are in parenthesis:

1. No new state taxes. (Governor Herter this week signed into law a bill which he proposed to reimpose for two years temporary taxes amounting to 78 million dollars each year.)

2. Pay increases for state employees. (This proposal will no doubt have the support of both major parties in the Legislature.)

3. Bonuses for Korean war veterans. (This measure, now through the House, was voted with the support of both parties and was recommended by a Democratic Study Commission.)

4. Balancing the Boston Port Authority. (I do not know what Mr. Whittier means by this claim, but however, the Governor, after obtaining the full information on the Authority, will apparently sanction a radical modification in his original attitude. The Authority, as now constituted, has done a creditable job toward restoring the port to its rightful status.)

5. Restoring merit rating to business. (This applies to the bill intended to preserve the solvency of the unemployment fund, a bill adopted under the Dever Administration.)

6. A reduction of 14 million dollars in the budget presented by Governor Herter contrasted with last year's appropriations. (The rank and file of the membership of both branches of the Legislature have not as yet seen the budget, which is presently in the hands of the Ways and Means Committee, and therefore the attempt to make a comparison is feeble, but Representative Tyler, Republican Majority Leader, has recently admitted publicly that in all likelihood the budget will not be any less than last year and this, he said, in trying to justify the re-imposition of the temporary taxes.)

Now, Mr. Lieutenant Governor, your party won three major offices in the State last November on a campaign of promises which you are failing to keep, and on deception designed to win votes. It is advisable that you resist the impulse to keep on with your deceit because your words will be followed with close interest, now that you have a position which demands responsibility, including commendable character, employment of the truth and the end of distortion.

Your speeches will be continually checked for accuracy.

Rep. Charles J. Artesani
Democratic House Whip
April 15, 1953

## "MEMORIES OF HAPPY YEARS"

Editor of the Star:

After nearly thirty-four years of residence in this town we are leaving today, May 1. That, of itself, is not newsworthy. What is important to us is that we may have the courtesy of your columns to write a brief "thank you" note.

We came here because we liked this suburban community and we were pleased with the home which we have occupied since December, 1919. Our new-found neighbors welcomed us, the townspeople were hospitable and we soon found we were among friendly people. As time went on we became more and more aware of the fact that many public spirited citizens gave freely of their time and ability to town affairs. We have seen the town grow in population, new schools have been erected, new facilities of every sort have kept pace with this growth. Even with differences of opinion there has been a splendid community spirit.

As we could we have tried to do our share. Now, as we leave, we should like our acquaintances to know that we shall carry with us memories of happy years spent in Winchester.

Charles and Lura Watkins

Ed. Note: Mr. and Mrs. Watkins have gone to 10 King street, Middleton. Many will view their leaving Winchester with regret.

## EFFICIENT POLICE

Editor of the Star:

May I take this opportunity to thank the Winchester Police Department for the efficient manner in which they guarded our property while we were away. Knowing our home was in good hands during our absence added greatly to the enjoyment of our trip.

Sincerely yours,
Edith L. Underwood
9 Ravenscroft road

## "FOLLY OF THE FIFTIES"

Despite the recent (non-political?) decision of our Commissioner of Public Works, I predict that if the overhead railroad becomes a reality, it will eventually be known by future generations of Winchester residents as "The Folly of the Fifties"!

## PRESIDENT COMMENDS ELKS

Winchester Lodge of Elks, through its Exalted Ruler, Carl Thomas, is proud to make public the following letter from President Eisenhower to Grand Exalted Ruler Sam Stern of Fargo, N. D.

THE WHITE HOUSE
Washington
April 23, 1953

Dear Mr. Stern:

The steadfastness of American ideals shown by our youth today, especially during these recent years of trial, comes in great part from the increasing recognition we are giving to their needs and problems, their total preparedness for the responsibilities of citizenship.

I am happy to learn that the Benevolent Order of Elks has set aside May first as Elks National Youth Day, when your lodges across the country will honor the young people of their communities for their achievements as junior citizens. I do not overlook the significance of the date so well expressed in your Youth Day slogan —Keep May Day American. Public tribute to our young Americans for their progress in preparing themselves to be useful members of a free society vividly and sharply contrasts with the deadly regimentation of Communism celebrated by others on that day.

I commend the Order of Elks for these sound efforts on behalf of the Youth of America.

Sincerely,
(signed)
Dwight D. Eisenhower

## APPARENTLY NOT SO BAD

Following is an excerpt from a letter written by Lt. Eben Caldwell former Winchester boy to his parents, Mr. and Mrs. Kenneth F. Caldwell, now of Boston.

"Right now I'm in a railroad station at Stuttgart . . . The countryside is really breath-taking. Everything is in bloom and I've been Ohing ever since we left Frankfurt (we went from Bremerhaven to Wilhelmshaven to Frankfurt last night).

"I am down in the Baden-Wurtemburg section of Germany where everything seems to be out of a fairy tale. Each town looks like a quaint, crooked little group of colored gingerbread houses built very close together. All the houses are right together in the middle of the fields. Plowed fields are all around.

"Everybody here walks, or cycles, and when riding a train they carry knapsack-like affairs. Some wear embroidered sports-jackets. All wear knee-length knit socks. Many men wear knickers, or plus-fours, and most carry an umbrella crooked over the forearm.

"The boys all wear short pants until about twelve years old, and of course, the knee-length socks. The girls all seem to be built like All-American linemen, with big arms, big bones and big legs . . .

It's really interesting, but I still go for the States and will be glad to get back!"

## SCHOOL COMMITTEE NOTES

At the meeting on Monday night the elementary school principals met with the Committee for a general discussion of school problems.

Mr. Charles Gallagher, representing the Winchester Scholarship Foundation, met with the Committee to discuss the awards of scholarships to high school seniors.

It was voted that, beginning in September of 1953, the salary of kindergarten assistants will be increased to seven dollars a day for the first year and to eight dollars a day thereafter.

The following appointments of school committeemen to serve on Town committees were made.

Professor Earle F. Littleton to the Town Building Survey Committee.

Mr. Olcott Hooper to the Junior High School Building Committee.

Mrs. Janet McGrath was elected to teach in the elementary schools, beginning in September of this year.

A thirteen year-old west side boy was bumped about the head and legs while riding his bike south on Main street when he collided with the door of a car stopped in traffic which was opened to permit a passenger to alight. The driver of the car, a Woburn woman, took the boy to his home where his parents did not feel that medical attention was necessary.

## LINCOLN SCHOOL ASSEMBLIES

### Kindergarten

A delightful spring assembly program was presented by kindergarten children under the direction of their teacher, Miss Winifred Richardson, recently. The series of poems, songs, and original dramatizations found every child in the class participating.

Announcing the program and welcoming the guests was Georgia Lutes. For the first numbers Ellen Aubrey and Anita Troutner recited the poems, "The Crocus," and "Johnny-Jump-Up." Next came the dramatization and song of "Snow White and the Seven Dwarfs," in which the following students took part: Leslie Pendergast, Jimmy DiBenedetto, Michael Gasalinuovo, Bobby Gleason, William Owens, Eddie Tofuri, Bernard Tuttle, and Clifton Woodard.

"Red Robin" was recited by Bobby Brothers and Bill Carroll, and following this another dramatization and song was presented. Those participating in "Sleeping Beauty" were Marion Pizzo, Timothy Smith, Katherine Luciano, Adrienne Bennet, Angela Ciruso, Pamela Dodson, Maureen Flaherty, Linda Dunn, Joan Blanchette, Bill Cady, Stephen Dougherty, Mary Ann Graziano, Stephen Ravalli, Jeff Rutherford, and Lee Walker.

To complete the program, Sarah Fitzgerald and Carol Nash recited "Rain," and Peter Harvey, Jean Hutchings, and Paul O'Neil dramatized the humorous song, "A Frog Went Walking On A Summer's Day."

### Fifth Grade

Another interesting assembly program was the work of fifth graders under the supervision of Miss Irene Mitchell. As a result of their study of American history the youngsters prepared an original interpretation of the Spanish discovery of the Grand Canyon of the Colorado River.

To introduce the program and establish its mood, several recordings from the Grand Canyon Suite by Ferde Grofe were played. At the same time, the pupils showed a series of slides depicting the beauties of the Canyon. Every member of the class participated in the play giving an account of the discovery of the Grand Canyon by the great Spanish explorer Coronado. Though he never found the seven golden cities for which he searched, he did find one of the world's most awesome natural wonders. The colorful costumes of the younsters, their clear speaking voices, and the story of high adventure which they told, all served to make the program one of the most enjoyable of the year.

## WINCHESTER COLLEGE CLUB

With a sense of real accomplishment the various evening study groups reported the fields of endeavor for this year. Mr. W. L. Wilcox explained how the work of the "Foreign Book Group" was organized and carried out. Mr. Arthur Rogde gave a glowing account of the guidance and leadership of Dr. S. Kirkwood of the Music Group. The report of the Travel Group by Mr. Henry Harris made everyone wish he might have been a member of this group. A new procedure proved most interesting in the Play Reading Group. Mrs. Henry Kiley's account of the comparative studies of classic and contemporary plays reminded us that these study groups never become repetitious. Dr. Lobingier explained, "Our group studied the U. N. Charter, decided it needed some revision and proceeded to revise it." It was interesting to note in his report that this was not easily or painlessly accomplished. From Mrs. Waldo Lyman's Treasurer's report the group felt that the Steering Committee had done an excellent job of management. Mrs. Hazen Ayer then presented Dean Jeffers of Jackson College, who charmed us with her personality as well as with her sage remarks from her paper on "Middle Age."

The Board of the Winchester College Club entertained at Tea on Thursday, April 30 at the home of Mrs. Hazen Ayer of Oxford street. Mrs. Richard Wyman assisted by Mrs. Ray Brown and Mrs. David Morse planned this party for the new members. At this informal gathering all newcomers have an opportunity to meet and know each other, as well as learn about the many activities of this organization.

## TENNIS MORNINGS

Ladies' tennis mornings got off to a windy start Wednesday, April 29th, at the Packer Courts. Fifteen Mrs. and one Miss (although an interested spectator might have observed more misses) played doubles and singles or loosened up their limbs at the practice board. Plans are to meet as usual next Wednesday morning at 10. We hope to see you there.

Mrs. William W. Goodhue gave a very inspiring message to the chapter on how we can uphold the traditions of our forebears by honoring our country's flag and insisting on honesty and good government.

The meeting was concluded with several lovely vocal selections by Cushla deLange.

Tea was served by Mrs. Malcolm Bennett and her committee. Mrs. Harold M. Twombly poured.

## EN KA TEA

On Wednesday afternoon, April 29, Mrs. Harold B. Richmond opened her beautiful home for a tea given by the En Ka Board for the new provisional members.

The lovely day and the many gorgeous flowers throughout the house added much to the pleasure of the occasion.

The following new members were introduced to the Society: Mrs. Alexander Aitken, Mrs. Alvin G. Smith, Mrs. Robert Richmond and Mrs. James Breton.

A very attractive and delicious tea was served by Mrs. Virginia Dickey and her committee.

## WINCHESTER HISTORICAL SOCIETY

On Wednesday morning, April 22, a few minutes before mail collection, at the corner of Forest and Washington streets, a package of letters containing bills addressed to members of the Winchester Historical Society were taken from the top of the mail box.

It is difficult to understand the motive, as they were of value only to members of the society.

## POWERS TOWNSEND DELEGATE

Milton F. Powers of Washington street has been named a delegate to the Thirteenth National Convention of Townsend Clubs to be held at Cleveland, Ohio, June 29 through July 2, it was announced today by Townsend National Headquarters. He is a member of Winchester's Townsend Club No. 1.

Principal speaker at the convention will be Dr. Francis E. Townsend, now 86, who founded the plan in 1934.

For 19 years the organization has kept measures in Congress asking for "adequate social security." The Townsend bills now in Congress call for monthly payments for retired persons aged 60 or over, for persons who cannot be employed because of total disability, for the blind, and for widows who have dependent minor children.

This program would be financed by a two per cent tax levied on the gross income of all business and industry, and on the income of individuals in excess of $250 a month. The present social security tax, scaled at three per cent, would be eliminated.

Amounts paid per month would fluctuate with the national income and hence would be geared to the value of the dollar, so that recipients of pensions or benefits would not be penalized when the dollar value drops, as under the present fixed payment program.

## BADLY INJURED

Edward Leahy of Woburn, widely known Telephone Company lineman and a native of Winchester, was critically injured last week Thursday while at work on Pleasant street in Woburn.

Mr. Leahy, who is the brother of Mrs. John J. Gorman of the Murray & Gillett office, was struck by an automobile driven by a woman and knocked into an excavation, sustaining a fractured skull and a broken nose and jaw.

A Boston specialist performed an operation upon him at the Choate Hospital in Woburn Friday and his condition, though still critical, is somewhat improved.

## KNOCKED DOWN HEADSTONE IN DRIVING LESSON

Sunday afternoon shortly after 4:30 police headquarters was notified that a car had knocked down a headstone in Calvary Cemetery.

Officer John Elliott went to investigate and found that the damage had been done by a 16 year old Woburn boy who was being taught to drive by a 17 year-old Malden youth.

The names of both boys were taken by the police and they were ordered to report to the cemetery superintendent the next day to make restitution for the damage done.

## WINCHESTER HOMEFRONTERS

Mr. and Mrs. William C. Cusack, Mr. and Mrs. Oscar Surtees, and Mrs. George Saltmarsh attended the induction ceremonies in Woburn Wednesday the 22nd at 6:30 a. m. as representatives from this organization to bid farewell and wish good luck to the following boys from Winchester:

God's love for man, revealing man's true, sinless selfhood in the divine likeness and punishing sin by destroying sin and its effects, will be explained at Christian Science services Sunday. The Lesson-Sermon is entitled "Everlasting Punishment."

Among the passages from the Bible will be read the story of the Prodigal Son, including his forgiveness and his welcome back to his father's house, as told in Chapter 15 of Luke's Gospel.

The following selection on the forgiveness of sin will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"We acknowledge God's forgiveness of sin in the destruction of sin and the spiritual understanding that casts out evil as unreal. But the belief in sin is punished so long as the belief lasts" (497:9).

The Golden Text is from Hebrews: "No chastening for the present seemeth to be joyous, but grievous: nevertheless afterward it yieldeth the peaceable fruit of righteousness unto them which are exercised thereby" (12:11).

## MIT PROMOTION FOR DIETZ

Appointment of Dr. Albert G. H. Dietz of 19 Cambridge street as acting head of the course in Building Engineering and Construction at the Massachusetts Institute of Technology has been announced by President James R. Killian, Jr. Dr. Dietz will succeed Professor Walter C. Voss, who retires next June but who will remain at the Institute as Professor Emeritus and Lecturer.

Beginning July 1st, it was also announced, the course will operate as part of the Department of Civil and Sanitary Engineering and its instructing staff will be included in this department.

Dr. Dietz was educated at Miami University and at M.I.T., where he was awarded his doctorate in 1941. Appointed instructor in 1938, he was promoted to assistant professor of structural engineering in 1941, associate professor in 1946, and full professor in 1950.

During World War II he was on leave of absence from M.I.T. for special work with the Office of Field Service, Office of Scientific Research and Development. For his outstanding service in this connection Dr. Dietz was awarded a certificate of appreciation from the Army and Navy in 1948. In 1950, he was appointed to the Civilian Defense Organization Committee and the Governor's Advisory Council on Defense in Massachusetts.

In June 1951 Dr. Dietz was appointed to a commission on engineering education to go to Japan for consultation with the Japanese Ministry of Education, a project sponsored by the American Society for Engineering Education and the Unitarian Service Committee.

Dr. Dietz is a member of the American Society of Civil Engineers and the American Society for Testing Materials. He has lectured extensively and is editor of a book entitled "Engineering Laminates." ## SAFETY OFFICERS LEAGUE

The Massachusetts Safety Officers League, an organization of Police Safety officers, Registry of Motor Vehicle Safety instructors and others interested in Safety Education work, will hold its Annual Meeting on May 6, 1953 at Armand's Beacon Terrace, Route 9, Framingham.

All Chiefs of Police are urged to send Safety officers of their departments or a representative to this important meeting.

Lives may be saved through the efforts of the Police School Safety Officer.

DR. ROBERT CUMMINS

## RESIGNATION ANNOUNCED

Concurrent announcement of the resignation of Dr. Robert Cummins of 1 Yale street from the office of general superintendent of the Universalist Church of America and the election of his successor, Dr. Brainard F. Gibbons of Wausau, Wisconsin, was made recently from Universalist headquarters in Boston.

Dr. Brainerd F. Gibbons, the new general superintendent, who will take up his duties November 1, has been president of the Universalist Church of America since 1951. Dr. Gibbons has served churches in Monson and Lawrence, Mass., and Wausau, Wisconsin. During World War II he saw long and active service as a naval chaplain in the Pacific theatre of the war.

Dr. Cummins has served as chief executive of Universalist Churches for fifteen years. During this period he has guided the Universalist Church through an exhaustive program of reorganization all the way from the policy and activity of the local church through the national body. He has labored as administrator, author and educator in carrying out his duties. His book, "A Manual of Parish Practice," has revolutionized Universalist churchmanship.

Dr. Cummins' administration brought about a steadily improved standard for the Universalist ministry and lifted the morale of the laity so that American Universalism has changed from a stationary movement to an expanding, crusading church.

Dr. Cummins came to Universalist headquarters from a decade of successful church leadership in California as minister of the First Universalist Church of Pasadena. Prior to his California pastorate he served churches in Milford and Cincinnati, Ohio.

## KIWANIS CLUB

At the regular Wednesday meeting of Kiwanis, Dr. Holtzman, head of the Veterans Administration Department of Mental Hygiene was the speaker. Dr. Holtzman proved to be exceptionally interesting and developed a lively question and answer period after his talk.

We have had a couple of post cards from Bill Wolsey mailed from Sweden. It sounds as though Bill is enjoying himself.

Jimmy Violante reported on the Hospital Bed Campaign just ended and it was nice to hear that it met with success. The winner of the television set put up by the Hospital Bed Committee was won by Mr. Andelman of the Colonial Perfume in Winchester.

On May 13th we will have an inter Club meeting with the Medford Kiwanis Club. Our speaker will be Mr. John Volpe, Commissioner of Public Works for Massachusetts. This promises to be an outstanding meeting; so we hope for 100% attendance for this evening.

## WARM-UP TENNIS TOURNAMENT

The Winchester Tennis Association will sponsor its annual Wightman Warm-up Tournament for boys and girls age 15 and under on May 7, 8, and 9. Boys' singles will start Thursday; girls' singles on Friday; mixed doubles Saturday morning at 9.

This tournament will consist of one-set matches like Mrs. Hazel Wightman's annual affair at Longwood. Semi-finalists will receive free entries to the Longwood tournament on May 23. Winners and runners-up in the boys' and girls' singles will receive medals.

Please sign up to play in the tournament at your gym office or call Mrs. Hills, WI 6-1547-M.

## LOCAL CANCER CONTRIBUTIONS 53 PER CENT OF QUOTA

Winchester has reported 53 percent of its quota raised in the statewide campaign of the American Cancer Society's Massachusetts Division, according to figures released today by headquarters in Boston.

Since the tabulation included contributions only through last Friday evening, it was explained that the actual total as of today undoubtedly is more than the figure made public by the Boston office.

The statewide total announced for the same period was $452,146, some $210,000 below the 1953 goal of $661,980, but week-end solicitation undoubtedly has sent that figure up considerably.

## HIGH SCHOOL GIRLS' TENNIS

The Wightman warm-up tennis tournament for high school girls ran off on schedule April 28 and 29. Semi-finalists, who are also contenders for tennis team positions, are Capt. Carolyn Stone, Betsey Freeman, Cie Moses, and Prue Morton.

Deirde Donovan made a strong team bid by taking Carolyn Stone to 5-all before Carolyn clinched the sudden-death set at 6-5.

In the semi-finals Prue Morton defeated Cie Moses 6-2, while Carolyn Stone defeated Betsey Freeman 6-5.

Consolations semi-finalists are Ruth Freeman versus the winner of the Ruth Flaherty-Marcia Harris match, and Judy Muncaster versus Anne Marks.

Mrs. Ruth Hilton of the Boston Edison office has been spending some time this week visiting friends at York Beach, Maine.

## "GRAMERCY GHOST"

A three-act play by John Cecil Holm, produced April 23, 24 and 25 by the Parish Players of the First Congregational Church, under the direction of Harlan F. Grant, with the following cast.

| | |
|---|---|
| Margaret Collins | Bettina H. Harrison |
| Nancy Willard | Tina Lydotes |
| Parker Burnett | John A. Ricker, Jr. |
| Augusta Ames | Dorothy M. Wills |
| Charley Stewart | L. William Barnard |
| Nathaniel Coombes | Harlan P. Smith |
| Officer Morrison | Finn Bockmann |
| Irv | Herbert P. Clark |
| Rocky | Robert P. Blake |
| Ambulance Drivers | John B. Lathrop, George H. Gowdy |
| Girl | Becky Smith |

Act I A Spring afternoon in May
Act II Several hours later
Act III Two hours later

As the title indicates, this is one of those plays where ghosts are involved, visible to certain characters, yet not to others. (Strange as it may seem, I doubt if there has ever been a ghost play — Hamlet included — where the ghost was visible to all comers!) While this convention naturally lends itself to plot complications, it is a palpable absurdity, as of course the audience can see the ghost at all times. However, let the captious critic give the Players their due; judging from audience reaction, the play proved enormously entertaining!

Given this sort of play, the Players, as usual, handled it well. As Nathaniel Coombes, the engaging ghost who never once forgot his manners, and with a pleasant mien that ought not to alarm even a lady, Harlan Smith eased in and out of the play, supplying, incidentally, a major part of the plot interest. He had a particularly appealing moment when, as Nancy lay asleep on the sofa, he vainly apostrophized Parker Burnett regarding his conduct as a suitor. Throughout his performance he caught — and held — an underlying note of pathos in this disembodied spirit, unfortunately chained to earth, and afflicted with yearning for a mortal. After all, what more hopeless predicament could a ghost be in?

The Parish Players have a real acquisition in Tina Lydotes, who played with great naturalness and charm the important role of Nancy Willard. Her scenes with the ghost were invariably delightful, her recurring perplexity and dawning change of heart nicely suggested.

It seemed to me John Ricker, Jr., was exactly right in his portrayal of Nancy's fiance. His prissy fastidiousness and bred-in-the-bone conventionality were excellently brought out, as was his mother complex, his materialism, and lack of romantic allure. A well-rounded characterization.

Bill Barnard unveiled a new facet of his skill as the omnipresent newspaper man in pursuit of a "story" (and as it developed, a girl!) To these ends he displayed deft technique, combined with unending persistency and no small amount of charm. His whimsicality, his jauntiness, his complacency under any and all conditions proved ample to intrigue the fancy of a lady — even an engaged one. A workmanlike job in a routine part.

In the role of the trim and trustworthy family attendant, Bettina Harrison remained conscientious and loyal through a maze of mystifying happenings.

As the durable family solicitor to successive generations, Dorothy Wills gave another of her amusing characterizations as a sweet but rambling old lady with a mission, tending to lapse into a daze at the end of each sentence, but invariably emerging to continue on her vague but untroubled way.

Completely in character, and Irish to the core, Finn Bockmann contributed his quota of fun as Officer Morrison, he with the nervous breakdown and a vixen for a wife. "One of the finest," to be shure; the type that is apt to pop up almost anywhere in New York (or Boston, for that matter) at what one may be sure will be one's most embarrassing moment!

As Nathaniel's "buddies" from another world, Herbert Clark and Bob Blake were a pair of picturesque and conniving rascals. There was a baleful gleam in Irv's eye, in particular, which gave evidence that change of clime had effected neither his inherent rascality nor his native sense of humor. Being fellows of infinite persuasion, they ultimately had their way with Nathaniel. (Incidentally, they did much to dissipate the friendly feeling toward ghosts and their environs that Nathaniel had kindled in our heart when they intimated that departure from this vale of tears involves further filling out of forms!)

John Lathrop and George Gowdy in the roles of ambulance drivers were picturesque in speech, brusque and business-like in manner, and prepared for all emergencies. Like Irv and Rocky before them, they succeeded in providing incidental characters with definite personalities.

Becky Smith, in her brief appearance as one of the "girls up there" was properly photogenic.

The single scene was tastefully set, and the intermingling of ghost and mortals cleverly stage-managed throughout.

## WINCHESTER COLLEGE CLUB

The French conversation study groups of the Winchester College Club wound up a wonderful 15-week series with luncheons on Monday and Tuesday of this week. The advanced French conversation group met for its last meeting of the season on Monday morning, April 27th, at the home of Mrs. Howard Aiken, 183 Highland avenue, followed by luncheon at Mrs. George Redding's, 10 Cranston road, while the intermediate group met on Tuesday morning, the 28th, with Mrs. Avery Weisman at 17 Jefferson road. Both morning meetings were followed by luncheons in French. If not the food, at least the chit chat was in French.

This innovation of the College Club was an experiment which proved far more successful than its most hopeful proponents had anticipated. During the 15 weeks, 24 harassed housewives brushed off their dusty vocabularies and added new words and phrases under the most able and charming direction of Madame Andree Maitre of the Boston and Cambridge Centers for Adult Education. Mme. Maitre is better known to Winchester as Mrs. George Barbaro of 7 Euclid avenue. Her vivacity, wit and patience made every meeting a fascinating experience.

These two groups will surely continue next fall, and because of the obvious interest already shown by others, there will undoubtedly be a third and fourth group. One of these will be a beginners' group for those who have never studied French or who have had a year or two so long ago that they've forgotten everything except that Paris is in France. Watch for your study group notices in the early fall and sign up for one of these groups "de bonne heure" because the groups must necessarily be limited in size. A notice will also appear in the Star for non-members of the College Club who may wish to join.

## FARRELL INDUCTED

Johnny Farrell, son of Police Officer and Mrs. James E. Farrell and one of Winchester's outstanding basketball players of recent years, entered the armed services last week at Woburn, going after induction to Fort Devens.

A family party was held at the Farrell home Monday, April 20, and Johnny was also given a going-away party by his teammates on the Woburn Vagabonds basketball team in Woburn the same evening. Johnny is very popular in Woburn and was one of the big cogs in the Vagabonds championship season this past year.

## "A MANUFACTURER'S MANUFACTURER"

(Condensed from the Article on the "Winn Watch Hand Company" by Bernard Peterson in the March, 1953, issue of "Industry.")

What has given the town of Winchester a rare distinction in the promotion of the watch industry was the location there of Goodell and Winn, watch hand factory, in 1872 by Bardwell A. Goodall and James H. Winn who could foresee a stupendous growth of the watch industry and the utter need for machine operation to produce enough watch hands.

Both of these young men were of an inventive turn of mind, born mechanics and ambitious to make something of themselves in the world. It was a real challenge as there were no machines of that kind in existence. They invented and built some machines in Mr. Goodell's barn in Waltham, and there started the manufacture of watch hands.

Four years later they built a small factory in Winchester, on the site of a colonial grist and sawmill. They chose that site, on the Aberjona River, on account of the water privilege, thus obtaining cheap power to run the factory. The business is still at this location. In 1900 they erected a new factory building, and have made additions to it every ten or fifteen years. Today it is a modern brick building, three to four stories high, and far beyond the dreams of the founders. Mr. Goodell died many years ago, but the business is still successfully owned and operated by members of the Winn family under the name of J. H. Winn's Sons.

Prior to the founding of the Boston Watch Company in the Roxbury section of Boston in 1849, the manufacture of watches in the modern sense of the term did not exist.

Luther Goddard set up a little watch factory in Shrewsbury in 1808 and with the aid of a few skilled Swiss and English watchmakers, he produced the grand total of 100 watches a year. But in 1815 the tariff restrictions on the importation of watches was removed and Luther Goddard gave up as he could not meet the resulting competition.

Americans were not backward in their methods of producing watches. They became the leaders in applying the factory sytem to watchmaking, and in due course the way was open for James H. Winn and Bardwell A. Goodell to enter the field with machinery of their own design to begin the manufacturing of watch hands by machine as a separate part of the watch making industry.

Gradually the watch manufacturers in America came to Winchester for their watch hands. The various competing companies which were established just before or just after 1868 had not installed hand-making machinery. The American watch industry was almost entirely dependent upon imported supplies of these necessary parts of the completed watch.

During the years 1865-1867 the Waltham Watch Company had great difficulties in obtaining adequate supplies of watch hands. War conditions at that time had resulted in an upset in the import market in this country. The shortage of watch hands was what induced Mr. Goodell, a foreman in the Waltham Watch Company plant, to talk over with Mr. Winn the feasibility of attempting to design the necessary machines for producing watch hands. At first they sold these hands to the Waltham Watch Company, but by 1876 this company had its own watch hand department. However, Goodell and Winn were the first to set up a successful watch hand factory in this country.

In 1896 Mr. Goodell sold his share in the business to Frank W. Winn, his partner's second son, and the firm name was changed to James H. Winn & Son. Again in 1941, when James Winn's other sons became members of the firm, the name was changed to J. H. Winn's Sons.

Without materially changing its production equipment, except for size and efficiency, the J. H. Winn's Sons company could readily swing into new but closely related lines of manufacture. It is now serving the automobile industry, electronic industries (Radio, Radar, Television) and aviation. The company's next forward step may be to serve the Atomic Energy Commission.

Chances are good that the automobile in which you are riding has Winn-made indicating hands on the dash board to indicate speed, temperature, time, etc., since the Winn company serves the automotive industry of the country. Its range of products, besides watch and clock hands, includes compass needles, meter hands, indicator hands, balanced aircraft hands, precision indicator hands, radio dial pointers and small stampings.

Everything is made to order to the customers' individual specifications. Catalogs are issued showing over 3,000 patterns for which the company has tools available for production. The catalogs show these hands accurately pictured as to size and design. This enables a customer, if he so chooses, to pick what he wants from the tools already made, or submit his own design, give detailed prints, and the Winn company does the rest.

The output in January totaled 3,801,213 pieces and production some days runs as high as 400,000 units. It is a quiet, clean and busy shop, light work for most of the workers and the entire plant has the atmosphere of happiness and contentment of one large family.

President of J. H. Winn's Sons is Ernest B. Dade; Vice-President, Lester R. Snow; Secretary, Edward H. Newhall; Plant Superintendent, Henry L. Clark, Jr.; Production Superintendent, Roger T. Lohnes, and Office Manager, Mrs. Olive Robinson Barry.

## TELEPHONE PIONEERS PLAN MAY PARTY AND DANCE

The Annual May Party and Dance of the North Metropolitan Council, Telephone Pioneers of America, will be held on Friday evening, May 1st, at the ballroom of the Hotel Continental, Cambridge.

An elaborate program beginning with a reception at 6:15 and dinner at 7:00 has been arranged by Arthur F. Grenier, who has conducted numerous successful social events during the year as the Council's Entertainment Chairman.

Mr. Thomas M. Hennessey, Public Relations Vice-President, will be the principal speaker.

The four Aristocrats of Song, one of the outstanding quartets in New England, will entertain with a group of vocal selections. Dance music will be provided by Hennessey's Singing Orchestra.

The North Metropolitan Council, Telephone Pioneers adopted as a project the preparation of recordings and writing braille for use by the blind. This work for the blind has the support and endorsement of the National Braille Press. The purchase of records and recording equipment is financed through voluntary contributions by Pioneers and their friends. These telephone people also donate numerous hours each week to cutting records and writing braille.

The activity is at present devoted to transferring text books to braille and records. These are used in study by blind students throughout the United States. The project has grown in popularity over the past year, and the demand for recordings by blind students has increased so that ten recording machines are now in use in the work.

Afterwards delicious refreshments were served by the hostess, Miss Fitch.

## MORE WOMEN THAN MEN HERE!

Some of Winchester's Population and Housing Characteristics were reported this week by Joseph F. Downey, Boston District Supervisor, U. S. Bureau of the Census.

Based on the most recent complete Census taken in 1950, Winchester's female population outnumbered the male, 8,207 to 7,302, Downey said, and added that single females over 14 years old, outnumber the males, 1,784 to 1,421.

Only 146 of the Town's 5,900 residents considered to be in the labor force were unemployed.

Winchester's population 25 years old and over, reported a median 12.6 years of school completed. The State figure was 10.9 years.

Of the Town's 1,678 foreign born white residents, Downey said that Canada was represented the most, with 492 residents; Italy was second with 434 residents.

Winchester's median family income, according to the Census, was $4,371.00 as compared to $2,909.00 median family income for the State.

Equally interesting, are some of Winchester's Housing Characteristics. For example, Downey reports that 3,197 of the Town's 4,237 total dwelling units were occupied by owners; 987 were occupied by renters who were paying a median monthly rent of about $41.00 and 77 were vacant. Only 125 dwellings had no private bath or were dilapidated, and 150 were using ice for refrigeration. Owners occupying single homes in Winchester set a median value of the property at $15,698.00 while the State median value in this category was $9,144.00 Downey said.

## COLLIER'S DOES HAMBLET

The April 25 Collier's magazine has a two page spread of colored photos of Lt. Col. Julia E. Hamblet, who next month will become a full colonel and Director of Women Marines. At 36 she is the youngest woman ever to command any of the United States Women's Services.

The new top brass of the Marine gals was born in Winchester, her family living at that time on Maple road. As far as the records show they lived here only for two years, but that does not alter the fact that Lt. Col. Hamblet first saw the light of day in this town.

The shots in Collier's show the new Director on the links, inspecting ranks at Quantico, winding up her duties at Officer School and dining with a "good friend", Marine Lt. Col. Howard York.

There is also a large photo of Lt. Col. Hamblet in uniform with the caption, . . . "a real spit-and-polish Marine — bright, efficient and brisk." She has been with the corps since 1943 and says that right now she is thinking no further than doing her job as a Marine.

## TROOP 7 STARTS JAMBOREE CAMPAIGN

Next Monday, May 4th, will mark the beginning of a month-long concentrated effort on the part of Troop 7 Boy Scouts to raise funds to send one of their members to the National Jamboree in California next July and to increase their summer camping activities.

Object of the drive will be the door-to-door sale of Historic Place Mats depicting the Old North Bridge and the Old Manse in Concord, the Minuteman in Lexington and the Menotomy Indian in Arlington, reproduced in full color from original water color sketches by Arthur R. Herrick, nationally-known Arlington arsist who painted the set especially for Scouts in Sachem Council who sold them to raise money for the Pacific Coast affair.

Plans for the drive include several window displays that will feature original oil paintings of the subjects. One week of the drive will be designated Place Mat Week. Several local merchants have expressed their intention to sell the mats for the Scouts then.

Working on the committee with Chairman Lewis Foster are Alton Fowler, Harold Ekstrom and Paul Butterworth.

## MCDA PEACE RALLY

A large delegation of Winchester Court members and guests will attend the Peace Rally to be held Saturday evening, May 2, at the Boston Garden, under the auspices of the Massachusetts Catholic Daughters of America. Special buses will leave Winchester Center at 7 p. m. sharp.

Representatives of the Knights of the Holy Sepulchre and Fourth Degree Knights of Columbus will precede the clergy.

It is expected that 14,000 senior members of the CDA, and 1000 junior members will attend the rally which will be featured by the celebration of the first night mass in the history of the Boston Archdiocese. Archbishop Cushing will celebrate the mass at 9 o'clock and the preacher will be Bishop Wright. Admission will be by ticket only.

## ART ASSOCIATION OFFERS OUTDOOR SKETCHING

An enthusiastic response to the offer of two out-of-door sketch classes testifies to the success of the art classes already given this season under the sponsorship of the Winchester Art Association.

Mr. King Coffin will instruct these two-hour classes which will be held at 10 o'clock in the morning and in the early evening, beginning at once and lasting for several weeks. There is still room for a few more interested sketchers. Reservations may be made by calling Mrs. Stanley Cairncross, WInchester 6-3083.

The exhibition of the drawings and paintings by the children's classes of the Art Association can be seen on Friday and Saturday, May 1 and 2.

At the May meeting of the Association, to be held next Tuesday evening, May 5, both Miss Edna Hatch of the junior high school and Miss Pauline Goodrich of the senior high school will speak on the work of the students of their respective schools. The exhibition of high school work will be featured during the month of May.

## SATURDAY PLAY CENTER ENJOYED SUCCESSFUL SEASON

The Saturday play center at the high school, sponsored by the school department during the winter months, was unusually successful, according to a recent report submitted to the School Committee by Henry T. Knowlton, director of physical education. On 12 Saturdays during January, February, and March, an average of 176 boys and girls from the fifth through the eighth grades enjoyed a program of games and instruction in game skills.

In discussing the program, Coach Knowlton expressed the opinion that the improved brand of basketball exhibited by our high school teams is due in part to the training which the youngsters have received at the play center. He also noted that the Saturday games have provided a healthy release for youthful energies. Another fact of interest was the wide representation of youngsters from all parts of the town.

The girls' program, which was conducted in the afternoon, found an average of 59 girls in attendance. Fifth and sixth graders, under the direction of Miss Marjorie Carroll, a senior at Sargent, played volleyball, basketball, and other games, as well as receiving instruction in techniques. Miss Gale Davenport, assistant supervisor of physical education, was in charge of the games and instruction for seventh and eighth grade girls.

Saturday mornings found approximately 127 boys participating in the basketball games. Fifth and sixth grade boys were under the supervision of Coach Knowlton, while junior high school lads were directed by Coach Alfred Meurling. Several freshman and varsity basketball team players assisted in the program by officiating and coaching during the games.

## THE FORTNIGHTLY

The Boat Club was an ideal spot Thursday afternoon, April 23, for the Fortnightly dessert-bridge party. At tables with centerpieces of beautiful pansies, a delicious dessert and coffee were served at 1:30 p. m. to over sixty members and guests. Many who did not play sat outside with their fancy work and enjoyed the sun and the beautiful view. Others thoroughly enjoyed a relaxing afternoon with their friends and bridge.

Accompanying the cuts is an interesting story by Bank Director Dexter B. Johnson which those interested with local history will find intriguing.

Winchester sports followers seemed to take the Carter-Collins fiasco pretty much in stride, reserving their blame for the Collins handlers who badly over-matched their boy. Collins could not have been badly beaten up to go out dancing after the bout and fly to New York for a TV appearance the very next day. What the TV boxing addicts seem to forget is that "prize fighting" isn't scientific boxing "for points". If Collins had not been built up into the greatest fighter of his weight ever to pull on a glove, the result would have been far less shocking!

## VOZZELLA — REGAN

There is Winchester interest in the marriage at St. Margaret's Church in Burlington on Sunday afternoon, April 26, when Miss Geraldine E. Regan, daughter of Mr. and Mrs. Timothy J. ## WINCHESTER GARDEN CLUB

The April meeting of the Winchester Garden Club was held at the spacious home of Mrs. Virgil Ghirardini, a past president of the club, on Thursday, April 23. Dessert was served by the hostess, with tea and coffee poured by Mrs. J. Edward Downes and Mrs. Herbert T. West. The dining table was a picture with a strikingly beautiful arrangement of snapdragons, stock, and pink and yellow tulips in a handsome white and gold china container. Other arrangements throughout the rooms gave added charm to the many treasures from foreign lands, and colorful proof of Mrs. Ghirardini's skill as a flower arranger.

The program, charmingly presented by Mrs. Angelo Ghirardini, the efficient recording secretary of the club, gave a wealth of information on tropical fruits and flowers, her extremely well-written talk illustrated by many examples of the fruit, and pictures of exotic trees, vines and flowers in their natural colors. She spoke in particular of the litchi tree, with its strawberry-like fruit, so highly regarded by the Chinese that when they are unable to obtain the fruit in its natural state they accept it dried, or as we are accustomed to call it, the litchi nut.

## SING AT HIGH SCHOOL ON MAY 8th

The Mystic Glee Club, Winchester's popular male singing group, will present its Thirteenth Annual Spring Concert at the High School Auditorium on Friday evening, May 8.

Under the dynamic leadership of Allen Lannom, Associate Professor of Church and Choral Music at Boston University, the Club has caught a new enthusiasm which was evidenced by its performance in its Winter Concert. Subsequent appearances at the Union Lenten Services at the First Baptist Church, for the Woburn Ministers' Association and also for the Belmont Rotary Club, have added many new friends for the organization this year.

Traditionally, the Spring Concert has featured selections in the popular vein, and this one is no exception. Programmed in addition to such standard numbers as "Thou Wilt Keep Him in Perfect Peace", "Testament of Freedom" and "Tarantella", is a group of familiar show tunes including "Clap Your Hands" and "Blow, Gabriel, Blow".

**Andy Cornwall Hands Governor Herter Tickets for Benefit Concert**

Andy B. Cornwall, 9 years old, of 57 Grove street, a fifth grade student at the Mystic School, recently presented Governor Herter with his tickets to the benefit performance of the Victor Borge concert on May 11 at the Plymouth Theater to help finance the International Friendship League student letter-writing program.

Andy was selected to make the presentation because he is the 10,000th American child to join the Friendship League in 1953. Andy's pen friend is a boy of his own age in Denmark by the name of Borge Hansen. Children all over the United States have been receiving pen friends through the Friendship League office, the official clearing center for letter writers in this country, since 1936, and now correspondence is exchanged in over 90 nations in the world.

Governor Herter has been one of the strongest supporters of the League and a member of the board of directors since its formation 17 years ago. The Governor in his travels has seen the results these letters, now numbering in the millions, have had in European and Far Eastern countries. It is a simple letter-writing program with the children matched according to age, hobbies, interests, etc. In a short time some child in a faraway country is receiving a letter. This letter is usually shown to parents, friends and teachers. Because of these children's letters all these people know more about America and our desire to be friends. In turn the children of the world attempt to portray their way of life to us. Little by little the bonds of international friendship and understanding are being strengthened.

Mrs. Herter is chairman of the benefit concert by Victor Borge. It is his only benefit performance of the season, and it is being given because of his long-time friendship with the League and the MacDonough sisters, both in this country and in his native Denmark. The MacDonough sisters originated this program with Denmark as the first country to correspond with the United States.

In addition to his Scout service Mr. Sibley was active at the Church of the Epiphany, serving as head of the Church School during much of his residence in Winchester. He was a member of the old Battery A, previous to World War I.

He leaves his wife, Mrs. Mary (Woodberry) Sibley; a son, Robert, Jr., of Winchester; two sisters, Katharine Sibley of Syracuse, N. Y., and Mrs. Frank H. Wright of Hingham, also six grandchildren. Another son, the late Peter Sibley, was co-captain of the Winchester High School Middlesex League championship football team in 1937. Mr. Sibley was the brother of the late Frank P. Sibley, noted Boston Globe reporter and war correspondent.

Funeral services will be held Saturday afternoon at 2:30 at the Waterman Chapel in Boston at 495 Commonwealth avenue. Rev. Junius Martin of All Saints Church, Brookline, will officiate.

## EN-KA STREET FAIR

Once more May is with us, and in Winchester May signifies the En-Ka Street Fair.

This year the Fair has a railroad theme. The "En-Ka Limited" will roll into Winchester at 6:00 p. m., Friday, May 22nd. There will be a short excursion that evening from 6:00 until 10:00 p. m. which will whet one's appetite for the full ride on the following day.

The Fortune Teller, the Attic, and the Garden Booth are points of interest which our trip will include. The Midway, with its fascinating games of skill, is always a favorite with all ages. The Octopus, Tilt-a-Whirl, Merry-Go-Round, and Ferris Wheel may make you think the roadbed is a bit bumpy, but the excitement of these rides is proved by their popularity.

The dining car will be open all day with such a diversified menu that everyone will find something to his liking. Luncheon will feature our famous lobster salad sandwiches. There will be hot-dogs, hamburgers, ice cream, candied apples, popcorn, tonic, tea in the afternoon, and a delicious ham and baked bean supper.

Don't forget, for a between-meal snack, the "En-Ka Limited" offers its homemade peanut brittle and lollypops, cookies, pies and cakes. Of course, everyone will want a souvenir of such a memorable trip. The balloon-man and, on a more practical side, the Gift Booth will provide ample supplies of these.

So come along one and all, join the loyal supporters of past En-Ka Street Fairs and board the "En-Ka Limited" for a day of fun and relaxation.

DR. FORBES H. NORRIS

## DR. NORRIS ACCEPTS MARYLAND SUPERINTENDENCY

In a surprise announcement at a special meeting of the School Committee on Monday evening, Dr. Forbes H. Norris, Superintendent of Schools since 1945, presented his resignation to take effect on August 1, 1953. Dr. Norris has accepted the position as Superintendent of Schools for Montgomery County, Maryland school system.

With his acceptance of the superintendency of Montgomery County Dr. Norris returns to an area close to Richmond, Virginia, from which he came to Winchester in the summer of 1945. Montgomery County, located just north of Washington, D. C., contained a population of 164,000 in the census of 1950, and in recent years has been one of the most rapidly growing counties in the United States. The school enrollment for 1953 - 54 is estimated at 43,000, with a professional staff of 1,700. Dr. Norris succeeds Dr. Edwin W. Broome, who has been superintendent since 1917.

During his eight years as superintendent, Dr. Norris undertook a vigorous program of school development, based partly on the recommendations of the School Survey Report of 1944 and aimed at improving the quality of instruction and scholastic achievement in Winchester's schools. His administration participated actively in the building program for the elementary schools and, more recently, in the preparation of plans for the Junior and Senior high schools.

Not the least of Dr. Norris' accomplishments has been the creation of a splendid morale among staff members. Principals, teachers, custodians, and office personnel alike have discovered new pride in their vocations, and Winchester schools have profited thereby. Speaking as president of the Winchester Teachers Club, Mrs. Ruth F. Graham says, "In the departure of Dr. Norris, Winchester teachers are losing a wonderful counselor and friend."

Following is Dr. Norris' letter of resignation and the statement of acceptance by the School Committee.

May 4, 1953

To the School Committee
Winchester, Massachusetts
Gentlemen:

It is with deep regret that I tender my resignation as Superintendent of Schools. I have gotten a great deal of satisfaction from my work here, and it is only after long and careful consideration that I have reached this decision.

The Staff, the people of the Town, and the School Committee members are and have been unusually fine to me in my work here. I do not expect to find any finer people elsewhere.

I want to say a special word of commendation about our whole staff — teachers, clerical workers, and custodians. By and large, they are all top-flight people. I hope you will make every effort to keep them. Their esprit de corps is superb; their sense of duty, loyalty, and cooperation have made my task infinitely more pleasant and challenging. It tugs at my very heart strings to leave them.

I have been offered and have accepted the Superintendency of the Montgomery County, Maryland school system. I did not feel that I could decline because of the professional and financial advancement it offers.

It is my plan to assume my duties August 1st, and I assure the Committee that organization, operation and maintenance details will be so planned and so developed as to minimize the break in administration to the lowest possible degree.

Thank you very much for your help and cooperation. My very best wishes will always be with the Public Schools and the people of Winchester.

Very sincerely,
Forbes H. Norris
Superintendent of Schools

The School Committee issued the following statement:

"It is with a profound sense of regret that we accept the resignation of Dr. Norris as Superintendent of Schools. We well realize the debt we owe him in raising and improving the standards of education in Winchester.

"The opportunity which has been offered him in this new position is great and we are sure we speak for the people of Winchester in extending our very best wishes to him for success in this advancement of his career."

Winchester School Committee
Sara C. Woodward, Chairman

Olcott L. Hooper

## PATRICK JOSEPH DEMPSEY

Patrick Joseph Dempsey, a widely known resident of Winchester for more than half a century, died Sunday afternoon, May 3, at his home, 907 Main street, following a two months illness.

Mr. Dempsey was the son of Peter, and Margaret (Hughes) Dempsey. He was born August 4, 1875, in Foxford, County Mayo, Ireland, but came as a boy to this country, settling in Winchester. As a youth he went to work for Kelley and Hawes Company, old line furniture movers and expressmen, working for this firm for many years. Later until his retirement eight years ago he was custodian of the State Police Barracks in Andover.

Mr. Dempsey's wife, the former Sarah Melia, died July 25, 1927. He leaves five sons, Lt. Detective John F. Dempsey of Hyannis, attached to the District Attorney's office for Barnstable, Nantucket and Dukes Counties; Patrolman Henry P. Dempsey of the Winchester Police; Walter S., of Lowell, member of the State Department of Public Works; Edward P., of Jamaica Plain, member of the State Department of Health; and Richard H. Dempsey of Roslindale, member of the State Department of Public Utilities; four daughters, Katherine V., Melia H., Edna E., and Barbara C. Dempsey, all of Winchester; 18 grandchildren and one great-grandson.

The funeral was held Wednesday morning from the late residence with solemn requiem high mass celebrated at the Immaculate Conception Church. Burial was in Calvary Cemetery.

## ARTHUR BLACK

Arthur Black of 26 Everett avenue, a practicing attorney in Boston for nearly half a century, died Tuesday morning, May 5, at his home after a short illness.

Mr. Black was the son of the late New York Governor Frank S., and Lois (Hamlin) Black. He was born December 3, 1880, in Troy, N. Y., and spent his early life there, preparing for college at Albany Academy in Albany, N. Y.

He was graduated from Harvard in the class of 1903, and from the Harvard Law School in 1906. He commenced the general practice of law in that year and remained in practice continuously for 47 years until his death. He was also for 25 years Referee in Bankruptcy for Suffolk County, ruling on many important suits, including multi-million dollar litigation involving the American Woolen Co., the Amoskeag Mfg. Co., the Bosch Magneto Co., and the Federal National Bank.

On October 17, 1906, Mr. Black married Frances Purdy of Wakefield and they came to Winchester at the time of their marriage, living the first four or five years in the Symmes Corner section and since 1910 in the house built for them on Everett avenue.

Mrs. Black survives, with two sons, Frank S., of Wellesley, and William P. Black of New York City; and two grandchildren.

Private funeral services were held Thursday afternoon at the late residence with the Rev. Robert A. Storer, minister of the Unitarian Church, officiating. Burial was in Wildwood Cemetery.

Dr. and Mrs. A. C. Rock, Jr., of Longmeadow announce the birth of their third child, second daughter, Alison Carter Rock, on May 6. Grandparents are Mrs. Marion Reynolds Clark of Lewis road and Dr. and Mrs. A. C. Rock of Longmeadow.

Mr. and Mrs. John W. Poole (Barbara Browning) of Hinsdale, Illinois, are the parents of their second child, first son, William Browning, born April 15. Grandparents are Mr. and Mrs. Horace Poole of Dubuque, Iowa, and Mr. and Mrs. Glenn H. Browning, 7 Appalachian road.

## BOYS DRIVING TRUCKS

Water Superintendent Jim Halwartz interrupted last Thursday evening the activities of three Winchester boys, aged 12 and 13, who were starting and running Water Department trucks around the Department's yard off Lake street. Superintendent Halwartz nabbed one of the boys who was driving one of the trucks and took him to Headquarters, from where he was taken home to his parents. The identity of the other boys was learned and their parents were notified. The final word on the mischief awaited an examination of the trucks to see if they had been damaged.

## OPEN HOUSE

William Parkman Lodge of Masons is holding an Open House for members of the lodge, their families and friends interested in Masonry at Masonic Apartments, 1 Mt. Vernon street, Sunday afternoon, May 10, from 3 until 5 o'clock. Refreshments will be served. Edward D. Duncan is master of the Lodge.

RALPH H. BONNELL

## NATIONAL GOP COMMITTEEMAN FETED

Nearly 400 friends of Ralph H. Bonnell, many high in the political life of the State and Nation, crowded the town hall last Saturday evening at the testimonial dinner in his honor. The dinner was specifically in recognition of Mr. Bonnell's election to the post of National Committeeman of the Republican Party, but in general and from the Winchester angle, at least, the affair was a real expression of the esteem in which the popular Ralph is held as a good citizen by those who know him best. Sharing honors with her husband was the equally popular Mrs. Bonnell, or "Mildred", as she was universally referred to by the many speakers who paid tribute to the part she has played in her husband's success.

Beaming at their parents from a table right down front were all the young Bonnells, Barbara and her husband, L. Donald Cole; Shirley and her husband, Charles Franklin Coe; Pvt. Ralph H. Bonnell, Jr., and the twins, Beverly and Bruce. With them were Mrs. Bonnell's sister and brother, Miss Elizabeth and Ralph Sullivan, while at an adjacent table were Mr. Bonnell's uncle and aunt, Mr. and Mrs. Edward Wahl.

Mr. Bonnell's mother, Mrs. Charles Bonnell, was unable to attend the dinner, but was remembered by the committee in charge of arrangements with a handsome bouquet of flowers.

## THE POSTMAN'S WALK

The month of May has been designated United Cerebral Palsy Week throughout the United States.

The Letter Carriers Association at its recent national convention voted to take an active part in the Cerebral Palsy drive in aid of children with the local carriers doing their part in the campaign.

In Winchester the postal carriers have chosen Wednesday, May 20, and adopted the slogan, "We will walk so that they may walk again."

Briefly their plan, in which Postmaster Tom Gilgun is enthusiastically cooperating, is that at the conclusion of their routes on May 20 the carriers will retrace their steps and return over their entire routes to make a house-to-house canvass in aid of the Cerebral Palsy drive. Householders are urged to be on hand to answer their second ring on that day.

In Massachusetts alone over 6,000 children have cerebral palsy, with nearly 5000 of this number waiting places on the lists for treatment. The most neglected of all handicapped children are those afflicted with cerebral palsy.

The letter carriers are going to do their part. In Winchester the carriers are going to double their walking on May 20 so others may walk. They ask the wholehearted cooperation of all able to assist a most worthy cause.

## MISSION UNION GUILD

Tuesday, May 12, the Mission Union Guild of the First Congregational Church will hold its final meeting of the season. The regular sewing group will meet at ten o'clock in the morning, and all women of the church and their friends are invited to attend. Luncheon will be served at one o'clock in Chidley Hall by Mrs. Otis Hammett and her committee.

In the absence of Mrs. James Allen, retiring director of Mission Union, Mrs. Robert Lowry will turn the two o'clock meeting over to Mrs. Wayne B. Thompson, the new director. Mrs. George E. Russell will conduct the devotional service. There will be readings in the spirit of the afternoon by Mrs. Robert Blake and music by Miss Nancy Ross. Because of a conflict of engagements, Mrs. Albert Dietz, whose beautiful voice Mission Union has enjoyed before, will not be able to sing as originally announced.

Each person is asked to bring to the meeting a wrapped kitchen gift for the "Summer Christmas Tree." These items will be sent to Mrs. Ross Thomas, our missionary in India. She will use them for a Kitchen Fair Table, the proceeds of which will go towards worth-while projects in her work. May 12th is a fine time for the women of the church to hear of, and participate in, the excellent work carried on by Mrs. Thomas.

The speaker of the afternoon will be Mrs. Katherine Clark Dudley of Auburndale, whose husband is Reverend Raymond A. Dudley, secretary of the American Board for India and Ceylon. Born in Ashfield, Mass., Mrs. Dudley is a graduate of Mt. Holyoke College and Kennedy School of Missions. In 1919 Mr. and Mrs. Dudley went to India as Congregational Christian missionaries, and while there Mrs. Dudley worked closely with the women and girls of India, acquiring an invaluable understanding of India and its people, especially the life of the women and girls of that land. She will speak on "Air India," based on the trip she took with her husband when in February and March of this year he made an administrative visit entirely by air to India and Ceylon in the areas of Madura and Marathi. During this trip, Mrs. Dudley saw the Thomases and will bring the latest news from them.

## VISUAL EDUCATION FOR CUB DEN 3

An important part of Scouting is teaching; so Mrs. Dominic Runci, the Den Mother, embraces frequent opportunities to teach her young charges by conducting them on tours to various enterprises.

Recently her educational trips included the Winchester Brick Company factory, where the genial president, "Phil" Gallagher, made sure that the Cubs saw the complete brick-making methods, and gave several souvenirs to each Cub as well. Another place of interest and instruction was the Winchester Hospital, where the Blood Bank proved to be a fine lesson when it was explained by Dr. Dominic Runci, who is chief of the blood service.

Cubs Robert Joyce, Tom Baird, Dick Runci, Charlie Kardazewski and Bob Carroll were on both trips.

Dr. Lawrence F. Quigley, Winchester dentist, was a member of the usher corps last Saturday at the marriage of his brother, Andrew P. Quigley, State Senator and Mayor of Chelsea, to Miss Leonore Patricia Miles of Winthrop, at St. John the Evangelist Church in Winthrop. Another brother, John L. Quigley, commander of the Chelsea Soldiers' Home, was best man.

The various committee heads gave their reports, and the primary business was to make recommendations to the annual meeting next week of financial contributions to the school, to the library, and to the scholarship fund.

Mrs. Bailey, chairman of ways and means, reported the proceeds from the square dance held at the high school gym, and asked that special thanks be expressed to the Converse Market, to Chitel's Men's Shop, and to the Winchester Conservatories for their generous donations which contributed much to the success of the evening. All Board members were present.

The annual meeting of the Mothers' Association of the Mystic School will be held in the school auditorium on Tuesday, May 12th, at 2:30 p. m. Younger children will be taken care of in the Kindergarten room. The out-going president Mrs. H. Gardner Bradlee will preside. Following the business meeting which will consist of the annual reports of the various committee heads, and the election of officers, Mrs. Margaret B. She will illustrate her talk with a variety of combinations of table linen, silver, glass ware, china and pottery ranging from the traditional to the very modern.

MISS GWENYTH STORRAR

## SOLOIST FOR MYSTIC GLEE CLUB CONCERT

The 13th annual spring concert of the Mystic Glee Club will feature the first local appearance of Gwenyth Storrar, dramatic soprano.

A native of Minneapolis, Minnesota, where she was prominent as a soloist in the church and concert field, Miss Storrar in her first year in Boston has attracted much favorable attention in musical circles. During this season she has appeared as soloist with the Lexington Choral Society and with the Boston University Chorus and Orchestra at Symphony Hall. She has also been featured on several radio broadcasts this winter.

Critics have noted that Miss Storrar possesses a rare vocal quality and a high degree of musicianship. The fact that she was the winner of the Twin Cities' famed Aquatennial Festival last summer indicates that in addition to her musical ability, she possesses fine stage presence and great personal charm.

Mr. George E. Connor of 403 Main street is playing the leading role in "Season in the Sun," the Wolcott Gibbs comedy being produced by Director John Woodruff and the Tufts Community Players at the Tufts Arena Theater Fridays and Saturdays, May 15 and 16, and 22 and 23. Mr. Connor is well known for his work with the Parish Players of the First Congregational Church as well as with the Tufts Community Players and Tufts Summer Theatre.

## WINCHESTER EDGED READING

Winchester High won its Middlesex League baseball game from Reading Monday afternoon, 2-1, on Manchester Field with "Charlie" DiSilva holding the visitors to four hits.

The Indians got only two safeties off "Albie" Runge, but one was a double by DeFillippo, good for a run and errors accounted for the other tally. Reading scored on R. Runge's hit, a wild pitch and an error. The summary:

## WINS FOUNDATION AWARD

Mr. James W. Gould of Old Oak Lane has received a Ford Foundation award to spend the coming year in The Netherlands and in Indonesia. Mr. Gould will write a history of Sumatra in its relations to United States world power, since there is at present no history of the area in the English language.

A former member of the United States Diplomatic Service, Mr. Gould's posts have included Hong Kong, Medan and Batavia, so that he already has a firsthand knowledge of the people and language.

Mr. Gould is a graduate of the Fletcher School of Law and Diplomacy, receiving his M.A. degree in 1946. After serving in the United States Diplomatic Service for the past five years, he returned to the Fletcher School this year to continue work for the doctor's degree. He is one of two Fletcher graduates receiving Ford Foundation awards for the coming year.

## TOWN SOFTBALL LEAGUE

The final organizational meeting of the Town Softball League will be held on Tuesday evening, May 12, at the Legion Home at 8:00 p. m. The Army anti-aircraft battalion stationed in the Fells has gratefully accepted the invitation of the Board of Park Commissioners to participate in the local league this summer. The Commanding Officer is pleased that his men have been invited to take part in this popular program and promises to field a fast, aggressive nine.

This raises to seven the number of teams already lined up — one more than last year. Director Ted Bartlett is hopeful that the Winchester Brick Company team that played last year will be represented at this meeting to make an eighth team. Once again a cordial invitation is extended to any group wishing to enter a team in this year's competition to send a representative to this meeting.

## WINCHESTER LITTLE LEAGUE

Final tryouts will be held next weekend followed by the players' auction where players will be "purchased" by the four managers to make up the 1953 teams. Mr. Kenneth Hall is serving as players' agent again this year and will be in charge of the auction in accordance with Little League regulations.

Next week the teams will practice as teams in preparation for the opening double header on May 17th.

The Park Department has started to cut out the base lines for the Little League diamond at Ginn Field. The backstop is up and it is understood the outfield fence and bleachers will all be ready for May 17th.

This year's rank team will be co-managered-by Phil and Ted O'Rourke. Dan Chane will coach the Red Sox instead of Don Thomann who will take charge of the umpires this year as well as umpire some games himself.

Mr. T. L. Purtle, proprietor of Purtle's Drug Store on Washington street, has recently joined the Little League Board of Directors.

The young people turned in a fine job on their Tag Day efforts on May 2nd and all who participated should be congratulated for the way they turned out in spite of the rain. The total collection fell somewhat short of the goal probably due to the rain which kept the usual crowds away from the center during the day.

The next Director's meeting will be Wednesday evening, May 13th, at Ed Cullen's 233 Mystic Valley Parkway.

## RED CROSS ANNUAL MEETING

The annual meeting of the Winchester Chapter of the American Red Cross will be held at the home of Mr. and Mrs. John A. Volpe, 10 Everett avenue. Mr. Volpe is vice chairman of the local chapter of the Red Cross.

Any person who has contributed $1.00 or more to the Red Cross this year is a member and is urged to be present at this meeting.

## SCHOOL MUSIC GROUPS PRESENT FINE CONCERT

Winchester High School music came of age at the high school auditorium last Friday evening when the orchestra, glee clubs, and band presented the annual spring concert to a near capacity audience. The high level of excellence displayed by all of the groups was convincing evidence of the progress that has been made during the past few years.

Among the milestones along this road to musical proficiency have been the development of an inspiring band and the training of an excellent girls' glee club and octette. Music wise the orchestra remained less strong, mainly because of the lack of strings; and the boys' glee club was slow to discover much maturity of expression. After Friday's concert, however, it is good to be able to report that both of the deficiencies are being overcome. The orchestra played with pleasing confidence and sureness of touch. The boys sang part music well and enjoyed it. Mr. Fred Felmet, supervisor of music, and Miss Eleanor Anifantis, assistant supervisor, can be proud of the accomplishments of their pupils.

With such a long and varied program it would be difficult to comment on every number. Though there may have been favorites, the audience was generous with its applause throughout, and the young musicians deserved every bit of it.

The program for the concert was as follows:

Introduction to Sigurd Jorsalfar Suite — Edward Greig

In last week's Star the Boston Edison Company commenced a series of advertisements on the timely topic of being a "good citizen", than which there is nothing much better in these hectic times. The Boston Edison people believe that electric companies are good citizens, and insofar as Winchester's experience with the local company is concerned we do not hesitate to concur. Incidentally the Edison company is the second highest taxpayer in Winchester, which in cold dollars and cents makes the company a good one to have around, but beyond all that the Edison company is a good citizen in the type of service it gives the town and the many labor-saving devices of proven worth it makes available to our people. This proven worth is important and many a local householder has bought with confidence at the local Edison shop. Newspaper men have an unusual opportunity to evaluate Edison's contribution to the community, particularly in times of emergency. How often we have seen on the police "blotter" the words, "The Edison repair crew came and repaired the damage". Day or night, fair weather or foul, you'll always see these words! And the repair men come surprisingly soon and do their work quickly and well. They are employees of a company whose labor relations have always been excellent. This too is important and is another facet of any industrial good citizen claim. As for the Star, we have never forgotten the days of the big hurricane of 1938 when every one was without power and we worked at the Star by candlelight, setting type by hand and generally wondering whether we would be able to get out our regular weekly edition. We did thanks to Edison and their repair crews, who grasped our problem and extended us special service in the emergency. They have been good citizens in our book since that time!

## SELF-INCRIMINATION

Editor of the Star:

"Are you a communist?" "I decline to answer lest I incriminate myself." How often have we heard the question and the answer quoted in the investigation of communist infiltration in this country. The individual suspected does not have to talk to incriminate himself; by his silence he is already incriminated. He has revealed himself a coward and a yellow-streaked ingrate by accepting the protection of our laws and the priceless freedom that Washington, Jefferson, Benjamin Franklin, Alexander Hamilton, James Madison, Nathan Hale, and the little army of struggling patriots wrested from a tryant king. He strikes from ambush at the hand that feeds him. A pretentious maligner, he conceals himself by associating with the true and loyal beneath the stars and stripes. He is beneath contempt compared to the individual who frankly admits, when questioned, that he was a communist until he learned his mistake.

Captain Nathan Hale, a graduate of Yale, an American Revolutionary hero, was captured by the British September 21, 1776, and hanged the following morning. As he was led to the gallows, his last words were: "I only regret that I have but one life to give to my country." To patriots such as he we owe the priceless blessings of liberty we enjoy today.

Somewhere beneath the extended wing of Harvard there are twins who refused to answer when asked, if they were communists. Their refusal is not important; their silence incriminated them. They should seek the more congenial environment of Moscow. This country cannot exist half communist and half patriot. However, before they leave they should visit the Yale campus, and there, uncovered, on bended knees, place a wreath of roses at the statue of Nathan Hale that sanctifies the place.

The beam from the lantern in the tower of the old North Church lighted the beacon at Lexington. It shone at Concord, at Bunker Hill, in the terrible winter at Valley Forge. It beamed on the further side of the Delaware River and guided the patriots across in their boats at night to surprise the enemy; it was effulgent at Yorktown — the inextinguishable beacon of liberty in the spirit of patriots.

There were Tories in '76, we have the "incrimination" Tories today. "Be patient with trouble, this too will pass away."

Daniel C. Dennett, M. D.

## NEW ARMY SCHOOLS

Editor of the Star:

As of this week a number of new courses have been opened to enlistees including 7 in the Guided Missile field, courses in Artillery Fire Control System, Countermortar Radar; Liaison Airplane and Engine Maintenance, Rotary Wing Mechanic, etc.

For young women there are some 16 Schools listed at the WAC Training Center, Ft. Lee, Va.

All schools call for a 3 year enlistment and acceptance for the school is received by the potential enlistee before he enlists. This is really a great opportunity for young men as they know what they are going to do while in the Army and can pick something that will be of use to them upon discharge.

The list just received shows some 65 - 70 schools. Not all of them have vacancies at the same time, and it is necessary that we have 5 weeks in which to apply and receive an answer so will you young people please keep in close touch with your Selective Service Boards and, if you are intending to enlist, give us time to see that you are properly placed.

The Medford Recruiting Station at 49 High street, Medford, is open on Saturdays as well as every day in the week, and the writer is always at your convenience.

Cordially yours,
G. Toye, Chairman
Military Manpower Committee

## TEACHERS' TRIBUTE!

Editor of the Star:

The principals and supervisors of the Winchester School Department wish to pay tribute to Dr. Forbes H. Norris, Superintendent of Schools. For eight years it has been a privilege to work closely with an outstanding leader in the field of education. His sterling personal qualities have been an inspiration to his staff, engendering in each person a sincere desire to give to the job the best of which he is capable. During his period of service in this town, he has demonstrated constantly his great gift of understanding the vital factors of good human relationships. His keen interest in every individual, his sound educational policies, his vision as an educator, and his strength as an administrator have merited for Winchester state-wide recognition among the educators of the commonwealth.

As he leaves this community to take up the duties of his new position in Montgomery County, Maryland, heartfelt wishes are extended to him and to his family for abundant joys and successes in the years to come.

Sincerely yours,
Leonor M. Rich,

## THANKS FOR AIDING SON

Editor of the Star:

May I have space in the Star publicly to thank my neighbor, William Thomas, of 95 Middlesex street, for so promptly going to the aid of my son, Robert, when he was in danger of drowning in Horn Pond Brook on April 23. I could well have lost my son had it not been for Mr. Thomas' ready aid and his knowledge of first aid and artificial respiration. Mrs. Drown and I can not adequately express our sincere appreciation.

We are also deeply grateful to the Fire and Police Departments, the members of which responded so quickly to our calls for assistance. I particularly appreciate their kindness and courtesy to Mrs. Drown during a time when she naturally was considerably upset.

It is nice to realize we have neighbors like Mr. Thomas and such efficient Police and Fire Departments.

## ART TEACHERS SPEAK

Quoting John Dewey to the effect that "All art expression can bring to people a new dimension of enjoyment", Miss Edna Hatch of the Junior High School faculty in speaking to the Winchester Art Association emphasized that this is true "only when they bring forth their most personal concepts." In a talk which revealed an impressive philosophical background in addition to a keen awareness of the existing of potential importance of art experience in the development of a personality, she pointed out that the Junior High art course aimed to give students a sample of experiences which the race of man has found good. In the experience of using various types of art media, she indicated, at this stage of the development as an artist the thing produced is less important than the experience of producing. Successful learning in the arts, she said, provides release from tension in the experiences of the enjoyment of color, in the sheer muscular manipulation of painting, in the response to the material itself and in self-expression on a subject of the students' own experience.

The exhibition in the Library art gallery more than vindicates the soundness of her conception of art and its teaching. The pictures are wonderfully colorful, sometimes surprisingly subtle and effective in that respect. There is also a charming freshness in the point of view, and plenty of action and humor in these unselfconscious examples of young art.

In addition to the paintings and wood block prints there are showings of weaving and ceramics, both indicating remarkable achievement. In particular the ceramics shown were pleasing in form and capably glazed. The sculptured animals reflected a certain tenderness and realism noteworthy in artists so young.

Miss Pauline Goodrich who conducts the art classes in the high school pointed out that no program in education is better than the product it turns out. Here again the product is the experience and development of the student as well as the drawing or craft object made in the classes. Miss Goodrich explained the problems given and demonstrated the great diversity of reaction to the assignments. At this stage the young artists are allowed more freedom and wider choice in the use of techniques, in keeping with their more advanced abilities.

The use of color in the High School part of the exhibition showed more variety and sophistication, but the same fresh gaiety of spirit. In general the products of the High School were smoother, with more feeling for form and more individuality as to approach and technique as well as a definite feeling for the value of contrast in darks and lights.

Craft work in the High School is represented by successful work in leather, carved wooden jewelry as well as effective silver and copper work, and fairly complicated block print on fabrics.

It is apparent in the work of both High School levels that the enthusiasm and constructive guidance of these excellent teachers is an important part of this artistic development and achievement. The work of approximately a hundred representatives of the schools reflects great credit upon their teachers as well as upon their own efforts and abilities.

This was the last meeting of the Winchester Art Association until fall, but not the last exhibit for the season. In June there is to be a showing of portraits.

It was announced to interested members and other sketchers that the outdoor classes will begin at once: the 10:00 a. m. session on Thursday will run from May 7 to June 4, and the 5:30 p. m. meeting will meet on Thursdays from May 14 to June 11.

Hostesses at this meeting were Miss Frances Pierce, Mrs. Richard Wyman, Mrs. Robert Eddy, and Mrs. Mildred Lawton, all assisting Mrs. Robert Williams who was Chairman of the refreshment committee for May.

## FIRST FASHION SHOW

Last Thursday evening a group of Winchester Shops gave a Style Show for men only at Mouradian's on Church street.

The participating shops were Tilley's, House of Fashion, Macefields, Forester's Flower Shop and Judy's hair stylist. Ten Winchester women graciously gave their time to model lingerie and dresses with appropriate hand made jewelry and corsages.

The models were:
Mrs. John Lynch
Mrs. James Lanigan
Mrs. R. Somerby
Mrs. R. Nelson
Mrs. P. Nelson
Mrs. F. Barnes
Mrs. R. Vokey
Mrs. P. Collins
Mrs. H. Gamage
Miss Carol Wallis

After the showing, door prizes were drawn by:
Mr. T. Price Wilson
Mr. P. Collins
Mr. J. Lanigan
Mr. H. Chefalo
Mr. P. Nelson

All the guests had a very enjoyable evening, were very impressed with the showing, and asked for another Men's Night real soon.

This most successful fashion show was the first of its kind to be held in Winchester. Another show will be held in the fall.

## MEN'S TENNIS LEAGUE

Wednesday night, Winchester opened its Suburban Tennis League Schedule with a 3 - 0 victory over the Wellesley Tennis Club. Winners for Winchester, all in straight sets, were Blair Hawley and Norm Harris, Henry Fitts and Art Hills, and Deb Bellows and Bob Kittredge. Next week the team will play at Newton Squash and Tennis Club, always a tough club to beat.

## DOWNS' FUND SCHOLARSHIPS

In a recent letter to Mr. Charles Gallagher, chairman of the Winchester Scholarship Committee, the Winchester School Committee recommended certain changes in the allocation of some of the Downs' Fund Scholarships. These proposed changes are designed to aid students planning to become teachers and to aid students of unusual promise who, for good reasons, may not have achieved honor grades throughout their high school course. In commenting on the letter, Mrs. Sara C. Woodward, chairman of the School Committee, stated that it was not too late for students who might fall into the above two categories to seek scholarship aid by applying through their high school principal. The letter to Mr. Gallagher follows:

Dear Mr. Gallagher:

The School Committee would like the Scholarship Committee to suggest nominees for the Jere Downs' Fund Scholarships this year, as you have done in the past. We would particularly like to allocate some of the Downs' Fund to scholarships in two different categories.

1. One or more scholarships to High School Seniors who plan to become teachers. The need for teachers today is great and we wish to encourage students who will train for teaching either in the Liberal Arts Colleges, or in Teachers Colleges.

2. One or more scholarships to High School Seniors who may not have been able to maintain a complete B average, yet who have shown particular promise and who are deserving of help because of outstanding ability. We have in mind the fact that some students have had to maintain after school jobs, or have had unusually heavy responsibilities due to home conditions. If such conditions have resulted in the student falling slightly beneath the B average, we still feel he should be encouraged to apply for help to continue his education in whatever field he has chosen.

I trust this action will meet with the Winchester Scholarship Committee's approval.

Sincerely yours,
Sara C. Woodward, Chairman
Winchester School Committee

## WASHINGTON MOTHERS' ASSOCIATION

The bowling league of the Mothers' Association held their annual banquet on April 30 at the Colonial Country Club in Lynnfield. After a very enjoyable dinner, a short business meeting was conducted by the chairman, Mrs. Donald Campbell. Mrs. Francis Parsons was elected chairman for the next season, with Mrs. Walter Overacker as co-chairman. Mrs. Thomas Preston was elected treasurer.

The following bowlers were awarded prizes:

Highest Average — Virginia Parsons

Lowest Average — Marie Schiraga

Most Improvement — Vivien England

## TENNIS MORNINGS

The sun shone for the mothers on Wednesday morning, May 6, and twenty ladies and a swarm of little indians from age one to four took over the Packer courts for a morning of tennis diversion.

Due to the downpour the day before, there were no base lines on the courts. That helped quite a bit, however, because we just couldn't hit the ball out.

See you next Wednesday at 10.

## CONTAGIOUS DISEASES

## COMMUNITY SCHOOL OF CHRISTIAN EDUCATION

A program of interest both to parents and Church School teachers, present and prospective, has been prepared for Winchester's School of Christian Education to be held next fall in the First Baptist Church. The dates have been set for the five Monday evenings from September 21 through October 19. Rev. Lawrence F. Small will be Dean of the school and Mrs. Hugh J. Erskine will arrange a book table with the cooperation of Miss Corinne Mead.

The evening schedule will be as follows:

7:45 — 9:00 Classes
9:05 — 9:30 Closing worhip, with Dr. Wallace Forgey, pastor of the First Baptist Church of Melrose.

The courses to be offered are:

1. Parents and the Teen-ager — Dr. Charles Wahl, of the Child Psychology Clinic at the Mass. General Hospital, and Dr. Barbara Kimball of the Adolescent Unit, Children's Medical Center.

This course is for all parents of teen-age young people, and will include discussion of such problems as dating, "going steady", the hour to be in at night, allowances, use of the family car, telephone and television, and the problem of alcohol.

2. Church School Supervision and Planning — Dr. John Leslie Lobingier, Director of Christian Education for the Congregational-Christian Conference of Massachusetts.

This course is intended for all Church - School superintendents, members of Christian Education committees, ministers, and Directors of Christian Education.

Courses 3 - 6 are planned for teachers, substitutes, and teacher-in-training in the various departments of the Church School. In each course the time will be divided between theory and practical suggestions for improving teaching methods.

3. Teaching in the Nursery and Kindergarten — Mrs. Vart Andon, Head Teacher of the Pre-school Department at Old South Church, Boston.

4. Teaching in the Primary Department — Mrs. Warren Hunt, Superintendent of the Primary Department, St. John's Episcopal Church, Jamaica Plain.

5. Teaching in the Junior Department — Miss Lillian Boyd, Field Secretary for the Department of Christian Education, Diocese of Massachusetts.

6. Teaching in the Junior High Department — Miss Esther Stricker, Supervisor of Week-Day Religious Education for the Greater Boston area.

This is a significant opportunity to improve our local program of Christian education. Everyone concerned with the religious development of children should find something of practical value here and is urged to attend. There will be no admission charge as the Lenten offerings of the Union Church services are being used to defray the expenses of this school. Neighboring communities are being invited to participate also.

Last Saturday evening neighbors reported smoke issuing from the E. B. Badger home on Prospect street, and knowing the family to be away, called fire headquarters. The firefighters found a defective oil burner was causing the trouble.

The contrast between the allegory of Adam — or fallen man — as given in the second and third chapters of the book of Genesis, and the spiritual creation of man as told in the first chapter of Genesis will be brought out at Christian Science services Sunday.

The Lesson-Sermon entitled "Adam and Fallen Man" includes the following passages from the Bible:

So God created man in his own image, in the image of God created he him: male and female created he them" (Genesis 1:27).

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following:

"When speaking of God's children, not the children of men, Jesus said, 'The kingdom of God is within you;' that is, Truth and Love reign in the real man, showing that man in God's image is unfallen and eternal" (476:28).

The Golden Text is from Ephesians: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light" (5:14).

## LIGHTING IMPORTANT IN UNITARIAN PLAYERS' "OUR TOWN"

In "Our Town," which the Unitarian Players are performing on May 15 and 16, Thornton Wilder did away with conventional scenery. In this way he gave full scope to the universality of this picture of our span of existence to the grave and beyond.

George W. Hayden, Jr., and his electrical crew have been able to concentrate on producing their magic this time with unusual and exciting lighting effects. A large amount of the production budget has been invested in new switchboards and dimmers which will make possible swift changes in mood and scene through lighting. Those working with Mr. Hayden are Ganson P. Taggart, Kenneth S. Hall, Dermot Townley-Tilson, William E. Spaulding, Robert Westwater and Arthur G. Rich. Others engaged in the staging of the play are Mrs. George W. Hayden, Jr., Mrs. Robert L. Low, Miss Marjorie Bradford, Miss Helen Glover and Mrs. Lawrence Lunt.

Heading up the behind-the-scenes work is Mrs. Percy H. Hill, backstage manager. Her properties committee will be Mrs. Penelope Sessions, Mrs. Allan Q. Mowatt, and Mrs. C. Darwin Carroll. The costume committee, who are busy converting the cast into turn-of-the-century attire, are Mrs. Olcott L. Hooper, Mrs. George A. Blair, Jr., and Mrs. Walter I. P. Badger. Boardman O'Connor will contribute his skill in the make-up department. Miss Charlotte LeClair is in charge of the sound effects which, in this play, often set your imagination to inventing objects. Miss Marjorie Bradford is prompting.

Mrs. Ganson Taggart is house manager for this production. On Friday evening her refreshment committee wil be Mrs. Kenneth S. Hall and Mrs. Walter I. P. Badger, and, on Saturday, Mrs. Theodore vonRosenvinge and Mrs. Theodore R. Godwin. Flowers will be in the hands of Mrs. Dermot Townley-Tilson.

Mr. Townley-Tilson's committee of ushers is made up of Winslow A. Nutter, William Davies, Herbert Black, Bradford Darling, Gardner W. Handy and Robert D. Eddy.

Tickets are in charge of Catherine and Mary Spaulding. Suzanne Reed has done publicity and Bradford Darling posters.

## HIGH SCHOOL TENNIS

Prue Morton won the high-school girls' warm-up tournament last week by eliminating Carolyn Stone in the finals 6 - 4, 8 - 6. With this win Prue takes over the No. 1 slot on the girls' tennis team, Captain Stone playing No. 2. At No. 3 singles will be Cie Moses who edged out Betsey Freeman in a challenge match. First and second doubles teams are Betsey Freeman with Deirdre Donovan and Sue Clark with Nancy Morse.

The second team consists of the following girls: Jeanne McKenzie, Margie Thompson, Leelee Abbott, Dot Bellows, Ruth Freeman, Marcia Harris, and Carol Damon. Mickey Coon and Del Mitchell, fighting for No. 15 and 16, claim they are on their way up the ladder, however, after getting a late start.

In the finals of the girls' consolation tournament Ruth Freeman defeated Marcia Harris 4 - 6, 6 - 3, 6 - 2.

Dick Clark and Bob Becker are seeded one and two in the boys' age 15 and under tournament being played this week, as are Jeanne McKenzie and Leelee Abbott in the girls' division. These are warm-up tournaments for Mrs. Wightman's big match at Longwood on May 23, and we hope the young local players will make a good showing.

Due to rain and the full schedules of both boys' and girls' tennis teams, the mixed-doubles tournament for the high school has been postponed until the week of May 24.

## DON'T HURRY COLOR TV

"Retailing Daily" for May 6 reports at some length an address on Color TV given recently by Ross D. Siragusa, president of the Admiral Corp., at the annual dinner of the radio division of the United Jewish Appeal in New York.

Mr. Siragusa said that forcing the production of of color TV sets before the development of a satisfactory picture tube would be the most serious mistake any one could make.

In addition, when such a tube is developed, at least a year will be required to tool up for mass production, Mr. Siragusa said, cautioning his audience not to be misled by talk that color is "just around the corner."

Mr. Siragusa said he had no idea when a more advanced and less complicated color tube will be available, but he does not believe scientific progress can be produced or hastened by Congress or wishful thinking.

When the tube problem is solved Mr. Siragusa believes that everything else will follow and the TV industry will be able to produce sets at a price well within the reach of the great mass of American families.

Local TV dealers feel Mr. Siragusa has faced the color TV issue squarely and stated its problem correctly.

## NATIONAL GOP COMMITTEEMAN FETED

(Continued from Page 1)

The gathering was very representative with all sorts of people from both sides of the tracks, representing many political creeds, enjoying an evening of good fellowship in honoring one whose service has known no restrictive lines.

Seated at the headtable with the Bonnells and Mrs. J. Stanley Barnes, chairman of the "Friends of Ralph Bonnell" banquet committee, were Don S. Greer, chairman of the Board of Selectmen, who acted as toastmaster and the following invited guests:

Hon. Edith Nourse Rogers, U. S. Congresswoman, 5th Massachusetts District; Hon. Chester E. Merrow, U. S. Congressman, New Hampshire 1st District; Lt. Governor and Mrs. Sumner G. Whittier, Attorney General and Mrs. George Fingold, State Senate President and Mrs. Richard I. Furbush, Speaker of the State House of Representatives and Mrs. Charles Gibbons, Rev. Robert A. Storer, minister of the Unitarian Church; Middlesex County Treasurer and Mrs. Charles P. Howard, Mrs. Raymond W. Wheeler, Republican National Committee member; Mrs. Greer, State Commissioner of Public Works and Mrs. John A. Volpe, State Senator Robert P. Cambell, 6th Middlesex District, and Mrs. Campbell; Mrs. Joseph L. Roberts, State Republican Committee member from 6th Middlesex District; State Housing Commissioner and Mrs. Daniel Tyler, Jr.; Governor's Councillor M. Edward Viola, 6th Middlesex District, and Mrs. Viola; District Attorney George E. Thompson, Northern District, and Mrs. Thompson; Carl Nelson and Floyd Bell, old friends of Mr. Bonnell; Rep. Harrison Chadwick of the 29th Middlesex District, Mrs. Robert Wood Reynolds, president of the Winchester Women's Republican Club; Rep. William Kirlin of Belmont, Mrs. William Kirlin, member of Republican National Finance Committee; Chairman of the Republican State Committee, Elmer C. Nelson, and Mrs. Beatrice Mullaney, vice chairman of the State Republican Committee.

The banquet opened with invocation by Rev. Mr. Storer and the singing of "The Star Spangled Banner" by Dorine Dunn, accompanied by Ken Reeves Orchestra. The orchestra played during the seating of the guests and during the dinner with Miss Dunn singing popular and semi-classical songs.

Mrs. Barnes introduced Mr. Greer as toastmaster and the latter gravely announced that the dinner was very fortunate in having as an unannounced guest, the Hon. Terrance Kevin O'Reilly, representative of the Irish Free State to the United Nations, who had just then arrived at the East Boston Airport and would soon make his appearance.

While waiting the distinguished Irishman's arrival Mr. Greer introduced the head table guests and then commenced the long round of toasts.

Mr. Greer himself, ably extended the greeting of the town to the dinner and read congratulatory telegrams from several personagles of importance who were unable to be present, including Gov. Christian Herter, Senator Leverett Saltonstall, Congressman Joe Martin, House Republican Leader; former Senator Henry Cabot Lodge, United States representative to the United Nations; Tom Pappas, Carol Meins, Sinclair Weeks, Otis Whitney, State Commissioner of Public Safety; and former United States Senator Philip K. Allen.

Just before the speaking commenced Mrs. Reynolds presented a beautiful bouquet of roses to Mrs. Bonnell.

The first speaker, Mr. Nelson brought the thanks of the Republican State Committee to Winchester for as he expressed it "taking up the slack" so Ralph Bonnell could do the job he did for the State and National Party.

Congresswoman Rogers characterized Mr. Bonnell as one of the finest citizens of a fine community. Warning her listeners that Republicanism is on trial, she felt Mr. Bonnell is one of the finest representatives of the party, able, fearless, kindly, with a sincere desire to help at the town, state, National or international level.

Evander "Van" French, new president of the Winchester Country Club, was called from his floor table to the microphone, and told of Mr. Bonnell, during his term as president, transforming the club from a financially insecure organization into one of the strongest clubs financially hereabouts. He got a laugh when he asked who but Ralph Bonnell could "start out for Taft, ride the Eisenhower train, and wind up as National Committeeman?"

Mrs. Howard felt there could be no better incentive for any person in public life than to achieve the respect of his co-workers. This Mr. Bonnell has achieved and maintained, and she felt he could have no greater reward than to have so many of his friends and associates come to the hall to do him honor.

Attorney General Fingold expressed his personal appreciation to Mr. Bonnell for his help to him and the entire State Republican ticket during the last election, concluding with his thanks to Winchester for giving the Republicans Ralph Bonnell.

T. Edmund Garrity, another of Mr. Bonnell's Country Club associates, was called from the floor to tell of Ralph's conception of college scholarships for golf caddies, a conception that has grown into the Francis Ouimet College Fund which has sent 66 caddies to college since 1949.

Mrs. Wheeler characterized Mr. Bonnell as one always calm and collected, usually wearing a smile, but fully capable of saying "no". She expressed her own willingness to serve with him on any sort of committee.

At this point, with something of a flourish Toastmaster Greer introduced the dinner's distinguished Irish guest, Mr. O'Reilly, who opened well by congratulating the Republicans for having the fortitute to throw "the banshees" out of Washington, and stating the Irish would have fought in the last war if the Republicans had been in power. Of course he turned out to be an entertainer from Needham, one Sweeney or some such, but he had an "illigint brogue" and told several amusing stories, that about the "new look" and the girl with the braced teeth who looked like the "front end of a Buick" going over very well.

Senator Furbush felt that Ralph had proved the old adage that to have friends you must be a friend and Rep. Gibbons stated that Mr. Bonnell had completely disproved the theory that no one man can be a good businessman and a good politician. He brought to the honor guests the greetings of his home town of Stoneham.

Senator Campbell lauded Mr. Bonnell as an example of the success the average public servant can win by developing his talents and applying himself to his job. Ralph has given so much of himself to everyone that the Senator knows that his many friends will help him whenever possible.

Rep. Chadwick expressed the feeling of pride the Republican Town Committee has in the Bonnell success and the honor he has brought to the committee and town. After serving his town and state party with conspicuous success Mr. Bonnell now goes on to make what Rep. Chadwick believes will be a real contribution to the success of the Country.

Mrs. Roberts stated she had placed Mr. Bonnell's name before the Republican State Committee and expressed the pride she personally feels in the success of her candidate, adding every good wish for his success on the National Committee.

Mr. Greer than read a congratulatory telegram from Mr. and Mrs. John D. Jacobson in Dallas, Texas, lauding the Bonnells. A native Texan, Mr. Greer put in the "you-alls" and "hyahs" of the telegram impressively.

In a ringing toast Lt. Governor Whittier praised Mr. Bonnell as one who did not say "What Can I Do" last fall, who did not wait to be asked, but who went in to the Republican State Committee looking for a job. He didn't gripe, said Mr. Whittier, when his man failed of the nomination, but worked hard and effectively for his party's choice. The Lt. Governor attributed the Republican win in Massachusetts to the fact that enough people had the same faith and will to work as Winchester's Ralph Bonnell.

Senator Merrow, the principal speaker, expressed himself as happy to join in wishing Ralph Bonnell continued success in his labors for the Republican Party which now has a great responsibility in a crucial time.

He paid tribute to Congresswoman Rogers and congratulated the district for continually returning her to office.

The United States now faces its third critical era of existence. The first was when through the instrumentality of George Washington this Country won its freedom. The second was when Abraham Lincoln saved the union and now we are the leader in a world struggle to see whether free countries with a civilization based on Christianity can endure.

We can not shirk our responsibility as the leader of the free world with all nations looking to us for leadership and assistance.

Our response to our responsibility is indicated by the fact that last year we spent 58 billion dollars for foreign aid and national defense. Our budget must be balanced and our tax burden reduced, the Senator said, to preserve our democracy and free enterprise.

Although he felt our foreign aid is working the Senator feels we should make sure that those we are aiding with our dollars are also seeking to help themselves and to cooperate with us.

In the success of the free world lies our own future, and until there is evidence of a change of philosophy on the part of the communists we must be prepared.

In conclusion he said that Ralph Bonnell is to assist the Republican Party in the important part it is to play in helping the United States fulfill its destiny as the leader of a free world.

Mrs. Barnes thanked everyone who assisted in making the banquet so successful and called upon William A. Wilde, Jr., who presented the Bonnells with a complete record of the banquet in book form, including the signatures of all present. This gift came from "young people of the town."

Mrs. Barnes then presented the Bonnells with the gift of their "Friends," a handsome silver Paul Revere Bowl and tray, both suitably inscribed.

Mr. Bonnell voiced his appreciation briefly but sincerely, expressing his pleasure in the fact that many of his Democratic and Independent friends were seated at the tables. He is happy, he said to have been of service to the town for Winchester has been good to him and his family. He told those present that all have a responsibility for good government and if we are not to lose our freedoms, all must do their part as citizens. He promised his best effort in that direction, and thanked every one for coming to the banquet, ending by lauding his wife for her never-failing patience and assistance.

As the prolonged applause that greeted the Bonnell remarks died away Mr. Greer took Mrs. Barnes completely by surprise by presenting her with flowers in acknowledgement of her efforts in the success of the banquet.

The delicious meal, which featured tender roast beef was catered by L. A. Witham who was called on to take a bow.

Members of the Committee, headed by Mrs. Barnes, included Mrs. Richard Kirkpatrick, treasurer; Richard J. Johnson, secretary; Robert Wood Reynolds, publicity; William A. Wilde, Jr., Nicholas H. Fitzgerald, Evander French, Harris S. Richardson, Mrs. Robert Wood Reynolds, Frederick McCormack, Mrs. Kenneth B. Toye, Rep. Harrison Chadwick, W. Allan Wilde and Robert T. Pritchard.

Besides their many local activities, two Winchester residents are busy with plans for the annual Alumnae Day of Garland Junior College which this year is celebrating its 80th birthday. Mrs. Robert G. Thomason is Vice-President of the Alumnae Association while Mrs. H. Rushton Harwood, Jr., is secretary and chairman of the Class of 1938 which is having its 15th reunion this year. ## JUNIOR HIGH PUPILS CREATE SCIENCE PROJECTS

An interesting exhibit of science projects, produced by the eighth grade of Mr. Frank Provinzano, is now on display in the science laboratory of the junior high school. These projects, which are entirely optional as far as the students are concerned, were initiated by Mr. Provinzano in an effort to create more interest in scientific study. In order to provide for a wide range of pupil abilities and interests, this optional work may take many forms: posters, charts, essays, oral reports, collections of newspaper and magazine articles, the building of models, or the demonstration of products and materials.

Among the projects prepared by the students and now on display are a series related to weather, wind, and water. On the exhibit tables one will find water wells, water pumps, windmills, water wheels, drawbridges, boats, weather stations, water dams, aneroid barometers, mercurial barometers, humidiguides, wind anemometers, weather vanes, and current indicators. Other exhibits include electric motors, door bells, electric magnets, and magnets. In creating these projects the pupils have used a wide variety of material — paper, cardboard, wood, metal, screen, plaster of Paris, landscape moss and grass, thread, and wire — plus a lot of ingenuity.

Outstanding among the projects is the model of a water supply system, consisting of three reservoirs on different levels and providing a constant flow of water. The model is waterproof and measures about 5 feet long 2½ feet wide, and 20 inches deep. It weighs approximately 75 pounds. Created by Andrew Hertig and John Chapin, the project was started in December when the class was studying a unit on water. The boys worked on their model during spare time for four months, and its realistic appearance testifies to the care which they bestowed upon it.

The purpose of this particular project was to show how water may be supplied to a community from a mountain lake. The lake water flows to a lower reservoir for filtration, and finally to a still lower reservoir for aeration. From there it goes to the homes and buildings of the community. As the water reaches the community, it is forced to the top of the mountain by the pump, to start the cycle over again.

This project, and all of the others, too, was explained and demonstrated by its creators to the other members of the class. In commenting upon the projects as a whole, Mr. Provinzano expressed the belief that they were most effective in arousing scientific interest among the students and in improving their science skills.

**Local Business Executive Tells How To Find More Time in Your Day**

"Sometimes things pile up at the office, and it seems, by the end of the day, that I'd never catch up with them. Those are the times I appreciate most of all commuting by Boston and Maine train. I can really rest as I ride — I get a chance to think out problems — and I'm ready for the next day!"

Right! He's rested and relaxed. He works faster and his judgment is better!

The Medford Women's Club, Governors Avenue, Medford, was hostess to the Eighth District Presidents' Club of the Massachusetts Federation of Women's Clubs at the annual meeting featuring a spring breakfast. Mrs. Harold H. Given of Winchester, vice-president, gave the invocation.

Mrs. Harry P. Mrs. Sparks expressed her thanks and appreciation to Mrs. Given for her work as Eighth District Director.

Mrs. Harry Sparks and Mrs. Carlos A. Monge will be the delegates to attend the Massachusetts State Federation of Women's Clubs annual meeting to be held May 13, 14, 15, 1953, at the New Ocean House, Swampscott.

The following officers were elected for the ensuing year:

The next meeting will be held in the fall.

## MAY GARDEN PARTY

It is quite a relief and a real treat to invite the members of an organization to a party. There are no strings attached, no tickets to buy. The Winchester Home and Garden Club is hereby bidding its members and their guests to a May party on Wednesday, May 20, from 2-5 p.m. The whole club worked so hard, and the public responded so generously on the occasion of the Christmas Sale that the board voted to have an open house and garden program with a tea party in the spring.

Of course there has to be a hard-working committee and there has been some behind-the-scenes planning for weeks now. Mrs. Rowland Patrick is chairman of the afternoon's program, with Mrs. Alexander Aitken, Mrs. Edward French, Mrs. Charles Hart, and Mrs. Herbert West on her general committee. In charge of the tea are Mrs. William Holdich and Mrs. Percy Bugbee. Mrs. Frederick Cole is heading up the Home and Garden table on Mrs. Herbert West's covered porch. More about this interesting highlight next week.

Mrs. Frederick Churchill is press chairman, and Mrs. Frank Robinson, with Mrs. George Connor are co-chairmen of hostesses. Mrs. Norman Mitchell, as the club's exhibition chairman will oversee the flower arrangements. As membership chairman, Mrs. Edward McDevitt will receive the year's new members for tea in the prize-winning home and garden of Mrs. Don Greer, 372 Highland avenue, at 3 o'clock. The other easily accessible and delightful homes and gardens to be opened are those of Mrs. Herbert West, 24 Mason street, Mrs. Rowland Patrick, 1 Ledgewood road, and Mrs. Edward French, 2 Ledgewood road. Mr. Maurice Freeman has just completed his large greenhouse and has generously invited the Garden Club to take a peek. The way will be open through Lawson road.

More news next week but rain or shine plan on the twentieth for another rewarding Winchester Home and Garden Club event.

## CONTAGIOUS DISEASES

REV. ROGER MAKEPEACE

## FORMER WINCHESTER PASTOR GOOD WILL AMBASSADOR

Winchester readers of "Bill" Cunningham's column in last Sunday's Boston Herald, and there are many of them, noted with pleasure the British tribute to Rev. Roger E. Makepeace, former pastor of the Crawford Memorial Methodist Church and now an Army chaplain with the rank of captain attached to the U. S. Air Force 7551st Personnel Processing Squadron at Shaftesbury, Dorset, England.

Mr. Cunningham prefaced his reference to the British appraisal of Captain Makepeace with one of his pointed reports of the dislike in which the United States is held everywhere despite the hordes of dollars we have given to, and the lives we have sacrificed for, people all over the world.

With his characteristic outspokenness the famous Herald columnist finds that much of the fault is due those whose duty, officially or unofficially, is to sell this Country abroad.

In this connection he notes the different opinion some of the English have arrived at due to the efforts of Captain Makepeace who represented his Air Force group at a "Festival of Remembrance" organized by the British Legion as a memorial to service dead.

Called upon for impromptu remarks at the service, Captain Makepeace so impressed and delighted his listeners that he was invited to return to Hyde, Fordingbridge, Hants, to be the principal speaker at the British Legion annual dinner there. His remarks on the latter occasion were equally well received.

The organizer of the "Festival of Remembrance" was so impressed with Captain Makepeace's remarks on that occasion that he wrote the United States Embassy in England with the result that eventually the former Winchester pastor received a well deserved official commendation for his efforts as an Ambassador of Good Will between the USA and Britain.

Mrs. Georges A. Marks of Foxcroft road and Mrs. Samuel B. Kirkwood of Swan road are Winchester residents interested in "The Golden Fleece", an arts and crafts festival to be held Saturday, May 23, at the deCordova Museum in Lincoln, commencing at 10 o'clock.

## JUNIOR MRS. GUILD

The Junior Mrs. Guild of the First Congregational Church of Winchester, under the chairmanship of Mrs. Charles H. Ungerman, Jr., Jefferson road, served a buffet supper at the Armed Services YMCA in Charlestown on Sunday, May 3, 1953.

Members of the Guild who were the hostesses at the supper were: Mrs. Joseph D. Hall, 16 Kenwin road; Mrs. Howard W. Bates, 1 Oneida Circle; Mrs. Albert A. Kajander, 4 Alden Lane; Mrs. Clinton P. Charles, 2 Alden Lane; Mrs. Russell B. Strout, 49 Lorena road; Mrs. Windsor S. Carpenter, 28 Lorena road.

The Charlestown "Y" is a busy place on Sundays and over three hundred servicemen and junior hostesses were served homemade sandwiches, cake and coffee as part of the weekly Sunday program on May 3, 1953. This buffet supper is the highlight of a program including informal games, chaplain's chat and square dancing. Many churches and women's clubs have been active in helping the servicemen stationed in the Boston Area by serving one Sunday supper a year at the Armed Services YMCA in Charlestown.

## SINGING WITH COLBY GLEE CLUB

The Club, which is under the direction of Peter Re, director of choral music at Colby, will be making its first Boston appearance.

Both Fernandez and Ives went to Winchester High School and both are active at Colby. Fernandez is a member of Kappa Delta Rho and Ives, of Delta Upsilon.

## EXHIBITING AT BOSTON YWCA

Mrs. John Lobingier, 4 Manchester road, Mrs. Samuel Kirkwood, 7 Swan road, Mrs. Charles Ladd, 325 Highland avenue, and Mrs. George Marks, 32 Foxcroft road are exhibiting in the annual spring show of painting, weaving, ceramics, textile design and silk screening at the Boston YWCA. ## A FRIEND IN NEED

Clay Specter runs the Hillside Paint and Wallpaper Company in the center. A lot of Winchester people know him and the products he sells, but we venture to believe that few know the versatility of the man.

Clay has always advertised to give service plus and Monday forenoon he gave ample evidence of his willingness to take care of the extraordinary at a moment's notice.

It seems Clay was making a delivery on Ardley place when a neighboring housewife arrived excitingly enquiring if there was any one there who could put out a fire. Clay was lacking his helmet and extinguisher, but he did quickly smother a fire caused by excess oil in a kitchen range, using a heavy cloth.

This little job attended to, he started back to town, through Parker road, only to see there another housewife, standing forlornly on the front walk with her three children, accidentally locked out of her home.

Borrowing a ladder nearby, Clay again did the honors, through an unlocked second story window. Just a big Boy Scout at heart, that's Clay!

He presented a brief history of the school, which was founded in 1903 as the Winter Hill Business College in Somerville.

Dean Fisher is a son of the founders and his uncle, Edmund H. Fisher of Somerville, a co-founder, was a guest of honor. Mrs. Myron C. Fisher, also of Somerville and mother of Dean Fisher, was another special guest.

Ask for details at your next meeting, and be very sure to mark the Registration Date, May 25th, on your calendar. Early registration is the very best guarantee that you will be in on all the good times and fun.

There is a meeting at the Office, at 10 a. m. on Tuesday, May 12th, for the Camp Committee.

The Association Meeting will be held at the Cabin, Thursday, May 14th, at 1:30 p. m. This is the last one this year. After the business meeting, Representatives from the Senior Troops will tell about their programs, their work with younger girls, their projects, and will truthfully surprise you with all the interesting things and very good work they do while helping others. You will be proud of how much they can and do accomplish. Let's turn out a big group to give them the big hand they deserve!

Just such a girl as the representatives mentioned above is Jean March, who is helping as a Program Aid with Troop 42. This Troop is in the 5th Grade at Mystic School under the leadership of Mrs. Campagna.

Wasn't the Fashion Show really Something! Such Fun, and such fashions! Mrs. Edmund Wright as Chairman, practically ran the entire show, only that she will want us to mention a thank you to all who worked with her. Mrs. John Ghirardini provided the music, and Mr. Lester Whittaker of the Winchester Conservatories provided the lovely flowers. To Mrs. Marcia Bond, of Filene's, goes a great big Thank You, for it is she who fitted the individual styles to all the 50 individual Brownie figures, and that, we may say, is no small task. Here's looking forward to another one just as successful.

Need we mention that Jean O'Neil, our Girl Scout Baby, was a very much featured attraction. Our youngest Brownie is just fourteen months old.

Miss Connie Wood, formerly of 7 Herrick street, has been elected Secretary of Alpha Epsilon Rho, honorary radio fraternity of the School of Public Relations at Boston University. Connie, a radio and television major, is a Dean's List student.

DR. PAUL E. JOHNSON

## THE SENIOR FORUM

Following the policy of several years' standing, the Senior Forum of the First Congregational Church will this Sunday recognize Mother's Day with a special service in Ripley Chapel, at their usual 9:30 hour, to which all Forum parents are cordially invited. This is always a significant occasion when the parents enjoy the opportunity to participate in the worship service planned and conducted by their young people. Forum has invited as their speaker Dr. Paul E. Johnson, Professor of Psychology of Religion at Boston University. The chaplain will be John Becker, and the assistant chaplain will be Roger Bainbridge.

Dr. Johnson has had an extensive education in the field of psychology and religion. After having received his S. T. B. and Ph. D. degree from Boston University he has continually increased his knowledge in his special field by further studying at Brown University, Harvard University, a school in China, and at the University of Minnesota as recently as 1951.

Over a period of some twenty-five years Dr. Johnson has taught in the field of social studies in a number of universities, both in this country and in China and has held a professorship at the Boston University School of Theology since 1941. Here his work has been outstanding, both in his instruction at the college and in his cooperation with doctors in developing the therapeutic value of religion in healing mental illness. He is a member of many national associations of psychology and religion, and the author of many books and articles. Dr. Johnson is not a stranger to Forum as he spoke at their Parents' Day two years ago. Forum members feel that their theme for the year on "Christian Youth Builds a Better World" will be brought to a trulyl inspiring climax at this final chapel service of the 1952-53 season by Dr. Johnson's talk on "Christian Family."

## CHILDREN'S OWN SCHOOL

An evening of exceptional enjoyment and interest was experienced by all who attended "French Night," held last Wednesday evening at the Music Hall by invitation of the board of directors of the Children's Own School. The group of French Songs, opening the program, were delightfully sung by Rebecca Zimmerman, whose graceful modulation of the many very high notes was done with great charm.

Monsieur LaPierre, Honorary Consul General de France, talked most interestingly and with fine wit on the domestic and colonial affairs of France, the Saar agreement, various policies affecting American-French relations and the common front against Communism. A question and answer period followed Monsieur LaPierre's talk.

A fine exhibition of French posters gave color and added interest to "French Night." A large collection of posters has been presented to the Children's Own School through the courtesy of the president of the French railways and of Monsieur Charles-Roux, Consul General de France.

## YEARBOOK EDITOR

Miss Elizabeth Carlisle, daughter of Mr. and Mrs. Ralph E. Carlisle, 10 Reservoir street, has been elected by the Lesley College Class of 1954 to the office of editor-in-chief of the yearbook, The Lesleyan.

For the past year she has been publicity chairman of her class, secretary of the Student Christian Association, co-chairman of the Junior Prom Publicity Committee, and was publicity chairman for the Lesley College Glee Club. Miss Carlisle was sent as a delegate from the Lesley Student Christian Association to the World Student Service Conference which was held at Harvard University in December.

A reception was held after the ceremony at the home of the bride's parents. Mrs. Thompson aided in receiving, wearing a floor-length gown of gray crepe with orchids and pink gloves and a gray straw picture hat. Out-of-town guests came from New Hampshire, New York and Connecticut.

After a wedding journey Mr. and Mrs. Kurra will make their home on Crocker street in Centerville.

The bride is a graduate of Winchester High School, Lincoln Preparatory School and Boston Evening Clinic and School of Physiotherapy. Mr. Kurra graduated from Barnstable High School and served with the armed forces in Europe for three and one-half years during World War II.

## CARS COLLIDED ON WASHINGTON STREET

Shortly before 12:30 Sunday morning police headquarters was notified of an automobile accident at the intersection of Washington and Swanton streets with Park avenue.

## "WHEELS A ROLLIN' " AT THE EN-KA STREET FAIR

MAY 22ND AND 23RD

The railroad theme of this year's Street Fair is being emphasized by a model train and railroad exhibit. The town Hall is being transformed into a miniature railroad treminal. All phases of this fascinating hobby will be explored.

Did you know there are over 30,000,000 railroad enthusiasts in the United States? We guarantee that after visiting this exhibit their ranks will be increased considerably.

Mrs. Lyndon B. Burnham, Chairman of the "En Ka Limited", and her committee are extremely grateful to the exhibitors who are so generously giving their time.

Mr. Sidney Crosby, of the Crosby Hobby Center in Cambridge, will feature an "O" gauge, ¼ inch scale, Lionel train layout in operation. This exhibit will be most realistic with mountains, towns, bridges, signals, and switches. He will also have on display a "T. T.", 1/10 inch scale, train layout. Mr. Crosby will also show models of new streamliners.

Mr. Ernie Washburn of Lexington will exhibit a 1½ inch scale, live steam model engine. The engine weighs over 200 pounds and it took ten years for Mr. Washburn to assemble.

Mr. Archie Kennel, Jr., of Waban will show 1/8 to 12 inch scale, imported German Maerklin models which will hold the attention of the audience.

A collection of antique, foreign and domestic, models will be shown by Mr. Frank Grinnell of Boston. Mr. Grinnell, over a thirty year period, has obtained these pieces in England, France, Germany, and other parts of Europe, as well as the United States.

Mr. Clarence Fay and his son Gordon Fay, in conjunction with Mr. John Burt and his son Alan Burt, will display hand assembled models. The two sons will work on models during the day giving the spectators an opportunity to observe the technique involved. This exhibit will also include a collection of scrapbooks, railroad magazines, and time tables.

Mr. Albert Hale of Lexington will show movies of old narrow gauge railroads that are now obsolete. These, together with pictures of famous old engines, will be of great interest to everyone.

A group of unique engine photographs will be displayed by Mr. John W. Merrill, Curator of the Railroad and Locomotive Historical Society Inc., of the Baker Library, Harvard Business School. This Society has the largest railroad museum in the United States and is the only one of its kind in this part of the world. It has been in existence for thirty-two years.

Last but not least, the Boston and Maine, through the courtesy of Mr. Robert Edgar of Winchester, has provided a projector and color films with sound. These interesting and educational pictures will be shown every hour. "Scenic New England", "Wheels A Rollin" and other films will be one thing no one at the Fair should miss seeing.

Enjoy the various amusements the Fairs offers you — the rides, the Midway, and the sampling of our many culinary achievements, but before you leave do visit the exhibit "Wheels A Rollin" in the Town Hall.

## MRS. AMY GOULD BACON

Mrs. Amy Gould (Grant) Bacon, wife of Frederic S. Bacon, died Monday morning at her home, 24 Central street, following a six months illness.

Mrs. Bacon was born June 30, 1878, in Chelsea, the daughter of C. Willis, and Jessie (Bryden) Gould. She was educated in the Chelsea schools and at Miss Hersey's School in Boston, and had been for 30 years a resident of Winchester, living for many years at 30 Wildwood street and more recently at her Central street address. She had been a member of the Fortnightly Women's Club, Florence Crittenton Circle and Women's Republican Club.

## CANCER DRIVE CONTINUES

The Masachusetts Division of the American Cancer Society during the next few weeks will seek to raise approximately $75,000 during a post-campaign clean-up period to attain its full goal of $661,980.

When the drive officially ended May 11 the total was within a few thousand dollars of the all-time record of $592,000 achieved last year, and since this total was not reached until some weeks after the campaign closed, it is expected that contributions intended for the fund but not yet made will reach the mark set for 1953.

A number of communities have reached or oversubscribed their marks, among them Medford, Waltham, Watertown and Reading. Winchester had up to May 11 contributed 85 per cent of its quota.

Contributions may be sent to the Massachusetts Division of the American Cancer Society at 462 Boylston street, Boston.

## CHURCH OF THE EPIPHANY HAS A NEW RECTOR

The Reverend John Williams Ellison has accepted the call to be rector of the Church of the Epiphany and will take up his duties in the fall.

Mr. Ellison comes from Idaho. He graduated from Harvard in October, 1943, then spent two years at the Virginia Theological Seminary, later transferring to the Episcopal Theological School in Cambridge, where he graduated in 1946.

He went home to be ordained by the Bishop of Idaho and then returned to serve for the next two years as assistant minister at Christ Church, Cambridge. He then became vicar of St. John's Church in Idaho Falls, Idaho. In 1949 he was made chaplain to Episcopal students and vicar of St. Paul's Memorial Church at the University of Arizona at Tucson, Arizona.

He has been on leave since January of this year to complete studies for a doctorate in Theology at Harvard Divinity School.

His project is a very unusual one because it entails the use of the electronic computer at Harvard.

Mr. Ellison's special field is Greek New Testament manuscripts and he is analyzing over 300 manuscripts of the Gospel according to St. Luke. He has worked out a method so that the electronic computer will produce statistics which will indicate which manuscripts were copied from which, as well as other aspects of how the text of the Bible was preserved. This is basic research necessary for each new translation of the Bible.

Mr. Ellison is married to the former Mary Elizabeth Thorpe of Concord; she is a graduate of Concord Academy and of Radcliffe. They have two children, Paula, age 6, and Peter, age 2. The Ellisons will move into the rectory at 3 Glengarry later in the summer, but the new rector, because of a previous commitment, will preach at the church on Sunday, May 17.

## DEBORAH FRENCH U. N. CONTEST WINNER

Deborah French, Winchester High School senior, went to the State House on Tuesday to receive her award as first prize winner in the 27th Annual United Nations Student Contest for Massachusetts. Governor Christian Herter presented the award to Deborah and to Deirdre Moriarty, of St. Joseph's High School, Somerville, and John Holmes, of the North Quincy High School, second and third prize winners respectively. Students from Wellesley, Shrewsbury, and Walpole won honorable mention awards.

Winning recognition for her scholarship and writing ability is an old story for Debby, one of the best-liked and most popular students at the high school. An honor pupil throughout her high school course, she is this year the president of the National Honor Society, and the editor of both the Red and Black, the school newspaper, and the Aberjona, the yearbook.

Accompanying Debby on her trip to the State House were her parents, Mr. and Mrs. Evander French, and her history instructor, Mrs. Ella Stacy. It would have been difficult to tell which of them was the proudest. The winning essays in the state contest go on to Washington, D. C., for the national judging, and the results will be made known later this month.

## BLOOD DONOR DAY

"Thanks, you saved my life!" You may never hear those words actually spoken, but when you give blood, you know you're giving life. The blood you give may help a soldier wounded in Korea, a civilian hurt in an accident, a child exposed to polio, a baby threatened with measles, a man undergoing surgery, a woman suffering from shock, a young mother in childbirth, or a victim of an enemy attack.

It is not too soon for the citizens of Winchester to call the Red Cross office, WInchester 6-2300, to make an appointment to give a pint of blood on the next blood donor day in Winchester, Friday, June 5. The Bloodmobile will be at the First Congregational Church on that day and Winchester's quota is 150 pints. That should not be hard to get in a town this size.

Call for your appointment now.

Miss Beverly Brown of Winchester, sister of the bridegroom, was maid of honor, and the bridesmaids were Miss Rosalie Gauvreau, sister of the bride; and Miss Helena Couto, both of Woburn.

All the bridal attendants wore ballerina dresses of embroidered organdy with matching net mitts and headbands, the honor maid wearing pale green and the bridesmaids, pink. All carried old-fashioned nosegays of roses and sweet peas.

John Rocray of Winchester was best man for Mr. Browne and ushering were Bruce McGovern and Arthur Donaghey, both of Winchester.

A reception was held after the marriage in Simmons Hall at the church with the parents of the bride and bridegroom and the bridal attendants assisting in receiving. Mrs. Gauvreau, mother of the bride, wore a street-length pink tissue silk gown with a small matching hat and a corsage of pink roses and delphinium. Mrs. Browne, mother of the bridegroom, wore a beige street-length dress of chiffon and lace with small matching hat and a brown orchid.

After a wedding journey Mr. and Mrs. Browne will live in Gloucester.

The bride is a graduate of Woburn High School and of the Massachusetts School of Physiotherapy. Mr. Browne, who is in the hotel business, graduated from Winchester High School.

Mrs. Isabella L. Tufts of 110 Mt. Vernon street, one of Winchester's oldest residents, observed her 97th birthday last week on Thursday, May 7. Widely known, she is the mother of Mrs. Roy Wilson of this town, the only one of her four children now living.

## CLOSED PLAYGROUND DRIVEWAY

The Park Commissioners' action in closing the driveway along the side of Leonard Field extending from Washington street to the parking lot at Leonard Field pool has aroused a storm of protest from residents of Nathaniel and Tufts roads, who are protesting the commissioners' plan to have automobile traffic to the beach go along these two streets instead of over the playground driveway.

Some ten or twelve representatives of the protesting householders attended the Park Commissioners' meeting Monday night to protest the commissioners' action of placing cement posts at each end of the beach driveway and effectively closing it to motor traffic.

Messrs. Nutile, Raphael and Hewis did most of the talking for the protestants, claiming the commissioners acted in bad faith in closing the road after the March town meeting voted to indefinitely postpone action on Article 40, a part of which read to "authorize" the Park Commissioners to close the Leonard Field driveway, and construct a new road to the beach over town land at the end of Tufts road.

Action was postponed to enable the Park Commissioners and those protesting the proposed plan to get together on an alternate plan involving a possible new parking lot.

A rather complete statement of the protestants' view of the Park Commissioners' action in closing the playground driveway appears on the editorial page in a letter to the editor.

The Park Commissioners state that they are advised by the town counsel that they have the necessary authority to close the playground driveway as a safety measure, and they take the position that the safety of children or adults using a playground under Park jurisdiction is very definitely the responsibility of the Park Board.

Chairman Ives of the Park Commissioners told the Star that his Board has by no means turned its back on possible negotiations with the Tufts and Nathaniel road group and has one or two alternate plans under consideration which they hope may obviate the altercation.

Meanwhile the driveway, Mr. Ives says, will remain closed. His Board's position is that the safety of children playing on town ways is not the commissioners' responsibility, while the safety of those using the town's playgrounds is something which they must ensure in every possible way.

## JOSEPH BROOKS PENDLETON

Joseph Brooks Pendleton of 109 Cambridge street, for many years a widely known football official and once cited by the late Walter Camp as "the dean of referees", died Monday, May 11, after a three years illness at the age of 87. He was until his illness a familiar figure in Winchester, in which he had made his home for 42 years.

Mr. Pendleton was the son of Ephraim, and Anne M. (Thomas) Pendleton. He was born May 10, 1866, in Belfast, Me., spending his early life in Belfast and Islesboro, and being graduated from Bowdoin College in the class of 1890.

While at Bowdoin Mr. Pendleton was active in sports, making quite a reputation as a shortstop on the baseball team, but playing football only as a scrub. P. T. Haskell, captain of Andover in 1887, was just founding football at Bowdoin when Mr. Pendleton entered college.

Mr. Pendleton commenced his football officiating two years after leaving college in 1892, first working in schoolboy games in and around Boston, and from that beginning moving up into top school and college officiating.

In all his years of officiating he worked in well over 700 games, including many of the big three contests involving Harvard, Yale and Princeton, when those three colleges dominated college football. He officiated in many Dartmouth games, including the Indians' 11-0 victory over Harvard in dedicating the Harvard Stadium in 1903.

Games involving such gridiron stalwarts as Michigan, Cornell, Pennsylvania, Army, Carlisle Indians and Brown were included among those in which Mr. Pendleton worked, the little man in the white sweater with the big black "B" being a well known figure to the big football crowds everywhere. He always wore a high stiff collar and black tie with his college sweater. Two of the by-gone classics he worked were the Carlisle Indians-Varsity Old Boys of Toronto game in Toronto and the memorial West Virginia-Washington and Jefferson game. In officiating a Lafayette-Lehigh game years ago he kept warning one of the big linemen to be a sportsmanlike representative of his college, only to have the man tell him he was the town blacksmith!

In one game between colleges in the Pennsylvania coal mining regions with "ringers" freely used Mr. Pendleton escaped bodily harm by leaving town the back way after the contest.

For 35 years without a break Mr. Pendleton officiated Roxbury Latin-Noble and Greenough Games and for 30 years he worked the traditional St. Mark's-Groton School contests. For some 15 years he was an official in the Exeter-Andover games, last working in this series in 1924.

The great players of yesteryear, including Jim Thorpe of Carlisle, Willie Heston of Michigan, Ted Coy of Yale, Eddie Mahan of Harvard and Knute Rockne of Notre Dame played in games officiated by Mr. Pendleton. He always classed Jim Thorpe as the greatest, though he was also a great admirer of the legendary Frank Hinckey of Yale whom he saw play for Andover.

Mr. Pendleton was at the New York rules meeting the year they put the forward pass into football and used to recall that Yale beat Notre Dame on a lateral pass when the great Irish pass combination of Gus Dorias and Knute Rockne was on the South Bend team. He was one of the officials when "Bob" Zuppke's Oak Park High School eleven outclassed a great Everett High team at Fenway Park, showing the east a wide open game for the first time.

An injury sustained officiating in a schoolboy football game in 1937, when he was 69 years old, ended Mr. Pendleton's career as an official, though he went to games whenever possible as long as he was able, often in the company of his Winchester friend and co-worker, Robert F. Guild.

For more than fifty years Mr. Pendleton was associated with the sporting goods firm of Wright & Ditson, first in Boston and then for a time in New York where he managed the store.

While first with Wright & Ditson he lived in Milton, coming to make his home in Winchester in 1911 after a short residence in New Rochelle, N. Y.

Mr. Pendleton was president of the New England Association of Football Officials in 1931-32, and later was named a life member, the only official so honored by the organization. He was also a member of the Eastern Association of Football Officials.

On June 12, 1894, Mr. Pendleton married Susan Springer of Exeter, N. H., in that town. His wife survives, with a son, Homer F. Pendleton of Winchester; two daughters, Miss Dorothy Pendleton of Winchester and Mrs. John L. Robertson of Lowell; and two sisters, Mrs. Pyam Gilkey of Philadelphia and Mrs. William Wentworth of Buckport, Maine.

Funeral services were held Thursday afternoon at the late residence with the Rev. Henry E. Edenborg of the Church of the Epiphany officiating. Burial was in Milton Cemetery, Milton.

## MEMORIAL DAY OBSERVANCE

Winchester Post No. 97, American Legion, and a committee from Aberjona Post, Veterans of Foreign Wars, have completed plans for the annual observance of Memorial Day in Winchester. Senior Vice-Commander Joseph McKee, in charge of this observance, is now able to release the following schedule. All veterans should plan now to take part in these exercises, and it should be remembered that this is the official schedule for the Town of Winchester and not an exercise restricted to members of our two veterans organizations.

Sunday, May 24, Memorial Services at St. Mary's Church at 10:15. All veterans will meet at 10:00 a. m. at the Town Hall to march in a body to the Church. Veterans in uniforms if possible, but not required!

Friday, May 29th, Visitation of Schools. Representatives of Legion will participate at all School Memorial Day Exercises.

Annual Pre-Memorial Day Get-Together. All veterans with, or without their ladies, are invited to meet at the Legion Headquarters, Vine street, at 8:00 p. m. and join in an evening of sociability and reminiscence.

Saturday, May 30, Memorial Day Parade. Exercises at Town's Memorials and at Cemeteries. All Marching units will meet at Town Hall at 8:30 a. m. Parade will start promptly at 9:00 a. m.

At this particular time, when we are alternately exposed to fears of war and hopes for peace, it seems especially appropriate that we memoralize those who gave much to the cause of freedmo. It is to be hoped that every man, woman, and child will take this opportunity to give public demonstration of his or her consecration to the ideals that have kept America free.

## COMMISSIONER VOLPE SPOKE

Public Works Commissioner John A. Volpe of Everett avenue was the speaker Wednesday at the meeting of the Boston Rotary Club at the Hotel Statler, being introduced by Mr. Robert F. Lybeck of Everell road, who is a member of the Boston Club. Mr. Volpe spoke on the State Highway Program, and also said that the Winchester railroad overpass to eliminate the town's grade crossing has high priority among the projects in his office.

Mr. Volpe is reported to have said he is cognizant of the difference of opinion existing in Winchester over the overpass, but believes, with the diversionary highway through the Skillings estate it is the only practicable solution of the problem.

## HANLEY PROMOTED

Mr. and Mrs. William J. Hanley of 312 Washington street, formerly of Main street, have been notified of the promotion of their son, William J. Hanley, Jr., to the rank of Captain in the United States Armed Forces in Korea.

Captain Hanley's new assignment placed him in charge of the reconnaissance section on May 1, his job being to lay out areas that Air Force planes will fly over and photograph. The job is an important one since it is up to him to keep track of all movements of the enemy in North Korea.

Captain Hanley will be stationed in Korea until October, 1954. He is married, his wife making her home in California.

## PATIENTS FROM WINCHESTER

Four patients from Winchester were cared for in 1952 at the Red Feather Robert Breck Brigham Hospital, Parker Hill avenue, Boston, according to brief annual reports made Wednesday afternoon, May 13, at the annual At Home given by the Hospital Associates for the directors, medical and hospital staff, and friends of the Hospital.

The Robert Breck Brigham Hospital is the only hospital in the country devoted primarily to research and treatment of arthritis.

Among local residents actively interested in the Hospital are Dr. Arthur Watkins and Dr. F. H. Laskey Taylor.

## IMPORTANTE PER GLI ITALIANI

Le sere 21-22-23 Maggio avremo nella Chiesa di S. Maria il Padre Romano Simoni, Francescano, per predicare un Triduo in Italiano e per ascoltare le confessioni. Tutti coloro che parlano o capiscono l'Italiano sufficientemente sono caldamente seortati di avvalersi di questa occasione, anche per soddisfare al Precetto Pasquale qualora non l'avessero gia fatto. Se vedro che gli Italiani sono realmente interessati non manchero anche in altre occasioni di accontentarli.

## DEANERY CATHOLIC YOUTH COUNCIL

The Youth Council for the 22 parishes located in the Woburn Deanery was established Sunday afternoon at Marycliff Academy, Winchester, when teen-age delegates from these parishes convened to elect their officers for the coming year. The objectives of the Youth Council, as expressed by Rev. John Carroll, the Archdiocesan C. Y. O. Director, are "to unify youth activities, to develop youth leadership and responsibility, to promoth youth discussion and exchange of ideas, and to enlist the aid of youth in planning and conducting activities."

The meeting, presided over by James V. Carroll, a senior at Winchester High, opened with a Prayer to the Holy Ghost, followed by a salute to the American Flag by all delegates. After a roll call of the parishes, the moderator, the Rev. Stephen E. Burke of the Immaculate Conception Parish, Winchester-Woburn, welcomed the delegates to their first convention.

The adult advisors for the Deanery Officers were then introduced and spoke briefly on their experience with youth work. These leaders are Miss Catherine Burke of Woburn and Mr. Albert Wilde of Burlington. Following this, Father Burke spoke at length about the purpose, set-up and program of the Youth Council and also outlined the election procedure.

The elected officers are:

President, Robert Black of St. Joseph's Parish, Wakefield.

Vice-President, Noreen Johnson of St. Mary's Parish, Winchester.

Secretary, Elizabeth McDonough of St. James' Parish, Arlington.

Treasurer, Albert Duff of St. Patrick's Parish, Stoneham.

Ruth Wilson of the Immaculate Conception Parish was elected to serve as a delegate, along with Robert Black, at the Diocesan Convention which will be held on Sunday, May 24th in Boston.

Following the election the meeting adjourned and a social hour was held in the dining hall of the Academy with refreshments being served by a committee of seniors from Winchester and Woburn High Schools.

## URGES CLINIC SUPPORT

Robert F. Lybeck of Winchester, Esso Oil executive and general of the annual $50,000 maintenance appeal of the Boston Evening Clinic, 452 Beacon street, Boston, this week urged an all-out effort to help the Clinic reach its goal.

The Clinic offers medical care and treatment to low-income persons in the evening who cannot afford to take time off from their jobs.

## MUSICALE PROGRAM PROMISING

Castinets, maraccas, woodblock, violin, piano and glockenspiel. These may sound like items out of an auction list at a Spanish hacienda, but they aren't, they're the accompanying instruments for this year's Maytime Musicale, being held Tuesday evening, May 26, at the Music Hall. The musically serious Unitarian Church Choir and their versatile director, Mary Ranton Witham, are building a program of rollicking music for the many who plan to attend for their own high pleasure and to help the Unitarian Church. The "Bit of Americana" in last year's program was such a hit that this year they are going to spread their wings and present a program of "Pan-Americana". Music from "Red River Valley" down to rhythms from below the Amazon is being rehearsed including a delightful Mississippi cruise by way of some "Show Boat" songs, a stopover in Mexico, and a real production number entitled "Gay Caballero", featuring some of your favorite comedy performers.

By way of divertissement there will be a salute to Paris included, in honor of one of the soloists who will have just returned from there. Piano solos will take you to Central America; and because the musical movie of the year has solidly placed Denmark on the American map, you will hear many of the favorites from "Hans Christian Andersen", including "Thumbelina", with a surprise guest actress; "Copenhagen"; "Ugly Duckling"; a delightful duet of "No Two People"; and a unique arrangement of "Anywhere I Wander". Highlights of the program as they are every year will be the solo work of the choir's fine soloists, and the program will conclude with two lesser known finds of the director, "Belle, Belle, My Liberty Belle", and "This is My Country". If you haven't been on a trip across the continent this year, the Maytime Musicale is strongly advised as a relaxing, happy way to take one.

## EPIPHANY CHURCH TUESDAY GROUP

The Tuesday Group of the Epiphany Church will have their annual meeting at the Music Hall on May 19th at 1:30 p. m. Dessert and coffee will be served followed by the election of officers and a program of music. Members may bring their friends as this should be a very entertaining meeting.

## TOWN SOFTBALL LEAGUE

The Town Softball League will open its season next Monday night with eight teams operating, a gain of two over last year's membership. The two additional teams should provide even greater interest and color to this popular after-supper program. One of the new teams will represent the Army anti-aircraft battalion stationed in the Fells and should field a fast team as many of the boys are southerners. The other team with new personnel will represent the Fitzgerald Contracting Co., and is composed chiefly of many of the leading athletes in this year's high school graduating class.

The Veterans of Foreign Wars' nine is the defending champion and will have the honor of opening the season next Monday evening against the Fitzgerald Contracting Co. Other members of the League are the Sons of Italy, the White Shirts, the Merenda Flooring Co., the Winchester Brick Co., and Monson Woodworking. It is interesting to note that all except the White Shirts are sponsored by an organization or a business concern. Dick Halvorsen, Jeff Gaudioso and Sandy McKenzie will form the umpiring staff with Director Ted Bartlett filling in on occasions. For the time being games will be played on Monday through Thursday evenings at the West Side Field and at Loring avenue Playground.

## INDIANS EDGED MELROSE

Winchester's hard luck twirler, Norm Delorey, won for a change last Thursday, beating Melrose, 5-4, in a Middlesex League game on Manchester Field.

The Indians got three in the first when Flaherty hit safely with the sacks loaded and Serieka was over a minute later on Delorey's long fly. Delorey scored Serieka from second with a hit in the 5th.

The game was all tied up, 4 - 4, in the 9th when Delorey again hit safely over second to score big "Jocko" from that base.

In addition to driving in three runs Delorey fanned 14 batters and walked only two. One of Melrose's runs was scored on a balk called against the Winchester hurler.

Winchester beat Wakefield last Friday afternoon on Manchester Field, 7 - 2, with "Charlie" DiSilva holding the visitors to two hits. It was a Middlesex League contest.

Hits by Norm Delorey and Connors tied up the game in the fourth, and a five run sixth iced things for the Indians. The summary:

## READING EDGED WINCHESTER

A two-run ninth gave Reading High a 7 - 6 Middlesex League win over Winchester at Reading Tuesday.

Reading led 5 - 1 when the Indians came up with four runs in the 8th to tie the score, a three run homer to deep left field by sophomore Warren Goodnough, playing his first varsity game, being the big blow.

The locals went ahead in the 9th, 6 - 5, but Reading's final raps produced the winning tallies. The summary:

## SCOUTS TO ENROLL ADULTS

A special adult membership campaign is underway here in Winchester during the period of May 15th to May 25th. This is in conjunction with a campaign for our Contributing and Sustaining Members over the entire Fellsland Council Area. Heading the entire drive is Mr. Dean Carleton of Winchester. Locally the campaign is headed by Mr. Jim Joslin, District Chairman, Charles Vanner and Phil Gallagher, who are representatives of the District and Council Finance Committee. Captains who are recruiting workers to solicit adult memberships are as follows:

Joseph Masi, James Baldwin, Howard Bates, Lewis Foster, James Masterton, James Murphy, G. Hartley Curtis, Ed Little, Bill Hopkins, Ben Marshall and Sam Vangel.

The kick-off meeting of the Winchester group will be held on Friday, May 15th, with a report meeting on Wednesday, May 20th, and a final report meeting on Monday, May 25th. Special emphasis this year will be to urge all the parents of Cubs, Scouts and Explorers in Winchester to take adult memberships in Scouting. This will lead to a better understanding on the part of parents and will also aid the District and the Council in a material way. This is a joint effort for the entire Fellsland Council Area and Fellsland Council Area in turn are doing this along with all other Councils in Massachusetts. It is sincerely hoped that, if you are visited by one of these canvassers, you will respond by taking an adult membership.

## WON TENNIS OPENER

The men's doubles team of the Winchester Tennis Association registered an overwhelming victory Wednesday, May 6, on the Palmer street courts in the opening match of the Suburban Tennis League against the Wellesley Tennis Club.

Blair Hawley and Norm Harris defeated Shaw and Gooding, 6 - 0, 6 - 1; Art Hills and Henry Fitts defeated Jenks and Kingsley, 6 - 0, 6 - 0 and Bob Kittredge and Deb Bellows were victors over Webster-Frazer, 6 - 0, 6 - 0.

Winchester was runner-up in last year's tourney comprising clubs from Newton, Wellesley and Needham. With Blair Hawley playing regularly, Winchester should do well although the loss of Jim Coon will be felt. The match next week is with the Newton Squash Club at Newton Center.

Twice over the week end, once Saturday afternoon and again on Sunday, the police had to go and drive off boys and youth who were swimming in McGonigle's pit off Cross street. This is a dangerous place because of the treacherous sides and bottom of the pit and the depth of the water in places.

The editor wishes to express again to Sherman Saltmarsh his hearty thanks for "Sherm's" annual gift of a fine lake salmon. "Sherm" remembers us each year, providing irrefutable proof of his prowess as a fisherman. His catch is always beautifully cleaned and wrapped, ready to cook and enjoy.

They have "licked" the dread Japanese beetle in Kentucky, according to the newspaper clipping sent north from Louisville by Mrs. Arthur D. Waters, the former Dorothy Linscott, daughter of Mrs. Daniel C. Linscott of 20 Central street. A cooperative effort involving cities, counties, the state and United States Department of Agriculture did the trick, aided and abetted by home owners who willingly permitted their lawns to be sprayed with protective mixtures. A University of Kentucky experimental station representative says Kentucky will be free of the beetles for 15 years. Many will wish we could make the same statement here.

Editor of the Star:
We certainly do enjoy receiving the Star every week. It comes in the Monday mail and really starts our week off right. It's wonderful reading about all our old friends and the different goings on in the old home town.

It's a very easy way of life way down here, but we get pangs of homesickness once in a while come spring.

Thanks for the wonderful service and keep the Star coming.

## NOT THE END OF THE STORY

May 12, 1953

Editor of the Star:
The Park Commissioners in their 1952 report indicated that they were concerned about the road along the southerly end of Leonard Field leading from Washington street to the parking area near Leonard Pool. They claimed that automobiles driving over this road created a very dangerous condition and felt if the condition were allowed to continue, sooner or later a child would be hurt. The road, they felt, also took up a portion of the field. It should be noted that this road has been in existence in this way for 22 years without a single accident.

The commissioners wanted to close this road and enter the parking lot from a new street, Tufts road. They entered the following article in the town warrant.

"Article 40:

To see if the town will authorize the discontinuance of the driveway from Washington street along the southerly side of Leonard Field, and authorize the construction of a new entrance and driveway over town-owned property running from the end of Tufts road to the Leonard Field Beach parking area, take any action in relation thereto and appropriate money therefor to be expended under the direction of the Park Department."

The following is quoted from the Star report of the March town meeting:

"This proposal caused plenty of debate at the town meeting.

"Mr. Ives explained the Park Board's feeling that motor vehicles should not drive across a play area and that after careful study the commissioners felt the extension of Tufts road was the best possible solution of the problem, both practically and economically.

"Mr. Hewis opposed the Park plan, mentioning two alternate routes, both of which Mr. Ives rejected.

"Mr. Raphael, representing residents of Tufts road, objected to the plan, feeling that there would be vastly more danger in opening Tufts road to two-way beach traffic than under the present scheme, which has been in existence some 22 years without accident. He told the meeting there were 60 children under six years of age on Tufts and Nathaniel roads. Describing Tufts road as a roller coaster with the maximum grade, he urged the meeting not to obviate one danger to create another. The residents of Nathaniel and Tufts roads bought their homes with the understanding their streets were laid out as dead ends and they wanted to keep them that way.

"The Finance Committee and the Selectmen all favored the Park Board's plan in spite of the fact that at the time of the layout of Tufts road when they spoke of this plan to the residents and the residents were unanimously opposed, they assured the residents they would not pursue the plan without consulting them. The residents were not informed of the plan until they read of it in the town warrant.

"Mr. Wakefield felt the solution to the problem was to do away with the parking area to which mostly half-dressed kids speed in 'hot-rods,' and let those who want to use the pool walk there or park their cars on Washington and Cross streets. To this Mr. Greer objected, stating the additional parking on Washington street would add to an already dangerous traffic condition there.

"Mr. Saraco felt it wasn't fair to the people living in other sections of the town to tell the residents of the Leonard Field district what they should do with their field.

"Mr. Hewis asked the meeting to postpone action on the article until the residents of the district could meet with the Park Commissioners and work out a plan to eliminate the Leonard Field driveway in a way satisfactory to both sides of the controversy. After an hour's debate the meeting voted to do so."

The Park Commissioners, completely ignoring the wishes of the people and apparently "at arms" because of the defeat of their plan to use Tufts road, went ahead and closed off the road to the Leonard Beach Pool. They made no effort to consult with the residents of the district nor to work out several of the alternate proposals which are both practical and possible.

At a meeting on Monday, May 11, a group of residents of the district proposed to the commissioners that they leave the road open until an alternate plan had been agreed on. They reminded the commissioners that this was the spirit of the decision of the town meeting and the unanimous desire of the residents of the district. However, it was apparent that the commissioners were not very receptive.

The residents promise that this is not the end of the story, since the closing of the park road with no alternate parking plan would mean that Tufts road would be used not only for access to the old parking area by the unpaved route described in the town warrant, Article 40, but that the narrow road would become the new parking area.

It appears to be a willful disregard of the will of the people and a surreptitious, if not illegal, circumventing of the vote of the town meeting. The town meeting members overwhelmingly upheld the residents of the area in considering the diverting of the traffic to these roads as being a greater hazard than the present park road.

Thomas Raphael

## NOTICE TO GRADUATES

Don't wait until after graduation to apply for a social security card students and others planning to work during the summer months are advised by the Cambridge office of the Social Security Administration in a recent statement. Most personnel managers will not consider an application for employment complete unless the number copied directly from the official security card is included.

The Social Security office nearest your home will be glad to assist you in obtaining your social security card. The number on the card is used permanently for all covered employment and self-employment and care should be taken to prevent its loss. Following are three important suggestions in connection with securing account number cards for the first time.

1. Keep the bottom half of your card which also contains the account number with your private insurance or other important papers.

2. Tell your family that the number on the card represents the number of your Federal Social Security Account.

3. Always consult the social security office nearest your home any time you have problems or questions in connection with social security.

The Cambridge field office of the Social Security Administration located at 2 Trowbridge street, corner of Massachusetts avenue in addition to Cambridge serves residents of the Newtons, Arlington, Belmont, Lexington, Bedford, Watertown, Somerville, Winchester, Woburn and Burlington.

## ELKS HONOR MOTHER

At the regular meeting of Winchester Lodge of Elks at the Elks Home on May 7 the special Mother's Day Ritual was exemplified by the Lodge officers headed by Exalted Ruler Carl Thomas as part of a Nation-wide observance of the occasion by the Elks.

"As we go through our childhood days and school years mother was the one to whom we carried our troubles and what a comforter she was.

"But, alas, when we reach adult life many of us forget too easily, and mother becomes just another word until the day when she passes into the great beyond. Only then do we realize in what we have lost the true meaning of the word, Mother!"

## FRESHMAN AND JUNIOR HIGH TENNIS

Rain poured on the Packer Courts all the afternoon of May 7, but it did not wash out 16 boys in the 15 and under age group who battled out a one-set singles tournament complete to the finals. Dick Clark is the champ, defeating fellow varsity member Bob Becker in the finals.

Semi-finalists were Bob McNitt and Steve Fisher who along with Clark and Becker will have their entrees paid to the Longwood tournament May 23 by the Winchester Tennis Association.

Jeanne McKenzie breezed through the girls' division played on Friday, defeating Leelee Abbott in the finals. Sheryl McNeill and Dot Bellows reached the semis and will benefit by the Tennis Association's offer.

Note: all you boys and girls who had the misfortune to be beaten by some "pro" in an early round. Play in Mrs. Wightman's tournament a week from Saturday. Experience is a good teacher, and maybe you'll be on the varsity next year.

In the finals of the boys' consolations Larry Hawkins beat Sumner Burr 6-5. The girls' consolations winner was Marcia Scott, 6-1 over Margot Winship. On Saturday morning Steve Fisher and Brenda Cunningham won an informal mixed-doubles tournament beating Kathleen Doherty and Sumner Burr in the finals, 6-4.

**Tennis Mornings**

Two handsome men who have been playing regularly on ladies' morning at the Packer Courts apparently decided not to be outdone by the mothers and their numerous offspring who crowd the courts Wednesdays. These two brave men inconspicuously dropped a little girl in the midst of the seething mob of tennis progeny and continued gaily on with their weekly match.

Watch out, boys, we're conspiring to teach our kids to yell for "daddy" instead of "mummy" so we can concentrate on our strokes instead of the children.

## MYSTIC MOTHERS' ANNUAL MEETING

At the annual meeting of the Mystic School Chapter of the Winchester Mothers' Association the following slate of officers was elected for the ensuing year: President, Mrs. Earle Littleton; Vice-President, Mrs. Linwood Bryant; Secretary, Mrs. W. Lawrence Usher; Treasurer, Mrs. John Hogan; Chairman of Room Mothers, Mrs. Robert Williams; Chairman of Ways and Means, Mrs. Leonard Meade; Chairman of Publicity, Mrs. Roland Estey; Chairman of Sixth Grade Dancing, Mrs. Colver Dyer; Chairmain of Refreshments, Mrs. Norman Stafford; Chairman of Teachers Luncheons, Mrs. James Masterton; and Chairman of the Nominating Committee, Mrs. George LeMay.

The meeting accepted the recommendation of the executive board to give $50.00 to the Winchester Scholarship Foundation, and $50.00 to the Mystic School to be used at the discretion of the principal, Mr. Joseph Forte. Mr. Pratt, the Custodian, Dr. Norris, and Mr. Meurling were all voted remembrances from the Association in gratitude for services rendered "above and beyond the call of duty".

A year of progress and pleasant sociability was reviewed through the reports of this years officers and committee chairmen, after which the out-going president Mrs. H. Gardner Bradlee was given a vote of thanks and appreciation as she turned over the gavel to her successor, Mrs. Earle Littleton. Mrs. Littleton thanked the Mothers for their implied confidence in her ability, and then introduced the speaker of the afternoon, Mrs. Margaret B. Southworth of Shreve, Crump, and Low who gave a most interesting talk on "Setting your Table."

On exhibit were 6 different place settings complete with colorful and attractive table linen, silver, china, glassware with the whole coordinated as to color, texture, period, and the type of home in which it is to be used.

Following her talk, coffee and very attractive sandwiches and tea cakes were served by this years tea committee. Mrs. John Farnum, Mrs. R. S. Pingree, Mrs. C. D. Kennedy, Mrs. Robert Blake, Mrs. C. E. Abbott and the Chairman, Mrs. Howard Davis. Mrs. Abbott was responsible for the beautiful arrangements of flowering dogwood which graced both tea tables.

## SCOUTS 21st EXPOSITION

The local Cubs, Scouts and Explorers are joining hands with the other Communities in Fellsland Council Area in holding their 21st Annual Exposition and Scout-o-rama at the Stoneham Town Hall on Saturday, May 16. This actually is the culmination of Scouting activities within the Fellsland Council, when the Cubs who are 8 to 11, the Scouts who are 11 to 14, the Explorers 14 to 18, will compete in various Rally Events both in the afternoon and evening. Cubs being the youngest group will have both their preliminaries and finals in the afternoon, while the Scouts and Explorers will have their preliminaries in the afternoon and their finals in the evening. Where the program is so filled with material it is necessary to set the actual program underway at 1:30 in the afternoon and again at 7 o'clock in the evening. The doors will be open to the public at 1 o'clock and until 10 or 10:30, there will be action galore.

The entire program is under the leadership of George Patton, Jr., of Stoneham. He has a sub-committee of some 20 men and an overall committee of approximately 200 who are working directly in the activities plus all of 600 adults and 2,000 boys from the various Units.

One special feature of the evening will be the awarding of five Eagle Awards to young men who have earned this highest of Scout Awards, by Mr. A. Benjamin Gowing of Myrtle street, President of Fellsland Council. The afternoon program will be opened by a word of welcome by Frank Geremonte, Chairman of the Selectmen of the Town of Stoneham. At 7 o'clock there will be a welcome by Mr. Gowing, to be followed by the finals in the Scouting and Exploring Events, some skits and the presentation of the Eagle Awards by Mr. Gowing.

## STATE TENNIS TOURNAMENT

Led by Captain Tony Apsey and top-ranking racketswinger Jim Moulton, the Winchester High School Tennis Team will be out to defend its 1952 title of team champion when players from other high schools in the state converge upon the Winchester courts for the Twenty-Sixth Annual Interscholastic Tournament on Saturday, May 23rd. Sponsored by the Massachusetts Secondary Schools Principals' Association, the event is to be similar to that held here a year ago, with teams of four players entering singles competition in an elimination which will determine an individual winner and a winning team.

The local team has missed the services of Jim Farrin this spring, he being the individual winner of a year ago, now playing for Exeter Academy. The record to this date of writing stands at three losses and two wins, with the schedule about half completed. Nevertheless, the inspiration of the home courts may serve to give the Winchester boys the edge to repeat last year's job over arch-rivals Newton and Belmont.

Play begins at Palmer street and Ginn Field courts at 8:45 a. m. on Saturday and will continue through most of the afternoon. Then the remaining rounds will be played during the afternoons Monday through Friday of the following week.

## BIGGEST BROOD OF "17-YEAR LOCUSTS" IS ABOUT TO EMERGE FROM THE GROUND

Some soft May night soon millions of crayfishlike cicada nymphs — the "17-year locusts" — will begin to crawl stealthily out of the soil.

Twenty thousand or more may climb from beneath a single tree, where they have been developing for 17 years. Then will come the spectacular individual struggles in which the cicadas burst from their old shells and emerge as soft, milky-pale winged adults, says the National Geographic Society.

They will harden by morning into active 1¼-inch black insects with transparent, orange-veined wings and fiery red eyes. Soon they will begin their resounding daytime wailing. They feed harmlessly on plant fluids and mate during the month before they die. They will also be fed on by birds, insects and animals.

**Brood X**

These creatures, Brood X of the periodical cicadas are cousins of the harvest fly. Scientists designate the 17-year broods by Roman Numerals from I to XVII. Brood X (1936, 1953, 1970) is the largest. It will appear throughout the eastern United States from New England to Wisconsin and down through Georgia, with heavy concentrations in the middle Atlantic seaboard states, Indiana and adjacent areas and eastern Tennessee. A dwarf variety will emerge at the same time.

Indians regarded the mysterious appearance of the cicadas with awe as did early European settlers. When the Pilgrims at Plymouth Colony first heard the cicadas keening in 1634, they mistook them for crop-devouring locusts and feared a plague such as ravaged Pharaoh's Egypt in Biblical times. Thus the popular misnomer "locust" originated, though cicadas are in no way related to those hungry-jawed grasshoppers.

Seventeen year cicadas wear a dark "W" marked on each wing. Early settlers, noting that several conflicts closely followed cicada visits, regarded the insect as an omen of war. The creatures have no sting, but another superstition arose that they would sting babies to death.

**Wound Trees**

The only serious harm done by cicadas is during their egg-laying process. The female chisels gashes in tree twigs with her long, spear-like ovipositor and deposits her 400-600 eggs in the slits. Such gashing often causes the twigs to wither.

The cicada is hard on human eardrums. So great is the din of a cicada chorus that schools have had to close because pupils could not concentrate on studies in such an uproar. One of the several cicada "tunes" sounds like a big knife being held against a coarse, whirling grindstone. Another, which gave colonists added fear of a Biblical plague, seems to intone the name of Egypt's ruler, Paraoh.

The cicada sings with his stomach. Two abdominal drumheads of membrane are vibrated by powerful muscles to make the unnerving, dismal "song." Only the males sing, inspiring the ancient Greek, Xenarchus, to quip: "Happy are cicadas' lives, for they all have silent wives."

That man can gain health, happiness, and immortality by turning to God, divine Love, will be emphasized at Christian Science services Sunday in the Lesson-Sermon entitled "Mortals and Immortals."

The continuance of Jesus' healing mission by the early Christians is indicated in the following passage to be read from the Bible:

"And by the hands of the apostles were many signs and wonders wrought among the people; There came also a multitude out of the cities round about unto Jerusalem, bringing sick folks, and them which were vexed with unclean spirits: and they were healed every one" (Acts 5:12,16).

These words from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be read:

"Is it not a species of infidelity to believe that so great a work as the Messiah's was done for himself or for God, who needed no help from Jesus' example to preserve the eternal harmony? But mortals did need this help, and Jesus pointed the way for them" (494:5-9).

The Golden Text is from Romans: "To be carnally minded is death: but to be spiritually minded is life and peace" (8:6).

## TEACHERS ATTEND READING DEMONSTRATION

Classes at the junior and senior high schools were dismissed early last Thursday afternoon to permit the teachers to attend a lecture and demonstration on reading at the Mystic School auditorium. Miss Olive Niles, director of the high school and college reading clinic at Boston University, was introduced by Miss Marian Phipps, reading consultant for the Winchester schools.

Individual differences and group work in reading in the social studies was the subject of Miss Niles' talk. Stressing the need for a variety of materials on various reading levels, she also described the advantages of dividing a class into groups according to reading ability.

To illustrate this idea, Miss Niles taught a demonstration lesson, using a ninth-grade ancient history class. The pupils were given a brief test of their reading ability, and then they were divided into three groups. Two of these were assigned a reading lesson, while the teacher worked with the third group which, according to the test, required more special help.

Throughout her talk, Miss Niles emphasized the point that reading skills in high school can often be taught best by subject-matter teachers as a part of their regular class procedures. At the same time, the teacher must recognize that individuals in almost any group possess wide differences in general reading ability and also in ability to use specific reading skills. It was Miss Niles' belief that the most effective way of providing for these differences in ability was through a division of the class into reading groups. At the conclusion of her demonstration and lecture the meeting was thrown open to questions from the audience.

## WOBURN DISTRICT MEETING

More than 300 women attended the annual spring meeting of the Woburn district of the Massachusetts Congregational Conference held last Thursday at the First Congregational Church. Luncheon was served in Chidley Hall by Mrs. Robert Lowry and her committee.

At the afternoon session, the speaker was Dr. Ruth I. Seabury, secretary of Missionary Education, recently returned from Africa.

The officers for the coming year include:

President, Miss Angeline C. Heartz, Woburn.
1st Vice-President, Mrs. Dwight J. Dwinnell, Reading.

## LEAGUE OF WOMEN VOTERS ANNUAL MEETING

A new kind of annual meeting, featuring news-reel reports by committee chairmen and a skit starring next year's chairmen, was held by the Winchester League of Women Voters on Wednesday, May 6 at the home of Mrs. Reginald Bradlee, 6 Ledgewood road. Guest star was Mrs. Vernon Stoneman of Belmont, incoming State president of the League, who reported on the recent meeting of the National Council of the League.

Instead of the usual lengthy year's end report, Mrs. Richard Johnson, 40 Glen road, recording secretary, presented each chairman who gave her own and individual summary of the year's activity. The fast-moving skit, written by Mrs. Thomas R. Powell, Jr., 4 Rangeley Ridge, illustrated the reasons behind the League's outspoken stand in favor of freer world trade and lower tariffs. It also demonstrated the informality of the small discussion groups which the Winchester League has initiated in the last year.

The local budget was presented by Mrs. Roger Burton, 30 Oxford street. Mrs. Richard Wyman, 12 Everell road, gave the development of next year's local program. Mrs. Carle Zimmerman, of 6 Cliff street, introduced the new board members, who are:

First Vice-President, Mrs. Olcott L. Hooper.

Second Vice - President, Mrs. Howard Aiken.

Economic Policies, Miss Helen Monroe.

Education, Mrs. Leonard Mead.

Social Welfare, Mrs. L. H. Pexton.

## MISS AITCHISON AUTHOR

Miss Gertrude Aitchison, daughter of Mr. and Mrs. John P. Aitchison, 11 Governors avenue, is among 20 U. S. educators who have contributed chapters to the Fifty-Second Year-book of the National Society for the Study of Education, which has just been released.

The Yearbook, which is devoted to the problem of improving education at the secondary school level, consists of 26 chapters, all of which deal with methods of adapting secondary school programs more specifically to the needs of youth.

In collaboration with Miss Nadine Clark, Miss Aitchison has written a chapter entitled "Adapting Classroom Activities to the Needs of Youth." They emphasize that classroom techniques are primarily determined by a teacher's conception of how learning takes place, that learning experiences seem to be selected best by means of cooperative planning between students and teachers, and that learning experiences are most effective when organized around the solution of problems.

Miss Aitchison, who graduated from Winchester High School, is a teacher of Unified Studies at Evanston Township High School, Evanston, Illinois, and chairman of the Citizenship Education Committee, a lay-faculty-student group which has attracted national attention for their work in using the community as a laboratory.

## METHODIST SPEAKER

This coming Sunday at the Crawford Memorial Methodist Church, Major Frank D. Morrison, U. S. Army Air Force, will bring the message.

He spent forty-five months in Japan including fourteen months of the Korean action.

At present, Major Morrison is Chief, Career Actions Branch, Directorate of Personnel, Hq. Atlantic Div. MATS.

## SPRING MEETING OF HARVARD CLUB

The spring meeting of the Harvard Club of Eastern Middlesex was held Monday night at Bear Hill Country Club, Stoneham, and proved to be one of the most successful in recent years.

This was largely due to the fine address given by John Usher Munro of Winchester who heads the Aid Center at Harvard. He explained in interesting detail the many ways in which nearly 25 percent of Harvard College students earn money to defray espenses while going to college.

In the brief business meeting it was voted to hold a Ladies Night in June. President Charles Howard of Reading conducted the meeting and appointed a nominating committee for next year consisting of Dr. Sanford H. Moses of Winchester, Mr. Frank Hamel of Stoneham and Mr. Rudolf Sussman of Reading. The committee will report its recommendations at the next meeting.

## CONVENTION CHAIRMAN

Murray S. Moore of 60 Wedgemere avenue is convention chairman of the New England group of the National Paper Box Manufacturers Association which will hold its 35th annual convention at the Sheraton Plaza Hotel in Boston May 17 to 20.

Mr. A. M. Bond of Robinson Park, long a resident of Winchester, is past president of the National Association, and as such is taking an active interest in the convention, at which the principal speaker will be Governor Christian Herter.

Featuring the meeting will be an exhibition of 1,500 boxes, entered in a competition with 50 prize winners to be announced during the convention.

Winchester Country Club held its annual New Members Day Wednesday with a program of golf, followed by dinner and a social hour, during which the makeup of teams for the always popular John Abbott Trophy tournament were announced.

## KIWANIS CLUB

At Kiwanis this week the local club was pleased to entertain the Medford Club. N. E. District Gov. Bill Cantor was the speaker and the evening was thoroughly enjoyable.

Sincere thanks are in order to Saul Garshman of Master Motors for his very generous donation of $57.00 to the Milk Fund. This swells the fund tremendously and will do a lot of good.

At the May 20th meeting we will have as our guests our little league club, The Dodgers. It will also be Father and Son night and all members are urged to bring their sons for an evening of fun.

## ANNUAL RED CROSS MEETING

The Annual Meeting of the Winchester Chapter of the American Red Cross will be held Thursday evening, May 21st, at 7:45 p. m. at the home of Mr. and Mrs. John A. Volpe, 10 Everett avenue.

ARTHUR W. PRATT

## RED FEATHER CHAIRMAN ANNOUNCED

Arthur W. Pratt, local Boy Scout leader and town meeting member, has accepted the chairmanship of the Winchester Red Feather Campaign this year.

The Winchester drive, part of the Greater Boston United Red Feather Campaign, will take place from October 25 to November 18. Greater Boston hospitals, Scouts, "Y's", and other youth organizations, family and children's aid societies, — 300 health and social services in all, will benefit.

Mr. Pratt, a chemical engineer, is associated with Stone & Webster Engineering Corporation in Boston. He is a deacon of the First Congregational Church in Winchester and has served as a member of the Winchester district committee of the Boy Scouts of America. Last year he was chairman of Pack 3 Cub Scouts.

Mr. Pratt lives at 1 Salisbury street. He has four children, David, Dorothy, Marion and John.

"Unselfish efforts by business and professional leaders in guiding the activities of the United Community Services and its member agencies has inspired public confidence," Mr. Pratt declared in a recent statement.

The new chairman urges that "as surely as we take a voluntary responsible interest in the operation of our government, of our churches, and of our schools so also must we be responsible for the social welfare of our community."

## MYSTIC GLEE CLUB

The Mystic Glee Club closed its 13th season last Friday evening, presenting its annual Spring Concert in the high school auditorium. Allen C. Lannom conducted and the accompanist was Frederick C. Davis. Gwenyth Storrar, soprano, was guest soloist.

The program follows: Tchesnokov, "Salvation Belongeth to Our God" (arr. by Davidson); Bach, "Throughout the Whole Earth's Broad Expanse"; Williams, "Thou Wilt Keep Him in Perfect Peace"; Rasbach, "Mountains" (arr. by Deis); Thompson, "The God Who Gave Us Life"; Czecho-Slovak Folksong, "Waters Ripple and Flow" (arr. by Deems Taylor); Holst, "A Dirge for Two Veterans"; Thompson, "Tarantella"; English Folksong, "The Turtle Dove" (arr. by Vaughan Williams); Spirituel, "There is a Balm in Gilead" (arr. by Dawson); Early American Spirituel, "Poor Wayfaring Stranger", with tenor solo by William C. Hopkins; Spirituel, "Ain'a That Good News" (arr. by Dawson); Gerswin, "Clap Yo' Hands" from "Oh Kay" (arr. by Warnick); Cowboy Song, "Careless Love" (arr. by McLoud); Grieg "Strange Music" from "Song of Norway" (arr. by Stickles); and Cole Porter, "Blow, Gabriel, Blow" from "Anything Goes" (arr. by Wood).

Miss Storrar sang "The Consul" by Menotti, G. F. Handel's "Ah! Mio Cor"; Robert Schumann's "Du Ring An Meinem Finger"; Rachmaninoff's "Floods of Spring"; and three songs by Aaron Copland on Texts by Emily Dickinson, "I've Heard an Organ Talk Sometimes", "I Felt a Funeral in My Brain", and "Why Do They Shut Me out of Heaven".

In attempting to review this particular concert it needs to be kept in mind that the club was not at full strength. A number of good voices, especially among the first tenors, were missing, and naturally the resulting ensemble lacked balance, noticeable particularly in the louder singing when the top tenor seemed forced and unpleasant and the lower bass notes did not stand out cleanly.

It is also well not to permit one's liking for a program to overshadow too much the performance of numbers which may have little popular appeal. Your reviewer frankly did not care for the first half of Friday's program, and this goes for the guest artist's contribution, well done though it may have been. The numbers seemed too great a departure from the accepted tradition of Mystic Glee Club spring concerts, however musically worth while such selections as the "Dirge" and "Tarantella" may be.

That this music is probably the most difficult the club has attempted can not be denied, and the performance, especially in view of the weakened personnel and capabilities of the club was creditable. We are thinking now of the hushed singing and strident cadences of the "Dirge" and of some particularly difficult staccato passages and a long melodic line in the "Tarantella". Hours of rehearsing must have gone into the preparation of this music, yet audience reaction seemed not at all enthusiastic.

As a matter of fact there was no excuse for an encore during the entire first half of the program, and though Mystic policy has shied away from extra numbers there have been few concerts during which repeats have not been demanded.

It may have been coincidence, of course, but there were many more vacant seats in the hall last Friday than this reviewer can ever recall at Mystic concerts, though there still was a good sized audience.

There was some good singing during the first half of the concert. The opening number went off very well and so did the Williams setting for the psalm tune, "Thou Wilt Keep Him in Perfect Peace". The Bach, however, went badly and the Club has sung the "Waters Ripple and Flow" better.

Generally speaking during the first half of the program the club gave the impression of tenseness and trying too hard with music that is not its metier.

After intermission things went much better, and the audience quickly took Mr. Lannom's advice to relax and enjoy the music with the club.

The opening group of folk songs and spirituels were very well sung, the "Balm of Gilead" especially being done with expression and a fine soft singing tone. As always Mr. Hopkins' appealing tenor was used with telling effect in the early American spirituel and the club's supporting singing was equally effective.

The final group also went well with the basses scoring in the always popular Cowboy Song, and the performance of the Grieg number being very finished. The audience, giving increasing evidence of enjoyment, recalled the club after the finale, the tricky Cole Porter number, "Blow Gabriel Blow", Mr. Lannom responding with a repetition of the syncopated "Clap Yo' Hands", this time done with "percussion" effects.

Mr. Lannom had a good control of his singers and got at times some notable effects, both of nuance and rhythm. His choice of tempi was good and his reading of the scores musicianly. He asked much of his choristers and their response was good, especially so in the numbers best suited to the club's resources.

The guest soloist, Miss Storrar, has a soprano voice of good range and even scale. Unusual in texture, it has almost the opulence of a contralto in its lower register and it seemed completely adequate to the type of music its owner chose to sing. Much of this was on the sombre side, and was sung with a deep sense of the dramatic.

In the Schumann lieder, however, Miss Storrar showed also a nice regard for the melodic and there was humor in her performance of the last of the Dickinson group. Generally speaking Miss Storrar seemed more concerned with the story of her selections than with the musical setting and she was very effective in expressing her interpretations.

She was recalled after her second appearance and added a waltz number that enhanced the feeling that the lighter music was by no means outside her sphere.

The Glee Club came up with a new accompanist for this concert, Mr. Davis, a Winchester young man, replacing Mary Louise Middleton, who as Mrs. Middleton and previously, Mary Louise Wood, had played for the club for some ten or eleven years.

Mr. Davis had some particularly difficult music to cope with, especially in accompanying the guest soloist, and he proved himself an accomplished pianist, playing well, and even brilliantly at times. Both he and Mr. Lannom were applauded at their first appearances upon the platform and at each appearance thereafter, Mr. Lannom, particularly calling upon Mr. Davis to rise and acknowledge applause after the difficult "Tarantella", in which the piano played a leading part.

At 1 Ledgewood road, the home of Mrs. Rowland Patrick, Chairman, will be open for the May Party. Mrs. Edward French is displaying her spacious house and woodland garden at 2 Ledgewood. Within easy walking distance is the interesting hillside setting for Mrs. Herbert West's house, 24 Mason street. Here on her covered porch (rain or shine the show will go on) a Home and Garden Table will be set up. Tea is scheduled from 3:30 to 5 at Mrs. Don Greer's delightful home, 372 Highland avenue. Sometime during the afternoon plan to take a look at Mr. Maurice Freeman's greenhouse, just completed this Spring. It is suggested that you approach it through Lawson road.

Each house will be decorated with Spring flowers and already many of our best arrangers have consented to "do" appropriate settings under the chairmanship of Mrs. Norman Mitchell. The list includes Mrs. Willard Hudson, Mrs. William Goodhue, Mrs. Herbert West, Mrs. Samuel Kirkwood, Mrs. Pennell Brooks, Mrs. Charles Vanner, Mrs. Alexander Aitken, Mrs. Norman Mitchell, Mrs. Rowland Patrick, Mrs. Donald Crowell, Mrs. Theodore Atkinson, Mrs. Charles Hart, Mrs. Clarence Whorf, and Mrs. Henry Spencer.

Mrs. Frederick Cole and Mrs. Olcott Hooper are making plans for a successful plant and garden accessory table. You are urged to contribute a house plant, some perennial divisions, seedlings, or an interesting container which will be sold during the afternoon to a fellow gardener. Such material could be taken to the porch at Mrs. West's, 24 Mason street at your convenience either on the afternoon of May 19 or during the morning of the sale.

## GIRL SCOUT NEWS

On Monday, May 18th, at 7:30 p. m., there will be a Cabin Maintenance meeting at the home of Mrs. Richard Fisher, 47 Emerson road.

Tuesday, May 19th, the study group of the Leaders Club will meet at the Scout office at 10 a. m. This should be a very vital and informative meeting, as cards have been sent to all leaders asking just what each one wants and expects from the Leaders Club program. This is your chance to present any criticisms and more particularly, that which is much harder to do, to advance your own pet constructive ideas for the following year!

The Girl Scouts will be hostesses for the Social Agency luncheon on May 20th at 12:30 p. m. Our guests will be the members of the Medford Social Agency.

A meeting of the program committee will be held on May 21st at 1:30 p. m. at the home of Mrs. Barbara Clark on Greeley road.

Have you seen the wonderful pictures of the Brownie Fashion Show in Filene's window? Don't miss them! You can order copies of any you want at the Girl Scout department of Filene's. Mrs. Edmund Wright, chairman, wants us to point out again how very thrilling it is to find how many friends the Girl Scouts have among persons not having girls in Scouting. We heartily thank Mrs. George Connor and Mrs. George Lister, "just friends," who did all the decorations so very well. Mr. Leo Barbo furnished the handsome chair and table for our garden scene, Mr. Myron Berlow lent the baskets for the wedding party, and Mr. Aram Mouradian provided the lovely rug on which our bride came down the aisle. It speaks very well for our "public relations" to have these kind friends ready to help when asked. Mrs. William Everett, the bride (nee Ann Harris), is another of our "just friends." Our thanks to all! Other members of the committee were the Mesdames Ralph Thompson, Daniel Gaynor, Harold Butters, Jr., Barbara Clark, John Munro, Frank Barnes, Jr., and Thomas Hill. Mrs. Austin Nanry did an excellent job on make-up.

Our annual association meeting was held on Thursday, May 14, at the Cabin. After the business meeting and the committee reports, the many members present were pleased to hear the following girls, Senior Scouts, report on their work in the following subjects:

Jean March—Program Aides
Ann Monro—Hospital Aides
Susan Woodruff — International Relations
Patty Newhall—The Washington Trip

The ten Senior Scouts of Troop 1, Leader Mrs. W. B. Hersey, report through their scribe, Peg McNally, a bang-up bike trip to New Boston for a two-day stay at the farm, complete with rain, snow, wonderful food, plenty of fun, and a speedy trip home, approximately 60 miles in five hours. (We hope it was down-hill most of the way!)

Mrs. W. W. Davies, 3rd, Mrs. Woodford L. Wilcox and Mrs. James N. Clark are Winchester women interested in Vassar Night at the Pops Saturday evening, May 23. Miss Priscilla Clark of Bacon street is local reservation chairman.

Cadillac

Picture of a Man Relaxing!

The next time you find yourself alongside a new Cadillac at the traffic light—take a good look at the gentleman behind the wheel.

The odds are overwhelming that you'll see a man relaxed and at ease.

For serenity is part and parcel of the great experience of driving a 1953 Cadillac. In fact, owners frequently take to the highway just for the relaxation the car provides.

And well they might. For here, beyond all question, is one of the surest therapeutics for the tension of work-a-day life!

Just sitting there in the driver's seat is enough to put a man at ease. The cushions are deep and luxurious and restful . . . the wheel is perfectly positioned for the driver's hands . . . and beauty and comfort and spaciousness are in every direction.

And *driving* a Cadillac is as restful as *sitting* in a Cadillac.

That great, powerful engine responds as if by magic. Steering is feather-light and effortless . . . and braking calls only for the slightest pressure from the daintiest foot.

All in all, the car's ride is so smooth and level and quiet that it's difficult *not* to relax!

Of course, if the driver has chosen a Cadillac Air Conditioner* for his car, he *refreshes* as he *relaxes*. With a simple adjustment of a single lever, he can lower the car's interior to any normal temperature he desires—even in the warmest weather.

Yes, it's little wonder that the man in the Cadillac always looks so comfortable and happy and relaxed. In plain fact—*he is!*

* * * *

Why not come in soon and let us give you a personal demonstration of the magnificent 1953 Cadillac?

We'll gladly put you behind the wheel—for the most *relaxing* hour you ever spent on the highway.

*Optional at extra cost.

## WINCHESTER DISTRICT NURSING ASSOCIATION

The regular monthly Board meeting of the Winchester District Nursing Association was held on Friday morning, May 8th, in the general committee room of the town hall. The one year association members, who will become Board members next year were invited guests at this meeting.

After the reports of the secretary and treasurer had been read and approved, the President, Mrs. Theodore Brown, reported briefly on the Orientation meeting for new Board and Association members which had been held the previous afternoon. This new project was received so enthusiastically by the eighteen new members who attended, that the Board recommended it's continuance another year.

Mrs. Wicklund reported that 384 calls had been made during the month of April. Although the vacancy on the staff left by the resignation of Miss Follan has not yet been filled, the nurses were able to continue their usual efficient service with the aid of a part time substitute nurse. On Wednesday a class will be conducted at the District Nurses' office to instruct Board members in the preparation of hypodermic syringes for autoclaving. This is the safest and most modern method of sterilization, and is made possible by the gift of the autoclave to the W. D. N. A., by the En Ka Society.

One of the most interesting meetings attended by Miss Petersen during the past month was that held under the auspices of the Mother Cabrini Guild at St. Charles' School in Woburn. Mrs. Wicklund read an account of this meeting which Miss Petersen had prepared. The principal speaker was Dr. William Lanagan of Medford. His subject was Paraplegia, and he was assisted by two trainer therapists and three paraplegic patients. They all stressed the fact that miraculous results are being realized from the study of this dread disease, and many new discoveries and inventions are helping patients to become happy and useful citizens.

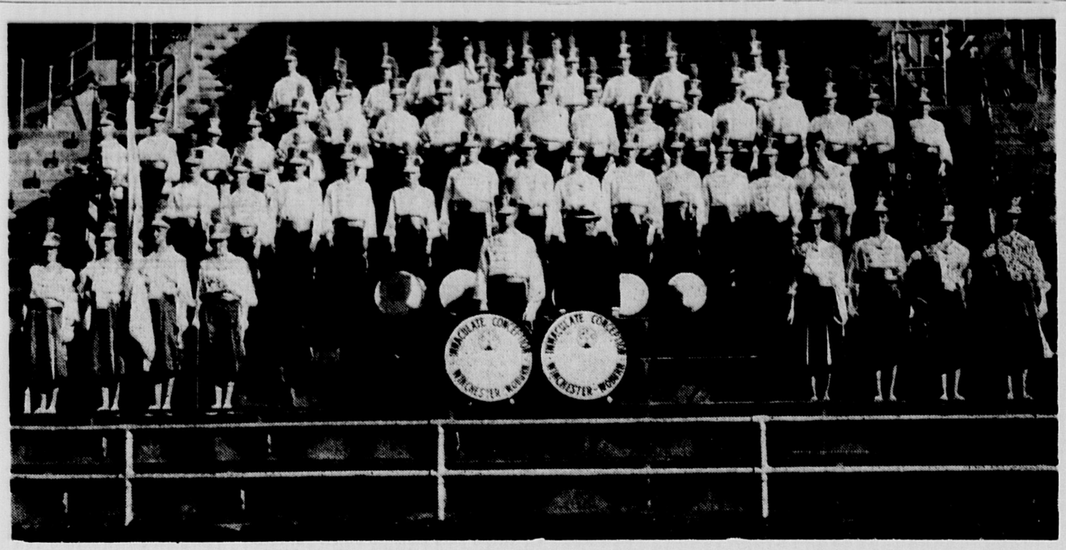
Miss Petersen also attended the nursing section of the Cancer Institute recently held in Boston and gave a very comprehensive account of the matters discussed there.

The Directors, and two board members from each of the District Nursing Associations in District 5 of the Massachusetts League for Nursing held an informal conference at the quarters of the Newton District Nursing Association last month to discuss mutual problems. Mrs. Wicklund reported on this meeting from the nurses' view point and Mrs. McLaughlin brought us the highlights as interpreted by a Board member.

Mrs. Wicklund also attended the annual meeting of the Stoneham Visiting Nurse Association on May 5th. That evening, she and Miss Petersen attended the annual meeting of the Middlesex Health Association, a dinner meeting held at Wayside Inn. A full report of this meeting will be given later.

An interested observer at our Board meeting was Mrs. Cyril Wynne, President of the Visiting Nurses' Association in Sudbury. She had come to listen, and learn how our organization is run. She told us briefly about the work done in her town where they have a one nurse generalized service, and some of her problems were discussed.

Mrs. James Willing, chairman of the Program Committee reported on her progress in obtaining speakers for our annual meeting which is to be held at the home of Mrs. John Chipman, 19 Lorena road on June 12th. Interesting speakers are promised and several timely topics will be discussed. It is hoped that every member of the Association will make a special effort to attend.



CHAMPIONSHIP IMMACULATE CONCEPTION DRUM AND BUGLE CORPS, GIRLS' COLOR GUARD AND DRILL TEAM

These young musicians and marchers are holding their First Annual Spring Dance Saturday evening, May 16, at 8 o'clock, at the Town Hall. Jimmy Clark's Orchestra will play and the guest artist will be Cindy Lord of Medford, popular TV and recording artist. Public support of the dance is invited and deserved.

## CEREBRAL PALSY FOOD SALE

Don't forget to stop in at the Cerebral Palsy food sale to be held on Friday, May 15, from 3 - 9 in Filene's on the first floor. Many people have contributed their time and energy into making this year's Cerebral Palsy Drive in Winchester a huge success. You will find a variety of cakes, cookies and candies being sold by the American Legion Women at this food sale, so don't forget to come.

The quota which is hoped to be met in Winchester is $1,505. Already diligent workers have been posted in various spots in the Winchester Theater and donation cans will soon appear in all of our local stores.

Representing Winchester in the debate were Sylvia Barnaby and Tina Tonon for the Affirmative, and Sheila Gallivan and Marcia Lynch for the Negative. Shrewbury high school won, with six wins and three losses, to Winchester's two wins and four losses.

In the Extempore Speaking group Roxanne Jope, Connie Gowdy, and Diana d'Elseaux spoke for the girls, while Steve Yale, Sam Rocray, and Donald Folkers represented the boys. In the finals, Roxanne and Diana placed second and third respectively, and Steve won second place.

For dramatic interpretation Becky Smith was the only Winchester entry. Peggy McNally and Alan Cairncross were in the oratory competition, with Peggy qualifying for the finals.

Chandra Carlson, Ann Peter, and Bernard Marvin presented their humorous interpretations; and Bernard placed in the finals. Poetry readers for Winchester were Steve Yale, Becky Smith, and Sam Rocray, with Steve winning third place in the final competition.

For the third year in succession the tournament trophy was won by pupils from the Shrewsbury high school.

Last Friday the Calidyne Company of Cross street reported to the police that considerable damage had been done a new walk installed at their plant the day before. ## JUNIOR HIGH NOTES

**Better Study Habits**

The improvement of study habits was the theme of a recent bulletin board display, "Study Tips," prepared by the scholarship and attendance committee of homeroom 205. A series of free-hand drawings illustrated the following study hints:

1. Have a quiet, well-lighted, warm place to study.
2. Be sure you understand your assignment and what you are to do.
3. Talk the assignment over with your fellow students.
4. Have needed materials ready before you begin.
5. Make a survey of what you are ready to learn and take note of the important points.
6. Check your work carefully for errors.
7. Close your eyes and see if you can remember the main ideas of your assigned work; if not, review again.
8. Stay with a lesson until you finish it.

Judith Dallin and Joan Chamberland were responsible for the design, drawing, and arrangement of the display. Mr. Gardner Handy, the homeroom teacher, expressed the hope that this project will result in better study habits for many of the pupils who saw the exhibit.

**Classroom Plays**

As a result of their study unit on the theater, the pupils in English classes have written and produced several interesting and exciting plays. Among the four plays selected for production were:

"Operation Safetypin," by Carol Leverone and Janet D'Errico;

"A Pinch of Gunpowder," by Carol Swett and Sally Scott;

"A Day in Court," by Ronny Roberts and Bradly Ross; and

"Trapped," by Louis Towner and Joe Cussen.

First prize — Roger Bainbridge, Class of '54;

Second prize — Arthur Gorasi, Class of '55;

Third prize — Larry Worthen, Class of '53;

Fourth prize — Richard Gaffney, Class of '55.

**Driver Education**

Messrs. Branley and Aversa attended the annual conference of the Driver Education and Training Teachers Association of Massachusetts at West Springfield, Massachusetts, on May 8. A series of meeting on various phases of driver education and a speech by Motor Vehicle Registrar Rudolph F. King provided a full day for everyone present.

**Dramatic Clubs Entertain**

The talents of the dramatic clubs of the Winchester and Melrose high schools were combined recently to provide entertainment at the final meeting of the Washington School (Melrose) Parent-Teachers' Association.

Ably representing Winchester were Steve Yale and Becky Smith, who presented the humorous play, "A Pair of Lunatics." Gail Stratton repeated her delightful performance of "The Littlest Angel."

The offerings of both the Curtain and Cue and Masque and Wig players were warmly received by the large audience of parents. A special tribute came from Superintendent Rand of Melrose, who complimented the young people and their instructors. Winchester students enjoyed this opportunity to meet the Melrose group, and they expressed the desire of participating in more of these joint ventures.

## PARKHURST SCHOOL NEWS

**Museum Visit**

Fourth grade pupils, accompanied by their teacher, Mrs. Margaret C. Donovan, and several parents, visited the Children's Museum in Boston on April 30. The principal subject of their study during the visit was the solar system, and, toward this end, Mrs. Donovan had arranged for the showing of a motion picture on the stars and planets and for a talk by one of the museum guides.

Following this event, the pupils visited the Planetarium for an illustrated lecture on the earth and moon. Other exhibits observed were those of Mexico, Korea, Switzerland, and several colonial American interiors. Of keen interest to the children were the life-like figures of the Coronation exhibit.

Among the mothers who helped make the trip possible by assisting with the transportation were Mrs. William Morton, Mrs. Edward Peabody, Mrs. Paul Comins, and Mrs. Morris Silverleib.

**Pet Show and Science Fair**

"Be Kind to Animals Week" was observed by the pupils in every classroom recently. After a week of study and discussion, an exhibit of animal pets and of various science projects was displayed in the school auditorium. The planning committee was headed by Bill Wilson, with the sixth grade assisting. Eleven different kinds of pets were shown by children from every grade, and, at the conclusion of the three-hour exhibit period, it was decided that every bird and animal should be awarded "first prize" for its excellent deportment.

Among the science exhibits was the new "Who's Whoo" electrical bird identifier, which was in use for the first time. Also of interest were an experiment on optical illusion, wood marvels, an insect collection on loan from the Children's Museum and in charge of the fourth grade, and a titanium exhibit.

Town Treasurer Abbot Bradlee with Sid Elliott and Charlie Koch of the Sport Shop spent the past weekend fishing at Lake Winnepesaukee as the guests of former Assessor Ernie Dade. We understand the luck wasn't good! As a matter of fact we have heard the party was skunked!

## SCHOOL COMMITTEE NOTES

At the regular meeting of the school committee on Monday evening members of the physical education department, including Supervisor Henry T. Knowlton and Assistant Supervisor Gale Davenport and Alfred R. Meurling, and Dr. William D. Barone, school physician, met with the committee to discuss the program of physical education.

The following elections of staff members for the next school year were made:

Mrs. Eleanor W. Geary, of Fairlawn, N. J., to the elementary schools;

Mr. Robert S. Jackson to the elementary schools.

The J. W. Greer Company, formerly of Cambridge, is now located in its new plant at Enmes and Main street in Wilmington. The local angle in this is the association of Winchester's Chairman of Selectmen, Don S. Greer of Highland avenue, with the firm, founded 36 years ago by his father. The Greer company manufactures large industrial machinery.

## UNUSUAL ACCIDENT

What the veteran Police Officer James E. Farrell described as one of the most unusual motor accidents he had seen in years took place in the Center yesterday forenoon, resulting in damage to six motor vehicles, but fortunately injuring no one.

According to the police, Mrs. Nellie P. Simpson of 47 Wedgemere avenue, while driving a Pontiac convertible coupe north on Main street, collided with a Chevrolet sedan in charge of Anna E. O'Melia of 18 Loring avenue and parked in front of the First National Stores.

The O'Melia car was driven into a car parked ahead of it, in charge of Mrs. Virginia C. Farrar of 15 Westland avenue, and the Farrar car in turn struck a Ford sedan parked in front of it and in charge of Francis L. Kelley of 51 Kenilworth road, Arlington.

Meanwhile the Simpson car had gone up onto the sidewalk and proceeded north between the three parked cars and the First National show window, damaging the right sides of the three cars which it had previously brought into collision.

From the sidewalk the Pontiac went into the road and was in collision with a south-bound Brockway truck, owned by Richard L. Spencer of 100 Larchwood Drive, Cambridge, and driven by Francis J. Fitzgerald of 119 Spring street, Cambridge.

After this collision the Pontiac recrossed the road and drove into a hydrant in front of the Texaco Filling Station, smashing the hydrant off and dragging it into the station yard.

There the Pontiac finally collided with a Chevrolet sedan, recently purchased by George Carter of Elm street, manager of the Strand Theatre, Woburn, damaging the car considerably.

Mrs. Simpson stated that she was unhurt, and was unable to explain how the accident occurred. Her chief concern upon alighting from her car was for her dog, which had leaped from the Pontiac when it struck the hydrant and had run away.

Location of Route 128 Station is on Route 128, just two miles east of Route 1. The station is just 30 miles from Winchester.

There is ample free parking space surrounding the new station.

## BOY INJURED BY TRUCK

Paul Ambrose, 7-year-old son of Mr. and Mrs. Vincent C. Ambrose of Yale street, had a narrow escape from serious injury Monday afternoon when he was thrown from his bicycle in the path of a big trailer truck at the Wyman School.

Paul was riding his bicycle home from school and was headed west when the accident occurred. As he attempted to ride between a parked car and the truck his bike struck the parked car, throwing him in the path of the truck.

One big wheel went over the little boy's lower left arm. He made no outcry and several moments elapsed before the attention of the school traffic officer, Tom Parker, and Officer John Elliott of the police was attracted to his plight. Meanwhile in the confusion no one had gotten the registration of the truck which had left the scene.

Paul was taken to his father at the Winchester Trust Company by Officer Elliott and then to the Winchester Hospital, where he was attended by Dr. Phillip H. McManus. Examination disclosed that he sustained a badly broken lower left arm, but the potentialities of the accident were much greater than his injury, bad as it was.

## THREE INJURED IN CRASH

Three persons were injured last Saturday afternoon in an automobile accident on the Parkway opposite the tennis courts on Manchester Field.

According to the police the cars involved met head on and were wrecked. One driven by C. J. Sittinger of Lakeview road, was headed toward the center, while the other, driven by Priscilla Nix of Arlington, was going in the opposite direction. The accident occurred on the easterly side of the road.

Louis Errico of 423 Washington street took Mr. Sittinger and Miss Nix to the Hospital with Joan Iandoli of Arlington, who was riding with Miss Nix. Mr. Sittinger and Miss Nix were treated by Dr. William F. Hickey, Jr., and allowed to return home after treatment. Mr. Sittinger was the most badly injured of the three, sustaining head and body injuries as well as a severe shaking up.

Miss Nix sustained a fractured knee-cap and cuts and abrasions and Miss Iandoli was cut about the face and nose and otherwise bruised and shaken up. She was treated by Dr. Nelson Fontneau and also allowed to go home.

Wet weather may have dampened the enthusiasm of the snipe skippers about getting their tubs in the water, but it's encouraged trout (as long as 10 inches, it's told!) to collect in the old Mystic. Everyone seems to have given up sailing for the fishing pole!

To date there are four snipes moored at the Club. The hardy foursome who turned up for the tuneup race on Saturday were disappointed to find such a small number present, and the racing schedule has been pushed forward a week to allow for additional launchings. The first point score race (series A) will be on May 23. The Club pioneers with their snipes in the water are Dave Haskell, new owner of "New Look;" Bob Huggins, skipper of the "Shady Too;" James Newman, "Sinbad's" sailor; and Bob Hall, who has rechristened the "By George," "Sachem."

The people with good intentions who have promised to get their boats moored this week end are Cliff Austin with "Jam II," Tom Legere with "La Sus," Carl Freyer with "P & S," and Daw Blamire with "Foo."

The first Ladies' Bridge is slated for Wednesday afternoon, May 20, at 2 o'clock. Mrs. James A. Newman, chairman of the bridge committee for that day, has announced her committee: Mrs. Thomas Hoover, Mrs. John Allen, Mrs. Bart Sullivan, Mrs. Russell Pearl, Mrs. John Moriarty, and Mrs. Sidney Burr. Mrs. Burr is season chairman.

Don't forget the senior dance which is to be held on Friday night, May 22. There'll be lots of novelty dances and prizes. Be sure to be on deck, and remember to buy your tickets 48 hours in advance. Jim Fitzsimmons is in charge of the affair.

Immediately following breakfast, the children will go to their respective Church School classes. The wives, friends and the Brotherhood will then welcome Mr. Voldemars Korsts, a displaced person from Latvia, who will speak on happenings behind the Iron Curtain. We know you will not want to miss this, seating capacity is limited, so make your reservations early.

## ALL ABOARD FOR "EN KA LIMITED"

Now that the "En Ka Limited" is gathering steam to roll into Winchester this Friday evening the personnel is ready to climb aboard. Throughout the winter enterprising committees have been working arduously to make the trip a success. Let me introduce you to some of those who will try to make your visit to the Street Fair completely enjoyable.

Following the parade by the high school band, Mrs. Lyndon B. Burnham, chairman of the Street Fair, and Mrs. Richard A. Harlow, president of En Ka Society, will be on board to greet you at the flag-raising ceremony at 10:00 a. m. Saturday, May 23rd. This is the official opening of the fair, although there will be a preview on Friday night from 6:00 p. m. until 10:00 p. m.

The other Street Fair directors also will do their parts to make the "En Ka Limited" run smoothly. Mrs. Donald F. Conners, secretary; Mrs. Leslie J. Scott, treasurer; Mrs. Harold N. Stevens and Mrs. George L. Connor, Midway; Mrs. R. Ronald Wyman and Mrs. Thomas M. Downes, properties; Mrs. Daniel F. Barnard and Mrs. Henry A. Dellicker, special projects; and Mrs. Edward E. Kuypers, publicity, are anxious to make your ride on the "Limited" as pleasant as possible.

In the "Freight Yard," presided over by Mrs. Hollis A. Dyer and Mrs. C. Chandler Parkhurst, you will find bargains in furniture, lamps, dishes, and miscellaneous articles gathered by this hard-working committee during the year. The "Winchester Local" Bakery booth with those illustrious pastry chefs, Mrs. Bert E. Lindvall and Mrs. J. Warren Shoemaker, directing their corps of wonderful cooks, will produce delicious pies, cakes, and cookies. After a full day at the fair these goodies will solve your dessert problems for Sunday dinner.

Mrs. A. Allen Kimball and Mrs. Clarence Russell have judiciously chosen trinkets, souvenirs, and, of course, balloons for the "Highliners" booth. At the "Candy Depot," Mrs. James H. Ranney and her co-workers will tempt you with homemade peanut brittle, lolly pops, and other delectable tidbits. On the "Oriental Express," Mrs. Vaughan Harmon will make an appointment for you with the Fortune Teller. At the "Boston Garden," Mrs. Maurice T. Freeman and Mrs. Theodore Chilcott will help you choose plants to enhance your gardens. Mrs. Herbert F. Ross, Mrs. Carl Richmond, and their sewing groups have made gifts to delight everyone. Aprons, rope belts, knitting bags, lobster bibs, and ties will make the "Merchants Limited" a car on our train you will not overlook. Mrs. George A. Blair, Jr., and Mrs. Robert Roundey will provide grabs on the "Pull-Man."

To keep you all happy and well fed, Mrs. Virginia H. Dickey and Mrs. Edward T. Peabody will serve hot-dogs and hamburgers in the "Grill Car." Mrs. James M. Beale heads the "Refrigerator Car," where ice cream, taffy apples and spun sugar may be obtained. Mrs. Albert D. Swazey and Mrs. Langley C. Keyes will officiate in the "Caboose," where our famous lobster salad, sliced chicken, chicken salad, peanut butter, and other sandwiches can be bought together with homemade cakes and brownies. Tea will be served in the "Parlor Car" by Mrs. Richard D. Bolster, Mrs. Don S. Greer, and their helpers. Mrs. Paul Forrester, Jr., and assistants will dispense tonic by the carload from the "Tank Car." Mrs. John D. McLean and Mrs. D. Townley-Tilson will be at the "Whistle Stop" with plenty of popcorn on hand and, after reading the menu published earlier in the Star, the "Dining Car" will be crowded when Mrs. Frank G. Chase and Mrs. Frank R. Creelman open the gates from 5:30 p. m. to 7:30 p. m. Baked ham, potato salad or baked beans, cole slaw, hot rolls, orange or mocha cream pie and coffee or milk will be good fuel for our evening's ride on the Midway "Carnival Train." The "Observation Car," "Sky View" (Ferris Wheels), the "Flying Yankee" (Octopus), "Kiddie Express" (Kiddie Auto), "Casey Jones" (Tilt-A-Whirl), "Boston & Maine" (Fire Engine), and the "Round House" (Merry-Go-Round) will keep everyone busy until the fair closes.

Don't forget "Wheels A Rollin" in the town hall, where, under the capable direction of Mrs. Cheney Cook, the train exhibit and movies will be shown.

As you can see we hope we have assured you of a full day's enjoyment aboard the "En Ka Limited." To all our friends and supporters who help En Ka each year make this venture a success, we say, "Bon Voyage" and thank you for making possible our continued assistance to Winchester charities.

## JUNE 5 BLOOD DONOR DAY

The Red Cross Bloodmobile will roll into Winchester on Friday, June 5, to receive the contributions of blood from the citizens of Winchester. A very careful physical examination is given to each prospective donor before he is allowed to donate his blood. No one may give unless the doctors and nurses are sure that the volunteer is able to do so. Anyone between the ages of twenty-one and fifty-nine may give.

The loss of a pint of blood causes no ill effects and does not lower the resistance to disease. At a small cost in time alone, you will be able to give the gift of life to others.

So call the Red Cross office today to make your appointment—WInchester 6-2300. The Red Cross Blood Program needs your help.

## GET A BUDDY POPPY!

Aberjona Post No. 3719 Veterans of Foreign Wars will hold its poppy drive on May 22nd and 23rd. This important drive is under the capable supervision of Chairman Clement Landry.

On Memorial Day 1922 the Veterans of Foreign Wars sold its first Flanders Field poppy. The memorial flower proved popular. In 1923 the National Encampment required that the poppies sold should be made by disabled veterans. In 1924 disabled veterans in Pittsburgh made Veterans of Foreign Wars flowers for that year's sale. These men coined the phrase, "Buddy Poppy," and in 1944 our national headquarters copyrighted the trade name. Since the first Buddy Poppy sale, the objective has been "to honor the dead by helping the living."

Funds from the annual sale of Buddy Poppies are devoted exclusively to extending our veterans welfare work and to helping maintain the Veterans of Foreign Wars National Home.

## NEW POOL PARKING AREA

The Board of Park Commissioners, in response to vigorous protests from residents of Tufts and Nathaniel roads, have voted to discontinue the present Leonard Field Pool Parking area and construct a new area of substantially the same size on Park Department land along the river west of the pool.

Access to the new area will be along the old cinder path extending from the junction of Cross and Forest streets. Permission to use enough land to make this entrance possible was granted to the Park Commissioners by the owners, the Winchester Carton Corporation, now occupying the old McLatchey plant.

The Park Commissioners have voted to erect cement posts on Park Department land at the old parking area abutting the town land, over which the commissioners had originally planned to have cars enter the old lot when they closed off the Leonard Field driveway.

Householders on both Tufts and Nathaniel roads objected to having cars run over these town ways to the beach because of the danger to many children who habitually play on both streets.

## ANNIVERSARY DINNER

Aberjona Post, 3719, Veterans of Foreign Wars, will celebrate the 15th anniversary of its inception Saturday evening, June 13, with a banquet and dancing party at Waterfield Hall.

A committee of veterans headed by Past Comdr. John T. Horn is hard at work on arrangements for the event, and since the space available is limited, all who plan to attend are urged to make the necessary arrangements at once.

Assisting Past. Comdr. Horn are Commander Tom Connors, Past Comdr. Mark Kelley, Past Comdr. Warren Bolivar, Past Comdr. Edward D. Fitzgerald, Raplh Fiore, Clem Landry, Tom McKee and Albert Thorne.

## NOTICE

Winchester Legion and Aberjona Post, VFW, wish to announce they are not interested in, or benefitting from, any drive or drives being conducted by out-of-town Posts.

## WANT BROOK COMMITTEE

Residents of the North End, especially those living in the vicinity of Horn Pond Brook, are becoming restive while awaiting the appointment of the committee provided for at the March town meeting to investigate the danger to children of Horn Pond Brook where it flows at the rear of Sylvester avenue and recommend appropriate safety measures.

The recent near drowning of a child in the brook intensified the apprehension felt by parents of children living near it, who, however, want to take an orderly course and act through the committee to be appointed.

There has been talk of a petition to be circulated through the district, but thus far none has been seen, though feeling in the neighborhood is reported very strong.

## ELEMENTARY SCHOOLS PLAN MUSIC FESTIVAL

Pupils from the Winchester elementary schools will present a music festival at the high school auditorium on the evening of May 29. The program of choral and string selections will begin at 7:30 p. m. and the public is invited to attend without charge.

The chorus of over 80 sixth graders from all of the elementary schools will be under the direction of Miss Natalie Fitch, assistant music supervisor. String ensembles, which have been instructed by Mr. Theodore Janner, assistant music supervisor, will present several selections. An interesting feature of the program will be a selection by the combined choral and string groups, an ambitious undertaking for the youngsters. As an additional attraction Mr. Janner will play a violin solo accompanied by Miss Fitch.

In commenting on the program, the first joint concert ever presented by the elementary schools, Mr. Fred Felmet, supervisor of music, has expressed the hope that many townspeople will avail themselves of this opportunity to see and hear a demonstration of the progress which is being achieved in teaching choral and string music at the elementary school level.

## CHARLES F. DUTCH

Charles F. Dutch of 9 Herrick street, a widely known Boston admiralty and corporation lawyer and long-time resident of Winchester, died Saturday, May 16, suddenly, at the Winchester Hospital. He had been bothered by a recurrence of a heart ailment for a short time before entering the hospital last Friday, but his sudden passing was unexpected.

During the nearly 70 years Mr. Dutch lived in Winchester he became well known, especially among the older residents of the town. He served the town as a member of the Appropriations Committee, now the Finance Committee, from 1909 to 1911; and he was town counsel for five years, from 1912 to 1917. He was actively identified with the Unitarian Church, being moderator of the Society for 15 years and a member of the Standing Committee, serving as clerk, from 1905 to 1909. He was for many years a member of William Parkman Lodge of Masons, and was active in the Winchester Art Association, and the Winchester Historical Society. He was also at the time of his death a corporator of the Home for Aged People in Winchester.

Mr. Dutch was the son of Marshall Holly, and Charlotte (Hill) Dutch. He was born January 19, 1880 in St. Paul, Minn., but came to Winchester as a boy of four years, growing up in Winchester and graduating from Winchester High School in the class of 1897.

He was graduated from Harvard College in the class of 1901, and from Harvard Law School in 1905. A specialist in admiralty law, he lectured in that subject at Harvard Law School following his graduation until 1918. He served as chairman of the Board of Governors of the Maritime Association of Boston, and he was a delegate to the 1918-1919 Massachusetts Constitutional Convention.

In 1919 Mr. Dutch went to Washington to serve as admiralty counsel and general solicitor of the United States Shipping Board. Particularly interested in housing, he served for a time as a managing director of the Massachusetts Housing Association and he had also been a member of the State Minimum Wage Commission.

He was a member of the Massachusetts and Boston Bar Associations and was a past president of the Boston Propeller Club and a member of the Cosmos Club of Washington.

Considered an authority in the field of admiralty law, he was Boston counsel for the Cunard Lines and the Eastern Steamship Company, among others.

As a boy and while attending college, Mr. Dutch lived at Symmes Corner in the old Symmes house, now the home of Dr. Arthur M. Jackson. After his marriage he lived on Brooks street until 1925, when he built the home on Herrick street he occupied until his death.

Mr. Dutch was twice married. His first wife, the former Faith Sturtevant, died in 1926. On April 6, 1929, he married Ella Arnold of Cambridge, who survives, with two daughters, Elizabeth, a teacher at Prospect Hill School in New Haven; and Mrs. Charles T. Main, 2nd, of Winchester; also two grandchildren, Nancy Frost and Linda Herrick Main.

Private funeral services were conducted Monday at Bigelow Chapel in Mt. Auburn Cemetery, Cambridge, by the Rev. Robert A. Storer, minister of the Unitarian Church.

## MRS. HELEN F. ELLIOTT

Mrs. Helen F. Elliott of 13 Linden street, widow of Harold K. Elliott, former well known Winchester gardener, died Friday, May 15, following a six month illness.

Mrs. Elliott was born in Boston August 22, 1896, the daughter of Michael, and Mary (Hanley) Greeley. She was living in the Roxbury district of Boston when she married Mr. Elliott, July 3, 1922, coming to Winchester after her marriage and making her home here for for more than 30 years.

Mrs. Elliott leaves a daughter, Helen F. Elliott, a chemical researchist at the Walter Reed Hospital in Washington, D. C.; two sons, Harold K., and George W. Elliott, both of Winchester; a sister, Mrs. Frank J. Donovan of Lowell; and two brothers, Thomas, and Henry Geeley, both of Boston.

The funeral was held Monday morning from the Lane Funeral Home with high mass of requiem celebrated at the Immaculate Conception Church by the Rev. Fr. Stephen Burke. Fr. Burke also read the committal prayers at the interment in Wildwood Cemetery.

## MISS LUCY A. DANFORTH

Miss Lucy Alice Danforth, retired head of the credit department of the Flintkote Company of Boston, died suddenly of a heart attack early Wednesday morning, May 20, at her home, 45 Arlington street, in her 73rd year.

Miss Danforth was the daughter of Alfred, and Alice (Eaton) Danforth. She was born in Reading and made her home there until she came to Winchester 14 years ago, graduating from Reading High School and from the old Hickock Business School in Boston. For 31 years she was associated with the Flintkote Co., shingle manufacturers, advancing to head of the credit department at the time of her retirement.

Miss Danforth leaves a sister, Mrs. William E. Schrafft of Winchester.

Funeral services will be held at the Schrafft home, 45 Arlington street, Saturday afternoon at 1 o'clock. The Rev. Robert A. Storer, minister of the Unitarian Church, will officiate. Interment will be at Forest Hills Cemetery.

## NATIONAL HONOR SOCIETY INDUCTS NEW MEMBERS

The annual assembly honoring newly-elected members of the National Honor Society was held at the high school last Friday. Presiding at the ceremonies was Deborah French, president, who was assisted by Betsey Freeman, vice-president, Barbara Clark, secretary, Nancy Ross, Ann Hooper, and Rebecca Smith.

In her opening remarks Deborah gave a brief account of the National Honor Society — its history, objectives, and the methods by which its members are selected. She noted that every junior and senior has an opportunity to share in the choice of those who are elected to the society. Selections are made by a faculty committee only after carefully weighing the student vote, the faculty vote, and the scholastic rank of each candidate. Character, scholarship, leadership, and service are the basic factors which are considered.

To Principal Wade L. Grindle fell the pleasant task of announcing the names of the new members. Beginning with the Juniors, they were: Alan Cairncross, Sally Cunningham, Dennis Doucette, Sheila Gallivan, Nancy Oexel, and Patricia Page. Senior members elected this year were: Janet Archibald, Alan Burt, Frank Carleton, Barbara Colucci, Joan Connors, Constance Corthell, Robert Derro, Nicholas Fitzgerald, Althea Hersey, Helen Hertig, Margaret McHugh, Jennifer Meigs, Myrna Monsen, Joan Moore, Cynthia Moses, Gloria Mucera, Neil Muncaster, Judith Nanry, Curtis Ryan, Mabel Shoemaker, Sonia Smith, Claron Swonger, Margie Wilkins, and Steve Yale.

As the principal speaker at the assembly Dr. Forbes H. Norris won his audience with another of his highly inspirational yet entertaining talks. To illustrate his theme, "The Tallness of Lincoln," Dr. Norris chose several examples from the life of Lincoln which demonstrated the essential bigness of the Great Emancipator. "Lincoln," he said, "had more defeats than most of us." Yet he never got so busy alibiing for himself that he failed to make the most of the talents which he had.

Dr. Norris found further evidence in the "tallness" of Lincoln in these facts; that his idealism never failed, even during the horrors of war and despite the unscrupulous conduct of men around him; that he never lost sight of the principal goal of Union; that his sympathy for common people never became blunted under the pressures of his great office. A further sign of bigness lay in Lincoln's unfailing appreciation of his parents, humble though they were. The conclusion of his remarks brought Dr. Norris a round of applause that amply demonstrated the appreciation of the student body and their warm regard for him.

## WARNS OF PLASTIC BALLOON DANGER

Fire Chief James E. Callahan has asked the Star to relay a warning from State Fire Marshal Robert F. Ulm about the danger to which children may be exposed by the purchase of the new plastic balloons.

The State Fire Marshal refers especially in his letter to the so-called Magic U-Blow It Plastic Balloon, which has been tested by the Division of Fire Protection of the Massachusetts Department of Public Safety.

These tests, the Fire Marshal states, show the balloons contain an inflammable plastic material mixed with an inflammable fluid. This fluid flashed at or below room temperature and is rated by the Department of Public Safety as highly inflammable.

The State Fire Marshal states that a death resulted from a fire started by such a balloon and warns all parents of the danger in permitting their children to buy or have them.

ALLEN LANNOM
MYSTIC GLEE CLUB DIRECTOR

## WIN GRAND AWARD IN NEW ENGLAND GLEE CLUB CONTEST

The first season of the Mystic Glee Club under the direction of Allen Lannom was brought to a successful conclusion at Portland, Maine, on Saturday, May 16, when the club carried off not only the first prize in its group but also posted the highest score of all eleven clubs competing, thus winning the grand award in the annual contest sponsored by the New England Federation of Men's Glee Clubs.

Using as its contest numbers Victoria's "Ave Maria" and "The Day of Judgment", the club amassed a total of 536 points and this score left no doubt of its superiority.

Portland, which ranked second in the same group, had 499 points, while the other highest point winners in the club-wide contest were the Highland Glee Club of Newton with 515 points and the Wollaston Glee Club with 504 points.

Judges for the contest were Marshall F. Bryant, Director of Music, Westbrook Junior College; Dr. Carl McKinley, N. E. Conservatory of Music and Miss Madeline F. Perazzi, Supervisor of Music, South Portland schools.

By the victory, its first grand award since 1947 in New Haven, the Mystic Glee Club gains possession for one year of a beautiful trophy presented to the Federation in 1951 by the General Electric Company whose DeKoven Glee Club of Lynn also competed. This is a perpetual tropy and must be won three years in succession to be retired.

Presentation was made to Ralph F. Curtis, President of the Mystic Glee Club, during the intermission at the combined Federation concert on Saturday evening. It is planned to have the trophy on display in Filene's window in the near future.

Credit is due to Allen Lannom for his superb direction and expert arranging of the group to obtain the finest ensemble of the contest and to the members of the club whose diligent rehearsing and fine spirit made possible the prize-winning performance.

## MR. DICKMAN SPEAKS TO PARENTS

On Monday evening, May 18, parents of all 6th grade pupils were invited to attend a meeting in the High School Auditorium to hear Mr. Raymond Dickman, Principal of the Junior High School, speak on the School, the development of the Child at Junior High age, and the important role of the family.

In introducing Mr. Dickman, Mrs. Richard Bolster mentioned that a year from this June Mr. Dickman will complete his twenty-fifth year as Principal of the Junior High School. She expressed how fortunate we are to have a Principal for the Junior High age who is concerned on only with the three R's, but in guiding each boy and girl to be a well adjusted, responsible individual.

Mr. Dickman stated that when the pupils reach Junior High, it is very important that good work habits in Home Study be formed — time provided for it in a quiet place — parents not to do homework but check to see that it is being done regularly. A Dictionary, an Encyclopedia and a World Almanac are helpful for home reference work.

Parents are urged to make appointments for conferences with Mr. Dickman, or any of the teachers at any time, by calling the office.

He discussed the characteristics of the adolescent development and pointed out that in most cases, girls mature earlier than boys. The need of a sense of humor on the part of the parents in handling children at this age was stressed. The family as a team is most important, living and enjoying experiences together, and talking things over. Not too many rules is advisable but holding fast to the few that are established. A short question period concluded a very helpful and interesting evening for future Junior High Parents presented by Mr. Dickman.

## MUSICALE SPONSORS

Among the list of those sponsoring the annual Maytime Musicale being presented next Tuesday evening, May 26, at 8:15, at the Music Hall, are many whose names appeared on the program six years ago when the precursor for this happy entertainment, the first "Evening of Familiar Music," was held. Those who enjoyed the Unitarian Choir's first church benefit evening of secular music will remember it as a lovely and intimate affair, with a program considerably more conservative than is the current one. The bold new arrangements and imaginative interpretations and productions of some of this year's really popular songs to be presented Tuesday evening make manifest how thoroughly at home these altar-trained choristers are with the everyday side of life, and how much they enjoy singing this gay program which has evolved from its prototype of six years ago.

Gratefully acknowledged as sponsors, and among many who will be gathering at the Music Hall Tuesday evening are:

Mrs. William Beggs
Mrs. Reginald Bradlee
Mr. and Mrs. Theodore Browne
Mr. and Mrs. Norman L. Cushman

We include a report from Brownie Troop 22, the first in three years of work, and the first publicity this Troop has received. We wish to add our thanks for this good work and service by the parents and the girls themselves. Of such things Scouting is made.

**Brownie "Fly-Up" Day**

Monday, May 11th, was "Fly-Up" day for the Brownies of Troop 22 at Mystic School. At 3:15 the Brownies and their mothers gathered at the Girl Scout Cabin, the perfect spot for this impressive ceremony which was the climax of three years of work and play as Brownie Scouts. Sixteen 5th grade Scouts were also on hand to act as big sisters to the younger girls and to assist in the ceremony.

After a brief greeting to the mothers by Barbara Lewis on behalf of Troop 22, Ann Dyson introduced Mrs. Maxwell McCreery, president of the Winchester Girl Scouts, who explained the meaning of the "fly up" tradition and invested the Brownies with their Girl Scout pins after they had received their wings from Mrs. Raymond Thomas and Mrs. Russell Symmes, co-leaders of the troop.

The ceremony was completed by repeating the Girl Scout Promise, singing some Scout songs and forming the Friendship Circle, the visible symbol of the oneness of purpose and the close union of Scouts all over the world. Margaret Thomas played a piano accompaniment for the songs.

At the close of the ceremony Diane Doten and Roxanne Hall presented a beautiful pin to Mrs. Thomas and to Mrs. Symmes from the Scouts and their parents, with a word of appreciation for their three years as leaders of the group.

A short entertainment followed, given by the whole troop. A cookout supper brought the festivities of the afternoon to a close. ## CONCORD QUAD MEET WINNER

Concord High School's well balanced track and field forces, with winter track under their belts, edged Melrose by 3 1/3 points to win the annual Quadrangular Meet among Concord, Melrose, Winchester and Woburn on Manchester Field Saturday afternoon, May 16.

Concord scored 34 points to 30 2/3 points for Melrose. Winchester picked up 22, and Woburn, 10 1/3.

Winchester expected to do rather better but the failure of its high jumpers to get better than a tie for third in an event won at 5ft. 3in. hurt its chances. Winchester's top jumper has been as high as 5ft. 6in. this season and has been able to clear 5:03 any time. A win in this event would have put the Indians in the runner-up spot.

Winchester also would undoubtedly have bettered its relay showing had the Indians been at full strength for this event. However, two of its regular baton-passers were not available and the local boys could do no better than last, despite a great anchor leg effort by "Nick" Fitzgerald.

"Nicky" started well in the ruck, a good ten or fifteen yards off the pace, but steadily crept up on the other anchor men until he was nosed out at the line in a real blanket finish.

"Nick" won the 100 going away and Claron Swonger paced himself well in taking the 880. Rotundi was a surprise winner in the broad jump for Winchester's final first place of the meet.

Tim Hennessey, big Indian sophomore, made his best put of the season, getting the ball out 43ft ¼in to place second behind Deruzzo of Concord. The summary:

## LITTLE LEAGUE LADIES AUXILIARY

Following the practice of many other communities, the Board of Directors of the Winchester Little League is organizing a Winchester Little League Ladies Auxiliary. An organization meeting will be held at Waterfield Hall next Wednesday night, May 27, at 8:15 p. m. A cordial invitation is extended to all mothers of Little Leaguers and other interested women to attend and become a member of this organization.

President Ted Bartlett of the Winchester Little League will open the meeting and outline the purpose and function of a Little League Ladies Auxiliary. Such women's groups in other communities have become a valuable part of their Little League setup and have contributed greatly to the success of the program. It would seem from the attendance of the fair sex at the games that interest among the ladies in Little League is high and that a Ladies Auxiliary will be a popular move.

## LINCOLN SCHOOL DADS' NIGHT

The Dad's Club of the Lincoln School is planning a square and round dance for adults only, to be held in the school auditorium on Friday evening, June 5th, at eight-thirty o'clock.

Mr. Meurling will be there to do the calling for the square dances. An evening of fun will afford an opportunity to become acquainted with the dads and mothers who are interested in the welfare of all the children attending this school. So—

Come one, come all
To the Lincoln School Hall
Reserve the date,
And bring your mate!

## TOWN SOFTBALL LEAGUE

In spite of the lack of real cooperation by the weatherman, the Town Softball League got away to an excellent start this past week. The eight-team League looks extremely well balanced and the fans should see some real competition this summer. Evidence of that was the tight 6-5 victory of the defending champs, the V. F. W., over the Fitzgeralds', a new team made up of high school seniors. The Vets had to rally with three runs in the last of the seventh with two out to win on a game-clinching bingle by Al Plummer. The Army team also looked strong as they nailed down an opening victory over the Monson's and will provide rugged competition to the local teams.

It seemed good to see some of the old standbys back in action again. Players like Paul Connors, Sonny Swymer, Frank Procopio, Sam Tibaudo, John Sexton, Herb Wood, Dale Sherburne, Joe Noonan, Bob Fiore, Tex Farrell, and Marty Joyce have been performing in the present League since its inception. Back from the Armed Services and playing again are boys like Al Samoiloff, Bobby Wilson, Jim Hannon, Sam Bellino, Don Armstrong, and Ted O'Rourke. Newcomers to the League this year who will lend color and interest are boys like Wimpy Burtnett, Dave Dalton, Moose Bellino, Jocko Serieka, Bobby Flaherty, Stu Thomson, Tom McManus, Max McCreery, and Jack Connors. It promises to be the same old three-ring circus with new faces blending in with the tried and true veterans of other years.

The remaining teams will be divided into six flights of eight teams each, with one round, only, being played Saturday, June 6, and semi-finals and finals June 7. All divisions will play 2/3 handicap, excepting the championship division, which will be scratch.

## OVER 3500 AT SCOUT EXPOSITION

The local Cubs, Scouts and Explorers along with their brother Cubs, Scouts and Explorers from the entire Fellsland Council Area which is composed of Medford, Winchester, Stoneham, Woburn and Burlington, held their 21st Exposition and Scout-o-rama at the Stoneham Town Hall on Saturday, May 16th. More than 3,500 people attended the afternoon and evening performances.

It was a gala day with the sun shining and activities inter-meshed during the entire day both in the upper and lower halls of the Stoneham Town Hall. In the lower Banquet Hall 38 beautifully decorated booths showed off the craft work of the Cubs, Scouts and Explorers in their many phases of the program. The Judges who came from as far afield as Haverhill, Salem, Gloucester, and Cambridge were most profuse in their praise for the very fine material that was in the booths, and in the neatness of everything displayed. About one-half of the booths received blue ribbons which is almost perfection in scoring. The booths were scored on how the subject was covered, in appearance, in attendance of people, the neatness of a job being done, and cleaning up before and after the show.

One of the high-lights of the day was the presentation of Eagle Awards to a group of 6 young men while the Scouts who had previously received them during the year flanked them as an honor guard. The Eagle Awards were presented by Mr. Benjamin Gowing, President of Fellsland Council. Those who received their Eagle Awards were as follows:

Craig Muncaster, Troop 6, Winchester.
Harold Furblur, Troop 21, Medford.
Warren Noyes, Troop 1, Woburn.
Judson Pratt, Troop 1, Woburn.
Perry Pratt, Troop 1, Woburn.
James Baudanza, Post No. 2, Woburn.

One feature of this presentation was the delight of the audience when each mother received a kiss from her son after she pinned the Eagle Badge on his shirt.

Mr. George C. Patton of Stoneham was the general Chairman for the entire Exposition and he was ably supported by an immediate Committee of 12 sub-chairmen and over 200 volunteer workers.

The general program for the day got underway at 1 o'clock sharp when the doors were open to the public and the program itself started underway at 1:30 on the stage of the Auditorium and from then on it was one event after another until about 5:30. For the next hour and a half a series of movies shorts were shown to those who stayed over and then the evening program got underway at 7 o'clock, continuing until 10:30 when the final awards were presented to the Units.

How effective the sale of tickets was amongst boys in the various Units might be gathered from the fact that seven boys sold 200 or more tickets and thus each will enjoy a week of Camping at Camp Fellsland, free of charge. Two Winchester boys sold 215 tickets each. They were:

George Denton of Troop 3
Richard Niles of Troop 6

Below are listed the various Awards received during the day by Winchester Units:

Bugling Contest was won by Troop No. 6 of Winchester.
Second by Troop No. 12 of Winchester.
Flint and Steel race was won by Troop No. 7 of Winchester.
Second by Troop No. 9 of Winchester.

## STATE TENNIS TOURNAMENT HERE TOMORROW

Tennis players from fifteen or twenty high schools in this area will gather at the courts on Palmer street and at Ginn Field tomorrow and will keep things humming throughout most of the day as the twenty-sixth annual invitation tournament, sponsored by the Massachusetts Secondary Schools Principals' Association, gets under way.

Entering a full team of four contestants, Winchester High will be defending its team championship of a year ago. Seeded players will include Billy Kerr of Belmont, Lafford and Morse of Newton, Jim Moulton of Winchester, and other players not yet decided at time of writing. With the Park Department promising a fair day, committee chairman Henry Fitts predicts the completion of at least three rounds before the end of play on Saturday. Later rounds will be played during the afternoons of the following week.

## JUNIOR HIGH PARENTS INVITED

Monday evening, May 25, boys and girls in the Glee Clubs, Band and Orchestra of the Winchester Junior High School will entertain their parents, after a short annual business meeting of the Junior High Associates.

The musical program, under the direction of Miss Anifantis and Mr. Felmet, will be presented in the auditorium of the Senior High School.

Following the concert, there will be a gymnastic demonstration arranged by Mr. Meurling.

Because it's a school night and so many of the children are performing, the meeting will begin promptly at 7:30 and will end at a reasonable hour.

Cards have been mailed to all parents of children in the Winchester Junior High School, inviting them to meet in the High School Auditorium at 7:30 p. m. Monday, May 25.

Congratulations to the Mystic Glee Club and its director, Mr. Lannom, upon winning the New England Federation's Grand Award in the Portland, Me., competition last week-end. It was a splendid triumph with the quality of competition making the fruits of victory doubly sweet. The Mystic Glee Club has built up a loyal and enthusiastic following through the years who will rejoice at this new evidence of the club's stature. Twice in its relatively short span of 13 years the Mystic Glee Club has won the Federation title, which is very good going when you consider the length of time some of the other competing clubs have been in existence. The Mystic Glee Club has given the people of Winchester and surrounding communities a lot of enjoyment. Everyone will be glad of its Portland achievement and wish for the Club continued success in the seasons to come.

## LT. MYER REPORTED SAFE

Editor of the Star:

The many friends of 2nd Lt. Allen Myer, son of Mrs. Veronica Myer — until a few months ago a resident of Winchester — will be more than interested in the following letter received from one of our returned POWs.

Monday, May 11, 1953

The Hon. Mayor of Winchester,
Massachusetts

Dear Sir:

I have just recently been released from a Communist prison camp.

I am writing to ask you about one Alan "Myer", a second lieutenant, U. S. Army, who was imprisoned a short time with me.

When I was with Alan I never dreamed of operation "Little Switch." I never found out how Alan's last name is spelled nor his street address.

I realize that there are various ways to spell Alan's surname. However I believe it would not be too difficult for you to locate the parents of this second lieutenant and inform them of his condition.

I was in the same camp with Alan from about March 2, 1953 to about March 26, 1953.

On about March 26, 1953, he and I were sent to different POW camps. At that time he appeared to be in excellent health. His spirits are exceptionally high; he is an inspiration to the other prisoners.

Thank you kindly for co-operating.

Sincerely yours,
Thomas A. Scheddel

It is, indeed, good news to hear that "Al" is in good health and spirits. Knowing his military record I would expect he would be "an inspiration to the other prisoners". Let us all join his mother in prayers for his return to us in the near future.

Cordially yours,
Mrs. K. B. Toye, Chairman
Military Manpower Committee

## AN APPRECIATION

Editor of the Star:

May we through the Star express our sincere thanks to the members of the Fire Department for their prompt and efficient service at the time of the fire at our home last Sunday morning.

We also deeply appreciate the prompt warning given us of our danger by Mrs. Ralph Jope, who discovered the fire and the speedy handling of her call for assistance by the telephone operator.

Everyone did his or her part quickly and well, and we are very grateful.

Mr. and Mrs. Daniel Sousa

## JUNIOR-SENIOR PROM

The high school gymnasium was transformed into a colorful and romantic setting for the annual Junior-Senior Prom on the evening of May 9. All the girls were lovely, the boys were handsome, the music was agreeable, and the decorations were superb. Like its many predecessors, everyone present judged the affair a smashing success.

With Flower Fantasy as the theme, the decorations for the gym were both beautiful and original. Flowers seemed to be everywhere —in the middle of the hall there was a rock garden, over the entrance a trellis of climbing roses, and carts filled with flowers banked either side of the receiving line.

Chappie Arnold and his orchestra paid tribute to the theme of the evening by including in their repertoire a number of "flower" songs. Music that was sweet and slow seemed to be most popular, and there was plenty in that style.

Greeting the largest crowd of promenaders ever were the members of the receiving line, including: Dr. and Mrs. Forbes H. Norris, Principal and Mrs. Wade L. Grindle, Miss Margaret Fosberry, Mr. and Mrs. Frederick Wheaton, Mr. and Mrs. Arthur Pratt, Fred Wheaton and Anne Whiton, and David Pratt and Marcia Lynch.

Special entertainment features were presented by the girls of the Octette and by the popular singing duo, Judy Nanry and Brad Johnson. Climaxing the events of the evening was the grand march, led by officers of the senior and junior classes. Adding much to the gaiety of the occasion were the favors, bright paper hats for the boys and attractive paper leis for the girls.

Much credit for the gala evening goes to the faculty advisers, Mrs. Martha Genicot, Miss Elizabeth Livingstone, Miss Margaret Fosberry, and Mr. Arthur Butters, and to members of the various prom committees.

Senior members of the prom committee were: Fred Wheaton, Judy Nanry, Becky Benson, Robert Derro, Louise Gray, Gloria Mucera, Phil Salmon, Paul Mahoney, and David Burke. From the junior class were: David Pratt, Patty Page, Janet Graves, Anne Whiton, Bob McLaughlin, and John Becker. Expert lighting assistance was provided by John Everett, Jackson Wilcox, Gardner Smith, and Nick Fitzgerald.

Essential to the smooth running of the affair were the activities of the efficient corps of ushers: With Head Usher John Everett were Philip Dresser, Ted Elliott, Jackson Wilcox, Nick Fitzgerald, Steve Yale, Ted Harrigan, Dick Giacalone, Jim Myers, Bob Derro, Dick Fernandez, Bob Johnson, Bill Johnston, Phil Ives, David Meskell, Phil Salmon, Ted Mansfield, Stanley Mullen, Andrew Robertson, Donald Palladino, and Craig Muncaster.

## TO DESIGNATE WEST POINT CADET

Congresswoman Edith Nourse Rogers of Lowell, representing the Massachusetts Fifth Congressional District including Winchester, has been notified that she is entitled to designate one candidate for cadet in the United States Military Academy at West Point to enter during the summer of 1954, together with three alternates who will be designated in order of rank if the principal fails.

The principal and alternates will be selected as the result of a district-wide competitive examination to be held at Lowell High School on July 13 commencing at 9 a. m.

Those desiring to take this examination should notify Mrs. Rogers at once, giving their names, addresses, schools attended and length of time they have resided in the 5th District. Such information must be in Mrs. Rogers' hands not later than June 8. Applicants must not be less than 17 years of age nor older than 22 on July 1 of the year of entrance to the Academy. Mrs. Rogers will not nominate anyone whose brother has attended either West Point or Annapolis.

The examination consists of (1) Vocabulary and Reading; (2) Ability to recognize 3-Dimensional Figures from Flat Drawings; (3) Algebra.

Further information concerning the examination may be secured from Mrs. Rogers, or from the applicant's school. Any Winchester boys planning to take the test should communicate with Congresswoman Rogers at once.

Picnic Time! We carry paper plates, napkins, cups for hot and cold drinks. Wilson the Stationer, Star Bldg., 3 Church street.

## DODGERS WON LITTLE LEAGUE OPENER

The Dodgers beat the Yanks 10-3 Tuesday evening on Ginn Field to open the Winchester Little League Season, the opening being postponed from Sunday because of rain.

DelRossi blanked the Yanks in four of the six innings, giving up five hits while fanning 10 and walking four.

"Doug" Thomson, playing both shortstop and center field for the winners had a perfect night at bat, with four straight hits including two home runs and a double. Van French also homered for the Dodgers and banged out a single.

Willie Morton led the Yanks at bat with two hits in two times up. Dana Kelly got the only extra base hit for the losers, a double, and also added a single in three trips to the plate.

Fielding features were Dodger Bill Smith's one hand catch of MacDonald's bid for a double in deep center and his team mate, Bond's grab of a foul fly outside third.

Ted Bartlett, president of Little League, made the address of welcome before the game, and Fred Ives, chairman of the Park Board, struck out his fellow Commissioner, Jim Coon, former Harvard second baseman, to officially open the season.

## FROM SENATOR KENNEDY

The Star received this week in booklet form advance copy of a legislative program offered by Senator John F. Kennedy of Massachusetts aimed at correcting the economic problems of New England. Senator Kennedy is presenting his program in a series of speeches on the Senate floor, commencing Monday, May 18, with the second, on Wednesday, May 20, and the third, Monday, May 25.

Senator Kennedy is greatly interested in the economic problems affecting Massachusetts and New England, and with his staff has done much research upon the underlying causes of such difficulty as that in which we find ourselves.

He is especially eager that the Congress and the Nation have a fuller understanding of these economic problems and the solutions which he feels are most necessary so that facts may be faced and efforts united to act effectively in dealing with them.

Although the book which he has placed in the hands of the Star deals primarily with New England problems, the program offered is also a national program which in the Senator's opinion will benefit all parts of the Country.

It recognizes, moreover, that "Federal action is not enough and that unnecessary Federal expenditures only serve to increase the problems" Senator Kennedy's program is designed to solve.

There is quite a bit of ground covered in the program to be presented, and anyone interested in seeing it may do so at the Star office. It is much too long to reproduce in the Star.

## SPRINGTIME AT WYMAN SCHOOL

Though the weather outside was gray and forbidding, spring came to the auditorium of the Wyman School last Friday morning when the children of Mrs. Marian Ryder's kindergarten class presented their assembly.

To help create a springlike spirit the stage had been gaily decorated with birds, tulips, daffodils, and butterflies. All of the children joined in singing three songs about spring, and then they performed a gay dance called "The Chimes of Dunkirk." The toy orchestra played "Amaryllis," with Mary Mouradian conducting.

## THE SENIOR FORUM

The new President of the Senior Forum of the First Congregational Church for the year 1953-54, elected on Sunday night, is Harold McKinley, Jr. Other officers are: Vice-President, Gail Stratton; Corresponding Secretary, Marilyn Dyer; Recording Secretary, Judie Higgins; Treasurer, Dave Pratt; and Assistant Treasurer, Bill Ross.

The 1952-53 season of the Forum was brought to a close on Sunday night with the Annual banquet and program which was attended by 254 Forum members and their families. Forum President Bill H. Johnston presided at the banquet and extended a welcome to all. A few words from Dr. Cart were enthusiastically received, after which he greeted each member of the graduating class with a warm hand-shake and the presentation of a booklet from the Church. The audience was then tuned in on a television broadcast of the Forum Hour, Station WSF-TV, a variety show in which the various phases of the Forum program during the year were portrayed, with Mr. Robert D. Lowry, Forum superintendent, as sponsor. The Forum good times, the service projects, the International Week-end, the committee meetings of both young people and adult advisers, were introduced in succession by the able Master of Ceremonies, Steve Yale. Retiring President Bill Johnston gave a truly inspiring message of farewell, and the evening was brought to a close by a beautiful rendition of "The Lord's Prayer" by the Forum Motion Choir under the direction of Jacqueline Sturtevant, followed by a benediction by Mr. Small.

The Social Committee, under the chairmanship of Jenny Meigs and Dan Blanchard, are completing plans for the beach party which is held annually at the close of school. On June 20 the Forum members will gather at the summer home of Dr. and Mrs. Pollard for a day of fun before the young people depart for the summer. Committees for next year are being lined up with a view to starting off in the fall on another active year of worship, service and fun.

## MSPCA FAIR

Home-baked cakes, cookies and breads by the town's best cooks, and some hand made gifts, will highlight the annual MSPCA Fair, to be held Wednesday afternoon, May 27, from 1:30 to 4 o'clock at the home of Mrs. George E. Connor, 403 Main street. Afternoon tea will be served in the garden, weather permitting.

Mrs. George Hale Reed is in charge of the tea, assisted by Mrs. William N. Beggs and Miss Adelaide Hawes. Mrs. John Clark is chairman of the fair, assisted by Mrs. John Gilbert, Mrs. Eva Duquette, Miss Gladys Foltz, Miss Evelyn Parker, Mrs. Connor, and a committe of members. Mrs. Howland Noyes, newly elected president of the MSPCA, will be present to help generally the afternoon of the Fair.

This small, active group of women conduct their food fair each year to raise money to support a "cage" at the Angell Memorial for the housing of sick and stray animals and to pay for newspaper advertising of lost dogs, so that owners may be able to locate their pets. During the year, several checks from the Winchester MSPCA find their way to causes which support humane work among the animals who cannot speak for themselves. Plan to spend a pleasant afternoon at the Fair on May 27th, and help this good work!

## "HANSEL AND GRETEL" AT LINCOLN SCHOOL

Third and fourth graders at the Lincoln School combined their talents to present a version of Humperdinck's and Engelbert's "Hansel and Gretel" to an audience of schoolmates and parents recently. A few days later, the class went to the Parkhurst School, where they presented their play to an appreciative group of friends.

The announcer and narrator for the program were Malcolm McKenzie and Sally Leighton respectively, while David Mitchell and Elizabeth Bowes portrayed the roles of Hansel and Gretel. Other members of the cast were: William Swett, Susan MacFeeley, Frank Curtis, Richard Runci, Ann O'Conner and Meredith Crosby. Among the dancers were: Gayle Palace, Mary Ann Figucia, Paul Carroll, John Heaton, George Sola, Peter Ciruso, Joyce Pollard, Barbara Kazazian, Billy Jones, Dick Carter and Ricky Pendergast. Adding much to the enjoyment of the play was the large mural, produced as a class project, which was used as a backdrop.

The accompanist for the assembly at Lincoln School was Miss Natalie Fitch, assistant music supervisor. For the program at Parkhurst School, Mrs. Lucy Cushman kindly assisted as the accompanist. Transportation was furnished by Mrs. John Heaton, Mrs. William Leighton, Mrs. Eugene Pollard, Mr. Randolph Kazazian and Mr. Francis MacFeeley.

## PARKHURST CLASS VISITS ANTIQUARIAN HOUSE

The Antiquarian House at Concord was the goal of a field trip enjoyed by pupils of the sixth grade at Parkhurst School on May 7. The trip was planned as part of youngsters' study of early American history.

After their arrival at the house, the pupils and their guides spent the first hour in a tour of its many rooms, observing the authentic furnishings and relics of New England's colonial past. As usual, the "Battle at the Bridge" aroused the greatest interest and appreciation, although the Thoreau room and the Emerson study attracted considerable attention, too.

On the way home a brief stop at Buttrick's for ice cream cones added a happy touch to an interesting and instructive afternoon. The trip was made possible through the efforts of Mrs. Laura Syssoeff, sixth grade teache, and three of the mothers, Mesdames Robert Gray, John McLean, and William Wilson, all of whom provided transportation.

OLD STATE HOUSE, Boston, *built 1713. From its balcony the Declaration of Independence was proclaimed to the citizens of Boston.*

BOTH of these buildings are important to Massachusetts. One is *historically* important, the other is vital to the development of *modern* Massachusetts.

• • •

Last year the Telephone Company undertook new construction in this state amounting to $35,000,000 for new buildings and for the addition of new facilities and equipment. What did this mean to the state, and to its communities? It meant increased employment . . . more money paid to local merchants and suppliers . . . and more and better telephone service.

The Telephone Company also paid $86,000,000 in wages and salaries to Massachusetts telephone people, and paid state and local taxes amounting to $8,000,000. And $59,000,000 was spent in miscellaneous purchases from businesses and manufacturers throughout the state, not only for the New England Company, but also on behalf of other companies in the Bell System.

Yes — Massachusetts benefits in many ways from telephone growth and development, and from daily telephon operations.

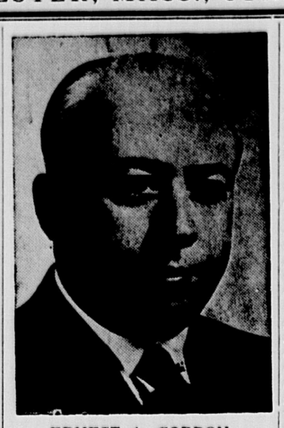
## RAINBOW MOTHERS

The monthly meeting of the Winchester Rainbow Mothers Club was held at the home of Mrs. Stanley Fudge on Calumet road.

Officers were appointed for the year and plans were made for the annual dinner on June 10th, 1953.



ERNEST A. GORDON

To serve as chairman of the Metropolitan Division for the 1953 Combined Jewish Appeal campaign. Winchester takes part in the drive, which raises funds for about 200 agencies, and finances 22 health and welfare institutions whose services are available to members in Winchester.

## BRADFORD STUDENT NEWSPAPER WINNER

The Wellesley Bradford, student newspaper of Wellesley High School, won first prize in Class B in the recent interscholastic newspaper competition sponsored by the Boston Globe. The competition was divided into classes according to the size of the schools entered in the contest, that in which Wellesley competed being the largest.

Wellesley's win is of general Winchester interest because of the fact that a former Winchester teacher and War-time principal of Winchester High School, Samuel M. Graves, is now the principal of Wellesley High. The Star is pleased to learn of the award because the Bradford has been printed at the Star office since 1949.

## WINS BOWDOIN HONOR

## WINCHESTER COLLEGE CLUB

Davis of 3 Central Green for so generously opening her home and beautiful garden for its Annual Spring Meeting on Wednesday, May 13. Members were delighted that Mrs. Avery Weisman was able to present as guest speaker as entertaining a personality as Mr. Al Capp, cartoonist and TV wit. Using questions from the audience as starting points, Mr. Capp spoke with directness and spontaneous humor about subjects as diverse as the libel suits of a cartoonist, the poisonous influence of TV on society, the underlying significance of "Lil Abner"! He closed with the poignant wish that all children of "Stevens Street", that poor section where he himself grew up, might find mutual respect for all classes, races and creeds.

Annual reports were read at the opening business meeting, including a resume of the Morning Study Groups by Mrs. P. A. Sorokin, a report of the Thrifty Time Saving Tactics by Mrs. F. B. Kelley, Jr., a report of the History Group by Mrs. L. H. Armstrong, an account of the French Group by Mrs. A. Weisman, and a report of the Evening Study Groups by Mrs. James Willing. Mrs. Willing took this opportunity to express her genuine appreciation for the fine work of her board members throughout the year. She anticipated with pleasure working with an equally fine board next year, and thanked all those who had contributed so much to the success of the Evening Study Groups. The following slate of officers was announced.

President, Mrs. James B. Willing.

Vice-President, Mrs. Frank B. Kelley, Jr.

Secretary, Mrs. David W. Morse.

Treasurer, Mrs. Paul B. Leverette.

Program Chairman, Mrs. Avery Weisman.

Hospitality Chairman, Mrs. Ray E. Brown.

Nominating Chairman, Mrs. Charles E. Greene.

Publicity Chairman, Mrs. George B. Heath.

Membership Chairman, Mrs. Richard W. Wyman.

Morning Study Groups, Mrs. Pitirim A. Sorokin.

Evening Study Groups, Mr. and Mrs. Robert D. Lowry.

Treasurer of Study Groups, Mrs. Waldo V. Lyon.

With the weatherman co-operating so wholeheartedly, members enjoyed refreshments in the garden of this charming home, served by Mrs. Ray Brown, assisted by Mrs. Gerald Barrett and the Mt. Holyoke members of the Club.

## UNITARIAN PLAYERS CLOSE SEASON

The Unitarian Players reached a satisfying climax to their season last Friday and Saturday nights with a cleanly etched and deeply moving presentation of Thornton Wilder's "Our Town."

The play was skilfully cast so that each scene added to the firm foundation upon which was built Emily's, the young heroine's, dramatic moment when she returns from death, with her new knowledge of past and future, and finds life too beautiful to endure.

This was not the triumph of any one or two star performers, for the production, true to Wilder's idea, made each character, from Simon Stimson, the drunken village choirmaster, to George Gibbs, the boy Emily marries, a vitally important part of the human scheme.

Robert A. Storer, in the role of the omniscient stage manager, set the mood of the play. His interpretation of the part was simple, sincere and lacking any touch of sentimentality. He walked at ease among his characters, with no suggestion of superiority, yet he conveyed the authority to put into words the big, intangible things we know but we "don't take'm out and look at'm very often."

George W. Hayden, Jr's, lighting staff did a fine unobtrusive job, emphasizing the action first in one area of the stage and then another, successfully creating "Our Town" in miniature, and the actors lived up to the challenge of producing their spell with words and actions alone.

Adele Jonah in her first big role as Emily Gibbs was most convincing. Her youth and glowing sense of life were beautifully contrasted with the timeless, waiting quality of the longer dead in the final cemetery scene of the play. Thornton Stearns, as George Gibbs, was nicely restrained throughout in his part of the young boy making the transition to manhood.

Marion Black and Harry Wood as Dr. and Mrs. Gibbs, and Louise Bryant and Stanley W. Osgood as Mr. and Mrs. Webb did strong portrayals of the heads of the established generation, wearing responsibility unquestioningly, yet hesitating to pass it on.

The production succeeded in maintaining the delicate balance of emotions in the play. There was much humor, not of the cleverly turned line, but the straight humor of our own daily lives, always underlined with seriousness. It was a tribute to the direction and cast that in such scenes as that of the wedding, these two moods could be introduced simultaneously without hurting either.

The costumes, too, were exceptionally good. They were lovely to look at and faithful to the period. But, in spite of the turning back of the years, this was not a period play. These people were never old fashioned. It was as if Wilder simply chose that moment in time to tell a story true for any generation.

## CIVIL DEFENSE

### USE RADIO IN EMERGENCY

Effective Friday, May 15, two radio frequencies are assigned for transmission of information to the public during any actual alert period, it was announced by John F. Stokes, State Civil Defense Director.

Should enemy attack be imminent or actually occur, the public will thus be able to keep in touch with events by tuning either to 640 or 1240, the only two official frequencies which will be on the air.

The public's most reliable source of information during an alert or following enemy attack would be radio, Director Stokes explained.

Adoption of the two-frequency system of operation follows approval, April 8, of the Conelrad Plan for the entire nation by the Federal Communications Commission. Conelrad (control of electromagnetic radiation) was devised to prevent navigational aid to the enemy.

With broadcasting stations abandoning their regularly assigned frequencies and shifting to either 640 or 1240 Kc for the duration of an emergency, enemy planes would not have the advantage of centering on a station's regular frequency in order to shape a course toward a specific target.

According to the Conelrad Plan, all information programs during an emergency will originate at the State Civil Defense Control Center. FM and TV stations having previously shut down after transmitting a brief announcement. The programs, broadcast by the two key stations, will be relayed by all others on either of the emergency frequencies.

Details for putting the plan into effect in Massachusetts were worked out by a committee of broadcasters, comprising George M. Perkins, of WHDH, Harold Dorschug of WEEI, William Hauser of WBZ-TV, and Irving Robinson of WNAC.

Peter Farnsworth, son of Mr. and Mrs. Vincent Farnsworth, Jr., of 8 Worthen road, has been promoted to the grade of corporal in the United States Army Reserve. He is attached to Headquarters Company of the 94th Infantry Division.

## NEWS OF REV. SNOOK

The Star received last Friday a postcard from our good friend, Rev. John Snook, Jr., pastor of the Crawford Memorial Methodist Church, now on leave while conducting a preaching mission for the armed forces in the Middle East.

Mr. Snook had just preached and broadcast from the Tripoli Base when he wrote the card, having gone on to Rabat to begin a mission there. From Rabat he goes on to Sidi, Slimane and Nouasseur.

The usual Snook humor was apparent in the salutation on the card to the Star which was addressed to the "Lower constellations"!

It is of special Winchester interest that Mr. Snook preached for a week at the Air Base in the Middle East where Captain Robert S. Hamilton is stationed. Needless to state "Shellie" was delighted to see a Winchester face amidst the sand and heat, especially the friendly countenance of Mr. Snook.

## OCTOBER AUTO REGISTRATION?

After several conferences and proposed legislation for the change in the registration date for automobiles and trucks, the Committee of Highways and Motor Vehicles has recommended October First.

Representative Henry E. Keenan of Arlington was one of the proponents for the change in registration date in order to remove the necessity of registering during the busy holiday season at the end of the year.

There has been considerable public demand for this change and upon acceptance by the Legislature the change will be made in October of 1954.

## NORRISES IN PARIS

Dr. and Mrs. Forbes H. Norris of 31 Church street left Boston last Friday on the Air France Constellation for Paris where Dr. Norris as a district governor of Rotary will attend the Rotary International Convention. Dr. Norris, who recently resigned as superintendent of schools in Winchester will take up his new duties as superintendent of schools for Montgomery County, Md., upon his return to the United States.

Before entering the School of Nursing, Miss Morse attended Winchester High School and the College of Arts and Sciences of Cornell University, Ithaca, N. Y. Upon graduation from the School of Nursing Miss Morse will receive a degree of Bachelor of Science in Nursing from Cornell University.

# AMENDMENTS TO ZONING BY-LAWS
## TOWN OF WINCHESTER, MASS.

**Adopted at Representative Town Meeting on April 6, 1953**

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

I. Insert a new Section 4, as follows:

Section 4. LIMITED BUSINESS DISTRICTS.

In Limited Business Districts, no new building shall be constructed or used, in whole or in part, and no building or structure, or part thereof, shall be altered, enlarged, reconstructed or used, and no land shall be used for any purpose except:

A. Any of the purposes authorized without permission of the Board of Appeals in Single Residence Districts (as enumerated, with any restrictions thereon, in paragraph B of Section 2, hereof).

B. One or more of the following purposes:
1. Restaurant or other eating place.
2. Any of the following retail stores: books, stationery or news store, cigar store, drug store, dry goods or variety store, florist or gift shop, food store or meat market, hardware or electric appliance store, wearing apparel store.
3. Business or professional office or agency, bank or other financial institution.
4. Personal service shop of a barber, hairdresser, manicurist, or shoe shiner.
5. Any of the following service establishments, dealing directly with the customer: collection station for laundry and dry cleaning, frozen food locker, hand or self-service laundry, photographic studio, radio and household appliance repair shop, shoe and hat repair shop, watch and clock repair shop.
6. Automobile service station for the dispensing and sale to the public of gasoline and oil for motor vehicles, and the incidental washing, greasing and minor repairing thereof (such as replacing headlight bulbs and spark plugs, and tire changing).
7. Customary accessory uses clearly incidental to and located on the same premises with any of the foregoing uses.
8. Signs, except sky signs as defined in the Building Laws, pertaining to goods sold, services furnished or trade conducted on the premises; provided that no exterior sign or aggregate of signs (whether or not attached to a building) shall exceed one square foot in area for each 50 square feet occupied by the ground floor of the building or buildings to which they are accessory, and provided further that such signs shall not exceed three in number for each separate and distinct business enterprise on the premises.

C. Any purpose intended to serve the normal shopping needs of adjacent residential areas which the Board of Appeals shall specifically find to be of the same general character as any of the foregoing uses (as enumerated in paragraph B of this Section) if permission of said Board be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

In Limited Business Districts, the following special regulations shall also apply:

1. No building or structure shall be constructed, altered, enlarged or reconstructed so that any part thereof, except eaves and uncovered steps, shall be within 25 feet of any street line.
2. Each dwelling house hereafter constructed shall be provided with a lot conforming to the area, width and frontage requirements applicable to such lot if located in the Single Residence District nearest thereto.
3. No building shall be constructed, altered, enlarged, reconstructed or used for purposes authorized by paragraphs B and C of this Section unless there is provided on the lot or land associated therewith, and within 300 feet thereof, automobile parking space having a total standing and maneuvering area of not less than two times the ground floor area of said building and located, graded, drained and otherwise constructed in accordance with the site plan required by paragraph 5 of this Section. Such space shall be permanently maintained, and available for the use of customers and employees of the building. No automobile parking space required by this Section for a particular building shall, during the existence of such building, be counted as required space for another building.
4. All vehicular access to and from any lot used for purposes authorized by paragraphs B and C of this Section shall be through designated driveway openings at the street line, and not more than two such openings (one of which shall be for entrance and the other for exit) shall be permitted at any street line for each 300 feet of lot frontage along said line. A lot having less than 300 feet of frontage on a street line shall not be used for purposes authorized by paragraphs B and C of this Section unless said lot is provided with vehicular access through driveway openings used in common by two or more lots having a total continuous frontage along a street line of at least 300 feet for each two openings at said line. Designated driveway openings shall not be more than 20 feet in width at the street line and shall be located not less than 20 feet apart.
5. No lot shall be used for purposes authorized by paragraphs B and C of this Section except in conformity with a site plan approved by the Planning Board. Said plan shall be submitted to the Board for approval through the Building Commissioner, and shall show among other things all existing and proposed buildings, structures, parking spaces, driveway openings, driveways, service areas, and landscape features (such as fences, walls, planting areas, and walks) on the lot. In addition to the construction and maintenance of parking spaces required by this Section, the provision and maintenance of specified other facilities shown on the site plan may be required by the Board as a condition of its approval. No building permit shall be issued until the Board has approved the site plan or has allowed forty-five days to elapse after submission without acting thereon. In considering a site plan under this Section, the Board shall assure such a degree of convenience and safety of vehicular and pedestrian movement, both within the site and in relation to adjacent streets and land, as is consistent with a reasonable use of the premises for purposes permitted by this Section.

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

II. At the end of Section 2B 9f, add the following:
Provided, however, that unless permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof, the amount of sod, loam, sand, gravel or other earth product removed from the premises shall not exceed the amount of such material contained before construction in the particular space to be occupied by the foundation of the building or structure.

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

III. At the end of Section 5A and at the end of Section 6A1, change the period to a comma and add the following:
except that removal of sod, loam, sand, gravel or other earth product from the premises shall be authorized only if permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

VOTED, That the Zoning By-Laws of the Town be amended by striking out in Section 7A the words "or unless such non-conforming use is discontinued" so that Section 7A as amended will read

"Section 7. NON-CONFORMING USES.
A. Any lawful building or structure, or use of a building, structure or land existing at the time this by-law is adopted which does not conform to the regulations of the district in which located may be continued, unless and until abandoned for a period of one year."

I hereby certify that the foregoing is a true copy of amendments to the Zoning By-Laws as adopted by the Town of Winchester, Mass., at an adjourned session of the Annual Representative Town Meeting of March 12, 1953, held on April 6, 1953, and approved by the Attorney General of Massachusetts on May 15, 1953.

## MOVING

This is my twenty-ninth year in the Real Estate Business in Winchester and my twenty-sixth year as a tenant in the Winchester National Bank Building.

On April first I received notice to vacate my office, as the Bank wishes to expand and occupy my space. Needless to say, after twenty-six years of occupancy, my office is like home to me and I regret having to make the move. However, we must bow to the wheels of progress!

It has been impossible to obtain suitable quarters, so I cannot give a new address as yet. I will, however, still be living in Winchester and may be reached at my same telephone numbers.

I will be available to give you the same service as always, whether you wish to buy, sell or rent real estate of any kind, or if you wish to get advice on matters pertaining to real estate.

I will be available at my Church Street office through May 28.

## LINCOLN SCHOOL MOTHERS' ASSOCIATION

The party could not have been lovelier nor the weather nicer than it was on Tuesday, May 19, when the Mothers' Association gave a May Party for the Lincoln School children during their noon recess. The schoolyard was festive with ten gayly-ribboned Maypoles which a committee of mothers had decorated the preceding day. Bright paper hats were worn by the children. Records from a victrola were amplified to provide music for the dancing, and Mr. Meurling directed through a loud speaker. Starting with the kindergarten class, each group took its turn performing a special Maypole dance. A large number of parents watched, many with cameras.

Following the dancing, the children sat on the lawn and ate their luncheon. The mothers passed around cold tonic, ice cream, and homemade cup cakes. When lunch was over each child was given a candy-filled May basket.

The association president, Mrs. John J. Flaherty, very expertly directed this happy affair. The Mothers' Association wishes to thank Miss Davenport and Mr. Meurling for teaching the dances, Miss Cunningham for making the party possible, the teachers for their cooperation, and the Dads' Club for their wonderful assistance.

On Wednesday, May 27, at 2:30 p. m., the association's annual meeting will be held in the school auditorium. Mothers of next year's kindergarten are cordially invited.

## FIRST BAPTIST FAMILY PICNIC

Friendship, fun and food will be the highlights of the family picnic to be held by the First Baptist Church on Saturday, June 6. Let Mrs. Butterworth know if you need transportation, or if you have room for one or more passengers in your car. Dairy products will be for sale on the grounds.

## CENTRAL MOTHERS' ASSOCIATION

The Central Mothers' Association will hold its annual meeting on Thursday, June 4th, at 7:45 p. m., in the auditorium of the George Washington School.

After a short business meeting there will be a very important panel discussion entitled "Problems in Secondary Education Today." Dr. Forbes Norris will be the moderator for the panel, whose members will be Mr. Wade Grindle, Mr. Raymond J. Dickman, Mr. Norton E. Demsey, and Mrs. Sara Woodward.

HONOR SERVICE DEAD TOMORROW

VOL. LXXII NO. 40 THE WINCHESTER, MASS., STAR, FRIDAY, MAY 29, 1953 PRICE TEN CENTS

Mrs. Theodore P. Messer, member of the Winchester United Nations Council, Mrs. Edward G. Stacy, head of the history department at Winchester High School, and Miss Deborah French, winner of first prize in the state in the recent United Nations Essay Contest, inspect the League of Women Voters' World Trade Week display at Randall's.

Local businessmen look over the League of Women Voters' window display at the Economy Grocery. Left to right: J. A. Rutherford, representative of Rotary on the United Nations Council, Mrs. William W. Davies, president of the League, Mrs. Anna M. Price of Randall's, W. Allan Wilde, president of Rotary, Fred W. McCormack of McCormack's Apothecary, and Benjamin Brennan of the Economy Grocery.

## WORLD TRADE DISPLAYS

With the cooperation of three Winchester stores, the League of Women Voters last week set up window displays in observance of nation-wide World Trade Week. Demonstrating the importance of foreign trade to American industry and pointing out some specific effects of United States tariff policies, these displays will be part of the state League's program on world trade at the luncheon of the Advertising Club of Boston on June 2.

The Winchester League is especially grateful to Mrs. Anna M. Price of Randall's, Mr. Benjamin Brennan of the Economy Grocery, and Mr. Fred W. McCormack of McCormack's Apothecary for lending their windows and to the N. E. Telephone Company and Moody Motors for display items. The Winchester Public Library has gathered together much material on world trade for anyone who is interested in learning more about this complex problem.

Mrs. T. R. Powell, Jr., outgoing International Relations chairman of the League, was in charge of the project, assisted by Mrs. Lawrence Hawkins, Mrs. Robert Lowry, and Mrs. Robert Bryant.

The amount of interest stirred up as people learned, for example, from one display that 38 out of the 184 materials in your car must be imported, proved that everyone has some kind of theory on world trade. World trade affects everyone. Some United States industries sell over half their entire products in foreign markets. Many of the critical materials which today we are stockpiling come from foreign sources.

We sell about fifteen billion dollars worth of goods and we buy about eleven billion dollars' worth. A profit like that would be sensationally successful in normal business but in international business, it creates an unhealthy state of affairs known as the dollar gap. If foreign countries cannot sell their products to us, they are short of dollars with which to buy from us. They must sell their products and they turn to other markets, which in some cases we consider detrimental to our established foreign policy. And we, at the same time that we refuse to trade, are paying high taxes for foreign aid.

Opponents of freer world trade feel that it would cause unemployment at home, and lower our standard of living. The League of Women Voters feels that any threat to domestic industry can be remedied by American production know-how and diversification of American industry and that our general living standard would be improved by a wider choice of articles in our markets and consequent lower prices. We can't get along without the rest of the world, so it makes sense to find the best way to get along with our allies and friends.

## MISS ISABEL CULLEN

Miss Isabel Cullen, a long time resident of Winchester, died Saturday night, May 23, at her home, 49 Canal street, after two years of failing health. She was 78 years old.

Miss Cullen was a native of Ireland and the daughter of Anthony, and Mary (Keaney) Cullen. She had made her home in Winchester for 60 years, was a member of the Ladies Sodality of the Immaculate Conception Church and well known among older residents of the North End.

Miss Cullen leaves a sister, Miss Mary Cullen of Winchester, and a brother, Terence, living in Ireland.

The funeral was held Tuesday morning from the late residence with solemn requiem high mass celebrated at the Immaculate Conception Church. Interment was in Calvary Cemetery.

## ON WAY HOME

Cpl. Ronald F. Purcell, son of Mr. and Mrs. Frederick Purcell of Cambridge street, is listed among the Korea veterans expected to dock in San Francisco yesterday.

Cpl. Purcell has been in the front lines for nine long months as a member of the regimental combat team of the 5th Infantry. He was hospitalized last October with face wounds, but returned to action as soon as he had recovered.

The last letter the Purcells received from their son arrived in Winchester May 6, and gave no intimation that the young soldier was coming home.

## MR. FRANCIS E. SMITH HONORED

Professor and Mrs. Neil Borden entertained the trustees and staff of the Winchester Public Library at their home last Sunday afternoon. The tea was to honor Mr. and Mrs. Francis E. Smith. Mr. Smith retired from the library board last March after thirty years of service.

## MRS. HATTIE N. CARR

Mrs. Hattie Nickerson Carr, widow of Eugene P. Carr and mother of Mrs. Mildred C. Whitcomb, with whom she made her home at 34 Ledyard road, died Monday afternoon, May 25, at the Winchester Hospital after an illness of several weeks.

Mrs. Carr was the daughter of Kingsbury S., and Barbara Crowell (Howes) Nickerson. She was born November 12, 1867, in Chatham, but spent her early life in Passaic, N. J., living there until her marriage on November 19, 1889.

For two year after their marriage Mr. and Mrs. Carr lived in Chicago, after which they returned east to Somerville, where they lived for fifty-two years, until Mr. Carr's death March 25, 1953.

After three more years in Somerville Mrs. Carr and her younger daughter, Mrs. Whitcomb, came to Winchester and had made their home together ever since.

Mrs. Carr was very active while in Somerville, having been a member of the Somerville Unitarian Church, Women's Alliance and an enthusiastic worker on the Somerville Girl Scout Council.

She was a member of the Heptorean Club, serving as director and chairman of its home economics group; a member of the Somerville Visiting Nursing Association, director in the Somerville Hospital Ladies Aid and a member of the Kiwanis Ladies.

Besides her daughter in Winchester, Mrs. Carr leaves an older daughter, Mrs. Charles O. Drayton of Warwick, R. I.; six grandchildren, 12 great-grandchildren and a brother, Kingsbury L. Nickerson of Summit, N. J.

Funeral services were held Wednesday afternoon at Storey Chapel in Mt. Auburn Cemetery, Cambridge, with the Rev. George Mark of Lincoln, former minister of the Somerville Unitarian Church, officiating. Interment was in Mt. Auburn Cemetery.

## MEMORIAL DAY OBSERVANCE

All of Winchester's Schools were visited this morning by a Legionnaire who joined with the students in exercises suitable to the occasion.

Legion Jr. Vice Commander Sandy MacKenzie is busy with plans to welcome all of Winchester's veterans and their ladies to the Pre-Memorial Get-Together at the Legion Headquarters tonight. There will be no formal program, just the opportunity to visit together to renew, or make new acquaintances.

All preparations for the Parade to the cemeteries and the attendant ceremonies on Memorial Day, May 30th, are now complete. The Committee in charge has done a fine job and Winchester is again insured a colorful and appropriate parade with Military, Naval, and civilian units marching to the music of the 567th Fighter Wing Band, our own excellent High School Band under the direction of Mr. Fred Felmet, and the nationally known and respected Immaculate Conception Bugle and Drum Corps with the Girls Drill Team.

Winchester Post American Legion, Aberjona Post V. F. W., and the Board of Selectmen have cooperated during the past years to provide a colorful, yet appropriate, observance of Memorial Day in Winchester. Each citizen should take part in at least some one of the activities. If nothing else watch the finest parade that will be available in any surrounding community.

## GIVE A PINT OF BLOOD

Next Friday, June 5, is the day! Blood Donor Day! Have you made an appointment to visit the Bloodmobile at the First Congregational Church to save a life? Call the Red Cross office right now if you have not already made an appointment. The residents of Winchester must help make the Red Cross Blood Program a success.

Many people have given several pints of blood over the years and a few are in the three, four, and five gallons class. All of these people are hale and hearty after many donations of blood. No one is accepted as a donor unless he is in good health, and for a healthy person, the loss of a pint of blood goes unnoticed.

So make your appointment. Join the ranks of public spirited citizens who recognize the value of the Blood Program and the necessity for making it succeed.

## JAMES V. HALEY

James Vincent Haley of 13 Park avenue, long identified with the leather manufacturing business in Winchester and Woburn, died suddenly Sunday morning, May 24, at his home, following a heart attack. He had been ill for four days with a cold, but was believed to be recovering nicely, his sudden passing coming as a severe shock to his family and many friends.

Mr. Haley was the son of W. P., and Mary (O'Connell) Haley. He was born in Winchester, July 5, 1885, and grew up in town, being educated in the Winchester schools. As a young man he was associated with his father in the leather manufacturing business founded by his father and known as W. P. Haley & Sons.

The Haley plant, located on Canal street, burned in 1920, and Mr. Haley then set up his own patent leather manufacturing plant, the James V. Haley Leather Company, in North Woburn, continuing that business for 20 years.

When the demand for patent leather slacked off during the war years Mr. Haley closed his plant and became associated with the Beggs & Cobb tannery in Winchester, continuing as a foreman with that company until his death.

Mr. Haley was a former member and past grand knight of Winchester Council, 210, Knights of Columbus. He was also a former member of Woburn Lodge of Elks and St. Mary's Holy Name Society.

On June 11, 1910, Mr. Haley married Katherine Maguire of Winchester, who survives, with two sons, James E., and Robert F. Haley, both of Winchester; a daughter, Mrs. George Carey of Belmont; seven grandchildren, and a sister, Mrs. George F. LeDuc of Winchester.

The funeral was held Tuesday morning from the Lane Funeral Home with high mass of requiem celebrated at St. Mary's Church by Rev. Fr. Charles A. Anadore. Burial was in Calvary Cemetery.

## LT. ROGER C. WILDE, JR.

Lt. (j.g.) Roger C. Wilde, Jr., USN, son of Mr. and Mrs. Roger C. Wilde of Evanston, Ill., and nephew of W. Allan Wilde of Edgehill road, was killed Tuesday, May 26, in an airplane crash near Pensacola Air Base, Fla.

Lt. Wilde was commissioned in the navy as a physician within the past year, having been graduated from medical school at Dartmouth College in the class of 1952. He interned at University Hospital in San Francisco, specializing in pediatrics, and had been assigned to the Pensacola Air Base for training as a naval flight surgeon.

Born in Winchester, Lt. Wilde was 25 years old. As a boy he lived in Winchester, his father having been the younger son of well-known residents, Mr. and Mrs. W. Eugene Wilde. He prepared for college at Andover and was graduated from Dartmouth in 1948. Unmarried, the young naval officer leaves his parents.

Funeral services will be held Monday in Hanover, N. H., at a time and place to be announced. It is requested that no flowers be sent, but memorial contributions in the name of Lt. Roger C. Wilde may be made to the Baker Memorial Library, Hanover, N. H.

## INJURED IN FALL

Mr. Ernest H. Butterworth of 38 Englewood road, well known watchmaker and jeweler, was painfully injured shortly after 1 o'clock Monday afternoon when he fell from a roof at the rear of his home where he was engaged in painting window casings.

A call was sent in to police headquarters and the police ambulance responded with Officers Clarence Dunbury and William Callahan and Firefighter Jack Kimball. Mr. Butterworth was taken to the Winchester Hospital and attended by Dr. Roger M. Burgoyne.

He sustained a bad cut on the left hand and complained of injuries to his back. A first reading of X-rays disclosed no broken bones, but further examination showed a cracked disc in his back.

Mr. Butterworth is up and around the hospital and was expected home Wednesday or Thursday.

## WADDELL — MORTENSEN

Since his graduation from the Tennessee Institute of Technology, Mr. Waddell has been a physicist with the Atomic Energy Commission.

After a brief visit with the bride's parents, Mr. and Mrs. Waddell will make their home in Los Alamos, New Mexico.

## RETURNING HERE FROM PARIS

Dr. and Mrs. Forbes H. Norris are returning to Winchester from Paris, France, where Dr. Norris has been attending the convention of Rotary International.

In last week's Star a release from an airplane company stated that Dr. Norris would go directly to his new position in Maryland immediately upon his return to this country.

This statement is incorrect. Dr. Norris will return to Winchester and remain here through July, assuming his new duties August 1.

## EN KA THANKS ITS MANY FRIENDS

With the sun shining and eager throngs awaiting the arrival of the "En Ka Limited", the Street Fair was off to a brilliant start Saturday morning after a record preview on Friday night. The High School Band in full regalia paraded into the Town Hall grounds at 10:00 a. m. and, after the flag-raising the "Limited" really began to roll. Those who attended the Fair know how well patronized the rides and the various booths were. There was never a dull moment. At the end of such a successful day everyone was tired but happy.

En Ka wishes to thank its many friends and supporters. Without your help the Fair could not be staffed, and without your participation there would be no point in having a Fair.

You have read of the many charities to which En Ka contributes. We want you to know that through your interest in the Street Fair you are helping the Winchester Hospital, the Home for Aged People, the District Nursing Association, the Boy and Girl Scouts, the High School Band, and the Library.

We hope everyone who attended the Fair enjoyed themselves thoroughly. Thank you again and may we hope for your continued interest in future En Ka Street Fairs:

## FERBER — WOODWARD

The altar of the Unitarian Church was decorated with white flowers and ferns on Saturday afternoon, May 23, for the marriage of Miss Patricia Woodward, daughter of Mr. and Mrs. Edwin M. Woodward of Oxford street, to Hubert Lee Ferber, son of Mr. and Mrs. Hugo Ferber of Tacoma, Washington. The Rev. Robert A. Storer, minister of the church, officiated at the 4 o'clock ceremony and the bridal music was played by the church organist, Mary Ranton Witham.

Miss Woodward was given in marriage by her father and had for her honor attendant her sister, Mrs. A. Walter Neumann of Chicago, Ill. Bridesmaids were Miss Peggy Keisker of Savannah, Ga., and Miss Carolyn Nichols of Boston.

The bride wore a blush pink tulle gown with a chapel length train and appliqued with roses at the waist and scoop neckline. Her fingertip-length veil of tulle was caught to a headdress outlined with seed pearls and she carried a bouquet of white orchids and lilies-of-the-valley.

All the bridal attendants wore coronation-blue taffeta dresses with velvet hats and short tulle veils. Their flowers were delphinium and sweetheart roses.

Charles King of Miami Beach, Fla., was Mr. Ferber's best man, and ushering were A. Walter Neumann of Chicago and Arthur McCarty of Boston.

A reception and buffet supper were held after the ceremony in the Symmes Room of the church. Mrs. Woodward, mother of the bride, wore a dusty rose chiffon gown with a lace bodice. Her flowered hat was blue and white and she carried a purse corsage of sweetheart roses and delphinium. The mother of the bridegroom, Mrs. Ferber, carried a purse corsage of sweetheart roses and wore a periwinkle-blue chiffon gown with matching hat.

After a honeymoon on Lake Winnipesaukee in New Hampshire Mr. and Mrs. Ferber will live on Beacon Hill in Boston where they will be at home after June 15 at One Primus avenue.

Both the bride and bridegroom are graduates of the Principia College, Elsah, Illinois. Mr. Ferber served two years with the 40th Division in Korea, and since his discharge in January has been associated with the advertising department of the Christian Science Monitor.

## "TWINS"

The Star's compositor, "Larry" Penta, put in quite a day in and out of the press-room Tuesday, May 26, being a bit on the jumpy and perspiring side as he made it convenient to pass the office telephone at regular intervals.

In the afternoon the expected call came through and "Larry" made the first floor from the press-room in nothing flat. After firing several eager questions into the telephone mouthpiece, he heaved a long sigh, like a busted air-pipe, and then announced quite casually that "it's twins! a boy and a girl!", starting back upstairs with no outward show of emotion.

The sangfroid didn't last, however, and he soon was down again, on his way to the hospital with the congratulations of the entire Star staff ringing in his ears.

He was seen no more on Tuesday, but appeared for duty bright and early the following day, reporting "all well" and handing out cigars! He was kept busy all day acknowledging congratulations, among them being those of the editor and publisher of the Star, T. Price Wilson, who had gone home Tuesday before the momentous news from the hospital was received.

## MAY PARTY

The sun shone on the May Party given by the Winchester Home and Garden Club last Wednesday. The open houses with beautiful flower arrangements, the tea party, the plant sale were all a success. More than two hundred members and their guests enjoyed the afternoon.

Here are the results of the popular voting. At Mrs. Herbert West's on Mason street, Mrs. Willard Hudson's arrangement in the front hall won first place. Red azaleas and the fresh green of the needles and cones of larch were featured. Mrs. Frank Robinson's white lilacs, beech leaves, and azaleas took a close second, and Mrs. Everett Gray's lovely white urn with white tulips and solomon seal won a photo-finish third.

Over in Mrs. Don Greer's home on Highland avenue the voting was lively. Mrs. Robert Baylies carried off top honors with a line arrangement of red hawthorn and open red tulips made more dramatic with indirect lighting. At the top of the stairs the elaborate combination of bronze tulips in glowing shades came in second, and the old-fashioned red geraniums in the stove top by Mrs. Norman Mitchell took third.

Mrs. Rowland Patrick not only was the calm and efficient chairman of the whole affair, but also opened her house at 1 Ledgewood. The mantelpiece here contrived by Mrs. Marshall Pihl, consisting of orange Parrot tulips, coppery beech leaves, sparked with yellow marguerites, had the most votes. In second place came Mrs. Virgil Ghirardini's grouping on the dining-room table, an antique French compote filled with material all in pastel colors, lilacs and stock. A close third went to Mrs. Alexander Aitken for the black urn on the piano which featured yellow lily-flowered tulips, variety Mrs. Moon, and sprays of Kerria.

At 2 Ledgewood, Mrs. Edward French's home, the mantel was adorned with a Staffordshire urn filled with lavender and purple lilacs which won third place for Mrs. Richard Keppler. The voting sweepstakes for the afternoon, receiving the most votes of all, went for the two niches beside the door executed by Mrs. Norman Mitchell in her inimitable style. In wooden urns Picardy gladiolas in peach tones, azaleas, and beech branches welcomed the guests, thereby winning for her the coveted Tricolor.

Mrs. Mitchell as chairman of the exhibition somehow found time to assign places, help those who wished assistance, and still come in first in the race.

Mrs. William Holdich wins a ribbon, too, judging by the vocal votes that have come in for the tea and punch party planned by her and a lively committee.

## GIFT BOX FROM JAPAN

Excitement ran high this week when a gift package arrived from some school children in Japan for the children of the Mystic School in Winchester. This represented a return gift box for one sent by the Mystic School children. The American Junior Red Cross sponsors this program of goodwill between the young people of different countries and many friends have been made.

The box from Japan contained some unbelievably lovely things: exquisite dolls, slippers, book marks, a fan, a handkerchief, a package of beautiful buttons, some stamps, and bean bags. Everything featured delicate fine work for which the Japanese are noted.

Included with the package was a letter from the group of children who sent the box. The letter expressed appreciation for the kindness of the members of the Junior Red Cross and expressed the hope that world peace would become a reality for all people.

## TUESDAY GROUP

The annual meeting of the Tuesday Group of the Church of the Epiphany was held on Tuesday, May 19, at 1:30 o'clock, in the Music Hall. Delicious homemade desserts and coffee were served to the many members and their guests by the members of the board and their very efficient committee. The dessert hour was fillowed by the delightful music of two very young and talented musicians. Miss Valentina Sobolvarra of Guatemala, a student at the N. E. Conservatory of Music, sang several quite different groups of music with great charm and finesse and Miss Elizabeth Gill of Virginia, a graduate pianist, played many lovely selections during the program and after the business meeting for the listening pleasure of the Tuesday Group.

Annual reports were read at a short business meeting conducted by Mrs. Robert C. Lewis, the retiring chairman. She spoke briefly of the group's successful year and thanked all who had served with her on the board as well as all others who had helped in many ways throughout the year. The meeting was then turned over to Mrs. Kenneth Rae, a member of the nominating committee, who announced the following slate of new officers:

Co-Chairman — Mrs. William Hopkins
Secretary—Mrs. Edward Morse
Treasurer—Mrs. Robert Nyere

## TRAPPED ON ROOF

Last Sunday morning about 10 o'clock Mr. Raymond Salling of 3 Euclid avenue went out on a third floor dormer window ledge to examine the roof of his house and became trapped out there when he could not get back in the window.

The fire department was notified and Ladder I responded with Captain Frank Amico in charge of a crew of firefighters, including Paul Haggerty, Henry Heitz and Joe Donahue.

It was not possible to use the aerial ladder and three ladders had to be raised in relays to rescue the householder from his precarious perch. Needless to state he was happy to be on terra firma once more.

## HISTORY OF THE HISTORY GROUP

Under the leadership of Mrs. Lester H. Armstrong and Mrs. Isaiah A. Bullard, members of the History Group of the Winchester College Club have "visited" the Middle East this winter, listening to papers by fellow members on such topics as the "Israeli Question", "Turkey and its Importance in World Affairs", "Ancient Egypt", and "Religions of the East".

Next year, Mrs. Robert D. Swisher and Mrs. Isaiah Bullard will plan a course of reading and study on "Africa". The intent of the Group is to explore the geographic, economic, and political significance of a given part of the world each year. Thus, during the Group's own 19 year history, several members rightly claim that they have encircled the globe at least twice, maybe more! Lest such a program mark them as studious savants, members hasten to explain that they are experts at finding the whimsy in world politics. Whereas the true scholar spends a lifetime in the study of Egypt or Africa, the History Group "covers" the subject in two meetings! Furthermore, they mix a great deal of humor with their more serious study.

It would be difficult to find more enthusiasm anywhere. The Group meets on alternate Monday afternoons from October through April, and the percentage of attendance at all meetings remains consistently high. No one wants to miss the friendly exchange of viewpoints or the pleasant dessert hour which precedes each meeting. The newcomer to the Group is immediately aware of this enthusiastic, open-minded, congenial spirit. She feels welcome because automatically she brings a fresh viewpoint and stimulus to the Group.

Again, as for several years in the past, the History Group will have its final meeting of the year in the lovely home and gardens of Mrs. W. F. Morton of 38 Arlington street. This is the Annual Picnic on Monday, June 8th. In this idyllic setting, members will take their leave of the Middle East.

## WISHING WELL WINNER

Mr. Peter Fisher, 6 Bacon street has been chosen as the winner of the recent Wishing Well contest sponsored by Carl O. Swanson, Arlington jeweler. The competition was open to any Winchester High School senior graduating this June. Mr. Ralph Bonnell, who served as judge, felt that Mr. Fisher had the best reason for wanting to own a Hamilton watch from Swanson's.

## DODGERS, 9; BRAVES, 2

The Dodgers won their game from the Braves last Sunday on Ginn Field, 9 - 2, the game being part of a twin-bill.

The winners really showed their class in this one, belting out 11 hits, including three doubles by Doug Thomson.

Bill Smith, in centerfield for the Dodgers, got three out of four at the plate and also turned in a sparkling catch on a liner by Serieka to open the second inning.

## YANKS OVER SOX

In a Little League game on Ginn Field last Sunday afternoon the Yanks beat the Red Sox, 8 - 5, despite a three run last inning rally by the Sox.

Bill Morton was the big gun for the Yanks belting out two home runs and driving across four tallies. McDonald had a no-hitter for the Yanks going into the 5th. Masterton pitched well for the losers but was victimized by errors.

## WINCHESTER 3; DANVERS, 1

"Skitchy" Carroll pitched Winchester to a 3 - 1 victory over Danvers of the Northeast Conference Monday afternoon on Manchester Field, giving up four hits while fanning nine and walking four. He was in trouble only in the 8th.

The Indians scored enough to win in the first. Flaherty led off with a single was sacrificed to second by DeFillippo and scored on Serieka's long double that missed going into the stands for a home run by only a foot or so.

Serieka advanced on a wild pitch and stole home. Jacobellis was hit by a pitched ball in the 5th, advanced on DiIorio's infield hit and counted on Carroll's one shot to right.

An error, a pass, a force play and Whitmarsh's hit gave Danvers their run in the 8th.

Winchester also scored in the first on a walk to Flaherty, DeFillippo's sacrifice and Serieka's one-shot to center.

## INDIANS BEAT TANNERS

Winchester split its annual non-league baseball series with Woburn by beating the Tanners in the second game of the two last Saturday afternoon at Woburn, 4 - 1.

Charlie DiSilva pitched effectively for the Indians, holding Woburn to five hits while fanning nine and walking only two batters.

Going into the 6th Winchester had a 2 - 1 lead, Goodnow's triple scoring DeFillippo in the third and Flaherty's single bringing in DiIorio in the 4th.

The Indians clinched it in the 6th when DeFillippo singled and counted on "Jocko" Serieka's long triple. Serieka got caught on a big turn at third, but a misplay by Tedesco let him count on a close play at the plate.

## ELLIS SPRINT CHAMP

Winchester's "Bill" Ellis had himself quite a day at Brown last Saturday, winning both sprint titles for Wesleyan in the annual New England Intercollegiate Track and Field meet.

"Bill's" times were not exceptional, 10.4s for the hundred and 22.5s for the furlong, but he was bucking a strong head wind and would have been under these clockings with normal conditions. His times were good enough to beat "Bob" Jones of Tufts in both races, and the Jumbonian is no selling plater.

"Bill", who is the son of Mr. and Mrs. A. Russell Ellis of Madison avenue, only went a year to Winchester High, then moving over to Belmont Hill School where he played hockey and baseball.

He has been on the track team at Wesleyan for three years, concentrating in this sport as they have no hockey at the Middletown, Conn., college. He is a senior and captain of the track team.

Action in the Town Softball League is livening up as the teams are rounding into better condition and beginning to settle on regular lineups. The Monsons' sprang the first real upset of the season by defeating the V. F. W. by a 6 - 3 score as Fred Kimball effectively silenced the booming bats of the Vets. The season really became official with the filing of the first protest but Director Ted Bartlett quickly squelched that one by firmly backing the authority of his harassed umpiring staff. The protest does show the interest and enthusiasm of the teams, however, as the boys are playing for keeps and the competition is keen.

The Sons of Italy and the Army team look very, very strong. The Army boys have three or four exceptionally good looking ball players and a pitcher who can really burn that ball across the plate. The Sons look stronger than a year ago with the added speed of Sam and "Moose" Bellino and the powerful hitting of the popular Robert DelGrosso, Sam Tibaudo, and "Mulligan" Fiore. The astute Paul Connors can be counted upon to keep the Vets in the contention while the young Fitzgeralds' nine needs only improved pitching to became an important factor in the race.

Two excellent games are on top this week when the V. F. W. meets the Army team at Loring avenue on Tuesday evening in a game that will really test the Army nine. The other feature attraction comes on Thursday evening at the West Side Field when the Sons of Italy and the V. F. W. clash in their first meeting of the year. Any game between these two spirited rivals is bound to be hard fought and will be replayed far into the night in the respective clubhouses of the Vets and the Sons.

Winchester's auxiliary police turned in another good job last week end as they assisted the regular police at the En Ka Street Fair. This group of public-spirited men had its inception during World War II as a civil defense unit, but its members have continued together under Chief Robert A. Johnston and have rendered much valuable service at public functions through the years. They deserve the commendation of the entire community.

### ATTENTION HIGH SCHOOL STUDENTS

Editor of the Star:

I would like to say to the young ladies and gentlemen who have come to consult with me during the past school year that I have enjoyed having you and appreciated the compliment of having you settle down for the afternoon or evening with one of my age. You are always welcome.

May I pass on to you, and to the Town in general, the following findings on Winchester High School graduates who have taken the mental and physical tests for enlistment etc.

1. As a rule, such graduates will receive marks putting them in the top two Categories.

2. The tests given you in High School have shown you how to take an IQ test and the increase in your vocabulary has been of great help to you.

3. You do well in Math.

4. The irritating thing is that your school marks may not always reflect these findings because you are not applying yourself to your full ability or because you are indulging in a sit-down strike against your parents or teachers. This is not being on the ball in the world of today. In the long run you are the one who will be hurt the most.

5. No school system is ever perfect, but if the students entering Junior High School and High School will take full advantage of what is available and not become so tied up in extra-curricular activities that marks become a very secondary thing, they will not have to "sweat it out" on entering College or in taking Armed Forces Tests.

May you all have a pleasant and safe vacation.

Cordially yours,
Mrs. K. B. Toye, Chairman
Military Manpower Committee

### THANKS FROM POSTMEN

Editor of the Star:

The Letter Carriers of the Winchester Post Office wish to express their gratitude to the people of Winchester for being so generous, and making an overwhelming success of "The Postman's Walk" for the Cerebral Palsy Foundation.

It was found to be a physical impossibility to cover the whole routes on the evening of May 20th, but the people who were not solicited used the envelopes which had been distributed earlier in the week, and the carriers picked them up during their regular tour of duty for several days, bringing the total collected to $2100.

We wish to thank the staff of the Winchester Hospital for their letter of endorsement; acknowledge the full cooperation of Postmaster Thomas Gilgun, Asst. Postmaster Edward Martin, and Supt. of Mails Dennis Collins. Thanks go to the Star and Edward Cullen of the Winchester News, also.

It is not the letter carriers' intention to do any further soliciting for any cause. Our national association felt in this particular case the cause was worthy and had been neglected.

You have all been wonderful. Thank you.

Carl E. Morse, Chairman
Winchester Carriers'
Cerebral Palsy Drive

### APPRECIATION

Editor of the Star:

On behalf of the Medical Missionaries of Mary, may I thank every one who helped to make our recent party for them at the Woburn High School so successful.

I want particularly to thank my hard-working committees from both Winchester and Woburn, and the Woburn School Committee for permitting us to use the high school auditorium.

The efforts of the many entertainers and those who furnished the home cooked food and the television, the Hibernians and the M. C., "Mike" Curran of the Woburn Daily Times, are all appreciated, with those of Lennie Downy of Woburn who assisted in so many ways.

Sincerely,
John Cullen, chairman

### FROM REGISTRAR KING

Our highways will be crowded with motor vehicles, bike riders and children this Memorial Day weekend. This day is dedicated to the sacred memory of our dead. With deep reverence for those who are gone, let us extend courtesy and consideration to the living as we rededicate ourselves to the unfinished task of reducing the number of traffic accidents on our highways.

The Fire Department was called at 5:10 Saturday afternoon to put out a grass fire near Sandy Beach on the Parkway. Later in the evening there was a fire in an automobile on High street extension owned by Genevieve Schiffmacher. The wiring and dash of the machine were damaged.

### ANNUAL MEETING OF SMITH COLLEGE CLUB

Mrs. Robert Abbott will be hostess to the Winchester Smith College Club at her garden grill at 75 Arlington street on Wednesday afternoon, June 3, when the Club ends its season with its annual picnic meeting. Mrs. Austin Broadhurst is in charge of arrangements for the traditional luncheon of broiled steak, green salads, dessert and coffee, which will be served at one o'clock.

Club President Mrs. Arthur T. Hertig will preside at the business meeting following the luncheon and will call on all officers and committee chairmen for their annual reports. Mrs. Stanley E. Neill, chairman of the nominating committee, will then present the slate of officers for the 1953-54 season.

### CAUGHT ON WATERSHED

Saturday afternoon Superintendent James Halwartz of the Water Department brought in to police headquarters three Somerville boys whom he found trespassing on the town's watershed in the Fells. All three of the boys were on bikes and two of them had air rifles. Superintendent Halwartz put their bikes and rifles in his garage for safekeeping.

After taking the names of the boys, the police notified their parents to call for the lads, personally, at headquarters.

This was done, and the parents had a little extra trip to Supt. Halwartz's garage to pick up their sons' bikes. The air rifles were confiscated.

### TENNIS MORNINGS

On Wednesday morning, May 27, the trim tennis mothers played a round-robin doubles tournament. Like party-bridge we switched partners every four games with high scorers moving on to the next court, the lows staying and changing sides.

Californian Dot Kahn took the honors, winning 10 games, while Marge Stockwell and Jeannette Grant were close on her heels with 9 games each.

Next Wednesday at 10 we shall continue the battle, so come join the fun. If it should rain Wednesday, let's make it Thursday or the first good day.

### WINCHESTER AND MELROSE TIED

Winchester missed a chance to win its Middlesex League game with Melrose at Melrose Tuesday afternoon when rain broke up the game in the 7th with Melrose still batting.

The Indians had gone ahead in their half of the 7th when "Hokie" Procopio banged out a home run to deep left field. However, with play called before the end of the frame the score reverted to the 6th, or last full inning played after the 5th, when the score was knotted, 4-4.

DiSilva and Delorey pitched for Winchester with Rizzo going for Melrose.

### FRIENDS OF THE WINCHESTER HOSPITAL

ANNUAL MEETING

There was an exceptionally large gathering present on Tuesday afternoon, May 19, when Mrs. Fulton F. Brown opened her beautiful home for the third annual meeting of the Friends of the Winchester Hospital. A touch of spring was evident in the lovely corsages presented to the members of her board by Mrs. Brown, retiring president.

The secretary, treasurer and all committee chairmen gave their reports for the year. It has been a most successful year as was evidenced when Mr. Harlan Paine, Administrator of the Winchester Hospital, spoke about the equipment that has been purchased for the hospital with money raised by Friends. An oxygen tent and tonsil and adenoid equipment have been ordered, and another gift is in the offing when the hospital reaches a decision as to what it should be. Mr. Paine expressed the hospital's appreciation and gratitude for these gifts and for the many hours of volunteer service donated by the Friends.

Officers elected for the coming year are: President, Mrs. J. Warren Shoemaker; Vice-President, Mrs. Thomas M. Righter, Jr.; Recording Secretary, Mrs. Robert Thomason; Corresponding Secretary, Mrs. Paul B. Leverette; Treasurer, Mrs. Frank B. Kelley, Jr.; Assistant Treasurer, Mrs. Nelson Fontneau; Director for three years, Mrs. William McGill.

Mrs. Brown introduced the new president, Mrs. J. Warren Shoemaker, and before retiring, expressed her appreciation to all the Friends for their cooperation during her years of office. Mrs. Brown turned her office over to Mrs. Shoemaker, who called for a rising vote of appreciation for the retiring president. During her three years as president, Mrs. Brown's faithful service and extreme interest have been an inspiration to everyone connected with the work of the Friends.

Mrs. Shoemaker adjourned the meeting, after which coffee and cookies were served by Mrs. James A. Gustin, Chairman of Hospitality, and her committee.

### PLAN RECEPTION FOR DR NORRIS

Winchester's principal educational groups will hold a public reception for Dr. Forbes H. Norris on June 11 from 7:45 to 10:00 p. m. The Music Hall will be the attractive setting for this gathering of friends and well-wishers which is being sponsored by the Winchester School Committee, the Central Mothers' Association, and the Winchester Teachers' Club.

Other local groups will participate in this event honoring Winchester's popular and energetic superintendent of schools for the past eight years. Musical interludes will be provided by a group of musicians led by music supervisor Fred Felmet.

The sponsors hope that many townspeople will avail themselves of this opportunity to drop in at the Music Hall to greet Dr. and Mrs. Norris and to wish them success and happiness in their new undertaking. As previously announced in the Star, Dr. Norris is resigning his position in Winchester to become superintendent of schools for Montgomery County, Maryland.

### GIRL SCOUT NEWS

Summertime is nearly here, and we wish to announce that Mrs. Nanry will be covering the office June 1st until June 22nd, during the hours from 9-11:30 a. m., and from 1-3 p. m.

Last night we had a big party at the Cabin, in appreciation for the work of our leaders, and as a sort of good-bye to Barbara McDonald and Jeff! Over 100 of us adult Scouts turned out, bringing a covered dish supper, and was it good! No particular program was planned, and we spent our time in friendship and fun, realizing all Scouting means to us, and incidentally, all we mean to Scouting! Through the generosity of a Scout husband, and from the donations of any person who has Scouts in his or her heart, we were able to give Barbara and Jeff a lovely 400-day clock! Just think, you only have to remember to wind it once a year! We hope they will use it with very happy memories of Winchester and its people, and wish them much success and happiness! We'll add a plaque, with a fitting inscription to that clock later!

Barbara McDonald is going on to Laconia, as their new executive director of Girl Scouts. It is an important job, one of only three such positions in the State of New Hampshire. Running from September to May, the position will leave her free to take care of Camp Nokomis, with Pop, in the summer. Good luck!

Mrs. Eleanor Shinnick is to be our new executive director. She has been in the North Shore area, covering Salem, Danvers and Beverly. We are looking forward to meeting her, and hope she finds us and Winchester all that she hopes we will be.

We are holding the news of 8th grade graduations into Senior Scouting, and the names of those girls receiving the highest award in Girl Scout achievements until next week. Read who has won her Curved Bar in next week's Star.

### ROUND-UP OF SOCIAL EVENTS OF FIRST BAPTIST ORGANIZATIONS

As a fitting climax to a most inspiring and successful year for all Organizations of the First Baptist Church, the following affairs have been planned.

June 4, 12:30 p. m. the Women's League will be guests of their President, Mrs. Martin S. Swanson, at her home, 47 Cambridge street. An interesting day has been planned, including Luncheon, Games, and a Film. This Annual Picnic will take place rain or shine.

The entire First Baptist Church Family will meet at the Church on Saturday, June 6, at nine-thirty o'clock. Cars will then leave for a Family Outing at Cherry Hill Farm, Beverly, where fun, fellowship and food will abound. Dairy products will be for sale on the grounds.

The Eight O'Clock Couples Club will be hosts to all First Baptist adults, youths and young people of the Parish at another of their famous Strawberry Festivals. This will be held on the Parsonage lawn, 15 Fairmount street, Tuesday evening, June 9, at seven-thirty. The Strawberry Festival has become an annual affair and the Club promises us that it improves with the years.

Members of First Baptist Youth Fellowship will be guests of Mr. and Mrs. Walter Bosselman, at their summer home in Suncook, New Hampshire. The young people, accompanied by members of the Youth Activities Committee of the Church, will leave in cars at 6:45 a. m. on Saturday, June 20, for a day packed with happy experiences.

Alastair MacDonald, son of Mr. and Mrs. Raymond A. MacDonald of 37 Wedgemere avenue, is engineering chairman of St. Lawrence University's 1953-54 Winter Carnival committee. MacDonald is a junior at St. Lawrence University in Canton, N. Y.

## BOAT CLUB NEWS

It's not too late to let Steward Broder know that you want to be on deck for some of that scrumptious baked beans, ham, brown bread, etc., that he's going to dish up tomorrow night at the Memorial Day Bean Supper. The time is six o'clock. Movies on sailing, fishing, and motorboating will be shown by Al Corsi. Why not make a day of it — take in the parade, snipe races, and the bean supper!

Snipe series A has started off with a bang and some hilarity! The weather slowed up the launching of most of the snipes, but four hardy skippers braved the winds of last weekend. Jim Newman and his "Sinbad" were the victors, with Daw Blamire and "Foo" in second place. ("Foo" is now a new woman with a fibreglass cover!) Seems there was a certain pink-decked boat that went bottoms-up that day also. Br . . . r . . . r, the water was cold!

The following is a list of all the snipes that are to be moored at the Club this summer and their skippers:

| | |
|---|---|
| Jam II | Cliff Austin |
| Lady Luck | Jim Cusack |
| Rebel | Rodney Long |
| Flicka | Rob Anderson |
| La Sus | Tom Legere |
| Gambit | Walter Reading |
| P & S | Carl Freyer |
| Youani | Bart Sullivan |
| Sachem | Bob Hall |
| Shady Too | Bob Huggins |
| Foo | Daw Blamire |
| Sinbad | Jim Newman |
| Sayonara | Ed Harmon |
| No Name | Nils Larsen |
| Swanee | Allan Adams |
| No Name | Philip Morse |
| Glogus | Gus West |
| New Look | Dave Haskell |
| No Name | Jack Ives |

A large crew of the Boat Club ladies (about 70 in number) got together and held coffee cups at the first Ladies' Morning Coffee on Wednesday, which was a huge success.

## REGISTER NOW FOR TYPING CLASS

Registrations for the proposed class in Beginners' Typewriting, to be held from June 22 to July 31, are coming in slowly, according to a report from the School Department. The minimum enrollment required is 18, and unless that number is secured by June 5 the course will not be given. The course is designed primarily to help young people in high school or college who need typing in their school work but who are unable to find the time for it in their regular course.

Classes are planned to meet at the high school from 9 to 11 a. m. daily except Saturday. Tuition for the course, including instruction, supplies, and use of typewriters, will be $22.50, payable at the office of the Superintendent of School on or before June 5. If the required enrollment is not met, all tuition fees will be refunded.

## WIGHTMAN TENNIS TOURNAMENT

Winchester was well represented in Mrs. Hazel Wightman's annual spring tournament for boys and girls 15 and under held May 23 at the Longwood Cricket Club in Chestnut Hill.

Lanny Keyes took top prize in the boys' singles, while we had a winning team of Dick Clark and Jeanne McKenzie in the mixed-doubles event. Special credit goes to Dick and Jeanne, who clinched their title by the narrow margin of 6-5, with the final match taking place at 10 p.m. indoors at the Country Club in Brookline after darkness closed the clay courts at Longwood.

Quarter-finalists in the singles were Bob Becker and Dick Clark in the boys' and Deirdre Donovan and Jeanne McKenzie in the girls'. Penny Nichols reached the girls' semi's before losing to the winner of the tournament. Leelee Abbott and Natalie Bellows lost in the third round, while Connie Snelling lost in the second.

Although there were no first-round losers among the girls, several of the younger boys distinguished themselves in the consolation tournament. Larry Hawkins was runner-up, beating Sumner Burr in the semis. Bill Harlow ran up against the winner of the tournament in the quarter-final, after having beaten Edington Scott in the first round.

Special note to all junior players: To be eligible for ranking, you must register with the New England Lawn Tennis Association. Write to the Secretary's Office, Box 175, Hanover, N. H., for the necessary blank.

Mark down these tournament dates on your calendar for boys and girls 15 and under. The Middlesex Bowl tournament is scheduled for June 8 at 2:30 at the Newton Squash and Tennis Club. The state tournament will be held at Longwood on June 22.

5. Dierde Donovan and Nancy Morse vs Jean Spence and Eleanor Perkins 6-1; 6-1

On May 26th the W.H.S. team played and won their fourth match at Malden, 4-0. The rain made it impossible for the last doubles team of Cie Moses and Nancy Morse to finish their match, but the other matches and scores were:

1. Prue Morton vs Dorothy Winer 6-0; 6-2
2. Betsey Freeman vs Carol Handy 6-3; 6-3

## COUPLES' CLUB

Almost 100 people sat down to supper at the first meeting of the new Couples' Club at the Church of the Epiphany last Wednesday. Mr. and Mrs. Edward Little were responsible for the delicious food, the gaily decorated tables and the hospitable atmosphere, which were an important prelude to the organizational meeting which followed. Everyone was so enthusiastic that it did not take long to elect officers and discuss the purpose and program of future meetings.

Mr. Philip Krug was the capable moderator who kept the interested group from all speaking at once. In a surprisingly short time the following officers were elected:

Presidents, Mr. and Mrs. John K. Colony.
Vice-Presidents, Mr. and Mrs. Charles Blanchard.
Secretaries, Mr. and Mrs. John MacLellan.
Treasurers, Mr. and Mrs. Robert Nyere.

These officers have since had two meetings to choose people to fill the rest of the Key positions in the Club. The following have been asked and have gladly agreed to serve on the Board.

Program, Mr. and Mrs. Richard Harlow.
Membership, Mr. and Mrs. Everett Schenk.
Hospitality, Mr. and Mrs. Edward Little.

Nominating, Dr. and Mrs. Gustave Kaufmann, Mr. and Mrs. Robert Strong, Dr. and Mrs. Warren Haley.

These chairmen will be forming their committees soon and will be glad to have ideas and help.

The new Club has gotten off to an exciting start and everyone is looking forward with great enthusiasm to a most interesting year when the meetings commence in the fall.

## AUXILIARY FIRE DEPARTMENT

The Auxiliary Fire Department has begun its twelfth annual summer schedule of bi-weekly outdoor drills following the indoor series of lectures on firefighting.

These drills are supplementary to the long established custom of working at local fires with the regular firemen, under the supervision of Fire Chief James E. Callahan and his officers. A recent occasion was the big dump fire of last Monday, where an auxiliary company helped the regulars from 6:30 to 10:30 p. m.

The Auxiliary Chief states that he and his loyal and devoted Auxies have "covered" in fire headquarters during every Firemen's Ball since the A. F. D. was organized in 1941, but never received an alarm during any Ball, until this year, and then they had two "runs" to make.

There are twenty active Auxiliary firemen on unpaid call duty, and the present officers are:

Chief, T. Parker Clarke
Deputy Chiefs, Henry E. Simonds and Theodore E. Chilcott
Captains, William T. Connell, Edward J. McDevitt, Jr., and Elmer D. Ripley

Any of those officers will be glad to receive applications for membership from men of good character who can meet the department doctor's requirements of physical fitness.

## COMPLETES NAVY COURSE

Navy Ens. John A. Kitko, Supply Corps, son of Mr. and Mrs. John G. Kitko of Maracaibo, Venezuela, and husband of Mrs. Sally C. Kitko of 20 Sargent road, has completed the course of instruction at the Navy Supply Corps School in Bayonne, N. J., and is now qualified for duties in the Supply Corps afloat and ashore.

Ens. Kitko entered the Naval Service in December, 1952. Before entering the Navy, he was graduated from Baldwin-Wallace College, and was employed by the City of Berea, Ohio.

## WINCHESTER MAN ON BOSTON COMMITTEE

Archibald Dresser of 83 Cambridge street, Vice-President and Treasurer of the Warren Institution for Savings and President of the Farragut Cooperative Bank, has been appointed by Mayor Hynes of Boston to serve as a member of the South Boston Neighborhood Rehabilitation and Conservation Program Committee.

The purpose of this Committee is to bring about a rehabilitation of the blighted residential properties in the section that has been selected as the "pilot area" for the over all City program. The "pilot area" includes the section surrounding historic Dorchester Heights.

All departments of the City of Boston are cooperating with the Committee, trees will be planted, there will be new streets and sidewalks, parks and playgrounds will be re-seeded and improved and owners of property will be urged to fix-up and paint wherever it is needed.

This type of program is being adopted in many sections of the United States. Mr. Dresser has recently returned from Tennessee where similar projects are in operation and with Mr. Robert M. Morgan, President of the Boston Real Estate Board, had an opportunity to study the operations of these projects.

## WINCHESTER TENNIS STARS

Under the title of "Bay State Beauty and Court Skill," Winchester's Sue Morton is featured as one of the cover girls for the New England Lawn Tennis Association's Official Bulletin for May, 1953. Sue, a freshman at Smith College, was on the 1952 Girls' Intersectional Team that played at Philadelphia last fall. She is ranked No. 8 in Junior Girls' singles.

Other Junior players receiving rankings this year were Prudence Morton at 10, and Carolyn Stone, 15. The Morton sisters were the fifth-ranking girls' doubles team. In the Girls' singles (15 and under) Connie Snelling was 8. No junior boys from Winchester were ranked last year; but after their good showing in the Longwood tournament, we expect to be able to report several ranking players in the 15-and-under age group this coming season.

In the men's doubles Blair Hawley stands at No. 1, with Art Hills at 5. Blair is No. 3 in mens' singles, and Art at 16 is on his way up this year. Dot Hills is 9 in the women's singles ranking for New England.

## MALICIOUS MISCHIEF

Sunday morning at 12:30 Geraldine Gross of 63 Elmwood avenue, Providence, R. I., reported to the police that when she returned to her car which was parked on Church street in front of the house at which she was stopping, she found considerable damage had been done the machine.

Some one had first sprayed some sort of oil all over the inside of the machine and then evidently had set fire to the substance for several burned matches were found in the car and there was a large burned area on the front seat.

Apparently whoever started the fire had tried to put it out by throwing mud on the flames for the windows and car interior were plastered with mud.

## IT IS BLESSED TO SHARE FRUIT AND FLOWER MISSION

As our gardens become colorful, it is time once more to think of sharing our flowers with less fortunate neighbors in congested parts of Boston. The work of the Fruit and Flower Mission gets underway in 29 suburban communities and Winchester, under the capable leadership of Mrs. Robert B. Williams, is again privileged to share in bringing happiness to others. This organization, an agency of the Benevolent Fraternity of Unitarian Churches, has brought cheer to shut-ins for over 80 years.

From June through September, hampers of flowers will go forth from the Winchester Railroad Station each Tuesday morning. Free of charge, the railroad transports them to Neighborhood Centers in Boston where volunteer workers arrange and distribute bouquets to appreciative beauty-starved residents. This is a cooperative project for Winchester, with the churches, the garden clubs and the florists sharing in its success.

Following is the schedule of dates with the name of the chairman of each group:

June 2 and 9 — Crawford Memorial Methodist Church, Mrs. C. M. Hamilton, WInchester 6-1340-W.

June 16 and 23 — First Congational Church, Mrs. John B. Wills, WInchester 6-1322.

June 30 — Winchester Unitarian Church, Mrs. Erwin Hutchings, WInchester 6-0284.

July 7 and 14 — Second Congregational Church.

July 21 and 28 — Church of the Epiphany, Mrs. Maxwell McCreery, WInchester 6-2036; Mrs. Hollis A. Dyer, WInchester 6-2243-W.

August 4 and 11 — St. Mary's Church, Mrs. W. G. Laird, WInchester 6-0483-J.

August 18 and 25 — First Baptis Church, Mrs. Paul Eaton, WInchester 6-2654.

September 1 — New Hope Baptist Church, Mrs. Henry G. Terrell, WInchester 6-1536-M.

September 8 — Winchester Home and Garden Club, Mrs. G. H. Lemay, WInchester 6-2167.

September 15 and 22 — Winchester Unitarian Church, Mrs. Miller E. Miller, WInchester 6-1211; Mrs. Erwin Hutchings, WInchester 6-0284.

September 29 — Winchester Garden Club, Mrs. Gretchen West, WInchester 6-1172.

Mrs. David Morse, of 5 Lantern lane is serving as co-chairman with Mrs. Williams.

Flowers should be at the station not later than 8:30 a. m. each Tuesday. Contact a chairman if you have flowers to share which you are unable to deliver.

## AT ST. MARY'S

Saturday of this week the children who have been preparing for their First Holy Communion these past months, will receive at the 8 o'clock Mass at St. Mary's Church. After Mass they will be served a Communion breakfast in the school by the Sodality.

Memorial Day morning the 7 o'clock Mass will be said for all the deceased of the parish and in particular for those who gave their lives for their country in the service.

A solemn High Mass will be sung at 9 on Memorial Day at the request of Winchester's Christopher Columbus Society for their departed members.

Next Sunday is Trinity Sunday and the last day to fulfill one's Easter duty. Sunday School sessions will come to an end on that day.

While crossing Main street near Herrick street last Thursday evening Mr. Charles R Doyle, of Mystic avenue tripped and fell, breaking his glasses and sustaining several bad cuts around his eyes on the left side of his face. He was taken home by the police and treated by Dr. Henry Gahan.

## PANEL DISCUSSION

The time approaches for the Annual Meeting of the Central Board of the Winchester Mothers' Association. It will be held in the auditorium of the George Washington School, on Thursday, June 4th, at 7:45 p. m.

At the completion of a very short business meeting, there will be a lively Panel Discussion on the "Problems in Secondary Education Today". Dr. Forbes Norris will be the moderator for the panel, consisting of Mr. Wade Grindle, Mr. Raymond J. Dickman, Mr. Norton E. Demsey, Jr., and Mrs. Sara Woodward.

Education at the secondary level today must provide training for all types of pupils: those preparing for higher education, and those whose formal education stops with graduation from High School or sooner. All of these young people are expected to be well rounded, well informed, fine citizens. To keep the Educational program balanced so that no group of students is neglected is complicated and very easily misunderstood.

Since this Panel Discussion is so important and of such wide interest, this evening's program has been planned to take the place of the usual afternoon meeting, thereby enabling both parents of all school children to be in attendance. It is hoped many will come, both to listen and to question.

Among those in Winchester actively interested in. Middlebury Night at the Pops in Symphony Hall on June 9 is Miss Ellen Hight, daughter of Mr. and Mrs. Robert Hight of 21 Ledyard road.

## YANKS WON FROM BRAVES

The Yanks won their Little League game from the Braves Friday evening on Ginn Field, 8-2, with Gray pitching steadily for the victors. The game was postponed from the previous Sunday because of rain.

"Willie" Morton, Yanks' first sacker, had a perfect night at the plate, collecting a grand slam home run and a brace of doubles in three times up.

Harkins was the only Braves player to get more than one hit, driving out a double and a single in three trips to the dish. Fisher, making his first start on the mound, pitched well for the Yanks until the 5th.

## WOBURN OUTCLASSED WINCHESTER

The Woburn tanners cured the Redskins' hides Saturday, May 16, winning the first game of a two-game series from Winchester, 11-1.

"Norm" Delorey, Winchester's ace pitcher, was ineffective and was relieved by Dave Pratt after giving up five runs in the fourth. Pratt held Woburn to four hits in the last five frames, but those four bingles were good for another three runs.

Winchester scored its only tally in the ninth on DeFillippo's single, a fielder's choice and an error. The Indians didn't figure to win as things were going, but they didn't help their chances any with their baserunning and miscues.

## WINCHESTER BEAT LEXINGTON

Winchester won its Middlesex League baseball game from Lexington, 3-2, on Manchester Field Monday, May 18, behind the three hit pitching of Jim Carroll.

The Indians scored their first run in the fourth when "Jocko" Serieka's triple brought in Delorey who had reached on an error.

Lexington led in the ninth, but a hit by Jacobellis, followed by Serieka's double knotted the count, and Bob McLaughlin singled cleanly to bring in "Jocko" with the clincher.

C. Any purpose intended to serve the normal shopping needs of adjacent residential areas which the Board of Appeals shall specifically find to be of the same general character as any of the foregoing uses (as enumerated in paragraph B of this Section) if permission of said Board be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

In Limited Business Districts, the following special regulations shall also apply:

1. No building or structure shall be constructed, altered, enlarged or reconstructed so that any part thereof, except eaves and uncovered steps, shall be within 25 feet of any street line.
2. Each dwelling house hereafter constructed shall be provided with a lot conforming to the area, width and frontage requirements applicable to such lot if located in the Single Residence District nearest thereto.
3. No building shall be constructed, altered, enlarged, reconstructed or used for purposes authorized by paragraphs B and C of this Section unless there is provided on the lot or land associated therewith, and within 300 feet thereof, automobile parking space having a total standing and maneuvering area of not less than two times the ground floor area of said building and located, graded, drained and otherwise constructed in accordance with the site plan required by paragraph 5 of this Section. VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

II. At the end of Section 2B 9f, add the following:
Provided, however, that unless permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof, the amount of sod, loam, sand, gravel or other earth product removed from the premises shall not exceed the amount of such material contained before construction in the particular space to be occupied by the foundation of the building or structure.

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

III. At the end of Section 5A and at the end of Section 6A1, change the period to a comma and add the following:
except that removal of sod, loam, sand, gravel or other earth product from the premises shall be authorized only if permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

VOTED, That the Zoning By-Laws of the Town be amended by striking out in Section 7A the words "or unless such non-conforming use is discontinued" so that Section 7A as amended will read

"Section 7. NON-CONFORMING USES.
A. Any lawful building or structure, or use of a building, structure or land existing at the time this by-law is adopted which does not conform to the regulations of the district in which located may be continued, unless and until abandoned for a period of one year."

## CORRECTION

An error occurred in the Star's report of the Moniz — Soares marriage in our issue of May 15.

In detailing the schools attended by the bride and bridegroom and the latter's service in the Marines, we inadvertently substituted the name of the bride's father, Emil Soares, for the bridegroom, Ernest Moniz. Mr. Moniz is the Marine, of course, and is a private, first class, and not a corporal as stated in the Star.

Two Winchester students in the School of Education at Boston University, Miss Patricia A. Mawn of 351 Forest street, and Mrs. Joan B. Warren of 2 Greeley road, were among those initiated in the University's chapter of Pi Lambda Theta, national honor society for women in education, at the annual initiation banquet last Saturday night in the Bay State Suite of the Hotel Statler, Boston.

## LADIES NIGHT OF THE HARVARD CLUB

Ladies Night of the Harvard Club of Eastern Middlesex will be held Wednesday evening, June 3, at the Bear Hill Country Club in Stoneham.

Cocktails and dinner will open the meeting and then members and wives will hear an unusual address.

Mr. Paul Diettrich will give an illustrated informal talk on his experiences, touring Europe's D. P. camps while working with the Society of Friends.

Mr. Diettrich is a senior at the Boston University School of Theology and president of his class. Last summer while working for the Society of Friends, he toured a large part of western Europe, mostly via hitch-hiking, but stopped long enough at many D. P. camps to work closely with displaced children and their problems.

Fortunately, Mr. Diettrich took many thousand color slide photographs to record what he saw, and he plans to use many of these to illustrate his talk. He is an excellent speaker and has a most cogent personality. Obviously, he has much new and first-hand information regarding a most befuddling European situation.

American Flags—10c and 15c size on sale at Wilson the Stationer, Star Bldg., 3 Church street.

## REV. SNOOK RETURNS HOME

After ten thousand miles of flying, covering air bases in North Africa, Rev. John Snook, Jr., of the Crawford Memorial Methodist Church returns to the pulpit this coming Sunday morning to relate some of his unusual experiences in the message entitled, "I Met An Arab".

In between some thirty speaking engagements, broadcasting, visiting prisons, and hospitals, the pastor squeezed in time to visit some of the tourists paradises, including Tripoli in Lybia, Casablanca the Roman ruins of Volubilis, the Medinas (arab villages) of Rabat, Nouasseur and Marrakech. From the ceremony of the snake-charmer to the rigid religious customs of the Moslems, it all presents quite an experience.

A week from this Sunday evening at 8 p. m. Mr. Snook will show both movies and still pictures of his trip.

The public is cordially invited.

## UWF ANNUAL MEETING

On Thursday evening, May 21, the anuual meeting of the Winchester Chapter, United World Federalists, was held at the home of Mr. and Mrs. Henry E. Worcester. Business reports were read, followed by a presentation of a slate of officers for the coming year by the nominating committee comprising Mrs. Charles E. Greene and Mrs. Robert D. Lowry. Voted in unanimously were:

Chairman—Robert D. Lowry
Secretary—Mrs. Robert B. Williams
Treasurer—Mrs. Mildred T. Lawton
Membership — Mrs. Jessie M. Brotherston
Publicity—Mrs. Wallis Moulding

It was also disclosed that since the successful Lexington dinner on April 13, 15 new members have joined UWF from Winchester. These new members are:

Mr. and Mrs. Richard C. Ashenden, Jr.
Mr. and Mrs. Dunbar F. Carpenter
Rev. and Mrs. John W. Cook
Miss Margaret Copland
Mr. and Mrs. Kenneth S. Hall
Mrs. John Kingman
Mrs. Oscar C. Lane
Mr. and Mrs. Ganson P. Taggart
Mrs. Theodore von Rosenvinge
Miss Grace Wills

Following this short business meeting, members and guests of the Chapter had the rare privilege of hearing Baron Rudiger von Pachelbel from Germany speak on a very vital subject at this time—a federated Europe. Under the auspices of the Ford Foundation, Baron von Pachelbel, along with delegates from 5 other countries, has been working at Harvard University since September 1952 on the "Federalism Project." Tihs project of monumental proportions had to be completed in six months time. The work has provided research material and recommendations for the drafters of the European Constitution and has involved a detailed study of six major federations in the world today.

The Chapter was indeed fortunate to have had such a stirring speaker as its guest.

## LITTLE LEAGUE LADIES' AUXILIARY

A very successful and well attended organization meeting of the Winchester Little League Ladies Auxiliary was held last Wednesday evening. President Ted Bartlett and Treasurer Charles Koch of the Little League spoke to the women, outlining the purposes and function of a Ladies Auxiliary. Possible activities and projects of the Ladies Auxiliary were discussed and judging from the enthusiastic response the Auxiliary will become a vital part of the Little League program.

A nominating committee was elected to prepare a slate of officers to be presented at the next meeting. The committee consists of Mrs. Richard Davenport, Chairman; Mrs. Carl Morton, Mrs. Gordon Peckham, Mrs. Gerald Fallows, and Mrs. Roderick Thomson. The next meeting will be held Wednesday night, June 3, at Waterfield Hall at 8:15 p. m. at which time officers will be elected and the organization under way. Once again a cordial invitation is extended to all mothers of Little Leaguers and other interested women to attend this meeting and become a member of the Auxiliary.

## BAD DUMP FIRE

The Fire Department had a hard fight with a particularly stubborn fire at the Town Disposal Area off Swanton street, commencing at 11:45 Monday morning when the fire apparatus went to the area.

The firefighters found the fire had worked down into rubbish which had been covered with earth and did not yield to their efforts quickly. Box 35 was put on at 12:27 for more help.

At 2 p. m. a round of 7 was sounded summoning all men to quarters as the subterranean fire continued to burn briskly.

Woburn Engine I came down to cover in at the Central Station and apparatus from Stoneham was standing by on the streets adjacent to the fire. The fight at the dump continued until 9:45 at night when the "all out" was finally sounded.

Apparently things were not quite all right even then for a 8:04 Tuesday morning apparatus was returned to the dump when the underground fire broke out again.

## METCALF UNION

Metcalf Union, the high school fellowship at the Unitarian Church, concluded a most successful year last Sunday with a picnic and election of officers at the home of the retiring president, Marcia Symmes.

New officers elected for next year are: Ted Johnston, president; John McLean, vice-president; Robbert Smith, treasurer and Ellen Glowacki, secretary. Heads of various committees will be appointed in the Fall.

Twelve members of Metcalf Union will leave Winchester on Saturday, June 20, to spend a week at the New England conference, American Unitarian Youth, at Star Island, Isles of Shoals.

Attendance at the conference of such a large number will provide a sound foundation for the building of an even more constructive program of service, social activities and meetings next year.

Much credit for the success of this year's program goes to the retiring officers, Marcia Symmes, president; Clark Hottel, vice-president; Joseph Canty, treasurer and Virginia Wadsworth, secretary.

VOL. LXXII NO. 41 THE WINCHESTER, MASS., STAR, FRIDAY, JUNE 5, 1953 PRICE TEN CENTS

## MAYTIME MUSICALE

Despite the distinctly April-like atmosphere prevailing outdoors on the evening of Tuesday, May 26th, many Winchesterites and out-of-towners doffed damp spirits along with raincoats as they entered the Music Hall to attend the Maytime Musicale presented by the Winchester Unitarian Choir. With Mary Ranton Witham directing and Grace Norian assisting, the Choir made this 6th annual evening of familiar music a gay and colorful one for the capacity audience, whose members quickly caught the enthusiasm of the spritely and efficient chorus.

With the pink and white of spring flowers and the gold of the organ pipes as a background, the Choir began by singing — most appropriately — "This is a Very Special Day". John Morabito, Jeanne Wilde, Barbara Harding, Stephen Parkhurst and Robert Horne really got in the swing of things with a rendition of "Swinging on a Star", which would have made Bing Crosby look to his laurels. George Fortune, who possesses a rich, powerful, bass voice, sang "Don't Let the Stars Get in Your Eyes", accompanied by five lovely females — Jeanne Wilde, Natalie Fitch, Dorothy Brandt, Marjorie Hall and Nancy Townley-Tilson. The chorus then assured us melodically that it was "A Grand Night for Singing", with which everyone agreed.

Recently returned from Paris, the Choirs, contralto soloist, Muriel Thorley, was greeted vocally by Sherman Russell and Margaret Worcester singing "April in Paris", a tuneful favorite ably sung by the duetists with ease and finesse. Muriel Thorley acknowledged it with a song named "The Tomcats", an amusing ditty dealing with the nocturnal experiences of the masculine feline. Her choice of song, however, she assured us, was not intended to cast aspersions on her welcomers. Miss Thorley has a mellow contralto voice which is indeed a delight to the ear.

The men, with John Morabito and George Fortune taking the tenor and bass solos respectively, gave a fine interpretation of "Red River Valley", followed by several selections from the ever-popular "Show Boat". Dolores Baldyga, perched on the piano in true Helen Morgan style, sang "Bill" with realistic pathos. Margaret Worcester, a fine contralto, displayed a wide range of both voice and facial expression in her dramatic rendering of "Can't Help Lovin' Dat Man". "Make Believe" was effectively sung by Natalie Fitch, Stephen Parkhurst, and the chorus. Miss Fitch, a music teacher by profession, also sings very well and seems to have an easy, effortless way of so doing. George Fortune's full bass tones made "Ol' Man River" come to life again and gave one the feeling that this vibrant, resounding voice could easily fill a much larger space than the Music Hall. "Why Do I Love You?" was well sung by Dorothy Brandt, John Morabito and the chorus. The Choir's Basso Profundo, Robert Evans, took the willing audience down a lane known as "Tobacco Road".

## CAMPAIGN EXTENDED

The Local Cerebral Palsy Campaign has been extended to June 15 in an urgent attempt to reach the goal of $162,000 which is Metropolitant Boston's quota for 1953. Although the response from the public thus far has been hopeful, we are still far from the top, but in the two weeks remaining in the campaign the citizens of Winchester have an opportunity to prove to themselves, to the Cerebral Palsied, and to America that they understand the full significance of the freedoms upon which our country is founded, by seeing to it that the Cerebral Palsied have "freedom from want" of the use of their legs and arms, and "freedom from fear" of becoming unwanted, dependent, and forgotten members of their community.

Dark and dismal as is the plight of most of the Cerebral Palsied, there is now abundant evidence that their condition is not hopeless, since experience acquired during the past few years proves that doctors, therapists, and other specialists, working together as a team, with the help of all the people of America, can usually teach the Cerebral Palsied to substitute healthy brain cells for those affected by injury.

This transformation, necessarily, is a long, tedious and expensive process, but it can be done, it has been done, and it is being done. Through patience, persistence, and training, 9 out of 10 Cerebral Palsied children can surmount the handicap. Today although only 1 out of every 6 victims is receiving any kind of help at all, many are achieving outstanding success in the arts and sciences as well as in other fields of endeavor.

Therefore, as you can see, the story holds great promise of a happy outcome. But you alone can turn the page to a brighter chapter. Remember "Your help is their hope." Contributions may be sent to United Cerebral Palsy of Boston, Inc., at 184 Boylston street.

## ROTARY CLUB BUILDS CABIN AND WADING POOL AT WINNING FARM

Following the recent unanimous vote of the members of the Winchester Rotary Club, which included the appropriation of $600.00 of the money raised at the recent annual Country Auction Sale to defray expense of materials only, a cabin suitable to sleep eight and ten persons has been built by the Rotary Club and is ready to be turned over to the Winning Farm Camp for Boston under-privileged children conducted on the Winning Farm property by the South End House and other similar welfare agencies in Boston.

There were many evidences of butchers, bakers and candle stick makers, to say nothing of doctors, lawyers and Indian chiefs, suddenly turned brick masons, carpenters and painters in connection with the construction of the cabin in which all the labor was donated by various members of the Rotary Club during the past month.

The cabin is an attractive 18' by 20' building designed by Jerome Baily Foster a member of the Rotary Club, following a tendency toward a Swiss Chalet type of construction. It is located on a wooded sloping lot immediately across from the main building on the Winning Farm property.

The Winning Farm Camp is located on about 90 acres of open land and woodland at the boundary lines between the towns of Winchester and Lexington and the City of Woburn reached by an entrance off the old route No. 128 between Woburn four corners and the Lexington line, part of the land and buildings being within the boundries of the three communities.

The Winchester Rotary Club hopes to build up sufficient interest in this Winning Farm Summer Camp to induce the Rotary Clubs of Woburn and Lexington and possibly the Rotary Club of Boston to build similar cabins or to carry out some other project at the Winning Home for the comfort and convenience of the girl campers who are sent out in groups of over forty for a three weeks vacation from the hot congested tenement area in the South End of Boston.

On motion made by Past President, Alfred D. Elliott, the Winchester Rotary Club also unanimously voted to construct a wading pool at the Winning Farm which it is expected will be a feature of lasting pleasure for the annual summer campers. The new wading pool, about 20' square, is in process of construction and is expected to be finished prior to the opening of the annual camp season on July 1st.

The wading pool is to be supplied with constant changing water and with a sluiceway or gate so that it can be completely changed and cleaned at frequent intervals. It is to be constructed of concrete retaining walls and gently sloping cement floor with the idea of safety for the children as well as their pleasure in mind. It is expected that the wading pool and surrounding sand boxes will be the center of camp activity at the Winning Farm Home for many years to come.

## HIGH SCHOOL GRADUATION SUNDAY AT 5:30

Graduation exercises for the Class of 1953 will be held at Manchester Field on Sunday, beginning at 5:30 p. m. Leading the procession will be the class officers, including: Fred Wheaton, president; David Burke, vice-president; Gloria Mucera, secretary; and Paul Mahoney, treasurer.

Admission to the graduation will be by ticket, and guests are advised to enter the field at the gates on Manchester road, since the exercises will be at the south end of the new gridiron. Chairs have been provided for the audience which will be seated facing the graduation class and the Junior High School. For those guests who prefer to sit in the bleachers a section will be provided.

In the event of inclement weather, a no-school signal (2-2) will be sounded on Sunday at 4:30 p. m. and the graduation will be postponed until the next fair day at the same time and place.

A final rehearsal for graduation will be held tonight, beginning promptly at seven in the high school gymnasium. Since this is the only rehearsal which those students already at work will be able to attend, it is essential that all members of the class be present. On Sunday, they should assemble at the high school gym no later than 5 p. m.

Class night will be celebrated tomorrow evening when the class will assemble at the high school gymnasium at 6 p. m. for dinner and traditional exercises.

## MEMORIAL DAY

PARADES AND CHURCH SERVICES ON PROGRAM

Winchester's observance of Memorial Day opened Sunday, May 24, with the annual Memorial religious service, this year held at St. Mary's Church. Veterans from Winchester Post, American Legion and Aberjona Post, Veterans of Foreign Wars, led by their respective commanders, Charles W. Meek, Jr., and Timothy Connors, marched from the town hall to the church with their Colors and color-guards, occupying special places in the center of the nave.

Rev. Charles A. Anadore, St. Mary's curate and chaplain of Winchester Post, American Legion, celebrated the mass and also preached the Memorial sermon, linking in his remarks the Church with Memorial Day.

Friday morning representatives of the Legion and V. F. W. visited the schools of the town, participating in special Memorial Day assemblies with the pupils. Friday night a get-together for veterans and their ladies was held at the Legion Headquarters on Vine street, replacing the old pre-Memorial Day banquet held annually for many years. Final plans for Memorial Day were made at the get-together and an evening of good fellowship was enjoyed.

Memorial Day dawned clear and cool with sunshine for the most part during both parades to Calvary and Wildwood Cemeteries. The cool air was a boon to the marchers who had nine miles approximately to cover during the forenoon.

The parade to Calvary formed at the town hall at nine o'clock and proceeded along Washington street past Leonard Field, named for Augustus M. Leonard, a veteran of World War I, and marching to the Memorial in the cemetery where exercises were conducted by Father Anadore. The Legion Chaplain stressed the significance of Memorial Day in his brief remarks.

Returning to the town hall, there was a brief stop for rest and refreshment, after which ranks reformed for the parade to Wildwood. The route of this parade took the marchers along Washington street to Main and down Main street to the World War I Memorial on the high school lot.

Here as the military stood at attention Commanders Meek of the Legion and Connors of the V. F. W. placed a wreath at the base of the statue, after which echo taps was sounded by two trumpeters from the high school band.

From the high school the line of march swung through the square and over Church street to Wildwood street, proceeding to the Cemetery through Wildwood and Willow streets.

Wildwood exercises were held at the Soldiers' Monument on the hill and were conducted by the Rev. Lawrence Small, assistant minister of the First Congregational Church. In his remarks Mr. Small traced the history of Memorial Day from earliest times.

On the return march from Wildwood to the town hall, the line of march was reviewed at the town honor roll in front of the building by the Board of Selectmen and the Commanders of the Legion and V. F. W. Posts.

The parade Roster included:

Police Cruiser
Police Escort
Commanders of Legion and VFW
Board of Selectmen
Legion Colors and Guards
Naval Platoon, USS Warrington
26th Military Police Co., YD
Co. G, 182nd Infantry
VFW Colors and Guard

Winchester Legion Detachment and Auxiliary
VFW Detachment and Auxiliary
International Scouts
Girls Scouts
Boy Scouts and Cub Scouts
Immaculate Conception Drum and Bugle Corps,

Veterans' Motorcade

Assisting the regular police with traffic and policing the town hall grounds was a group of Auxiliary Police, whose efforts were highly praised by the regular officers.

## THE NEW HOSPITAL SHOP

Now the great day is past, the official opening of the new wing of the Winchester Hospital, this wonderful unit built for the growing needs of the town and its environs, and our Hospital is a full running concern. It is now almost a little community in itself, as those who visit it in illness or in health can testify.

One of its happiest spots is the Hospital Shop not far from the desk and on the main corridor. It is a small attractive room where everyone is welcome from 10 a. m. to 4 p. m. Monday through Friday. One may relax, enjoy a smoke, have a sandwich, cake, coffee, tea, even a soda. Judging from the increasing patronage the food is good.

It is staffed by Mrs. Dora Mullins and her volunteer helpers from the Friends of the Hospital and from the Winton Club who seem to enjoy their service.

The proceeds help pay for Hospital Linen. The new wing demands an increasingly larger supply. By your patronage you help a Hospital which belongs to you and your family.

## GIRLS' SOFTBALL TEAM

The Winchester High School girls' softball team has completed the season with an outstanding record of six wins and one loss. Coached by Miss Loretta Carleton, this year's team consisted of the following girls: Seniors, Captain Ann Hooper, Sonny Smith, and Kinky Nichols; Juniors, Alison Hersey, Peggy McNally, and Marcia Lynch; and Sophomores, Lorraine Dizio, Leora Peckham, and Betty Bellino. In addition to these regular players, four substitutes, Barbara Clark, Nancy Samarco, Roberta Vernadi, and Sheila Scanlon filled in admirably when called on.

The girls finished off Concord 18-7, Melrose 7-0, Belmont 15-3, and Arlington 9-4. Outstanding in these games were the battery of Catcher Leora Peckham and Pitcher Lorraine Dizio. In the game with Lexington, due to Lorraine's absence, Sonny Smith was called in to pitch. Sonny has retired to the shortstop position after two years of record pitching, but nevertheless turned in an excellent game in relief. However, the batting was not up to par as the girls went down to a 3-2 defeat.

After the Lexington loss the girls came back to take Malden 5-1 and sent their traditional and formidable rival, Windsor, home with a 16-4 loss to remember.

The outlook for next year is bright, with only first base, shortstop, and left field to be filled from a promising group of underclassmen.

Batting averages for the season were up to their usual high mark, with Lorraine Dizio leading with .630. The rest of the team were as follows: Sonny Smith .612; Leora Peckham .598; Betty Bellino .578; Alison Hersey .579; Peggy McNally .517; Nancy Samarco .500; Ann Hooper and Sheila Scanlon with .429; Marcia Lynch .344; Kinky Nichols .342; and Barbara Clark .166.

3. Carolyn Stone vs Lorna Terry 7-5; 2-6; 6-1
4. Sue Clark and Cie Moses vs Stevie Bigelow and Penny Gwin 1-6; 3-6
5. Nancy Morse and Deirdre Donovan vs Sara Roy and Lucy Weiss 8-6; 1-6; 8-6

2. Betsey Freeman vs Sis Bardshaw 6-1; 6-1
3. Carolyn Stone vs Debby Harvey 6-3; 6-1
4. Cie Moses and Sue Clark vs Brenda Shea and Mitzi Wiseman 6-4; 6-1
5. Nancy Morse and Deirdre Donovan vs Ruth Greenfield and Alice Morse 6-0; 6-2

For the last match of the season the girls played the boys' tennis team. There was a bitter struggle and the girls fought hard, but were not able to salvage one match. This match was followed by a delicious banquet at the home of Carolyn Stone for both tennis teams and their coaches.

## DODGERS, 6; YANKS, 4

BRAVES BLANKED SOX IN HOLIDAY TWIN BILL

The Dodgers had to come from behind in the 6th inning to beat the Yanks, 6 - 4, in the first game of a Little League double-header on Ginn Field Memorial Day. Four hits in the final frame were good for three runs. Gibbons and Morton had a perfect day at bat for the Yanks, the former getting three hits in three trips while Morton hit a home run his only time at bat. French homered for the winners, getting three out of four at the platter.

The Braves shut out the Red Sox in the second game of the twin-bill with Fisher and Stavaridis homering for the winners.

## INDIANS BEAT "CHAMPS" 4-2

The Indians were victorious in the last game of the season by winning over the Middlesex League Champions, Concord, by a score of 4 - 2 with Norman Delorey on the mound. Normie fanned 10 batters and passed two in the nine innings also accounting for a hit that scored the first run in the seventh after Goodnow walked and was sacrificed to second by Connors.

Charlie DiSilva after finding it tough at the plate, found the range in this game for three out of three hits.

In the eighth Flaherty opened by grounding out to short, Jacobellis hit safely to left, Serieka was hit by a pitched ball and with Jake on second and Jocko on first sophomore, Warren Goodnow, stepped to the plate to knock one out of the park for his second homer of the season and accounting for three big runs to put the Indians ahead 4 - 2.

Concord scored two in the seventh when Olson walked and DeRuzzo hit a single that got by the left fielder to enable him to circle the bases and put Concord ahead 2 - 1 until the big eighth for the Indians.

The Indians finished with a .500 average for the season in wins and losses and Coach Provinzano wishes to extend his appreciation and thanks to the boys on the squad for the fine cooperation and good spirit that they displayed. The coach also wishes to thank Faculty Manager Ray Hayward and Athletic Director Knowlton for their fine assistance and cooperation. To Mr. Frank Finigan, also, for coaching the Junior Varsity baseball squad.

## WINCHESTER CHILDREN TO COMPETE

The second and third generations of Winchesterites will be competing in the children's horse show at Good's Glenny Farm on Saturday, June 13, in the riding school's outdoor ring.

A Winchester institution for 36 years, Good's has been the center of riding activity for Winchester children and grownups since it was first established in Winchester's center, on Main street where Bonnell's garage now stands.

Founded by Harry Good in 1915 in New Hampshire, Good's moved to the Fells on the Winchester line in Medford to be nearer the riding trails and to allow him to construct an acre-and-a-half stable with both an indoor and outdoor ring.

More than a dozen Winchester girls and boys will compete in the show which begins at 2 p. m. for prizes in horsemanship and games.

Mr. Good came to Winchester in 1917 from New Hampshire and had previously been a horse breeder, trainer and owner in Ireland, home of the famous Irish hunters. He moved his stable and school to the Fells in 1925 where he staged some of the largest horse shows in the country.

Ruth Good (Mrs. John Karahalis is carrying on the instruction and horse-show popularity instituted by her famous father, and is regarded as one of the top horse show judges in the east.

## TOWN SOFTBALL LEAGUE

Standing as of June 2

| | | |
|---|---|---|
| Sons of Italy | 3 | 0 |
| Army | 3 | 1 |
| V.F.W. | 3 | 2 |
| Winchester Brick | 3 | 2 |
| Monsons | 2 | 2 |
| White Shirts | 2 | 3 |
| Fitzgeralds | 1 | 3 |
| Merenda | 0 | 4 |

A large crowd watched the defending champs, the V.F.W., knock the Army team out of first place with a 4-3 victory in a well-played game at Loring Avenue on Tuesday night. The Vets played their best ball of the season in defeating the Army twirling ace, Sgt. Jones, as Bob Saunders pitched steady effective ball while "Beanie" Perry signalized his season's debut with an excellent performance afield and a fourth inning home run to win the game. Meanwhile, the Sons of Italy continue to look like the strongest team in the league as they remain undefeated.

The Winchester Brick, the White Shirts, and the Monson Woodworking nines are showing steady improvement as the teams round into condition. The pitching of Marty Joyce and the fielding and batting of Bobby and "Tex" Farrell make the Brick Company nine a threat in every game. The White Shirts have an excellent pair of twirlers in John Sexton and Blair Hawley, while Jack Tarbell and Dee Young give them a lot of punch at the plate. Fred Kimball is pitching excellent ball for the Monson team and getting strong batting support from Al Samoiloff and Don Armstrong.

The highlight of next week's schedule is the initial meeting of the two top teams, the Sons of Italy and the Army nine at the West Side Field on Tuesday evening. This should be one of the better games of the season, as both teams are airtight defensively and have several long-ball hitters in their line-up.

## THE PROF. FURRY CASE

Editor of the Star:

According to the complete text of the Harvard Corporation's statement concerning Assoc. Prof. Wendell H. Furry, which was published in the Boston Herald on May 20, Dr. Furry joined the Communist Party at Harvard in 1938 and remained in the Party until 1947. However, "he continued as late as 1950 to lend his name, with little or no investigation, to statements for causes in which the Communist Party was interested . . . He participated in activities which were secret or deceptive in varying degrees . . . He furnished incomplete or false information to government investigating agencies." He lied when he told an investigating agent in 1944 that he had no reason to believe that an applicant for government work "had been a member of the Communist Party when he knew he had." He refused to answer questions on the ground that "answering such questions would tend to incriminate him . . . His group endeavored to dominate the local branch of the Teachers Union."

The faculty ruled that Dr. Furry was guilty of "grave misconduct," and put him on probation for three years, stating that "we think that the interests of the university will be best served by some other action than removal," notwithstanding his deeds "fell far below the standard of moral conduct to be expected of a member of our faculty."

Dr. Furry "incrimanated" himself by refusing to answer questions as well as by his falsehood and membership in a party seeking to destroy our government. Harvard incriminated herself by putting him on probation, even as a judge of a municipal court sometimes hands down a like sentence to a petty criminal.

The action of the knowledge-surfeited faculty of Harvard, knowledge gleaned from the world's outstanding authors, is a good example of how numerous volumes of knowledge in the cerebral libraries sometimes omits that of wisdom.

William Cowper, the English poet who died in 1800, truthfully wrote, "Knowledge and wisdom, far from being one, have ofttimes no connection. Knowledge dwells in heads replete with thoughts of other men; wisdom in minds attentive to their own. Knowledge is proud that he has learned so much, Wisdom is humble that he knows no more."

I speak for youth who are beginning the struggle of life, who are seeking guidance and help and are entitled to leadership of teachers who are above suspicion, patriots untainted whose lives are an inspiration, and to instruction inspiring and wise.

I consider a good teacher a missionary in the noblest of professions, and whose services are above the price of gold.

I submit that the best interest of Harvard University is not served in keeping on its faculty a professor wih he obesquious and dangerous record of Assoc. Prof. Wendell H. Furry.

## APPEAL FOR CLOTHING

Editor of the Star:

I should appreciate very much the opportunity of speaking through your pages about the Winning Farm in Lexington on old route 128 just beyond the four corners. I am sure that many of your readers, just as I did before I became better acquainted with it, have wondered what sort of a place this Winning Farm was.

In 1898 Mr. Winning of Woburn gave his 140 acre farm and the residue of his estate for the establishment and maintenance of a home for children either for permanent or temporary care. Until 1949 it was operated each summer as a camp for both boys and girls. At that time on the advice of Judge Connelly of the juvenile court and because boys seemed to have greater opportunity for camping experiences it became a camp for girls between the ages of 6 and 16. Each summer three groups are taken care of, the total of these three being about 145. They are all from the most congested parts of Boston and these few weeks on this lovely old farm are certainly a high point in their lives. Miss White, the camp director is a most pleasant and enthusiastic person and I know welcomes visitors who would like to know more about the whole project. The members of the corporation, who help to run the camp, are from Lexington, Winchester and Woburn. The majority of them are men and I cannot let this opportunity pass without expressing my great admiration for these men who have given so generously of their time and skills to improve the whole setup. A meeting of the corporation is quite an experience because it becomes immediately clear that these men are men of action rather than just words. This is apparent the moment you turn in the drive for even it was graded and paved by them!

A further reason for asking your permission to speak about the Winning Farm in the Star is to appeal to any women who may at this time, as so many of us are, be sorting and putting away our daughters clothes or cleaning our attics. If while doing this we could think of the Winning Farm and its campers and set aside any clothes suitable for girls from 6 to 16. Charlie Murphy, a member of the corporation, has volunteered to pick them up in his truck and to deliver them. He can be reached by calling WInchester 6-7090. Of course any furniture that would help to enhance the living quarters would be very acceptable too. Before calling Charlie on this however it might be well to contact Miss White at the Farm LExington 9-2250-J to be sure that what you have would fit in.

I hope this letter may inspire some of your readers to stop in at the Winning Farm and see for themselves the concrete symbol of a fine and generous service being carried on at your very doorstep.

Sincerely yours,
Emily H. Marks

## PRAISE FOR REP. CHADWICK

Editor of the Star:

We believe the following letter will be of interest to the people of Winchester. One wishes everyone in Winchester might have the pleasure of meeting General Allen, one of the fine gentlemen in the U. S. Army.

Commanding General
Army Base, Boston, 10, Mass.
May 28, 1953

Mr. Harrison Chadwich
Chairman, Rules Committee
Mass. House of Representatives
Boston, Massachusetts

Dear Mr. Chadwick:

On behalf of the commanders of the Armed Forces in this area, I wish to extend my sincere thanks to you and to the members of the Massachusetts House of Representatives who unanimously adopted the Resolution congratulating the members of the Armed Forces for their work during Armed Forces Week.

This type of Resolution is one of the finest expressions of the close unity that exists among the civilians and the Armed Forces in Massachusetts. It was deeply appreciated by me and all members of my command at Fort Devens and the Boston Army Base.

Sincerely,
Roderick R. Allen
Major General, USA
Commanding

General Allen is Commanding General both of Fort Devens and the Army Base, Boston. His PIO (Public Information Officer) is Lt. Col. H. F. Lewis, Army Base, one of the indispensables to the writer.

Cordially yours,
G. Toye, Chairman
Military Manpower Committee

## HOME HAS CEASED TO FUNCTION

"The Home as a social unit has almost ceased to function," Archbishop Cushing told the graduates at the second Commencement of Stonehill College in North Easton on Memorial Day.

There was a time, he said, when people were born at home, brought up at home, entertained at home, prepared for life at home, enjoyed maturity at home, grew old at home, and finally died at home.

"Nowadays," he said, "people are born in hospitals, brought up in kindergartens, and day nurseries, sent away to school by winter and to camp by summer. They meet friends in night clubs, and entertain in hotels, motels, trailer camps, convention halls, roadside stands, airplanes and taverns.

"When they are well, they're out in the car and dining out. When they are sick, they go to clinics and hospitals. They grow old in rest houses, die in sanatoriums, and are buried from the funeral parlors. In between they only go home to get their mail and to find out where they're expected next."

## APPRECIATION

Editor of the Star:

The Winchester Garden Club wishes to express its gratitude for your unfailing courtesy in allowing space in the Winchester Star for write-ups of the Club meetings. The Club wishes to express admiration, as well, for the accuracy of your proof-reading department.

Sincerely yours,
Carolyn D. Gilpatric
Press Chairman

## HOSPITAL SETBACK!

A definite setback to Massachusetts' long-range hospital construction program was seen last week by Congressman Philip J. Philbin of the Third Massachusetts District if budgetary cuts for community hospital projects prevailed. He urged the House to reinstate needed funds to the U. S. Public Health Service for allocation to the states, citing the Winchester Hospital in a floor speech as an illustration where federal, state and local efforts are being made to solve the community's hospital program.

Winchester Hospital is among the 54 construction projects approved by the Commonwealth and the U. S. Public Health Service for Hill-Burton Act funds as part of a $62,156,000 community hospital program in Massachusetts. Most of the cost is borne by the community with the state and federal governments apportioning a share of the expense of the local project. The federal allocation to Massachusetts for these 54 projects in $12,571,000.

In his outline of the Massachusetts program to the House, Philbin furnished the following data regarding the local project from material he had requested from the Public Health Service concerning the operation of the Hill-Burton Act in his state:

Winchester Hospital—Now in the process of constructing an addition of 35 beds and 36 bassinets. Total project cost, $907,587. Federal allocation, $353,959.

Philbin pointed out that the Congress had authorized the expenditure of $75 million last year under the Hill-Burton Act, which expires in 1955, for hospital construction and the committee's action in reducing this amount to $50 million for the fiscal year beginning July 1 would seriously endanger work in progress on Massachusetts' projects in addition to possible postponement of 14 other projects, applications for which are under study by the Massachusetts Department of Public Health for inclusion in the federal program. Estimated cost of the 14 additional projects is $17,463,000, of which the estimated federal share would be $2,926,00.

"This is a misguided economy," said Philbin, "bound to create confusion and undue delay to hospital construction throughout the country.

## GOING AWAY THIS SUMMER!

Almost everyone goes away overnight sometime during the summer.

Certain precautions must be taken against burglary, such as notifiying the milkman, paperboy, etc.

However, when the post office is notified, it can either forward your mail or deliver it at a neighbors. The post office inspectors have notified the local office, that it is against post office regulations to hold mail for patrons, even overnight, not alone for weeks at a time.

So the local post office can no longer hold your first class mail or magazines overnight. All the carriers' desks must be cleared of all mail each day. So please do not come down to the local post office and ask to have your first class mail forwarded and magazines held, as the clerk at the window has no choice in the matter.

So when you are going away, either give the letter carrier a forwarding address for all your mail or arrange to have it left with a neighbor.

## MAYTIME MUSICALE

(Continued from Page 1)

Soprano Norma Farrar, who came down from New Hampshire to sing, gave a moving interpretation of "Summertime" from "Porgy and Bess". Her voice was both clear and true. George Fortune, comparing favorably with Todd Duncan, and Miss Farrar sang "Bess You is My Woman".

Grace Norian, who in addition to being Assistant Choir Director, is also a very competent pianist, gave a South American flavor to the program by playing Leconna's "La Comparsa" and "Malaguena", both difficult compositions in which she displayed her fine musicianship and excellent piano technique. Continuing the Latin-American vein, "The Donkey Serenade", with John Morabito vocalizing, amused and entertained the audience. As the Choir's new tenor soloist, Mr. Morabito showed a sweetness of tone and a trueness of pitch not often found among youthful tenors. Dolores Baldyga and the Choir doing "Mexico" were very well received by the audience, Miss Baldyga showing a remarkable ability to reach the highest of notes without causing her tonal quality to suffer. The antics of those three Thespians, Senora Janet Burbank, Caballero Lindsay Caldwell and Devoted Husband Robert Wild, the latter two complete with frayed-edged straw sombreros, were good for many a laugh as they cavorted silently about to background music from "Carmen" provided by the Choir and Linda Witham's maraccas.

After intermission "Hans Christian Andersen" took over, and ebullient Robert Horne told of the King's New Suit" — altogether charming. Gardner Handy had a chance to demonstrate his Math teaching ability as he sang "Inch Worm" to a group of dewy-eyed young things. Little golden-haired Carol Witham was very quaint and pretty as she sweetly sang "Thumbelina", accompanied by the girls. The Choir, with steins raised, gave a ringing salute to "Copenhagen". Janet Burbank and Sherman Russell brought down the house as a couple of "macaroons" singing "No Two People" — preceded by a bona fide "smackaroo"! Robert Horne told the story of the "Ugly Duckling", with support from Martha Hall, Mary Burton, Gail Collins and Linda Witham. "Anywhere I Wander", a truly beautiful song, was beautifully sung by Edna Wild, Elizabeth MacLeod, Muriel Hart, George Fortune, Natalie Fitch, Justine King and chorus, with Mary Burton playing the violin.

"Passing By", sung by George Fortune, the "Laughing Song" from Strauss' "Der Fledermaus", sung by Dolores Baldyga and "A Dream", sung by John Morabito gave the audience another welcome opportunity to hear the fine voices of three of the soloists. "Belle, Belle, My Liberty Belle", a catchy, original Witham arrangement, with Robert Evans as incidental soloist, was very well done by the chorus to the effective accompaniment of capable Linda Witham's glockenspiel. A very fitting and impressive finish to the program was "This is My Country", with the immortal lines of Scott's "Lay of the Last Minstrell" sung a capella, ending with the sound of drums.

All kinds of bouquets go to Mary Ranton Witham, who as Director of the Winchester Unitarian Choir has assembled a great many good voices and shaped them into an excellent, unified singing group, whose versatility and training combined to make for an excellent performance Tuesday evening. Mrs. Witham's original arrangements and interpretations were very well executed by the soloists and chorus of this fine singing group, who obviously enjoy singing as much as the audience enjoyed listening to them. The members of the Winchester Unitarian Choir are:

Dolores Baldyga
Rebecca Robinson
Nancy Townley-Tilson
Linda Witham
Martha Hall
Edna Wild
Muriel Thorley
Alma Brotherston
Barbara Harding
Justine King
Janet Burbank
Mary von Rosenvinge

Sherman Russell
Robert Wild
James de Revere
Robert Horne
George Fortune
Robert Evans
Gardner Handy
Lindsay Caldwell
Stephen Parkhurst

Also

Dorothy Brandt

George Hayden was in charge of the lighting and Theodore B. Robinson made a recording of the concert, heard afterward by the Choir. Ushering Tuesday evening were James M. Joslin, Don R. Kroell, Warren P. Eldridge and Lewis L. Wadsworth, Jr.

A morning coffee was given recently by Mrs. Wendell Irving and Mrs. Fred Schiffmacher in honor of Mrs. Bradford Darling to introduce her to her new neighbors. Mrs. A. William Doane poured. A pleasant hour and a half of food and conversation was enjoyed, and everyone left in a most pleasurable mood.

## HIGH SCHOOL TENNIS

On Monday, June 1, the boys and girls teamed up to play a one-set mixed doubles tournament. Winners were Jeanne McKenzie and Tom Ordway who beat Prue Morton and Mike Mitchell in the finals 6-2.

In the semis Sue Clark and Bob Becker nearly pulled the big upset of the tournament as they led Prue and Mike 5-1, needing just one point to win the match. Previously the dark-horse team of Clark and Becker had eliminated the seeded team of Betsey Freeman and Curt Ryan, 6-4 in the quarter-final round. The McKenzie-Ordway team had their toughest match against Carolyn Stone and Jim Moulton in the top-half semis, just easing out 6-4.

Consolation winners were Del Mitchell and Bill Harlow who beat Deirdre Donovan and Seth Weston 6-5 in the finals.

## HIGH SCHOOL OBSERVED MEMORIAL DAY

Memorial Day was thoughtfully observed at the high school last Friday when the student body attended a special assembly in the auditorium. As chairman of the assembly, Sheila Lanigan welcomed the faculty and students to the ceremonies. Bill Hosmer led the Salute to the Flag and Donald Folkers delivered the prayer.

Musical tributes to our honored dead were paid by members of the mixed glee club, under the direction of Miss Eleanor Anifantis, as they sang "God Rest Our Glorious Land" and "You'll Never Walk Alone."

For many of her listeners, Sheila Scanlon's sensitive recitation of Prof. V. O. Key's moving address, "Those Names Are Words in Stone," was the high point of the program.

As an instrumental tribute to the occasion, a string trio composed of Mr. and Mrs. Theodore Janner and Mr. Robert Brink presented a splendid performance of a serenade by Dohnanyi.

The principal speaker of the program was Commander Charles Meek, of Post 97, American Legion. Commander Meek compared Memorial Days past and present. With him was Mr. Joseph McKee, another veteran of World War II. The entire assembly was planned and directed by Mr. Thomas Morse, speech instructor.

## ELEMENTARY SCHOOLS PRESENT MUSIC FESTIVAL

Elementary school string and choral groups presented their first music festival at the high school last Friday evening to a large and enthusiastic audience of parents and schoolmates. The skill with which the youngsters performed, as well as their fine platform presence, reflected considerable credit on the children and their instructors.

Welcoming the audience was Mr. Fred Felmet, supervisor of music, who expressed his appreciation for the efforts of Miss Natalie Fitch and Mr. Theodore Janner, assistant music supervisors, in training the groups for the concert. He noted with regret that this was Miss Fitch's final effort on behalf of music in Winchester since she has accepted a position in her home state of Ohio.

A notable feature of the evening's entertainment and a splendid example to the youngsters and to their parents of fine musicianship was the performance of the "Serenade, Op. 10", by E. Dohnanyi, played by a string trio composed of Robert Brink, violin; Theodore Janner, viola; and Virginia Janner, cello.

Assisting the music supervisors in the preparation of the concert were all of the sixth grade teachers, and especially Miss Phyllis Roberts, who played the piano accompaniment. Two high school students, Harlow Russell and Richard Niles, were helpful in supplementing the cello section of the string group. The co-operation of the Mothers' clubs in arranging transportation for the rehearsals was much appreciated, as was the help of the efficient stagehands, Roger Hauck and Gardner Smith.

Wednesday testimonial meeting 8:00 p. m.
Reading room, 5 Winchester Terrace (off Thompson street). Open daily except Sundays and holidays from 11:00 a. m. to 4:00 p. m.

That God and man can be truly understood only from the standpoint of spiritual causation will be the keynote at Christian Science services this Sunday.

The Lesson-Sermon entitled "God the only Cause and Creator" includes the following verses from the Bible:

"In the beginning God created the heaven and the earth. And God saw everything that he had made, and, behold it was very good (Genesis 1:1,31).

Among the citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read:

"Jesus of Nazareth was the most scientific man that ever trod the globe. He plunged beneath the material surface of things, and found the spiritual cause" (313:23-26).

The Golden text is from Jeremiah: "The Lord is the true God, he is the living God, and an everlasting king: . . . He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heavens by his discretion" (10:10,12).

## BOAT CLUB NEWS

Ladies! Coming up this month are many opportunities to escape from cooking that evening meal! Steward and Mrs. Broder are going to play the role of chefs and provide some delicious dinners. First, Sunday, June 7 there will be a buffet supper at 6 o'clock. Come in your sailing togs because you'll probably be out on the water Sunday afternoon anyway. The tickets must be purchased 48 hours before the supper, so see Steward Broder now.

For those of you who have been asking for an all-Italian menu — spaghetti and meat balls and all the fixin's will be served Sunday, June 14 at 6 o'clock. Keep that date in mind.

Big doin's Friday night, June 19 at 7 o'clock! A Smorgasbord! There'll be an adult dance following the big feed (for no limit will be placed on the amount consumed) with music provided by Bill Flaherty and his orchestra. Limited to fifty couples, this is to be one of the most outstanding events of the season.

The ladies will migrate over to the Club on Wednesday afternoon, June 10 for the second bridge party. Mrs. Martin Swanson, chairman, has announced that it will be a dessert bridge. Call Steward Broder for table assignments if you have not arranged one.

Cliff Austin won the race last Saturday. Called at the end of the second lap, it was an exciting and very windy affair. Tom Legere placed second and Dawson Blamire third. The point count of the three highest in the Series A as of last weekend stands thus:

Bob Huggins, 1507.3; Dawson Blamire, 1503.3; and Jim Newman, 1484.5.

## NORTHEASTERN MASSACHUSETTS MUSIC FESTIVAL

In the recent Northeastern Massachusetts Music Festival, held in Malden, the Winchester pupils in the High School's Girls' Glee Club, Octette, Band, and Orchestra, and the Junior High School Boys' Glee Club were among 4,100 students participating.

During the morning these groups performed before judges who listened to their auditions and made comments about such factors as tone quality, intonation, ensemble, etc. The directors of these groups use these comments for the improvement of their musical organizations in future years.

The festival was not a contest, and there were no winners, even though ratings were given. The participants were competing against a standard of musical excellence rather than against each other. The whole object of the event is to assist the students to attain as high a standard of perfection as their abilities permit, and, through hearing other groups and through the judges' comments, to improve their future performance. The ratings given were from 1 to 5, 5 being the lowest rating and indicating that there was a great deal of room for improvement. The Girls' Glee Club, the Junior High Boys' Glee Club, and the High School-Junior High Band all received 1 ratings. The orchestra was rated 2, while the Octette did not receive a rating this year because it was judged in the same hall with the soloists rather than being considered with large choral groups.

Because of the bad weather it was necessary to cancel the parade and the Massed Band events, traditionally the finale for such music festivals. This year's final event was the Massed Chorus, in which several members of the Winchester High School Boys' Glee Club took part.

## RECEPTION FOR DR. NORRIS

Plans for the public reception honoring Dr. Forbes H. Norris, who recently resigned his position as Superintendent of Schools, are nearly complete. Mr. William C. Cusack has graciously contributed the facilities of the Music Hall for the evening of June 11, when the many friends of Dr. and Mrs. Norris are invited to attend during the hours of 7:45 to 10 p. m.

The gathering is being sponsored jointly by the Winchester School Committee, the Central Mothers' Association, and the Winchester Teachers' Club. Other civic and religious groups have been invited to participate. The sponsors hope that the Music Hall will be the Mecca of the multitude of Winchester folk who have come to know and like Superintendent Norris during the eight years in which he has served our Town. On August 1 he will assume his new duties as Superintendent of Schools for Montgomery County, Maryland.

## ST. MARY'S GIRLS WIN 15-7

St. Mary's Girls' CYO Softball Team invaded Medford last Tuesday evening and officially opened their league schedule by trouncing St. Francis by the score of 15-7 at Medford M.D.C. Playground.

The Winchester whirlwinds from St. Mary's made their debut in their bright red outfits that had their opponents seeing red all during the fray and feeling blue after it was over. In championship fashion the local girls powdered the pellet all over the field and handled the ball flawlessly, grasping everything that was within reach and many that were not.

Mary Dowling and Betty Bellino belted two long home runs that landed somewhere in Medford when last seen. Peg McNally then picked up her wooden weapon and sent out two screaming three-baggers, while her sister Mary added to the family fame by slamming three sharp hits and caught a beautiful game behind the plate. But that was only part of the St. Mary's story. Someone had to put the handcuffs on St. Francis' heavy hitters, and Peg O'Leary did that as one batter after another waved her bat like willows in the wind. She twirled an exceptional game. Marcia Lynch and Ann Nowell proved to be keen ball hawks and both collected some clean hits that built up the fancy total in the score. All eyes were on the smooth fielding gems of Alice Fitzgerald at shortstop, a position she has clinched with ease. Sheila Gallivan added more glory to the affair by all kinds of outstanding assists at first base, making the difficult ones look easy and covering the bag superbly.

A great deal of credit goes to those who have been in charge of the smooth team; they are dependable. Al. McDougall, manager, and his able assistant, Peg Murphy. The clever coaching of Ed. Farrell has paid off the first rich dividend of victory.

Friday, June 5th, finds St. Mary's turning its big guns on St. Agnes of Arlington at Shore Road Field at 6:30 p. m., when an evening of atomic fireworks is in store.

## BEQUEST TO THE LIBRARY

Two very fine oil paintings have recently come to the library from the estate of the late Mr. Forrest G. Brackett, who lived at 7 Kendall street.

One of the paintings is called "Apple Blossoms," painted by John J. Enneking. Mr. Enneking was an eminent Boston landscape painter. The subject of this painting is most pleasing, and brings a feeling of spring and sunshine into the library. The other painting is "Lake Como," by Henry P. Smith, and likewise is colorful. Both pictures add greatly to the attractiveness of the reading room, where they now hang.

The Board of Library Trustees cordially invites all the townspeople to visit the library to see and enjoy these paintings that were so generously given to the library by Mr. Brackett.

## WILLIAMS GRADS

Two Winchester boys, Koren Kolligian, Jr., son of Mr. and Mrs. Koren Kolligian of 71 Wedgemere avenue and John A. Pike, son of Mr. and Mrs. Herman F. Pike of 30 Arlington street, will be graduated from Williams College Sunday, June 7, with the degrees of Bachelor of Arts.

Kolligian was active for four years on the College Newspaper, "The Williams Record", and on the Williams College News Bureau. During his senior year, he assumed the position of Sports Editor for the paper, and was elected to the vice-presidency of the News Bureau.

The Winchester resident was also elected to the position of Secretary of the Williams College Chapel Committee, and served as an undergraduate advisor to the freshmen in his junior year.

In his last two years, Kolligian was also selected as a member of the Williams College Honorary Society, Gargoyle. A graduate of St. Mark's School, Mr. Kolligian is a member of the Delta Upsilon Fraternity.

While at Williams, Pike was on the Varsity hockey team for three years and was elected to Phi Beta Kappa at the end of his junior year. He is a member of Sigma Phi fraternity and graduated from Belmont Hill School in 1949.

## BALLET RECITAL

Dress Rehearsal is fast approaching for students of the Mary Corbett Burns School of Ballet in Arlington. These young ballerinas are busily polishing their arabesques and pirouettes in preparation for the annual concert again being presented in John Hancock Hall on Thursday evening, June 11.

Featured numbers on the program will include Gaelic Enchantment, an original ballet created by Mrs. Burns with music composed by Americo Chaves of Arlington; Les Sylphides, the famous "white" ballet with choreography after Fokine; and Springtime In Brittany, a colorful composite of the classic and character; as well as demonstration of ballet classwork from beginners' exercises through advanced point work.

Guest stars Miss Frances Cavicchio and Mister Jack Monts, who have just closed their season with the Metropolitan Opera Ballet, will present two numbers—Spectre of the Rose, music by Von Weber; and the Blue Bird pas de deux from Sleeping Beauty. Miss Cavicchio is a former pupil of Mary Corbett Burns.

## WINCHESTER HOMEFRONTERS

Members were saddened last week to learn of two deaths in connection with our boys in the Armed Services: that of young Roger Wilde, a former Winchester boy, by accident in Pensacola, Florida; also Edmund Morrissey of Glenwood avenue, killed in action in Korea, whose wife is the former Mary Haggerty of this town.

**Birthday Committee**

Mrs. William Crowley, chairman, reports twenty-four birthday cards were sent out for the month of May. However, as many of the names and addresses in our library file have no birthday date, we feel sure that some of the boys have been left out. Will families please make sure that we have that information.

**Library File**

Mrs. William Underwood, chairman, urges prompt notification of any change of address so that we may have our records up to date.

**Board Meeting**

Mrs. William Cusack, our executive chairman, is calling a meeting Tuesday, June 16th, at 10:00 a. m., at 2 Lakeview road.

## WHO'S WHO IN WINCHESTER

In the Winchester Star of February 20, 1953, appeared a list of Winchester residents in the current 1952-1953 issue of Who's Who in America.

It has been called to the attention of the librarian that the names of Charles C. Parkhurst, Lewis Parkhurst, and Richard Parkhurst were not included. In correcting this oversight we ask that, if there are other omissions, the library be notified of the names and addresses of the same, for inclusion in a permanent list which will be kept on file in the public library.

## NOONAN SCHOOL NEWS

**Memorial Day**

All grades in the Noonan School were represented in the impressive Memorial Day Program last week. From the opening Processional March, by the members of Mr. Felmet's school band, to the faint strains of "Taps," one was conscious of the solemn spirit which is always a part of this ceremony.

As the guest speaker, Dr. Collins, a veteran of World War II, was proudly introduced by his son, Arthur. Dr. Collins' speech was an inspiration to all his listeners. No Memorial Day program at Noonan would be complete without a member of the Noonan family. Mrs. Conlon, sister of the boy for whom the school was named, gave an intimate and appealing message to the group.

**Junior Red Cross**

The final meeting of the American Junior Red Cross was held on May 27, with President Daniel Serieka presiding. In his final talk to his schoolmates, Dan discussed the topic of Summer Safety. Safety rules for bicyclers and for swimmers received special emphasis. If the safety rules are folloew, he said that everyone can be certain of enjoying a summer of fun.

Reports by Arthur Collins, secretary, by Robert Franson, treasurer, and by various room representatives, were accepted.

Following the business meeting there followed a short musical program consisting of songs, accordion solos, and violin selections. Among those participating were Mary Donovan, Judy Crowley, Marcia Martell, Marcia Ayer, Jean Bolivar, Jean Lonigro, Gail Frotten, Lee Ellen Manzie, Carolyn Doherty, Catherine Lizotte, Karen McHugh, Marie Gregory, Nancy Brown, Michael Lonigro, and William Haggerty.

## GARDEN CLUB ANNUAL MEETING

At the delightful home of Mrs. Herbert T. West the annual meeting of the Winchester Garden Club was held on Thursday, May 28, the spaciousness of the grounds with the flowering trees and shrubs adding their colorful charm to the enjoyment of the afternoon. After the dessert, served by the hostess, assisted by Mrs. E. H. Robinson, with Mrs. Harold M. Twombly at the coffee urn, the business meeting was conducted by the President, Mrs. Samuel B. Kirkwood, followed by the annual meeting, at which the following officers were re-elected:

President—Mrs. Samuel B. Kirkwood

Vice President—Mrs. Harold F. Meyer

Recording Secretary—Mrs. Angelo W. Ghirardini

Corresponding Secretary — Mrs. Arthur Pitman

Treasurer—Mrs. Waldo V. Lyon

The program presented by Mrs. Herbert T. West under the subject of "Beachcombing," revealed her great interest in collecting unusual pieces of driftwood, with many examples of this curious work of nature, some of which resembled birds in flight, some the curves of breaking waves, and one fascinating specimen easily recognized as a whale, which Mrs. West had christened Jonah. These extremely interesting results of combing the beaches for their treasures, as Mrs. West showed her delighted audience, could be used for many purposes—for table or wall decoration, and accessories for flower arrangements, the strange forms of the wood adding interest as well as following the lines of the arrangements.

## M. S. P. C. A.

The Winchester M. S. P. C. A. Auxiliary held a very well attended Fair and Tea on Wednesday, May 27th at the home of Mrs. George E. Connor, 403 Main street.

The afternoon was a splendid success and a substantial sum was realized to be used for the benefit of the Angell Memorial Hospital, and other work for Our Dumb Animal friends.

Tea was served in the lovely garden while the sun shone and a most enjoyable time was enjoyed by all present.

A worthwhile work for all who love animals.

Martha Daschbach, daughter of Mr. and Mrs. James Daschbach, 21 Crescent road, will receive the bachelor of science degree in nursing from St. Mary's College for Women, Notre Dame, Ind. She will be awarded the degree at graduation exercises on June 6.

## HIGH SCHOOL JUNIOR RED CROSS

Another successful year of service for others was recently completed by the high school chapter of the Junior Red Cross. Beginning the school year with a membership campaign that brought 100 percent support, the high school group, under the leadership of its adviser, Miss Helen Bronson, carried out a varied program of service activities.

The first of these was the collection of 17 bags of clothing for the "Save the Children Federation." As an aid to the Tuberculosis Seal campaign, the chapter filled and sealed 4,000 envelopes. Fifty dollars was contributed to the National Children's Fund, and several magazine subscriptions were sent to the Winchester Hospital.

The main object of the group's interest during the past year was the Bedford Hospital. To this veterans' hospital went, at various times, the following: 2,200 Christmas cards, 119 packs of playing cards, 2 cartons of cigarettes, and 800 comic books.

For the final drive of the year, a collection of toys and clothing for an orphanage in Germany was made. This came about as the result of an appealing letter from Joseph Santo, who is now in service overseas. Joseph is a former president of the Junior Red Cross.

Officers during the past year have been: David Burke, president; Steve Yale, vice-president; Gloria Mucera, secretary; Thomas Ordway, treasurer; Reade Goodwin, production chairman; and Barbara Hammett, publicity chairman. Member of the executive board included those mentioned above and also the following: Roberta Coon, Joan McNeill, Marilyn Dyer, Anne Marks, Del Mitchell, Sylvia Barnaby, Gail Stratton, and Deanne Williams.

Officers for the school year, 1953-54, will be: Thomas Ordway, president; Donald Palladino, vice-president; Del Mitchell, secretary; Ruth Flaherty, treasurer; Anne Marks, publicity chairman; and Bonnie Bein, production chairman. Other members of the executive board will include: Diane McNeill, Sylvia Barnaby, Marilyn Dyer, Gail Stratton, Deanne Williams, Jim Moulton, John Willis, and Dick Gibbons. Thomas Ordway will be Winchester's delegate to Washington for the National Conference of the American Red Cross from June 21 to June 24, 1953.

Mr. Clarence G. McDavitt of Wedgemere avenue will be moderator of one of the panel discussions to be held at the 48th annual convention of the Massachusetts Bankers Association at the New Ocean House in Swampscott commencing Thursday, June 11. ## WYMAN MOTHERS' ASSOCIATION

On Wednesday, May 20, in Wyman Auditorium, the annual meeting of the Wyman Mothers' Association convened, with Mrs. Robert Ingraham, Jr., presiding. Reports of the secretary, treasurer, and ways and means chairman were read and accepted. All were brief, but each noteworthy in indicating achievement for the year.

Two main announcements of the afternoon pertained to new school equipment. Mothers were pleased to hear that basketball equipment will be available next fall for the use of the fifth and sixth-grade pupils.

The Mothers' Association was pleased to present Miss Lowry with $150 for film strips for student use. In Miss Lowry's gracious acceptance of the film strips, she made it very evident that these visual aids would be in almost constant use in each grade level of the school.

New officers for the coming year were duly elected, following their presentation by the nominating committee, under the chairmanship of Mrs. Lawrence M. Fessenden. They are:

President — Mrs. Charles P. Reeves
Vice President—Mrs. Ralph Jope
Recording Secretary—Mrs. Lawrence M. Fessenden
Corr. Cecretary—Mrs. Nelson C. Fontneau
Treasurer—Mrs. Arthur P. Cunningham
Publicity—Mrs. Eber T. LeGates
Extra-Curricular Activities — Mrs. Bradford Bentley
Luncheon—Mrs. Henry Howes
Membership — Mrs. Robert B. Stewart
Room Mothers—Mrs. R. Bruce LaRose
Social—Mrs. Theodore Hultgren

Nominating—Mrs. John F. Sexton
Members-at-Large — Mrs. Herbert Wadsworth, Mrs. Lyle Longworth, Mrs. Richard Pettingell
Nominating Committee — Mrs. Robert Kittredge, Mrs. John MacLellan, Mrs. Warren Haley, Mrs. Charles Butler

Mrs. Robert Ingraham, Jr., then graciously retired as president and presented her able successor, Mrs. Charles P. Reeves. Mrs. Reeves greeted the Mothers' Association briefly and presented the speaker for the afternoon, Dr. Volta Hall. Dr. Hall is an outstanding child psychiatrist with remarkable ability to discuss a serious subject with his audience while permeating his subject matter with considerable humor.

Dr. Hall discussed a child's development throughout the early years, contrasting the tensions of the home with those of the school. He showed the likelihood of home factors tending to aggravate anxiety situations. Throughout he stressed to the parents that their job is to help a normal growth process. One of the best ways of helping a developing child is by listening to him. It is then we can learn something of his true feelings. Provided we have our own security well enough in hand, we can sustain many attacks, revealing in their feeling content, from our children.

Parents, as a rule, are calm and unafraid in some aspects of child development, while they tend to be overanxious in others. For example, parents, in general, show little anxiety for the physical size of a child, but apprehension may sometimes appear where physical skill is involved.

Throughout his speech, Dr. Hall displayed much sympathy and tolerance for parents, and gave the entire audience a measure of encouragement by indicating that some problems in children are truly inevitable.

Following Dr. Hall's speech, punch and dainty cookies were served in the kindergarten room at a table artfully decked in lilacs and dogwood by Mrs. Willem Lemmens and her committee: Mrs. Alan Buros, Mrs. Donald Badger, Mrs. Claude Callaham, Mrs. Robert Devaney, Mrs. Edgar Hinton, Mrs. George Gowdy, Mrs. James Joslin, Mrs. David Cameron and Mrs. Peter Moncey.

Mrs. Coon, who is leaving town in the near future, has given her time, her energy, and her generous spirit to the many services of the Winchester Chapter of the Red Cross for many years. The local chapter has had in Mrs. Coon a loyal and devoted worker, and Mr. Dellicker spoke for all when he presented Mrs. Coon with a beautiful corsage.

The principal speaker of the evening was Dr. H. J. Banton, director of the Massachusetts Regional Blood Center. Dr. Banton gave a very clear picture of the workings of the blood program and the needs during the coming months. Rev. John W. Cook gave the benediction.

During the social hour which followed the meeting Mrs. James H. Coon and Mrs. J. E. Downes poured, Mrs. Virgil Ghirardini was responsible for the lovely flowers and table setting. Mr. and Mrs. Volpe's generosity in opening their lovely home for the meeting was greatly appreciated.

## AMENDMENTS TO ZONING BY-LAWS
### TOWN OF WINCHESTER, MASS.

**Adopted at Representative Town Meeting on April 6, 1953**

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

I. Insert a new Section 4, as follows:

Section 4. LIMITED BUSINESS DISTRICTS.

In Limited Business Districts, no new building shall be constructed or used, in whole or in part, and no building or structure, or part thereof, shall be altered, enlarged, reconstructed or used, and no land shall be used for any purpose except:

A. Any of the purposes authorized without permission of the Board of Appeals in Single Residence Districts (as enumerated, with any restrictions thereon, in paragraph B of Section 2, hereof).

B. One or more of the following purposes:
1. Restaurant or other eating place.
2. Any of the following retail stores: books, stationery or news store, cigar store, drug store, dry goods or variety store, florist or gift shop, food store or meat market, hardware or electric appliance store, wearing apparel store.
3. Business or professional office or agency, bank or other financial institution.
4. Personal service shop of a barber, hairdresser, manicurist, or shoe shiner.
5. Any of the following service establishments, dealing directly with the customer: collection station for laundry and dry cleaning, frozen food locker, hand or self-service laundry, photographic studio, radio and household appliance repair shop, shoe and hat repair shop, watch and clock repair shop.
6. Automobile service station for the dispensing and sale to the public of gasoline and oil for motor vehicles, and the incidental washing, greasing and minor repairing thereof (such as replacing headlight bulbs and spark plugs, and tire changing).
7. Customary accessory uses clearly incidental to and located on the same premises with any of the foregoing uses.
8. Signs, except sky signs as defined in the Building Laws, pertaining to goods sold, services furnished or trade conducted on the premises; provided that no exterior sign or aggregate of signs (whether or not attached to a building) shall exceed one square foot in area for each 50 square feet occupied by the ground floor of the building or buildings to which they are accessory, and provided further that such signs shall not exceed three in number for each separate and distinct business enterprise on the premises.

C. Any purpose intended to serve the normal shopping needs of adjacent residential areas which the Board of Appeals shall specifically find to be of the same general character as any of the foregoing uses (as enumerated in paragraph B of this Section) if permission of said Board be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

In Limited Business Districts, the following special regulations shall also apply:

1. No building or structure shall be constructed, altered, enlarged or reconstructed so that any part thereof, except eaves and uncovered steps, shall be within 25 feet of any street line.
2. Each dwelling house hereafter constructed shall be provided with a lot conforming to the area, width and frontage requirements applicable to such lot if located in the Single Residence District nearest thereto.
3. No building shall be constructed, altered, enlarged, reconstructed or used for purposes authorized by paragraphs B and C of this Section unless there is provided on the lot or land associated therewith, and within 300 feet thereof, automobile parking space having a total standing and maneuvering area of not less than two times the ground floor area of said building and located, graded, drained and otherwise constructed in accordance with the site plan required by paragraph 5 of this Section. Such space shall be permanently maintained, and available for the use of customers and employees of the building. No automobile parking space required by this Section for a particular building shall, during the existence of such building, be counted as required space for another building.
4. All vehicular access to and from any lot used for purposes authorized by paragraphs B and C of this Section shall be through designated driveway openings at the street line, and not more than two such openings (one of which shall be for entrance and the other for exit) shall be permitted at any street line for each 300 feet of lot frontage along said line. A lot having less than 300 feet of frontage on a street line shall not be used for purposes authorized by paragraphs B and C of this Section unless said lot is provided with vehicular access through driveway openings used in common by two or more lots having a total continuous frontage along a street line of at least 300 feet for each two openings at said line. Designated driveway openings shall not be more than 20 feet in width at the street line and shall be located not less than 20 feet apart.
5. No lot shall be used for purposes authorized by paragraphs B and C of this Section except in conformity with a site plan approved by the Planning Board. Said plan shall be submitted to the Board for approval through the Building Commissioner, and shall show among other things all existing and proposed buildings, structures, parking spaces, driveway openings, driveways, service areas, and landscape features (such as fences, walls, planting areas, and walks) on the lot. In addition to the construction and maintenance of parking spaces required by this Section, the provision and maintenance of specified other facilities shown on the site plan may be required by the Board as a condition of its approval. No building permit shall be issued until the Board has approved the site plan or has allowed forty-five days to elapse after submission without acting thereon. In considering a site plan under this Section, the Board shall assure such a degree of convenience and safety of vehicular and pedestrian movement, both within the site and in relation to adjacent streets and land, as is consistent with a reasonable use of the premises for purposes permitted by this Section.

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

II. At the end of Section 2B 9f, add the following:
Provided, however, that unless permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof, the amount of sod, loam, sand, gravel or other earth product removed from the premises shall not exceed the amount of such material contained before construction in the particular space to be occupied by the foundation of the building or structure.

VOTED, That the Zoning By-Laws of the Town be amended by making the following changes:

III. At the end of Section 5A and at the end of Section 6A1, change the period to a comma and add the following:
except that removal of sod, loam, sand, gravel or other earth product from the premises shall be authorized only if permission of the Board of Appeals be obtained in accordance with the procedure and conditions set forth in Section 8 hereof.

VOTED, That the Zoning By-Laws of the Town be amended by striking out in Section 7A the words "or unless such non-conforming use is discontinued" so that Section 7A as amended will read

"Section 7. NON-CONFORMING USES.
A. Any lawful building or structure, or use of a building, structure or land existing at the time this by-law is adopted which does not conform to the regulations of the district in which located may be continued, unless and until abandoned for a period of one year."

I hereby certify that the foregoing is a true copy of amendments to the Zoning By-Laws as adopted by the Town of Winchester, Mass., at an adjourned session of the Annual Representative Town Meeting of March 12, 1953, held on April 6, 1953, and approved by the Attorney General of Massachusetts on May 15, 1953.

## PARADE PICKUPS

Though there was a hint of rain toward the end of the forenoon, the day was gratefully cool for the marchers and there was sun for most of the parades.

Busiest people at the town hall before the start of the parades were Joe McKee, senior vice-commander of Winchester Post, and "Jake" Horn, past commander of the V. F. W. Joe was official chairman of the Memorial Day Committee and as such actually had the responsibility for having things go smoothly.

Commander Charlie Meek of the Legion Post was marshall of the parade and had County Commander "Sam" Murphy, former commander of Winchester Post, as his adjutant. Timmy Connors, commander of Aberjona Post, V. F. W., marched with the Parade Marshall and had as his adjutant, Past Commander Warren Bolivar of the Veterans of Foreign Wars.

Patrolman Tom Parsons was in the cruiser that led the parade and was accompanied by "Chief" Bob Johnston of the Auxiliary Police. Bob was handling the radio.

Joe McKee and Jake Horn got a good natured ribbing from spectators as they rode over the parade route in a big open Chrysler, owned by "Al" Plummer. "Joe" claimed he was too old to march anyway.

The Flying Band from Logan Airport, the 567th USAF band under Chief Warrant Officer Thomas C. Brennan, made its customary fine appearance and played in just the right time for the marchers. They played a lot in both parades and added to their already great popularity. Master Sgt. Robert H. Clark was drum-major.

The Selectmen rode in their usual classy open job, supplied and driven by a former "Mayor", Ralph Bonnell. The Board left their vehicle and stood at attention at the ceremonies at the War Memorial.

Steve Dunn and Tommy Severino were the trumpeters from the High School Band who played the echo taps. They did a good job, getting the "high ones" without breaking.

Freddy Felmet marched with his scarlet-coated high school band. The young musicians made a good appearance and their music sounded well. Their "beat" and that of the Immaculate Drum and Bugle Corps was much faster than the Air Force Band and the older marchers found it harder to march to. The bandsmen themselves seemed to have no difficulty.

The "Immacs" made a very snappy appearance and the blare of their martial music livened things up appreciably. The Corps' Championship Drill Team put on some nifty march steps and formations as they moved along and got many a round of applause from the onlookers.

Rev. Herbert K. A. Driscoll, pastor of the Immaculate Conception Church, marched both parades with the Corps, which numbers some 85 boys and girls. The "Immacs" have a very snappy march step, but Father Driscoll stayed with them, being used to marching with the kids as he always accompanies them wherever they appear.

Mary Cullen is the new drum-major of the Bugle and Drum Corps with Lorraine DiZio, color sergeant and Mary Chamberland, captain of the Drill Team. Big "Joe" Callahan, one of the Corps top wheels, was also in line.

Nick Fitzgerald was the high school band's drum-major, and the three cheer-leaders carrying the high school banner were Judy Nanry, Roxanne Jope and Mary Rehm.

The platoon of bluejackets from the Warrington in their summer "whites" helped to dress up the parade and made a good appearance. They were under Ensign Gilmore Creelman.

The Military Police Company, a National Guard outfit, was under the command of Captain Alexander R. Rutledge. The kids found their jeeps very fascinating, but the troopers themselves marched this year.

It just wouldn't be a Memorial Day Parade without Company G of Woburn, and the National Guardsmen were welcomed all along the line. Captain John P. Flaherty commanded with Lieutenants Thomas Gately and Herbert Rines. The Woburn boys were making their third parade when they got to Winchester, having previously visited Woodbrooke and Calvary in Woburn.

The Auxiliaries to Aberjona Post, V. F. W., in their khaki uniforms, made a good showing. They were led by President Margaret (Sullivan) Fiore and Chief Thomas Macario marched with them. Ruby McKee, past president, led the Legion Auxiliary Marchers, who were in blue.

Legion Color-bearers were Herb Frobery and Richard Feeney with John O'Neil and Parker Blanchard as guards. For the VFW, Bob and Joe McElhinney carried the Colors to Calvary with Joe Zaffina and Ralph Fiore the bearers to Wildwood. The Horn twins, Richard and Robert, were the guards in both parades.

"Sandy" McKenzie, junior vice commander of the Legion, led the Legion Detachment, which included a number of World War I vets. Creighton Horn led the V. F. W. Detachment. We noted the old "retread", Al Gaum, in the rear rank of the "Vets", complete with his overseas beret, and going strong when we saw him headed into Wildwood.

Those gals you saw on bikes were from Troop 1, the International Troop of Girl Scouts, who went to England. Scout Leader Lois Hersey led the group of Ann Hooper, Althea Hersey, Judy Higgins, Sandra Wittet, Peggy McNally and Sheila Scanlon.

In the Police escort were Joe Quigley, Al Poole, Archie O'Connell, Frank Tranchita, Jack McHugh and Richard Beaton. Sgt. John Dolan led the parade to Calvary with Lt. Joseph Derro, taking over on the march to Wildwood.

Fire Chief Jimmy Callahan led his department's detachment in both marches and finished up fresh as a daisy. Captains Frank Amico and Eddie Noonan were in line in both parades, with Captain Edward Dillon Fitzgerald, on duty earlier in the morning, joining the marchers to Wildwood. Captain Fitzgerald and Firefighter "Pep" O'Melia saw service in World War I as did Police Officer Archie O'Connell.

The newly appointed Veterans Graves Officer Jake Horn had a detail busy decorating veterans graves in Wildwood, Calvary and in several other cemeteries, the work being done Thursday night before Memorial Day. Covering all the graves nowadays is quite a job.

Troop 12 of St. Mary's and Troop 9 of the Washington School were in line in the parade to Calvary, led respectively by Tony Doyle and Lawrence England. Arthur Hewis and Ben Marshall were other leaders in line.

Troop 3 of the Congregational Church, led by Edgar Hinton, was in the march to Wildwood and the Congregational Cubs also marched with their leader, Larry Cooper. Arthur Hewis led the Baptist Church Cub Pack 7.

The Girl Scouts had their usual good turnout in the parade to Wildwood, the authorities feeling that the girls should not march in both parades. Some of the Girl Scouts "snuck" into the Calvary Parade, but were whistled out of line before the parade had gone far.

Mrs. Barbara Clark, Girl Scout Program Chairman, headed the Girl Scout leaders, others in line being Mrs. John Monro, Mrs. Stanley Mullen and Mrs. R. Schuhmann.

Herb Wadsworth, deputy chief of the "Auxie Police", put in a busy time of it doing traffic at Main street and the Parkway as the parade was approaching that point and later at Willow street and Palmer street. Officers Hendricks, Benswanger, Goodhue, Twombly and Bruno were others we noticed on the job.

Many remarked the fine appearance of the two Cemeteries on Memorial Day. Superintendent "Joe" Duran and his crew had Wildwood looking especially well. Wildwood is naturally a place of much beauty and the Cemetery Detachment had it at its best for the holiday. The veteran Cemetery Commissioner, Ernest Eustis, was on the job at Wildwood most of the day.

We saw George Donaghey taking a peek at the parade as it was going into Wildwood on Willow street. George carried one of the Legion Flags for many years with big Neil McCarthy. Both, however, have given over to the younger veterans, who have something to shoot at to equal their years of service.

There seem to be no more Sea Scouts around, now that Lou Goddu has given up the Skipper's duties. The S. S. Tarquin detachment, used to make a fine showing in Memorial Day parades, after their painstaking evenings of drill. Skipper Goddu was a hard taskmaster, but his "ship" always knew their marching etiquette.

Mr. and Mrs. Clifford W. Birch of 40 Central street are now home from an 11 weeks tour of western United States covering most of the scenic points and more than 14,000 miles. They are glad to have Winchester to return to.

Did you save 25% on your fire insurance?

That's what my customers — many of them neighbors of yours — have saved under the Liberty Mutual plan. Here's how:

I work full time for Liberty Mutual and deal direct with you and other home owners in this area. Direct service keeps down selling expense. Also, my company insures only careful people, with well-built houses. That means fewer losses. Savings are passed on to policyholders at the end of the policy term.

I'll be glad to look over your present policies and tell you how much you might have saved, if you can qualify for Liberty Mutual fire insurance. There's no charge for this service . . . and no "high pressure." Just give me a ring.

## WINCHESTER AIRMAN INVENTS PAINT PROCESS

A/2c Frank S. Gigliotti, son of Mr. and Mrs. Carmine Gigliotti of 6 Forest street, and A/2c Julian T. Albin, both on duty with the Air Force in Alaska have invented a paint heating process which they believe will make the work of painting automobile and truck bodies that come to their paint shop in the 5039th Vehicle Repair Squadron headquarters much easier and more effective.

Working with limited facilities and without an adequate paint spray booth, they felt their work was not all it could be and were especially concerned with dust settling in the paint due to slow drying.

As they worked on the problem of faster drying they agreed that a warmed paint would dry faster, giving less opportunity for the dust to collect on the newly painted surface.

Warming paint, however, involved an element of danger, until they hit upon the scheme of installing two 110-volt heating elements in an ordinary five-gallon can, together with a temperature gauge.

Partially filling the can with water, they set a can of paint in the water and connected the heating elements with a power supply, inserting the temperature gauge in the can of paint to ensure proper temperature.

When the correct temperature was reached the heat was shut off and the paint removed for use. Airmen Gigliotti and Albin were delighted to find that not only did the paint dry faster, eliminating much of the dust settling in it, but that their new device had actually speeded up production due to a better coverage of painting area and a more uniform flow from the spray gun.

The surfaces painted by the new process also seemed much better in appearance, the finish being superior to that previously obtained and the paint-covering being more durable with better adhesion, resulting in approximately 25 percent less paint being used for any given job.

Airman Gigliotti is a graduate of Winchester High School and before entering the service, worked in the paint shop at Bonnell Motors. He entered service September 28, 1951, and will have been a year in Alaska in July.

If Grandma Only Knew What I'd Done To Her Ice Cream

Harrow's Famous
ICE CREAM
Made from rich heavy cream.
Sold Country Style . . . .

"LAND SAKES!", I'll bet she'd say. And no wonder . . . . such goings-on never took place in the horse-and-buggy days! I can remember when she'd make the long trip down from Ossippee, New Hampshire, and brother and I would take the exciting carriage-ride to the station to meet the train. She usually came just about the time the strawberries would begin to blush. Grandma's visit always meant we'd get the chance to have ice cream. We put on quite a show of greeting her . . . . course she suspected what was in our scheming heads. Secretly I think Grandma always relished the attention we'd give her and maybe she encouraged us just a bit. Even so, everything would have to wait till she talked herself out. And after much teasing, she'd give in. Soon we'd be on our way to the barn, brother with the egg-basket and me with the milk pail.

Our big, black cow would be coaxed for "spoon-eatin" cream . . . . thick and sweet. Brother would push the hens aside and steal their fresh-laid eggs . . . . getting a painful peck or two. But soon all would be ready and with Grandma fussing about, the big chore started . . . . turning the crank on the old ice cream tub! We'd take turns on the crank, Grandma adding salt and ice. Now and then she'd take a peek and we would look at her with anxious eyes . . . . not yet! But when it seemed that our arms would fall off and with Grandma urging us on with "keep turn'in", it would suddenly be done. Those days we'd do anything for ice cream.

Stores charge $1 a quart for their best ice cream. I sell large quantities cut country-style and pass the savings on to you!

Somehow that two-quart can seemed mighty small to us as we looked around with dismay at all the expectant family who'd eat it. But we usually got enough and Grandma always divided her second helping with my brother and me. It was an honor to the one who got the can to lick. It truly was a delicious lip-smacking treat!

Now I want to tell you that this very same old-time quality, with its rich, creamy flavor . . . . you can get right at my store. Only today, I have large amounts made in a big, clean plant and have it packed in ten-quart cans. I've priced it real low because I want as many as possible to taste the thrilling delight my brother and I experienced. Over twenty different luscious flavors! I'll bet Grandma would never go back to Ossippee if she could see you Folks coming after her country-style ice cream and hear all the nice things you say!

Comes packed in ten-quart cans because it's easier to handle that way. I cut the cans into quarters . . . . approximately two and one-half quarts to each chunk. I mark the weight on each quarter to insure your getting full value. Note the heavy weights! I've sold over 35,000 quarts of ice cream. Each chunk of Vanilla, Strawberry, or Chocolate sells for $1.19, a full ten-quart can $4.49 and the half can $2.29.

There's no risk. I guarantee my ice cream to be all I say it is. Money back if not satisfied. Better come right in NOW and be sure to get the flavor you like best.

P.S.: If you take four assorted quarters of my ice cream for $4.76, I'll be glad to give you a box of ice cream cones FREE!

I sell it country-style, big oval cuts . . . approx. 2½ qts. each . . . weight on each cut . . . your choice Vanilla, Straw or Choc. $1.19

My latest new flavor . . . BANANA . . . approx. 2½ quarts . . . weight on each cut . . . Introductory Price $1.00

. . . . come visit my unusual Restaurant and Store where I sell Chickens, Beef, Eggs and Homemade Chicken Pies. Take home one of my man-size Hot Apple Pies . . . . Open 12-9 p. m.

Sunday morning at 1:40 Officer Joseph L. Quigley, while on duty in the Center, saw two boys coming out of Cullen's Barn on Winchester place.
He picked them up and took them to headquarters, where they gave their names and addresses in Winthrop, stating that they were on their way to Concord, N. H. Both were 13 years old.
The Winthrop police, when called from local headquarters, reported that the parents of both boys had listed them as missing from home.

## GIRL SCOUT NEWS

Camp Joy News! We will have more swimming for all Scouts and Brownies than we first could arrange. The new schedule gives:
Brownies, 4 days each week at Wedge Pond.
Intermediates, 4 days each week at Leonard Field.
Read your Camp Joy Folders for all information about the fun we shall all have. We still can use more leaders, so join the parade to Camp Joy now. Physical exams for camp will be held at the Scout Office on June 20th, from 9:30-11:30 a. m.
To all our Leaders, the Office says, please come in to finish up loose ends of your year's work. There are many badges at the office still to be delivered to the girls who have earned them, and we need your financial sheets to complete our records.
Our Cabin is being used on June 9th for the Annual Meeting of the En Ka Society. We are pleased to play hostesses for them.
From two of our favorite people we receive this:
"To all my friends in Winchester:
This is the only way we can say thank you for the festivities of last Wednesday evening, and for the beautiful clock. I really do not need anything to remember you all by, but we will surely treasure it! Thank you one and all, and do please come see us."
signed:
Barbara and Jeff McDonald
We are thrilled to hear that Joy Webber, one of the leaders of Troop 4, has won a scholarship which will send her to Camp at the Edith Macy Training School at Pleasantville, N. Y. She made the trip to Washington with us this spring, and will go to Edith Macy, which is the National training camp for Scout Leaders, from July 1st to the 7th.
At the Candle-light service on May 26th, many girls became Senior Scouts, in this lovely ceremony. We mention here only the seven who received their Curved Bars, the highest rank Girl Scouts can attain. In three years these girls have passed their 12 badges to become First Class Scouts, and earned at least four more to qualify for Curved Bars. It requires not only a lot of work and learning but the ability and initiative to stick to the task long enough to see it through! We wish to recognize the help and encouragement of parents and leaders, as well as the girl's own fine achievement. To these girls goes a salute from all in Scouting, and the words "Well Done." The following girls received their Curved Bars: Linda Lutes, Sally Beal, Susan Fletcher, Elizabeth Hottel, Mary Jellison, Cynthia Dennett and Marion Fish.
Next week we will have the names of all Senior Scouts!

## MEMORIAL DAY AT WYMAN SCHOOL

Memorial Day observances were held at the Wyman School on May 29, when the children assembled in the school auditorium for a program presented by the pupils of the fourth grades of Miss Betty Batchelder and Mrs. Katherine Riegert.
To open the assembly the audience joined in the Flag Salute and in the singing of the "Star Spangled Banner." Susan Wallace described the deeper meaning of Memorial Day, and Roberta Slone recited "In Flanders Field." "On Memorial Day" and "Our Land" were sung by the pupils in the fourth grades, and everyone joined in singing the "Battle Hymn of the Republic," "Tramp! Tramp! Tramp!," and "America the Beautiful."
As the announcer for the program it was Paula Collins' privilege to introduce the principal speaker of the morning, Mr. A. W. MacKenzie. The playing of Taps brought the assembly to its impressive conclusion.

## CAMP FELLSLAND STAFF

Camp Fellsland, the Scout Camp located in Amesbury on the New Hampshire line will open on Sunday, June 28, and run for the next six weeks, closing Sunday, August 9. Scouts will save money by having their applications in before June 1, for after that date rates go up for all Scouts in the entire Council Area consisting of Medford, Winchester, Stoneham, Woburn and Burlington.
The Camp Fellsland Committee, Norman Houghton of Stoneham, Everett Berry and Angelo DelGreco of Stoneham, Theodore Brayton, Carleton Spinney, Anthony Milano of Medford, Albert Paine of Woburn and Robinson S. Whitten of Winchester, has done an extraordinary job in securing an excellent Staff of Counsellors to supervise all the activities at Camp Fellsland, a great majority of them having been on the Staff in former years.
Some new items of equipment have been secured for the boys' use this summer. Through the fine cooperation of the En Ka Society of Winchester, another aluminum canoe has been added to the flotilla of canoes, and an addition built on the boat and canoe landing. The Camp Committee has also undertaken to excavate a large area of the athletic field and refill it with gravel to make a new and larger basket-ball court. The Lions Club of Woburn, have also helped by furnishing new metal basket-ball back-boards and are planning to have them erected within the next two weeks. The hope is that either this year or next year, we will be able to put a black-top surface on the basket-ball court. Two new boats have also been added to the flotilla of rowboats so that more boys may learn to handle both the boat and canoe.
The Staff at Camp will be headed once again by Mr. E. W. Nelson, Winchester Scout Executive, who will be serving Camp Fellsland for the 19th season and this will be his 32nd year as a Camp Counsellor and Director. Mr. Francis MacFeeley, the local Field Executive, will again be the Assistant Camp Director and is specifically charged with the program of the Camp. This will be Mac's 11th year at Camp Fellsland and Mrs. Lilly MacFeeley will be the Camp Nurse for her seventh year. Parents may safely entrust their boys in Camp Fellsland's care, knowing that there is a fine staff under three top leaders who have had many years of camp experience. Mr. Nick Zofragas of Medford, who was our Camp cook last year, will return again and that, of course, will meet with the approval of the boys as Nick caters very definitely to their tastes.
The Camp Committee are particularly happy to announce that Stafford Rogers, formerly one of Winchester's outstandingly successful Scout Masters, and now of New Hampshire, will return this year in charge of Scout work as well as promoting the axe yard, rope yard and tent yard. The return of "Staff" will be a real asset to Camp, as all the boys look forward to getting advance information on the Scouting Program. The Committee are also happy that Mr. Hank Hooper, who is a student at the University of Maine, will return after an absence of one year from the Staff. Hank is an old time Scout and Staff man and will add tremendously to the out-door and Advancement Program at Camp. Hank resides in Winchester but is now located at Orono, Maine. Other members of the Staff are as follows:
Teddie Anderson of Stoneham, assistant at the water front; Jimmie Nolan of Medford, assistant at the water front; Jim Daley of Medford, rifle instructor and scoutmaster; Peter Roulliard of Stoneham, assistant at rifle range and manager of the Camp paper; Richard Steenbruggen of Medford, ranger; Harold Furblur of West Medford, assistant ranger; Robert Letsom, Eddie Catalano, Joe Santoro of Medfield, working in mess hall and cabin leaders; John McKenzie of Medford and Ronald Brown of Woburn, kitchen boys; James Haverty of Woburn, nature man; John Merritt of Winchester, craft director; Donald MacFeeley of Winchester, store man; Albert Engel of Medford, handy-man, and Eddie Catalano, archery man.
Dr. Otis P. Mudge of Medford has again been named as the Camp physician.

## RED CROSS ANNUAL REPORT 1952-1953

The Winchester Chapter of the American Red Cross brings to a close the year 1952-1953. It was a year that brought many requests to the various services of the Chapter and each request has been met and filled quickly, faithfully and willingly whether it has been large or small. It is indeed a year that the Winchester Chapter can look back upon with the pride of accomplishment.
There was a meeting of the Board of Directors on July 15 to elect the officers for 1952 - 1953 and to act on any other business that came before the Board at that time. Mr. Lewis K. Moore, the retiring chairman, presided over this meeting. The Executive Board meetings held September 22 and April 7 and the Director's meeting held March 24, were presided over by Mr. Henry A. Dellicker, Chairman. All meetings were well attended.
Sunday, March 8, was Red Cross Sunday in Winchester for the annual Fund Campaign. Mr. Olcott L. Hooper, Fund Chairman for 1953, worked tirelessly to make the Campaing a success, and he is proud to report that, to date, $21,995.00 has been realized. This is a favorable comparison with the amount received at this time last year, and it practically assures our meeting the quota of $22,388 given us by National Red Cross. The Chapter is greatly indebted to Mr. Hooper as Chairman; Mr. Daniel F. Barnard, Chairman of Special Gifts; Mr. William W. Davies and Mrs. Maybelle M. Long, Chairmen of Precincts; Mr. Thomas J. Gilgun and Mr. James E. Callahan, Chairmen of Business; Mrs. Bradford M. Bentley, Publicity Chairman, and Miss Helen M. Monroe, Campaign Treasurer. It is due to their interest and enthusiasm, and to the time and effort given by them and the 10 precinct chairmen and 702 volunteers, that the large quota has been met. Red Cross wishes to express its thanks to all these able and willing workers.
This year Winchester was asked to increase its number of Blood Donor Days. Thus, on June 5, September 10, December 2, and March 13, the Red Cross Bloodmobile came to the Winchester First Congregational Church. The Chapter is proud to report that 527 pints of blood were obtained during these visits. Mrs. Henry E. Moffette and Mrs. Kendall H. Spencer, Co-chairmen of the Winchester Blood program, and their committee, spent many hours on the telephone recruiting blood donors. The Chapter is truly appreciative of their work. Also, a debt of gratitude is owed the First Congregational Church for its hospitality, to the Winchester Star for its publicity and to the many volunteer workers for their hours of service on these days.
An additional service to the Blood Bank is the staffing of the Red Cross Blood center on Dartmouth street, Boston, by Winchester volunteers on the first Wednesday of each month. A motor service driver, two Gray Ladies, two Staff Aides, five Nurse's Aides, one nurse and two Canteen members give a whole day of their time each month to this important project.
Winchester Chapter is proud to report that it provides four important services for the Winchester Hospital. During the past year the Motor Service has made 53 trips transporting 99 pints of blood to the hospital. The Gray Lady Service has staffed the reception desk during the visiting hours, afternoon and evening. Nurse's Aides have given 508 hours of their time working on the floors and wards. Nine walking RH negative blood donors were sent to the hospital when needed.
Most of the Services of the Winchester Chapter work for the Bedford Veterans Hospital. Mrs. T. Parker Clarke, Gray Lady Chairman, provides 11 Gray Ladies weekly to help make life a little more pleasant for the patients. The Motor Service drivers have taken the veterans on 32 outings during the past year. Canteen workers under the leadership of Mrs. Ray E. Mauger have given a picnic in the Grove for over 100 patients, two teas, and a Christmas party. They have not only provided the food but have also taken cigarettes, candy, and birthday gifts to the veterans. Junior Red Cross made nut cups, favors, and place mats for the patients' trays on Hallowe'en, Thanksgiving, Christmas, Valentine's Day, and Easter. They also collected hundreds of funny books and many packs of playing cards for the hospital. 200,000 surgical dressings were made for the Bedford Hospital by "The Symmes Corner Group" under the direction of Mrs. Richard W. Wyman and the Tuesday Group at the Town Hall under the leadership of Mrs. W. E. Ramsdell. Mrs. Donald W. True, Production Chairman and her group of 12 sewers have met the sewing needs for the hospital as they have been requested.
Miss Natalie Jewett, Chairman of Home Service, and her able assistants, Mrs. J. Edward Downes, and Mrs. Harold A. Smith, have given assistance to 71 servicemen and their familes during the past year. This is one of the most important services of Red Cross and the Chapter is fortunate to have had it handled so efficiently.
Once again Winchester Chapter was asked to fill 25 gift boxes for servicemen who would be on the High Seas on Christmas Day. The Church of the Epiphany, Winchester Grange, the First Baptist Church, and the Girl Scouts took over this project and provided the money or packed the 28 boxes which were sent by Red Cross to their destinations.
There have been seven classes in First Aid this year under the direction of Mr. Francis D. Weafer, Chairman of First Aid. Several classes were given in co-operation with Civil Defense.
Mr. George N. Neville, Water Safety Chairman, was able to obtain the services of James J. McCarthy as Water Safety Instructor for the 1952 summer season. Mr. McCarthy did an excellent job in teaching swimming to the young people both at Leonard Pool and Palmer Beach. This program is financed by the Winchester Chapter and is one of our most outstanding services to the people of Winchester. Over 300 children took advantage of this opportunity to learn swimming and 53 swimming certificates were awarded. The summer culminated with an Annual Swimming Championship at Leonard Pool on August 16 when the Red Cross trophies were presented to the outstanding boy and girl swimmers. The girl's trophy was awarded to Noreen Johnson and the boy's trophy to Peter Graham.
Junior Red Cross, which is made up of the students in the various schools in Winchester, has been most active under the able leadership of Mrs. Donald E. Dalrymple. In addition to the previously reported work they have done for the Bedford Hospital, the students have made favors, nut cups and place mats for the Winchester Hospital and the Home for the Aged. They have also sent 108 boxes of gifts to children in other countries.
Motor Service is among the busiest of all the groups. The station wagon averages about 1,000 miles a month on various errands of mercy. It not only serves Bedford Hospital, Winchester Hospital, and the Boston Blood bank, but it is available to other social agencies of the town upon request.
Mrs. James H. Coon, Chairman of Service Groups, has done an outstanding job for the Chapter organizing all the various services. The Chapter is indeed indebted to her.
The Chapter also wants to thank all the Chairmen of the various services for the many hours they have spent organizing their groups and meeting the requests placed upon them, so willingly and patiently during the past year. It is because of their co-operation and assistance that the Winchester Chapter is one of the outstanding chapters in the district.
The Red Cross wishes to thank the Board of Selectmen for giving it the use of the third floor of the Town Hall for Chapter rooms rent, light, and heat free. The Chapter also thanks Mr. Lee Mellett and Mr. Charles Sousa who have been most kind and co-operative whenever their assistance has been needed.
The Red Cross greatly appreciates the co-operation of The Winchester Star and The Woburn Times for giving it publicity in their papers during the past year. It is a very real service to the Chapter.
Sincere thanks from the Chapter go to Mr. Pexton the Treasurer. He has given many hours of his time each month to the Red Cross and his services have been greatly appreciated.
Gladys Dutting, the Executive Director, has been a source of inspiration and great help to everyone who has come to the Red Cross offices. Her sincere belief in the Red Cross, her cheerful manner, and her knowledge and experience in everything connected with Red Cross, makes her presence a very great asset to the Winchester Chapter. Mrs. Philip Johnson her assistant, gives many hours of devoted service to the Chapter and she, too, has a very profound devotion to Red Cross. The Chapter is indeed fortunate to have such an able and sincere assistant to Mrs. Dutting.
Our Chairman, Mr. Henry A. Dellicker, has been most capable and efficient. The Chapter expresses its sincere thanks to him for a job well done.
It has been a real pleasure to have served as your secretary during the past year.
Respectfully submitted,
(Signed) Doris G. Shanklin
Recording Secretary

## THREE-CAR BUMP

Three automobiles were involved in an accident on Cambridge street near Calumet road shortly after 6 o'clock Memorial Day evening.
According to the police a Dodge sedan, driven by William M. Hunt of 26 Carver road East, Watertown, while headed south on Cambridge street, collided with the rear of a Pontiac coach, driven south on Cambridge street by Claire E. Hansen of 2 Jonas avenue, Wilmington. The Pontiac in turn struck the rear of a Nash Country Club sedan, driven south by Florence R. Miele of 120 Charles street, East Cambridge. The Pontiac and Nash had just started forward after getting a green light at the intersection of Cambridge, Church and High streets, the three cars being part of some heavy traffic on Cambridge street.
The Dodge was badly damaged about the front end and had to be towed to the Master Motors Garage. The other cars were also damaged but were able to proceed under their own power.
James Lawton, Jr., 22, of 7 Oak street, Belmont, was cut over the left eye and sustained head and mouth injuries. He was taken in the police ambulance to the Winchester Hospital by Officers Alfred Poole and Frank Tranchita. After treatment he was discharged.
Lawton's wife, Betty, 21, an expectant mother, complained of being shaken up, and the drivers of both the other cars involved were also shaken up.
Mrs. Margaret F. Hansen, 21, and her two-months-old daughter, Cheryl Ann, riding in the Pontiac, were shaken up, as were the passengers in the Nash, Ruth Lebert, 21, of 60 Spring street, and Mary Aceto, 20, of 95 Fourth street, both of East Cambridge, and Virginia Vina, 25, of 84 Putnam road, Somerville.

## LITTLE LEAGUE

When the Braves upset the Dodgers last Tuesday evening, it threw the first half race into a three-team contest for the first half championship. The Yanks and the Braves must meet each other tonight and again on Sunday afternoon, with a clean sweep of this two-game series being necessary for either team to stay close to the Dodgers. A split of this two-game series would give the Dodgers a two-game lead and install Artie John's team as a heavy favorite to cop the first half bunting.

Thus, the Dodgers are in an enviable position, but both the Braves and the Yanks believe they can catch the leaders. Tonight's game between these two and the Sunday encore should provide interesting ball for Little League fans. The highlight attraction of the week is scheduled for Tuesday evening when the Dodgers and the Yanks cross bats. These two teams put on the finest exhibition of Little League ball of the season last Sunday and any who saw that game with its sparkling plays and timely hitting will not miss this battle. The chips will really be down this week as the first half schedule ends with a double header on Sunday, June 14.

## CUB SCOUTS

Tommy Collins, personable young West Medford fighter, as the guest speaker at the annual banquet of the Winchester Cub Scouts Pack 3 at the First Congregational Church Monday night (May 25) told the boys to "always shoot for the top."

Using his own life as an example, the leading challenger for the world's featherweight crown said, "If you aim high and fall you can always get back up there. But if you are just one who is satisfied to go along with the mob, then when you fall, you're done."

More than 150 boys, den mothers and fathers of the Cub Scouts partook of the roast beef dinner. Six boys received awards for selling the most tickets to the annual skit night. The winners and the number of tickets sold were: Roger W. Newton, 85; John Baldwin and Robert Devaney tied for second with 47 each; Jay Dolben, 34; Joe Emerson, 33; and Wim Lemmons, 31.

Twelve cubs received achievement awards at the year's final function. They were Jim Reid, Alan Hodge, John Clark, Daniel Mahoney, Joe Logan, Bobby Stuart, Geoff Heath, Jim Holdom, Rex Williams, John Geiger, and Steve Powers.

James Baldwin, retiring chairman of the Pack 3 committee, was presented an electric shaver on behalf of the committee by Bradford Bentley.

Mr. Baldwin in turn introduced next year's chairman, Tom Walsh.

Cub Scout Buddy Sundberg, on behalf of the Pack, presented Tommy Collins with a table lighter.

Mrs. Edna (Cyr) Hammond of Eaton street underwent a major operation on Wednesday at the Winchester Hospital.

## ATTENDED AD CLUB LUNCHEON

Winchester was well represented at the Hotel Statler, Tuesday, when the League of Women Voters of Massachusetts arranged the program for the June 2nd Luncheon Meeting of the Advertising Club of Boston.

Conspicuous among the displays were those originally arranged by Mrs. Thomas R. Powell, Jr., for windows at Randall's, the Economy Grocery and McCormack's Apothecary during World Trade Week. To these was added the front page of last week's Star where photographs of two of the windows headed an article on World Trade.

Winchester residents observed at the luncheon were Robert A. Drake, Albert L. Fisher, Robert Woods Reynolds, Raymond C. Strawbridge and Winchester League of Women Voters members Mrs. Rodney W. Long, Mrs. W. W. Davies and Mrs. Richard Johnson.

The State League President, Mrs. Vernon C. Stoneman of Belmont, introduced Foreign Editor Howard P. Whidden of Business Week, who spoke on "U. S. Trade Policy — Where Do We Go From Here?"

From studies of World Trade, Mr. Whidden ventured to predict that even without tariffs or quotas we would still export more than we import, and that the competition of Free Trade would merely stimulate industry's known inventiveness and ingenuity to maintain our present high level of productivity and employment, which is due to exports.

He pointed out that many of our allies must import the necessities of life, so are obliged to trade in order to exist. While the Western nations are uncertain of our future policy, some may be forced into trade or barter with the East. Russian-planned East-West Trade will be a political move. We have at most a year or two to decide our policy. Capitalism won't work in just one country.

## VISITING IN "EAST"

Mr. and Mrs. L. I. Babe McEwen and daughters, Marlyn and Natalie of Quincy, Illinois, are visiting his mother Mrs. Addie McEwen Laird, other relatives and friends.

In addition to Mr. McEwen's activities as Executive Vice-President of Gates Radio Co., he has enjoyed much community participation in several projects. As a member of the Quincy School Board, he helped plan and complete a new $900,000.00 elementary school which is being recognized as the outstanding elementary school in the midwest.

At present "Babe" is chairman of a church construction committee which is erecting a $500,000.00 Lannon stone sanctuary and educational building.

His construction activities also include supervision of a new $250,000.00 one-story factory to house part of the expanding manufacturing facilities of Gates Radio.

In addition Mr. McEwen and "Babe" are developing an eight-acre residential tract in Quincy. The area which was opened in the late fall of 1952 is being built up fast, apparently "Babe" is following in the footsteps of his dad, a well known contractor in Winchester about 1910 - 1913.

The visitors are planning trips to western Massachusetts and to Maine.

They will leave on their return trip to Quincy in about two weeks.

Among the 124 seniors receiving the Bachelor of Arts degree on Sunday, June 7, at the 118th Commencement of Wheaton College, was Miss Emily C. Hood, the daughter of Mr. and Mrs. Gilbert H. Hood, Jr., 6 Everett avenue. At Wheaton Miss Hood was chairman of the Inter - race - Interfaith Committee for the Christian Association. She has been appointed the Fund Raising Agent for her Class. She is a graduate of the Brimmer and May School, Boston.

HIGH SCHOOL GRADUATION SPEAKERS

(Left to right) Steve Yale, Nancy Ross, Betsey Freeman, Debbie French and Bobby Derro.

## HIGH SCHOOL GRADUATION

A wonderful break in the weather provided ideal conditions for the outdoor graduation of the Class of 1953 on Manchester Field last Sunday. Shortly after 5:30 p. m. the high school band struck up the "Coronation March" by Meyerbeer, and the graduating class began its stately march from the cinder track to its place in the middle of the gridiron. The unusually large crowd of parents and friends was seated at the south end of the field or in permanent bleachers.

Following the invocation by Rev. Walter L. Bailey and a few words of welcome by Frederick Wheaton, class president, the five graduation speakers presented their addresses. Each of the speakers chose one facet of the central theme, "Spiritual Success," and developed it with clarity and sincerity. Nancy Ross spoke on Truth, Stephen Yale on Consideration, Deborah French on Sincerity, Robert Derro on Perseverance, and Elizabeth Freeman on Faith.

A notable feature of the exercises this year was the presence of members of the class of 1903. Following a speech of welcome by Principal Wade L. Grindle, the audience joined him in a hearty round of applause for the 50-year graduates present who included: Mr. William M. Little, class president, Mrs. Elizabeth Kendall Abbott, Mrs. Marie Kreutz Chaffee, Miss Elizabeth Abbott, Mrs. Irene Lane Clark and Messrs. George Guernsey, Amos Mills and James A. Newman.

Young Flaherty had been in the Army for three years and has a brother, Stephen, Jr., serving with the Army in Korea. There are four other brothers in the family, Thomas, John, Edward and Daniel Flaherty.

## CAPT. W. S. McKOWN

Capt. Winfield S. McKown, a former resident of Winchester and a master mariner for more than 50 years, died Sunday, June 7, in Baltimore after a brief illness. He had gone to Baltimore to bring back to Boston the Wilson Line ship, "Boston Belle," of which he had assumed command last year.

One of the senior pilots for the former Nantasket Steamship Co., he captained many of the side-wheelers plying between Boston and the South Shore beach resort, and in more recent years he had captained the excursion boat, "Holiday."

Captain McKown was 67 years old and a native of Boothbay Harbor, Me. He went to sea at the age of 9 and served as a seaman in his youth.

During World War II Capt. McKown was the hero of a freighter disaster. While serving as first officer of the Army freighter, "Nevada," in 1944, he was credited with saving the lives of 29 of the crew when the ship sprung a leak and sank in a North Atlantic storm.

Despite sustaining severe head injuries in abandoning ship, Capt. McKown gave his own protective equipment to a young seaman who was freezing to death. He and 32 men were adrift in a lifeboat which would have foundered had not Capt. McKown rigged sails to get steerage way on the boat, enabling him to steer to port.

In another marine disaster in 1949, when two ships collided in Boston Harbor, Capt. McKown, then skipper of the Nantasket steamer, "Allerton," rescued four survivors of the crash.

Capt. McKown, though not recently a resident of Winchester, lived in town for many years on Grayson road. He was a member of the Masters, Mates and Pilots Association.

He leaves his wife, Ethel May; two sons, Winfield, Jr., of Boston, known in Winchester as "Bobby;" and Melvin McKown of Boothbay Harbor, Maine. There are also surviving two brothers and a sister. A daughter, Polly, died while the family was resident here.

Funeral services were held Wednesday afternoon at the Bennett Chapel with Dr. Dwight L. Cart, minister of the First Congregational Church, officiating. Interment was in Wildwood Cemetery.

## DINED WITH B. U. PREXY

William Brace of 319 Highland avenue was a recent guest of Boston University President Harold C. Case and Mrs. Case at one of the series of "Adventures in Conversation," in the president's home, 225 Bay State road, Boston. In these "At Homes" the president and his wife lead informal student discussions on a variety of topics to establish a more personal contact with their students and to encourage independent thinking and expression of individual points of view on current problems.

The program was inaugurated last year, and according to Hugh Dwelley, Islesford, Maine, chairman of the University at Home Committee, more than 1800 students will be invited to the programs this year, with some arranged especially for graduate and foreign students. The guests are invited through a mathematical selection from the University's registration lists, and nearly every student with a four-year period should receive an invitation to at least one of the meetings. In the past the discussion topics have ranged from current school and student problems to general group investigation of religion, politics and ethics.

The programs are sponsored by the University's Student-Faculty Assembly with Mr. Dwelley as chairman and Arlette Torner, Albany, New York, as secretary. Mrs. Case and Elsbeth Melville, dean of women, work with the student committee of 26 members.

## MARTIN AND BONFILIO WON WINCHESTER FOUR-BALL

Edward Martin and Joseph "Jit" Bonfilio of Andover won the annual Member-Guest Golf Tournament at the Winchester Country Club last Sunday, beating Joseph Monahan, Jr., and Joe Kierce of Concord in the final round of the championship flight, 2 and 1.

Judge Joseph W. Monahan and Wallace Cooledge of Winthrop won the top flight consolations from Bob Roundey and Joe Cornish of the Country Club, 3 and 2.

The first flight competition was won by Dave Shean, Jr., and Major Joe Worthington of Dayton, Ohio, from F. O. "Bill" Adams and Dick Davis of Brae Burn, 5 and 4.

Second flight winners were James C. Raffi and Bob Slattery of Woodland, third flight winners, Ralph Wilde and Norman McNeil; and fourth flight winners, Milton Anderson and Bill Bartlett of Sharon.

Consolation winners were, second flight, Bob Dyer and Win Moore of Hyannisport; third flight, Horace Ford and Charlie Wansker of Duxbury; and fourth flight, Bill Selberg and Jim McSpaden.

For Martin Sunday's win was his third in this popular member-guest affair. He and Bonfilio served notice they were the team to beat when they were medalists in Friday's qualifying round with a three-under-par 34-34-68 to lead the qualifiers for championship competition. Three teams had 72s, Roundey and Cornish, Joe Monahan, Jr., and Kierce, and W. S. Cannon, Jr., and Ed Devine, Oakley.

The ultimate winners got by Fred Gillespie and Vin Meade of Charles River in Saturday's first round play and easily outclassed their afternoon opponents in the quarter final round, Dr. E. W. Johanson and Rick Kennedy, unattached, 7 and 6.

Meanwhile the youthful Boston College team of Winchester's Billy Zirkel, playing with Jimmy Kelley of Fresh Pond, won a surprising victory over Bob Roundey and John Cornish of the Country Club, 3 and 2, to enter the quater-finals and the youngsters won in that round, 4 and 3, over Jim Wilcox and Myles Baker, Jr., of Rowe, Me.

Zirkel and Kelley ran into Martin and Bonfilio in the semi-final round and found this experienced team too good for them, bowing out to the ultimate champs, 4 and 3.

In the lower half of the semis, "Litle Joe" Monahan and Joe Kierce were eliminating W. S. Cannon and Ed Devine of Oakley, 3 and 2.

Bonfilio had a par to win the first hole of the final for his team, but par fours for both Monahan and Kierce won the third to square the match, and Monahan's par took the fourth for the losers. Martin squared the match with a winning par at the fifth and the next seven holes were halved.

Martin's five on the long thirteenth broke the ice and his birdie on the 16th gave his team a two stroke lead. When the teams halved the 17th it was all over.

## INDIANS FOURTH IN STATE MEET

Winchester finished fourth in the annual State Championship Track and Field games last Saturday afternoon at the White Stadium in Boston, the not too well balanced Indians scoring 15 points to third place Lexington's 16. Natick easily won the D competition with 35 points, Punchard of Andover finishing second with 20½.

Behind Winchester were Concord, Wellesley, Leominster, Hanover, Jamaica Plain, Attleboro, Needham, Reading, Whitman, Somerset and Rockland.

Leading the Indians in the meet was Neil Muncaster with a win in the discus and a second in the 120 yard hurdles, behind Hurley of Punchard. Muncaster got the big plate out 125 ft. 3 1/8 in. for a new "D" record in this new event for schoolboys, his heave being substantially better than the new record in Class C and less than four feet off the Class B effort.

Muncaster wasn't the only Indian to bring back a first place medal. "Nicky" Fitzgerald, whose dad and uncle were more the football-ball types, sped to a close victory in the 100 yard dash, winning from Lynch and Albright of Natick in the good time of 10.6s, only a fifth of a second above the high school record for this event.

Big Tim Hennessey bettered 43 feet for his best performance in the shot, but ran into some stiff competition in this event, finishing fifth behind the record breaking 55 ft. ¾ in. performance of McWilliams of Hanover. Incidentally this heave was four feet better than anything shown in the upper classes.

Claron Swonger was Winchester's other point winner, finishing fourth in the half-mile, won by Meymeris of Natick in 2m 4.2s. Plagued with a heavy chest cold and coming up a nose-bleed shortly before the race, something incidentally Coach Knowlton knew nothing about until afterward, Swonger ran under a handicap and did well. At his best he might have won the half, and surely would have done better than fourth, for he has been running right around 2m 4 and 5 seconds all season.

A win, or second in the half would have boosted Winchester's standing materially, but everything considered the Indians did well in Boston.

The greatest run of herring in the last fifty years is now taking place in the river. They are stalled at the foot of the dam at big Mystic Lake. Thousands and thousands of these fish which weigh about a pound are vainly trying to get over the falls because the fish weir was removed. If this fish weir were in place the herring could get up into the upper parts of the river as they used to do years ago. Hundreds of these fish are being caught every day to use as food and fertilizer but boys are killing and wasting many more just for fun.

## YANKS PROTEST BRAVES WIN

The Braves beat the Yanks in a Little League baseball game on Ginn Field last Friday evening, 6 - 5, the win being protested by the losers on the ground of an alleged rule-infraction by the Braves.

Leverone returned to the Braves lineup after an early-season concussion, and now wears a special batting helmet. He is expected to add materially to the offense of his club.

Willie Morton continued his heavy hitting for the Yanks, belting out a home run with two aboard.

## WINCHESTER BOY GRADUATES

Robert J. Thorne, son of Mr. and Mrs. Albert E. Thorne, Sr., was graduated from Christopher Columbus High School, Boston, on Tuesday evening, June second.

The exercises were held at the Cathedral of the Holy Cross with Archbishop Cushing as speaker of the evening and presenting the diplomas.

Robert was the only Winchester boy in the class. He is planning on entering Suffolk University in the fall.

The Sons of Italy demonstrated why they must be considered the favorites to win the League championship by knocking off their two strongest rivals during the past week, the V.F.W. and the Army nines. Max DiMambro survived a last-inning rally by the Vets to post a 13-12 victory for the Sons, while Manager "Hokey" Procopio hurled brilliant three-hit ball to shut out the Army 11-0. The Sons of Italy look very strong, with a well-balanced lineup that is steady in the field while driving a lot of runs across the plate with an array of sluggers that are hard to stop.

Dick Tofuri twirled his first game of the season and paced the Merenda nine to their first victory of the year with an effective 3-1 verdict over the White Shirts. Marty Joyce and the Winchester Brick nine went home happy on Monday night as they edged the V.F.W. by a 7-6 score. The Vets tied this one up at 6-6 with a three-run rally in the top of the seventh but Henry Paccino hit one of the longest home runs of the season in the last of the seventh to pull out a victory for the Brick. ## WINCHESTER GIRLS AT CORONATION

Two Winchester girls, Louise Brown, daughter of Dr. and Mrs. F. Ronald Brown of Warren street, and Betty Owen, daughter of Mr. and Mrs. Earle Owen of Woodside road, were in London for the Coronation after touring France and Spain.

While in London the girls shared the apartment of another Winchester girl, Miss Barbara Booth, daughter of Mr. and Mrs. Francis E. Booth of Oxford street. Miss Booth has been living in England and working at the American Embassy there.

Miss Brown and Miss Owen saw the coronation events from seats in Trafalgar Square. Miss Booth went with the other members of the Embassy staff to a vantage place on the balcony of an official in a nearby building.

With the coronation behind them, Miss Brown and Miss Owen are touring England, either on foot, or by bike, or both.

Winchester was represented among the recent graduates of Ursuline Academy by Miss Patrice Mullaney of this town.

Through the courtesy of Daniel O'Donnell the Star is happy to extend personal felicitations to the Renfrew Press in Renfrew, Scotland, Dan's old home town which he is soon to visit for the first time in 30 years. Even without the Scottish note, it would be nice to say "hello" to a friendly newspaper across the sea and when you add a natural preference we have for the Scotch, the whole thing becomes doubly pleasant. You see, our editor's grandfather was born in Paisley, Scotland, right next town to Renfrew, and the writer, too, is descended on his mother's side from Scottish people. So good luck to you, Renfrew Press, and take good care of "Danny" O'Donnell during his visit with you. Winchester thinks very well of "Dan"!

## LIKED FISHING DERBY

Editor of the Star:

As one parent of three children who enjoyed the Fishing Derby given by the Kiwanis Club of Winchester, I would like to thank the entire group.

The whole performance, from parade to prize awarding, went off happily and smoothly, an obvious result of good organizing and careful follow-through work. Every youngster—and most of the parents—had a grand time, and undoubtedly there will be many confirmed fishermen as a result of the day.

Although the men who ran the Derby were probably tired when it ended, they should enjoy the warm feeling of having made lots of youngsters very happy.

Sincerely,
Martha Hutchings
(Mrs. Erwin)

## "SLOW DOWN AND LIVE"

Eleven northeastern states are coordinating their enforcement efforts to reduce highway traffic accidents this summer.

Massachusetts is participating in this program which urges motorists to "Slow Down and Live." Registrar of Motor Vehicles Rudolph F. King warns that speed continues to be the number one killer and trouble maker.

"Uncontrolled speed is a disastrous invitation to sudden death. It causes crippling injuries and excessive economic losses," says Mr. King.

"Keep your vehicle at reasonable speeds — always!"

"Slow Down and Live!"

## FRIENDS OF THE WINCHESTER HOSPITAL

Got that old "winding things up for the summer" feeling? Well, wait a minute! If you plan to stay home (and you couldn't vacation in a nicer home town) how about joining one of the Volunteer Services at the Winchester Hospital?

Most organizations have had their annual meetings as has the "Friends" and are closing up shop 'til fall, but there sits your hospital, beautifully new and renovated and strictly in business with non-vacationing patients. The Volunteer Services of the Friends of the Winchester Hospital offers a wide variety of things to do and the time you volunteer will help a great many people, directly or indirectly.

There's a new class in preparing supplies for sterilization (see ad, page 6 or call Mrs. R. Ashley Lewis, WInchester 6-3263). Perhaps you like arranging flowers, doing clerical work, mending (over a cup of coffee) or even learning to jerk sodas in the new hospital coffee shop. These services continue all summer and will welcome new recruits with open arms. You'll have fun and also the real satisfaction of knowing that you've offered your time to an active and worthy community organization, one that deeply appreciates your efforts.

Following is a list of the new chairmen for 1953 - 54. Put in a call!

**Volunteer Services**

General Chairman, Mrs. James B. Harlow, WInchester 6-1912
Vice Chairman, Mrs. Richard Carens, WInchester 6-1357

Preparing Supplies for Sterilization, Mrs. R. A. Lewis, WInchester 6-3263

The "Friends" are also pleased to announce that they have been able to make two additional gifts to the hospital — one, a stretcher with sponge rubber pad and two, a new wheel chair. The other gifts, as previously mentioned, were an oxygen tent and tonsil and adenoid equipment. It is a wonderful example of community spirit that so many citizens in Winchester and surrounding towns have made these contributions possible by becoming members of the "Friends" organization and by helping through the many volunteer services.

## SECOND PLACE FOR TEELE!

The team of Calligan and Teele won second prize in the horseshoe pitching at the recent annual outing of the Boston Paper Trade at the Charles River Country Club. The local angle is the fact that Mr. Teele, R. P. Teele of Wedgemere avenue, is and has been for many years president of the Palmer Beach Horseshoe Association.

In the "old days," when the Paper Trade horseshoes were "singles," Mr. Teele was a monotonous winner, but since team play has been the rule Royal's luck has not been "so good." An added impost this year was a lame right arm picked up in attempting to crank up a power lawn mower, acquired by Mr. Teele just before the Paper Trade outing!

## JUNIOR DISCUSSION CLUB OUTING

One hundred and five boys and girls, members of St. Mary's Parish Junior Discussion Club, enjoyed an all-day outing at Canobie Lake on Wednesday, June 10th. Three buses of tired but happy youngsters had long stories of a thrilling day to relate when they returned home.

The party was arranged and directed by Father McCall, their spiritual director, and he was assisted by Fr. Anadore, Mrs. David Fortiere, Mrs. James Murphy, Mrs. John Ryan and Mrs. Isabelle Fahey.

## RECENT BIRTHS

To Dr. and Mrs. Dominic Runci, a third child, first daughter, Phyllis Beth, born June 6th, at the Winchester Hospital. Grandparents are Mrs. Andrew Runci of West Roxbury and Mr. Joseph H. Rivard of Winchester.

Mr. and Mrs. Eugene A. Dente (Stella H. Rogers) of Arlington are the parents of a son, Jeffrey Rogers Dente, born June 8, at Wyman House. Grandparents are Mrs. Albert D. Rogers, formerly of Winchester, now of Arlington, and Mrs. John Dente, also of that town.

## COMPLETES ACTIVE DUTY

Col. Lester R. Godwin, director of personnel for the Atlantic Division, Military Air Transport Service, Westover Air Force Base, Mass., has completed an active duty tour of 23 months and resumes his civilian status. He will again assume the position of treasurer and general manager of his business enterprise, the General Oil Company Inc., Medford Mass.

Entering the service in July, 1942 as a first lieutenant, he became chief of military personnel for the Ferrying Division of Air Transport Command, Washington, D. C., and Cincinnati, Ohio. Later, he became chief of the officer's branch, Military Personnel Division, with ATC Headquarters in Washington, D. C. An assignment as assistant chief of staff, personnel, in ATC's South Atlantic Division at Natal, Brazil, followed. His final assignment during World War II was as assistant chief of staff, personnel, with Headquarters, Atlantic Division, ATC, Fort Totten, N. Y.

In 1946 Colonel Godwin returned to inactive status but was recalled in July, 1951 for assignment as chief of the Military Personnel Division at MATS Headquarters, Andrews AFB, Washington, D. C. He was promoted to the grade of colonel there in June, 1952 and was assigned to Hq. ATLD, Westover AFB, Mass., in September, 1952. His decorations include the Commendation Medal with four Oak Leaf Clusters.

During this recent tour, Colonel Godwin's official duties took him to Air Force bases throughout the world, visiting Europe, Africa, and the Middle and Far East.

A resident of 7 Grassmere avenue, Winchester, and a graduate of Dartmouth College, Colonel Godwin is past president of the Massachusetts Oil Heating Association and the Medford Lions Club. He is married to the former Edith Plain of New Jersey and is the father of two children, Jane and Lester, Jr.

## LINCOLN SCHOOL ASSEMBLY

The meaning of Memorial Day was the theme of an assembly in song and verse which was presented by the children of Mrs. Mary T. Sullivan's first grade and of Miss Margaret Harkins' second and third grades.

Reciting the poem, "Why They March," were first graders Diane Nault, Ronald Eriksen, Janet Ward, Kevin Nelson, Betty Gleason, and Harry Paynter. Following this recitation, the entire group joined in singing "Memorial Day."

Second and third grade pupils, including Jason Handy, Philip Barnes, Bruce Govostes, George Muraco, Richard Gleason, Douglas Smith, Richard Casalinuovo, Michael Bellino, James Morris, and Nancy Harrold, recited "All Things Bright and Beautiful."

A colorful march was next presented by Virginia Scaturro, Janet Rich, Nancy Carter, Jacqueline Webster, Anthony Shields, Gerald Migliacci, Richard Ceruizzi, and Guy Hutchings.

As the principal speaker at the assembly, Mr. Horne, representing Winchester Post 97, American Legion, talked to the children on the significance of Memorial Day.

Also participating in the program were Walter Aldorisio, David Carter, James Dodson, Jr., Peter Hichborn, William Palmer, Michael Runci, Constance Batalis, Deidre Cawrse, Madeline Derro, Nancy Falzano, Marsha Harley, Barbara LaTorella, Gail Morin, Diane Nault, Edwina Olson, Margaret Rich, Sandra Wingate, Dorothy Woodard, and Kathryn DiBenedetto.

## B. C. GRADS

Four Winchester boys were among the graduates from Boston College Wednesday, the twins, Jerome and Aidan Underwood, Sherman Saltmarsh and Wellington Burtnett. In addition to their degrees the Underwoods also received commissions as lieutenants in the Army Reserve after completing their ROTC course.

The Rev. Harry J. Cassidy, son of Mr. and Mrs. John F. Cassidy of Water street, a member of the faculty at Holy Cross Seminary, La Crosse, Wis., is taking graduate work in education at the University of Notre Dame this summer.

## HIGH SCHOOL GRADUATION

(Continued from Page 1)

Speaking for his class, Mr. Little charmed his listeners with amusing reminiscences of a bygone era. He noted that the Class of 1903 contained but 24 members, while the Class of 1953 totals 193. Refreshing to many was his refusal to dwell overlong on the "good old days" at the expense of the dangerous world of '53.

FREDERICK A. WHEATON, JR.
PRESIDENT

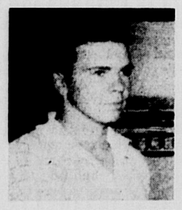
At the conclusion of Mr. Little's remarks, the first series of awards and announcements was made by Principal Grindle. To Dan McLaughlin went the Elizabeth L. Navin Award presented by the mothers of the Noonan School. The Lincoln and Lee awards, established by the late Edgar J. Rich in his bequest to the Winchester Public Library, went to Deborah Fish, first prize, Barbara Colucci, second prize, Claron Swonger, third prize.

DAVID F. BURKE
VICE-PRESIDENT

**Recognized as recipients of scholarships from colleges were the following:** Frank Carleton, Dartmouth, $800; Robert Derro, Harvard, $400; Margery Sanger, Ohio Weslyan, $250; Nancy Ross, Smith, $900; Curtis Ryan, Yale, $1,200. Frank Scaturro received the Beggs and Cobb Scholarship of $400, and he will attend Fitchburg State Teachers' College. Especially noteworthy is the four-year scholarship to the United States Coast Guard Academy won by David Meskell.

GLORIA MUCERA
SECRETARY

As the second series of awards, the Jere Downs Scholarships were presented by Mrs. Sara C. Woodward, chairman of the Winchester School Committee, to Beverley Ambrose, Barbara Colucci, Diane Cooper, Robert Clark and Alan Burt.



PAUL J. MAHONEY
TREASURER

To Mr. Charles H. Gallagher, chairman of the Winchester Foundation Scholarship Committee, remained the pleasant task of presenting the Foundation scholarships. Awards from En Ka, the American Legion and Rotary went to Janet Archibald, Elizabeth Curtis and Donald MacFeeley respectively. Other graduates receiving Foundation Scholarships were: Joan Connors, Constance Corthell, William Doughty, Theodore Elliott, Carol Foster, William Johnston, Neil Muncaster, Judith Nanry, Beverly Ryd and Claron Swonger.

The Special Foundation Honor Wards without stipend were presented by Mr. Grindle to three of Winchester High School's most outstanding girls: Elizabeth Freeman, Deborah French and Ann Hooper. A member of the National Honor Society and news editor of the Red and Black, Elizabeth won the coveted D. A. R. Good Citizenship Award. Notable among Deborah's accomplishments have been her posts as editor of the Red and Black and the Aberjona and her selection as first prize winner in the state United Nations essay contest. Recipient of the Mary B. Davis annual award of the Winchester College Club, Ann has also received the Smith College Club scholarship of $400.

At last the great moment arrived when Mrs. Woodward, assisted by Principal Grindle, began the presentation of diplomas. Though each graduate received the plaudits of his friends and relatives, a special round went to Joseph Donlon, presently of the United States Marine Corps, who received his diploma in absentia.

For the last time this school year the high school band played its stirring rendition of "The Star Spangled Banner," and then the Benediction was pronounced by Rev. Bailey.

The list of graduates appears elsewhere in the Star. Following are the names of students recognized for honors work in their chosen fields: Donald MacFeeley, English; Barbara Clark and Deborah French, History; David Meskell and Myrna Monsen, Science.

Members of the Permanent Honor Roll are:

Archibald, Janet
Benson, Elizabeth
Burt, Alan
Clark, Barbara Ann
Colucci, Barbara

Derro, Robert
Freeman, Elizabeth
French, Deborah

The smooth operation of the graduation exercises was the result of much careful planning by Mr. John D. Stevens, Senior Class Adviser, and his faculty assistants. Among these were Mr. Joseph Aversa, printing; Miss Ruth Bennett, tickets; Mr. Robert Keeney, speakers; Mr. Fred Felmet, music; Mr. Thomas Morse, public address system and speakers; Mr. Henry Knowlton, chairs and grounds; Messrs. Branley, Burns and Finigan, ushering; and Senior home room teachers, marching. The public address equipment loaned by the Little League provided a much improved sound system.

## MERRIMACK GRADUATE

John A. Cassidy of 20 Poplar street, Melrose, son of Mr. and Mrs. John F. Cassidy of Water street, was graduated Saturday, June 6, from Merrimack College, receiving the degree of Bachelor of Arts cum laude.

Mr. Cassidy, an Air Force veteran of World War II, and a disabled veteran of 11 years service, had planned to make the Army a career, but a serious injury sustained after World War II in Canada while assisting in the installation of radar along the Can-Am Highway, changed his plans.

He underwent a long period of convalescence from his injury, being finally discharged from the Letterman's General Hospital in California with the rank of 1st lieutenant.

For two years after his discharge he went to college in California but transferred as a junior to Merrimack. He is married, has four children and recently accepted a position with General Electronics at 18 Tremont street in Boston.

## OIL COMPANIES MERGE

Two of the oldest and best known fuel companies in this section, the Chapin Oil Co., and the Nichols Fuel Co., of Reading, have recently joined together and will henceforth be known as the Chapin-Nichols Co., according to the joint statement of Earl Chapin, president and Lionel S. Nichols, vice-president of the new company.

Mr. Chapin, many years ago pioneered in oil heating and today, after 27 years, his company is one of the best known and efficient in this section. With the coming of Paul Rimbach as manager, three years ago, Mr. Chapin acquired a man well versed in all phases of home heating. Mr. Rimbach is also a vice president of the new organization.

The Nichols Co., started by the Nichols family sixty years ago has been in the fuel business almost that long and several years ago decided to concentrate on oil heating alone. Today it is managed by Lionel G. Nichols who is most progressive and well informed in all branches of home heating.

According to Mr. Chapin, "it seems only fitting that these two companies, with the same psychology of business, "how can we serve our customers better?" should pool their resources, and it is our hope that we can continue to merit the good will of our customers and improve heating oil and oil services continually. We will handle Winkler and Delco complete heating equipment, consisting of steel and cast iron boilers, warm air furnaces, gravity furnaces, low pressure and high pressure oil burners and water heaters. We will also continue our service contracts, which we believe are outstanding, and will have available a budget plan of oil payment."

The personnel of the two companies will continue the same in the new set-up, with the office located at 42 Haven street, Reading, as of July 1. Mrs. Terry Ham and Mrs. Beatrice Powers will comprise the office staff. Office hours will be from 8 a. m. to 6 p. m. Monday through Friday until September 1. Thereafter the office will also be open on Saturdays from 8 a. m. to 6 p. m.

The Chapin-Nichols Co., will maintain 24 hour-day service, 365 days of the year with complete facilities for fuel oil and range oil delivery.

Many swarms of bees have appeared in town since the recent warm weather. They fly for miles and light where ever they fancy. One swarm made a landing at George Heywards front lawn on Everett avenue and was soon captured by one of our local bee keepers. Other swarms have alighted on Glen road, Harrington road, Francis circuit, Sylvester avenue, and Wedgemere avenue. They are just hunting new homes and seldom do any damage.

Local Housewife Tells - HOW TO GET THE MOST OUT OF YOUR CAR

"My husband commutes to and from his work by Boston and Maine train. That means I have the car all day — I don't have to walk, or hire a taxi, or get a ride with a neighbor if I want to visit or do errands. He saves money and energy. I save time and trouble. So we're both in a better humor at the end of the day."

Right! The car is useful, instead of sitting parked all day long. Everybody's happy!

## WINCHESTER WELLESLEY CLUB

The annual spring luncheon of the Winchester Wellesley Club was held on Friday, June 5th, at the Domine Manse in Bedford. Thirty-two Club members attended, and Mrs. Alice Miller Dean of Vista, California, Wellesley '17, who is visiting her daughter Mrs. H. Gardner Bradlee, was a guest. Mrs. Ross Cunningham was in charge of arrangements.

After the luncheon Mrs. Wayne Davis, president of the Club, conducted a short business meeting. The secretary's and treasurer's reports were read, and Mrs. Richard Jordan, Ticket Chairman, reported on the Winchester Mornings.

Mrs. Davis introduced Mrs. Richard Gould, Wellesley '26, one of Winchester's Welcome Wagon hostesses, who gave a most interesting account of this institution. The idea of the Welcome Wagon originated with a Memphis advertising man, and in a few years it has grown to a nationwide prominence. Supported by local businessmen and civic-minded organizations, the Welcome Wagon hostess visits newcomers to the town, presents them with gifts supplied by the various sponsors, and gives them information on such subjects as the churches, schools, library, hospital, and other civic organizations. Another Welcome Wagon service in Winchester is visits to families with new babies.

Mrs. Gould's talk was most interesting to her audience, most of whom had not realized the scope of the Welcome Wagon's activity, nor the benefits derived from it by all members of the community.

## "THE DEAC" IN LONDON

News of Capt. Robert S. Hamilton, former Star linotyper now a captain in the Air Force, reached us this week.

"Shellie" or "The Deac," as he is known to his host of friends in Winchester, was on leave from his duties at the Casablanca base in the Middle East and on leave in London, at least just prior to the coronation. Presumably he was able to get a look at this impressive spectacle.

Before going to London Captain Hamilton met Roger Thwing and his wife in Paris and in memory of the old days of the "Tourist Club" the trio took in the Folies Bergere. It really is a shame that Flaherty and Dolan, among others of the Tourists, could not have been in the party.

Captain Hamilton spent four days with the Thwings in Paris before going on to London. He reported he was flying back to Casablanca on one of the new comet jets we have heard so much about. "The Deacon" really does get around!

Frances Kneeland, daughter of Mr. and Mrs. Thomas Kneeland of 99 Wildwood street, graduated from Kents Hill School, Kents Hill, Maine, on June 7th. Miss Kneeland has been very active in sports, being a member of the basketball, hockey, tennis and softball teams. She was also a member of the Outing Club and Dramatics, head cheerleader and a member of the International Relations Club. She was a member of the "Breeze" staff.

SO BEAUTIFUL! SO POWERFUL!

GENERAL MOTORS LOWEST PRICED EIGHT

SO ROOMY! SO LOW IN PRICE!

*Judge Pontiac purely from the standpoint of quality* and it's hard to believe that it is actually a low-priced car.

Here's a car so handsomely styled it's one of the most beautiful on the road.

Performance-wise, too, Pontiac will take on all comers. Its big, high-compression engine gives you split-second response in city traffic, lets you cruise at highway speeds with plenty of power to spare and economy, too.

*Pontiac is a big car*—in fact, no car so big is priced so low. Its long 122-inch wheelbase means road-hugging safety. And inside you'll find Pontiac's big, roomy Body by Fisher gives you plenty of space to relax.

*But Pontiac's outstanding feature is its price*—a price so low that if you can afford any new car you can afford a Pontiac.

We'll be glad to prove that dollar for dollar you can't beat a Pontiac!

## ANNUAL EXHIBITION

The thirteenth annual exhibition of the works of Medford artists will be held at the Royall House, Main street, Medford during the week of June 13 through 21 from 2:00 to 5:30 o'clock. Oil paintings, water colors, pastels, sculpture, hooked rugs, photographs and examples of many crafts, all done by Medford residents or former residents, will be displayed throughout the historic mansion which was built in 1732.

This exhibit, which started very modestly thirteen years ago and has grown in scope and community interest each year, affords an excellent opportunity for residents to have their work seen by the public while enabling the Royall House Association to raise funds for the preservation and restoration of this distinguished landmark.

Tea will be served on the patio overlooking the garden on opening day. Colonial ushers in authentic costume will help visitors discover many interesting historical facts relating to the decor and furnishings of the Royall House. Votes cast by the public will determine the winning exhibit in each category and prizes will be awarded on Sunday, June 21, which has been designated as exhibitors' day.

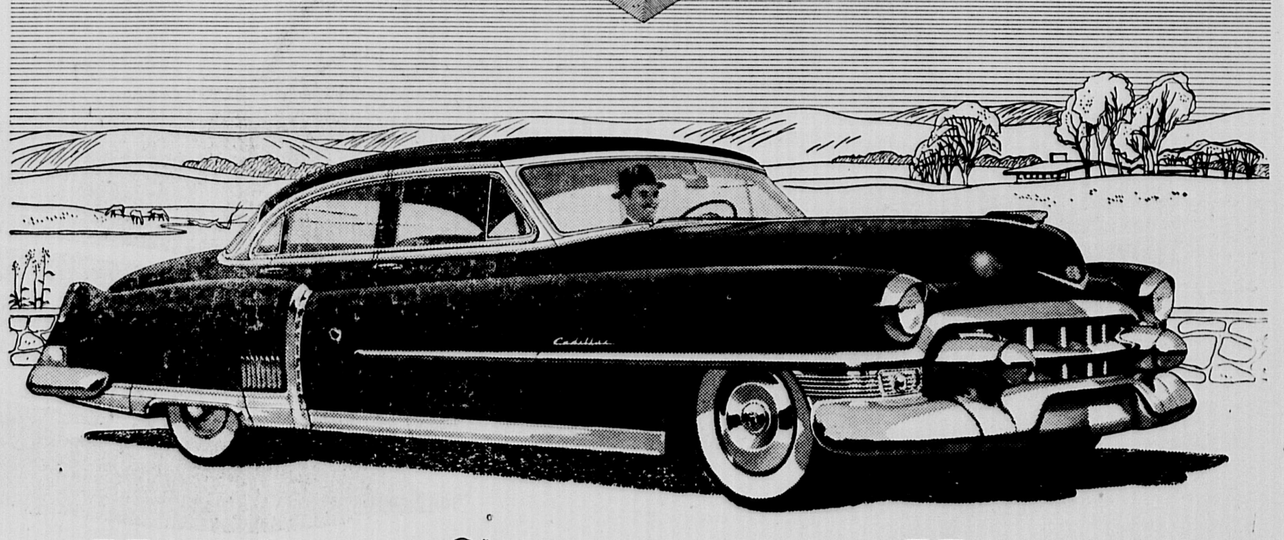
Cadillac



He's Done Something for Himself!

Only a few short minutes ago, the man you see in the picture above was handed the golden keys to his 1953 Cadillac—and now he's off on that first delightful journey behind the wheel.

And as he leans back against the deep, soft cushion, and looks out over that proud hood into the roadway beyond . . . well, he knows he's *done* something for himself!

He knows it just from the way he feels there in the driver's seat—rested, relaxed, and at peace with the world . . . confident in the knowledge that he has made the wisest possible choice of a motor car.

He senses it in the marvelous way the car handles and drives and rides . . . so effortless and smooth and quiet that it's a joy and an inspiration just to hold the wheel in his hands.

And he knows it, too, from the feeling of pride and satisfaction he enjoys as he looks forward to the delight of his family and the approval of his acquaintances and friends.

And how the miles and the years will bear him out in his conviction!

Let him arrive at the door of a distinguished hotel . . . or an exclusive club . . . or a famous restaurant . . . and he will find his Cadillac the perfect "letter of introduction."

In fact, let him travel wherever he will in this broad land of ours . . . and he will find his Cadillac a trustworthy and unfailing companion, an inspiration to own and drive, a valued contributor to a magnificent way of life.

Yes, you're looking at a man who's done something *wonderful* for himself—wonderful beyond even his fondest dreams.

And if you think it's time *you* did something for yourself, then we suggest you come in and see us.

Let's make it "Cadillac time" for you!

## GRADUATING CLASS ENJOYS CLASS NIGHT

The high school gymnasium was the scene of the traditional Class Night banquet last Saturday, when members of the graduating class assembled to dine together and to relive some of the memories of the past four years.

Seated at the head table with Fred Wheaton, class president, were Mrs. Edward G. Stacy, the honor guest, Mr. and Mrs. Wade L. Grindle, Dr. Forbes H. Norris, Mr. and Mrs. Philip J. Woodward, Mr. John D. Stevens, Deborah French, David Pratt and Roberta Coon.

A happy innovation this year was the group singing which took place at odd moments during the excellent dinner and afterward. After the last of the ice cream had disappeared, the speech-making began. Ted Elliott reviewed the History of the Class, and the Class Will was read by Roberta Coon. Sharing in the reading of the Class Prophecy were Joan Moore and Margery Sanger.

Receiving the Class Gift from Fred Wheaton was David Pratt, president of the Junior Class. The gift should warm the hearts of the dramatic society, for it is a movable grouping of stage scenery, known as a Stage Box Set.

As the next speakers, Principal Grindle and School Committee Chairman Mrs. Woodward offered words of inspiration and encouragement. It was Deborah French's privilege to present the dedication of the Yearbook to Mrs. Edward G. Stacy, "devoted teacher, confidante, true American." Mrs. Stacy's response to the thunderous ovation which followed the dedication will be long remembered by her students and friends.

In his comments, Dr. Norris added his tribute to that of Deborah, drawing upon her words "true American" to offer an eloquent plea that the graduates might strive to exemplify these words.

After the speeches came a lively program of entertainment. That popular song trio composed of Ted Elliott, Bob Flaherty and Dick Fernandez, accompanied by Don MacFeeley at the piano, pleased the crowd, as did Norm Howard, who offered one of his inimitable songs. Liz Curtis and Marcia Symmes did some lively stepping. For drama there was a humorous skit (from the pen of Ray Hayward?) presenting a quintet of little-known but versatile actors — Fran Murphy, Jim Carroll, Dick Violante, Jack Connors and Dom Tofuri.

Entertainment over, Mr. Richard Ulin, adviser to the Aberjona, announced that the distribution of the Book would begin. Other members of the faculty who assisted with the Class Night were Miss Helen Carroll and Mr. Henry Knowlton.

## CHILDREN AID HEART FUND

Last Sunday evening June sixth, a group of fourth grade children assisted by their parents and friends, gave a Carnival at which they raised $11.80 for the "Strike It Rich" Heart Fund.

With her father performing as "Superman", and her mother selling homemade candy, Janet Keppler, of 12 Fells road, carried out the idea she had conceived of raising money for this worthy cause. Assisting in elaborate preparations for the event were Penelope Borden, Janet Cussen, Judith Donovan, Abigail and Guild Nichols and John Swift, Jr.

From six-thirty until eight Mrs. Werner, Janet's "Auntie", had charge of the refreshment booth, where pink lemonade and cookies sold for two cents. Other amusements included throwing darts at balloons, tossings a hat on a large stock, throwing balls to knock down stuffed animals, a Magician (Guild Nichols) and a Fortune Teller (Penelope Borden). The Keppler's yard was gay with crepe paper and cardboard decorations. Since none of the prices exceeded five cents, and most of them were two cents, these young people certainly did a very successful job for an extremely worthy cause.

Mr. and Mrs. Robert F. Goddu of Kenneth Square, Pa., and son, David, are visiting Mr. Goddu's parents, Mr. and Mrs. Warren F. Goddu of Marshall road this week. Mr. Goddu is attending his Harvard reunion.

McLaughlin of 15 Arlington street, is among the members of the United States Naval Academy Class of 1955 who will participate in a varied summer training program this year. Amphibious and aviation indoctrination, including a three weeks aircraft carrier cruise, will be included and there will be a full-dress simulated invasion of beaches at Camp Pendleton, Va.

Town Treasurer Abbot Bradlee received this week $258,440.88, the amount returned to the Town from the State Tax. Despite his protest to Tax Commissioner Long the State money was not returned to the town in time to prevent the borrowing of $200,000 from the Winchester National Bank in anticipation of taxes. Mr. Bradlee was unable to get any information that the State money would be paid the town before fall.

The Town of Winchester sent its power-saw and foreman "Ed" McKenzie to Worcester to the devastated area of Worcester on Wednesday.

## YOUR OWN BREAD

The Staff of Life—Once meant home-baked bread. Today's children view the phrase solely in relation to the end product of a harried group of extroverts grinding the grist for a weekly picture magazine.

Early American Products, whose generous offer to experiment minded home-makers appears elsewhere in these pages, has a plan to restore to our kitchen that wonderful, mouth-watering fragrance which only the original staff-of-life could inspire.

Of great interest to frustrated bakers is Early American's formula for turning out fat, beautiful, oven-ready loaves in less time than it takes to clean up those breakfast dishes. Moreover, the creators of this modernized revival of an old art, assure us that once a woman has caressed and patted these twin loaves into promising, velvety form, nothing short of the luxury of wild mink will ever again satisfy her creative urge.

Best news of all is Early American's offer of a generous trial package of this exciting new product. To the first fifty Winchester home-makers whose requests are received, the manufacturer promises to present, absolutely free, his regular 2-loaf package of the new mix.

There are no strings attached and the product will not be sold until September.

Moreover, if after accepting the gift offer and checking results, you feel that you have a refinement or even a slightly different approach, Early American will carefully weigh your suggestion against the others received and award to the most helpful experimenter a valuable, All Chrome lifetime bread box. Just the thing for those fragrant, delicious loaves of home-baked bread you'll be proud to serve.

## MERENDA — PERRY

A marriage of Winchester interest took place at St. Joseph's Church in Lynn on Saturday afternoon, June 13, when Miss Patricia Anne Perry, daughter of Mr. and Mrs. William L. Perry of Chestnut street, Lynn, became the bride of Robert Guy Merenda, son of Mrs. Guy F. Merenda of Nelson street and the late Mr. Merenda. The Rev. John Sears officiated at the 3 o'clock ceremony which was followed by a reception at the Kernwood Club in Malden.

Given in marriage by her father, Miss Perry wore a gown having a bodice of Chantilly lace over satin with tiny lace roses appliqued around the wide neckline, long fitted sleeves and a voluminous lace skirt over an underskirt of tulle with a scalloped hemline and long fan-shaped train. Her tiered illusion veil was caught to a contoured headpiece fashioned of iridescent sequins shaped like small roses and she carried a lace-covered prayerbook topped with glamelias, stephanotis, ivy and clustered pink rosebuds.

Mrs. Samuel Confalone of Wakefield was her sister's honor attendant and the bridesmaids were Mrs. Charles Merenda, sister-in-law of the bridegroom, and the bridegroom's sister, Miss Carolyn Merenda, both of Winchester.

The matron of honor wore an aqua mist dress having a frosted lace pleated bodice with snug-fitting jacket and a handkerchief-point skirt of tulle over taffeta. Her petal-shaped hat of tulle had pink and white flowers clustered at the back and she carried an arm-bouquet of rubrum lilies.

The bridesmaids wore identical petal pink dresses like that of the honor attendant, the flower clusters on their matching hats being pink, blue and white. Their cotillion bouquets combined deep pink roses with cornflower and sweet alyssum.

Mrs. Perry, mother of the bride, was gowned in aqua chiffon and wore a small matching flowered hat and carried yellow rosebuds with her silver purse. The bridegroom's mother, Mrs. Merenda, wore a sea-foam - green dinner dress with matching hat and a corsage of pink rosebuds.

Charles Merenda of Winchester was best man for his brother, and the ushers were Samuel Confalone of Wakefield, brother-in-law of the bride; John Ameroso of Malden, Robert Cappiello of Somerville and Richard Violante of Winchester.

The bride is a graduate of Lynn English High School, class of 1952. Mr. Merenda, who is associated with the Merenda Flooring Company of this town, graduated in 1952 from Winchester High School.

President, Wade L. Grindle.
Vice-Pres., Thomas M. Downes.
Sec. - Treas., Edward J. Maher.

This Annual Meeting was Ladies' Night, and was presided over by President Charles Howard of Reading. The Eastern Middlesex, which is one of the Associated Harvard Clubs, includes the towns of Melrose, Stoneham, Reading, Wakefield, Winchester and Woburn. It is estimated that one thousand men holding Harvard degrees reside in this area. The Club meets at the beautiful Bear Hill Golf Club which is a convenient point for all towns.

## HOSPITAL COFFEE SHOP

School days over, summer brings the end of many duties except for the ever-present, three-times-a-day preparation of meals, summer and winter.

When it added its new wing, the Winchester Hospital reserved a little room not far from the desk, for a small shop where one can buy gifts, toilet articles, etc., as well as a drink and a sandwich. The town is fortunate in having this shop, such as is part of the equipment of all modern hospitals. Located on the ground floor it is easily available and a source of cheerfulness and pleasure for all who visit it. The proceeds, of course, go back to the hospital for linen, so the busier it is, the better.

The doctors and nurses are in and out, visitors and children also, and the lunch hour is a busy one. The shop caters to a growing American tradition, the sandwich luncheon. But there are daily variations that keep customers asking, "What's today's Special?"

The shop is open Mondays through Fridays from 10 to 4. If you are not going away this summer, have a vacation at home. Visit it often. Try the new low-caloried drink at the soda fountain.

## DISASTER RELIEF FUNDS NEEDED

The tornado that struck central Massachusetts and southern New Hampshire last week imposed tremendous responsibility on Red Cross to meet the needs of the injured and homeless. The local chapter of the Red Cross is confident that the citizens of Winchester will wish to come to the assistance of their less fortunate neighbors.

The last two months have been among the most destructive and costly in Red Cross disaster experience. Since April 18 there have been 14 major disaster operations. Emergency relief and rehabilitation so far provided for the victims has virtually wiped out the entire disaster budget for the current year. Hence, additional funds will be required to meet the needs of the recent storms.

Winchester residents may send or bring their contributions to the Winchester Trust Company which is acting as the collection agent for the Red Cross.

All lovers of hooked rugs will be pleased to hear that the pupils of Mrs. Arthur Aldrich of Reading will hold an exhibition at the Crawford Memorial Church on October 21st and 22nd. Included in this group will be classes from Winchester and the surrounding towns.

## RECEPTION FOR DR. NORRIS

Hundreds of Winchester folk, representatives of many civic and religious organizations and parents from all sections of town, thronged the Music Hall last Thursday evening for the reception honoring Dr. Forbes H. Norris, retiring superintendent of schools. Standing at the east end of the hall, Dr. Norris received the greetings of his friends — thanks for his years of splendid service to the town and best wishes for success in his new venture. Mrs. Norris, who has been visiting relatives in Indiana and Illinois, was unable to be present, but Dr. Norris was accompanied by his son, Forbes, Jr., a student at the Harvard Medical School.

Among those present were Mr. and Mrs. William C. Cusack, who graciously provided the use of the Music Hall for the reception, and their guests, Mrs. Raphael Bascaglia, of Puerto Rico, and Miss Isabelle Martin, of Majorca, Spain.

Adding much to the pleasure of the occasion was the music of a string ensemble composed of faculty members from the Winchester schools and their wives. With Mr. and Mrs. Fred Felmet were Mr. and Mrs. Ted Janner and Misses Eleanor Anifantis, Natalie Fitch, and Leonor Rich.

Though the success of the reception is all the thanks they need, much credit should go to the many persons whose planning and hard work made it possible. The planning committee was composed of Mrs. Philip J. Woodward, chairman of the School Committee; Mrs. R. D. Bolster, past president of the Central Mothers' Association; Mrs. Ruth Graham, president of the Teachers' Club; and Mrs. Paul E. Nason, president of the Central Mothers' Association.

The attractive floral decorations were arranged by Mrs. Samuel B. Kirkwood. The delicious cakes and cookies were provided by Mrs. George A. Marks and her committee of mothers: including Mrs. Thomas Downs, Parkhurst School; Mrs. Warren Shoemaker, Wyman School; Mrs. John S. Morgan, Noonan School; Mrs. H. S. Mullens, Lincoln School; Mrs. Albert D. Swazey, Mystic School; Mrs. R. C. Cunningham, Washington School; Mrs. John D. McLean, Junior High School; and Mrs. Richard Clark, High School.

The preparation of the punch and the service of the refreshments on the terrace of the Music Hall were supervised by Miss Judith Kinney and Mrs. Laura Winn, of the Junior and Senior High Schools. The attractive waitresses, all members of a Junior High domestic science class, included: Mary Jellison, Joan Olivadoti, Joan Peabody, Sally Scott, Carol Richburg, Marjorie Reynolds, Sara Woodward, Phyllis Schiraga, Christine Powers, Norma Crockett, and Doris Pullo.

Miss Dorothy Mary Winship, daughter of Mr. and Mrs. Edward Newell Winship of Sheffield road, had her sister, Miss Judith Margo Winship, as her only attendant at her marriage on Saturday afternoon, June 13, to Robert Bee Lewis, son of Mr. and Mrs. Bernard Bee Lewis of Wilmington, Del. White peonies and gladioli with ferns decorated the Church of the Epiphany for the 4 o'clock service which was read by the Rev. Henry E. Edenborg.

Given in marriage by her father, the bride wore a ballerina-length gown of white lace and net with a portrait neckline and carried white orchids. The honor maid wore a Wedgewood - blue ballerina - length dress, fashioned with a lace bodice and jacket and a net skirt. She carried roses.

Fielding Lewiis of Wilmington, Del., was best man for his brother, and ushering were David Lundquist of Largo, Fla., and William Sutherland of Ocean Grove, N. J.

A reception was held after the marriage at the home of the bride's parents, which was elaborately decorated with cut flowers. Mrs. Winship, mother of the bride, wore a rose mauve silk Shantung dress with blending cloche hat and orchids. Mrs. Lewis, the bridegroom's mother, wore garnet roses with her white net gown embroidered with garnet.

Mr. and Mrs. Lewis are spending their honeymoon in Montreal and Quebec.

The bride is a graduate of Rogers Hall School, Lowell, and attended Connecticut College for Women. Mr. Lewis, a graduate of Alexis I. dePont High School in Wilmington, Del., is studying mechanical engineering at Lehigh University. He is a member of Alpha Sigma Phi and Alpha Phi Omega fraternities and of Pi Tau Sigma Society.

## FLOWER MISSION

It was unfortunate that the 1953 Flower Mission program was launched on June 2nd. Queen Elizabeth's coronation took center stage that day and only the florists of Winchester remembered that there were hampers at the railroad station to be filled for Boston shut-ins. On the following Tuesday, however, the townspeople responded with their customary generosity and thoughtfulness. May succeeding Tuesdays, through September, find the flower hampers filled to overflowing!

The First Congregational Church is in charge for June 16 and 23. Because of the untimely mishap which befell Mrs. John Wills, the chairmanship has been graciously undertaken by Mrs. H. Kimball Archibald of Penn road. Call her at WInchester 6-2376 if you are unable to deliver flowers at the station by 8:30 on Tuesday morning.

## BAKER — ELLIOTT

A former Winchester girl, Miss Katharine Hale Elliott, daughter of Mr. and Mrs. Paul Blodgett Elliott of Milton, formerly of Warren street, was married Saturday afternoon, June 13, at St. Michael's Church in Milton to George Pierce Baker, Jr., son of Mr. and Mrs. George Pierce Baker, also of Milton. The 4 o'clock candlelight ceremony was followed by a reception at the home of the bride's parents.

Given in marriage by her father, the bride wore a gown of antique satin with a portrait neckline trimmed with heirloom lace. Her veil was finger-tip length and she carried a bouquet of stephanotis, orchids and baby's breath. Miss Sarah Bremer Baker of Milton, sister of the bridegroom, was the maid of honor. With her yellow taffeta gown she carried white marguerites.

The bridesmaids were Miss Ruth Baker and Miss Sheila Page Stires of Milton; Mrs. Frank Seabury of Manchester; Miss Jane White of Lowell; and Mrs. John C. Robinson of Princeton, N. J. They wore apple green taffeta dresses and carried yellow marguerites. Elizabeth Baker of Milton, sister of the bridegroom, as junior bridesmaid, was gowned like the bridesmaids. Mrs. Winthrop Knowlton (Betsy Middleton) of Cambridge was an honorary bridesmaid.

## DRAPER, SEARS TO MOVE

Announcement of the impending removal of the offices of Draper Sears & Co., from 40 Church street, Winchester, to much larger quarters at 3 Church street, has been made by John I. Donovan, of Lakeview road, the investment firm's local manager. The new offices will be occupied July 1st.

Under Mr. Donovan's direction, the present quarters of the company were opened less than a year ago to provide investment service for the many residents of this area who, it was felt, preferred to stay away from the heavy traffic of downtown Boston. Appreciation of the opportunity to transact financial business locally is evidenced by a steadily growing clientele and an increasing volume of business.

Present offices have been outgrown. The move to the new location affords at least four times the space now occupied, and will offer greatly improved facilities to customers. The central location in Winchester Square still allows easy parking, as well as convenient access to other means of transportation.

Associated with the Winchester office are John A. MacGilvrey of Lawrence, Francis X. Day of Reading, Arthur W. Hapgood of Belmont, and Royce Randlett and Ralph D. Joslin of Winchester. The services of Mr. Donovan and staff are available for the purchase and sale of securities, analysis of financial programs, and up-to-the-minute investment research information.

The parent company, with other offices in Boston, Lowell, Milford, Fall River, and Manchester, N. H., was established in 1897 and are members of the New York and Boston Stock Exchanges and Associate Members of the American Stock Exchange.

## LOCAL GROUPS AID LAWN PARTY

A festive Lawn Party was held on the grounds of the Medical Missionaries of Mary, at One Arlington street, Saturday, June 13. This affair marks the first anniversary of the opening of the Novitiate, which was given to the Sisters by His Excellency, Archbishop Richard J. Cushing. Many of the local residents have become acquainted with the gracious hospitality of the Medical Missionaries of Mary, and spent Saturday generously assisting their work.

A gala day was planned, with competitions in various crafts, for which prizes were awarded. Games, treats and surprizes for both young and old were on the program, and at the many booths were found many bargains in gifts for Father's Day. There was also a marvelous supply of baked goods for early comers. Home cooked dinner was served from 11:30 until 2, and supper from 5 to 8. Miss Mae Vaugh supervised this special service.

One booth was operated by the Winchester Court of the Catholic Daughters of America under Mrs. B. Keaney, the Misses Alice Butler, Margaret Stevens, Nancy McManus, Celia Conlon and Margaret Grace.

Another was called the "Winchester Booth", and was under the chairmanship of Mrs. James Murphy.

As always, one of the largest attractions at One Arlington street was the booth which the Sisters themselves supplied by their own industry and skill. In addition to art work and religious articles, there were excellent cookery and their justly famous Irish Bread.

Mr. Albert Horle and his niece, Mrs. Paul D. Goddu of Cliff street, showed colored slides of several of the Country's National Parks to the pupils of the 4th, 5th and 6th grades of the Lincoln School in the school auditorium last week Wednesday afternoon.

The pictures, taken by Mr. Horle and Mrs. Goddu, held the entire attention of the children, who had been studying a number of the places shown on the slides. Mr. Horle showed the slides which were explained by Mrs. Goodu.

The showing of the pictures, was at the invitation of Paul Goddu, Jr., who is a pupil in Miss Mitchell's room of the 5th grade at the school.

## TENNIS TOURNAMENT

The finals of the draw tournament sponsored by the Winchester Tennis Association were played recently with the following results:

Men's Doubles: B. Hawley and J. Moulton defeated W. Nutter and W. Packer, 6-1, 6-0.

Women's Doubles: D. Hills and N. Bellows defeated J. McKenzie and P. Nichols, 6-3, 6-0.

Mixed Doubles: A. Alla and C. Stone defeated R. Horne and L. Abbot, 6-4, 6-2.

There were some close matches in the preceding rounds. In the Men's Doubles, M. Freeman and R. Clark defeated D. Bellows and R. Becker, 9-7, 5-7, 7-5; and F. Moore and F. Mulford, 4-6, 6-2, 6-2, and were finally put out by, N. Harris and P. Symmes, 6-3, 11-9. The latter team lost to B. Hawley and J. Moulton, 6-1, 6-4, in the semi-finals. In the Women's Doubles, D. Hills and N. Bellows had difficulty getting going with P. Morton and S. McNeil, but won, 4-6, 6-2, 6-0. J. McKensie and P. Nichols defeated B. Freeman and P. Young, 8-6, 6-3, and C. Moses and C. Stone, 3-6, 6-2, 6-1, to get in the finals. R. Horne and L. Abbot won their matches in the Mixed Doubles by comfortable scores, winnings from J. Moulton and P. Morton, 6-1, 6-3, and from T. Ordway and N. Bellows, 6-3, 6-2. A. Alla and C. Stone beat J. Scarpaci and D. Hills, 7-5, 7-5, to get into the finals. The family Doubles presented the usual wide range of teams, from father and young hopefuls to the high powered team of A. and D. Hills, who won their matches by one sided scores.

This year's Spring Tournament was the largest in recent years, there being 56 players entered in the Mixed Doubles Event, and smaller entry lists in the other events. Members of the Winchester Tennis Association Tournament Committee, Adolph Alla, Chairman, Prudence Morton, and E. Whitney Grey, did an outstanding job in getting a large turnout, and running the tournament smoothly.

The regular fall Tournament of the W. T. A. will probably be held on the week-end following Labor Day. In the meantime, come down to the Courts if you are looking for competition. There is a women's get-to-gether on Wednesday mornings, and there are usually plenty of men players in the evenings and Saturday and Sunday a. m.

## PARTY AT PLAYSCHOOL

"From ten o'clock to almost noon—On the last day of school, the 12th of June."

So read part of the invitation to the party of the Little Folks Playschool at 2 Hollywood road, to bring to a close the season of 1952-53. It was a very gay affair with the spirits of the children and their guests as bright as the sunshine of a perfect day. Peter Blaisdell, Stephen Edgell, Craig Phillips, Drew Phillips, Anthony Tambone, and Peter Thorp entertained their guests with singing and marching, their bells and drums accompanying the piano; and the tiniest guests, Marianne Thorp, Richard Blaisdell, and Mary Brunn, also equipped with bells, added their own enthusiastic touch!

The musical program followed a social period, with coffee for the grown-ups, Mrs. Anthony Tambone pouring, and special refreshments for the children. Others present were Mrs. Elliott K. Blaisdell, Mr. and Mrs. Stephen M. Edgell, Jr., Mrs. Ernest A. Phillips, Jr., Mrs. Frank Thorp, Mrs. Ewart M. Brunn, Jr., Mrs. Stuart D. Muir, and Mrs. John H. Burt, director of the school.

The distribution of gifts and favors brought to a close a very happy morning.

## "HELLO" FROM GERMANY

It was a happy occasion for Mrs. William A. Ayer, Jr., of Hemingway street on the morning of June 6th, at 9 o'clock. Her son, Army Pfc. Barry Grace called her on the telephone from southern Germany to extend felicitations on her birthday. Mrs. Ayer reports the call as coming through very clearly.

Private Grace has been on duty in Germany with the 28th Infantry Division since last November. He recently returned there after a furlough spent in Paris, France and Amsterdam, Holland.

Barry says "Hello" to all his friends and former school mates of Winchester. He keeps pretty well posted on affairs in town as his mother sends him the Star every week and Barry reports he reads it from cover to cover!

As a member of the Winchester Art Association he wishes to be remembered to all the members and sends a special greeting to his former art teacher, Miss Pauline Goodrich.

Neil H. Borden, Jr., son of Prof. and Mrs. Neil H. Borden of Highland avenue, was graduated Sunday from Bates College with the degree of A.B.

The attendance at last week's reception to retiring Superintendent of Schools Forbes H. Norris indicates the esteem in which he has come to be held by the community he has served since 1945. Dr. Norris has fashioned a secure place for himself in the affection of large numbers of Winchester people with whom he has worked both as an educator and as a public spirited citizen who has actively identified himself with many worth-while phases of our community life. In looking back over Dr. Norris' stewardship of our schools the thing which most impresses is the morale he has built among the teachers of the town and the affection in which he is held by those who have worked under him in the school system. Those who know Dr. Norris best regret his departure the most. That in itself is a real index of his stature.

## COMMON SENSE

19 Azabee,
Nishi-machi

May 27, 1953

Editor of the Star:

Each week I receive a strong link with home, my copy of the Winchester Star. Each week I turn to my favorite section — "Letters to the Editor." And, it seems, each week there is at least one letter on the subject of the proposed grade crossing project in the center of the town.

It is admittedly difficult for me 10,000 miles from home, to know all of the facts which were considered in the decision to raise the Boston and Maine Railroad tracks rather than to construct a highway overpass or underpass. There are undoubtedly reasons for this action which are beyond my limited scope. However, common sense would indicate that cost-wise it would be much more to the taxpayers advantage to alter the highway than to attempt to raise the railroad tracks. Railroad grades, if my memory serves me correctly, are limited to 4%. Highway grades, on the other hand, can be much steeper. Therefore, it stands to reason that it would be less expensive to work on roads than on rails.

As a legal resident of Winchester and a registered voter both in the town and in the Commonwealth, I hope I may be permitted to register my opinion on this matter.

Sincerely,
Charles W. Lovejoy, Jr.

## PRAISE FOR POLICE

Editor of the Star:

I should be pleased to have you publish if you see fit a copy of my letter to the Selectmen of the Town of Winchester.

I am also sending a copy of this letter to the Police Department.

Yours respectfully,
John E. Page

June 4, 1953

To the Selectmen of the
Town of Winchester

I feel that I should call to your attention the efficiency of our Police Department. In my over fifty-five years as a resident I have always found it to be of the highest character. I do not know the officer on our beat, but he must be exceptionally good. Our house has been closed for over a month and already he has been of service twice, the last and most important was the finding of a bad leak in the water pipe in the cellar, which without his attention would have caused untold damage.

I am duly grateful. The Town is indeed fortunate to have such a fine department.

Yours respectfully,
John E. Page

## WHAT CAN BE DONE!

Editor of the Star:

In reference to the Fishing Derby and other fishing in Wedge Pond:

While not wishing to throw any cold water on the wonderful sport of fishing if conducted properly, there seem to be a few facts overlooked.

After the show was over hundreds of fish that had been caught were left in the sun and 90 degree temperature. A couple of days later even hardy fishermen had to stay away from Wedge Pond on account of the odor from the dead fish!

If any citizen is in doubt as to this statement, just place a dozen or more fish on your own lawn, or in the bushes, and sit back and let the sun, heat and flies work for a few days! Conditions such as described prevailed after the Fishing Derby, but are likely to happen on any of the seven days of the week on a smaller scale.

What can be done to keep such conditions away from our parks, walks and private property?

## NEW ACT ON PRIVATE WAYS

Governor Herter recently signed into law a new section, 6F, which is an amendment to an act which Representative Henry E. Keenan of Arlington had enacted into law by the legislature in 1950, which allows cities and town to make repairs on private ways in cities and towns. This new act allows the governing authorities in their respective communities to make repairs on private ways to make them passable for the citizens living thereon. Many communities have already accepted the 1950 Act as proposed by Representative Keenan and it is expected that many more communities, and the comunities that have accepted the previous act, will now take advantage of this new law.

The new law reads:

"An Act further regulating the making of repairs on private ways by cities and towns.

"Section 1: Chapter 40 of the General Laws is hereby amended by inserting after section 6E the following new section:—

"Section 6F. A city which accepts this section by vote of its city council subject to the provisions of its charter, or a town which accepts the same by vote of its inhabitants at an annual town meeting, may make repairs on private ways which have been opened to public use for six years or more, and in such cases section twenty-five of chapter eighty-four shall not apply. Said repairs shall not include construction, reconstruction or resurfacing of such ways and shall not be undertaken unless and until the mayor and city council or the selectmen have in their possession agreements executed by all abutting owners to release and save the city or town harmless on account of any damage whatsoever caused by such repairs, nor unless the city council or selectmen vote that they are required by public convenience and necessity. Such agreements to release and save harmless being recorded in the registry of deeds for the district where the land is situated shall be deemed to be covenants running with the land and shall be binding upon all subsequent owners thereof."

## PARENTS OF GIRL SCOUTS!

Do you realize what you are missing?

Camp Joy, open Monday through Thursday each week June 22 through July 16th can give you fun, recreation, instruction and the thrill of camp life right here in your own home town! You can have nature study, hand crafts, ceramics, archery, soft ball, and swimming every day for everyone. Mrs. Francis Parsons and Miss Myra Luce will be your directors.

We have space for quite a few more Girl Scouts. Call the Office.

Physical Exams will be held at 9 a. m. at the Scout Office on Saturday, June 20th. Please be prompt!

## SELECTMEN'S NOTES

The Selectmen have taken notice that in numerous incidents of dog bites, the dogs involved have not been inoculated. Attention of the residents is called to Article 3, Section 10A of the General By-Laws of the Town of Winchester "no dog shall be permitted to run at large in the Town at any time unless it shall have been vaccinated against rabies within the preceding twelve months and evidence thereof shall have been filed in the office of the Police Department".

Mr. Harold Turner, the dog officer, has been instructed by the Selectmen to strictly enforce this regulation.

## W. S. C. S.

The annual luncheon meeting of the Women's Society of Christian Service of the Crawford Memorial Methodist Church, was held at the Winchester Country Club, on Thursday, June 11. The secretary, Mrs. Lawrence W. Kinney, reviewed the year's work in her annual report. Plans were presented for the Christmas Fair, December 4. The Pastor, Rev. John Snook, Jr., gave an entertaining and inspirational talk, in which he gave us further glimpses of his experiences during his recent trip to North Africa. Over forty members were present.

## TO VISIT EUROPE

Miss Carol Wallis and Todd Wallis of Everell road will leave Logan Airport next Tuesday to fly direct to Frankfurt, Germany. After visiting their brother, Lt. Lloyd Wallis, Jr., and his wife, who are living in Bamberg, they will visit in England, France, Switzerland and Italy.

## WINCHESTER DISTRICT NURSING ASSOCIATION

Mrs. John Chipman of 19 Lorena road opened her charming home for the June meeting of the Winchester District Nursing Association on Friday, June 12th. Perfect June weather permitted the meeting to be held out of doors on the terrace. Mrs. Theodore Browne welcomed the members of the Association and their guests. After the Secretary's and Treasurer's reports had been read and approved Mrs. Wiklund summarized the year's work to date and reported on the Nursing activities of the month of May. There were 309 calls made during May. Mrs. Wiklund and Miss Petersen were among the 500 nurses who volunteered for service in the Worcester disaster area. It was because of the generous response of the doctors and nurses that all the injured received prompt medical attention.

Doctor Eugene Pollard spoke to the group on the topical subject of fluoridation of water supplies. He said that it is one of the truly great advances in Preventive Medicine and compared it with the discovery of small pox vaccination and the Pasteurization of milk. According to the American Dental Association dental decay is decreased 65% by the use of one to one and a half parts per million in drinking water. In the United States which has the best dental care in the world teeth are decaying six times faster than dentists can repair them but it is hoped that by the use of fluorine decay can be reduced to the point where dentists can cope with the repair work. The recommended concentration of fluoride in the water supply will not harm any living thing nor will it interfere with any industrial process. Even to reach the point the first side effect occurs, i. e. mottling of the teeth, would require the consumption, at a single sitting, of 400 gallons of water of that concentration. Doctor Pollard emphasized that by adding fluorine to the water supply we are not adding anything "unnatural" to the water but merely increasing the amount found naturally to a point where dental decay is inhibited without any side effects on the population.

During the noon recess Mrs. Guy Livingstone, Chairman of the Hospitality Committee, assisted by her committee and other members of the organization served a delicious dessert and coffee.

The afternoon speaker was Miss Margaret Varley of the Harvard School of Public Health who discussed "The Nurse as a Midwife." Although Massachusetts is so favorably situated for Medical maternal care there are many parts of the United States as well as other countries where because of lack of available Medical opportunities or because of economic or cultural patterns the midwife has an important role in the community. Miss Varley traced the growth and development of controls of midwifery and obstetrical practice. Until 1917 there was no center where training was available. Since then New York has provided training both for graduate nurses and for midwives without professional training. The story of Mary Breckenridge and the development of the Frontier Nursing Service in the Mountains of Kentucky has proved that where there is adequate Medical Consultation the Public Health Nurse with special midwifery training can insure proper maternal care to many people who would otherwise rely on untrained individuals.

Miss Phyllis Tucker, R. N., of Concord, New Hampshire will join the Winchester District Nursing Association on September first as a Staff Nurse. Miss Tucker, a graduate of the Massachusetts General Hospital, replaces Miss Elizabeth Folan who resigned to do School Nursing in Woburn. However Miss Folan will be with the Winchester Organization this summer while the regular nurses are on vacation.

Dr. John J. Camuso, podiatrist, of 498 Washington street, with his wife and their daughter, Adele, are sailing from New York July 3 to spend the summer in Europe. They will visit France, Switzerland and Italy before returning to this country after Labor Day.

## WINCHESTER ENLISTEES

Following are the enlistees for the month of May:

Robert Loftus, 64 Woodside road.
Joseph Perlupo, 109 Middlesex street.

## M. S. P. C. A.

It is of interest that quick relief was sent to the tornado area in Worcester last week by the Mass. Society for the Prevention of Cruelty to Animals. Their agents hurried from all parts of the state to give relief to all those who might be helped and put to sleep hopelessly injured animals. Arrangements were made for cows to be milked for injured farmers, and milk sent on its way, thus saving waste, sickness, and financial loss.

A generous check to help in this work at this time of disaster was sent by the M.S.P.C.A., Winchester Auxiliary. Any friends of animals who would like to help may send donations to the Winchester treasurer, Mrs. Wm. N. Beggs, 17 Stowell road.

The Angell Memorial Hospital for animals is available day and night at 180 Longwood avenue, Boston., tel. LOngwood 6-6100. It is maintained entirely by donations and bequests.

For local information call WInchester 6-2226-M.

In this era of so much help for human suffering, cannot some of us spare something to ease the pain of our "lesser brothers," the animals? What a lonesome place our town would be without the 1,225 dogs licensed here June 15th!

Those who have seen dying animals cannot help but realize the anguish and despair in their eyes, for pain is felt by all living creatures, even those who cannot speak for themselves.

## BENNETT SPEAKER

Mr. Clinton W. Bennett of 10 Everell road was a speaker at the annual meeting of the National Association of Cost Accountants being held this week, June 15-19 at the Hotels Biltmore and Statler in Los Angeles, Cal.

Mr. Bennett, partner in the form of Cooley & Marvin in Boston and past president of the Massachusetts Society of Certified Public Accountants and of the Boston Chapter, National Association of Cost Accountants, discussed the approach to budgeting and the organization, methods and techniques for making it most effective, with emphasis on the human factor of budgeting.

## ST. MARY'S TIES

St. Mary's Juniors and Our Lady of the Assumption Juniors battled to a 5-5 tie last Friday evening at Suntaug Park in Lynnfield in a CYO League game.

St. Mary's opened the scoring in the first inning when Dattilo reached on an error, stole second and scored on Charlie Govostes single to left.

St. Mary's scored again in the third when Paul McManus singled to left, stole second and came in on an error by the second baseman.

In the fifth, Mawn led off with a walk; McManus popped up to the pitcher. Frank Dattilo got an infield hit. Ralph Kerrigan bunted, but Mawn was out at third. Charlie Govostes was hit by a pitch to load the bases. Charlie Allen then singled to score Dattilo and Kerrigan with the third and fourth runs, and St. Mary's led again 4-3. Pitcher Art Sullivan helped his own cause by getting an infield hit and when the shortstop tried for a play at first, he threw wild allowing Govostes to score with the fifth and final run.

Art Sullivan pitched well for St. Mary's as he struck out 10 men and walked 9. Sullivan gave up his first run in 14 2/3 innings, and it was unearned. Moe Russo caught Sullivan's fancy flips and played behind the plate in big league fashion. Hurling brilliant ball and seeing his almost certain victory melt into a tie, made the pitcher's mound seem like Heartbreak Ridge to "Iron Arm" Arthur.

One passage to be read from the Bible is the following:

"Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture" (Psalms 100:3).

Bringing out the spiritual nature of the universe, the following selection will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"God creates and governs the universe, including man. The universe is filled with spiritual ideas, which He evolves, and they are obedient to the Mind that makes them" (295:5-8).

The Golden Text is from Psalms: "The earth is the Lord's and the fulness thereof; the world, and they that dwell therein" (24:1).

## GUESTS OF MT. HOLYOKE CLUB

Dr. Forbes Norris and his son Ted were guests of the Winchester Mount Holyoke Club at their annual spring picnic at the lakeside home of Mr. and Mrs. Martin Swanson. Sears Walker was chef and cooked delicious steaks to everyone's taste.

It has been the custom, for nearly twenty-five years, for the husbands to be included at this picnic. This year Mrs. Frederick Hatch was chairman and Mrs. Richard Sawyer and Mrs. Phillip Marvel assisted. For several years the treat of the evening has been the colored movies shown by Martin Swanson.

Announcement was made that on Thursday, October 15, there will be a Cook's Tour of six Winchester kitchens. This fall project, for the benefit of the Mount Holyoke Scholarship, will be headed by Mrs. Gerald Barrett, Mrs. Joseph Dolben, Mrs. Richard Emerson, Mrs. William Kugler, Mrs. Charles Greene and Mrs. Howard Morrison.

Pvt. Joseph C. Mullen, son of Mr. and Mrs. Clyde Mullen of 11 Eaton street, is at Fort Dix, N. J., for eight weeks of basic training as a member of B Battery of the 34th Field Artillery Battalion of the 9th Infantry Division. Pvt. Mullen graduated from Winchester High School and Fisher Business School. Before entering service he was with Hardware Mutuals Ins. Co., and J. J. Loftus Company.

## HIGH SCHOOL CAFETERIA ENJOYED SUCCESSFUL YEAR

With the end of business on June 17, the high school cafeteria completed a success year of service to students and faculty. According to a recent report by Cafeteria Manager Laura Winn, the number of students purchasing the complete luncheon has shown a substantial increase during the past year.

The following daily figures for the 25 cent luncheon speak for themselves:

| Month | 1953-52 | 1951-52 | Increase |
|---|---|---|---|
| September | 297 | 247 | 50 |
| October | 314 | 262 | 52 |
| November | 331 | 260 | 71 |
| December | 375 | 288 | 87 |
| January | 352 | 263 | 90 |
| February | 366 | 263 | 103 |
| March | 381 | 246 | 135 |
| April | 384 | 257 | 127 |
| May | 403 | 267 | 136 |

Recognizing that tastes in food differ considerably, Mrs. Winn has attempted to offer as varied a menu as possible within the limitations of her budget. That she has succeeded may be shown by a glance at the 25 cent luncheon menus for the week of June 1-5.

For several years, the cafeteria has been associated with the Federal Lunch program. During the past year surplus commodities, including peanut butter, turkey, cheese, dried beans, and dried milk, have, at various times, been received. These commodities, plus a reimbursement of seven cents from the Federal government for each luncheon served, have enabled the cafeteria to serve a complete, appetizing meal for 25 cents despite increased costs of labor and food.

A graduate of the University of New Hampshire, Mrs. Winn was the home economics teacher at Robinson Seminary, Exeter, New Hampshire, for four years. More recently, she was for two years an instructor at the Fanny Farmer Cooking School in Boston. Other members of the cafeteria staff include: Mrs. Irene Boyle, Mrs. Mary Flaherty, Mrs. Jessie Nowell, Mrs. Catherine O'Brien, and cashiers Mrs. Mary Sullivan and Mrs. Claire Boyle.

The first meeting under the new slate of officers of the Board of the Winchester Women's Council was held at the home of Mrs. William C. Cusack on the fifteenth of June.

The objective of the organization and the rules for the membership were read from the by-laws to acquaint new members, viz:

"The object of the organization shall be to provide a clearing house for information, publicity and general cooperation among the women's organizations in Winchester."

Secondly: "Any organization in Winchester may be represented by its president and one other chosen representative."

It is hoped that through this publicity any organization anxious to become active in the council will notify either the president, Mrs. Cusack, or the secretary, Mrs. R. E. Mitchell.

Notices will be sent to the presidents of the fifty-two now participating organizations prior to the first council meeting of the year, which will be held at the library October 23rd at 10:15.

May it be brought to the attention of the presidents of these various organizations that they are urgently requested to fill in their dates on the calendar and that these must be done by the individual in person and not by phone.

A welcome is also extended to all men's organizations to add their notes of important functions to the calendar which is kept at the main desk of the public library.

The Board has scheduled two meetings a year for the entire Council, at which time different speakers and guests will give brief talks on different fields of activities of current interest to people of Winchester.

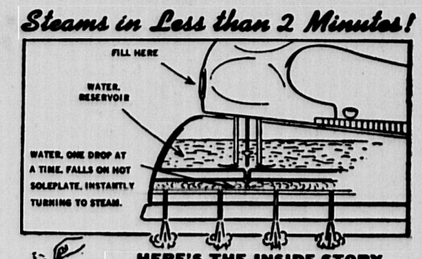
G-E Steam and Dry Iron

Steams in Less than 2 Minutes!



2 IRONS IN 1

You would never believe that ironing could be such a breeze. It's easier and faster, too, because this new G-E Steam and Dry Iron is actually *2 irons in 1.*

With the button up, you can steam-iron up to half your clothes without sprinkling them first — and press woolen suits without a damp pressing cloth.

Push the button down and this very same iron is a dry iron with "Dial-the-fabric" control to adjust the heat for whatever fabric you're ironing.

Don't wait another day. See this wonderful new G-E Steam and Dry Iron at your General Electric dealer's today!

HERE'S THE INSIDE STORY

IT'S THIS

NOT THIS

Water in reservoir falls through self-cleaning valve. Drop by drop, it falls onto the hot soleplate, flashes instantly to steam.

This means there's no boiler to build up steam pressure inside iron. Iron steams only when in ironing position. Entire process designed for safety, ease and convenience.

## ANNUAL MEETING WINCHESTER SMITH COLLEGE CLUB

Highlighting the annual meeting of the Winchester Smith College Club was the announcement of scholarship awards to two Winchester High School girls — a full tuition to Nancy Ross, daughter of Mr. and Mrs. Herbert F. Ross of 26 Lakeview road, and a half-tuition scholarship to Ann Hooper, daughter of Mr. and Mrs. Olcott Hooper of 228 Highland avenue. Both girls have made outstanding records at High School, participating in all school activities, while maintaining top ranking scholastically. Both are Junior members of the National Honor Society.

The Club voted its annual gift to the Smith College Student's Aid Society, and reported its annual contribution to the Winchester Scholarship Foundation.

President Mrs. Arthur T. Hertig called for annual reports of the Secretary, Mrs. Frederick J. Schiffmacher, the Treasurer, Mrs. Robert Kittredge, and Publicity Chairman, Mrs. Frederick J. Walsh.

Reports by Mrs. Henry K. Spencer and Mrs. William Davis, Chairmen of the Plant Committee, and by Mrs. Harold Farnsworth, Purchasing Chairman for the Luncheon, revealed that the recent Plant Sale and Luncheon held at Central Green broke all previous records, adding nearly $1,000 to the Scholarship Fund. Mrs. Charles Watson, reporting on ticket reservations for the Luncheon, told the Club that requests for tickets came from Wellesley, Lowell, Gloucester and Winthrop, as well as from the immediately surrounding towns.

Mrs. Neil H. Borden, Chairman of Community Concerts, reported on the recent membership drive and announced the artists chosen by the Board of Directors to appear next year: Mr. Rudolf Firkisny, Pianist; DePaur's Infantry Chorus; and Miss Camilla Wicks, Violinist.

The Nominating Committee composed of Mrs. Stanley E. Neill, Chairman, Mrs. Robert Roundy and Mrs. Richard Parkhurst, presented the following slate of officers for the 1953-54 season:

President, Mrs. Arthur T. Hertig; Vice-President, Mrs. Austin Broadhurst; Secretary, Mrs. Charles DuToit; and Treasurer, Mrs. Robert Williams. Publicity Chairman, Mrs. D. Reid Weedon, Jr. Mrs. Geoffrey Neiley is the new member of the Scholarship Committee, whose other members are: Mrs. J. Waldo Bond, Chairman, and Mrs. Neil H. Borden.

Preceding the business meeting, members enjoyed a picnic luncheon of steaks, roasted over a charcoal fire, in Mrs. Robert Abbott's beautiful garden at 75 Arlington street.

## ST. MARY'S UNBEATEN

Sweeping three straight games, St. Mary's Junior Baseball Team continue to fly high in their CYO League performances.

The opening game was with Melrose, whom the local speed merchants polished off by the score of 10-0.

St. Joseph's team came all the way down from Wakefield to taste the dust of defeat from the League leaders as St. Mary's chalked up an 8-4 victory. The following Friday, June 5, St. Florence parish of Wakefield tried to uphold the town's baseball reputation but the WinchesterWhiz Kids pinned a 3-0 defeat tag on their uniforms.

At the helm of this championship team is a manager who knows his baseball. He is Bill Cruwys who has shown a remarkable strategy in fielding a winning team. He is assisted by Rennie Goodrow of Matignon High Friday, June 12. St. Mary's goes to Lynnfield to play the Assumption parish at Suntaug Field, near Route 128.

## GIVE THOUGHT TO PETS BEFORE VACATION STARTS

An appeal to pet owners planning a summer vacation to give thought to arrangements for the care of their pets was made today by Carlton E. Buttrick, President, Animal Rescue League of Boston. Mr. Buttrick suggested that those people who have a pet and intend to spend a vacation away from home without the family dog, cat, or other animal with them, should be sure to make arrangements for the pet well in advance of their departure date. Animals, and cats in particular, have an uncanny way of sensing in advance any change in their ordinary routine. Consequently it is a good idea to keep cats, as well as other animals, under restraint or surveillance while out of doors when vacation time is imminent so that the animal will not be among the missing when the actual moment of departure is at hand.

If left behind when the family closes the house, the dog or cat often becomes a stray or a neighborhood nuisance, Mr. Buttrick said. Most cases of desertion of animals are unintentional, due principally to lack of foresight in making the necessary arrangements. If the pet is to be boarded, Mr. Buttrick advised that arrangements for doing so be carried out well before the actual time of departure. If for any reason the animal must be disposed of, it should be taken or sent to the nearest animal welfare organization where it may be placed in a new home or humanely put away.

## GIRL SCOUT NEWS

We are notified that Mrs. Eleanor Shinnick, our new Executive, will be on duty, and ready to meet all of us, on Monday morning, September the 14th.

Have you all seen the Camp Joy window at Filene's, on Thompson street? It's worth many a careful look to see all the pictures and Girl Scouts having fun! And there is a very nice black-top parking space, or play-ground, or assembly area up near the Cabin, with wonderful stairs leading up to the Cabin itself! What an improvement, making the Cabin so much more accessible to all.

We understand that two very hard-working members of the Cabin maintenance Committee deserve a big lot of credit for actually scrubbing the Cabin floor before the En Ka and Rotary organizations used the Cabin. If any one of you thinks that isn't a big job, just volunteer to do it the next time it is needed

## ROBERT F. WHITNEY RECEIVES PATENT

Robert F. Whitney of Winchester was the recipient on May 26, 1953, of U. S. Patent No. 2,639,603, entitled "Hide and Skin Working Machine Employing Rotating Rolls."

This invention pertains to tannery machines which employ rotating rolls for performing such tasks as the fleshing and unhairing of hides and skins.

In its general usage, this equipment must operate under conditions which are difficult in so far as maintenance and repairs are concerned. It has also been found in the past that machines of this type for processing large skins were not satisfactory for handling small ones due to the fact that the latter would often be thrust to one side of the desired line of feed and become damaged. In addition, it should be noted that it heretofore has frequently been necessary for the attendant to employ considerable manual force when initiating a change in the machine operating cycles, with the result that physical fatigue is experienced and the machine parts may clash or act abruptly on the workpiece. This has an undesirable effect on the work being produced and causes strain and wear on the mechanical elements involved.

To provide an improvement over this prior practice, Mr. Whitney has devised a tannery machine with a novel arrangement of rolls and a special fluid-pressure control mechanism for opening and closing them smoothly and without fatigue on the part of the attendant. In other words, his apparatus is adapted to feed and treat both small and large skins in an adequately effective manner. It also provides, at will, either a long or short grip for the hides to be processed; and its parts are readily accessible for repair and maintenance as well as being adjustable to compensate for wear of the rolls.

This patent has been assigned to The Turner Tanning Machinery Company.

THE PENALTY OF *Leadership*

*In every field of human endeavor, he that is first must perpetually live in the white light of publicity. Whether the leadership be vested in a man or in a manufactured product, emulation and envy are ever at work. In art, in literature, in music, in industry, the reward and the punishment are always the same. The reward is widespread recognition; the punishment, fierce denial and detraction. When a man's work becomes a standard for the whole world, it also becomes a target for the shafts of the envious few. If his work be merely mediocre, he will be left severely alone—if he achieve a masterpiece, it will set a million tongues a-wagging. Jealousy does not protrude its forked tongue at the artist who produces a commonplace painting. Whatsoever you write, or paint, or play, or sing, or build, no one will strive to surpass or to slander you, unless your work be stamped with the seal of genius. Long, long after a great work or a good work has been done, those who are disappointed or envious continue to cry out that it cannot be done. Spiteful little voices in the domain of art were raised against our own Whistler as a mountebank, long after the big world had acclaimed him its greatest artistic genius. Multitudes flocked to Bayreuth to worship at the musical shrine of Wagner, while the little group of those whom he had dethroned and displaced argued angrily that he was no musician at all. The little world continued to protest that Fulton could never build a steamboat, while the big world flocked to the river banks to see his boat steam by. The leader is assailed because he is a leader, and the effort to equal him is merely added proof of that leadership. Failing to equal or to excel, the follower seeks to depreciate and to destroy—but only confirms once more the superiority of that which he strives to supplant.*

*There is nothing new in this. It is as old as the world and as old as the human passions—envy, fear, greed, ambition, and the desire to surpass. And it all avails nothing. If the leader truly leads, he remains—the leader. Master-poet, master-painter, master-workman, each in his turn is assailed, and each holds his laurels through the ages. That which is good or great makes itself known, no matter how loud the clamor of denial. That which deserves to live—lives.*

## LINCOLN SCHOOL MOTHERS' ASSOCIATION

On the afternoon of May 27 the annual meeting of the Lincoln School Mothers' Association was held in the school auditorium. The Association President, Mrs. John J. Flaherty, extended a most cordial greeting to the mothers. She thanked the members of her board for their help throughout the year. She suggested that refreshments be served early so that the teachers would be able to participate. Punch and cookies were enjoyed.

The business of the meeting began with the present reminding the mothers of a number of coming events which were rounding out the school year. The program chairman introduced Mrs. George A. ## PANEL DISCUSSION ON SECONDARY EDUCATION

Great interest was shown in the Panel Discussion concerning "The Problems of Secondary Education Today" held at the annual meeting of the Winchester Mothers' Association at the Washington School on June 4th. Dr. Forbes Norris was the moderator and the panel consisted of Mr. Wade Grindle, Mr. R. J. Dickman, Mrs. Sarah Woodward, Miss Margaret Fosberry and Mr. Norton E. Demsey. The members spoke briefly concerning the problems in their fields and their methods of solving them.

Dr. Norris stated that in Winchester, as well as in most public schools, the superior students are the most neglected ones, having the least special attention. Mr. Grindle pointed out that Winchester High School prepares over 85 per cent of its students for a higher education. This is a very high percentage as compared to the average high school today. At the present time the program for the students whose formal education stops after high school is very inadequate. Yet there is not now a single room available for an added course. The industrial arts program which will be possible when the building program is completed, will be available to all types of students in the high school.

Mr. Dickman expressed a deep faith that boys and girls will develop into fine, well-adjusted citizens, if their parents are patient and tolerant and give their children the security of knowing that their family believes in them. Mr. Demsey and Miss Fosberry, as guidance directors, gave an interesting description of the multiplicity of their problems and the care which they take in advising the boys and girls in their aims, hopes and difficulties. Mrs. Woodward explained that it is the function of the school committee to study the problems of our schools and to see that they have the necessary facilities to carry on an excellent educational program.

The most important prerequisite to success in a school system is excellent teachers. Classes must be small enough (22-25) to permit individual attention, and this will be impossible in Winchester until the building program is completed.

Concern was expressed during the discussion that many high school graduates can barely read and write. The most valuable education that schools can give to any type of student is a basic training in the 3 Rs. A fuller educational program is extremely valuable to students, but parents as well as educators must do their part to keep the proper balance.

Adults realize how much they owe to whatever education they have received. Everything that they have learned has made their understanding broader, their sympathies deeper, their capabilities greater and their lives richer and more worthwhile. Perhaps the greatest service parents could do their children is to help them appreciate their education and realize its value.

The presidents of the chapters of each of the schools read a brief report of their activities during the year. Thereafter, Mrs. Richard D. Bolster, speaking for the Winchester Mothers' Association, expressed appreciation and gratitude for the excellent work Dr. Norris has done here and deep regret that he is leaving Winchester. "His position will be filled but no one will be able to take his place." As a token of regard she presented Dr. and Mrs. Norris with an engraved sterling Paul Revere bowl from the Winchester Mothers' Association.

## GIRL SCOUTS AID IN DISASTER

The Winchester Girl Scout Office received a phone call on Saturday, asking that we help collect clothing and blankets for 75 Girl Scouts, age 7 - 10 years, who are being taken from the Worcester disaster area, and sent to camp at Harvard, Mass., where a Girl Scout camp is being opened two weeks early to help these girls. Our President, Mrs. McCreery contacted the Churches, the Schools, and as many Leaders as possible, and had this project announced. Yesterday, Monday, the response was so great that we have already exceeded the quota, and more things are still coming in. Two big station wagons full of clothing and blankets were collected at the Office, 5 boys turned out to help carry all the things to the cars, and last night at 5 p. m. the big loads were delivered at Cedar Hill.

We also have four girls who have volunteered to go for two weeks to Harvard to help as Junior Counsellors.

We thank you all for this tremendous response, and note that you surely understand the spirit of Girl Scouting, and of Boy Scouting too. It is a wonderful feeling to know you are helping in such a pleasant way!

## WINCHESTER HOME AND GARDEN CLUB

The annual meeting of the Winchester Home and Garden Club was held on June 10th at the Winchester Girl Scout Cabin in the Fells. A picnic lunch, out of doors, with dessert served by the social committee, was enjoyed at noon, after which the members gathered inside the cabin for their meeting and program.

After the election of new officers the new president, Mrs. Edward J. McDevitt, presented the speaker of the afternoon, Mrs. Norman Mitchell, whose subject was "Simple Arrangements with Garden Flowers." Mrs. Mitchell illustrated her most interesting and informative talk with many flower arrangements that could be used in the home and the church.

The following officers were elected for the coming year:

President — Mrs. Edward McDevitt

Vice President — Mrs. Wilfred McKenzie

Vice President—Mrs. Frederick Churchill

Rec. Secretary — Mrs. Malcolm Wilson

Corr. Secretary — Mrs. Harry Locke

Treasurer—Mrs. Richard Keppler

## LINCOLN SCHOOL NEWS

**Pet Show**

Recently the fifth graders in Miss Mitchell's room were talking about their pets at home, and they decided that it would be fun if everyone brought their animals to school for a pet show. A committee was selected to make the arrangements, and, on the appointed day, the pets began to arrive. After they were all assembled the children from each grade took turns visiting the show.

After a careful survey the pupil committee awarded prizes to the following: Marjorie Griffith's puppy "Cindy", for being the most quiet animal in the show; Francis Gaudioso's puppy, as the most playful; Regina Nutile's fish, as the most unusual; David Mitchell's parrot, also, as most unusual; Linda Nelson's parrot and Bobby MacIntire's rabbit, as the most beautiful; Linda Galgliormella's puppy, as the wildest; Miss Forte's hamster "Archie", as the smallest.

**Assembly Program**

"Sally's Visit to the Zoo" was the title of an engaging assembly program presented by the first graders in Miss Buckley's room recently. Sally and her friends were played by Jayne Baird, Joseph Ciarcia, Helen Nash, Olive Green, Paul Benenato, and Edward Tonello. Portraying the animals in the zoo were Joseph DeLuca, Ann Deslongchamps, Frank Figucia, Domenic Amico, and Susan Tully. For such a small zoo there was a very large number of zoo keepers, and they included Martha Hichborn, Norma Wood, Camille Colucci, Teresa Perritano, Laurel Edwards, Susan Buchanan, James Cruwys, Richard McIntosh, Ralph Bertolucci, and Paul Gentile.

Also included in the program was a group dance, "Brother Come and Dance With Me", from "Hansel and Gretel." Everyone, especially the young actors and actresses, greatly enjoyed the assembly.

## AWARDS MADE TO BOYS' TENNIS TEAM

An announcement by retiring Captain Tony Apsey that next year's tennis team will be led by Co-captains Jim Moulton and Tom Ordway highlighted the varsity award assembly at the high school on Thursday, June 4. Both boys have been regular varsity players this season and will be joined next year by three other returning veterans, Dick Bingham, Bob Becker, and Dick Clark.

The racketeers have had a fair season, with four wins and six losses in team matches. At the Exeter Tournament on May 15 and 16 they tied for fifth place, and in the State Tournament for High Schools, held on May 23 to 28 on the home courts, they placed second, being beaten by Newton. In the number one position Jim Moulton has been a consistent winner, losing only four points to singles opponents, and being runner-up to Kerr of Belmont in the final round of the State Tournament. Curt Ryan, Tony Apsey, and Tom Ordway have been other mainstays, with Mike Mitchell, Dick Bingham, Bob Becker, and Dick Clark filling out the varsity ranks.

Junior Varsity awards were made to the following: Donald Folkers, Robert McNitt, Brad Johnson, Seth Weston, William Harlow, Laurence Hawkins, and Harlow Russell.

### FIRE DEPARTMENT SENT LIGHT UNIT TO WORCESTER

In response to calls for emergency lighting in the Worcester Disaster Area last Friday, arrangements were made through the office of Civil Defense to send Fire Departments and Highway lighting units to help.

The units were mounted on a Highway Department truck by "Jake" Horn and Chief James E. Callahan of the Fire Department recalled Mechanic Bob Haggerty from an off-duty platoon to accompany Horn and the units to Worcester, the Chief also going to Worcester in his car.

The local units left the Central Fire Station at 5:35 p. m. and met other Worcester-bound units in Waltham at one of the entrances of Route 128, the entire fleet of lighting units being escorted to Worcester by State Police.

The local lighting units were set up in the devastated area and were run all night to provide light for salvage operations and to prevent looting.

Haggerty and Horn returned to the Central Station at 7:05 a. m. Saturday, June 13, after a busy night. Local lighting units have since assisted on alternate nights in the hurricane area.

Apparatus and crew of men under Captain J. Edward Noonan was sent during the afternoon, at the request of Dr. Harry L. Mueller to assist in freeing a girl who had caught her arm in the wringer of the washing machine at a home on Allen road. The girl had been freed before the arrival of the apparatus and taken to the Winchester Hospital for treatment by Dr. Mueller.

Mrs. Jope, incidentally, was co-chairman of the ladies' reunion committee.

## WILDE AT CONVENTION

William A. Wilde, Jr., of 9 Edgehill road, associated with the W. Allan Wilde Insurance Agency, recently returned from the biennial Young Republican National Convention in Rapid City, South Dakota, June 11-13.

Mr. Wilde left Logan Airport Tuesday, June 9, and returned June 14. He was one of the nineteen (19) delegates that represented the Massachusetts Young Republican Clubs.

He had the pleasure of hearing President Eisenhower address the convention on Thursday from the foot of Mount Rushmore, famous national monument to four presidents. The general theme of the convention was boosting the G.O.P. margin in congress in 1954.

Some of the many activities that the delegates attended were a mountain trout fish fry put on by the citizens of Spearfish, South Dakota; the special performance of the Black Hills Passion Play in a large outdoor amphitheater; a buffalo barbecue in Dark Canyon, where an unexpected thrill was provided with a Sioux Indian attack on the feasting delegates.

Massachusetts was well represented in the convention activities, with Robert C. Cochrane, Jr., of Brookline being elected auditor; he was also elected chairman of the nominating committee. Robert C. Hagopian of Watertown was chairman of the veterans affair committee, while Earl Kulp of Boston was a member of the platform committee.

The convention elected the following as their national officers: Sullivan Barnes, Sioux Falls, South Dakota, chairman; Miss Marian Smith of Little Rock, Arkansas, co-chairman; Miss Emily Pike, San Francisco, California, secretary; and Duane R. Jennings of Pittsburgh, Pennsylvania, treasurer.

The location of the next convention will be selected by the national executive committee later. Bids were entered by Miami, Florida, Colorado Springs, Colorado, Washington, D. C., and Detroit, Michigan. The preceding convention was held in 1951 at Boston's Hotel Statler.

## BOYS' STATE

Winchester Post 97 of the American Legion is again sponsoring two boys to participate in the ninth annual session of Boys' State at the beautiful campus of the University of Massachusetts at Amherst. Chairman Ted Bartlett announces that David Pratt of 1 Salisbury street and Dennis Doucette of 44 Middlesex street will be the representatives of Post 97 at this important Americanism program, conducted from Friday, June 19, to Saturday, June 27. John Becker of 10 Perkins road has been selected as the alternate.

To be eligible for selection to Boys' State, a boy must be a member of the junior class, rank in the upper third of his class scholastically, and possess distinct qualities of character and leadership. A total of 440 boys from Legion Posts throughout Massachusetts are selected for this program of practical training in citizenship and government.

The two boys and the alternate chosen are typical of the high quality of representatives Post 97 has sponsored at Boys' State in past years as they are outstanding leaders in high school activities while maintaining honor grades. Pratt was president of his class in his freshman and junior years, vice-president of the Student Council, quarterback on the football team, co-captain elect of the basketball team, pitcher on the baseball team, and a member of the band.

Doucette is president-elect of the Athletic Association, a member of the National Honor Society, center on the football team, and a member of the band. Becker is editor of the school newspaper, the Red and Black, a member of both the cross country and track teams, and a member of the band. These boys are certain to be worthy representatives of Post 97 and of the Winchester High School.

## FORBES D. SMITH

Forbes D. Smith of 7 Wilson street, for many years a builder in Winchester, died Tuesday afternoon, June 23, at the Winchester Hospital. He entered the hospital June 19 but had been in poor health for several months.

Mr. Smith was born March 13, 1870, at Port Medway, N. S., the son of James and Eunice (Mouzar) Smith. He grew up in Port Medway and there learned, first the trade of a carriage builder and then a general builder's trade. He was married on Prince Edward Island before coming to Winchester 60 years ago.

Mr. Smith first lived in Winchester on Clematis street, but for the past 40 years he had lived at his Wilson street address. He followed his trade as a builder until poor health forced his retirement two years ago, building many houses in Winchester as well as in surrounding cities and towns.

He was one of the older members of the First Baptist Church and he was also active years ago in the old Y. M. C. A. when that organization had quarters on the second floor of the White Block on what is now Mt. Vernon street.

Mr. Smith leaves his wife, the former Emily S. McNeill of Charlottetown, P. E. I., and a daughter, Miss Daisy Smith of Winchester.

Funeral services were held Thursday afternoon at the late residence with the Rev. Walter Lee Bailey, minister of the First Baptist Church, officiating. Burial was in the family lot in Wildwood Cemetery.

## MRS. CATHERINE T. HANLEY

Mrs. Catherine T. Hanley of 83 Nelson street, widow of Thomas Hanley and for 50 years a resident of Winchester, died Tuesday afternoon at her home after three years of failing health. She was 70 years old.

Mrs. Hanley was the daughter of Patrick, and Anna (Coleman) Rochford. She was born in Ireland but came to this country as a young woman and had many friends among older residents of this town. She was for many years a member of St. Mary's Sodality.

## JULY FOURTH CELEBRATION

Plans for the town's observance of the "Glorious Fourth" were made public this week by Alexander W. MacKenzie, chairman of the committee of Post 97, American Legion, members in charge of arrangements for the program.

The program will follow closely those of recent years which have proven so popular with both youngsters and adults of the town.

Legion clowns in costume will tour the town in jeeps during the forenoon of July 4 stirring up enthusiasm for the afternoon program commencing at 1:15.

Previous to that time children are to meet at the rear of the town hall in costume if possible, to parade to Leonard Field where the program will take place. The parade will start promptly at 1:15 and prizes will be awarded for the best costumes in line. Prizes are limited to Winchester children.

At 1:30 an entertainment program will be presented by George A. Hamid and Son, opening with Kenny and May, "Oriental Wonders", a boy and girl who offer an amazing routine of acrobatics, tumbling, contortion and plate spinning.

Ann Reid, makeup artist, will present a program especially planned for the youngsters, including Indians, clowns and monkeys.

Marcelli and Janice, a sparkling young couple, will defy gravity with juggling and unicycle riding on a tight-wire. Their galaxy of tricks done with grace and speed have won them an unique place in the country's out-of-doors entertainment programs.

After the show the usual contests will be run off, including the popular watermelon and blueberry pie eating and other sports. There will also be free ice cream for all the youngsters and free rides on both the kiddie firetruck and ponies.

## THIRTY YEARS A PRIEST

FATHER DRISCOLL FETED ON ANNIVERSARY

Rev. Herbert K. A. Driscoll, widely known and universally popular pastor of the Immaculate Conception Parish, observed the 30th anniversary of his ordination to the Roman Catholic Priesthood on Saturday, June 20.

At 7 o'clock Saturday morning Father Driscoll celebrated a high mass at the Immaculate Conception Church, many of his parishioners being present. At the conclusion of the mass Father Driscoll expressed his appreciation to those who attended the service, and then thought no more of any further celebration of his anniversary.

However, further celebration there was to be, plans having been formulated and carried out in secret under the direction of Rev. Stephen E. Burke, parish curate, to make Father Driscoll's anniversary one long to be remembered.

The popular pastor was completely in the dark as to the plans, and it wasn't until he was persuaded to remain in the rectory Sunday night that he commenced to wonder.

He did not have long to speculate, for he was soon escorted to the auditorium of the Noonan School where he found assembled as many of his parishioners as could crowd into the building, with many more looking through the school windows and in at the doors to share as far as possible in the anniversary surprise.

The fine hand of Father Burke was apparent everywhere in the program, and especially in the series of sketches dramatizing the life of a priest, with parishioners appearing in the spotlight to take the necessary parts in the drama and a tape recording narrating the story and importance of the priestly functions portrayed.

The sketches and participants were:

1. Prologue:
   Father — Donald Lynch
   Mother — Mrs. Elizabeth Sullivan
   Boy — Joseph MacDonald
2. Ordination
   Bishop — Rowe Ghirardini
   Deacon — John Doherty
3. Baptism
   Priest — Eugene Sweeney
   Godfather — Arthur Regan
   Godmother — Ruth Wilson
4. Holy Eucharist
   Priest — James Meehan
   Communicants — Claire Sullivan and Billy Carroll
5. Penance
   Priest — Eugene Sweeney
   Penitent — Arthur Regan
6. Matrimony
   Priest — James Meehan
   Bride — Margaret Doherty
   Groom — Arthur Regan
7. Extreme Unction
   Priest — Eugene Sweeney
   Patient — Carol Frotton
   Attendants — Donald Lynch and Ruth Wilson
8. The Mass
   Priest — Thomas McElhinney

Rev. Lucien Ducie, C. P., director of retreats at St. Gabriel's Monastery, Brighton, and a friend of Father Driscoll of long standing, was the principal speaker, stating that "to know Father Driscoll is to love him."

Continuing, Father Ducie emphasized the large numbers of people in the world today without spiritual leadership and the great need for such leadership as priests like Father Driscoll supply.

He told of the lonely life of a priest, who, while belonging to many families is of none of them, but rather of the family of Christ.

Gathered with Father Driscoll to share his anniversary happiness were Rev. Joseph A. Curtin, pastor of St. Charles Church, Woburn, Rev. Charles A. Anadore of St. Mary's Church, Rev. Bernard J. Winn of Sacred Heart Church, Watertown; Rev. Hugh L. Doyle of St. Joseph Church, Needham; Rev. Fred Brigham of Belmont and Rev. R. F. Walsh, former curate at the Immaculate Conception Church.

Father Burke presented the various gifts from the parish, chief among them being a china dinner service. Francis X. Winn, president of Division 3, A. O. H., of Woburn, of which Father Driscoll is chaplain, presented him with the Order's gift, a bouquet of green carnations and greenbacks.

Father Driscoll was deeply moved as he acknowledged the gifts and expressed his appreciation of the outstanding tribute paid him by what he termed the "finest parish in the archdiocese." Ordained by the late William Cardinal O'Connell at the Cathedral of the Holy Cross in Boston June 20, 1923, he has been pastor of the Immaculate Conception Parish since 1949.

Following the presentation of the gifts an entertainment program featuring talented members of the parish was thoroughly enjoyed, with Father Burke as M. C.

The program follows:

1. Tambourine Overture — C. D. of A. Accompanist, Winnie McElhinney
2. Song Hits — Billy Catania
3. We're a Couple of South End Boys — Tommy Sullivan, Dick McEachern Accompanist, Nora Sullivan
4. Recitations.

6. Musical Skit — Winnie McElhinney and Helen Doherty
7. Vocal Solo — Louise Orgettas Accompanist, Alice Walsh Hutchinson
8. Drum Quartet — Immaculate Conception Drum and Bugle Corps Conception Drum and Bugle Corps

Cooperating with Father Burke in the anniversary celebration were representatives of the Immaculate Conception Sodality and Holy Name Society, the C. Y. O., Knights of Columbus and Catholic Daughters of America. Parishioners cooked all sorts of good things for the refreshment period that followed the entertainment.

Committee members included Mrs. Eileen Garvey and Donald Lynch, co-chairmen; Mrs. John T. Lennon, Mrs. Daniel Garvey, Mrs. Belinda Keaney, Mrs. Catherine McGowan, Sam Kinton and Theodore Livingston.

## PAINFULLY INJURED

Leo and Michael Boodakian, sons of Koko Boodakian and associated with him in the oriental rug business, were painfully and seriously injured last Saturday while at work at their plant on Lochwan street.

While operating a big ten-foot wringer with 500-pound rollers, "Mike" and Leo caught their right hands in the rollers, which passed over their hands as far as the wrists.

After being extricated the brothers were taken to the Winchester Hospital, where it is reported that they will have to remain for a month or more.

Skin and flesh from his thigh will have to be grafted on Leo's hand, but the doctors hope this will not be necesary in the case of his brother. Despite the seriousness of the injuries, physicians are optimistic that Leo and "Mike" will recover the use of their hands, which is good news to the many friends of the entire family.

Meanwhile Harry Boodakian, another brother and former football star at Winchester High School, is carrying on at the plant, with competent extra help. He asked the Star to tell patrons and prospective patrons that business at Boodakian's is being carried on as usual.

## BIRTHDAY GREETINGS

CARL BILLMAN,
ASSOCIATION EXECUTIVE.
BORN, JUNE 23, 1913,
IN WINCHESTER

Carl Billman's career may be best described as one devoted to the advancement of scholarship. The son of Christopher Lewis and Lilian (Livermore) Billman, he attended Harvard College, receiving the degree of Bachelor of Arts (magna cum laude) in 1935 and thereupon studied at its Graduate School under a George Dilloway Fellowship and was awarded the degree of Master of Arts in 1936. It should be noted also that, as a brilliant student, he was elected to the Harvard Chapter of Phi Beta Kappa, the honorary scholastic society.

As his first position, Mr. Billman served as assistant in the department of history at Harvard College from 1937 to 1941. Next, he was instructor at St. Marks School, Southboro, Mass., from 1941 to 1942, following which he was employed as tariff and schedules analyst for the American Air Lines for four years.

In 1946, Mr. Billman was appointed assistant secretary of the United Chapters of Phi Beta Kappa. Promotion to the office of executive secretary followed one year later, which office he since has held and in which capacity he has received widespread recognition.

As indicative of the scope of Mr. Billman's responsibilities and duties, it should be noted that Phi Beta Kappa was founded in 1776. It has 141 active chapters; its membership is about 110,000; and it publishes "The American Scholar" as well as numerous booklets and pamphlets.

Mr. Billman maintains offices and makes his home in New York City.

Mr. and Mrs. E. Ober Pride have opened their summer home at Conomo Point.

## PROMISING TRACK PROSPECTS

Two Winchester boys, Bruce Corthell and Tom Wilder, have showed future varsity promise as members of the Bowdoin College freshman track team this season.

In their closing meet with Portland High, Corthell won the broad jump and low hurdles, while Wilder was second behind Bruce in both these events, and also was second in the hundred yard dash and high hurdles. Both Tom and Bruce were members of the track team while at Winchester High.

## WINCHESTER CLOSED WITH WIN

Winchester closed its Suburban Tennis League men's doubles competition Wednesday, June 17th at the Palmer Courts with a 2-1 win over this year's champions, Newton Tennis Club.

Winchester had the distinction of beating the seven other clubs in team play but lost the cup competition with 17 individual victories to 19 for Newton.

The teams of Hills and Fitts, Kittredge and Williams won on Wednesday with Hawley-Harris losing in 3 sets. Throughout the season, 13 players from Winchester participated.

A round-robin tournament on June 24th, followed by a buffet supper at the Waban Neighborhood Club, Waban, Mass., closed the season's play.

## LITTLE LEAGUE LADIES AUXILIARY

The Little League Red Sox and Yanks enjoyed a delicious "cook out" Sunday, June 14, at the home of "Dicky" Low. The party was sponsored by the Mothers of the teams with Mr. and Mrs. Robert Low, Mr. and Mrs. Carl Morton, "Chief cooks and bottle washers."

Honored guests were Little League President, "Ted" Bartlett; Treasurer, "Charlie" Koch, "Ted" and "Phil" O'Rourke of the Yanks. Jim Masterton and Dan Chane of the Red Sox. Horseshoes and climbing trees was enjoyed by the boys. After stuffing themselves with delicious food everyone sat down and enjoyed the wit and songs of the O'Rourke Brothers.

The Food Sale held at Filene's Tuesday, June 16 by the Little League Auxiliary was a great success. All food was sold out at 3:30 and the cooperation of everyone who helped to make it such a success is greatly appreciated.

## B. C. GRADUATES

Nine Winchester boys graduated this year from Boston College, included being Joseph Cribben, Jr., William and Robert Zirkel, Aidan and Jerome Underwood, Paul O'Keefe, John Haggerty, Sherman Saltmarsh and Wellington Burtnett.

## YANKS SET BACK DODGERS

In a hard fought, closely contested Little League game on Ginn Field Thursday evening, June 18, the Yanks defeated the Dodgers, 6-4, scoring four big runs in the first inning.

Bobby Gray pitched well for the winners, scattering seven hits, while belting a double that counted in the scoring. Morton also contributed a run-producing double.

Paul DelRossi fanned eight Yankees and homered over the right field wall with a mate aboard.

## MERCHANTS, 10-2

Scoring three times in both the first and fifth innings, the Winchester Merchants went on to defeat the Cambridge Pirates 10-2 in a Boston Inter-City League game, played at Manchester Field last Sunday.

Stowell Symmes pitched brilliant ball for the Merchants as he scattered six hits, passed only three men, and fanned twelve batters. Except for an error which allowed the only two Cambridge runs to score, Symmes would have had a shutout.

"Jocko" Serieka was the big gun in the Winchester attack as he banged out three hits, one of them a double, and scored four times.

Charlie Manoli was the only other Merchant player to get more than one hit as he slashed out two bingles, one of which was a bases loaded double.

This was an important ball game for the Merchants to win, as they must oust the Pirates for a playoff position in their uphill climb to the first division.

| Merenda | 3 | 8 |

Upsets continue in the Town Softball League as the Fitzgeralds snapped the Sons of Italy win streak at nine straight while the Merendas knocked off the V. F. W. Tony Cirurso pitched the Fitzgeralds to the upset win over the Sons of Italy, receiving strong fielding support from Sonny Crowley and Dick Giacalone with Bobby Flaherty and Peter Gilberto providing strong batting support. It was just one of those nights for the Sons when nothing went right for them and the breaks were falling to the Fitzgeralds.

Skitchy Fiore had fun on Tuesday night when he twirled the Merendas to an upset victory over the defending champions, the V. F. W. It was a bitter loss for the Vets who had won their two previous games and were starting their drive toward a playoff position. With the league season at the halfway mark, the Sons of Italy are definitely the leading contender for the league championship with a well balanced lineup that features both defensive and offensive strength. The other seven teams are pretty evenly matched with only four games separating the second place team from the eighth place team. A win streak by any of the teams would move them right into the contention and the second half of the schedule promises to be a sizzler as the teams battle for the four playoff positions.

THE PENALTY OF *Leadership*

*In every field of human endeavor, he that is first must perpetually live in the white light of publicity. Whether the leadership be vested in a man or in a manufactured product, emulation and envy are ever at work. In art, in literature, in music, in industry, the reward and the punishment are always the same. The reward is widespread recognition; the punishment, fierce denial and detraction. When a man's work becomes a standard for the whole world, it also becomes a target for the shafts of the envious few. If his work be merely mediocre, he will be left severely alone—if he achieve a masterpiece, it will set a million tongues a-wagging. Jealousy does not protrude its forked tongue at the artist who produces a commonplace painting. Whatsoever you write, or paint, or play, or sing, or build, no one will strive to surpass or to slander you, unless your work be stamped with the seal of genius. Long, long after a great work or a good work has been done, those who are disappointed or envious continue to cry out that it cannot be done. Spiteful little voices in the domain of art were raised against our own Whistler as a mountebank, long after the big world had acclaimed him its greatest artistic genius. Multitudes flocked to Bayreuth to worship at the musical shrine of Wagner, while the little group of those whom he had dethroned and displaced argued angrily that he was no musician at all. The little world continued to protest that Fulton could never build a steamboat, while the big world flocked to the river banks to see his boat steam by. The leader is assailed because he is a leader, and the effort to equal him is merely added proof of that leadership. Failing to equal or to excel, the follower seeks to depreciate and to destroy—but only confirms once more the superiority of that which he strives to supplant.*

*There is nothing new in this. It is as old as the world and as old as the human passions—envy, fear, greed, ambition, and the desire to surpass. And it all avails nothing. If the leader truly leads, he remains—the leader. Master-poet, master-painter, master-workman, each in his turn is assailed, and each holds his laurels through the ages. That which is good or great makes itself known, no matter how loud the clamor of denial. That which deserves to live—lives.*

The Park Board is deeply concerned with the great increase in the stealing of valuables at the town beaches, especially at Palmer street. Almost every day the police blotter shows a wallet, or bag, or clothing stolen while the owner is enjoying a swim. Every precaution has been taken by the Commissioners to combat the thievery, but in most instances the owners of the things stolen are to blame for their loss. Leaving money, watches, or other valuables in clothes or baskets on the beach while the owner is away from them is inviting theft, and the same is true of leaving valuables in unlocked automobiles. It would seem that anyone old enough to be swimming at a beach alone should know better than to leave valuables lying about where they can easily be picked up, but apparently there are many who do not. Don't take valuables to the beach at all, but if you must take your pocketbook, or watch, leave it with the house girls, who will put it in a reasonably safe place. To leave clothing, jewelry or money lying around at a public place like a beach is to ask for trouble.

### AN URGENT SPORTS APPEAL

Editor of the Star:

Winchester is a leader in many sports fields and certainly tennis is no exception. We are proud of the high interest our people take in the development of sound bodies, alert minds and good sportsmanship.

Now there is a need.

The New England Tennis Development Committee of which our own Blair Hawley of Winchester is chairman, has a small problem which Winchester can help solve.

When a clinic is held and you have sixty to eighty youngsters eager to learn the game but most of them without a racket to play with, a great handicap occurs. The committee endeavors to supply about a dozen rackets but its the old story of "supply failing to meet demand." Most of us have experienced such a dilemma and it isn't satisfactory.

Have you an old racket, still usable? Want to thrill some youngster with an inexpensive gift? Take that racket you don't use much and leave it at the Winchester Sports Shop at 41 Church street.

Perhaps it is a little thing for you to do and maybe it will take an extra ten minutes of your time but without doubt, it's a big investment as far as some youngster is concerned. As for me — I'm on my way to the Sports Shop.

Signed,
Rev. John Snook, Jr.
for the Development Com. of the New England Lawn Tennis Association.

### ATTENTION, PROSPECTIVE ENLISTEES!

Editor of the Star:

For the remainder of the summer I will not be in Winchester during the week ends. Will you please get in touch with me during the week either by day or night.

It will be to the advantage of young men who have just graduated from college to keep closely in touch with their Selective Service Board. Will these young men please not wait until the last minute to try and get into specific programs; there have been many changes in enlisting regulations and even if we have talked with you earlier in the year, it would be a good idea to check with the writer or the Medford Recruiting Station, 49 High street, Medford.

The many friends of Ed. "Dino" Donaldson will be glad to hear that the Air Force is sending him to the University of Colorado for special training. He has done very well. Congratulations also to all our other young men who have taken advantage of what the Armed Forces have to offer and who are getting along so well. It may be of interest to them to know that the writer has now had over 900 of their compatriots consult with her and that the welcome sign is still out to you all—but the week ends off are also welcome!

Cordially yours,
Mrs. K. B. Toye, Chairman
Military Manpower Committee

### DON'T TOUCH BLASTING CAP!

The United States Post Office Department and Bureau of Mines have joined forces in a nationwide safety campaign warning boys and girls, "Don't Touch a Blasting Cap."

Posters picturing four common types of blasting caps have been distributed for display in 41,000 United States post offices. The posters warn "Don't Touch Blasting Caps," and tell girls and boys "If you find a cap don't touch it. Tell a policeman about it."

Blasting caps are necessary in the nation's industry to detonate blasts for mining coal, quarrying stone, clearing farm lands for tillage, and for digging tunnels and foundations for buildings and factories. Summer is a peak construction time, and more blasting caps are used. Children roam afield and are more likely to come upon blasting caps that have been heedlessly discarded, lost or even stolen, then thrown away.

"Scores of children are hurt every year," a campaign spokesman said, "and every injury was needless. The pity of it is that many of the children were only bystanders when another child foolishly picked up a blasting cap.

"A blasting cap is a small metal cylinder and when it explodes, bits of metal fly in all directions. They can tear off a finger, a hand or a foot, blind a person for life, or even kill outright. Everyone who handles a blasting cap should know that if he doesn't carefully account for every one, it might be mislaid and maim a child.

"Only the boy or girl can make certain he or she keeps safe. The only way they can do that is by knowing a cap at sight; keeping ever in mind the damage it can do; and by never touching a cap."

Posters on display show children what caps look like. They are tubes of bright aluminum or copper, a little thinner than an ordinary pencil and from one to five and a half inches long. Some are open at one end, others have fuses inserted in that opening, and still others fired by electric current have insulated wires at one end. Find out what a blasting cap looks like and beware.

Cooperating in the nationwide distribution of posters and the safety movie, Blasting Caps," made available free by the Institute of Makers of Explosives, are:

The Department of Elementary School Principals, the National Association of Secondary School Principals, the National Sheriffs' Association, the International Association of Chiefs of Police, the International Asssociation of Fire Chiefs; the National Council of Y.M.C.A.s, the Boy Scouts of America, Future Farmers of America chapters, 4-H clubs, Camp Fire Girls, and, in a number of states, Agricultural County Agents, Congresses of Parents and Teachers, and Home Demonstration Agents.

### "SLOW DOWN AND LIVE"

"During the month of July, hundreds of motorists may be surprised to learn that they have been "tracked" with radar while committing violations of local or state highway speed limits."

This announcement was issued today by Registrar of Motor Vehicles Rudolph F. King, the Massachusetts Co-ordinator of the "Slow Down and Live" speed control campaign now being conducted in the eleven states of the Northeastern Region.

"The mobile research laboratory, recently made available for the scientific study of speed control and driver behavior by the Ford Motor Company, will operate radar checks on Massachusetts highways in July," said Mr. King.

The Registrar advises that other studies, including driver observance of signs, signals, and road markings will also be made in conjunction with the campaign to secure the cooperation of motorists to Slow Down and Live!

### WEST POINT EXAM

Congresswoman Edith Nourse Rogers has been informed by the U. S. Civil Service Commission that the competitive examination on Monday July 13th for the Military Academy at West Point will be held at room 208 in the Lowell Post Office Building instead of at the Lowell High School as in other years. Men who wish to take the examination should write to Congresswoman Rogers at Washington at once in order to secure permission.

### MURPHY WINNING HOME HEAD

Men from Winchester, Lexington, and Woburn were elected as officers and directors of the Winning Home at its annual meeting held recently at the Winning Farm Camp located just south of old Route 128 at the intersection of the Winchester, Lexington, and Woburn boundary line.

Charles A. Murphy of Winchester was elected President. Henry B. Shea of Lexington and Alfred D. Elliott of Winchester were elected as Vice-Presidents. These officers replaced retiring President, Arthur J. Moore of Woburn, and retiring Vice-President, Timothy F. Harrigan of Winchester.

Edward D. Duncan of Lexington, Treasurer of the Winchester Cooperative Bank, was elected Treasurer of Winning Home, to take the place of retiring Treasurer, Leslie J. Scott of Winchester. Kendall L. Johnson of Woburn was re-elected as Clerk of the corporation.

In addition to the foregoing officers who are directors ex-officio, the following additional directors were elected at the recent annual meeting: Mrs. Emily H. Marks, Franklin J. Lane, Philip H. Gallagher, Ralph H. Bonnell, Leslie J. Scott, Timothy F. Harrigan and Nicholas H. Fitzgerald all of Winchester. Other new directors included Arthur J. Moore and Mrs. Alice G. Moore both of Woburn, and Thomas J. Turley and John M. Kingman of Boston. Mr. Turley is chairman of the Massachusetts Youth Service Board. Mr. John M. Kingman is head of the South End House in Boston.

Newly elected members of the corporation included: Mrs. Thomas M. Righter, Jr., of Winchester, Mrs. Charles G. Davis of Lexington, John J. Black of Woburn, and John W. McLaughlin of Woburn.

The Winning Home property is the location of the Winning Home Farm Camp For Girls, where each year over 150 girls from the South End House in Boston are given the opportunity of a three week vacation in the country. This year, thanks to the untiring efforts and generosity of the members of the Winchester Rotary Club, a number of the girls are going to have an opportunity of spending their time at the camp in a newly erected cabin. Winchester Rotary Club members spark plugged by President, W. Allan Wilde and past Presidents, Alfred D. Elliott and Charles A. Murphy, took upon themselves the project of constructing this spring a spacious cabin and a large wading pool in order to make the summer camp life more enjoyable.

As Thomas J. Turley, Chairman of the Youth Service Board said at the meeting, "Instead of merely talking about curbing juvenile deliquency, the Winchester Rotary Club has taken affirmative action to help prevent jevenile deliquency before it occurs. The Winchester Rotarians are to be complimented for their splendid community service. Places like the Winning Home Farm Camp for Girls deserve all the support that the public can give them."

In accordance with the vote of the Winning Home Board of Directors, the following letter has been sent to the Winchester Rotary Club:

"As secretary of the Winning Home it has become my pleasant duty to write to you and thank you on behalf of the members and trustees of Winning Home and on behalf of unnamed hundreds of underprivileged girls from the South End of Boston. We want to express to you our heartfelt thanks for the cabin and swimming pool that you have erected at the Winning Home. We know that you did this without thought of thanks and without hope of reward. We hope that this letter of thanks will indicate to you how gratified we all are by the significant contribution you have made to the happiness of those who will use the Winning Home Farm in the years to come. I am sure that the greatest reward which can be yours will be the joy and happiness that your efforts are going to give to the underprivileged girls who will be coming out to the Winning Home Farm from Boston this summer and in the summers to come.

"Once again the Winchester Rotary Club has unselfishly showed itself to be a leader in matters of Community Service."

Sincerely yours,
Kendall L. Johnson,
Secretary of Winning Home

A meeting of the directors and members of the Winning Home was held at the Winning Home Farm on Thursday, June 25, 1953 at 4:30 p. m. for the purpose of reviewing the final details of getting the Camp in readiness for the 1953 summer season.

### TUFTS ARENA THEATRE

Playwriting courses offered at Tufts College are providing an unexpected revenue to the theater, not in cash but in kind. At least ten new plays slated for Broadway production have been offered to the Directors of the Tufts Arena for try-out performances. Two of them will be done this summer, one of them to begin the season.

Three Tufts-trained playwrights now have manuscripts in the Claire Leonard office in New York. Sidney Michaels, co-author of "Passing Fancy," opening at the Tufts Arena this Friday, will be represented again this summer at the Berkshire Playhouse in Stockbridge with his comedy "The Three-Toed Pony," starring Romney Brent. It was in connection with this pre-Broadway try-out that the Tufts College writing department was called to New York to assist in the "rewrite."

Since that visit, new plays in manuscript form have been arriving by mail to the College Theater in Medford. Another play chosen from the group for presentation this summer will undoubtedly be a milestone for New England, certainly for the Tufts College Theater. Rodolfo Usigli, the author, is virtually unknown in the United States but he is the leading playwright in his native Mexico. After reading three of his plays, the director of the Tufts Theater, Marston Balch, wrote: "I suggest that no Broadway producer can complain of the lack of good scripts after he has read this play." And George Bernard Shaw said in a letter to Usigli in '45; "I have really nothing to say. If you ever need an Irish certificate of vocation as a dramatic poet I will sign it . . . Mexico can starve you but it cannot deny your genius."

"Christianity as Jesus taught it was not a creed, nor a system of ceremonies, nor a special gift from a ritualistic Jehovah; but it was the demonstration of divine Love casting out error and healing the sick, not merely in the name of Christ, or Truth, "but in demonstration of Truth," as must be the case in the cycles of divine light" (135:26).

## DODGERS BEAT SOX FOR FIRST-HALF TITLE

The Dodgers beat the Red Sox, 14-7, in one of the games of a Little League double-header last Sunday afternoon, outhitting the losers, 13-5, clinching the first-half championship. "Doug" Thomson fanned 14 of the losers and had a perfect day at bat. Peckham homered for the Sox.

## PLAYGROUND NOTES

The Winchester playgrounds got away to an auspicious beginning this past week with the weatherman cooperating in excellent style with some of the finest days of the summer. Attendance was high at all the fields with the Loring Avenue Playground and the West Side Field showing larger numbers than a year ago. All the programs are in full sway and the youngsters are assured that some phase of the varied programs offered will reward them for a visit to the playground nearest their home.

Tryouts for the various teams are being held on all fields and the youngsters are encouraged to get down to the fields as soon as possible to sign up for the activities in which they are interested. Each playground will operate three baseball teams, divided into classes according to grades in school, with a team for elementary schoolboys, another for seventh and eighth graders, and a senior team for high school boys. In addition, a junior boys' softball team is organized for elementary schoolboys who are not old enough or perhaps quite good enough to make the elementary school baseball team. The girls on each field are organized into softball and kick-ball teams to compete in the intra-playground league.

The arts and crafts program is in full swing for those not interested in competitive sports or who like to take part in this program in addition to their athletic endeavors. The special project for this week is the making of gimp bracelets and lanyards, and each week during the summer program a different arts and crafts project will be featured. In addition, the croquet and badminton sets are in constant use, as are the basketball backboards, the sand boxes, the swings, and the various children's games. The first Beach Day at Crane's Beach is planned for the middle of July and should prove as popular as it has in past years when over a hundred children took advantage of this outing.

Miss Anita Watson of the Winchester National Bank staff is on vacation.

The Board of Appeal in accordance with Section 147 of the Building Laws, will give a hearing Tuesday, July 7, 1953, at eight o'clock in the evening, in the office of the Building Commissioner, 9 Mt. Vernon Street.

Mr. Robert T. Holland requests permission to erect a two-car garage of third-class construction, on the premises numbered 19 Highland Avenue, locating the same less than fifteen (15) feet from a dwelling house.

## PARENT-FACULTY COMMITTEE PLANS

Eager to make the year 1953-54 the best so far in the brief existence of the Winchester High School Parent-Faculty Association, President Max McCreery met with the members of last year's and next year's boards last Tuesday evening in the Art Gallery of the Public Library.

In an effort to avoid conflicts, tentative dates for the usual events on next year's calendar were agreed upon. Valuable assistance and advice were furnished by the retiring president, Mrs. Warren Shoemaker, and her committee chairmen.

While continuing their interest in the major objectives of the organization, the new president and his staff pledged themselves to seek active participation by a majority of the members. Since all parents of Winchester High School students are automatically members of the association, no membership drive is necessary. However, with the plans for newer and larger secondary school facilities going ahead, the field for service to the students and their school becomes larger also.

Reported elsewhere in the Star, the teachers' luncheon, prepared and served by mothers of the Class of 1953, was an activity of the Parent-Faculty Association that was a delightful occasion for the teachers' final meeting and an apparently happy occasion for the mothers who served a bountiful, delicious luncheon.

## MONDAY GROUP

The Monday Group of the Crawford Memorial Methodist Church were guests of Mrs. Harris G. LeRoy last Thursday at Frost Farm, Hollis, N. H. Luncheon was served on the lawn and a very enjoyable time was had by every one.

Mrs. LeRoy was formerly a long time resident of Winchester and active in the Crawford Church during her residence here and subsequent residence in Stoneham.

Mrs. John Coulson is spending the summer at Bass River.

## OFF FOR CAMP!

More than 300 children of all ages, all faiths and all nationalities, will leave for Morgan Memorial's big Fresh Air Camp at South Athol on Wednesday, July 1st, as the Goodwill Camp begins its 47th year.

Coming from many social agencies throughout the city and from Morgan Memorial's own Youth and Children's Centers, the youngsters under 12 years will be leaving the hot, crowded tenement districts for eight full weeks in the country because of their great need.

A police escort for nearly a score of busses and trucks will be provided for the 80-mile journey up the Mohawk Trail to South Athol, one of the highest spots in Massachusetts where the 760 acre camp, one of the oldest in America, is situated on the shores of the spring-fed North Spectacle Pond.

Only those who are ill or undernourished or in special need are accepted, and their ages range from three years to more than 80 years. Fifteen separate camps are included for various age groups. Experienced dieticians will provide well-balanced meals; and a character-building program is combined with expert instruction in many crafts and sports.

Last year the youngsters added a total of 30 feet to their height, and more than 1,200 lbs. to their weight during the summer.

## GRADUATED FROM LOOMIS

Twenty-three tables of ladies turned out for the Ladies' Bridge Wednesday. Mrs. Robert Armstrong, Jr., and Mrs. John Sexton as co-chairmen headed up a committee which included Mrs. Donald Lewis, Mrs. Theodore Burleigh, Jr., Mrs. Arthur Schmidt, Mrs. Sidney Burr, and Mrs. William Gustin. Delicious cakes and coffee were served.

The Junior Dances will soon be underway. Tom Legere, Cliff Austin, Darla Hall, Bill Mock, and Judy Fowler are the members of the planning committee.

Pontiac

When you first sit behind the wheel of a new Pontiac forget its very low cost and concentrate instead on its performance.

*Guide it through city traffic* and see how its big, high-compression engine gives you amazing get-up-and-go. Then take it out on the open road and feel how it provides power to spare.

*Next, see how relaxed you are* in Pontiac's roomy, luxurious interior, how easily Pontiac handles, how sure-footed it is on any type of road. Add to all this Pontiac's distinctive Dual-Streak beauty and you know you're commanding a car that represents true fine car quality through and through.

We suggest you come in and put Pontiac through its paces. We're sure you'll agree that here's mighty powerful proof that dollar for dollar you can't beat a Pontiac.

## SCOUTS LEAVE JULY 5th

The local delegation of Scouts who will represent Fellsland Council at the International Jamboree to be held at Santa Ana, California, this summer will leave here on Sunday, July 5th, and will travel to Camp Carpenter located in Manchester, New Hampshire, where they will get specialized training for their great adventure. The Winchester Scouts who are going across country for this International Jamboree are: Anthony Doyle, Troop No. 12; Harold Ekstrom, Troop No. 7; Robert Kugler, Troop No. 6; and Philip Dresser, Post No. 7.

After their preliminary training at Camp Carpenter, the boys will board special buses on Tuesday, July 7th and travel to Worcester, where they will board what is known as the "Lobster Special" train at one o'clock in the afternoon and travel south to New York City, thence to Chicago. Following a sight-seeing tour, they will travel in Pullman trains over a route which will permit visiting one of the Blackfoot Indian Reservations, Glacier National Park, Grand Coolie Dam, Spokane Washington and down the West Coast of the United States to Los Angeles and Santa Ana, Cal. This will take 6 days of train travel and, after breaking out their Camp gear they will have special sight-seeing trips from Santa Ana before the Jamboree itself will officially open.

The Jamboree site is located on the Irvine Ranch which is a combination of three Spanish grants covering an area 9 miles wide and 27 miles long. The Encampment itself will later become a home development area and a new city will spring up where these 50,000 Scouts from all other the United States and foreign countries will be encamped for a period of two weeks. Some idea of the size of the camp may be gathered from the fact that over 11 miles of sewers and 17 miles of water pipe have been laid there. The Camporee will run officially for 7 days and unofficially for an additional 6 days including 3 days before and 3 days after the official Camporee. Many National and Hollywood figures will participate in some of the larger gatherings. On separate nights the entire group of 50,000 will be gathered to-gether in the enormous amphitheatre. The stage for this amphitheatre is as large as two regulation-size foot-ball fields, and over 8,000 people can be on that stage at one time.

When our local boys return they will have a fine understanding of the size and wealth of our own U. S. A., and a better understanding of International relationships through their meetings with Scouts from practically every country in the world.

Swapping will be a big item at the International Jamboree, and undoubtedly these boys of ours will return with articles from almost every part of the world.

The boys will entrain for travel home on the 24th of July, coming through Salt Lake City with a stop-over for a real Western Rodeo, a return visit to Chicago and arrive home on the 28th of July.

It is the hope of the Directors of Fellsland Council that an adequate supply of colored slides will be taken on the trip, so that friends of Scouting within the Council Area will have the pleasure of seeing the pictures and hearing our Scouts give an account of their travel to this, the third International Jamboree ever to be held in the United States.

## DEN 6 OUTING

On June 19, the Cubs of Den 6, Pack 9, had a cook-out to end Cub activities for the season. Den Dad, Mr. Charles Carr, and Mrs. Carleton Clogston provided transportation to a delightful picnic spot at the lower end of South Border road. There, at noontime, Buddie Carr, Barry Berman, Thomas Clogston, Carey Price, Joey Russo, Gary Carr, Bill Saunders, accompanied by their Den Mothers, Mrs. Charles Carr and Mrs. Warren Saunders cooked hot dogs, and roasted marshmallows over a beautiful stone fireplace. After lunch the boys hiked to a lookout tower a short distance from the picinic grounds.

Everyone agreed that it was an ideal spot, and suggest that other Cubs avail themselves of its privileges — but take some water, because even milk and coke cannot take its place.

The case of Reade Goodwin of Winchester, who sought damages of $100,000 for back injuries suffered in a tobogganing accident at Waterville Inn in New Hampshire on the night of February 1, 1952, was dismissed by a superior court jury in Pylmouth, N. H., June 18. Reade was 15 when the accident took place. The proprietors of the inn maintained they had denied Reade permission to go tobogganing at the time and that the area where the accident occurred was off the regular ski slope.

## FELLSLAND OPENS JUNE 28

Camp Fellsland, the camp where the local Scouts go for their official camping for the summer, will open its 29th season on Sunday, June 28th.

Many of our local boys have already signed up for periods of from one to six weeks at the camp, which is located at Coombs Corner, Amesbury, Mass. Although it is officially listed in Massachusetts, part of the camp is in Massachusetts and the other part in South Hampton, New Hampshire. Camp Fellsland is a very beautiful spot and it has probably the best equipment of any Scout camp in this area. The camp itself is in a very fine pine grove with outcroppings of elm, maple and oak, and is located on what would normally be a peninsula jutting out into Tewksbury Pond and the Pow-Wow River, with the water surrounding the camp on three sides. Facilities will house 125 campers and the camp staff of 26 members. Camp Fellsland will be in operation for six weeks, closing Sunday, August 9th. The camp is most fortunate in its leadership. Mr. E. W. Nelson, the camp director, is the local Scout executive and has been the camp director for 19 successive seasons, while Mr. F. X. MacFeeley, local field executive, have been assistant camp and program director for the past 10 years. Mrs. MacFeeley, of Winchester, will be there for the seventh year. In addition, the camp is fortunate in having Nick Zofagras returning as cook and Mr. Stafford Rogers, formerly of Winchester, in charge of all Pioneer work in camp. The rest of the staff consists of 20 young men who serve as waterfront directors, rifle-range instructors, archery instructors, scouting instructors, craft directors, canoe and row-boat instructors.

The second week of camp, which begins July 5th, is filled to capacity and no additional boys can be taken for the one week. All other weeks are available. If there are any questions regarding camp, please call the Scout Office, South Border road, WInchester 6-2030.

One highlight of the first week of camp will be the monster bonfire that has become the traditional part of the first week in camp. With the aid of the Amesbury Fire Department the camp is granted the privilege of having a mass bonfire on the night of July 4th. This, of course, is in addition to the regular program which includes the competitive events with Camp Pow-Wow, which is located across the pond from Camp Fellsland.

Camp Fellsland is open for inspection by any resident or citizen of the Fellsland Council area, which comprises Medford, Winchester, Stoneham, Woburn and Burlington. Visiting days are Saturdays and Sundays and everyone is cordially invited to come to camp and look it over, whether he has children there or not.

The En Ka Society of Winchester has presented another canoe to be added to the very fine fleet previously given by them. This will be christened at one of the later dates in the year, when representatives from the local En Ka Society are present for the dedication ceremony.

This past week end a group from the Woburn Lions Club were at Camp, where they furnished and erected a set of brand-new metal basketball backboards on the new basketball court that has just been built.

## PAST NOBLE GRANDS SERVICE CLUB

The Past Noble Grands Service Club of Victoria Rebekah Lodge met on Thursday evening, June 18th at the home of Mrs. Elmer Ripley, Wedge Pond road.

The Hostess served a very nice "cookout supper" which was enjoyed by all present.

The Mystery Prize was won by Maude Wolloff. Plans were discussed for an outing this summer and tentative plans made to go to the Cathedral in the Pines, Rindge, New Hampshire, on August 15th.

## BAY STATE HISTORICAL LEAGUE

WINCHESTER HISTORICAL SOCIETY

On Saturday, June 20, the Bay State Historical League held a splendid meeting in Waltham at Lyman House, or "The Vale", as country-seat of the Lymans has been known since 1793, when it was designed and built by Samuel McIntire of Salem, who did much of the carving of mantels and other woodwork. Most of the furniture and pictures were loan collections, but the famous oval drawing-room (or bow parlor) is still furnished as it was in early days. It looks over the "pleasure garden" and extensive greenhouses. The earliest was built in 1800 and has wood-burning fireplaces with many flues for heat. One built in 1804 was full of ripening muscat and Hamburg grapes. A high brick wall connects the greenhouse with the garden houses, with peach trees trained against the wall heated with pipes. A pond and a former deer park are on the west side of the house.

After the death of Mrs. Lyman about two years ago the heirs (one being Commissioner Arthur T. Lyman of the Conservation Department) deeded this 30-acre estate to the Society for the Preservation of New England Antiquities, with headquarters at the Harrison Gray Otis House, Boston.

President Stacy Southworth presided at the business meeting held on the spacious lawn under a huge purple beech with an 85-ft. spread. He then introduced the speaker Mr. Burtram K. Little, Director of the host society, who spoke on "Thinking of Historical Societies."

He gave a brief history of Lyman House. Then he said that Historical Societies should be adaptable and educational, and could attract young people by asking them to photograph interesting town events and places, and by having exhibits of hobbies, collections, etc.

Girl Scouts from neighboring "Cedar Hill" served very popular ice-cold punch and cookies at the close of the meeting.

Gore House, a mile or two from The Vale, was also built by McIntire about the same time, but it is of brick, and has had many different owners since the days of the Gores. It is now owned by the Preservation of Antiquities, and has been beautifully furnished in early 1800's period. That also has an oval room.

The Abraham Browne House, just across the Watertown line, is a very different style and was built in 1698, and has casement windows with tiny diamond-shaped panes in the oldest part, one small one near the front door for seeing if Indians were coming.

All these houses are well-worth a visit, and the following members of the Winchester Historical Society attending were: President Miss Clara Russell, Vice-President Mr. Frank Crawford, the Misses Laura Tolman, Persis Richardson, Susie Gustin, Eleanor and Louise Bancroft, and Mrs. P. J. Glendon.

## LITTLE LEAGUE

The Kiwanis-sponsored Dodgers won the first-half championship of the Winchester Little League by a one-game margin over the Rotary-sponsored Yanks. Congratulations are in order for the versatile Arthur Johns, manager of the Dodgers, and his capable assistant, Gordon Peckham, for the excellent job they have done with these youngsters. Copping the first-half title was a fitting reward for the many hours of training and instruction that Johns and Peckham have devoted to the development of the Dodgers.

Based upon their improvement during the first half of the schedule, the Yanks will be the favorites to win the second half and thus earn the right to meet the Dodgers in a hot three-out-of-five series for the League championship. The Yanks started slowly this season but Ted and Phil O'Rourke have done a fine job of managing these youngsters, who have developed into a well-balanced outfit. The second-half race started this week and the competition between the Yanks, Braves and Red Sox for the second-half title should be exciting.

The weatherman may well be the determining factor in the second-half competition, as postponements have resulted in games being played on Monday through Friday evenings each week. This means that each week two of the teams must play three games and Little League pitching rules are so strict that the managers will be forced to use third and fourth-string hurlers, causing numerous upsets. It will be interesting to watch the managers juggle their pitching staffs under such conditions. The fans should see some highly-spirited baseball in the next three weeks, and the seating capacity at Ginn Field should be taxed to capacity as this second-half race develops.

## ST. MARY'S GIRLS, 4-0

St. Mary's Girls' Softball Team blossomed out with another June victory last Wednesday evening at Shore road field where they shut out the powerful Immaculate Conception outfit of Winchester 4-0. Peggy O'Leary was masterful on the mound as she served up her super special "Bowlo" ball during the battle and held the opponents to 4 lonely hits.

Booming base hits bounced off the bats of "the rookie of the year", Mary Dowling, Betty Bellino star third baseman, Peg O'Leary and Mary McNally who has developed into a keen catcher behind the plate.

The highlight of the game was an unassisted double play by versatile Sheila Gallivan who covers the initial sack.

On Friday evening St. Joseph's of Belmont tied the locals 5-5 in which Bombarding Betty Bellino smashed a long three-bagger and a single. Ann Nowell and Mary McNally also got two hits each. Pitcher Peg O'Leary made 10 of the St. Joe's team walk down strikeout lane.

St. Mary's plays St. Francis of Medford at Shore road Friday, June 26 at 6:30.

## WINCHESTER HOSPITAL NOTES

At a recent meeting of the Board of Directors of the Winchester Hospital a forty-hour week was approved for the Nursing, Housekeeping, Dietary and Office personnel. This policy is to go into effect during the month of September. This change is in keeping with the Hospital's policy of providing working conditions for its employees which are competitive with those of industry.

The Hospital also announced that as of this week the new Central Sterile Supply Department was put into operation. This Department will prepare, sterilize and distribute all the sterile supplies used throughout the Hospital. The centralizing of this service should result not only in greater efficiency, but in economies in the hospital operation. Mrs. Olive Davis, R. N. of Stoneham, is in charge of this department. She formerly worked in the Sterile Supply Department of the Cambridge City Hospital.

The Hospital's preparedness in handling civilian defense casualties was augmented by the receipt of one hundred litters from the Department of Civil Defense. These litters, which can serve as emergency beds, will be held in reserve to be used in case of any catastrophe.

Sunday morning at 1 o'clock complaints came in to Headquarters of a noisy party at Leonard Field Beach. Officers John Boyle and Irving Reardon went to the beach and cut short a swim being enjoyed by six young men from Malden.

During the storm Monday afternoon at 5:30 the high wind blew in the glass in the door of Loralane's at 529 Main street.

The police received a call from a resident of Robinson circle Monday evening, it being reported that a section of screen about a yard square had been cut in a porch at the rear of the dwelling. Officer Thomas Parsons, who investigated, found that the damage had apparently been done by an animal, probably by a big dog, the screen having been pushed in and partially chewed. Long hair like that from a dog was about the damaged screening.

Monday afternoon a Cadillac sedan, owned by John E. Rines of 54 Everett avenue and being driven on Mt. ## CHASE CARD FOR T.V. ANNIVERSARY

Mr. Ernest Dudley Chase of Lakeview terrace, vice-president of Rustcraft Publishers of Boston, personally did a huge 5x6 ft. greeting card for Don McNeill, originator of the famous radio breakfast shows, on his recent 20th anniversary TV program. Fred Rust of Rustcraft personally flew to Chicago with the card which was painted by Rustcraft artists in Boston.

Ted Ashby in his column, "Sitting in on TV", commented on what he called the "brush-off" the popular Mr. McNeill gave the huge card from Rustcraft, saying that by comparison with the time allotted its appearance on the TV screen at the anniversary party with Marciano-Wolcott fight was one of the longest of the decade.

Any one who has seen one of these big cards produced by Mr. Chase will agree with Brother Ashby that it was probably as fine a thing as there was on the anniversary TV program.

## LIGHTNING STRUCK DWELLINGS

Three houses were struck by lightning during the two electrical storms on Monday.

Most damaged of the three was that formerly occupied by Mr. Albert W. Howe of 42 Wedgemere avenue. The Central Station was first notified of trouble there at 6:07 p. m. by former Selectman James C. McCormick, whose home at 42 Wedgemere avenue, is next door to the Howe dwelling.

Box 59 was put on from the Station and apparatus from both Winchester and Arlington responded to the alarm. The firefighters found lightning had apparently struck at the rear of the house, entering an unfinished attic and setting fire in some furnishings there.

The house is at present unoccupied and as a consequence the fire got a good start before it was discovered. It was going well when the apparatus arrived, having eaten up into an air space between the unfinished attic and the roof and finally out at the ridgepole at the rear of the dwelling.

In the open space the fire started to mushroom in three directions, and five lines of hose were brought to bear on the burning area before the blaze was under control.

The room entered by the lightning was pretty well gutted out, but the firefighters confined the blaze to that area, though the loss is estimated at from $8,000 to $10,000.

Though there was necessarily water damage, the firefighters covered everything possible with tarpaulins to hold this damage to a minimum. The hole in the roof was also covered with tar-paper.

The lightning, after entering the attic went down into a bedroom, blackening an electric light fixture and wall-switch there, before zooming down to the cellar were it reduced the meter-box and fuseboard of the dwelling to a mass of molten debris.

**Hakanson House**

Before the trouble at the Howe house lightning struck the residence of Mr. Gustave O. Hakanson, well known painting contractor, at 44 Lincoln street. Here the lightning entered the house through a bath-room vent-pipe, proceeding down through the dwelling into the cellar by way of a sink on the first floor of the house.

There was no fire in this instance, but tiling was splintered and more serious consequences could have resulted had Mrs. Hakanson not left the room containing the sink only shortly before the lightning struck.

**Lockeland Road**

The third house hit in town was struck during the morning electrical storm which was much less violent than that in the late afternoon.

During this storm Box 143 was sounded at 9:35 when a house in process of construction on Lockeland road next the site of the proposed West Side Fire Station was struck on the roof along the ridgepole.

The fire in this instance was slight, being confined to a very small area along the ridgepole of the house.

In addition to the assistance rendered by Arlington at the Howe fire, Woburn sent an engine and crew of men to the Central Station to cover in after the local units had been called to the Hakanson home.

## SENIOR CLASS MOTHERS ENTERTAIN H. S FACULTY

The high school faculty and their wives were the guests of the mothers of the senior class at the final luncheon last Thursday in the high school gymnasium. Attractive table decorations, handsome corsages and boutonnieres, and delicious food combined to make the luncheon a happy occasion for everyone concerned.

In his remarks at the close of the meal, Principal Wade L. Grindle warmly praised the mothers and other members of the high school Parent Faculty Association for their help during the past years. He especially noted the members of the luncheon committee which included: Mrs. C. W. McNeill, chairman, and Mesdames H. K. Archibald, F. M. Blanchard, James H. Coon, F. N. Carleton, Michael Colucci, Michael Donlon, Theodore Elliott, Frederick Flaherty, Otis Hammett, Herbert Ross, J. Warren Shoemaker, and Martin Wheaton.

Mr. Grindle recalled that, during its comparatively short existence, the Parent Faculty Association has made many real contributions to the school and faculty. One of its latest gifts is a Reading Accelerator, to be used in the English classes as an aid in increasing pupils' reading rates.

A feature of every final luncheon is Mr. Grindle's review of the year's highlights at the high school.

During his remarks Mr. Grindle was forced to pause while Mrs. Shoemaker presented him with a gift from the mothers commemorating the more than 25 years of his service to the school.

The departure of several teachers from the school was recognized by Mr. Grindle. They included Mrs. Anita Dodson, Miss Clara Baldwin, Miss Margaret Fosberry, and Miss Helen Carroll. Miss Carroll, who was married on June 20, was presented with a gift of silver for her home.

In his introduction of Dr. Norris, Mr. Grindle noted that the former's resignation is a distinct loss to the school and community. Dr. Norris' wonderful sense of humor and his fine spirit of cooperativeness will be missed by everyone, especially the school staff members.

Dr. Norris' last talk as superintendent to a group of Winchester teachers contained many pungent comments on education. The gist of some of them:

The biggest thing in education is the personal relationship.

Teachers are making a report to the homes every day they teach.

The best way to meet the critics of education, whether they are sincere or not, is to keep on doing a better job in the classroom.

Too many people have the notion that anybody can teach school.

The attitude of "let's wait" in a community is often one of the most dangerous it can have.

He who becomes satisfied with his job and thinks it is time to sit down and coast has become unfit for his job.

If the boys and girls of this country have a chance to study Communism as it is, we need not be afraid of the results.

Following Dr. Norris' speech, Mr. Grindle made his traditional request for information concerning the summer plans of individual teachers. Replies, in jocular and serious vein, indicated a wide assortment of plans, with work, travel, and study predominating.

## ST. MARY'S TIE

St. Mary's of Winchester and Assumption of Lynnfield battled once again to a 6-6 tie last Wednesday evening at Loring avenue field in Winchester.

St. Mary's was trailing 4-0 going into their half of the second inning but walks to Allen and Zirkel, Art Sullivan's single, two Assumption errors and a McManus single were good for three runs.

Art Sullivan's bases-loaded single put St. Mary's ahead in the third 5-4.

Assumption tied up the game in the fourth at 5-5, but St. Mary's went ahead in their third half on singles by McManus and Russo, Roberts' walk and Charlie Allen's single to left.

Assumption tied the game up in the fifth to make the final score 6-6.

## GIRL SCOUT NEWS

Camp Joy is now open! And very much so, indeed! Ninety girls have signed up and are enjoying swimming for all every day, sports, camp craft, singing, and classes in nature study, decorating tins, and ceramics. There are five units, including, 1, Elfs; 2, Indians; 3, Pirates; 4, Pioneers; and 5, Wild Horses!

Leaders and consultants for this very active group are:

Mrs. Samuel Griffin
Mrs. Thomas Corkery
Mrs. Arvid Monson
Mrs. F. W. Dryer
Mrs. Arthur Hewis
Mrs. A. Lambiase
Mrs. S. K. Tully
Mrs. Austin Nanry
Miss Myra Luce

Troop 14 of St. Mary's Girl Scouts enjoyed a delightful buffet given by one of the members, Ruth Delay. Badges were distributed (77 in all), and the average to each girl was 5 badges. Our troop leader, Mrs. Grimes, presented a silver dollar to Louella Caruse, the Scout winning the prize essay contest of 25 words, "Why I like being a Girl Scout." The winning essay reads, "I enjoy being a Girl Scout because it teaches me to help other people especially in time of need, and also to become a good citizen." Judges were Miss Isabelle Porter of the Somerville teaching staff, and Miss Jean Ford of the Newton Teaching Staff. One other interesting note is the fact that each girl has a pen pal from the Philippines with whom she is corresponding, and they have sent out 3 bundles of toys and clothes to be distrubuted amongst the families in the Philippines.

The leader of Troop 14 is Mrs. Grimes; the assistant leaders are Mrs. Caruse and Miss Pettinger.

We note 25 girls have been studying under the leadership of Instructor Mrs. E. Prescott Randlett to obtain their first aid badges and the junior first aid certificates. We wish them success in completing their courses.
